

Big Shot 2611

Chapter 2611: I Must Challenge Her

Song Fei was a little shocked when she found out what was going on. When her manager urged her to stop the fans, she pursed her lips and kept quiet for a few seconds.

“Ancestor, did you hear what I said?” Her manager got even more anxious when she didn’t say anything. “Just let me know if you heard it.”

“Mm, Sister Li, I heard it.” Song Fei finally spoke.

“Then, quickly inform your fans. As for Qiao Mianmian... it’s best if she doesn’t intend to deal with this matter. If I plead with her manager, Linda will probably give me face.”

“Sister Li, I think...” Song Fei frowned. “I think my fans did nothing wrong. They did this to protect me.”

“It doesn’t matter if your fans did anything wrong. Qiao Mianmian isn’t someone we can offend. In the past, when they did this to others, I couldn’t be bothered if it wouldn’t cause any serious consequences. But this time is different. Don’t you know Qiao Mianmian’s background? How many people who fought with her ended up well? Qiao Anxin, Huang Yilin, and even the Shen family’s daughter, Shen Rou. Don’t you know how they ended up?”

“Do you want to end up like them?”

The manager’s words didn’t make Song Fei afraid. Instead, she was indignant. “Sister Li, you’re too timid. Even if Qiao Mianmian has a powerful background, she can’t control the entertainment industry. Moreover, it was her people who started this. What wrong did my fans do? Everything they did was for me.

“Ever since I participated in ‘King of Singers’, they’ve been quietly protecting me. Without their support, I wouldn’t be who I am today. Now, they’re also willing to fight with everyone for me. But you want me to tell them that what they did was wrong and that they should stop immediately, that they’ve caused me trouble. How do you want me to say this?”

The manager choked. “Feifei, you...”

Song Fei touched her curly hair and continued with a cold expression. “I will only fight with them. I, Song Fei, and my fans will never bow down to anyone.”

“Song Fei, are you kidding me? Qiao Mianmian is really someone we can’t afford to offend.”

“So what?” Song Fei scoffed. “I just have to challenge her. I want to see what she can do. I believe the eyes of the public are clear. Most of the netizens will definitely stand on my side.”

“Song Fei...”

The manager wanted to say more, but Song Fei hung up.

Her sugar daddy was the boss of her management company.

Hence, she didn't have much respect for her manager. It was common to not take her manager's words seriously.

Ever since she participated in the competition, she had been praised by her fans and treated herself as an omnipotent queen.

Moreover, she had hooked up with her boss, so everyone in the company had to give her some face. Even some seniors would curry favor with her.

It fueled her arrogance..

Chapter 2612: Beat Song Fei

Song Fei was used to being flattered and feeling invincible.

She felt that she could do whatever she wanted.

She knew Qiao Mianmian.

She also knew Qiao Mianmian's background.

But she wasn't afraid.

In Song Fei's opinion, her fans were omnipotent. There was nothing her fans couldn't do.

So what if it was Qiao Mianmian?

She had to provoke someone that no one else dared to provoke.

She didn't believe that offending Qiao Mianmian was bad.

Qiao Mianmian wasn't in charge of the entertainment industry.

Moreover, although Song Fei had undergone plastic surgery, she seemed to have forgotten what she used to look like. She only thought that her appearance after plastic surgery was her true appearance.

Her fans always praised her in the group chat, saying that she was the most beautiful woman in the entertainment industry.

Song Fei heard this too many times and felt that she was really the most beautiful.

She naturally couldn't accept people saying that Qiao Mianmian was prettier than her.

Hence, when she found out that her fans had torn Qiao Mianmian apart, she wasn't worried about the consequences at all. Instead, she felt very happy.

She touched her face and snorted. "Hmph, you don't deserve to be compared to me. You deserve to be scolded."

...

On the other side.

Qiao Mianmian also found out from Linda that her fans were fighting with Song Fei's fans.

"Song Fei? Why are my fans fighting with her fans? I've never interacted with her before, right?"

"Because someone said something that made her fans unhappy."

"What?"

"He said you're prettier than Song Fei."

