Chapter 2631: Attracting Everyone's Attention

Qiao Mianmian's Starry Sky Dress

Fairy Qiao Mianmian

MR.S and Qiao Mianmian

Aaron Smith and Qiao Mianmian

The Best Autifit Champion for the Red Carpet Tonight Is Out

Song Fei bit her lip.

At this moment, she actually shared the same thought as her fans.

She felt like Qiao Mianmian did it on purpose.

Qiao Mianmian must have known about what happened on Weibo, so she used this method to rebut her.

But did she think she'd win?

She didn't believe that Aaron Smith's limited edition dress could really be given to Qiao Mianmian.

She didn't believe that the legendary MR.S could design jewelry for her.

Who knew if Qiao Mianmian was lying to save face?

Did she mean what she said?

Most of the netizens were ignorant and gullible. They really believed her words.

But she wasn't easy to fool.

Since Qiao Mianmian dared to use such a method to fool others and shamelessly steal her popularity, she shouldn't blame her for exposing her lie.

Let her be smug for a while more.

The smugger she was, the more painful it would be when the lie was exposed.

As Song Fei thought about this, she saw a blue figure from the corner of her eye.

She turned around and saw that it was Qiao Mianmian. She couldn't help but show her hostility.

Qiao Mianmian's appearance attracted everyone's attention.

Besides Song Fei, everyone in the venue turned to look in the same direction.

Beside Song Fei sat a male artiste of similar status.

He had also just debuted.

Song Fei could clearly see that the young hunk who was engrossed in his game had stopped playing and was staring at Qiao Mianmian.

The surprise in the young hunk's eyes was clear.

The way he looked at her was as if he was an inexperienced greenhorn. But in the entertainment industry, who hadn't seen many handsome men and beautiful women?

But under such circumstances, the young hunk was still distracted by a woman.

This could only mean that the woman was too beautiful.

Even in the entertainment industry with countless handsome men and beautiful women, she was still stunning.

After Song Fei's plastic surgery was successful, indeed, a few male artistes tried to curry favor with her. Under her fans' praises, she always felt that her beauty was unrivaled.

But no male artiste had ever looked at her this way.

She was sitting beside him, but the young hunk played games the whole time and didn't even look at her.

She still felt that this young hunk knew the rules and limits, so he wouldn't look at female artistes.

But Qiao Mianmian's appearance was a slap to her face.

The young hunk who hadn't taken another look at her was now staring at another female artiste.

What did this mean?

It wasn't because of the rules of newbies, but because he felt that she couldn't arouse his interest.

At this thought, Song Fei, who always felt that she was beautiful and popular among the opposite sex, was unwilling to accept this fact.

She pursed her lips and glanced at the other male artistes around her.

Chapter 2632: Extremely Expensive

Even though not everyone was looking at Qiao Mianmian with infatuation, they were still stunned.

They obviously thought Qiao Mianmian was very beautiful.

Song Fei even heard someone exclaim. "Qiao Mianmian's looks are really good."

"Mm, it's rare in the industry. No wonder she could marry the Chairman of the Mo Corporation. If she wasn't married and I were 10 years younger, I'd want to chase her."

It was two male artistes.

The greatest recognition of a woman's looks came from men.

After all, the opposite sex attracted each other.

If a woman looked good to all men, she was definitely good-looking.

Song Fei was still staring at the young hunk beside her. After hearing the conversation between the two male artistes, she felt even worse.

What made her even more upset was...

At this moment, even she had to admit that Qiao Mianmian was really good-looking.

That face, whether natural or plastic, was undoubtedly good-looking.

Moreover, she did plastic surgery herself. She knew very well whether Qiao Mianmian did it or not.

The blue dress was beautiful.

But when she saw it in real life, she realized the difference between a picture and a real thing.

It was more than three times better than in the photos.

Everyone's attention was drawn to Qiao Mianmian when she walked into the venue in that dazzling dress.

Including Song Fei herself.

