

## Big Shot 2531

### Chapter 2531: Do You Think Everyone Is Qualified?

She never thought that Tang Ya would stop caring about her one day.

"That has nothing to do with me." Tang Ya's tone turned cold. "The Shen Corporation is the Shen family's company, what has it got to do with me? I have no obligation to manage it for you, much less clean up your mess.

"It doesn't matter if you listen to me in the future. I just don't feel like playing anymore."

"You don't want to play anymore?" Shen Rou was stunned. "You mean you were just playing when you helped the Shen Corporation?"

"Of course." Tang Ya's tone was light. "I thought you were useful, so I treated it as a game. If you were smart enough, we might have been able to play this game from the beginning to the end. But I didn't expect that Young Lady Shen, who has always been known for her intelligence, to be only so-so.

"We can already see the end of this game, so there's no need to waste time.

"I won't bother about the Shen Corporation anymore, and you don't have to call me anymore."

Tang Ya was about to hang up.

"Wait! Tang Ya, what do you mean!" Shen Rou heard her determination.

She knew Tang Ya well.

Hence, he knew that once she said something, there would be no turning back.

Hence, Tang Ya wouldn't help her anymore.

After realizing this, Shen Rou naturally didn't treat Tang Ya as politely and carefully as before.

She was furious.

She asked angrily, "You mean that everything you've done from the start is just a game? Then, what am I, the object of your amusement?"

"So what?" Tang Ya was getting impatient. "If it wasn't for me, your Shen Corporation would have been finished long ago. Shen Rou, you should be glad that you can play this game with me. Do you think everyone has the right?"

"You!" Shen Rou was furious. "Who exactly are you? What's your motive? Don't think I don't know that you helped the Shen Corporation to attack the Mo Corporation. The few collaborations you asked me to discuss were all done by the Mo Corporation previously. Your goal is to create trouble for the Mo Corporation, right? Do you have a feud with the Mo family, or do you have a feud with Mo Yesi? Or are you actually jealous of Qiao Mianmian and hate Mo Yesi because of love, so you used me to deal with the Mo Corporation?"

Shen Rou was a romantic.

She'd done so many irrational things for Mo Yesi.

She felt that others were like her.

Tang Ya was so angry that she laughed. "Shen Rou, you're dying for a man. Do you think I'll be like you? But, although you're pretty stupid, you guessed one thing right. Yes, I did want to use you to create trouble for the Mo Corporation, but who knew that you'd be so disappointing.

"Since you're a useless chess piece, do you think I need to keep you? If I'd known you were so stupid, I wouldn't have wasted so much time on you."

"Y-You..." Shen Rou's eyes were about to spit fire. "Aren't you afraid that I'll tell Mo Yesi about this? Tang Ya, we're on the same boat. If I'm not doing well, you can forget about doing well."

"Up to you." Shen Rou thought that she had gotten hold of Tang Ya's weakness, but she didn't expect her to not care at all. "Just say it if you want to. This alone can't threaten me. Also, do you think everyone else is as stupid as you?"

"Y-You think I don't dare to say it?" Shen Rou didn't expect Tang Ya to not care at all.

#### **Chapter 2532: How Can She Be So Arrogant?**

She thought that Tang Ya would be worried after what she said.

"Shen Rou, is that why you're not convinced when I say you're stupid?" Tang Ya laughed, but her laughter was full of disdain. "Do you think you need to say anything about this? Do you think others are as stupid as you? Ha, Mo Yesi already knows that I was the one who helped your Shen family behind the scenes. You're really stupid to threaten me with this."

Shen Rou was stunned.

Mo Yesi already knew?

If Mo Yesi really knew about it, her only weakness would be useless.

She couldn't do anything to Tang Ya.

Shen Rou panicked.

She thought she could still control Tang Ya, but she didn't expect her to be so fearless.

"On account that we're partners, I might as well tell you that the few businesses this time were ruined because of you. You touched Qiao Mianmian and angered Mo Yesi, so he got someone to intercept your deals.

"If you weren't stupid, this wouldn't have happened.