"..."

Qiao Mianmian didn't expect it to be so ridiculous. "Just because of this?"

She didn't believe it.

"Just because of this, her fans attacked you like crazy. Your fans naturally had to defend you. Then, someone dug up Song Fei's plastic surgery history. As time went by, the conflict between the two sides got worse."

Qiao Mianmian was speechless.

"Song Fei's fans are notoriously difficult to deal with. The female artistes they tore apart can form a football team. You're unlucky to have offended her fans. This is an undeserved calamity."

Qiao Mianmian was speechless.

Wasn't it an undeserved calamity?

She hadn't done anything.

"But her fans are too much. Moreover, we already know about this. Song Fei must know too, but she and her agency didn't respond. Now, her fans are crazily spreading rumors about you on Weibo."

Qiao Mianmian was silent for a while. "Sister Xie, do you think I should respond to this?"

"There's no need to respond, but it's fine to teach her a lesson. It's fine if it's just the behavior of a fan, but if Song Fei doesn't stop them despite knowing what her fans have done, then teach her a lesson."

"How should I teach her a lesson?"

"I know about your scandals. They don't have any concrete evidence. As for her scandals, I have a lot of evidence here. So, leave this to me. On the other hand..."

"Didn't her fans tear you apart because they couldn't bear to hear anyone say that you're more beautiful than Song Fei? Then, you'd better blind her fans tonight."

"Baby, what you have to do is to be high-profile tonight! We'll use our abilities to beat Song Fei!"

Chapter 2613: She Wanted to Become the "Evil Person" Again

Qiao Mianmian was speechless.

“Hmph, I think Song Fei is being flattered by her fans too much. Who does she think she is? That’s why she doesn’t know the immensity of heaven and earth. She didn’t even ask around. Are you someone she can afford to offend?”

“Since she insists on doing it, we should teach her a lesson. Anyway, many people in the industry dislike her.”

Qiao Mianmian took a look at Weibo and saw that her past scandals were lined up in a row, occupying the entire trending page.

Seeing her “high school abortion” again, Qiao Mianmian’s brows twitched. She’d thought that she’d already seen such scandals and wouldn’t feel too much about it. But as she read on, her expression darkened.

She knew about Song Fei’s fans.

They were tough and arrogant.

She knew that Song Fei’s fans went around tearing other fans and many female artistes apart.

But Qiao Mianmian never expected that she would one day become one of their targets.

And because of a ridiculous reason.

Qiao Mianmian looked at the trending topics and saw how Song Fei’s fans argued with other netizens. She finally understood why Song Fei’s fans were called “social malignant tumors”.

They were all girls in their teens, but when it came to scolding people, it was hard to believe it.

Even if Qiao Mianmian went to scold them, she definitely wouldn’t be able to win.

Her mouth couldn’t be so dirty.

Qiao Mianmian had been scolded before.

It wasn’t as if she hadn’t seen such vulgarities before.

But just because of a small matter, it actually caused such a serious consequence. Song Fei and her crazy fans actually scolded her on Weibo. This really made Qiao Mianmian a little angry.

As someone who was often embroiled in scandals, she could have calmly looked at this matter.

But Song Fei’s fans were too arrogant.

Especially when she saw Song Fei’s fans using all sorts of vulgar words to insult her fans, Qiao Mianmian’s anger rose.

This made her even angrier.

She might not be bothered if they scolded her.

But to bully her and scold her fans?

She couldn’t take it anymore.

She didn't want to have any grudges with anyone in the industry, not because she was afraid of them, but because she was afraid of trouble. She didn't want others to say that she was bullying others.

But as Linda said, Song Fei definitely knew about it.

She knew, but she didn't come forward to stop them.

This meant that Song Fei had tacitly approved of her fans' actions.

In that case, Qiao Mianmian felt that Song Fei wasn't innocent.

Since she tacitly allowed her fans to do this and wanted to blow things up, Qiao Mianmian didn't mind others saying that she was bullying others.

This time, she wanted to be a "villain" for her fans.

...

The scolding battle on Weibo was still escalating.

It was getting worse.

