Chapter 2651: You'll Know Once You See It

She really couldn't understand why a married woman could be surrounded by so many outstanding men.

Song Fei was stunned for a moment. She looked up, the jealousy in her eyes still lingering.

Her manager, Chen Li, stood in front of her. She frowned and said, "Song Fei, I told you long ago that Qiao Mianmian isn't someone you can offend. Why won't you listen to me?"

"This is great. You've offended her badly. No one can help you this time. Song Fei, let me tell you, you're finished."

Song Fei's sugar daddy was the boss of the company.

Hence, although Chen Li was her manager, she couldn't control her. She was usually very polite to her.

But Chen Li wasn't being polite now.

It was the first time she was cold to Song Fei.

Song Fei was used to being a "queen" in the company, and Chen Li had always been polite to her. She couldn't stand it when Chen Li said such cold words.

She immediately said rudely, "Sister Li, what do you mean? Are you blaming me? Do you think I offended Qiao Mianmian on purpose? I was just fighting for my own interests. I don't think I did anything wrong. How did I offend her?"

Song Fei didn't like it when her manager mentioned Qiao Mianmian.

It made her angry.

What was so great about Qiao Mianmian?

What else could she do to her?

Hadn't Qiao Mianmian's fans been pinned to the ground by her fans?

She hadn't seen Qiao Mianmian do anything to stand up for her fans.

Chen Li saw that she was still being stubborn and couldn't help but sneer. "You know very well if you did it on purpose. Whether you did it on purpose or not, it's meaningless to say anything now."

It was obvious that Song Fei didn't know what was going on.

Chen Li thought about how angry she was usually and how arrogant Song Fei usually was. She couldn't help but feel a little malicious.

She smiled and said softly, "Song Fei, you still don't know what's happening right now, do you? Instead of arguing with me, why don't you take out your cell phone and check Weibo to see what you've caused?"

"When you're done, if you can still be stubborn, I'll really admire you."

Song Fei frowned. She had a bad feeling. "What do you mean?"

Chen Li: "You'll know when you see it."

Song Fei frowned even harder. She immediately took out her cell phone and opened Weibo.

The moment she did, she saw that her name was all over the hot searches list.

Song Fei's dirt secret is out. She's sleeping with many married men

Song Fei and Ji Jun's rankings are exposed

Song Fei has participated in many campus violence incidents

Shocking! The Devil Girl in the Baby Fall Is Song Fei

Song Fei almost fainted when she saw the last post.

Her hand trembled.

When she was 10, she did something very evil.

Because her parents weren't on good terms, she lived in negative emotions for a long time. That day, her parents had another argument, and she ran out of the house in despair..

Chapter 2652: Seeing Him

She saw a beautiful and gentle mother pushing a pram over.

That mother looked so gentle and approachable.

Song Fei still remembered the baby in the pram. He was also very cute.

The mother was humming and playing with the baby, and the baby was dancing and smiling at her.

The scene of a loving parent stimulated her.

She rushed over like a madwoman and picked up the baby before the mother could react.

After that, the baby suffered severe brain damage and had a few craniotomies.

After that, their family couldn't live locally, and her parents moved her to another city.

She changed her name from Song Yunyun to Song Fei.

She even had plastic surgery and looked very different from before.

She thought that no one would ever find out about this.

No one would know that she'd done such a vicious thing.

Why would anyone know about her past?

She moved out of her original place, changed her name, and even changed her face. How could anyone know that she was Song Yunyun?

Song Fei's hands and feet were cold, and her face was pale. Her vision went dark.

"I've reminded you repeatedly not to provoke Qiao Mianmian, but you didn't listen. Song Fei, you asked for it. You can only count on yourself now." Chen Li looked at her without any sympathy and said coldly, "Even if the Emperor comes, he won't be able to solve your problem."

After Chen Li said that, she looked at Song Fei, whose face was so pale that there was no color left in it, then turned around and left.

With the Mo Corporation taking action, regardless of Song Fei's scandals, the company wouldn't take the risk to continue using her.

Moreover, Song Fei's scandals were enough to kill her.

Not to mention anything else, just the school violence and the fall of the baby would definitely make her unable to turn over a new leaf for the rest of her life.

Although she lost an artiste who just became popular, Chen Li didn't think it was a pity at all.

The thought of Song Fei doing something so crazy like throwing a baby scared her

...

Qiao Mianmian quickly left the venue after receiving Mo Yesi's call.

The man was very eye-catching. Qiao Mianmian looked up and saw him.