"Previously, the Shen Corporation stole a few businesses from the Mo Corporation, but they didn't do anything. Do you think Mo Yesi is so easy to deal with? It's not that he can't do anything to the Shen Corporation, but he feels that there's no need for him to do anything about the business you stole.

"Perhaps he still cares about the friendship between the Shen and Mo families.

“Otherwise, given the Shen Corporation’s current situation, it’s a piece of cake for him to deal with you. I’ve said it before, we have to take it slow and not be too anxious. But you’ve already messed up. You’ve touched the person you shouldn’t have touched. Mo Yesi is about to start dealing with the Shen Corporation, and I can’t do anything about it now.”

That “you touched the person you shouldn’t have touched” angered Shen Rou. She couldn’t suppress the jealousy in her heart and gritted her teeth. “Why can’t I touch Qiao Mianmian? It’s just a woman. Does he want to kill our Shen Corporation just for her?

“Moreover, didn’t you say that you could deal with the Mo Corporation? Why are you saying that now? Tang Ya, at the end of the day, you’re just afraid of Mo Yesi. If you told me earlier that you were afraid of him, I wouldn’t have listened to your arrangements like a fool. Now that the Shen Corporation is in trouble, you have an unavoidable responsibility. If you leave the Shen Corporation like this, I won’t let you off!”

Shen Rou had no choice but to threaten Tang Ya.

She gritted her teeth and said, “No matter how powerful you are, Yuncheng City isn’t your territory. I’m inferior to you, but I have a way to make you unable to leave Yuncheng City and make your life here difficult!”

Now, Shen Rou didn’t care about the conflict.

She knew that if Tang Ya didn’t care about the Shen Corporation, it would really be over.

“Really?” Her threat angered Tang Ya.

Her casual tone turned cold when she spoke again. “You can try. I’ll wait.”

Tang Ya hung up.

“Damn it, Tang Ya, you...”

Shen Rou’s expression darkened.

This damn Tang Ya.

How could she be so arrogant?

### **Chapter 2533: Let Her Off**

Did she really think that Shen Rou couldn’t do anything to her?

This was Yuncheng City!

Was she really not afraid of the Shen family’s power?

She hadn’t thought of going too far.

After all, although she still didn’t know Tang Ya’s identity, she knew that it wasn’t simple.

Hence, Shen Rou wasn’t willing to offend her.

But now...

Tang Ya was forcing her to go overboard.

Since she was so decisive, then she couldn't blame her for being unreasonable!

Shen Rou thought for a while and made a call.

...

Qiao Mianmian posted evidence against Shen Rou.

Shen Rou's reputation plummeted, and the entire Shen Corporation was affected as well. The stock prices started to fluctuate.

Everyone thought that Shen Rou would never have the chance to turn things around.

But unexpectedly.

An hour later.

Shen Rou replied.

On Weibo, she actually said that everything was done by her sister, Shen Xin, without her knowledge.

She had just found out that her sister felt aggrieved and felt bad for her. Hence, she hired a group of netizens to defame Qiao Mianmian on Weibo. Shen Xin had also secretly registered that account with her cell phone.

Shen Rou not only posted on Weibo but also posted a video.

In the video, she wasn't wearing any makeup. She looked haggard, with red and swollen eyes.

She had cried for a long time.

Shen Rou looked a little domineering.

But without makeup and with red eyes, she looked a little weak and pitiful. It made people feel pity for her.

People who were too strong were not easy to gain sympathy.

People tended to sympathize with the weak.

Especially a woman like Shen Rou who came from a good family and had always been high and mighty. When she showed weakness, it was easier to arouse people's protective feelings.

In the video, Shen Rou cried pitifully. "I didn't know that Xiao Xin would do these things for me. She was wrong, but she made these mistakes because of me. I beg everyone to give her a chance to change.

"She's still young, that's why she made a mistake in a moment of folly. She loves me too much, that's why she wants to stand up for me. So, I have an undeniable responsibility. If everyone wants to find someone to stand up for them, then look for me.

