

## Big Shot 2551

### Chapter 2551: Untitled

"Xiao Xin," Father Shen called her.

"Dad, Mom, I'm sorry." Shen Xin bit her lip and opened her mouth. "I won't post on Weibo again. I won't take responsibility for what I didn't do."

Madam Shen and Father Shen's expressions changed.

Shen Rou's expression was even worse.

"You all saw it, right? She can even abandon her family for a man. Alright, Shen Xin, since you're giving up your family for your love, you're no longer a Shen!

"Our Shen family doesn't have a heartless ingrate like you!"

Shen Xin looked into Shen Rou's eyes, which were filled with anger. She pursed her lips and kept quiet for a while before saying softly, "I'm not doing this for anyone. I just want to live up to my conscience. Sister, stop it. Don't make any more mistakes.

"The Mo and Shen families became like this because of your obsession. Don't you understand? No matter what you do, what doesn't belong to you will never belong to you. Everything you do is meaningless.

"Why do you have to be obsessed with Brother Yesi? You've liked him for over 20 years, but he's never been attracted to you. Don't you understand? Love can't be forced. Sister, let go. Don't be stubborn, alright?"

Shen Xin's eyes were moist and slightly red.

She still cared about Shen Rou.

She couldn't bear to see her sister torture herself like this anymore.

"Sister, let Brother Yesi go. Free yourself." Shen Xin choked.

Her sincere advice was met with a slap from Shen Rou.

This time, Shen Xin wasn't prepared.

Shen Rou raised her hand and slapped her on the other cheek with all her might. Her fair and tender cheeks swelled up instantly, and five bright red finger marks appeared.

Shen Rou's slap stung.

Her eyes were filled with anger and her expression was gloomy. She gritted her teeth and said, "What do you know, what do you know? You heartless ingrate! Get lost, get lost immediately. I don't want to see you."

“Since you’ve chosen to help Qiao Mianmian, you’re no longer my sister. I’d like to see if you can still be so stubborn without the Shen family’s protection!”

Shen Xin’s words made Shen Rou feel embarrassed.

It was as if she’d slapped her.

How could she tolerate it?

Her biological sister would rather help Qiao Mianmian than her.

This made Shen Rou even angrier.

She was such an ingrate!

Since she was loyal to Qiao Mianmian and her brother, she would fulfill her wish.

Shen Xin was stunned by this slap.

She could taste blood in her mouth.

Shen Rou was so angry that she didn’t even have the strength to slap her anymore. Her ears were still buzzing.

She couldn’t hear anything for a minute.

Her mind was blank.

When she recovered, she felt the burning pain on her cheek.

### **Chapter 2552: Send Her Out Immediately**

But the pain on her face couldn’t compare to the pain in her heart.

Shen Xin covered her face and tried her best to hold back her tears. She slowly turned around.

Madam Shen’s heart ached when Shen Xin was hit, but when she thought about what she’d just said, her heart hardened.

In her opinion, her younger daughter was too insensible.

She was too ignorant.

Even she almost raised her hand in anger.

Shen Xin was embarrassed.

The girl’s beautiful face was swollen, and handprints could be seen on both sides of her cheeks.

But Shen Rou only looked at her coldly. “Move out of the Shen Residence. Oh right, since you’re unwilling to work for the family, don’t spend a single cent of ours anymore.

“I’ll block your credit card too.

"I want to see if they'll be willing to take care of you now that you're broke."

"Rourou..." Madam Shen's expression changed.

"Since you've chosen to help Qiao Mianmian, you're no longer my sister. I'd like to see if you can still be so stubborn without the Shen family's protection."

Shen Xin's words made Shen Rou feel embarrassed.

It was as if she'd slapped her.

How could she tolerate it?

"Mom, I have the final say in this matter." Shen Rou interrupted Madam Shen's request and said coldly, "Since I'm the head of the family now, I call the shots. It's not that I haven't given her a chance, but you've all seen her decision."

"She's so loyal to Qiao Mianmian and her brother that she forgot her surname. Is there a need for the Shen family to continue raising such an ingrate? Moreover, isn't she already an adult? Since she has such a backbone, she must have a way to take care of herself."

