Chapter 2661: That's Not a Bad Person, That's Brother Yesi

"So, don't think about this every day. I think we should let nature take its course."

Qiao Mianmian didn't want to get pregnant so soon.

She could guarantee it.

If she got pregnant now, Mo Yesi would definitely want to lock her up at home 24/7.

Although he had promised her that he would let her finish filming "Phoenix in Flight", who knew if he would regret it?

Anyway, based on Qiao Mianmian's understanding of this man, she felt that Mo Yesi was very likely to go back on his word.

Seeing how Mo Shixiu treated Jiang Luoli, she could roughly guess how Mo Yesi would treat her after she got pregnant.

The man frowned and kept quiet for a while. "Is that true?"

"It's true." Qiao Mianmian nodded. "If you don't believe me, you can ask someone else. We really can't rush this. The more anxious we are, the more things go against our wishes. So, I think you really don't have to take this matter too seriously. If we are destined to have a baby, I believe he'll come to us soon. If it's not fated, it can't be forced."

Mo Yesi kept quiet for a while as if she'd convinced him. After a while, he finally nodded. "I got it."

He seemed to agree with her.

But in his heart, he thought that he had to get Lu Rao to examine him.

Mo Shixiu got Jiang Luoli pregnant in one go.

It didn't make sense. He and Qiao Mianmian had already done it so many times, but there were still no signs of pregnancy.

He didn't believe in letting nature take its course.

If it was because of his health, he could treat it earlier.

...

Qiao Mianmian and Mo Yesi took the elevator downstairs.

They had just walked out of the elevator when they saw a familiar figure.

Qiao Mianmian stopped in her tracks.

"What's wrong?" Mo Yesi looked down at her and then followed her gaze.

His expression changed slightly, but then quickly returned to normal.

The person walking towards them noticed them, too.

“Mo Yesi, it’s you!” An agitated and angry voice rang out.

Mo Yesi looked at the woman expressionlessly and greeted her. “Madam Shen.”

Hearing his voice, the woman beside Madam Shen suddenly looked up. The woman clearly had a mature and beautiful face, but her eyes were as innocent as a child’s. When that gaze that didn’t match her actual age landed on Mo Yesi, Qiao Mianmian’s eyes lit up.

“Brother Yesi.” Shen Rou seemed very happy. She pushed Madam Shen aside and ran towards him excitedly.

Mo Yesi frowned and took two steps back.

“Rourou.” Madam Shen’s expression changed. She immediately went forward and pulled her back to her side. Then, she lowered her head and scolded her sternly. “Didn’t Mom tell you that there are many bad people outside? You have to follow me closely and not run around.

“Why are you so disobedient!”

“He’s not a bad person. He’s Brother Yesi.”

Shen Rou was still looking at Mo Yesi despite being pulled by Madam Shen. She said excitedly, “Let go of me, I want to talk to Brother Yesi.. Brother Yesi isn’t a bad person, I want to talk to him.”

Chapter 2662: Don’t Agitate Her

As Shen Rou spoke, she tried to break free from Madam Shen’s grip. She struggled, pushed, and slapped Madam Shen. She even cried out loud. “Let go of me. I want to play with Brother Yesi.”

Madam Shen’s face was pale. She grabbed her arm tightly and yelled angrily, “Rourou, do you know why you’ve become like this? The person who caused you to be like this is Mo Yesi. And you actually call him Brother Yesi. Mo Yesi is your enemy. You’re not allowed to look for him!

“You’re not allowed to call him Brother Yesi anymore!”

“I don’t want to, I don’t want to. Let me go. Brother Yesi isn’t a bad person. I like Brother Yesi. You’re the bad person. Why can’t you let me play with Brother Yesi? Bad person, let me go, let me go!”

Shen Rou struggled.

She was crying, too.

She kept crying that she was going to look for Mo Yesi.

Madam Shen was so angry that her whole body was shaking. She kept saying “sin, sin”.