"Xiao Xin is still young. She can't handle online violence. I beg everyone not to hurt her. I'm her sister. Everyone says that the eldest sister is like a mother. Let me bear everything for her.

"I'm sorry, I'm really sorry. I apologize on Xiao Xin's behalf."

In the video, Shen Rou apologized and cried.

She looked so weak and pitiful.

Many people took pity on her, especially the male netizens.

Soon, someone spoke up for her in the comment section.

"I think we should let her off. Shen Rou wasn't the one who did this. I think she's sincere enough. She didn't know about what her sister did behind her back. You can't blame her."

"Yeah, she looks so pitiful."

### **Chapter 2534: Clearing Her Name**

"Didn't she already apologize? Can't you forgive her? Didn't you guys ever do something wrong?"

"It's understandable for someone to stand up for her sister. I think it's already very rare for Shen Rou to stand up and bear all the blame this time. I think we should let her off. Internet violence is really scary. Are you going to force her to death before you're satisfied?"

"Shen Rou does have a younger sister. She's really young and only took the college entrance examination this year. I heard that the two sisters have a very good relationship. Hence, the sister might really have felt that she was aggrieved and did all those things. I heard that Shen Rou's cell phone number was exposed by someone. Many people called her and scolded her. I also think that cyber violence is too scary. Everyone, stop. Previously, a girl committed suicide because of cyberbullying. Everyone, stop being brats. During the avalanche, not a single snowflake was innocent!"

Someone wanted to clear Shen Rou's name.

But not everyone was brainless.

Some netizens were rational.

"What's with the comments section? Why did so many people suddenly come out to clear Shen Rou's name? She said that her sister did those things, but did you believe her? Everyone actually praised her for being responsible. Why do I feel like she has evil intentions? Why did she push her sister out at this time? If she's really worried that her sister will be attacked on the Internet, she shouldn't have said that her sister did those things. Wouldn't it be fine if she took responsibility?"

"That's right, that's right. I also think that Shen Rou deliberately pulled her sister out to be a scapegoat. Why is the comment section starting to clear her name? I think her sister is so unlucky to have such a sister. I don't believe that her sister did this."

"Isn't it too far-fetched to say that her sister registered her account with her cell phone? Doesn't her sister have her own cell phone?"

In the comment section, someone raised doubts.

Many people agreed. Soon, these comments were trending.

But it was deleted after a few minutes.

Not only that.

The netizens who posted these comments were blocked and couldn't leave comments in the comment section.

The comments were all on Shen Rou's side.

...

The Shen Corporation's public relations hired another group of fake reviewers.

After Shen Rou posted on Weibo, they went around speaking up for her.

This time, Shen Rou spent a lot of money to clear her name.

She knew that she had to show weakness in order to gain sympathy.

Hence, she even recorded a video and showed her full acting skills, bringing out the image of a helpless and innocent woman.

It was a show of weakness to shift the blame, as well as the fake reviewers.

The effect was obvious.

Soon, her name was cleared.

She even became a kind and responsible sister.

She was willing to take all the blame and insults for her sister.

How could they not be touched by such a good sister?

Who would bear to scold her?

A group of male netizens even sent her private messages to console her, telling her not to be afraid. They would support her forever and protect her.

### **Chapter 2535: What Is She Afraid Of?**

"Damn, Mianmian, did you see that Shen Rou actually pushed all the blame to her sister? She's about to clear her name.

"I'm so angry. I thought I could definitely take her down this time. I didn't expect her to use such a method to clear her name. What should we do? Is there nothing we can do about it?

"Are we just going to let her clear her name?"

Linda's angry voice came from the phone.

In the car.

Qiao Mianmian leaned against Mo Yesi's shoulder lazily. She was a little surprised to hear this. She didn't expect Shen Rou to have a backup plan.

She rubbed her temple and straightened up.

"Sister Xie, are you saying that Shen Rou posted on Weibo saying that everything was done by Shen Xin?"

"That's right." Linda was furious. "How could she be so disgusting? Isn't Shen Xin her biological sister? How could she have the face to frame her own sister like this? This woman is too scary. She can even hurt her own kin.