Even if she was indignant, she couldn't help but look at the blue figure.

When she saw the dress' material, Song Fei knew that it was real.

No matter how good an imitation was, it couldn't produce such an effect.

She'd originally thought that Qiao Mianmian was lying, but now her feelings were complicated.

She was still thinking about how to expose Qiao Mianmian's lie and embarrass her in front of everyone, but now, she realized that Qiao Mianmian wasn't lying.

At this moment, Song Fei couldn't help but feel jealous.

She first stared at Qiao Mianmian's dress with a dark expression, then stared at the blue diamond jewelry.

That set of jewelry...

It was obviously very expensive.

No one would think that it was a high-quality replica.

No matter how good an imitation was, it couldn't be made with such materials and craftsmanship.

Although Song Fei was an idol, after following her sugar daddy, she gained a lot of knowledge.

Hence, she could tell the difference between a real and an imitation.

But just as she was feeling terrible and jealous, she heard two female artistes whispering. “I just saw someone on Weibo saying that the blue diamond jewelry Qiao Mianmian is wearing costs hundreds of millions in material alone. And if the designer is MR.S, it’s worth at least a billion.”

“Mm, blue diamonds are rare, to begin with. Look at the pendant on her necklace. There aren’t many blue diamonds of such high purity in the world. I’ve seen a blue diamond auctioned at an auction previously. It’s not as big as her pendant, and the color of the diamond isn’t that nice. But the bidding price was 100 billion.”

“It’s indeed very expensive. But it should be alright for her. Her husband is the Chairman of the Mo Corporation. Not to mention a billion yuan, he can easily fork out 10 billion yuan..”

Chapter 2633: She Doesn’t Have to Worry About Anything

“That’s right. The Mo family is extremely rich, and they don’t lack money. Moreover, Mo Yesi has always pampered her. Every time she has something to do, he would step out and help her settle it. Qiao Mianmian is so lucky to have married such a good husband. If I were her, I’d be at home leisurely being a rich wife. I wouldn’t come to the entertainment industry to suffer.”

“This shows that she really likes being an actress. Otherwise, she wouldn’t be in this industry since she doesn’t lack money. There are too many scandals in this industry, and it’s too easy for others to be jealous. But she’s not afraid. She has the backing of the Bai and Mo families. No matter what, someone will settle it for her. Speaking of which, what do you think Song Fei is thinking? Doesn’t she know Qiao Mianmian’s background? How dare she provoke her.”

The discussion gradually died down.

The two female artistes seemed to be afraid and lowered their voices.

But Song Fei still heard it.

The two female artistes had just mentioned her.

Song Fei pursed her lips and her expression darkened.

These people seemed to be a little worried about Qiao Mianmian.

Song Fei knew what they were afraid of.

They were afraid of Qiao Mianmian’s backing, the Bai and Mo families.

Song Fei knew how powerful the two families were, and she wasn’t completely fearless.

However, as a university student who had yet to leave the school, she wasn’t clear about the power of the Bai and Mo families. She always felt that no matter how powerful the two families were, they couldn’t do anything to her.

She felt that the others’ fears were too exaggerated.

She felt that everyone else was afraid, but she wasn’t.

To put it bluntly, she felt that she was unique.

Hence, when she heard the two female artistes discussing her and the Bai and Mo families, she didn't think much of it. She also didn't think about the consequences of offending Qiao Mianmian.

Her sugar daddy was the boss of her management company.

And she had so many fans.

As long as her sugar daddy and her fans were willing to support her, what could Qiao Mianmian do to her?

Would she make her leave the entertainment industry?

No matter how rich and powerful the Bai and Mo families were, they didn't have the final say in the entertainment industry.

She had tens of millions of fans.

If the Bai and Mo families really relied on their power to bully others, she could make her fans blow things up and turn the public opinion in her favor. Most of the people were sympathetic towards the weaker side, not to mention that many people hated the rich.

Most of them would definitely side with her.