"This, this..." Madam Shen grabbed Shen Xin's arm anxiously. "Xiao Xin, quickly apologize to your sister. Are you really going to abandon your family for a man?"

Shen Xin bit her lip and burst into tears.

She looked at Shen Rou's cold expression and said stubbornly, "I didn't do anything wrong. Why should I admit it?"

"Xiao Xin, you..."

"Mom, you don't have to persuade her anymore." Shen Rou sneered. "She's confused now. She won't listen to anything you say. Shen Xin, I want to see how long you can stay outside."

"Uncle Chen, pack Second Miss's luggage and send her out immediately."

Standing at the side, the butler was stunned. He looked up at the stubborn Shen Xin anxiously and opened his mouth to persuade her.

Second Miss was only 18 now.

And she was a student.

She didn't have the ability to work on her own.

First Miss not only wanted to chase her out of the Shen family, but she also wanted to block her credit card. How was she going to live in the future?

Young Lady was too heartless.

This was her biological sister.

How could she bear to be so heartless?

But why was Second Miss so stubborn?

First Miss was in charge now.

If she really chased Second Miss out of the house, what would Second Miss do in the future?

“There’s no need to trouble Uncle Chen. I’ll pack my luggage myself..” Shen Xin then turned around and headed upstairs.

### **Chapter 2553: Untitled**

Father Shen was shocked.

At this moment, he felt that his daughter was so foreign.

She wasn’t the obedient and filial daughter he remembered.

She was so domineering that it was scary.

“Rourou, w-why are you talking to your dad and me like this?” Madam Shen was stunned for a while. Her face was pale as she asked angrily.

Shen Rou looked at her coldly without any respect. She didn’t look at Madam Shen like she was her mother.

Madam Shen felt a chill down her spine.

She really felt like this daughter was a different person.

She was so foreign and scary.

At this moment, someone’s cell phone rang.

It was Shen Rou’s cell phone.

She picked it up and frowned when she saw the caller ID. She picked it up after a while.

Not long after picking up the call, Shen Rou’s expression turned awful.

She gripped her cell phone tightly, her expression as dark as a storm. She suppressed her anger and growled. “What did you say? Everything was fine, why did she leave? Didn’t you think of a way to make her stay?”

“Damn it, go to the airport and stop her. I’ll rush over immediately. No matter what, we can’t let her go.

“If she leaves, you don’t have to stay in the company anymore.”

After a while, Shen Rou hung up.

She had just received a call from her assistant.

He said that Henry Zhou’s assistant suddenly decided to leave. No matter how they tried to get her to stay, she insisted on returning to M Nation.

The assistant had no choice but to call Shen Rou.

Shen Rou was in a terrible mood.

She regretted being on such bad terms with Tang Ya.

How could she have forgotten?

Henry Zhou was hired with Tang Ya's help.

Since she had fallen out with Tang Ya, she wouldn't help her anymore.

Hence, Henry Zhou's assistant leaving must have something to do with Tang Ya.

Although she wasn't surprised that Tang Ya would do this, she couldn't mess this up.

Henry Zhou was the Shen Corporation's trump card.

If used well, the Shen Corporation would be able to recover from its current disadvantage.

They had already lost a few businesses.

Their stock price was also affected again.

The only way to salvage the situation now was for Henry Zhou to design a new batch of jewelry.

"Rourou, did something happen at the company?" Father Shen looked at her expression and asked worriedly.

He wasn't going to ask about the company anymore.

When he decided to hand the Shen Corporation over to his daughter, he was a little worried that she wouldn't be able to manage the company.

Unexpectedly, Shen Rou's performance was much better than he imagined.

She managed the company well and signed a few good deals in a short period of time.

After that, Father Shen felt relieved.

But now that something like this happened, Father Shen couldn't possibly remain unworried.

"Mm, there's something. I have to go out immediately." Shen Rou frowned and walked out quickly.

Soon, she disappeared from the hall.

Madam Shen looked in the direction she left for a while. When she couldn't see anyone, she slowly retracted her gaze.