"It's not easy to win against such a person."

"She's really heartless." Qiao Mianmian frowned.

"Then, what should we do now? Do we just let her clear her name? I can't accept this!" Linda said angrily.

"Of course not."

Qiao Mianmian frowned and kept quiet for a few seconds before saying tiredly, "I'll take a look on Weibo first. I'll call you later."

"Alright, go take a look first."

After ending the call, Qiao Mianmian went into a daze.

Until a voice rang in her ears and pulled her back to reality. "What happened?"

Qiao Mianmian snapped out of her daze and looked into Mo Yesi's eyes.

Qiao Mianmian pursed her lips and was a little annoyed. "Sister Xie called me just now and said that Shen Rou pushed all the blame to Shen Xin. I thought that the evidence I prepared this time was enough to bring her down. I didn't expect that she would drag Shen Xin out to defend her in order to clear her name."

She had let her off.

She didn't expect Shen Rou to sacrifice her own sister.

Mo Yesi was a little surprised.

"She said that Shen Xin did everything?"

"Mm." Qiao Mianmian nodded.

"She's really cruel."

"So, now that she's cleared her name, isn't everything I've done for nothing?" Qiao Mianmian bit her lip and frowned. "I can't think of a way to deal with her now."

But she couldn't take it lying down.

"Don't worry." Mo Yesi thought for a while and patted her head. "No matter how much she tries to clear her name, she won't be able to do well this time. Baby, I'll teach her a lesson for you."

Qiao Mianmian blinked. "Teach her a lesson?"

"Mm." Mo Yesi narrowed his eyes and said casually, "Do you know what Shen Rou is most afraid of? Reputation is important to her, but it's not what she's most afraid of."

"What is she most afraid of?" Qiao Mianmian asked curiously.

Mo Yesi smiled. "She was pampered since she was young and led a superior life. To her, her status as the Young Lady of the Shen family is the most important. She's used to the superiority and social status that her current status gives her. What she's most afraid of is losing all of this."

### **Chapter 2536: You Really Want to Do This?**

"Making her lose her current life is the cruelest punishment."

Qiao Mianmian was stunned by his casual words and looked at him with uncertainty. "You mean... you want to deal with the Shen Corporation?"

"Mm." Mo Yesi nodded.

Qiao Mianmian was stunned for a few seconds. "You really want to do this? It's not so easy to deal with the Shen Corporation, right? Will it affect the Mo Corporation? If Shen Rou retaliates, will the Mo Corporation suffer any losses?"

A skinny camel was still bigger than a horse.

No matter what, the Shen family was still one of the four great families in Yuncheng City.

"Moreover, didn't you say that Tang Ya was helping them?" Compared to Shen Rou, Qiao Mianmian was more afraid of Tang Ya.

Her identity was unknown.

She didn't know who her backing was.

"I think we should forget it." Qiao Mianmian was a little worried. "No matter what, the netizens now know that I was framed. I actually thought about it too. It's not so easy to take down Shen Rou in one go.

"So, I'm mentally prepared.

"If I can't do it this time, then let's do it next time. She'll show her flaws one day."

"No." Mo Yesi rejected her without hesitation. "We can't just let this matter rest. You don't have to worry, I know what to do. I'm confident in dealing with the Shen Corporation, which is still in danger.

"Tang Ya isn't as powerful as you think. No matter what, Yuncheng City is dominated by the Mo family. No matter how powerful she is, this isn't her territory. She can't protect the Shen family just because she wants to."

"But..." Qiao Mianmian wanted to say more.

"Trust me." Mo Yesi placed his hand on her head and interrupted her.

“Mo Yesi, are you sure you want to do this?” Qiao Mianmian kept quiet for a while and didn’t try to persuade him anymore. She thought for a while and asked softly, “If you touch the Shen Corporation this time, the relationship between the Shen and Mo families might really be broken.”

The Mo family didn’t help before, but they didn’t go after the Shen family either.

