Chapter 2671: Little Genius Qiao Mianmian

As for Song Fei herself, after she was exposed for having an improper relationship with many family men, a few with powerful wives, they immediately found Song Fei's place, blocked the door, and taught her a lesson.

A reporter who had been guarding Song Fei's apartment took photos of her. When Song Fei came out of her apartment again, she used a scarf to cover her face. Although she used it to cover her face, a portion of her skin was still exposed.

Her skin was purple.

It looked like a bruise.

Moreover, she was walking differently from usual. She was limping.

It wasn't hard to guess how she was taught a lesson by those vicious characters.

The netizens applauded when they saw this news.

"Hahaha, she was beaten up by the wives, right? She seems to be in such a terrible state. She couldn't even walk properly."

"Good beating. How satisfying!"

"It's so satisfying to watch. She was just beaten up. Compared to that innocent baby, this is nothing. I hope someone like her will get her retribution. How did she treat that innocent baby? She'll suffer the same thing in the future."

"Uh, am I the only one paying attention to the fact that MR.S is actually the Chairman of the Mo Corporation, Mo Yesi? You guys don't seem surprised at all. Did you all already know?"

Because Song Fei's two particularly nasty incidents had attracted most of the netizens' attention, it seemed like the other trending topic didn't attract much attention.

When someone mentioned it, the discussion shifted to Mo Yesi being MR.S.

The netizens were shocked.

The legendary and mysterious jewelry designer was actually Chairman Mo?!

He was the CEO of a big corporation, but he actually knew how to design jewelry. Moreover, he was a genius designer!

This was too unexpected.

Moreover, after watching the video of Mo Yesi being questioned by the reporters, the female netizens felt that it was too much.

Because Mo Yesi said in the video that he was Qiao Mianmian's exclusive designer.

He even said that he only designed jewelry for the woman he loved, Qiao Mianmian.

Who wouldn't want such a handsome, rich, talented, and devoted man who doted on his wife?

Who wouldn't want to be pampered by such a man?

And Qiao Mianmian actually got the man they dreamed of having!

How many good deeds did Qiao Mianmian do in her previous life to accumulate such good fortune in this life!

"Sob, I'm so envious. I beg Qiao Mianmian to come up with a book and teach us how to flirt with such a great catch like Chairman Mo."

"We second that. We'll buy it no matter how expensive it is!"

"Chairman Mo is such a rare gem. I don't have such high expectations. I'm satisfied to be able to flirt with a man who's one-tenth as outstanding as Chairman Mo."

The netizens begged Qiao Mianmian to teach them how to flirt with Prince Charming.

This matter was even trending. The headline was: "Little Genius Qiao Mianmian."

Qiao Mianmian was speechless and amused by this trending topic.

She didn't have any secret techniques.

Would they believe her if she told them that Mo Yesi had coerced her to get married?

Chapter 2672: Honey Trap

No one would believe it.

They would feel that she was bragging.

"What are you looking at, why are you smiling so happily?" A familiar scent came from behind her. The next second, Qiao Mianmian was pulled into a pair of strong and warm arms.

She leaned against Mo Yesi's chest and smiled. "Look, the netizens are praising you. They even asked me to tell them how I managed to seduce you.

"Tell me, did I flirt with you back then?"

Mo Yesi glanced at her cell phone and casually read the comments. He slowly smiled. "Then, you can tell them that your secret is that you used a honey trap to make me fall in love with you at first sight."

"I used a honey trap on you?"

"Mm."

"You fell in love with me at first sight?"

"Mm."

“Then, aren’t you attracted to me? You want me to tell others that you’re a superficial man who’s easily charmed by beauty?”

Mo Yesi chuckled again.

Qiao Mianmian could feel his warm breath on her cheek as Mo Yesi whispered into her ear, “Baby, you’re right. I... do have feelings for you. In front of you, I’m a superficial man who’s easily charmed by your beauty.

“So, you don’t have to do anything to seduce me.

“This is your secret. Besides you, no one else can learn it.”

His low and magnetic voice was alluring.

Even Qiao Mianmian wasn’t immune to his voice.

Her ears burned.

Qiao Mianmian’s heart couldn’t take it anymore.

His voice was still teasing her, and it was getting deeper and deeper. “Baby, I filled the bathtub. Do you want to take a bath?

“I put your favorite essential oils in the water.”

When the man spoke, a soft touch brushed past Qiao Mianmian’s ear. It seemed unintentional, but also seemed intentional.

“I’ll scrub your back later, alright?”

Qiao Mianmian was speechless.

This familiar rhythm.

It seemed like someone was getting restless again.

She took a deep breath and didn’t let him tease her. After suppressing the fluttering in her heart, she wrapped his arm around her waist and started to become restless too. She slowly turned around in his arms. “No need, I can wash myself.