Other artistes walked out one after another.

Most of them were handsome male artistes.

But in Qiao Mianmian's opinion, the male artistes that made the fans go crazy and think that they were divine were far inferior to the man in her eyes.

He wasn't as good-looking, elegant, or charismatic.

The gap between Mo Yesi and the rest was too obvious.

The difference between them was more in terms of their looks.

Although he was her husband, Qiao Mianmian felt that Mo Yesi looked much better than them.

But what made Mo Yesi different from others was his aura.

That innate air of nobility and his powerful aura as a person in power was something that no one else had.

In the entire entertainment industry, only Qin Han could compare to Mo Yesi.

But he could only compare, not surpass him.

The man was dressed in a black shirt and black pants. He was wearing a long black coat and a gray scarf around his neck. It was the one Qiao Mianmian bought for him at the mall..

Chapter 2653: Glowing in the Crowd

The night was dark.

He was standing under a street lamp, and the light rays reflected on his tall figure as if forming a faint halo around him.

He seemed to glow in the crowd.

Qiao Mianmian saw that he was holding a red electric heater.

Mo Yesi wasn't afraid of the cold.

He had prepared it for her.

Qiao Mianmian couldn't help but smile when she saw the hand warmer. Her heart felt as sweet as honey.

She walked towards Mo Yesi.

As if sensing something, the man who was looking elsewhere suddenly turned around and locked his dark eyes on her. His originally cold and distant gaze instantly turned gentle and pampering.

Before Qiao Mianmian reached Mo Yesi, he quickly walked towards her.

His legs were long, and his steps were long. He soon arrived in front of her.

The hand warmer he was holding was stuffed into Qiao Mianmian's hand.

Following that, Qiao Mianmian was enveloped in a warm and safe embrace.

"Are you cold?" A low and gentle voice came from above.

Qiao Mianmian was about to answer when she heard a clicking sound. She looked up and was stupefied.

A group of reporters surrounded them with cameras.

"Miss Qiao, first of all, congratulations on winning the Best Song of the Year Award tonight. Then, we all know that there was an accident when you received this award. May I know how you feel about this accident?"

"Miss Qiao, what do you think about your fans arguing with Song Fei's fans on Weibo? Also, do you know that Song Fei Liked the post about your scandals? What do you think of her behavior?"

"Miss Qiao, a professional jewelry designer has appraised the jewelry you're wearing tonight. He said that the jewelry you're wearing isn't MR.S's. Can you respond to this?"

“That’s right, Miss Qiao. Can you answer it? Is the string of letters on your jewelry really an imitation of MR.S’s signature?”

The reporters were already waiting outside.

Too many things had happened tonight.

Every piece could be used as a hot topic for news.

They naturally wouldn’t miss such a good opportunity.

Qiao Mianmian leaned against Mo Yesi’s chest for a few seconds before reacting. Then, she pushed him away a little.

“I’m sorry, I can’t respond right now. If anyone has any questions, you can ask me another day. Can I trouble everyone to make way and let us leave?” Qiao Mianmian was used to being surrounded by reporters, but she knew that Mo Yesi didn’t like it.

She grabbed Mo Yesi’s arm and tried to push him out of the crowd when someone grabbed her arm.

Qiao Mianmian was stunned. She looked up in surprise and saw that the man beside her had no intention of leaving. He used his eyes to tell her not to worry..

Chapter 2654: Does He Not Mind?

Qiao Mianmian was stunned. “Mo Yesi, you...”

Mo Yesi squeezed her hand. “There are some things I want to make public. It’s fine to let them ask.”

The reporters were also stunned for a few seconds.

They thought Mo Yesi was going to flare up.

They didn’t expect him to be willing to accept an interview.

This was a rare thing.

Everyone knew that the Chairman of the Mo Corporation wouldn’t accept interviews casually.

It was even harder to interview him.

Hence, when he first returned to the country, even though he took over the position of Chairman and became the youngest Executive Chairman in the history of the Mo Corporation, there were no interviews about him. Hence, most people didn’t know Chairman Mo’s appearance.

If his relationship with Qiao Mianmian hadn’t been exposed, most people wouldn’t have known what he looked like.

Including the reporters.

They knew how difficult it was to interview Mo Yesi, so they were shocked and pleasantly surprised when they heard what he said.

They couldn't react in time.

"Mr. Mo, can I really ask you anything?" A few seconds later, a reporter asked excitedly.

Mo Yesi glanced at the reporter. "Normal questions are fine, but if it's messy, then don't ask."