“Xiao Xin, what are you still standing there for? Come and catch your sister. What sin did I commit to give birth to such a disappointing daughter? She’s already become like this, but she’s still thinking about him.”

Madam Shen couldn’t control Shen Rou alone, so she yelled at her daughter behind her.

Shen Xin, who had been watching quietly, slowly walked forward.

“Mom, you’ll scare Sister.” Shen Xin’s voice was soft. She reached out and held Shen Rou’s hand gently. “She won’t understand what you’re saying. Have you forgotten what the doctor said? We have to coax her.

“Try your best not to agitate her.

“Otherwise, this won’t be beneficial to her treatment.”

“How can I not know?” Madam Shen gritted her teeth in anger. “But you saw it for yourself just now. She actually kept asking to look for Mo Yesi. She’s already a fool, why is she still thinking about the Mo family’s men?”

Shen Rou couldn’t understand what she was saying.

She still wanted to play with Mo Yesi.

Shen Xin looked at her teary face, and a hint of sadness appeared in her eyes. She gently held Shen Rou’s hand and said gently, “Sister, don’t cry anymore. Aren’t you going to look for Brother Yesi? Don’t cry. I’ll take you to him, alright?”

Shen Rou stopped crying.

She turned around, and her swollen eyes lit up again. “Y-You’re bringing me to Brother Yesi?”

“Mm, don’t cry anymore. I’ll take you to him.”

“I’m not crying, I’m not crying.” Shen Rou understood what she meant. She immediately wiped her eyes and said anxiously, “Xiao Xin, I’m not crying anymore. Look, I’m not crying anymore.”

“Xiao Xin, you...” Madam Shen pursed her lips and said angrily, “What did you say to your sister? How could you...”

“Mom.” Shen Xin looked up and smiled bitterly. “I know what to do. Sister is already in such a state, what if she doesn’t let her go and keeps crying?”

“But...”

Madam Shen still looked disapproving.

She hated the Mo family to the core.

It was the Mo family who ruined their Shen family.

It was also the Mo family who ruined her precious daughter.

Her outstanding daughter had become an idiot.

How could she accept this?

Chapter 2663: The Doctor Couldn't Explain

"Then, do you want Sister to continue crying?" Shen Xin didn't argue with her.

Stunned, Madam Shen fell silent.

Shen Xin didn't look at her anymore. Instead, she held Shen Rou's hand and coaxed her as if she was coaxing a child. "Sister, let's go find Brother Yesi, alright?"

"Good, good!" Shen Rou was so excited that she danced. It was a stark contrast to her crying self.

"Brother Yesi, let's go look for Brother Yesi!" She looked at Mo Yesi impatiently.

Beside Mo Yesi, Qiao Mianmian was still shocked.

She knew that Shen Rou was sick.

She also heard from Yan Shaoqing that Shen Rou's IQ was only that of a three- or four-year-old child.

But hearing and seeing were two different things.

Hearing it wasn't as shocking as seeing it with her own eyes.

This was the first time Qiao Mianmian saw her after Shen Rou's accident.

She knew that Shen Rou must have changed a lot, but Qiao Mianmian was still a little shocked when she saw how silly she looked.

Shen Rou was really different.

Looking at her beautiful face, Qiao Mianmian couldn't help but sigh as she thought of the proud and arrogant Young Lady Shen who didn't care about anyone except Mo Yesi.

If Shen Rou wasn't so obsessed with Mo Yesi, she wouldn't have caused so much trouble for him.

Perhaps she wouldn't have ended up in such a pathetic state.

She was thinking that if there was medicine for regret in this world, would Shen Rou regret everything she'd done? Would she want to take the medicine?

But there weren't so many ifs.

It was impossible to change what had already happened.

While Qiao Mianmian was deep in thought, Shen Xin held Shen Rou's hand and walked towards them.

Even if Shen Rou was already a fool and no different from a child, Mo Yesi was still on guard. He tightened his arm around Qiao Mianmian's waist and hugged her protectively.

"Brother Yesi, I'm sorry. Sister wants to see you. She's very stubborn now. If we don't do what she wants, she can cry for the whole day. So..." Shen Xin said apologetically.