"I wonder what happened."

**Chapter 2554: Untitled**

Madam Shen looked worried as well. She sighed and said, "The Shen Corporation can't be like before. Our Shen family really can't take any more blows."

Father Shen frowned. "I've talked with my old friends from the company. A large part of the reason for the Shen Corporation's stock price turmoil is because of the Mo Corporation's interference. Not only that, but the Mo Corporation has also cut off several of our collaborations."

"This had a huge impact on the Shen Corporation."

"What, it's the Mo Corporation again?" Madam Shen's expression darkened. "The Mo family is too much. What's this, adding insult to injury?"

"Old Master Shen and Old Master Mo have been friends for decades. Is this how his descendants treat our Shen family? Aren't they afraid of retribution for their actions?"

Father Shen kept quiet for a while. "You can't blame the Mo family for this."

"Old Master, what are you saying? You're actually speaking up for them?!" Madam Shen's face was full of disbelief.

Father Shen sighed. "Rourou caused it first. Actually, Xiao Xin is right. If it wasn't for her obsession with Mo Yesi and wanting to deal with Qiao Mianmian time and time again, our Shen family wouldn't have suffered so much."

"I know a little about the two children of the Mo family. The two brothers are especially protective of their loved ones. Rourou slandered Mo Yesi's wife on the Internet, so he definitely can't pretend that nothing happened. With the Mo family's current strength, it's too easy to deal with our Shen family."

"I told Rourou that we can't afford to offend them. Our Shen family has to keep a low profile. We have to avoid anything related to the Mo and Gong families. But she didn't listen to me."

"This time, not only did she offend the Mo family, but she also offended the Bai family."

"Our Shen family is in big trouble." At this point, Father Shen sighed again. There was obvious worry in his eyes.

Madam Shen looked at his serious expression and was also affected by his emotions. Her eyes were filled with worry and fear. "Old Master, is-is it as serious as you say? Rourou only said a few words about her online. At most, we can just get her to apologize to Qiao Mianmian."

"The Mo and Shen families have been friends for a long time. They can't be too harsh on us."

"As for the Bai family, I have some ties with Madam Bai. I can call her. I think she won't be too petty."

Father Shen turned to look at her and shook his head. His expression became even more serious. "It's not as easy as you say. Do you know why the Shen family's stock price suffered a huge blow and we almost went bankrupt?"

Madam Shen was stunned. "Why? Isn't there a problem with our family?"

“There was a problem within the corporation, but it didn’t happen in just a day or two. No matter what, the stock price wouldn’t have fallen so badly. Later, I got someone to investigate. At that time, someone deliberately targeted the Shen Corporation.”

Madam Shen widened her eyes. “Someone is targeting us? Have you found out who it is?”

“If I’m not wrong, it should be related to the Bai family.”

### **Chapter 2555: Are They in a Rush to Reincarnate?**

“Bai family?!”

“Mm.”

“But-but why would they target our Shen family? The Shen and Bai families have always been harmonious.” Madam Shen’s eyes were filled with confusion.

“Because of Rourou.”

“Because of Rourou?!”

“Rourou touched Qiao Mianmian. At that time, Qiao Mianmian had already been acknowledged by the Bai family. They looked for their daughter for more than 10 years and finally found her. Of course, they doted on her a lot. Rourou touched the daughter they found with great difficulty, so the Bai family naturally wouldn’t let it go.”

Madam Shen was shocked speechless.

Father Shen sighed heavily as he thought about this. He felt that the Shen family was about to face a huge crisis. “It’s the same this time. Just the Mo family alone is not something our Shen family can handle. With the Bai family added in...”

He smiled bitterly. “This time, the Shen family is really in danger.”

Madam Shen’s face turned pale.

...

Shen Rou drove her Maserati to the airport.

She had to stop Henry Zhou’s assistant from leaving.

On the way to the airport, her assistant called again.

Shen Rou’s expression darkened.

Nothing good ever happened when her assistant called.

“Chairman Shen, a few other companies want to cancel their collaboration with us.

