

Big Shot 2641

Chapter 2641: How Could It Be Qiao Mianmian?

“But...”

“Baby, I know you must have a lot of questions now. Don’t worry, I’ll tell you what you want to know. You’re not in a hurry, right?”

“There’s no rush...”

“We’ll talk about it when we meet, alright?”

Qiao Mianmian said, “...Alright.”

Mo Yesi hung up.

Qiao Mianmian stood in place holding her cell phone, confusion still lingering in her eyes.

Mo Yesi’s words had piqued her curiosity. She was extremely curious about that MR.S.

She had a strange premonition.

She felt that MR.S might be someone she knew.

...

Qiao Mianmian returned to the venue after calling Mo Yesi.

The stage was giving out the Best Song of the Year Award.

The guest presenter was Shen Fei.

She took a letter from the emcee, opened it, and took out a piece of paper with the winner’s name.

Shen Fei glanced at the letter and slowly looked up with a meaningful smile.

The emcee immediately said, “What does Sister Fei mean by that smile? I think I saw a hint of surprise in it. Is the winner not in Sister Fei’s speculation?”

Shen Fei smiled and said, “Mm, I’m a little surprised. But in terms of capability, I’m not surprised to give her this award.”

“Oh?” The emcee turned her head and pretended to think for a few seconds. Then, she smiled and said, “Now that you mention it, everyone is even more curious. Forget it, Sister Fei, don’t keep us in suspense. Everyone is anxious.”

“Alright, then.” Shen Fei smiled and looked down the stage. “I hereby announce that the winner of the Best Song of the Year Award is...”

Although she wasn’t keeping them in suspense, she deliberately paused for a few seconds before announcing the winner.

Qiao Mianmian wasn't sure if she was hallucinating.

Her heart raced.

Shen Fei's gaze landed on her for a few seconds.

Qiao Mianmian felt like she was hinting at something.

"Qiao Mianmian!"

Behind Qiao Mianmian.

The moment Shen Fei announced the winner, Song Fei craned her neck in anticipation, her eyes filled with confidence.

She felt that she would definitely win the award.

She waited excitedly for Shen Fei to say her name and for everyone to applaud her.

She even thought of the award announcement.

But when the name "Qiao Mianmian" came out of Shen Fei's mouth, her first reaction was to wonder if she had made a mistake.

That she read the wrong name.

Qiao Mianmian?

How could it be her?

Qiao Mianmian was just as confused as Song Fei.

She suspected that she'd heard wrongly, so she just sat there in a daze. She didn't even think about going on stage to receive the award.

Until Shen Fei smiled and called her. "Qiao Mianmian, what are you waiting for? Come on stage to receive the award. Are you too happy?"

Then, she joked. "Do you have so little confidence in your own abilities? Don't be in a daze, and don't doubt it.. That's right, the winner is you."

Chapter 2642: Is She Crazy?

"If you don't come on stage, I'll take your trophy away."

Shen Fei's joke made the audience burst into laughter.

"Qiao Mianmian, congratulations." The artiste sitting beside Qiao Mianmian smiled and congratulated her. Seeing that she was still in a daze, she smiled and reminded her. "Go on stage to receive the award."

Only then did Qiao Mianmian confirm that she hadn't heard wrongly.

It was really her.

She looked at the artiste beside her and then at Shen Fei, who was standing on stage and gesturing at her. Although she was sure that she'd won the award, she was still puzzled and couldn't figure out what was going on.

How did she get the award?

She only received the Best Female Lead nomination.

But now wasn't the time to be confused. After Qiao Mianmian confirmed that she'd won the award, she quickly composed her expression and walked up the stage.

In the back row.

Song Fei looked at Qiao Mianmian as she took the trophy from Shen Fei. In her extreme anger and unwillingness, she actually lost her rationality and stood up. She shouted towards the stage, "There's a conspiracy, there must be a conspiracy behind this award.