As it was Shen Xin who brought Shen Rou over this time, Mo Yesi's expression softened a little. He glanced at her and said calmly, "Didn't you say she lost all her memories? Why does she still remember me?"

"Mm, she lost all her memories. In the beginning, she didn't even know us, nor did she know who she was," Shen Xin said bitterly. "Actually, she still doesn't remember us. The doctor said that there's a clot in her brain. The reason she lost her memories should be related to that clot.

"Because that part can't be operated on, we can only wait for the blood clot to disperse on its own. If we're lucky, it can slowly disperse. If we're unlucky, it might never disperse in this lifetime.

"But Sister does remember you. She keeps saying that she wants to look for you.

"We've asked the doctor about it, but he couldn't explain it."

Just as Shen Xin finished speaking, Shen Rou called out excitedly, "Brother Yesi, Brother Yesi.."

Chapter 2664: No Hatred, No Emotions

Shen Rou grabbed Shen Xin's hand and pointed at Mo Yesi.

Shen Xin turned to look at her sister and grabbed her hand. "Sister, don't be like this. You're scaring him."

But Shen Rou didn't seem to hear her. She continued to shout excitedly, "Brother Yesi, Brother Yesi!"

"She's been doing this a lot recently." Shen Xin smiled bitterly. "She'll suddenly call your name at some point in time. She won't listen to anything we say until she's tired."

"I'm sorry, Brother Yesi, Sister Mianmian." Shen Xin looked apologetic. "I know, I shouldn't have brought Sister here. I also know that you might not want to see her. It's just that the doctor said that she can't bear the shock in her current situation.

"I'm afraid that if she keeps this up, it'll make the situation worse."

"It's alright, I don't mind." Qiao Mianmian glanced at Shen Rou again and realized that she didn't remember her, too. Although Shen Rou looked at her a few times, she didn't show any reaction.

Before, every time Shen Rou saw her, her eyes were filled with hatred.

When Shen Rou looked at her just now, it was as if she was looking at a stranger.

There was no hatred or emotion.

Shen Rou used to hate her so much, but she forgot her completely after the car accident.

But she still remembered Mo Yesi.

She probably... really loved Mo Yesi.

She loved him so much that she forgot everyone but him.

No wonder she was so obsessed with Mo Yesi.

This was probably destined to be a tragedy for her.

Even if it wasn't a car accident, it would be something else.

Qiao Mianmian had no grudges against Shen Rou now.

Having been calling Mo Yesi all this time, Shen Rou heard her voice and turned to look at her. Just like before, Shen Rou showed no emotion when she saw her, as if she didn't know her at all.

She was only curious about Qiao Mianmian.

She looked at her curiously and then turned back to Mo Yesi.

"Brother Yesi, can you speak to my sister and get her to listen to us and follow us to the doctor obediently?" Shen Xin's eyes were pleading. She knew that she was making a difficult request, so she immediately added, "I know this request of mine might be a little overboard, but now that Sister has seen you, she definitely won't leave with us. In her current situation, she'll only listen to what you say."

Mo Yesi kept quiet.

"Brother Yesi, please. You can say anything you want." Shen Xin begged again. "I know Sister did many wrong things in the past, but she's been punished now."

"Xiao Xin, don't beg him!" Madam Shen stormed forward and pulled Shen Xin to her side, glaring at Mo Yesi and Qiao Mianmian..

Chapter 2665: You'll Suffer Retribution!

"You're actually begging the man who harmed your sister! The Shen family can beg everyone, but we can't beg the Mo family. If it wasn't for them, would we be in such a terrible state?"

"Mo Yesi, let me tell you. You've hurt us so badly. You won't have a good ending! You'll get your retribution!"

"And you!" Madam Shen pointed at Qiao Mianmian and gritted her teeth. "You're also at blame. Do you think you won't suffer retribution for harming Rourou like this? Let me tell you, you'll have your retribution!"