Qiao Mianmian didn't have many supporters.

As long as the matter blew up, the Mo and Bai families wouldn't dare to lay their hands on her.

Unless they didn't care about public opinion.

But such prestigious families cared about their reputation the most.

So...

She didn't have to worry about anything.

Song Fei was thinking very well, but she never thought that she was thinking about the Mo and Bai families in her own way. She cared about public opinion and felt that others were the same.

But the truth was that public opinion was nothing to them.

Especially to Mo Yesi.

Anyone who knew him well knew that he was overprotective of his wife.

Chapter 2634: Is She... Going to Respond Now?

Mo Yesi was willing to sacrifice his life for Qiao Mianmian.

Public opinion was nothing to him.

Song Fei wasn't worried about her future situation or what Qiao Mianmian would do to her. She was just jealous of her.

She stared at the blue diamond jewelry that was said to be worth over a billion yuan and thought how beautiful it would look on her.

Her jewelry was pretty good tonight.

It was also sponsored by a luxury brand. It was worth more than 50 million yuan.

Along the way, she was careful not to bump into it.

After all, the jewelry had to be sent back after the gala.

If anything happened, she would have to pay for it.

Fifty million yuan was a huge sum for a newbie like her.

She hadn't gotten many endorsements yet, and the company had a high commission. All her net worth added up was less than 50 million.

It was her first time wearing jewelry worth tens of millions, and she felt that her net worth was much higher. She even felt smug for a long time.

But now...

Her initial sense of superiority was completely shattered in front of Qiao Mianmian.

Her fifty-million-yuan jewelry was borrowed.

But the jewelry Qiao Mianmian was wearing was a gift from her husband.

That set of jewelry belonged to her.

She might never earn a billion yuan in her life.

But Qiao Mianmian could wear a billion yuan worth of jewelry so casually.

At this moment, Song Fei finally understood the gap between her and Qiao Mianmian.

She could clearly feel the difference between a rich Young Madam and an ordinary person like her.

She couldn't help but feel jealous and wondered why she wasn't so lucky.

If she could marry a rich husband...

At this moment.

Qiao Mianmian, who was just greeting Shen Fei, suddenly looked up at her.

Song Fei didn't have time to hide the jealousy and hostility in her eyes as she met Qiao Mianmian's gaze.

Their eyes met.

Qiao Mianmian was still smiling as she greeted Shen Fei, but her eyes suddenly turned cold.

That cold gaze was like ice. In an instant, Song Fei felt a chill.

She was stunned for a while before panicking for a few seconds. When she realized that she was actually afraid of meeting Qiao Mianmian's eyes, she glared at her.

She then raised her chin and continued glaring at her.

Qiao Mianmian smiled again.

She then walked towards Song Fei.

Qiao Mianmian's actions attracted everyone's attention again. Everyone looked up at her and then at Song Fei. They were all waiting to watch a good show.

It was obvious that they had already gossiped about the fight between Song Fei and Qiao Mianmian's fans on Weibo.

And Song Fei's provocative comment.

Qiao Mianmian didn't respond on Weibo.

Was she... going to respond now?

Would there be a fight?

That would be interesting.

Song Fei was stunned when she saw Qiao Mianmian walking towards her.. She subconsciously clenched her fists.

Chapter 2635: Is Qiao Mianmian a Fool?

Qiao Mianmian walked towards her.

She remained standing while Song Fei remained seated as Qiao Mianmian looked down at her.

Song Fei didn't want to be outdone. But, when Qiao Mianmian's cold gaze landed on her face, it was as if a sharp knife had slashed across it.

She couldn't help but feel afraid.

Even if she didn't want to show her fear in front of Qiao Mianmian, her body's reaction wasn't up to her.

Qiao Mianmian had been by Mo Yesi's side for a long time. She had learned his way of putting pressure on others without saying a word.

Even if she only learned two to three points, that was enough.

At this moment.

She suppressed Song Fei until she couldn't say a word.