Song Fei's fans were indeed notoriously difficult to deal with. They could easily deal with ten people at once..

Chapter 2614: Everyone Is a Grandson

Qiao Mianmian had more fans than Song Fei.

But her fans were all gentle sheep.

How could they compare to Song Fei's crazy fans?

Moreover, Song Fei's fans had no bottom line.

They posted many photos of Qiao Mianmian's fans on their Weibo page and attacked them.

For example—

"Is this how Qiao Mianmian's fans usually look? A bunch of ugly and fat female losers. They're not even fit to carry our Feibao's shoes, and they still dare to say that Feibao had plastic surgery. With your looks, you'll definitely be the type to get plastic surgery."

"@AlwaysSupportMianbao. Ugly woman, fatty, just like your Mianbao. She's a plastic surgery freak. Her plastic surgery hasn't even been done yet, and she's still so ugly that I feel like vomiting. The master raises the servant. Qiao Mianmian is ugly, but the fans are also a bunch of ugly monsters. Hahahaha."

"@QiaoFamily'sLittleCutie. You're so ugly, and you're still a little cutie. Little cutie, you look like a flat shoe. Qiao Mianmian's braindead fans are all at this level."

"@LoveMianmianTheMost. I've never seen such a pretentious selfie. Who are you trying to seduce every day? Are you like your master? You're so young, but you don't learn to be good. All you think

about is how to get a man? It's a pity that your master relied on plastic surgery to counterattack. You ugly people will have nightmares if you take another look. Don't even think about marrying into a rich family."

Qiao Mianmian's fans were all dead.

Song Fei's fans even posted a few of their cell phone numbers, home addresses, and schools.

Then, they used a few of their selfies to register a new Weibo account and posted some insulting posts.

For example—

"Hello, everyone. My name is Little Anna. My Weibo profile picture is of myself. If you like me, you can send me a private message. My cell phone number is 13xxxxxx. Little Brother, I'll wait for you to come and find me."

There were many perverts on Weibo.

After seeing this Weibo post, they really called the fans and asked for the price.

They were still students.

The oldest was only 21 years old.

A group of pure and innocent girls was humiliated in such a way because they defended their idol. They were so angry that they took screenshots of Song Fei's fans and said that they wanted to sue them.

A while later, a few big fans made a statement.

If Song Fei's fans deleted all the insulting Weibo posts and apologized to them, then this matter would be over.

After all, a lawsuit was a troublesome matter.

It was a waste of time and energy.

Hence, as long as the other party deleted the Weibo post and apologized, they could keep the peace.

But this was obviously their wishful thinking.

When Song Fei's fans found out that Qiao Mianmian's fans had decided to sue them, they treated it as a joke and became even more arrogant.

"Hahaha, I'm dying of laughter. Do you think your grandfather was ever frightened? You're suing me? Aiyaya, I'm so afraid. Go on. Everyone is a grandson."

"That's right, whoever doesn't look for them is a f*cking grandson. Do you think you can scare us with just a lawyer's letter? Let me tell you, I'll put it this way. I'll take responsibility for everything I said.."

Chapter 2615: Hmph! So What If It's Qiao Mianmian?

“I won’t delete it, much less apologize to you. If you want to sue, go ahead. I’m waiting for you, don’t just say nothing.”

“Dream on. Even if I die, I won’t apologize to a bunch of ugly people.”

“Deleting the post is impossible. Never. Sue if you have the ability. Don’t just talk nonsense.”

“Where’s the lawyer’s letter? I’m waiting. Are you still thinking about how to photoshop it?”

“Qiao Mianmian’s fans are all ugly and low-class losers. I seriously doubt they have the money to hire a lawyer? Hahaha, let me know if they don’t have the money. Our Feibao fans have always been generous, we don’t mind sponsoring you.”

Song Fei’s fans were too arrogant.

But once a passerby spoke up for Qiao Mianmian, they would be attacked by Song Fei’s fans.

Gradually, few passers-by dared to do so.

After all, no one wanted to get into trouble for no reason.

Song Fei’s fans were crazy.