It’d be different if Mo Yesi wanted to deal with the Shen Corporation.

“If Shen Rou is smart enough to not provoke you anymore. I can turn a blind eye if the Shen Corporation wants to take some benefits from the Mo Corporation. But if she touches you, that’s crossing my bottom line.”

Mo Yesi narrowed his eyes. “I won’t be merciful to her anymore.”

His bottom line was Qiao Mianmian.

Since someone wasn’t afraid of death and insisted on touching his bottom line, then the other party could die.

“Alright, I know what to do.” Mo Yesi patted her head and said gently, “Didn’t you say you were tired? Don’t think about these annoying things anymore. Leave everything to me.

“I promised you that you’d settle this yourself. But now that an accident has happened, it’s time for me to take action.

“I won’t agree if you don’t let me interfere this time.”

“...Alright.” Qiao Mianmian sighed. “Then, I won’t bother about this anymore.”

Mo Yesi gently pressed her head and said in a low and gentle voice, “Mm, you don’t have to care about anything. You just have to eat, sleep, and have fun.”

### **Chapter 2537: Making the Shen Corporation Bankrupt**

She didn’t have to worry about this.

If he couldn’t even settle this, how could he protect her?

“I’ll take a nap. Call me when we get home.”

The afternoon shoot took a little longer than expected.

And it was tiring.

Qiao Mianmian was a little sleepy.

“Mm, go to sleep.” He rubbed her head gently.

Qiao Mianmian closed her eyes and didn’t think about it anymore.

She couldn’t think of a solution.

Thus, she might as well have a good sleep first.

Perhaps she would think of something when she woke up.

After thinking it through, she really fell asleep.

Mo Yesi waited for her to fall asleep before sending Wei Zheng a WeChat message.

Soon, Wei Zheng replied: [Chairman Mo, we've cut off all the collaborations that the Shen Corporation has been discussing recently. Also, President Zhao has promised not to give the Shen Corporation any more funds for the two projects that the Shen Corporation has been working on. With their current financial situation, they won't be able to hold on for long once the funds are cut.]

Mo Yesi narrowed his eyes after reading Wei Zheng's reply.

He only replied with five words: [Make the Shen Corporation bankrupt.]

Then, he turned off the phone.

Making the Shen Corporation bankrupt and Shen Rou fall to rock bottom.

Only by making her lose everything would she lose the capital to hurt Qiao Mianmian.

...

"Shen Xin, why did you do this? You're too much. Sister Mianmian is my idol. Even if we're friends, I'll still scold you for hurting her!"

"Your sister has always been single-mindedly in love with Mo Yesi. Mo Yesi never said he liked her. If she knew her place, she should have given up long ago. She refused to give up and kept pestering him. She even forbade Mo Yesi from liking other girls."

"Sister Mianmian and Mo Yesi are in love with each other, and he didn't let her down. What's there to stand up for her? I thought you were a good person, but you actually spread rumors about Sister Mianmian on Weibo. Shen Xin, I really misjudged you!"

When Shen Xin received her classmate's call, she had no idea what happened.

She was being criticized.

She was stunned for a few seconds before asking, "Keke, what are you talking about? I don't understand."

"Hmph, don't pretend. Your sister already posted on Weibo saying that you were the one who did all those things. Do you still want to hide it from me? Shen Xin, if you want to stand up for your sister, I want to stand up for my idol too. It seems like we're destined to be enemies."

Shen Xin was still confused. "Keke, I really don't know what you're talking about. What happened to my sister?"

"Shen Xin, you're still pretending. You..."

"I really don't understand what you mean." Shen Xin frowned. "What did you say about my sister? Keke, I'm not pretending. Can you tell me what happened?"

There was a moment of silence.

"You really don't know?"

"Mm. I've been... taking care of my friend in the hospital. Keke, did something happen?"

"It seems like you really don't know. Alright, then I'll tell you. Sister Mianmian was exposed on the Internet many times, and after finding out that it was your sister who did it, your sister posted a video on Weibo not long ago saying that you did it behind her back."