“Chairman Shen, the Shen Corporation’s share price is still falling. It’s falling quicker and quicker. If this continues, the Shen Corporation won’t be able to hold on much longer.

“Chairman Shen, the few loans we applied for previously, the bank has called to say that there’s a problem with the loan and it can’t be settled for the time being. What should we do now? Without those loans, the projects that are underway must be terminated. If we stop now, it will cause huge losses to the corporation.

“Chairman Shen, I’ve already reached the airport and met Assistant Ai Linna. But she insisted on leaving no matter what. She even said that if we tried to stop her again, she’d call the police. Chairman Shen, how long more until you arrive at the airport? We can’t hold on anymore.”

Shen Rou looked at the time and sped up again.

A robotic female voice came from the GPS app: [The current speed limit is 120. We are now speeding. Please slow down.]

Shen Rou pretended not to hear it.

Not only that, but she also sped up.

The red Maserati sped towards the airport.

Because it was too fast, sparks could be seen when the wheels rubbed against the ground.

A few cars that were on the same road exclaimed when they saw Shen Rou’s red Maserati “fly” past them.

“Damn, that Maserati is driving so fast, are they in a hurry to reincarnate? Do they want to die?”

“Which f\*cking rich second-generation heir is this? If you want to court death, don’t drag others along with you. Is he tired of living? King of Hell, hurry up and take this idiot away. Don’t let him harm others.”

“Damn, the car is driving so fast. Is he drunk?”

“Damn it, with this speed, something might really happen!”

...

Shen Rou was anxious.

Her assistant called a few times and said that Alina had already called the police. When the police came, they definitely wouldn’t be able to keep her.

The car’s speed was way faster than normal.

But Shen Rou didn’t think it was fast enough.

She had to get to the airport immediately.

She had to reach the airport before Alina left.

She had to keep her in Yucheng City.

With this thought in mind, she didn’t notice a huge truck driving past her.

As she sped up again, the huge truck suddenly changed lanes.

If Shen Rou was driving normally, she could have reduced her speed. Even if she didn't slow down, she wouldn't be in any danger.

But as she was driving too fast, by the time she noticed the truck, it was too late.

*Bam!*

Accompanied by a tragic scream, the Maserati sports car was like a piece of paper. The moment it hit the big truck, the front of the car deformed.

She Rou lost consciousness.

Blood splashed on the transparent window as if dyeing it red.

"Damn, isn't this that Maserati? I knew something would happen. I was right!"

"He was in a rush to be reincarnated. The King of Hell has helped him."

"This kind of scourge is courting death. If he's dead, so be it. It's also considered removing the scourge of society. But the people driving this kind of car are usually women. I wonder what she looks like. It's a pity if she's a beauty."

...

Half an hour later.

Madam Shen received a call from the police station.

"Hello, are you Shen Rou's family? Your daughter, Shen Rou, was seriously injured in a traffic accident and was sent to the hospital. She's now in the hospital in critical condition. You..."

It was like a bolt from the blue.

Madam Shen couldn't hear what the policeman said.

She turned pale and almost fainted.

"Madam." The housemaid saw that something was wrong and immediately ran to her side, reaching out to support her.

*Bam!*

Madam Shen collapsed onto the housemaid as if she had lost her soul. Her cell phone slipped from her hand and fell to the ground.

"Madam, Madam, are you alright?" The housemaid was shocked.

Madam Shen looked up at her.

Her face was so pale that it was scary.

After about a minute.

"Rourou, my Rourou!" Madam Shen suddenly cried out in grief.. She pushed the housemaid away and stumbled towards the door.

## Chapter 2556: Shen Rou's Car Accident

Upstairs.

Father Shen heard the commotion and quickly went downstairs.

Madam Shen ran to the door of the hall. In a daze, she tripped when she stepped over the threshold.

Madam Shen fell to the ground.

Already downstairs, Father Shen quickly ran to her side and reached out to help her up.

"Old Master, Old Master..." When Father Shen went to help Madam Shen, he realized that she was trembling and her face was pale.

"What's going on? What happened?" Father Shen was shocked.

Madam Shen gripped his arm tightly and opened her mouth. Tears rolled down her cheeks.