Who would want to provoke a group of lunatics?

Song Fei’s fans had the absolute advantage in this scolding battle.

This made them fight even more intensely. The group of people seemed to have been injected with chicken blood as they attacked the heavens and earth on Weibo. Everywhere they went, they were criticized like locusts.

...

On the other side.

The awards ceremony hadn’t officially started.

Most of the artistes had already entered the venue and found their seats.

Song Fei sat in her seat and scrolled through Weibo. She was also concerned about the situation.

Seeing that her fans had the absolute advantage and suppressed Qiao Mianmian’s fans, Song Fei smiled gently.

She knew that her fans wouldn’t disappoint her.

Hmph! So what if it was Qiao Mianmian?

She’d provoked her.

What trouble did it bring her?

Qiao Mianmian still didn’t dare to say a word.

She made it sound so impressive, as if whoever offended her would die. Now, it seemed like that was all.

She saw that it was just a boast.

Huang Yilin's matter was her own fault. She did something illegal on impulse and was arrested.

But later, it was rumored that Qiao Mianmian let Huang Yilin go to the police station.

As for Qiao Anxin, she was just outdated.

She was also said to have offended Qiao Mianmian, and the latter made her disappear from the entertainment industry.

And that Young Lady Shen.

An accident?

Just because Eldest Young Lady Shen had liked Chairman Mo before and now Chairman Mo was Qiao Mianmian's husband, people thought that Eldest Young Lady Shen ended up in such a terrible state because she offended Qiao Mianmian.

Everything had nothing to do with Qiao Mianmian.

But they made her seem so impressive.

Others would believe this, but she wouldn't.

Hence, she wasn't afraid of Qiao Mianmian.

She wanted to see what would happen to her if she offended Qiao Mianmian.

At least from the looks of it, Qiao Mianmian had already been scolded by her fans and didn't do anything.

If she was really that impressive, would her fans have scolded her for so long?

At least delete some trending topics..

Chapter 2616: Provocation

But Qiao Mianmian's trending searches weren't deleted.

Moreover, Qiao Mianmian's fans had been scolded by her fans, but she didn't even come out to defend them.

Didn't they say that Qiao Mianmian doted on her fans?

Was this how she pampered them?

Could Qiao Mianmian not know about this?

She was sure that Qiao Mianmian already knew.

She knew, but she didn't do anything. That could only mean one thing: Qiao Mianmian wasn't as impressive as the rumors said.

As Song Fei thought about this, her smile deepened.

Qiao Mianmian had been in the limelight recently. There was news about her everywhere, and all sorts of endorsements picked her. Song Fei had actually been unhappy with Qiao Mianmian for a long time.

Especially the endorsement she was in contact with. She heard that the other party liked Qiao Mianmian more, so she was dropped.

Although it wasn't Qiao Mianmian who stole her endorsement, Song Fei still felt uncomfortable.

She had some resentment towards her.

Hence, after knowing what her fans had done, she didn't stop them.

She even wanted her fans to suppress Qiao Mianmian.

And they didn't disappoint her.

She'd just seen a portion of her fans go to the official Weibo account of "Phoenix in Flight" and ask the director to replace Qiao Mianmian. Otherwise, they'd give them a negative score when the movie was released.

Some fans even left comments on the Golden Globe Awards' official account, asking the judges to disqualify Qiao Mianmian.

The situation was getting out of hand.

Song Fei was getting happier.

She even arrogantly Liked a post about how Qiao Mianmian managed to marry into a rich family and got the second female role of "Phoenix in Flight".

Then, her followers saw the post.

Song Fei V liked "Exposing Qiao Mianmian's Unknown Past" a minute ago.

"Damn, Song Fei actually Liked Qiao Mianmian's scandals. What does this mean???"

"She didn't even say anything about her fans. I thought she didn't know about this. But she just liked the post exposing Qiao Mianmian's scandals, which means she knows about it. What does she mean by that? Is she supporting her fans?"

"I've long heard that Song Fei's fans tear every female artiste apart. She knew about it, but she didn't stop them. It's precisely because of her indulgence that her fans are getting more and more arrogant. She actually used her main account to Like this post. This is a public provocation. I want to know what Qiao Mianmian will do next."