"The Shen family's today is your tomorrow. Don't be smug!"

Mo Yesi's expression didn't change when Madam Shen scolded him, but when he saw Madam Shen pointing at Qiao Mianmian's nose and scolding her, his expression darkened.

He looked at Madam Shen coldly. "The Shen family's current state has nothing to do with the Mo family. The Shen family did not do well on its own. It was already an empty shell that could go bankrupt a few years ago.

"The Shen family's bankruptcy was predestined. Madam Shen, you keep saying that the Mo family harmed your family. Could it be that we are to blame for the Shen Corporation's poor management?"

Madam Shen was aggressive, but when she saw Mo Yesi's dark expression, she was like a rooster that had its neck suddenly grabbed.

Especially when she met Mo Yesi's cold eyes, her heart trembled even more, and a trace of fear emerged from her heart.

Even if the person in front of her was a young junior, Madam Shen knew how powerful he was.

Hence, Madam Shen didn't dare to be as aggressive as before.

She didn't dare to scold him like before.

But she still couldn't take it lying down. "But when something happened to our family, if the Mo family was willing to help, we would have been able to get out of the situation. But the Mo family didn't do anything and just watched as the Shen family went bankrupt.

"Isn't this considered the Mo family harming the Shen family?"

"The Shen Corporation has been making huge losses for a long time. Even with the Mo family's help, it could only alleviate the difficulties for a while. If the internal management continues with the same management model, it will still eventually go bankrupt.

"Moreover, why should I help the Shen family? Just because of the friendship between our families? That's just the friendship of the older generation. To me, that friendship isn't that important."

Madam Shen's face turned green. "Mo Yesi, why are you giving so many dignified reasons? You didn't help us because of the woman beside you!

"Just because Rourou did something to her and you wanted to stand up for her, you deliberately chose not to care when something happened to our family.

"You still refused to help us even when we begged you." Madam Shen's eyes were filled with hatred as she spoke. "Our families have been friends for decades, and you and Rourou have been friends for so many years, but it can't compare to a woman. Rourou actually fell in love with such a heartless man like you. She must have been blind to not recognize that you're a heartless person!"

Seeing how unreasonable she was, Mo Yesi's expression darkened and his eyes became dangerous.

"Madam Shen still has the energy to make a scene in front of me.. It seems like you aren't clear about your family's current situation."

Chapter 2666: I Protect Those I Care About

Madam Shen was stunned.

She suddenly recalled that the Shen Corporation had been acquired by the Mo Corporation.

Her husband was still working at the Shen Corporation.

No, he was working at the Mo Corporation.

Mo Yesi gave Father Shen a project manager position. The Shen family now lived on Father Shen's monthly salary.

Although Father Shen's monthly salary was nothing to the Shen family in the past, for the bankrupt Shen family, it was enough to keep them fed.

They wouldn't end up sleeping on the streets.

Moreover, the Shen Residence was protected.

They didn't have to worry about a place to stay.

However, life was much more frugal than before.

But compared to those who couldn't even afford to eat after bankruptcy and were in debt, the Shen family's current situation was already considered good.

And the reason why they were doing well had a lot to do with the Mo family.

Although Madam Shen scolded them for being heartless and harming the Shen family, she knew in her heart that if it wasn't for the Mo family, they would be living a terrible life.

Thinking of this, Madam Shen's expression stiffened and she was speechless.

Mo Yesi sneered.

"Since Madam Shen is aware of your family's current situation, you'd better be polite when you talk to my wife in the future. I protect those I care about. I don't like to see people around me being bullied. If anyone makes the person I care about suffer, I can do anything.

"So, Madam Shen has to be careful with her words. You have to know what to say and what not to say in the future."

Madam Shen's expression stiffened.

She was furious.

But when she met Mo Yesi's cold and deep eyes, her tongue felt as if it was knotted, and she couldn't say anything.

She was frightened.

Mo Yesi looked at Madam Shen's defeated expression and retracted his gaze coldly.

If it wasn't for Old Madam's plea, he wouldn't have acquired the Shen Corporation.