"It can't be Qiao Mianmian. There must be something behind this. I object. I don't accept this outcome."

Everyone was silent for two seconds.

Everyone looked at her in shock.

The Golden Globe Awards had been held so many times.

This had never happened before.

An artiste actually didn't acknowledge the outcome of the judging panel and directly protested at the venue, saying that there was a conspiracy.

Which artiste was this?

Was she crazy?

Did she know what she was doing?

No one questioned the fairness of the judges.

She actually said such things during the live broadcast.

Wasn't this saying that the judges were unfair?

What level were the judges of the Golden Globe Awards?

They were all big shots in the industry.

Did she not want to work in this industry anymore?

Song Fei's manager was also present. Seeing her actions, her manager was about to have a heart attack.

She also felt that Song Fei was crazy.

It didn't matter if there was a conspiracy behind this award. She couldn't possibly say it out loud.

Everyone was watching.

How many eyes watching it?

Was she out of her mind?

How could there be such a stupid artiste under her?

Did she think she was still in the office?

That everyone had to listen to her and take her seriously?

After a few seconds of silence.

The emcee was the first to react. Her mind raced as she thought about how to save the situation.

After all, this was the first time such a thing happened in her hosting career.

Hence, she was stunned for a while.

“Erm, is the person speaking from below the stage Song Fei?” The emcee tried to appear natural. “Stop joking with us. Haha, is everyone shocked? This is a segment that our production crew arranged beforehand. It seems like the effect is good, hahaha.

“Alright, this little episode is over.. Song Fei, sit down. We—”

Chapter 2643: Then, What Do You Want to Be Convinced?

“It’s not a joke.”

The emcee was obviously trying to salvage the situation and give Song Fei a way out.

As long as Song Fei was willing to give in, this matter should be resolved.

At least, the netizens watching the live stream would believe that this was really a segment arranged beforehand.

But to everyone’s surprise, Song Fei didn’t follow along.

She looked at Qiao Mianmian angrily and couldn’t help but feel jealous.

She didn’t seem to notice that the emcee was giving her looks, nor did she hear her manager at the back call her name. She was blinded by anger and jealousy, and her rational mind couldn’t think properly.

At this moment, she was only thinking about one thing.

This award should be hers.

She couldn’t let Qiao Mianmian win this award.

Under the silence, her voice was especially clear. “I think Qiao Mianmian must have done something shady to get this award. I don’t approve of such a result.

“I request the relevant personnel to investigate this matter thoroughly. Someone used their power and money to bribe the judges, using such a dirty and disgraceful method to steal the honor belonging to others. I’m unwilling to let such a person win an award.”

The emcee’s expression stiffened again.

She wanted to curse her.

How could she save the situation?

She couldn’t save this lunatic!

The expressions of the artistes below the stage were also very interesting.

This was the first time they had encountered such a situation after participating in so many Golden Globe Awards. They couldn’t help but feel a little excited.

Compared to the usual gala mode, tonight was much more interesting.

Although they also felt that Song Fei was extremely stupid, that doing so would undoubtedly ruin her future, as long as their future wasn’t ruined, they were happy to watch the show.

They didn’t know what to do next.

Everyone looked at Song Fei and then at Qiao Mianmian, who was standing on stage calmly.

They thought that Qiao Mianmian would feel awkward and embarrassed.

They thought that she would be at a loss.

But to everyone’s surprise, Qiao Mianmian was surprisingly calm and composed.

She didn’t look like a newcomer at all.

She was even more stable than many so-called “seniors.”

“Then, what do you want?”

Just as the emcee didn’t know what to do next, Qiao Mianmian’s sweet voice caught everyone’s attention.

Song Fei was stunned.

Qiao Mianmian held the trophy and looked down at her. She calmly asked, “You think it’s unfair and that there’s a problem with me winning this award. Then, what do you want to be convinced?”