"Why isn't Qiao Mianmian doing anything? I'm so anxious. Anyone would be unable to tolerate being bullied by Song Fei and her fans like this. Doesn't she have a very impressive husband and family? How can she remain indifferent after being bullied like this?"

"I beg Qiao Mianmian to teach Song Fei's fans a lesson. I'm really going to die from anger."

Song Fei's Like was rather arrogant.

Other artistes would quickly cancel their Likes and declare that they accidentally clicked on the button.

But Song Fei didn't.

Her Like was still there.

Five minutes had passed since the Like, and it was still there.

Now, nobody would believe that her hand had "slipped"..

Chapter 2617: It's Your Turn to Perform

There was only one possibility.

She did it on purpose.

She deliberately Liked the post exposing Qiao Mianmian's scandals. If this wasn't provocation, what was it?

This blatant and arrogant behavior made many netizens ask—

"Is there some old grudge between Qiao Mianmian and Song Fei that we don't know about? I feel like Song Fei doesn't like her. But I've never heard of any conflict between them."

"They don't have any old grudges, right? One of them is from the film and television industry, while the other is from the music industry. They don't interfere with each other's business, so what grudges can they have? It's just that Song Fei's personality is as domineering as her fans. She can't stand others saying that Qiao Mianmian is prettier than her."

"How did Song Fei get to where she is today? The entertainment industry is full of handsome men and beautiful women. Many female celebrities are more beautiful than her. Is she unwilling to face reality? Her fans are always praising her for her looks. Does she really think that her looks are invincible and that no one can compare to her?"

"Song Fei is too arrogant. After all, Qiao Mianmian debuted before her and is considered her senior. Moreover, Qiao Mianmian's popularity is obviously higher than hers. She's really looking down on others by doing this."

"@QiaoMianmian, come out and hit the dog."

"@QiaoMianmian, Young Madam Mo, it's your turn to perform."

"@QiaoMianmian, Song Fei is so arrogant, can you really take this lying down?"

Song Fei's arrogance was unbearable.

They all tagged Qiao Mianmian and asked her to teach Song Fei a lesson.

Song Fei wasn't very popular.

Besides her crazy fans, most of the passersby didn't have a good impression of her.

This was also why her fans liked to tear people apart.

Hence, even she didn't like it.

Now that this happened, besides her fans, most of the passersby were on Qiao Mianmian's side. They hoped that she could teach Song Fei a lesson.

...

Qiao Mianmian saw the comments from the passersby and fans.

She had a few groups.

They were all built by fans.

Then, each big fan would be the manager of a group and help her manage her fans.

The fans in the group were furious that Song Fei's fans posted the news on Weibo.

The fans all said that if the few big fans were poor, they could pool money to help them fight the lawsuit.

They couldn't let Song Fei's fans think they were easy to bully.

Qiao Mianmian looked at the group chat and felt angry and guilty.

She didn't expect Song Fei's fans to be so generous.

She searched for the relevant Weibo accounts to see how the fans were humiliated.

She couldn't believe that such dirty and shameful acts were done by a group of teenage girls.

She felt guilty that her fans were in this situation because they were defending her.

In fact, the fans were implicated by her.

She'd been defamed so many times on Weibo.

This was the first time Qiao Mianmian was so angry.

She thought for a while and replied.

Qiao Mianmian: [Don't worry, everyone. I'll take revenge for you. You don't have to worry about the lawsuit. I'll make the person who deserves it pay the price. Also, don't do anything for me on Weibo anymore. Leave the rest to me..]

Chapter 2618: Treat It as Expelling Evil for Society

"Wow, it's Mianbao."

"Is it really Mianbao? Am I seeing things?"

“It’s Mianbao, it’s really Mianbao. Mianbao, you’re finally out. We were almost angered to death by Song Fei’s fans. Also, Song Fei actually Liked the post about your scandals just now. She’s really too much. Mianbao, you can’t take this lying down.”