However, he had no intention of letting the Shen family continue meddling in the Shen Corporation.

Without the Mo Corporation's acquisition, the Shen family wouldn't only face bankruptcy, but also billions of yuan worth of debt.

If they didn't pay up, all the properties under their name would be used to repay their debts.

Including the residence they were living in now, as well as their cars.

That was what it meant to have nothing.

The Shen family would end up sleeping on the streets.

Mo Yesi had seen too many people commit suicide because of their company's bankruptcy.

It was also because of this that the Shen family was considered lucky.

But they obviously didn't think so.

At least Madam Shen still hated the Mo family for not helping them before. She felt that everything that happened to them was because of the Mo family.

Mo Yesi found Madam Shen extremely foolish.

He had reached his limit.

If Madam Shen continued to be so confused, he wouldn't mind teaching her how to recognize reality.

Thankfully, Madam Shen wasn't hopelessly stupid.

She should know by now.

Mo Yesi ignored her and turned to Shen Rou, who kept calling him "Brother Yesi" ..

Chapter 2667: He Never Cared About It

When his gaze landed on Shen Rou, she immediately started dancing. She looked up at him with bright eyes, her face a little red from excitement.

"Brother Yesi!" Shen Rou waved her hands. "Brother Yesi, can you play with Rourou? Rourou will dance for you.

"Rourou can sing. Rourou can sing for you, alright?"

Shen Rou's IQ was that of a three-year-old, and her eyes were as clear and pure as a child's.

All she could see was Mo Yesi.

Besides Mo Yesi, she didn't see anyone else.

Anyone would be moved by such a look.

But Mo Yesi's expression was still cold and indifferent. He didn't show any pity or sympathy for her.

Shen Rou's tragedy was caused by herself.

Mo Yesi had always been a cold person.

Besides the people he cared about, he never cared about others.

Although he had known Shen Rou for a long time, and they could be considered childhood sweethearts, his feelings for her had always been faint.

It was only because they'd known each other for so many years that he felt a little of friendship for her.

Under such circumstances, Shen Rou touched the person he cared about time and again.

Thus, their friendship was long gone.

He looked at Shen Rou coldly as she tried to please him.

Shen Rou said a series of flattering words, but he didn't respond at all. She finally stopped, puzzled.

She blinked, clearly confused. She looked at Mo Yesi's cold and distant face, and a hint of fear appeared on her face. Then, she bit her lip and asked cautiously, "Brother Yesi, w-why aren't you saying anything? Y-You don't want to play with Rourou?"

"Brother Yesi, y-you don't like Rourou?"

Although Shen Rou didn't remember anyone else, she still remembered Mo Yesi.

She was still subconsciously afraid of him.

She was a little afraid when Mo Yesi kept quiet.

Even though she'd lost her memories and acted like a three-year-old, she still felt this way.

"You want to play with me?" Mo Yesi asked coldly.

"Mm!" Shen Rou was stunned at first, but then she was overjoyed. Her Brother Yesi was finally willing to talk to her. She nodded vigorously. "Yes, yes! Rourou loves playing with Brother Yesi."

"Then, go to the doctor first. Come play with me after you're done." Mo Yesi didn't reject Shen Xin's request.

Shen Rou's eyes lit up again. "Really? If Rourou goes to see the doctor obediently, Brother Yesi will play with Rourou?"

Mo Yesi nodded.

"Alright, Rourou will go to the doctor immediately." Mo Yesi's words were very effective. Previously crying and refusing to listen to Madam Shen and Shen Xin, Shen Rou suddenly became obedient.

"Rourou will go to the doctor now."

Shen Rou turned around and urged Shen Xin impatiently. "Xiao Xin, Xiao Xin, I'm going to see the doctor now. Bring me to the doctor quickly."

Madam Shen's face turned green again when she saw how obedient her daughter was.

Mo Yesi could make her daughter so obedient with just one sentence.

She was worse as a mother than the person who harmed her daughter!

Chapter 2668 - Is This How You Treat Patients?