“Miss Song.” Qiao Mianmian stared at Song Fei for a while before seeing sweat on her forehead. She then smiled and said, “I saw Miss Song staring at me and thought that Miss Song had something to say to me, so I came over.”

Song Fei was speechless.

Was Qiao Mianmian playing dumb?

What could she say to her!

“I’m sorry if I misunderstood.” Qiao Mianmian smiled again and said gently, “I quite like Miss Song’s songs. Then, I wish you all the best tonight. The event is about to start, I’ll find my seat. Talk to you later.”

Song Fei was speechless.

Was Qiao Mianmian a fool?

Did she come all the way here just to tell her this?

What did she mean?

With that, Qiao Mianmian turned around and went to look for her seat.

Song Fei was speechless.

The artistes watching were also speechless.

They’d thought that there would be a good show and a huge fight.

But this was the outcome?

Not to mention Song Fei, even the surrounding artistes couldn’t understand what Qiao Mianmian meant.

Did Qiao Mianmian not know what happened on Weibo?

Otherwise, how could she greet Song Fei so calmly and even wish her luck?

Song Fei was even more confused.

She also thought that Qiao Mianmian was here to fight with her.

She was even prepared to fight.

But in the end...

She frowned and looked at Qiao Mianmian in confusion as she sat in the first row. She thought for a while and finally decided that Qiao Mianmian was here to make peace with her.

She must be afraid.

Seeing how powerful her fans were, she didn’t want to make things worse, so she specially came to curry favor with her, hoping that she could make the fans stop?

That must be it.

Qiao Mianmian was afraid.

At this thought, the fear Song Fei felt towards Qiao Mianmian vanished, replaced by arrogance and superiority.

She smiled smugly.

Ha.

So what if she was the Madam of the Mo Corporation?

She still lowered her head.

She couldn't help but get arrogant again.

She picked up her cell phone and messaged her group of managers. "Go and buy Qiao Mianmian's high-
end imitation products. I want everyone to know that she's wearing fake products tonight.

"Mm, let's talk about how she's wearing fake goods.."

Chapter 2636: Plotting

Song Fei knew that Qiao Mianmian wasn't wearing fake goods.

But so what?

She just had to make the netizens believe it.

Then, Qiao Mianmian wouldn't steal her limelight tonight.

She'd still be the most glamorous one!

...

Qiao Mianmian received a message from Linda the moment she sat down.

Linda: [What were you doing? I don't understand.]

Qiao Mianmian smiled and replied: [I just want her to hurt more. The more smug she is now, the more
painful it will be. Oh right, have you saved the evidence I asked you to?]

Linda: [Mm, don't worry. None of her fans can escape.]

Qiao Mianmian tapped on the screen and was about to reply when she realized that the party was about
to start.

The dressed-up emcee walked onto the stage.

She was sitting in the first row, so she couldn't play with her cell phone anymore. After turning on the
silent mode, she placed her cell phone back into her bag.

The two hosts were known as the top hosts in the hosting world, and they controlled the atmosphere
well.

The audience burst into laughter.

Halfway through the show.

The Best Supporting Female Lead, Best Supporting Male Lead, and Best Screenplay Award were all given out.

“If You Can’t Love” won the Most Popular Television Drama Award with its high ratings and discussions.

And the director, Bai Yusheng, easily won the Best Director Award with this drama.

Bai Yusheng didn’t come because he had something on.

The person who went on stage to receive the award was his sister, Qiao Mianmian.

Qiao Mianmian stood on stage. The light from the ceiling shone on her, and the diamonds on her dress reflected the dazzling light. She took the microphone from the emcee and smiled sweetly. The people below the stage felt as if they had seen a fairy.

Even the female host was stunned by her sweet smile.

After a few seconds, the female emcee reacted and continued asking, “Miss Qiao, can you reveal why Director Bai can’t be here today?”

Before Qiao Mianmian attended the gala, Bai Yusheng called her.

He basically told her that if he won the award, she would help him claim it.

