

Big Shot 2561

Chapter 2561: Do You Really Want Me to Go?

The moment she sat down, Mo Yesi wrapped his arms around her waist and hugged her.

He leaned in and rubbed the tip of her nose gently. "Mm?"

"If you want to go to the hospital, go." Qiao Mianmian thought for a while and said seriously, "Although I don't like Shen Rou, she's about to die now. I won't be angry if you go to the hospital to see her."

She trusted him.

And what she said was true.

It'd be a lie to say that Qiao Mianmian wasn't angry at all at She Rou.

Especially this time, she was rumored to have an ambiguous relationship with many men.

Shen Rou had defamed her and called her a vixen who seduced men with better qualities.

She was even rumored to have an affair.

Although she appeared calm when she saw the negative news, she cursed Shen Rou in her heart.

But...

After knowing that Shen Rou was in a car accident and might even enter a vegetative state, Qiao Mianmian felt much less resentful.

After all, if that really happened, was she going to argue with a vegetable in the future?

Even if she did, Shen Rou wouldn't know.

Hence, even if Mo Yesi wanted to visit Shen Rou in the hospital, she wouldn't be angry.

"No." Mo Yesi rejected Qiao Mianmian's magnanimity without thinking. "Why should I visit her in the hospital? I'm not going anywhere. I'm just staying by my baby's side and accompanying her."

Qiao Mianmian couldn't help but smile. "You're really not going?"

Although it was fine for him to go, if he didn't... she would be happier.

Alright, she realized that she wasn't a very magnanimous person.

"Mm, I'm not going." Mo Yesi cupped her fair and tender face and leaned in close. "Why? Do you really want me to go?"

"No." Qiao Mianmian immediately denied it. "I just feel that you've known each other for over 20 years. At this critical moment, if you really want to see her for the last time, I won't object. I can understand it."

She heard a low chuckle. "So my baby is so magnanimous and understanding. But I hope you can be more petty. Baby, when can I see you jealous of me?"

"When can you be like other women and be more unreasonable in front of me?" Mo Yesi sighed.

Who could ask their wife to be unreasonable like him?

Who would be as bitter as him?

All he wanted was for his wife to be jealous of him.

He just wanted to feel her care for him.

But his wife was too rational and calm when it came to dealing with his relationship with other women.

It was almost impossible for her to be jealous of him.

"Baby, can you do something for me?" Mo Yesi asked seriously.

Chapter 2562: Untitled

Qiao Mianmian nodded. "If I can."

As long as it was nothing bad.

And she knew that Mo Yesi wouldn't deliberately make things difficult for her.

"Alright, then give me a child." The man rubbed her cheek gently with his warm palm. "Mianmian, give me a child. Our child.

"I think I'll feel safer with a child.

"I want a child that belongs to us. Is that alright?"

He had made this request many times.

Qiao Mianmian slowly accepted it.

She loved Mo Yesi.

She wanted to be with him for the rest of her life.

Hence, she wanted to bear him a child.

A child that belonged to them, the fruit of their love.

Previously, she didn't want to get married and have children too early. She wanted to fight for her career.

After all, she was still young.

It wouldn't be too late to get pregnant a few years later.

But now...

This man was too good to her.

He really wanted her to give birth to their child.

Qiao Mianmian's firm thoughts started to waver. She thought that it wasn't a bad thing to have a baby early. Since he liked it so much, she should have a baby for him.

He'd done so much for her.

She should do something to make him happy.

"Mo Yesi, have you thought it through?" Qiao Mianmian looked into his deep and dark eyes and paused for a while. She then asked seriously, "You really want me to get pregnant? Are you really prepared to be a father?"

"Do you know what will happen to our lives when the baby is born? It won't just be one more person. Once the baby is born, it'll be our responsibility.

"For the next 20 years, until he comes of age, we have to be responsible for him and take good care of him."

Qiao Mianmian wasn't old, but she was a girl, after all. She had more considerations.