“That’s right, Mianbao. Song Fei and her fans are too much, you can’t take this lying down. Otherwise, they’ll think you’re easy to bully!”

“Mianbao, it’s fine if we fans feel aggrieved, but we don’t want you to feel aggrieved too. Who is that Song Fei? What right does she have to treat you like this? If Mianbao doesn’t teach her a lesson this time, she’ll definitely be even more arrogant in the future.”

Qiao Mianmian’s appearance caused a stir in the group.

The fans were furious.

They couldn’t let Song Fei and her fans off.

Qiao Mianmian also expressed that she would definitely settle this matter and not let her fans suffer for nothing.

After comforting the fans in the group for a while, Qiao Mianmian quickly called Linda.

“Sister Xie, you said that you know some dirt about Song Fei. Can you tell me how much you know? Also, how much evidence do you have?”

A moment later, Qiao Mianmian sneered. “I’m afraid this evidence isn’t enough. She’ll definitely make a comeback. Sister Xie, since I want to deal with her, why don’t I make her disappear from the entertainment industry?”

“Didn’t you say that she’s a malignant tumor? Then, let us get rid of her. Treat it as getting rid of evil for society.”

Qiao Mianmian had never thought of making Song Fei leave the entertainment industry.

She didn’t want to be too harsh.

She was in this industry, too.

She knew what it meant for an artiste to leave the entertainment industry.

But now, she felt that she didn’t have to be merciful to someone who provoked her time and time again.

What angered her the most was that her fans were humiliated on Weibo.

Song Fei must know about this too, but she pretended not to know and tolerated her fans.

Linda was right.

Song Fei and her fans were a group of malignant tumors.

Since it was harmful to society, it was best to get rid of it.

Linda was stunned.

She couldn't believe that Qiao Mianmian could say such a thing.

After a few seconds, Linda asked again, "Mianmian, you mean... you want Song Fei to leave the entertainment industry like Little Xiao?"

"Mm, that's about it. I think such a person will leave many children astray. Moreover, she directly Liked the post about my scandals. She provoked me so blatantly. If I don't retaliate, how can I face her provocation?"

Linda was silent for a few more seconds.

"Sister Xie, do you think I'm too harsh?" Qiao Mianmian asked.

"No, I'm just a little shocked. This doesn't seem like your usual way of doing things. I thought that you'd at most teach her a lesson and make her afraid of you."

"Mm, I thought so at first, but I've changed my mind now." Qiao Mianmian turned to look out the window with narrowed eyes..

Chapter 2619: We Can Definitely Destroy Her

"She bullied me and my fans like this. It's fine if I just teach her a lesson. In the future, will everyone treat me as someone without a temper?"

"Her fans dared to bully my fans like that and dared to spread my scandals all over the Internet. Do they think I didn't have a temper? Did they think it wouldn't cause serious consequences?"

"I feel that being someone easy to talk to is much more troublesome than being a bad person. Anyway, I won't be able to avoid my scandals no matter what I do, so I'll just do whatever I want."

"Mianmian, I think..." Linda kept quiet for a while before sighing. "You're finally acting like a rich lady. You should have done this a long time ago."

"You used to be a little soft-hearted. It's good that you're like this. You should be like this. Since this Song Fei doesn't know what's good for her, then let her know the consequences of offending you. But..."

"But what?"

"But I don't have enough evidence now. We need more shocking news if we want her to leave the industry. I know of a rumor. If it's true, she'll be done for."

"What rumor?"

"I heard that her sugar daddy's first wife is infertile. The sugar daddy is willing to groom Song Fei not only because she's young and beautiful, but also because she gave birth to a son for him."

Qiao Mianmian was stunned. "Song Fei has had a child before marriage?"

"Mm. The rumor should be reliable, but I don't have concrete evidence. The child was raised in Song Fei's house, and she announced to the public that he is her brother. If we can prove that she gave birth

to that child for her sugar daddy, then not only did she become a mistress, but she also has an illegitimate child. With such a stain, she won't be able to make a comeback in the future."

Qiao Mianmian kept quiet for a while.