"Of course, of course." The reporter sounded even more agitated. "Our questions are definitely normal. So, can we start now?"

Mo Yesi nodded in response.

The reporter immediately took the opportunity to ask, "Mr. Mo, can you answer this? How did you buy your wife's dress and jewelry? Because we all know that the designs of Aaron Smith and MR.S can't be bought with money.

"A princess wanted to buy your wife's dress, but Aaron Smith didn't agree.

"As for MR.S, he's a very mysterious designer and has never designed jewelry for anyone. I wonder how Mr. Mo found him and persuaded him to design this unique blue diamond jewelry for your wife."

"I can answer these two questions." Under the expectant and nervous gaze of the reporters, Mo Yesi said calmly, "Aaron Smith and I are friends. I once helped him with something. I told him that my wife liked the dress he designed, so he gave it to me.

"MR.S has indeed never designed jewelry for anyone. Because in his opinion, only his most beloved person is worthy of his designs." Mo Yesi turned to look at the person beside him.

Qiao Mianmian was staring at him in shock.

The reporters were also shocked.

Mo Yesi had just said that MR.S only designed jewelry for his beloved person.

But now, Qiao Mianmian was wearing MR.S's jewelry.

This...

Qiao Mianmian was MR.S's lover?

If that was the case, why would Mo Yesi, as her husband, say such things so calmly?

Did he not mind?

Did he not mind that his wife was being coveted by other men?

This didn't seem like his style.

Even Qiao Mianmian thought so..

Chapter 2655: That's Too Much

What did Mo Yesi just say?

What did he mean?!

Mo Yesi couldn't help but smile when he saw her eyes widen like a dolphin. He couldn't help but say gently, "MR.S doesn't design jewelry for others, but he's very willing to design all sorts of beautiful jewelry for his wife.

"As long as it makes his wife happy, he's willing to be her exclusive designer."

"Designing jewelry for his wife?!" The reporter repeated the sentence in confusion. A few seconds later, all the reporters looked up at Mo Yesi in shock.

"Mr. Mo, are you saying... that you're MR.S himself?!"

The reporters were shocked.

The legendary genius jewelry designer, MR.S, was actually Chairman Mo Yesi?!

This was too unbelievable.

Qiao Mianmian looked at Mo Yesi in shock. "You-you're MR.S?!"

Mo Yesi ignored the reporter and smiled at her. "Is this very unacceptable to you? Didn't you want to know who MR.S is? Are you satisfied now?"

Qiao Mianmian was speechless.

She was stunned as she looked at the gentle man beside her.

This was an admission.

So, Mo Yesi was really MR.S?

This was an answer she never expected.

She'd thought that MR.S might be a friend of Mo Yesi's.

But she never expected Mo Yesi to be MR.S.

"Mo Yesi, are you really MR.S?" Qiao Mianmian asked in shock.

"Otherwise, who did you think it was?" Mo Yesi smiled and asked.

Qiao Mianmian suddenly recalled the designs she saw in Mo Yesi's office.

Mo Yesi was the one who designed the jewelry, but she didn't link him to MR.S.

She thought that it was just Mo Yesi's hobby.

In fact, it did seem like it.

His main job was to manage the Mo Corporation.

Jewelry design was just one of his many hobbies.

“Do you have any more questions?” Mo Yesi spoke to Qiao Mianmian for a while before turning to look at the group of reporters. “If not, can you move aside?”

“Last-last question.” The reporter snapped out of his daze and asked the last question. “Since Mr. Mo has no intention of doing jewelry design and is unwilling to design jewelry for others, why did you participate in the competition?”

Mo Yesi replied, “I just wanted to know my level.”

The reporter asked, “That’s all?”

Mo Yesi said, “That’s all.”

The reporters were speechless.

“Then, why didn’t you take part in other competitions?”

“Because it’s meaningless.”

Reporter: “Meaningless? Why?”

Mo Yesi looked at him calmly. “I can get first place with just any design. What’s the point of continuing to participate?”

The reporters were speechless.

Qiao Mianmian was speechless.

Even if she felt that her husband was invincible.

But under such circumstances, shouldn’t he be more humble?

This was too much.

What would other people think?

Especially when he’d gotten first place with scores that surpassed Henry Zhou..

Chapter 2656: You Ruined Me, Don’t Even Think About Living Well!

If Henry Zhou heard this, he would definitely be upset.

But Mo Yesi didn’t find his words annoying.

He really felt that the competition was boring.

Getting first place in the competition wasn’t difficult for him at all.