She knew that there was no shortage of people to take care of the baby.

Madam Bai had already said that she would personally take care of her grandchild.

The Mo family didn't lack people.

After Jiang Luoli got pregnant, Old Madam had already chosen a professional parenting team. In the future, when Jiang Luoli gave birth, the parenting team would help her raise the child.

It was easier for them to take care of their children.

He didn't have to do everything himself.

But no matter how relaxed it was, that was their child. He would definitely be worried.

With a child in their world, their lives would definitely change.

If one party wasn't prepared, conflict would inevitably arise in the future.

Qiao Mianmian felt that she had to make things clear first.

She was serious.

Mo Yesi listened seriously.

When she was done, the man smiled. "Baby, I've thought about everything you said. I've thought about everything you can think of.

"Do you think I said I wanted a child on a whim?"

Chapter 2563: Untitled

"I made this decision after careful consideration. Don't worry, since I was the one who suggested this, I'm already prepared. I'll definitely take good care of you and our baby.

"Moreover, if Big Brother can do it, I can do it too. You have to have confidence in your husband."

"That might not be the case." Qiao Mianmian looked at the man's handsome features and couldn't help but feel her heart race.

His eyes were so gentle and loving.

"Mm?" Mo Yesi raised an eyebrow. "What might not be the case?"

Qiao Mianmian smiled cheekily and reached out to touch his face. Her fingers brushed past his thick black brows, then landed on his deep eyes, and then on his well-defined nose bridge...

She seemed to be copying a painting, and he was the god in it.

Every line on his face was so beautiful that it made her heart race.

Even if they had to face each other every day, she would probably never get sick of this face.

She wondered if she would still feel attracted to him when they were old.

Like a young girl who had just fallen in love. Her heart would race when she saw him...

She hoped she would.

"You might not be able to do what Big Brother can do." Qiao Mianmian blinked and pretended to not trust him. "Big Brother is a few years older than you, he must be more experienced.

"It's not surprising that he can take good care of Luo Luo and their baby. As for you..."

"What about me?"

Her hand slid to his cold lips, warming them with her fingertips. Mo Yesi's eyes darkened, and he quietly grabbed her little hand.

He kissed the back of her hand and chuckled. "You don't believe that I can take good care of you and our baby? Baby, do you have so little confidence in me? Or are you telling me that I don't take good care of you?"

Strange...

His lips were cold.

But the kiss on the back of her hand made Qiao Mianmian feel warm.

Her heart beat faster.

She looked up and met his smiling eyes. For some reason, her face started to burn.

Ah, Qiao Mianmian, this man is your husband.

This isn't the first time you're seeing him.

You're no longer a little girl in love.

Why are you so useless?

In front of her husband, she was still like a young girl in love, blushing and with a racing heart.

How pathetic.

She despised herself!!

But she couldn't be blamed.

She could only blame Mo Yesi for being too handsome.

She had a handsome husband, what could she do?

"Mm?" She heard a low chuckle, then the man's seductive voice sounded. "Baby, what do you want for you to agree?"

"You can ask me for anything.

"As long as you promise to give me a baby, I'll give you whatever you want, alright?"

The man's voice got lower and lower.

He seemed to be whispering into her ear.

Qiao Mianmian's heart had never calmed down, and now it was beating faster and faster...

Chapter 2564: Untitled

It was so close to exploding.

Qiao Mianmian was speechless.

Damn.

What did Mo Yesi want?

Was he using his looks to get her to agree?

If he thought that using a honey trap on her would work, then he really... used it right.

Qiao Mianmian couldn't resist such a handsome face and such affectionate eyes.

Even if this man was her husband.

Even if she'd seen this face countless times.

But she wasn't immune to it at all.

"I-I can promise you. But I have conditions too!" Qiao Mianmian gulped as she looked at the handsome face right in front of her.

“Mm, go ahead. I’ll agree to any request of yours unconditionally.” Mo Yesi smiled and looked at his wife’s flushed cheeks. He was very satisfied with the effect he’d just created.