As for why he couldn’t come, Qiao Mianmian knew the reason, but it wasn’t convenient to say it.

She couldn’t possibly tell everyone that her brother had chased a woman overseas.

Qiao Mianmian was silent for a few seconds before smiling. “Director Bai sprained his ankle a few days ago and can’t walk. The doctor said he has to rest at home for a month to recover.”

“I see.” The emcee nodded and changed the topic. “So far, you’ve won two awards for ‘If You Can’t Love’. We know that Qin Han and you have been nominated for Best Male Lead and Best Female Lead, respectively. The audience has high expectations for you. I want to know, how high do you think your chances of winning are? Have you thought about winning the award?”

This question...

She wondered if the emcee was deliberately digging a hole for her.

Qiao Mianmian knew very well that if she didn’t answer this question well, she might be defamed again.

She thought for a while before replying, “As a newbie, I’m already very satisfied to be nominated.”

But the emcee didn’t seem willing to let her off just like that.. She asked again, “Then, have you never thought that since you’ve been nominated, you have hope of winning the award too? Have you never expected this?”

Chapter 2637: This Award Is Also Worthy

Qiao Mianmian looked at the female host.

If she thought that the female emcee wasn't thinking too much, she wouldn't have asked such a difficult question.

But now...

She was sure that the female host was deliberately making things difficult for her.

She was deliberately digging a hole for her.

It wasn't that bad.

This female host was famous for her high EQ. She definitely wouldn't make such low-level mistakes over and over again.

Hence, there was only one possibility.

She did it on purpose.

Qiao Mianmian was confused.

She had never interacted with this female host before.

Where did this strange hostility come from?

The female emcee met her gaze and said gently, "Mianmian, can you tell everyone what you think?"

"Everyone is curious."

Qiao Mianmian was speechless.

Curious my ass!

You're the only one who's curious!

She could tell that the female emcee wasn't going to give up until she got what she wanted. If Qiao Mianmian continued to avoid this question, she might continue asking.

After thinking for a while, Qiao Mianmian smiled and turned to look at the audience. "If I have to give an answer, then that would be that I've never thought about it. The three seniors who qualified with me this time are all very outstanding. I've seen their works. I know the gap between me and them.

"I'm already very honored to be nominated alongside the seniors. In the future, I'll take the three seniors as my role models and learn from them. I've always believed that there are no shortcuts to getting affirmation from others besides working hard to improve my strength.

"Before obtaining others' approval, the first thing to do is to obtain your own.

"My current strength isn't enough, but I'll work hard to improve myself. When that day comes, if I face the same problem again, I believe I can confidently say that I've thought of this."

Everyone applauded.

The smile on the female host's face froze.

Qiao Mianmian's reply was obviously unexpected.

"Is that so?" But the female emcee was a professional, after all. She quickly returned to normal, and her expression became elegant and generous again. "It seems like Mianmian is really a very humble person. Then, I wish you success in the future."

"Thank you." Qiao Mianmian thanked her generously.

After receiving the award for Bai Yusheng, Qiao Mianmian walked off the stage with the trophy.

The next award was for the Best Female Lead of the Year.

As one of the nominees, Qiao Mianmian was very calm from the moment she appeared on the big screen with the other nominees to the moment the winner was announced.

There was no anticipation.

She wasn't disappointed.

She knew from the start that she wouldn't win the award.

Hence, she wouldn't be disappointed.

The winner was Shen Fei.

It was almost certain that Shen Fei would win.

Everyone was looking forward to this award..

Chapter 2638: Not Replying to Her Message?

After all, Shen Fei's capability was obvious. If she won the award, no one would think that she wasn't qualified.

If Qiao Mianmian won the award, she would probably be spat to death.

Linda sat in the back row, worried that she would be upset, and even sent her a WeChat message to comfort her.

Linda: [Baby, don't be sad. You didn't get the award this time, but you'll get it next time. You're still young, there are still many opportunities in the future.]