Song Fei was stunned for a few more seconds. She looked at Qiao Mianmian’s indifferent expression and was furious. She gritted her teeth and said, “I don’t believe in the judges. Unless we compete now and get all the guests and netizens to vote together.

“If you have more votes than me, I’ll be convinced. I won’t have any objections about you winning the award!”

Chapter 2644: Let Her Seek Her Own Death

The crowd went silent again the moment Song Fei made this request.

Everyone felt that she was being unreasonable.

This had never happened before.

Was she asking for a live competition because she doubted the results?

It was already unbelievable that she doubted the results.

But unexpectedly...

She could do something even more unexpected.

This request was too unreasonable.

How did such an artiste enter this industry?

This EQ, this IQ...

It was worrying.

In the back row.

Song Fei's manager widened her eyes in shock.

She didn't want to stop her anymore.

Moreover, she couldn't stop her now.

Song Fei was courting death.

She had thought of saving her, but she had no choice now.

When Song Fei allowed her fans to tear Qiao Mianmian and her fans apart on Weibo, she knew that Song Fei wouldn't be in the entertainment industry for long.

Anyone who messed with Qiao Mianmian wouldn't have a good ending.

An artiste like Song Fei, who had no background, thought that she was invincible just because she had a sugar daddy. But she didn't know that there was always someone better.

In the end, her debut was too smooth.

She was flattered too much by her fans.

She had never suffered a setback in real life.

Once a person drifted, they wouldn't recognize themselves.

Song Fei was like this now.

Forget it, she was courting death.

Anyway, she'd offended Qiao Mianmian, and there was no way she could survive. If she wanted to die, there was no need to stop her.

Song Fei's manager was already unhappy with her.

Seeing that Song Fei was unlucky, she actually felt a little happy.

She couldn't wait for Song Fei to die.

She wouldn't have to serve her anymore.

Song Fei's request not only shocked all the artistes, but even the emcee was a little stunned.

"I have no objections." Only Qiao Mianmian remained calm and composed. "I can accept your request. As long as the organizer allows it, I'll accept your challenge."

Qiao Mianmian turned around and asked the stunned emcee softly, "Can we do what Song Fei requested?"

"This..."

When the emcee heard her voice, she snapped back to her senses and frowned. "This has never happened before. I have to ask our director about this. If she says it's fine, then it's fine."

"Director Zhang is sitting below the stage now." The emcee looked at the director in the first row for help.

Damn.

This was something that happened once in a hundred years.

She didn't know what to do now.

If it wasn't for the live stream and many people were still watching, she would have already gotten the security officers to "invite" Song Fei out. How could they tolerate her causing trouble again?

Not only was the director of the gala sitting in the first row, but there were also a few judges.

As Song Fei was unhappy with the results and wanted to compete on the spot, the judges couldn't tolerate the accusation of being "bribed". In order to prove their innocence, they agreed to Song Fei's very rude request..

Chapter 2645: I Really Don't Think She's Qualified to Win the Award

After getting permission, the emcee said, "The director and the judges have agreed. Next, you can each choose a song for the competition."

"I'll go first."

Song Fei lifted her chin and walked onto the stage proudly. She said confidently, "I think the best way to showcase your strength is to sing acapella. So, I want to sing acapella for this competition."

With that, she turned around and looked at Qiao Mianmian provocatively. "Can you sing acapella? If you think it's difficult and you need a partner, then I..."

"Acapella? That's it, then." Before she could finish, Qiao Mianmian interrupted her coldly. "Don't waste everyone's time. Let's begin."

"You..." Song Fei was dissatisfied with her attitude. She wanted to say something, but when she thought about how she was still standing on stage, she bit her lip and endured it.

Hmph.

She would tolerate it for now!

She would make Qiao Mianmian cry!

Song Fei was confident in her singing skills.

She was chosen from a singing talent show. Without some capability, she wouldn't make it to where she was today.

Back then, Song Fei won second place.

Because of this ranking, many things happened.