### **Chapter 2538: Do You Have Any Objections?**

"She said that you felt aggrieved and wanted to defend her. So, she was lying.

"How could she do this? Shen Xin, you're sisters from the same parents, right? Is your sister using you as a shield?"

A few minutes later.

Shen Xin hung up.

Her face was a little pale as she hurriedly opened the Weibo account that she hadn't logged in for a long time.

Soon, she saw Shen Rou's post.

Her fingers trembled as she clicked on the video.

Shen Rou's heartbroken cries entered her ears. "Xiao Xin is still young. That's why she made a mistake on impulse."

"Xiao Xin did it for me. Even if she did everything, I'm still responsible.

"Don't scold Xiao Xin, scold me.

"I apologize on Xiao Xin's behalf. I'm sorry, I didn't discipline my sister well.

"Xiao Xin told me once that she wanted to stand up for me. I didn't mind it at that time and thought that she was just joking. I didn't expect her to really do those things behind my back. If I'd known she would do that, I would have stopped her."

The video lasted about 10 minutes.

Shen Xin only looked at it for two minutes before turning it off.

She didn't know what else Shen Rou said.

She didn't want to know anymore.

Shen Xin had always known that Shen Rou didn't have deep feelings for her.

But she thought that even if Shen Rou didn't have such deep feelings for her, they were sisters who grew up together.

Their relationship was definitely better than strangers.

But at this moment, she realized that she was wrong.

Their sisterhood was just her wishful thinking.

It turned out that in Shen Rou's heart, this sister of hers was just a chess piece that could take the bullet for her anytime.

Shen Rou hadn't discussed this with her beforehand.

She didn't ask for her opinion and whether she was willing to be a scapegoat.

Perhaps her decision wasn't important.

Shen Xin was stunned for a while before calling Shen Rou.

It rang for a long time before Shen Rou picked up.

"Sister."

Shen Xin called softly.

"Xiao Xin, did you see it all?" Shen Rou asked coldly.

Shen Xin didn't understand why Shen Rou could still speak to her so coldly.

She was the one who did something wrong.

"Sister, why?" Shen Xin bit her lip and choked. "Why did you do that?"

"Shen Xin, what's with your tone?" Shen Rou seemed to be angry from embarrassment. "Are you here to question me? You're my sister, so what's wrong with blocking some things for me? Don't forget, the food you eat and the clothes you're wearing now, which of them wasn't given to you by the Shen family?"

"If I hadn't found a way to get our Shen family through this crisis, would you still be living your current life?"

"Would you still be going to such a good university?"

"You might be begging on the streets now!"

"As a member of the Shen family, what's wrong with doing something for the family? Do you have any objections?"

"Sister, no, I..." Shen Xin's eyes reddened. "Why didn't you discuss it with me beforehand? I have the right to know, right?"

### **Chapter 2539: It Won't Affect You If You Admit It**

"What's there to say? You're just a child, what's there to discuss with you? In any case, I'm doing this for the sake of the overall situation. If you still want our Shen family to be well, then obediently admit this matter."

"Anyway, you're not a public figure. You'll leave Yuncheng City after your vacation. It won't affect you if you admit it. I'm very busy now and don't have time to explain too much to you. If you have nothing else to say, I'll hang up." Shen Rou sounded a little impatient.

Tears rolled down Shen Xin's cheeks.

She bit her lip and took a deep breath. "Sister, why do you think this doesn't affect me? I have friends too. They'll also see the reports."

Otherwise, Keke wouldn't have called her.

"Alright, alright, I got it." Shen Rou sounded even more impatient now. She probably thought that this incident had made Shen Xin feel aggrieved, so she comforted her. "Xiao Xin, I've wronged you, but I have no choice."

"That's all I can do."

"It won't affect you too much."

"If I admit it, our Shen Corporation will be finished. You don't want to sleep on the streets, right? If I'm done, the Shen Corporation will be finished, so nothing can happen to me."

"Alright, I'm really busy now. If there's anything, let's talk at home. You can pick one of the latest C-brand bags for yourself. Consider it my compensation to you. That's it, I'm hanging up."