Qiao Mianmian found it amusing.

She wasn't sad at all.

An hour ago, she sent Mo Yesi a WeChat message. For some reason, he didn't reply to her this time.

Even though he was usually very busy, he was never this late in replying to her.

Even during meetings, he would find time to reply to her.

Qiao Mianmian sent him another message.

Qiao Mianmian: [What are you doing?]

Mo Yesi still didn't reply.

Qiao Mianmian frowned.

She felt that something was wrong.

It wasn't normal at all.

She was really worried, so she picked up her cell phone and excused herself to go to the washroom.

...

In the washroom.

Qiao Mianmian immediately called Mo Yesi.

The call went through after three rings.

"Hello, Mo Yesi, where are you?" Qiao Mianmian immediately asked.

"Baby, I'm outside. Aren't you attending the awards ceremony? Why do you have time to call me?"

Hearing his voice, Qiao Mianmian's heart finally returned to its original place. She finally heaved a sigh of relief.

But at the same time, she was a little angry.

She bit her lip and suppressed her anger. "Did you see my WeChat message? Why didn't you reply?"

"WeChat message? Mm, I saw it."

Qiao Mianmian was speechless.

He saw her message but didn't reply?

She was worried that something had happened to him.

Before making this call, countless possibilities flashed through her mind. She was almost scared to death.

Although she knew that nothing would happen, and that if anything did happen, Wei Zheng would have called her long ago, she was still worried.

She was really angry this time and didn't hide her emotions anymore. She asked angrily, "Then, why didn't you reply to me?"

"Baby, are you angry?" The man didn't answer her question. "Don't be angry, I can explain."

"Alright." Qiao Mianmian snorted. "Explain. Why don't you reply to my message?"

Mo Yesi kept quiet for a few seconds before saying, "I didn't do it on purpose. I saw it when you sent me the first message, but my cell phone was out of battery, so..."

"What about the second one?" Qiao Mianmian wouldn't let him off so easily. "Your cell phone has battery now, right? You saw the WeChat message I sent you, right?"

"Mm, I saw it. But just as I was about to reply, you called."

Qiao Mianmian was speechless.

"What about the first one? Why didn't you reply to me after recharging your cell phone?"

"You were attending the gala."

Chapter 2639: When Will You Pamper Me Too?

Qiao Mianmian was speechless.

"This is your explanation?"

"Mm, this is my explanation. Baby, I really didn't mean to not reply to you. But don't worry, I've done what you asked me to." The man's tone was coaxing and pampering as if he was afraid that she would really be angry.

He even wanted to take credit for it. "That little idol named Song Fei actually dared to bully my baby. Hubby will definitely teach her a lesson for you and make her pay a terrible price. Don't worry, after tonight, this person won't be in the entertainment industry anymore."

In the past, Qiao Mianmian would hesitate if Mo Yesi wanted to ban an artiste.

But this time, she didn't feel anything.

"Mm, then ban her." She said emotionlessly, "I really don't want to see her in the entertainment industry anymore."

What was different this time was that not only did Song Fei touch her, but she also dared to touch her fans.

Qiao Mianmian was also a protective person.

How could she tolerate such behavior?

Mo Yesi was shocked. "Baby, why are you..."

"She allowed her fans to bully my fans!" Qiao Mianmian was still very angry when she thought about this. She couldn't help but complain to him. "Do you know how overboard her fans went? They actually created new accounts and used photos of my fans to post on Weibo to insult them. I'm not that angry about them spreading rumors about me, but I have to vent my fans' anger no matter what."

“Song Fei knew what her fans were doing, but she didn’t stop them. If it wasn’t for her indulgence, her fans wouldn’t have gone overboard. Someone like her will lead children astray. It’s a good thing to ban her.”

Mo Yesi chuckled and said, “You’re really nice to your fans.”

“Of course, how could I not pamper my fans? They’ve done a lot for me,” Qiao Mianmian replied naturally.