Her fans also felt that there was a conspiracy and thought that the champion should be Song Fei.

The fans didn't approve of the final outcome and went to the champion's Weibo to scold her. It was said that the girl who won the singing competition was scolded until she stopped using Weibo. She was depressed for a while and then went overseas to study to adjust her mentality.

Even now, the first place that should have gotten the best resources to debut was still overseas.

The resources that should have belonged to her were given to Song Fei.

Song Fei felt that she could easily beat Qiao Mianmian up.

She requested singing the acapella because she felt that Qiao Mianmian's previous two songs were edited. Qiao Mianmian actually didn't know how to sing, or she sang very averagely.

Once she sang the acapella, she would return to her original state.

Thinking that Qiao Mianmian would embarrass herself in front of the public, Song Fei felt extremely happy.

She wanted everyone to know that Qiao Mianmian wasn't worthy of this award!

With this thought in mind, Song Fei didn't prepare much and randomly picked a song to sing.

She chose a very easy song.

As she didn't take it seriously, singing casually.

Although it was still good overall, it was only at the level of singing at a karaoke bar. It was still a distance away from a professional singer's performance.

But Song Fei felt good about herself.

She felt that she could beat Qiao Mianmian even if she sang casually.

...

At this point, the netizens watching the live stream couldn't help but complain when they heard Song Fei's acappella.

"Is Song Fei serious? She made a fuss about how the results were unfair and asked for a new vote. I thought she would value this award so much and seriously choose a song. But... I really don't think she's qualified to win."

"With all due respect, her standard is just average. She isn't worthy of being called a professional singer."

"I've heard the songs Song Fei sang during the competition. They were really good, but the song she chose today was really average.."

Chapter 2646: Kneeling

"Why do I feel like she underestimated her opponent and that she didn't take Qiao Mianmian seriously? That's why she randomly chose a song."

"I thought that she had laid out so many things to make people kneel. In the end, this is it? Is she defaming herself?"

"Song Fei's song is indeed average. But Qiao Mianmian hasn't sung yet. If she can't sing better than her, doesn't that mean that the judges were bribed?"

...

Song Fei didn't know what the netizens thought of her, but she knew that her performance today was average.

However, she felt that it wasn't a problem to beat Qiao Mianmian.

Hence, she just waited for Qiao Mianmian to sing.

The artistes and netizens were also waiting for Qiao Mianmian to sing.

Many people were shocked by Qiao Mianmian's two songs, some people indeed suspected that it was a post-production result.

After all, the current technology was too impressive. Even if a person with an average voice sang, the end result would still be very nice.

Would it still be stunning if she sang without aid?

Would it still be that ethereal and pure voice?

Under everyone's expectations, Qiao Mianmian sang the first line steadily.

Her voice was so sweet and clear that it seemed to have a unique inspiration. At that moment, everyone felt like they were in a trance.

They only felt that such a beautiful voice didn't belong to this world.

It came from the sky.

The live stream exploded.

"Damn, Qiao Mianmian's voice can be so good when she's singing acapella? She must be cheating. How can it be exactly the same as the voice from the post-produced song?"

"Steady, too steady. Those in this profession have said that Qiao Mianmian's voice is especially steady. Moreover, she handled the transition from low to high and then from high to low. This is the standard of the professional singers in the early days."

"This is what it means to kneel. She only sang one line and I knelt. How can there be such a nice voice?"

"How could Song Fei have the cheek to say that the results are shady? Qiao Mianmian's ability is enough to beat her."

"To be honest, Qiao Mianmian's singing is so much better than Song Fei's. The two of them are on completely different levels. I think Song Fei is asking for humiliation."

"Oh my, did you see that? Song Fei's face is black. Hahaha, she was so smug at first. She probably thought she'd win for sure. But she didn't expect Qiao Mianmian to be so powerful. Her face is probably swollen now."

"Erm, everyone in the country saw her fail to posture and get slapped in the face."

At the venue.