What sin did she commit?

How did she give birth to such a disappointing daughter?

Did her daughter owe someone in her previous life?

“Thank you, Brother Yesi. Thank you, Sister Mianmian.”

Shen Xin’s eyes glistened with tears. After thanking them seriously, she immediately pulled Shen Rou away.

“Xiao Xin, I want to see the doctor.”

“Mm, we’re going to see the doctor.”

“After seeing the doctor, Brother Yesi will play with Rourou.”

“Mm, so Sister has to be obedient. Brother Yesi loves obedient girls.”

“Be good, Rourou is the most obedient.”

Madam Shen and Shen Rou left.

...

On the way back, Qiao Mianmian was unusually quiet.

“What are you thinking about? You’re not saying anything.” Mo Yesi held her hand gently and squeezed it. “Are you still thinking about Shen Rou?”

Qiao Mianmian turned around and bit her lip. “Mm.”

“Tell me, what are you thinking?”

“I’m thinking, will Shen Rou be like this forever?”

This meeting with Shen Rou had a huge impact on Qiao Mianmian.

A previously normal person, and now she suddenly became a fool.

Qiao Mianmian was touched.

“Didn’t Shen Xin say that she has a clot in her head? If it can be dissolved, she might be able to recover.” Mo Yesi smiled and pinched her cheek. “Do you think she’s pitiful?”

“She’s quite pitiful.” Qiao Mianmian nodded. “She’s such a proud person. If she knew that she’d become like this, she’d probably rather die. I think she’s pitiful, but I don’t pity her.

“I’m just thinking about how she used to be, and looking at how she is now, I feel that the world is really unpredictable. Mo Yesi...” Qiao Mianmian looked up and said emotionally, “I’ll cherish every day we spend together.”

A teasing smile landed by her ear. “Baby, I’m very glad that you have such a realization. I also feel that we should cherish every day, no, every moment.

“We can’t waste such a wonderful time. So, tonight, we...” The man’s voice gradually lowered, and his warm breath landed by her ear.

“Mo Yesi!” Qiao Mianmian pushed him away and glared at the man in front of her. He looked serious, cold, and abstinent, but he was actually a hooligan. She found it funny. “Don’t forget, your hand is injured.

“I think you’d better recuperate well.”

“Baby, I only injured one hand, it doesn’t affect anything. The doctor didn’t say that I need to abstain for this period.” Mo Yesi raised an eyebrow, not feeling that his request was overboard.

He was just trying to get the basic benefits of being a husband.

“That won’t do.” Qiao Mianmian was unmoved. “The doctor didn’t say, but I’m saying it. Anyway, before your hand recovers, you can forget about it.”

“Baby, aren’t you being too cruel to me?” Mo Yesi shrugged. “I’m injured, and even my basic welfare has been exploited. Is this how you treat patients?”

Qiao Mianmian wasn’t buying it.

“If you really think of yourself as a patient, don’t think about those things all day...” Blushing slightly, she paused for a few seconds before continuing, “Anyway, behave yourself!”

Chapter 2669: Completely Ruined

What was this man thinking?

Qiao Mianmian was speechless.

His hand bled so much and had such a deep cut. It must hurt so much.

But instead of thinking about how to recuperate, he kept thinking about that.

Someone actually said that he was a male god.

How did he look abstinent!

...

Qiao Mianmian only had time to pay attention to what happened to Song Fei after she returned to Lu Shan Courtyard.

Song Fei was completely ruined.

Everyone knew about her scandals.

Especially about her school violence and about her injuring a baby, many netizens paid close attention to her and strongly condemned her.

She had an affair with a married man. Even if it was considered a scandal, it was nothing compared to the other two scandals.

Although the former was shameless, they were, at most, morally criticized.

It had to be known that there were several cases of married artistes having an affair. Although they were also strongly criticized by the netizens, they only kept quiet for a while. Later on, they participated in some variety shows to establish a likable persona and clear their names.

But someone like Song Fei wouldn't be able to clear her name.