“Mm, if you pamper your fans so much, what about your husband?” When he spoke again, the man’s tone was inevitably a little jealous. “When can you pamper your husband too? I think you care more about your fans than me.

“No matter how much they do for you, can they do more than me?”

Qiao Mianmian was speechless.

Why was he jealous?

This man was even jealous of her fans now?

“That’s different.”

“How is it different?”

“You’re my husband, they’re my fans.”

“So Hubby is worse than a fan?”

“...That’s not what I meant.”

“Then, tell me, when can you pamper me too?”

“...How do you want me to pamper you?”

“I don’t have any other requests. Tonight, you...” The man’s voice lowered until Qiao Mianmian couldn’t hear him.

But she heard everything clearly.

With a bang, her face turned red.

She bit her lip and touched her burning cheeks, cursing in her heart: Mo Yesi, this hooligan!

She knew that there was nothing else in his mind.

“Hmph, I won’t talk to you anymore. I’ve been out for too long, it’s time to return to the venue.” Qiao Mianmian avoided his request and pretended not to hear anything..

Chapter 2640: He’s Willing to Do Anything for You

She didn’t dare to agree.

It was like this the last time. She didn’t know how cruel this man was and agreed to it.

In the end...

Qiao Mianmian didn't want to recall.

Her legs couldn't help but tremble.

"Mm, then go back."

Thankfully, Mo Yesi didn't continue to pester her. He only said gently, "I'll come and pick you up after the party ends. We'll have supper together. I've prepared your favorite pastries and your favorite milk tea. Tell me what else you want to eat and drink. I'll get someone to buy it now."

"Milk tea?!" Qiao Mianmian's eyes lit up.

"Mm."

"I want the biggest one!"

"I bought it."

"Add more pearls!"

"Is half a glass enough?"

"Enough, enough! Hubby, you're so good. I love you!" Qiao Mianmian was overjoyed. She immediately said whatever Mo Yesi wanted to hear.

Mo Yesi couldn't help but chuckle. "A cup of milk tea can make you so happy? I've given you a dress and jewelry, but you don't like it so much? Why? My gift isn't even as good as a cup of cheap milk tea?"

Qiao Mianmian immediately said, "Of course not. I like jewelry and dresses, too. Hubby, thank you for everything you prepared for me."

Qiao Mianmian naturally had to say something nice.

"It's not important, as long as you like it." Mo Yesi's voice was gentle. "I didn't prepare it in vain."

Qiao Mianmian was stunned. "You prepared for months in advance?"

"Otherwise? Do you think you can get it immediately? That old guy Aaron is very stubborn. It's not easy to get his collection from him. He owed me a favor in the past, so he had to pay me back with that dress."

Qiao Mianmian was stunned for a few seconds when she heard him mention this. She couldn't help but ask, "What about the jewelry? I heard them say that the jewelry you gave me was designed by MR.S. Is this true?"

"Mm, it's true."

Qiao Mianmian was shocked by Mo Yesi's affirmation. "It was really designed by MR.S? Did he help design it because he owed you a favor?"

Mo Yesi had previously revealed that he knew MR.S.

Mo Yesi smiled. "Baby, do you like the jewelry?"

"I do," Qiao Mianmian replied honestly. "The jewelry is very beautiful. I like it very much."

"Do you want to know him?"

"...Can I?" Qiao Mianmian was stunned. "Can I know him? Will he be willing to meet me?"

She asked this because the legendary MR.S was too mysterious.

It felt like he was someone who didn't want anyone to know his true identity.

Mo Yesi smiled again. "If you want to see him, of course, he's willing to meet you. You can even ask him to design jewelry for you for the rest of his life, just for you.

"He'll agree to anything you ask."

Qiao Mianmian was shocked.

Her eyes widened. "Mo Yesi, you're not lying to me, right? I can make any request of him, and he won't reject me?"

"I'm not lying to you." The man lowered his voice and became serious. "Baby, he's willing to do anything for you.."