"Rourou, Rourou was in a car accident." Madam Shen sobbed into her husband's arms. She hugged Father Shen and said, "Just now, the police called me and said that Rourou was in a car accident. She's now in the hospital.

"The police said that Rourou's condition is critical. Master, I'm so afraid. If anything happens to Rourou, I-I don't want to live anymore."

"What?!" Father Shen's expression changed. "Rourou was in a car accident?"

Madam Shen was so upset that she couldn't say a word.

Father Shen was stunned. "How could this be? How could this be..."

...

11:00 PM.

Many netizens didn't believe the news that Shen Rou was in a car accident and in a critical condition in the hospital.

They felt that the marketing account was talking nonsense to gain attention.

"This news is too fake. The current marketing accounts really dare to post such fake news in order to gain attention. Previously, these marketing accounts even praised Shen Rou to the skies. Now, she's being stepped on by the entire Internet. Although the netizens don't like Shen Rou, these marketing accounts are too disgusting. They can change their attitude so quickly."

"When you see this news, you can't help but burst out. Anyway, it's up to you whether you believe it or not. I have a friend at the hospital. He just sent me a WeChat message saying that a rich second-generation heir was indeed seriously injured in a car accident and is being resuscitated in their hospital. The injured person is a woman whose surname is Shen. If nothing's wrong, it should be Shen Rou."

“Me too. My friend is from the police station. She told me that Shen Rou really got into a car accident. But she courted death. She was speeding on the expressway when she met a huge truck changing lanes. She didn’t have the time to brake and crashed into it. I saw the video of the accident. The front of the car was deformed. I heard that she was covered in blood when she was carried out. It was scary.”

“It’s true, it’s not fake news! I was in the hospital and saw Shen Rou get into the ambulance with my own eyes! She’s seriously injured, and it’s hard to say if she can be saved. Sigh, she’s so beautiful and so young, what’s there to pity? But she really courted death. She drove as fast as she could on the expressway. If she was driving normally, this accident wouldn’t have happened. No matter what, I hope she can be saved.”

“So, it’s Young Lady Shen. Our car was behind her at that time, and we were five to six meters away. We saw her sports car hit the big truck with our own eyes. She really drove very quickly.. I even told my husband that if the car drove so quickly, it might suffer an accident.”

### **Chapter 2557: Current Life and Death Unknown**

“I didn’t expect her car to crash right after she said that. The car accident was really scary. Everyone has to drive carefully and follow the traffic rules.”

When the news first came out, the netizens didn’t believe it.

But as more and more people in the comment section proved that it was true, the netizens gradually turned around.

Then, some netizens posted on Weibo to prove that this was true.

Some netizens even posted photos and videos of the accident.

Some netizens checked the red Maserati’s license plate number and found that the owner’s name was indeed Shen Rou.

At this point, the truth of the matter was almost confirmed.

Another 10 minutes passed.

Yuncheng City Police Department posted on Weibo.

It was reported that a tailgating accident happened at the airport highway at 10:00 PM.

The owner of the car was a female, 25 years old, surnamed Shen, and was currently the CEO of the Shen Corporation.

The owner of the car was sent to the hospital for emergency treatment because of her serious injuries. Her condition was unknown.

Yuncheng City Police Department’s post confirmed that Shen Rou had indeed been in a car accident.

The netizens got even more excited.

“Damn, it’s actually true. I thought it was fake news. Looking at it, it feels like the person can’t be saved. The front of the car has been hit so badly, can the person inside... still be alive?”

“I also think the chances of being rescued are very small. She wasn’t a drunk, so why did she speed so much? Could it be because of her negative news that she was agitated and deliberately courting death?”

“She wants to die, but she has to use such a method? Isn’t this harming herself and others? If she wants to die, can’t she find a place with no one around and die quietly? She drove so quickly on the highway. If she didn’t hit a big truck, but a small car like hers, she definitely wouldn’t be the only one injured. Aren’t other car owners unlucky and innocent?”