He went to the competition with the jewelry he usually designed.

He didn’t expect to get first place so easily.

He felt that the competition was too easy and didn't have any competitors that interested him, so he didn't participate in any other competition.

He vanished and became a legend.

"Are you done? Can you move?" Mo Yesi's patience was almost used up. Although it was a question, there was a hint of impatience in his eyes.

If these reporters refused to give way, he wouldn't be so nice anymore.

The reporters were all very observant.

When they saw that Mo Yesi was getting impatient, they naturally didn't have the guts to stop him. Anyway, they'd asked what they wanted to ask the most, so they stepped aside and made way.

Everyone was a little excited.

The information they got was definitely enough to write a trending news article.

Mo Yesi hugged Qiao Mianmian and walked towards the black Rolls-Royce.

The chauffeur was waiting by the side.

Seeing them walk over, he hurriedly opened the back door and stood aside respectfully.

Mo Yesi got Qiao Mianmian into the car first.

Just as she was about to get into the car, she suddenly heard a scream filled with hatred and anger. "Qiao Mianmian, you ruined me. Don't even think about living well!"

A red figure rushed out of nowhere.

When Qiao Mianmian turned around, the figure was already almost in front of her.

Something flashed, and she closed her eyes. The moment she opened them, she heard the driver shout, "Young Madam, be careful!"

Qiao Mianmian opened her eyes and saw the chauffeur, Uncle Li, running towards her in fear. Mo Yesi's expression was extremely cold as he stood beside her. Before Qiao Mianmian could react, he pushed her into the car.

Mo Yesi reached out and blocked the dagger.

The dagger in Little Xiao's hand was taken away. Then, Mo Yesi kicked her coldly and sent her flying a meter away.

Little Xiao's body fell to the ground like a kite with a broken string.

"Ah!" She screamed in pain as her body curled up.

"Young Master, are you alright?" Uncle Li quickly sized Mo Yesi up. When he saw a trace of blood on his palm, his expression changed. "Young Master, you're injured."

It happened too suddenly.

Everyone was shocked.

Qiao Mianmian was also shocked.

When she finally realized what had happened, she opened the door with a pale face and hurriedly jumped out.

Blood dripped down Mo Yesi's palm, but he didn't seem to know pain. He only looked at Little Xiao lying on the ground, trembling in pain..

Chapter 2657: Is She Crazy?

There was a murderous look in his eyes.

Even from a distance, the people around could feel the terrifying aura coming from him.

No one dared to approach him.

No one dared to say a word.

No one expected Little Xiao to do such a crazy thing.

Using a sharp weapon to hurt someone in public?

Was she crazy?

Didn't she know the consequences?

But as an adult, how could she not know the consequences?

She knew the consequences, but she still did it. It could only mean that she hated Qiao Mianmian to the core.

Was she really forced to leave the entertainment industry by Qiao Mianmian?

That was why she hated Qiao Mianmian so much?

"Mo Yesi, your hand is injured." Qiao Mianmian got out of the car and saw that his palm was bleeding. Her heart skipped a beat. She grabbed his injured hand and looked at it. "Your palm has a very deep cut. You have to go to the hospital to bandage it immediately."

Mo Yesi still stood there without saying a word.

His murderous eyes were still looking at the trembling Little Xiao.

"Damn, is Little Xiao crazy? She actually tried to stab Qiao Mianmian."

"If Mo Yesi hadn't pushed her away in time, Qiao Mianmian would definitely have been stabbed by her. Mo Yesi's expression is so scary. Why do I feel like he wants to kill Little Xiao?"

"Aren't you talking nonsense? If it was your wife who was almost stabbed to death, wouldn't you want to kill the perpetrator? Little Xiao is really in trouble now. She angered Mo Yesi, and it's not just as easy as leaving the industry."

Even Qiao Mianmian was a little shocked by Mo Yesi's murderous aura.

It was like he was a stranger to her.

Because he always showed his most gentle side to her, Qiao Mianmian almost forgot that Mo Yesi was a ruthless man.

She had heard of his ruthless methods in the business world.

If he wasn't ruthless enough, he wouldn't be able to make everyone in the company respect him so much in such a short period of time.

...

At the hospital.

"How did you do this? How could you cut your palm so accidentally?"

Lu Rao wrapped the last piece of gauze and cut off the rest.

Mo Yesi turned his wrist and said indifferently, "It's nothing, I just accidentally cut it."

"Accidentally? What did you do to make such a deep cut?" Lu Rao obviously didn't believe him. It was obvious that the wound wasn't made by himself.