"Sister Xie, leave this to me. I'll get to the bottom of this. Get someone to block the accounts of her most aggressive fans. Also, a few of her fans have insulted my fans. I'm preparing to fight a lawsuit to avenge my fans. Before that, I need to keep some evidence. Can you help me..."

"Leave this to me. I know how to handle it." Linda interrupted her. "Calm down and don't be affected. They're just a bunch of clowns. At most, we'll let them be smug for a while. They'll cry later!"

"Alright, I'll be there soon. Let's talk later."

"Alright, we'll talk later. I'm calling you from the washroom. Someone is looking for me. I have to go."

She had just ended the call when a black Rolls-Royce stopped at the entrance.

The chauffeur reminded her. "Young Madam, we're here."

Qiao Mianmian looked out of the window and saw a huge crowd outside.

There were reporters, fans, and artistes walking the red carpet.

Qiao Mianmian didn't go out immediately.

Before getting out of the car, she sent Mo Yesi a WeChat message.

He was definitely the most suitable to investigate this matter.

Since Qiao Mianmian had decided to make Song Fei disappear from the entertainment industry, she had to be serious about it..

Chapter 2620: Tail Almost Up in the Sky

Mo Yesi didn't reply immediately.

Qiao Mianmian also didn't wait for his reply.

Mo Yesi wasn't always looking at his cell phone.

He'd said that he had something to attend to tonight, so he should be busy now. He'd see it when he was done.

...

On Weibo.

After Song Fei's fans won against everyone, they became even more arrogant as if they'd won a war.

"I thought Qiao Mianmian was so good."

“That’s right. We’ve exposed so many scandals about her, but she doesn’t dare to do anything. What Young Madam of a rich family? She must be the type that doesn’t receive favor. Even if she has a powerful husband, he won’t stand up for her.”

“I’ve long heard that Qiao Mianmian only looks good on the surface. Does a true Young Madam of a rich family need to work in the entertainment industry? Don’t the people in the upper-class society look down on people in the entertainment industry the most? She’s so rich and powerful, why would she need to be an actress to earn money? It’s obvious that she doesn’t have a good life in private.”

“A scheming woman like her will be nothing once the novelty wears off. Previously, some female celebrities also married into rich families through scheming, but how many of them ended up well? Just wait and see, her husband will cheat on her sooner or later, and the next rich woman will be her!”

A minute later.

The C brand’s official Weibo posted a photo of Song Fei walking the red carpet in a gown and praised her for being an angel.

This post made Song Fei’s fans go crazy again.

C brand was considered a top luxury brand.

Hence, they were always arrogant.

They had always been using international superstars as spokespersons for their products.

They rarely used domestic artistes.

The last female artiste who wore a C brand evening gown was Shen Fei.

For a B-list idol like Song Fei who had just debuted, to be able to borrow a C brand evening gown and get their official approval was indeed something to brag about.

Song Fei’s fans were like peacocks with their tails held high.

It was as if they were the ones wearing the C brand evening gown.

“Our Feibao is so good. Even the C brand’s official Weibo is praising her. It’s useless even if some people and some fans are jealous. Not everyone has the right to wear C brand evening clothes. C brand chose our Feibao this time. They must be very optimistic about her development. Feibao just debuted a little late. Otherwise, how could she let someone take advantage of her?”

“That’s right, that’s right. Not everyone can get the C brand’s official approval. It’s useless no matter how jealous some people are. Our Feibao is better than you.”

“Speaking of which, why hasn’t someone appeared yet? Isn’t she very impressive? Why didn’t the C brand look for her, but our Feibao instead? Could it be that she saw that our Feibao is dressed too beautifully and knows that she can’t compare, so she’s embarrassed to appear?”

...

As Song Fei's fans dissed Qiao Mianmian and unilaterally announced their victory, the chauffeur got out of the car and went to the back seat to open the door.

Qiao Mianmian slowly got out of the car.

When the Rolls-Royce stopped at the entrance, many reporters noticed it.

All the artistes came in luxury cars.

The reporters had seen other Rolls Royce before.

But the Mo family's car was different.

The Mo family's logo was on this car.