“Am I the only one who thinks that the owner of the truck is unlucky? He just changed lanes normally. Who knew that the car behind was driving so fast? It’s so unlucky to have encountered such an incident.”

“Thankfully, it wasn’t in the city and there weren’t many cars on the road. Otherwise, she would’ve harmed many people.”

“I don’t pity people who seek their own deaths. I think this might be retribution. Humans can’t be too evil, or they’ll get retribution sooner or later.”

“The officials have already reported it, it seems like it’s true. This is really courting death, there’s nothing to pity. Don’t think that just because you’re rich and powerful, you can ignore the relevant rules. King of Hell doesn’t care about your background. Since you don’t care about your life, then I’ll take it back for you.”

“Shen Rou’s parents are at the hospital. I heard that she’s bleeding internally, and her heart has stopped twice. I guess her chances of surviving are slim. Sigh, it’s such a pity for such a beauty.”

“Yes, she’s so beautiful. It’s such a pity to die.”

“I realize that some people have bad values. Is it a pity to die because she’s beautiful? She drove so fast on the highway, it’s obvious that she doesn’t care about other people’s lives.. And you actually say that it’s a pity for her to die? You can’t be so indiscriminate.”

# The tragic accident scene at the airport #

Shen Rou’s car accident was trending.

Qiao Mianmian had been sleeping late recently.

Thus, she wasn’t asleep when the news of Shen Rou’s accident came out.

She was reading a script.

Her cell phone rang a few times, alerting her of a new message.

Qiao Mianmian had just finished reading a page of the script when her cell phone rang.

Her expression changed when she saw the content on the screen.

She stared at the WeChat messages on her cell phone screen for a while.

It was from Jiang Luoli.

Like her, Jiang Luoli slept late.

Jiang Luoli: [Baby, did you see the news? Gosh, Shen Rou actually got into a car accident, and it was a serious one.]

Jiang Luoli: [I just saw the report from Yuncheng City Police Department. It's actually true. Shen Rou really got into an accident.]

Jiang Luoli: [It's said she's still undergoing emergency treatment. Her heart even stopped twice during the process. Baby, do you think... Shen Rou can still be saved? Although she's evil and schemed against you so many times, and I hate her so much. I hope she can be punished. But, if she dies just like that, I think the punishment will be too big. Why do I feel like I'm dreaming? It feels so unreal.]

Jiang Luoli: [If I say something others will think I'm vicious. I think it's good if she dies like this. In the future, you don't have to worry about her scheming against you. This woman is too jealous and hates you. I'm afraid she'll do something crazy someday.]

Jiang Luoli: [Moreover, it wasn't us who cursed her. She did it herself. I heard that she drove too fast and didn't manage to stop in time, so she crashed into the truck in front. She drove so fast on the highway, isn't she courting death?]

Jiang Luoli: [Baby, why aren't you responding? Are you asleep? I remember you always sleep late.]

Qiao Mianmian stared at the messages in shock.

She looked at it for a while before confirming that she wasn't wrong.

But she was still shocked.

Shen Rou was in a car accident?

She was still being rescued?

Her heart stopped twice?

After receiving such an unbelievable message, she was stunned for a few minutes before replying to Jiang Luoli.

Qiao Mianmian: [Luo Luo, did Shen Rou really get into an accident?]

Jiang Luoli replied instantly: [Baby, so you're still awake. I was about to call you. Of course, it's true. Weibo is abuzz with discussions about this. Even Yuncheng City Police Department's official account has reported it. It must be true.]

Qiao Mianmian was in disbelief.

After a while, she replied: [Is she badly injured?]

Jiang Luoli: [She's bleeding internally, what do you think? And the front of the car is deformed. Think about the person inside...]

Qiao Mianmian: [Although I've thought about what retribution she'll receive in the future, I didn't expect it to come so quickly. I also didn't expect it to be so terrible.]

Jiang Luoli: [Why did she drive so fast on the highway? Isn't she courting death?]

Jiang Luoli: [Anyway, it has nothing to do with us. She deserves it. Baby, don't feel burdened.]

Qiao Mianmian was a little confused.

She smiled and replied: [Burdened? Why should I feel burdened?]