The impact of the last two incidents was too terrible.

It'd be unforgivable even if she was an ordinary person.

However, Song Fei was a public figure.

Moreover, the girls who were bullied by her in school all posted on Weibo as well.

It was impossible for Song Fei to deny it.

The reporters also found the baby who was injured by Song Fei. Although the baby survived, her brain was damaged, so she became a fool.

In the video.

The baby's parents were crying pitifully.

"My poor Nannan was less than a year old back then. She just came to this world, she was still so young, she didn't know anything. Who knew that such a crazy devil would do that to my Nan Nan?"

"I thought children were pure and kind, but how could there be such a vicious child? No, she's not a child, she's a devil. My Nan Nan wasn't even one year old, what could she do to her? Why would she do that to my Nan Nan?"

"Because of her, Nan Nan's life was ruined. The doctor said that her brain injury is irreversible. My Nan Nan is going to be like this for the rest of her life. Nan Nan, why is my Nan Nan's life so tough?"

"Reporters, have you found that little devil? Tell me who she is! I want to find her. I want to ask her face to face why she did that to my Nan Nan. She caused my Nan Nan to be like this, why can she live a carefree life!"

"How is our family going to survive this? Why did God let us meet that little devil? Why did God let us live such a bitter life?"

The woman's eyes were red and swollen as she cried out her grievances and despair.

Chapter 2670: The Treacherous Rat

Even the reporters' eyes were red, not to mention the netizens.

When the netizens saw the parents' despair and agony and the cute little girl who became a fool because of Song Fei's evil deeds, no one helped her.

No one could forgive her for her cruel and vicious actions.

Even Song Fei's fans seemed to have vanished. No one came out to help her.

On the other hand, the C brand deleted their post about Song Fei that night.

The other brands that worked with Song Fei also deleted all of her Weibo posts.

As for the brands that had just signed a contract with Song Fei, they also tagged Song Fei and her studio on Weibo. The management of a show also offered to terminate the contract with her.

They had already signed a contract with Song Fei to invite her as a guest for the next episode. They also directly terminated their contract with Song Fei on Weibo and gave Song Fei's spot to another female artiste who was about the same.

In any case, Song Fei saw it with her own eyes.

It was so much.

Even her management company anxiously made a statement in order to prevent their other artistes from being implicated by her. They said that Song Fei deliberately hid her evil deeds and they signed her without knowing anything. Now that such a thing happened, the company couldn't tolerate her terrible behavior and would terminate the contract with Song Fei later.

In the future, Song Fei would no longer be their artiste.

Many netizens were happy with this outcome.

"Gosh, Song Fei is such a vicious and scary woman. I don't want to see her disgusting face anymore."

"Gosh, that family was destroyed because of her. So pitiful. When I saw that mother and father crying, my tears couldn't help but fall. And that innocent and pitiful child. She's obviously a very beautiful girl. If it wasn't for Song Fei, she would definitely be living well now. Song Fei is simply heartless. Not only does such a person deserve to be kicked out of the entertainment industry, but she also deserves to lose her footing in society. Otherwise, it's too easy on her!"

"A good family was ruined by Song Fei. I think even if she dies immediately, she won't be able to make up for the huge damage she caused to that family. If anyone dares to clear Song Fei's name, I'll smash their heads!"

"And those school girls who were bullied by her are also very pitiful. Two of them are still traumatized. They said that they would dream of being beaten up by her almost every night. Song Fei is too hateful. Such a scum of society can actually be a celebrity and an idol. I think the entertainment companies can spend more effort to check on the person's past when signing them in the future. Don't let all kinds of trash enter the entertainment industry."

This time, the public opinion was unified.

Song Fei had become a rat on the streets.

Her fans, who had always been arrogant and looked down on everyone, also kept quiet.

Occasionally, a few loyal fans who weren't afraid of death jumped out to speak up for Song Fei. However, they ended up being scolded by the netizens and didn't even have the chance to talk back.

The once arrogant and fearless Song fans could never rise up again..