“Your hand is injured, so it’s not convenient.”

Mo Yesi refused to let go of her waist. “I can use my uninjured hand.”

Qiao Mianmian was speechless.

This man was really thick-skinned.

Qiao Mianmian took another deep breath and shook her head decisively. She then slowly pulled his hand away from her waist and looked up. “I’ll shower by myself.”

He looked disappointed, but he still fought for it. “You really don’t need me to scrub your back?”

“No need.” Qiao Mianmian shook her head. “I can do it myself.”

“Alright.” Mo Yesi sighed in disappointment. “Go on, then.. The water will get cold soon.”

Chapter 2673: Jiang Luoli Gives Birth

Qiao Mianmian thought for a while before locking the door.

Ever since she saw Mo Yesi’s true nature, Qiao Mianmian felt that he was capable of anything.

He was definitely a gentleman in front of others, especially in front of other women.

He never looked at other women.

Otherwise, he wouldn’t have become the so-called abstinent male God.

But!!

Mo Yesi had never been a gentleman in front of her!

She had seen this man’s most indecent side countless times.

Moreover, he did such shameless things before.

Hence, she needed to guard against him.

Qiao Mianmian walked out of the bathroom in a bathrobe.

“Baby, we have to go to the hospital immediately.”

Mo Yesi had just walked out of the changing room after having changed into his clothes.

Qiao Mianmian was stunned. “Hospital? What’s the matter?”

He suddenly wanted to go to the hospital at this time.

Qiao Mianmian thought something bad had happened.

Mo Yesi said with a smile, “Mm, Big Brother called just now and said that Sister-in-law gave birth to a little princess. Grandma and the rest have already rushed to the hospital.”

“What?!”

Qiao Mianmian was stunned. After a few seconds, she ran over excitedly. “You said Luo Luo gave birth to a little princess?!”

Mo Yesi smiled happily. “Mm.”

He was naturally happy that Jiang Luoli gave him a niece.

“I’m going to be an aunt?!”

“Not Aunt. Sister-in-law’s child will call me Uncle in the future. Of course, it’s Little Aunt,” Mo Yesi corrected her.

“Little Aunt isn’t nice at all. Just call me Aunt.” Qiao Mianmian was so excited that she grabbed Mo Yesi’s arm. “Mo Yesi, I’m going to be an aunt. I’m going to be an aunt.”

“Gosh, I’m so happy. I’m actually going to be an aunt. But didn’t Luo Luo say that her due date was the day after tomorrow? I was planning to go to the hospital to accompany her tomorrow, why did she...”

“Early deliveries are common.” Mo Yesi saw that she was so happy that she looked as if she’d just given birth herself. He gently rubbed her nose and said lovingly, “Alright, hurry up and change your clothes. Let’s go, quickly.”

“Alright, alright. I’ll get changed right away. Wait for me!”

Qiao Mianmian didn’t delay any further. She let go of his arm and ran into the changing room.

...

When Qiao Mianmian and Mo Yesi arrived at the hospital, Old Madam and Mo Yunchen were already there.

They surrounded a small bed, playing with the baby.

“Yueyue, Little Yueyue, look at Great-grandma.

“Aiyo, this child is too obedient. Did you see that? She actually smiled at me just now. Our Mo family’s genes are so good. The newborn babies are all white and tender and beautiful. I think her eyes and nose are exactly the same as Shixiu’s.

“The child looks like him, too.”

“Our Mo family’s children are born with their eyes open. Look at her big eyes, so adorable.”

Uncle Zhang waited outside the room.

Seeing Qiao Mianmian and Mo Yesi, he greeted them respectfully. “Second Young Madam, Second Young Master, you’re here.”

Qiao Mianmian heard the laughter in the room and asked, “Grandma and the rest are already here?”

Chapter 2674: Completely Ignored

“Yes, Old Madam and the rest are teasing Little Miss. Little Miss is really pretty. Her eyes are especially big, and her nose is straight. Her facial features are so exquisite that she doesn’t look like a newborn.”

Uncle Zhang liked the newly born Little Miss.

Unlike most newborn babies, the Young Miss of the Mo family was already a beauty the moment she left her mother’s belly.

There was no awkward period at all.

Her facial features were especially beautiful.

Her skin was so fair and tender as if it was snow. She was simply too beautiful.

It wasn't hard to imagine what kind of beauty she would be when she grew up.

The Mo family's genes had always been good. Everyone in the Mo family was good-looking.

Their descendants naturally wouldn't be too far off.

Moreover, Young Madam was also a top-notch beauty, so Young Miss would definitely be good-looking no matter what.

"Is that so? Mo Yesi, let's go in quickly. I want to see my niece!" Qiao Mianmian held Mo Yesi's hand and walked into the room eagerly.

Uncle Zhang followed them into the room. "Old Madam. Second Young Master and Second Young Madam are here."