What happened to Shen Rou had nothing to do with her.

It wasn't her fault.

Although she was shocked by Shen Rou's accident, she felt nothing else.

Jiang Luoli: [I saw someone on Weibo saying that she got agitated because of the negative news, so she got into a car accident on the expressway. You've always been kind, I'm afraid you'll feel guilty.]

Seeing this reply, Qiao Mianmian found it funny: [How could I feel guilty? What has it got to do with me? If it's really because of this, then it's her own fault. I can only say that it's karma, everything is destined.]

If Shen Rou hadn't slandered her online, she wouldn't have turned around.

If the car accident was really because of the negative news, then she definitely asked for it.

That was retribution.

In fact, it was similar.

Shen Rou was speeding because she wanted Henry Zhou's assistant to stay.

But if she hadn't defamed Qiao Mianmian on Weibo, she wouldn't have angered Mo Yesi and gotten into a conflict with Tang Ya.

None of that would have happened, then.

Jiang Luoli: [Baby, I'm glad you think that way. Uh, Mo Shixiu is out of the shower. I have to turn off my cell phone. Otherwise, he'll lecture me for half a day when he sees me playing with my cell phone. I'll contact you tomorrow. Goodnight, Baby. Muah.]

Qiao Mianmian knew that Mo Shixiu was very strict with Jiang Luoli.

She couldn't use her cell phone all day.

Especially at this time.

Jiang Luoli often complained to her that Mo Shixiu was like the dean in school, staring at her all day long, not allowing her to do this, not letting her do that.

But despite her complaints, Qiao Mianmian could hear the happiness in her voice.

From Jiang Luoli's complaints, she could tell that Mo Shixiu took good care of her.

Qiao Mianmian couldn't help but smile. "Alright, then go to bed early. Good night."

Qiao Mianmian had just replied to Jiang Luoli when the bedroom door was pushed open.

Mo Yesi returned to the bedroom to rest after settling a few documents in the study.

"Why aren't you asleep? Didn't I tell you not to wait for me?"

Mo Yesi was wearing a black sleeping robe and had his chest half-exposed. His hair looked a little wet.

As he approached the bed, Qiao Mianmian could smell the refreshing scent of shower gel.

She looked up at his short hair. "You showered?"

"Mm, I just washed it in the bathroom."

He thought that she was asleep and was afraid of waking her up when he went back to the bedroom to shower, so he went to the guest room instead.

But she wasn't sleeping.

On the way back, she kept saying that she was sleepy. He thought that she had already fallen asleep.

"Your hair is still wet, let me blow it dry for you." Qiao Mianmian got off the bed and looked for the hairdryer.

After a while, she took it out of the bathroom and waved it at Mo Yesi.

### **Chapter 2559: His Reaction Is Too Calm**

"Mianmian." Mo Yesi felt the warmth and strength of her fingertips and called her gently.

Qiao Mianmian replied softly, "Mm?"

"When we're old, will you still blow my hair like this?"

"Mm?" Qiao Mianmian was stunned for a while before smiling. "Of course. When I'm old, will you keep blowing my hair?"

"Mm." Mo Yesi's thick black eyelashes fluttered as he slowly opened his eyes. His dark eyes were like stars in the night sky, and his gaze was gentle and intoxicating. "Of course."

Mo Yesi's hair was black and shiny.

The kind that wouldn't need any special effects in a shampoo commercial.

It was especially good to the touch. His hair was soft and fine, like silk.

The shampoo he used had a faint minty scent. The warm wind blew at the ends of his hair, and the pleasant fragrance entered Qiao Mianmian's nostrils.

She looked down at Mo Yesi and couldn't help but feel curious.

After a while, she couldn't help but ask, "Mo Yesi, do you know..."

"Mm? Know what?"

The man was curious.

Qiao Mianmian pursed her lips and said, "Shen Rou was in a car accident and is seriously injured. Do you know about this?"

Mo Yesi had known Shen Rou for over 20 years.

Although they were strangers now, Mo Yesi probably still had some feelings for her.

But from the moment he entered the bedroom until now, Qiao Mianmian couldn't see anything different about him.