After Qiao Mianmian finished singing, Song Fei's expression was awful.

After Qiao Mianmian sang the first line, Song Fei realized that she might have underestimated her opponent.

Song Fei couldn't be smug anymore.

She thought that Qiao Mianmian didn't know how to sing.

But she didn't expect Qiao Mianmian to be so good at singing.

Qiao Mianmian was singing the theme song of "If You Can't Love".

This song was much more difficult than the one Song Fei picked.

There were a few high notes in it. Without a certain level of ability, it was impossible to sing it.

Even if Song Fei sang seriously, she would still find it difficult..

Chapter 2647: Finally Starting to Protect His Little Wife

Even if Song Fei sang seriously, she would still find it difficult.

But just now, Qiao Mianmian sang very easily.

Unlike others, who usually sang with all their might.

Whether it was the high notes or the low notes, Qiao Mianmian was very skillful.

She managed the entire song easily.

But that high note...

Song Fei had debuted in a singing talent show. She knew very well how difficult it was to control that high note.

If she could control it well, the judges would definitely give her high marks.

Even laymen would find it impressive.

The netizens in the live stream were filled with comments like “6666”, “Tianxiu”, and “My ears are getting pregnant”.

The netizens were in awe.

“That falsetto is so good!!!”

“What kind of godly voice is this? It’s so good that I’m crying! Gosh, Qiao Mianmian might as well change professions and become a singer. I saw her on variety shows and television shows, but I didn’t become her fan. Now, I’ve become her fan.”

“Boohoo, is Sister going to release a song? I want to buy it!”

“This acapella should be enough to slap the faces of those who said her songs were edited later.”

“What kind of goddess sister is this? Her acting is so good, she’s so beautiful, and her singing is so good. She’s too perfect. I believe that Sister has really been suppressed by Qiao Anxin and Su Ze, that scumbag. Otherwise, with Sister’s ability, how could she still be a walk-on for others after debuting for two years? But gold always has to shine, and good things are hard to come by. Sister is finally stepping forward. Happy for Sister!”

“Eh, I suddenly realized why Song Fei’s fans are silent. Aren’t they usually very active? Now, they’re all silent like chickens. This is a rare phenomenon.”

“Her fans still have the face to say anything? Their master’s face has been slapped swollen. The fans probably feel ashamed, too.”

“No, am I the only one who found out that Song Fei’s most popular fans blew up? Also, Qiao Mianmian’s trending scandals are all gone. Is Qiao Mianmian’s public relations team finally out? Or is Chairman Mo finally protecting his wife?”

“I also realized that the accounts of Song Fei’s big fans are gone. I think Qiao Mianmian is starting to take action. I knew it. Song Fei’s fans were so overboard, but Qiao Mianmian didn’t do anything at all.

This is too strange. Now, this is normal. Qiao Mianmian has finally started to retaliate. I've already moved the small stool and prepared the melon seeds. I'm waiting to see how Song Fei will fail this time."

"Song Fei is pretty stupid, really. She can mess with anyone, but she wants to mess with Qiao Mianmian. I think she's going to fail this time. If it was Qiao Mianmian's management company, she might still be able to live. But if it is Qiao Mianmian's domineering husband, she should be like Little Xiao. She probably can't continue in the entertainment industry."

"An artiste like Song Fei should have been banned long ago. I don't think it's a pity if she leaves the entertainment industry."

"It seems like Qiao Mianmian's retaliation is finally here. And this time, it's her husband acting. Song Fei's good days are definitely coming to an end.."

Chapter 2648: But Why Was It Like This Now?

"The Mo Corporation's official Weibo account just sent a lawyer's letter. They want to sue Song Fei's fans. Once the Mo Corporation's elite legal team sues someone, the lawsuit will definitely be lost."

"Sisters, the Golden Globe Awards has released the link for the voting for Qiao Mianmian and Song Fei. Everyone, quickly go and vote!"