Mm, it seemed like his face was still useful at the crucial moment.

As a proud man, Mo Yesi naturally didn’t like others to pay too much attention to his appearance.

It made him feel shallow.

He never felt that his face had any good points.

He didn’t think his face would do him any good.

Men like him preferred to speak with their abilities.

He accepted the praise, but if anyone said anything about how good-looking he was and how many women he could charm with his face, it would only make him despise and detest them.

Because he’d feel that they were praising a pretty boy.

As proud as he was, how could he tolerate being treated like a gigolo?

But at this moment, Mo Yesi felt that his face did have some benefits.

At least, he could make his wife happy.

This was the best use of this face.

“You said it yourself.” Qiao Mianmian thought for a while and said, “I want you to promise me that when I give birth in the future, I can still act.

“Moreover, if I get pregnant during filming, you can’t stop me from acting. Anyway, even if I give birth, I won’t be a full-time mom.

“I’ll only agree if you continue to support my work.”

Qiao Mianmian wasn’t a career-minded person.

But even if so, she still cared about her career.

She definitely wasn’t willing to retire to take care of her husband and children.

No matter how much she loved them, she had to have her own life and aspirations.

“Alright, I promise.” Mo Yesi nodded quickly and agreed without much thought.

He thought Qiao Mianmian would make some difficult requests.

He didn’t expect her request to be so simple.

Even if she hadn’t mentioned it, he wouldn’t have asked her to be a full-time housewife for the family.

Hence, her request wasn’t much to Mo Yesi.

“Really?” He agreed too quickly for Qiao Mianmian to react.

“Mm, I agree. Is there nothing else?” Mo Yesi nodded.

Qiao Mianmian said, “...No.”

She just wanted to focus on acting.

The moment Qiao Mianmian agreed, he grabbed her chin and kissed her.

His slightly cold lips quickly became hot.

This sudden kiss made Qiao Mianmian dizzy.

“Mm...”

A few minutes later, she finally pushed him away. Her pretty face was flushed, and her eyes were misty.

She looked pitiful as if someone had bullied her before. She took a few breaths, but before she could fully recover, warm lips fell on her lips again.

Mo Yesi picked her up.

“Mm, Mo Yesi, you, you...” Qiao Mianmian tried to push him away, but she couldn’t.

“Baby, I’ve agreed to your request. Now, it’s your turn to fulfill your promise.”

...

Shen Rou was saved.

She didn’t become a vegetable.

But her condition wasn’t much better than one.

According to Yan Shaoqing, Shen Rou had lost all her memories because of her brain injury.

Not only that, but her IQ had also deteriorated.

Moreover, although she managed to survive, her legs weren’t saved.

Her legs were injured too badly in the car accident. In order to save her life, they had to amputate them.

Both her legs were amputated.

Hence, although Shen Rou was still alive, she had become handicapped and incapable.

Yan Shaoqing said that the doctor had tested her intelligence and found that she was about the same as a four- or five-year-old child.

When Qiao Mianmian heard this, she couldn’t put her feelings into words.

She thought that it was pitiful enough if Shen Rou became a vegetable.

But this ending seemed worse.

Her legs were amputated, and she lost all her memories. Her intelligence had also deteriorated...

In the future, Shen Rou would need someone to take care of her at all times.

It was a good thing that she had lost her memories.

If she regained her memories one day...

She might go crazy.

How could the proud Eldest Young Lady Shen accept being handicapped?

That was worse than taking her life.

Shen Rou's situation was also exposed on Weibo by the so-called insiders.

After knowing her current situation, the netizens were filled with emotions.

"Sigh, why do I feel that Shen Rou is so pitiful? Although she doesn't have a good heart, this ending is too tragic. Speaking of which, she's just jealous and did something bad, but she didn't commit murder or arson."