"Don't let your hand get wet for the next few days, and don't use force. Otherwise, your wound won't heal well.

"You should eat lighter food, too. I don't think you can do that. You usually eat lighter food."

"Got it." Mo Yesi nodded and stood up. "Go on, Mianmian and I will go back."

With that, he reached out to Qiao Mianmian. "Mianmian, let's go."

Qiao Mianmian looked at his bandaged hand and felt a little guilty.

She stood up quietly and extended her hand to him. Mo Yesi held her hand and walked out of Lu Rao's office.

They had just reached the door when Lu Rao's voice sounded from behind them. "Ah Si.."

Chapter 2658: If I Don't Protect You, Who Will?

They had just reached the door when Lu Rao's voice sounded from behind them. "Ah Si."

"Anything else?" Mo Yesi stopped in his tracks and turned to look at him.

Lu Rao looked like he wanted to say something, but after a few seconds, he shook his head. "It's nothing. Let's have a few drinks together."

Mo Yesi raised an eyebrow. Although he knew that Lu Rao wasn't referring to this, he didn't ask further and just nodded. "Alright."

After Mo Yesi led Qiao Mianmian out, Lu Rao looked at the door thoughtfully for a while.

...

“Mo Yesi, I’m sorry. It’s all because of me that you got injured.” Qiao Mianmian looked apologetic as she left Lu Rao’s office. She thought of Mo Yesi’s wound and how much blood he’d lost.

He snatched the fruit knife from Little Xiao’s hand with his bare hands. The knife that should have stabbed her deeply cut his palm.

Although Lu Rao said that he was lucky not to have injured his muscles and bones, Qiao Mianmian still felt guilty.

If it wasn’t for her, Mo Yesi wouldn’t have been injured.

“What nonsense are you talking about?” Mo Yesi frowned slightly and stopped in his tracks. He looked down at the woman beside him. “You’re my wife. At that time, if I didn’t shield you, who would? I’m your husband, it’s my duty to protect you.

“If I can’t even do this, I’m not worthy of being your husband.

“Moreover, I only suffered a small injury on my hand. It’s not serious. You don’t have to feel sorry for me. You didn’t stab me, why are you apologizing to me?”

Qiao Mianmian’s eyes welled up with tears when she saw his gentle expression.

She bit her lip and said softly, “I know, but... if it wasn’t because of me, you wouldn’t have been injured.”

“You’ve never taken the initiative to cause trouble. I know you’re the one who’s afraid of trouble the most.” Mo Yesi smiled and rubbed her head gently. “Baby, listen to me. You don’t have to feel burdened by this.

“I’m actually glad that I was by your side when you were in danger. I’m also glad that I was the one who blocked that stab for you, and not anyone else. If Tu Yilei appeared again, I’d be jealous.”

Qiao Mianmian was speechless.

Why was Tu Yilei involved?

Could it be that this jealous king was still holding a grudge against him?

“In any case, I won’t allow you to be unhappy over this, and I won’t allow you to feel sorry for me. Do you understand?” The man’s tone was a little domineering, but his deep eyes were gentle as he looked down at her.

Qiao Mianmian pursed her lips. “...Mm, I got it. Does your wound still hurt?”

Mo Yesi shook his head and waved his injured hand in front of her eyes. “Lu Rao applied painkillers, it doesn’t hurt anymore.”

“Really?” Qiao Mianmian was a little suspicious.

“Mm, it’s true. Why would I lie to you?” Mo Yesi smiled. “Of course, it’s not completely gone. It does hurt a little, but it’s tolerable. I’m a man, this pain is nothing to me..”

Chapter 2659: She Shouldn’t Have Asked!

“Don’t keep looking at me like that, okay?”

Qiao Mianmian was relieved to see that he was in good spirits and didn’t look haggard.

She nodded. “Alright. But you’ve lost so much blood, you have to make up for it. I’ve got to get the nutritionist to prepare some nourishing meals for you. You have to make up for it!”

Mo Yesi had no objections.

The warm hand rubbed Qiao Mianmian’s head again. A gentle and loving voice came from above. “Make the arrangements, I’ll listen to you.”

“Also, your right hand is injured. It’ll definitely affect your daily life. I think you shouldn’t be too busy with work during this period. If it’s not important, leave it to your subordinates. Doctor Lu said that you can’t overuse your hand before it recovers.

“Alright, that’s fine. But there are two things I need your help with.”

Mo Yesi’s deep voice sounded a little alluring.