"The voting link is out? Give it to me, I want to vote for Qiao Mianmian."

"I want to vote for Qiao Mianmian, too!"

...

The emcee gave them five minutes to vote.

Five minutes later, the results were out.

On the big screen was a row of red and blue numbers.

Song Fei was blue, and Qiao Mianmian was red.

It was a real-time vote.

The red numbers representing Qiao Mianmian kept increasing. Song Fei could keep up at first, but a minute later, she was overtaken by Qiao Mianmian.

In the end, Qiao Mianmian's number of votes exceeded Song Fei's.

Song Fei's 28% of votes was all because of her fans.

After the voting results were out, Song Fei looked at the two sets of data on the big screen. Her face went pale, and she was like a deflated eggplant, unable to say a word.

Not only did she lose, but she even lost terribly.

Song Fei thought that the judges were bribed, so she chose to compete with Qiao Mianmian.

Now, she could no longer say anything.

The truth was right there.

Qiao Mianmian was indeed better than her.

Even if Song Fei didn't want to admit it, even if she hated Qiao Mianmian, she knew very well the difference between them.

Whether it was acapella or not, it didn't matter if the song she chose was too simple.

She couldn't even compare to Qiao Mianmian.

If Qiao Mianmian participated in the talent show competition with her in the same episode, she would definitely be the champion.

It was precisely because Song Fei knew that she wasn't as good as Qiao Mianmian that she felt especially embarrassed standing on stage.

She questioned the judges' decision and requested another round of voting.

But in the end... she was slapped in the face.

Everything was different from what she expected.

In her imagination, she should be the one to win, proving that her doubts were right. Then, she would gain the support and understanding of the netizens and stand on stage to receive the award that should have belonged to her.

"Alright, now that the voting has ended, the results are being shown on the big screen. We can see that Qiao Mianmian won this match with 72% of the votes. As for Song Fei... she only received 28% of the votes."

The emcee looked at Song Fei and asked, "Song Fei, do you have any objections to this result? The competition was and the voting was done according to your instructions. You've seen the results.

"Are you still questioning the judges' results?"

Song Fei's mind was in a mess. She looked down the stage helplessly and saw the mocking smiles on everyone's faces.

They seemed to be laughing at her.

Song Fei's face turned even paler.

It shouldn't be like this.

It shouldn't be like this..

Chapter 2649: She Lost

This wasn't the outcome she wanted.

How did things turn out this way?

She wanted Qiao Mianmian to embarrass herself, but she was the one who made a fool of herself.

She wanted Qiao Mianmian to be mocked, but she was the one being mocked.

Countless eyes stared at her as if they were going to bore a hole through her.

At this moment, Song Fei was finally the center of attention.

But standing on stage, her hands and feet were cold and her face was pale. She was so embarrassed that she wanted to dig a hole and hide in it immediately. She couldn't stand being a joke in other people's eyes.

The emcee saw that Song Fei seemed to have lost her soul. She stood there in a daze, her eyes wandering.

It was as if she hadn't heard her question.

The emcee didn't want her to answer. After the routine question, she turned to the artistes below the stage and said, "I'm sorry for wasting everyone's time. Thank you for your support and voting.

"I'll announce it again. The winner of the Best Song of the Year Award is Qiao Mianmian. Let us congratulate her."

Everyone applauded.

The applause this time was more sincere than before.

After all, many people were suspicious of Qiao Mianmian winning the award.

But they weren't as foolish as Song Fei to say it on the spot.

But Qiao Mianmian proved herself.

Now, no one suspected that she won the award through connections.

She deserved this award.

Qiao Mianmian slowly walked off the stage with the trophy in her hands under the admiring and congratulating eyes.

Song Fei was still standing on stage with a pale face.

"Miss Song Fei, the competition is over. You can leave the stage."

Although the emcee was still smiling, her tone was obviously cold.

Her impression of Song Fei was terrible.

An artiste with such EQ wouldn't be able to survive in the entertainment industry for long.