"Damn, is it true? Does that mean Shen Rou has become a mentally handicapped person? Oh my God, this is too tragic. She might as well be dead. I used to hate her and think that she was too evil, but now I feel that she's too pitiful."

"She's pitiful, but I'm not sympathetic. Isn't she the one who caused all this? Thankfully, she was the only one who got into the car accident and didn't implicate anyone else. Otherwise, she'd really be a scourge."

"We have to be kind. You'll accumulate bad karma if you're evil. I don't pity her. She brought it on herself. If she had followed the traffic rules and didn't drive so fast, would she have become like this?"

"The worst is yet to come. I heard that the Shen Corporation is about to go bankrupt. Shen Rou's accident caused the share price to drop drastically the next day. Moreover, the capital chain of several projects under the Shen Corporation is broken, and no bank is willing to lend them money."

"I heard from my dad that the Shen Corporation won't be able to make a comeback this time.. I think they will become bankrupt in a week at most."

Chapter 2565: Untitled

"Wow, that's too terrible. It's not much different from having a ruined family. Didn't they say that the Shen Corporation managed to invite Henry Zhou? Perhaps, if the new jewelry sells well, they can make a comeback."

"Sisters, don't you know? Henry Zhou won't be working with the Shen Corporation anymore. Hence, they are doomed this time. There's no way to turn things around."

"The Young Lady of the Shen family ended up like this. Sigh, I think it's better to die."

There was a commotion on Weibo.

She used to be the proud Young Lady of the Shen family. Many people pursued her, and she was an unattainable goddess in the hearts of many men.

But now, she was in such a pathetic state.

Some netizens felt that she deserved it, and some others felt that she was pitiful.

But no matter what became of Shen Rou, no matter what happened to the Shen family, to the netizens, it was just one of the topics to be discussed over dinner.

It was a pity.

But it was just a few words.

After sighing, they did what they had to do.

They discussed it for two days, but not long after, the netizens were distracted by other new things.

Soon, Shen Rou was forgotten by the netizens. Not many people remembered her, and not many people discussed her anymore.

Then, Shen Rou and the Shen family were once again remembered by the netizens. Moreover, it was the day that the Shen family declared bankruptcy.

It hadn't been long since Shen Rou's car accident.

It had only been half a month.

Initially, the Shen Corporation's bankruptcy was posted by a financial news officer.

Just like when Shen Rou got into a car accident, not many people believed it at first.

But later, other official Weibo accounts also exposed this matter. After the television station also reported this matter, the netizens finally believed that the Shen Corporation really went bankrupt.

The Shen and Gong families were the same. They were one of the richest families in Yuncheng City.

It had only been half a month, but the Shen family had actually declared bankruptcy.

This made people sigh.

Things were indeed unpredictable.

The once glorious Shen family was gone just like that.

Some reporters went to the Shen Corporation for an interview.

When the current Chairman of the Shen Corporation, Father Shen, came out for an interview, he looked extremely haggard on the camera. In just over 10 days, he seemed to have aged more than 10 years and was no longer as energetic as before.

Father Shen's eyes were red when talking about the bankruptcy.

The Shen family's decades of business were ruined by his generation.

How could he not be sad?

“Chairman Shen, it’s said that the Shen Corporation has been acquired by another company. Is this true?” The reporter looked at the haggard old man whose eyes were red. Although he couldn’t bear it, he still had to ask.

This question made Father Shen look even more haggard. His eyes were full of fatigue. After a moment of silence, he said hoarsely, “Yes, I didn’t manage the Shen Corporation well, that’s why it has come to this today.. The Shen Corporation needs to be handed to someone capable.”

Chapter 2566: Untitled

“Chairman Shen, can you tell us which company acquired the Shen Corporation?”

To be able to acquire the Shen Corporation and clean up the mess, it must be one of the largest companies.

There were only a few big companies in Yuncheng City.

They were the Yan, Bai, Gong, and Mo families.

And these families used to have ties with the Shen family.

The acquisition of the Shen Corporation was a good topic of discussion.

Father Shen was stunned.