Shen Rou seemed really busy.

With that, she hung up.

Shen Xin stood in the corridor for a long time trying to understand everything.

Including all the scandals about Qiao Mianmian that Shen Rou got people to spread.

After reading it, Shen Xin struggled for a long time.

Shen Rou had gone overboard.

Even Shen Xin felt that she had gone overboard this time.

After the truth was exposed, Shen Rou was scolded like a dog.

Many netizens even called her to scold her.

The Shen Corporation's share price was also affected by this.

But all the insults were directed at her.

Shen Xin saw many Weibo posts scolding her.

They were all wondering why Shen Rou was so kind and nice, but her sister was so vicious and scary.

It wasn't difficult to find a person's details in the Internet era.

Shen Xin's cell phone number was even posted by a netizen who claimed to be her classmate.

It was posted a minute ago.

Then, less than a minute later, her cell phone rang.

An unknown number appeared on the screen.

Shen Xin listened to her cell phone ring for a while before pressing the call button.

“B\*tch, you’re so shameless. You’re so young, yet you’re already so vicious. Who are you to defame Qiao Mianmian? Don’t think that you can escape all responsibility just because you’re young. Now that your cell phone number has been exposed, you can just wait to be scolded by the netizens.

“I heard you’re a student? Which school are you from? I’m going to report you! A student with such a dark and vicious heart should be expelled!”

#### **Chapter 2540: She Can’t Have Any Negative News**

“Your sister apologized to all the netizens for your sake. She said that you were still young and insensible and wanted everyone to forgive you and give you another chance. But what about you? You’ve done something so overboard, but you’re still hiding. You didn’t even apologize.

“Just because you’re young, you think you can be shielded from everything? Do you think you’re still a three-year-old child? You can be irresponsible after doing something wrong? It’s useless to hide behind your sister and pretend to be dead. Now everyone knows what ugly and disgusting things you’ve done.

“Your parents didn’t teach you well. Let us netizens teach you on your parents’ behalf!

“Just wait to be scolded to death, hmph!”

The woman hung up angrily.

Shen Xin had yet to react when her cell phone rang again.

In an instant, she received hundreds of messages.

The screen kept flashing.

A few minutes later, it stopped.

Shen Xin looked down.

She saw a series of insulting words. The messages were all from unknown numbers.

“Shen Xin, is it? Your sister said that you were the one who spread rumors and defamed Qiao Mianmian, is that true? How can you be so bad? Let me tell you, you’ve done too many bad things, you’ll face retribution!”

“You’re so vicious at such a young age. You’d better be careful when you go out. If I bump into you, I’ll slap your face!”

“Don’t let me touch you, b\*tch. Otherwise, I’ll hit you every time I see you.”

“Are you there, little slut?”

“Shen Xin, why are you so cheap? Do you know that your sister stood up for you and helped you block all the charges? She was scolded to tears by the netizens. What about you coward? I usually don’t scold people, but this time, I really can’t help it. You’re too cheap!!!”

“B\*tch, slut, slut!”

Shen Xin’s face was pale as she looked at the text on her cell phone screen.

She looked at the words cursing her and felt as if someone had hit her on the head.

She was stunned.

At that moment, her mind was buzzing and she couldn’t think.

She looked at it for a while before her cell phone rang again.

It was from Madam Shen.

She picked it up.

Before she could finish her sentence, Madam Shen tried to persuade her. “Xiao Xin, your sister just called me to tell me about that matter. Mom knows that you’ve been wronged this time, but your sister represents the image of the Shen Corporation. Her every move is watched by everyone. She can’t have any negative news.

“Just take responsibility for your sister this time, alright?”

“Quickly post on Weibo and admit that you did it. Then, apologize properly and this matter will be over.

“We’re a family. The interests of the family are the most important now. Our Shen family has already experienced a crisis, we can’t experience it again. Your sister told me that the company’s share price has been affected, we have to salvage it now.

“Just record a video apologizing like your sister. That way, people will believe that you did it..”