She wondered which company was so unlucky to have signed such a person.

It might even affect their other artistes.

Song Fei blinked and looked up at the emcee, then saw the disgust and impatience in her eyes.

Her gaze was exactly the same as the others.

At that moment, she seemed to have become everyone's target.

Song Fei felt even more stifled.

"Miss Song Fei, do you have any objections to the results of the voting?" The emcee saw that she wasn't moving and frowned. She thought that if Song Fei still wanted to cause trouble, she couldn't let her be this time.

She couldn't let a small artiste ruin the Golden Globe Awards.

"No." Song Fei knew that it would be unreasonable to continue.

Qiao Mianmian's song had crushed her.

She was unwilling to admit it.

But she had to admit that she lost.

When Song Fei went on stage, she was like a proud peacock.

But when she got off the stage, her head was buried in her hands.

...

After this incident, the awards ceremony proceeded smoothly.

An hour later, the gala ended smoothly and the artistes left.

"Qiao Mianmian, congratulations.."

Chapter 2650: So Many People Are Jealous

Zhan Bo and Qiao Mianmian weren't sitting together. When the party ended, he specially went to Qiao Mianmian to congratulate her.

"Thank you. I want to congratulate you, too."

"Mm, congratulations."

It wasn't like Zhan Bo didn't get anything tonight.

Although Qin Han won the Best Male Lead Award, the Golden Globe Awards had an additional Audience's Favorite Actor Award and Audience's Favorite Actress Award this year. Zhan Bo won this award with a high vote.

As for the annual actress award, it was won by Shen Fei.

"Your performance tonight was too impressive." Zhan Bo gave her a thumbs up. "Your song was so good. I think if you debuted as a singer, you might be even more popular."

“If you have such thoughts, I’ll definitely help you find a reliable recording company.”

Qiao Mianmian laughed. “If I wanted to be a singer, I wouldn’t be an actress. Compared to singing, I prefer acting.”

“Alright.” Zhan Bo sighed regretfully. “Then, there’s no other way. But it’s not like you can’t sing as an actor. It’s fine to record a few songs occasionally. Anyway, don’t waste your good voice.”

“I have something on, I have to go first. Remember to treat me to a meal later. I want to eat at the most expensive restaurant in Yuncheng City.”

“Alright, let me know when you’re free.”

“Mianmian, congratulations.” At this time, Qin Han came over and congratulated her with a smile.

Qiao Mianmian’s eyes lit up when she saw him. “Brother Qin, I should be the one congratulating you. You won your fourth consecutive Best Actor Award. You’re amazing. I want to learn from you!”

Qin Han smiled. “As long as you work hard, anything is possible.”

Song Fei was sitting in the back row.

She didn’t leave immediately.

She saw that Qin Han and Zhan Bo were surrounding Qiao Mianmian. The two most popular people were chatting and laughing with her. They looked like good friends.

These two men were the Prince Charming in the hearts of many in the industry.

Qin Han was known for his mild temper, but no matter how mild he was, he wasn’t as good as everyone else.

On the contrary, Qin Han had very few friends in the industry.

Especially friends of the opposite sex.

He’d been in the industry for so many years and had never had any scandals with anyone. He’d always been alone.

Qiao Mianmian was probably the only female artiste who was so close to him.

Just this alone made many envious.

Including Song Fei, who was glaring at Qiao Mianmian from backstage.

Zhan Bo was also very popular internationally. He was good-looking, had good business abilities, and was very popular. He was also the most outstanding among the young hunks.

Back then, Zhan Bo had been their mentor for the talent show. Almost all the female students had a crush on him.

Including Song Fei.

These two were Prince Charming characters to Song Fei, and she only dared to secretly like them in her heart. But why were they so close to Qiao Mianmian?

Didn't they know that Qiao Mianmian was already married?

What charm could a married woman have in a man's eyes?

Song Fei couldn't help but feel jealous..