“I’m sorry.” After a few seconds, he said with a stiff expression, “We’ve signed a confidentiality agreement. We can’t disclose it to anyone for now.”

Since it was a confidentiality agreement, the reporters knew that they wouldn’t be able to get anything out of him, so they didn’t continue asking.

The reporter changed the topic. “Many netizens are very concerned about Miss Shen Rou. If possible, can Chairman Shen tell everyone how Miss Shen is doing? This should be possible, right?”

Hearing the reporters mention Shen Rou, Father Shen’s eyes showed a hint of sadness.

He was silent for a long time.

When he spoke again, his voice sounded a lot hoarser and older. “Thank you for everyone’s concern. Rourou... has our family to take care of her now. Her emotions are rather stable.

“No matter what, we’ll take good care of her. Don’t worry about her.”

“Someone on Weibo said that Miss Shen’s brain was severely injured from the car accident, causing her intelligence to be affected. So, Miss Shen’s mind might be like a child’s now. Is this true?”

Father Shen’s expression stiffened and then darkened.

“I’m sorry, this is our family matter. I still have something on, so today’s interview will end here.”

With that, Father Shen turned around and left.

The interview ended here.

...

At the Mo Corporation.

In the President's office.

Wei Zheng stood in front of the desk and reported respectfully. "Chairman Mo, the contract for the Shen Corporation has been drafted. Chairman Mo, please take a look again. If Chairman Mo thinks it's alright, I'll take it to the Shen Corporation for them to sign the contract later."

On the black desk was a stack of freshly printed contracts.

Mo Yesi put down the document he was holding and flipped through the contract for a few minutes.

Wei Zheng stood at the side with his hands crossed, waiting for his superior's order.

A moment later.

Mo Yesi finished reading the contract and placed it back on the table. He said calmly, "There's no problem with the contract. Bring your men to the Shen Corporation to sign the contract."

"Yes, Chairman Mo. I'll get it done right away."

Wei Zheng picked up the contract and was about to leave the office.

"Wait." Mo Yesi suddenly recalled something.

Wei Zheng stopped in his tracks and turned around. "Chairman Mo, do you have any other instructions?"

"Mm." Mo Yesi rubbed his temple and looked down.

Wei Zheng thought that he had something important to tell him. He immediately perked up his ears and waited for him to speak.

Unexpectedly, Mo Yesi said, "When you're back, go to the dessert shop called 'Peach Taste' on Huainan Road. Young Madam's favorite desserts are from that shop. Buy some of each dessert.."

Chapter 2567: Untitled

Wei Zheng quickly responded, "Yes, I'll remember."

"Mm, go on." Mo Yesi waved him off.

Wei Zheng turned around and left the office.

Chairman Mo and Young Madam were considered an old couple.

But why was it still like the honeymoon period and their relationship seemed to be getting better and better?

Didn't they say that relationships changed after marriage?

No matter how strong their feelings were, they would fade after marriage.

Once the novelty between a man and a woman was over, their love naturally faded.

But these theories didn't seem to be valid between Young Madam and Chairman Mo.

For someone like Chairman Mo, time was money.

Besides his work, Wei Zheng had never seen him spend much effort on anything else before Young Madam.

Before Young Madam, Chairman Mo was known for being pure and uninterested in women.

Even he suspected Chairman Mo's sexual orientation and thought that he didn't like women.

Until Young Madam appeared.

Chairman Mo seemed to have given all his warmth and gentleness to her.

In front of Young Madam, he was extremely gentle and doting, completely different from how he was in front of others.

If Wei Zheng hadn't seen it with his own eyes, he wouldn't believe that Chairman Mo had such a gentle and soft side.

He didn't believe that Chairman Mo could pamper a woman to the skies.

Chairman Mo was so good to Young Madam that even he was envious.

So...

Why did Miss Shen pick on Young Madam so many times?