Qiao Mianmian blinked and asked curiously, “What is it?”

“It’s not a troublesome matter.” Mo Yesi chuckled. His handsome face suddenly leaned towards her as he bent down to whisper into her ear. “My hand is injured, I can’t get it wet. I might have to trouble Baby to help me with the shower.”

As he spoke, his warm breath spread by Qiao Mianmian’s ear.

Her earlobes heated up.

His husky voice continued to whisper in her ear. “Besides the shower, there’s something more important that you have to help me with.

“I can’t use my hand. I might need you to be more proactive.”

Not only her earlobes, but even her face was burning.

Mo Yesi’s eyes couldn’t help but darken when he saw her blushing. He reached out and caressed her hot cheeks. “Why are you blushing? What did I say wrong?”

“Mo Yesi, can you be more serious!”

“How am I not being serious? My hand is injured. You heard what Lu Rao said just now. It’s really inconvenient for me. Besides letting Baby help me, can I look for others?”

Blushing, Qiao Mianmian looked up at him. “You know what I’m talking about. Mo Yesi, you’re being a hooligan on purpose!”

She knew this man well now!

Mo Yesi couldn't help but laugh. "Baby, you're saying that I'm being a hooligan. Do you really think so? Do I want you to help me shower, or..."

"Stop talking!" Qiao Mianmian covered his mouth before he could finish. She glared at him. "Don't even think about it. You need to recuperate well. Can't you calm down and be a pure person?"

"Of course not." Mo Yesi frowned and grabbed her hand. He put on a serious expression and said seriously, "I only injured one hand. It's not like I can't do it anymore.. Why do I have to live a pure and simple life?"

Chapter 2660: Rogue!

"Baby, don't you feel sorry for me? I thought about it. If you really feel bad, I'll give you a chance to make it up to me. I've just made a request, and I think it's a normal request. I'm not making things difficult for you.

"You said that my hand was injured because of you. You can't possibly leave me in the lurch."

Qiao Mianmian was speechless.

She felt like Mo Yesi was a rogue!

No one would believe it.

The cold and aloof Chairman Mo had such a thick skin.

He didn't care about his pride anymore.

Qiao Mianmian felt that Mo Yesi's public image was just a facade!

What aloof Prince Charming?

What pure heart?

None of them existed with her.

In fact, this man was as passionate as fire.

As for being pure and innocent... that was even more nonsense.

If Mo Yesi really had no desires, her back and legs wouldn't ache every day.

"Hmph, I'm not talking to you anymore." Qiao Mianmian pushed him. "Mo Yesi, do your employees know how thick-skinned you are? Do you dare to let your employees know what kind of person their boss is?"

"So what if they know?"

Mo Yesi didn't care. He went forward and held her hand. "My wife is too thin-skinned. If I wasn't more thick-skinned, I wouldn't even be able to get the most basic benefits. Compared to my benefits, nothing else is important.

“But seriously.” His warm breath came close to Qiao Mianmian again, and his low and alluring voice seemed to blow into her ear. “Why hasn’t anything happened even though I’ve been working so hard recently? Is it because I haven’t been working hard enough?”

Mo Yesi glanced at her abdomen.

Ever since Qiao Mianmian agreed to have their baby, Mo Yesi had put a lot of effort into their relationship.

Their three meals a day were specially ordered by nutritionists.

She usually ate food that was suitable for pregnancy.

In order to make himself healthier, Mo Yesi didn’t even sleep late.

He’d been working out more recently.

He even decided to quit drinking coffee.

In any case, before Qiao Mianmian became pregnant with their child, he planned to quit everything that was detrimental to him.

Qiao Mianmian felt her legs go weak.

How could he not be working hard enough!

She couldn’t take it anymore!

Sometimes, pregnancy depended on fate, not hard work.

Take Jiang Luoli and Mo Shixiu, for example.

“You’re too anxious.” Qiao Mianmian couldn’t help but complain. “I didn’t want to get pregnant in the first place. Moreover, don’t you know that pregnancy is a very mystical thing?”

Mo Yesi was stunned. “Mystical? What is it?”

“It’s just that you can’t be anxious about getting pregnant. The more anxious you are, the harder it is to get pregnant. You have to let nature take its course and not think about it every day. I might even get pregnant very soon.

“Look at Big Brother and Luo Luo, they’re like this.” Qiao Mianmian gave him an example. “Big Brother and Luo Luo got pregnant in one go. It was because they never thought of having a child that everything went so smoothly..”