It was as if he didn't know about Shen Rou's accident.

Mo Yesi's eyes flickered. A few seconds later, he nodded and replied, "Mm, I saw the news. Shaoqing just called me to tell me about it."

So he knew.

But his reaction was too calm.

"You knew she was in a car accident?"

"Mm, I knew."

"You... don't have any thoughts?" Qiao Mianmian was really curious.

Mo Yesi looked up at her. "Thoughts? What thoughts would I have?"

"It's just that you've known each other for so many years and used to be good friends. I heard that... her condition is critical, and her heartbeat stopped twice during the rescue. If... if she's not rescued, will you be a little sad?"

She asked this purely out of curiosity.

She wasn't jealous at all.

Moreover, she felt that even if Mo Yesi was upset, she could understand.

"Sad?" Mo Yesi was stunned for a few seconds.

The man narrowed his eyes and didn't answer her immediately, as if he was seriously considering her question.

Qiao Mianmian waited for a while, then Mo Yesi said indifferently, "If she didn't do those things to you, we could be considered friends. I might have felt sad.

"But she hurt you again and again. She's no longer my friend, and my friendship with her has long been exhausted.. Mianmian, I gave her a few chances previously, but she still insisted."

### **Chapter 2560: Become... a Vegetable?**

"She knows how much I care about you, but she still hurts you time and time again. I don't have any friendship with such a person anymore. If you ask me if I'll be sad if she dies, my answer is no.

"Be more selfish. If she really dies, I might be relieved. In the future, I won't have to worry about her harming you behind your back."

Qiao Mianmian was a little shocked.

She didn't expect Mo Yesi to think this way.

"Baby, do you think I'm too heartless?" Mo Yesi saw the shock in her eyes and asked gently.

He was never a good person.

Besides the people he cared about, the lives of others had nothing to do with him.

He didn't care if others said he was cold, cruel, or heartless.

The only thing he cared about was how she looked at him.

"No." Qiao Mianmian shook her head.

How could she think that he was heartless?

Moreover, whether he was heartless to others had nothing to do with her.

It was enough as long as he was good to her and the people she cared about.

And he did.

He loved everyone she cared about.

"That's good." Mo Yesi smiled and said gently, "As long as you don't think I'm heartless, it doesn't matter what others think of me."

Mo Yesi's cell phone rang.

When he picked it up, Qiao Mianmian saw that it was Yan Shaoqing.

Mo Yesi picked up the call. "What is it?"

"No.

"It has nothing to do with me. You don't have to call me anymore. That's it, I'm hanging up."

The call ended in less than two minutes.

After Mo Yesi hung up, Qiao Mianmian asked, "Shaoqing called you? Why did he say? Is it because of Shen Rou?"

"Mm." Mo Yesi threw his cell phone aside and didn't hide it from her. "He said that Shen Rou was rescued, but her condition is still critical. Her life is still in danger. Moreover, the doctor said that her brain suffered a serious blow. It's still unknown if she can wake up."

Qiao Mianmian thought about it and came up with many meanings.

Especially the last sentence.

"Brain damage? She might not be able to wake up?" She bit her lip and repeated this sentence. She thought of a possibility and her expression changed slightly. She asked hesitantly, "Can I understand this as Shen Rou might become... a vegetable?"

"Exactly." Mo Yesi confirmed her guess. "If she doesn't wake up, she'll be in a vegetative state."

Although she knew what he meant, Qiao Mianmian still felt that it was too terrible.

She didn't like Shen Rou.

But if Shen Rou really became a vegetable, it would be too terrible.

It was better to die in peace.

"Shaoqing wants you to go to the hospital?" Qiao Mianmian asked again.

"He said that he wanted me to visit Shen Rou. But I rejected him."

Qiao Mianmian knew that.

She was standing beside him when he spoke to Yan Shaoqing.

"Mo Yesi." Qiao Mianmian blew Mo Yesi's hair until it was 80-90% dry. Then, she turned off the hairdryer and walked to him from behind the sofa.. She reached out and wrapped her arms around his neck, sitting on his lap.