If Miss Shen could see the truth and stop being obsessed with Chairman Mo and being jealous of Young Madam and get along well with them, the Shen Corporation definitely wouldn't have reached this stage.

Chairman Mo would help the first time something happened to the Shen Corporation.

With Chairman Mo's help, the Shen Corporation would be out of trouble soon.

As for Shen Rou, she probably wouldn't have ended up in such a miserable state.

He heard that Shen Rou sped on the highway because she wanted to stop Henry Zhou's assistant at the airport.

Sigh, it was all destined.

God had already arranged everyone's fate.

...

The annual Golden Globe Film Festival was held as scheduled. The Golden Globe Award was the most influential award in the country. Those who could get an award at this festival were all extraordinary.

It was also a form of recognition for the actors' abilities.

This was different from the awards that could be won with money. They were all chosen by the most professional judges in the industry.

You could bribe the judges at other film festivals, but this wouldn't happen at the Golden Globe Awards.

Someone had tried before.

Not only was the actor who tried to bribe the judges removed, but he was also stripped of his chance to participate in the Golden Globe Film Festival.

The consequences of trying to bribe the judges were so serious, no actor dared to try it out.

Especially those in the industry who valued the Golden Globe Award. No one dared to do such a thing.

Hence, when Qiao Mianmian heard from Linda that she was nominated for the Best Female Lead Award because of her part in "If You Can't Love", she was stunned..

Chapter 2568: Any Plans for Tonight?

"Baby."

"Mo Yesi, are you socializing tonight?" Qiao Mianmian didn't go to the Mo Corporation today. Mo Yesi was going out to socialize with someone, and she didn't like to socialize with them, so she stayed at home and read the script for the whole day.

"Tonight?"

"Mm. Are you still accompanying them tonight?"

"Baby, wait. Let me ask Wei Zheng."

A few seconds later, Mo Yesi smiled and said, "I'm free tonight. Why? Do you have any plans for tonight?"

"I'll treat you to a meal." Qiao Mianmian smiled at the thought of being nominated. "I wonder if Chairman Mo is willing to give me face."

"Mrs. Mo, please. Chairman Mo will always give you face." Mo Yesi smiled. He seemed to be in a much better mood because of her call. "Why are you suddenly treating me to a meal? Did something good happen?"

"Mm, it's a happy occasion." Qiao Mianmian thought that he was still socializing and didn't intend to talk to him for too long. She kept him in suspense and said, "I'll tell you when we meet tonight. I won't disturb you anymore. Bye, see you tonight."

But Mo Yesi didn't intend to hang up too quickly. He quickly said, "You don't even let me guess? The happy occasion you mentioned... could it be that you're pregnant?"

He sounded rather expectant.

Qiao Mianmian was speechless.

Mo Yesi hadn't taken any precautions since they agreed on trying to get pregnant.

But she shouldn't be pregnant so soon.

Mo Yesi was already going crazy over the child.

She didn't know why he wanted children so much. At his age, many men were playful.

They didn't want to be a father too soon.

"No, it has nothing to do with pregnancy. You'll know when the time comes. I'm hanging up. Let's talk tonight."

...

"Is Chairman Mo picking up Mrs. Mo's call?"

A middle-aged man in sportswear who had just finished playing golf walked over. Beside him was a young and beautiful woman. The woman took the cue from him and handed him a warm towel obediently.

The middle-aged man wiped the sweat off his face and handed the towel back to the woman.

Mo Yesi locked his cell phone and turned to look at the middle-aged man. "Chairman Zhao, why aren't you playing anymore?"

"I'm tired, let's rest for a while." The middle-aged man called Chairman Zhao smiled and said, "I'm old, my physical fitness can't compare to young men's."

"Chairman Zhao is at his most mature and charming age. It's too early to say that. Since Chairman Zhao wants to rest for a while, I'll accompany you." Mo Yesi turned around and sat down at the rest area.

The middle-aged man walked over.

A staff member immediately came over and poured them some tea.

The young and beautiful woman beside the middle-aged man followed him and massaged his shoulders.

As she did so, she asked, "Chairman Zhao, is this strength alright?"

The middle-aged man narrowed his eyes. "Mm, not bad."

The young and beautiful woman massaged the middle-aged man's shoulders, but her eyes were all on Mo Yesi.

She stole a few glances at him.

It turned out that this was the Second Young Master of the Mo family, the Chairman of the Mo Corporation, whom Young Lady Shen had been pining for for over 20 years..

Chapter 2569: Untitled

After seeing him with her own eyes, she finally understood why Young Lady Shen was so obsessed with him.

This man... was really one of a kind.

The best.

Even though she knew that this man would never have anything to do with her in this lifetime, the woman couldn't help but steal glances at him. She felt that if she didn't see it with her own eyes, she wouldn't dare to believe that such a man actually existed in reality.

This face, this body...

They were the best of the best.

Seeing such a perfect man and then looking at the man beside her, the woman couldn't help but show a hint of disdain.

If it wasn't for money, how could she follow this old man?

But if she had to serve someone like Mo Yesi, she was willing to pay to be with him.

It was worth it to sleep with such a top-notch man.

Mo Yesi could feel the young woman's gaze on him. He looked up and saw that she was looking at him as if she was a little girl in love.

The woman was stunned when she met Mo Yesi's eyes. She looked down shyly, but after a few seconds, she looked up and winked at him.

Even though she knew that a man like Mo Yesi was beyond her reach, she didn't want to miss any chance.

No matter how powerful a man was, it was inevitable that he would have some problems.

They were all the same.

Although she heard that this young and promising Chairman Mo was already married and that Madam Mo was a very beautiful female celebrity, so what? After seeing her for a long time, wasn't it just that?

Many men married beautiful female celebrities and kept mistresses outside.

Many of their mistresses weren't even as pretty as their original partners.

So, if she didn't give it a try, how would she know if she had a chance?

Compared to serving old men, she naturally hoped to be with such a young, handsome, rich, and powerful man.

Mo Yesi's eyes turned cold the moment she looked at him.

The coldness in his eyes made the woman feel a chill down her spine. When she looked up and saw the disgust in Mo Yesi's eyes, she felt as if her body was frozen. She couldn't help but feel afraid.

She'd been trying to seduce Mo Yesi a second ago, but now, all such thoughts were gone.

The middle-aged man didn't know what his little lover had just done, but seeing that Mo Yesi's expression suddenly turned cold, he asked curiously, "Chairman Mo, did you encounter something troubling?"

"It's nothing," Mo Yesi said calmly. "Although I shouldn't interfere with Chairman Zhao's family matters, I hope that Chairman Zhao won't bring anyone he shouldn't. I don't want anyone unrelated to be here."

The middle-aged man was stunned. When he understood what Mo Yesi meant, he immediately patted his little lover's hand. "Manli, there's nothing for you to do here. Go back first. I'll look for you when I'm free.

"Didn't you say you wanted a bag? Buy it later. Take it as a gift from me.."

Chapter 2570: Don't Have the Hobby of Recycling Rubbish

The woman knew that Mo Yesi despised her.

She had just boldly winked at him, but now he despised her.

She had heard about Mo Yesi before.

It was said that he was pure and didn't like women.

No matter how beautiful a woman was, he wouldn't take another look at her.

But he loved his wife.

He despised other women, but he pampered his celebrity wife to the extreme.

Back then, many of her friends even enviously said that if the husband they found in the future was one-tenth like Mo Yesi, they would be satisfied and have no regrets.

Back then, she didn't think much of it.

She felt that the rumors were too exaggerated.

After all, men were of the same character.

She didn't believe that there was such a clean and loyal man in this world.

And he was a rich and powerful man.

What did he not want?

He must be surrounded by temptations.

He couldn't resist it for the rest of his life.

But the probing just now made her feel like she was asking for humiliation.

"Yes, Chairman Zhao."

The woman looked at Mo Yesi awkwardly and left unwillingly.

Mo Yesi watched her leave expressionlessly.

The middle-aged man saw that he was looking at his little lover and smiled ambiguously. Thinking that he was very generous, he said, "Chairman Mo, what do you think of Manli? She's been with me for a year, and she has served me really well. Otherwise, I wouldn't have let her follow me for so long. But although it's rare to find someone so nice, as long as Chairman Mo likes her, I can let Manli..."

Before the middle-aged man could finish, Mo Yesi's expression darkened.

The middle-aged man was stunned, not understanding why his expression had changed.

"Chairman Zhao, I don't want to hear this again in the future. I don't want my relationship with my wife to be affected because of this. If you like such a messy woman, keep her. I don't have a hobby of collecting rubbish." Mo Yesi's face was dark, and his voice was cold. "I think we can talk about our cooperation in the future. I have something to do, so I won't accompany you."

With that, he got up and left.

The middle-aged man was stunned for a while as he watched him leave.

He just realized that he seemed to have offended Mo Yesi.

He'd only heard from others that Mo Yesi valued his wife and doted on her.

Some even said that offending his wife was worse than offending him.

He might let it slide if he was offended, but offending his wife was asking to die.

The middle-aged man didn't think much of these rumors.

He was a man too, so he knew other men best.

People like them were born with wealth and power. They could get anything they wanted easily, especially when it came to women. No matter what kind of woman they were, they could get it with just the flick of a finger.

In his opinion, women were just items that could be bought with money.

It was the same for beautiful women.

The difference between them was spending more or spending less.

Hence, he was a classic example of how the red flag at home didn't fall while the flag outside fluttered. He had more than one lover outside, and his wife knew about this.

She just pretended not to know.

He didn't expect a man like Mo Yesi to take his wife so seriously.

If he'd known, he wouldn't have said those words.

He wanted to curry favor with him, but he didn't expect to ruin it.

But how could he know that there was such a man?

Which of his friends didn't have a few lovers?

In their circle, a man who didn't have a lover would make others think that he was different.

"Sigh, my mouth!" The middle-aged man looked at Mo Yesi's back view as he left.

Mo Yesi left early.

There was no way to discuss business for now.

The middle-aged man sighed and wasn't in the mood to play anymore. He stood up with a frustrated expression and was about to leave.

This trip was to discuss a partnership with the Mo Corporation.

The middle-aged man sighed again.

He turned and walked towards the changing room.

But when he walked out of the rest area, he saw a familiar figure.

He stopped in his tracks and stared at the figure for a few seconds. After confirming that he didn't recognize the wrong person, he immediately went forward to greet them. "Young Master Gong, what a coincidence. Are you here to play golf too?"

The slender figure stopped in his tracks and looked at him emotionlessly.

"Mm."

Chairman Zhao had worked with the Gong Corporation several times.

Gong Zeli had some impression of him.

The middle-aged man realized that Gong Zeli wasn't here alone.

A woman was standing beside him.

This wasn't strange.

Gong Zeli used to bring women along when he went out to socialize.

He was different from Mo Yesi. The women around him were never the same.

Hence, the middle-aged man didn't pay much attention to Gong Zeli bringing a woman here.

But just as he was about to look away, the woman suddenly looked up.

It was a familiar face.

The middle-aged man couldn't help but be stunned. He realized that this woman was actually a young girl. She looked pure and innocent, and she seemed to be a university student.

This wasn't strange.

There were two university students among his mistresses.

Men all liked young girls.

But Gong Zeli's female companions were all beautiful and mature. This was the first time he saw such a young girl.

Hence, the middle-aged man couldn't help but take a few more glances at her.

He could tell that something was wrong.

Why did she look so familiar?

The middle-aged man furrowed his brows and thought for a few seconds. Suddenly, his eyes changed. He now looked at the girl in front of him with intriguing eyes.

He knew it.

Why did this girl look like Mo Yesi's precious wife?