In the past, Old Madam always pampered Qiao Mianmian the most.

But this time, the most pampered was the baby.

Old Madam was only concerned about her precious great-granddaughter. When she heard from Uncle Zhang that Qiao Mianmian and Mo Yesi were here, she didn't even turn around.

"Sister-in-law, you're here." Mo Shixiu turned around and greeted them.

Having officially become a father, he couldn't hide his joy. He smiled and said to Qiao Mianmian, "Mianmian, go and see Luoli. She was just talking about you."

Mo Shixiu didn't seem as cold and heartless as Mo Yesi. Every time Qiao Mianmian saw him, he was always gentle and seemed to have a good temper. But in fact, he rarely revealed his true feelings.

He looked gentle, but his eyes were always indifferent.

You couldn't tell how he felt.

But even Qiao Mianmian could tell that he was overjoyed right now.

Qiao Mianmian knew that he would be a good father in the future.

Jiang Luoli was really blessed to have married Mo Shixiu.

She could let go of all her worries.

"Mm, I'll go and see Luo Luo." Qiao Mianmian let go of Mo Yesi's hand and went to look for Jiang Luoli.

Jiang Luoli had just given birth and looked a little weak, but she was still in good spirits.

Jiang Luoli smiled when she saw her. "Baby, you're here."

"Luo Luo, you're too amazing and noble." Qiao Mianmian walked to the bed and looked at Jiang Luoli, who was still pale. Her eyes burned and tears fell.

She grabbed Jiang Luoli's hand. "Does giving birth hurt? How do you feel now?"

She heard on the way that Jiang Luoli had chosen to give birth naturally.

Although Mo Yesi told her that Jiang Luoli had given birth painlessly, and the process shouldn't have been too painful, Qiao Mianmian had never given birth before. She didn't know if it really didn't hurt anymore.

In her opinion, giving birth wasn't easy.

Chapter 2675: Luoli, It's Been Hard on You

In any case, no matter how she gave birth, she wouldn't feel any better.

Jiang Luoli smiled and shook her head. "It doesn't hurt. It only hurt a little at first, but it doesn't hurt anymore now. Don't cry, it's really not as scary as you think. You'll know in the future."

"It really doesn't hurt?"

"Mm, it doesn't hurt. Even if it does hurt a little, it's nothing. It's bearable. Alright, don't cry. Everyone's happy. Have you seen Yueyue?"

"Yueyue?"

"Mm, my little princess. Yueyue. It's the Yue that Ping An is happy about. This is her nickname. Grandma and Shixiu will find a Fengshui master to calculate it before naming her properly."

A prestigious family like the Mo's naturally couldn't name their children casually.

She also had a Fengshui master calculate when Mo Shixiu and Mo Yesi were born.

Qiao Mianmian knew this, too.

She nodded and said with a smile, "Yueyue. Mm, this nickname is pretty good. I haven't seen her yet, I wanted to see you first."

"Then, go take a look." Jiang Luoli's eyes couldn't help but exude motherly gentleness when she talked about her daughter. "Yueyue is so beautiful, like a little angel. I can't believe I gave birth to such a beautiful child."

"Baby is beautiful because her parents have good genes. Our Yueyue is indeed a cute little angel, but I think her mom is the most beautiful." Mo Shixiu walked over and squatted by the bed. He gently held Jiang Luoli's hand and kissed it gently. His dark and cold eyes were full of love and affection.

"You're the greatest." Mo Shixiu kissed the back of Jiang Luoli's hand. He looked up and touched her cheek. "Luoli, it's been hard on you. Thank you for giving birth to such a cute baby for me."

"Thank you for giving me such a happy family."

His eyes were full of love. He heard what Jiang Luoli said to Qiao Mianmian.

Actually, Jiang Luoli's delivery wasn't as easy as she said.

Although it didn't hurt, the anesthesia only played a third of the role because of her constitution.

The entire process was painful.

She told Qiao Mianmian that it didn't hurt because she didn't want her best friend to feel bad.

Just like how she clenched her teeth and didn't make a sound despite the pain.

Back then, she didn't want him to worry.

She always considered others, but often neglected herself.

Mo Shixiu doted on her even more.

He wanted her to scream when she was in pain.

He hoped that she would tell him the truth.

She was his wife.

She could tell him everything.

Jiang Luoli met his affectionate gaze and felt her heart soften. She recalled that when she and the baby were pushed out of the delivery room, Mo Shixiu walked past the baby and held her hand with red eyes.

Men didn't cry easily.

That was the first time she saw Mo Shixiu cry.

It was the first time she saw fear in his eyes..

Chapter 2676: She Cried Herself

Although medical technology was very advanced now, this man was still worried about her.

Everything stemmed from his care for her.

"Mo Shixiu, you've already said this to me." Jiang Luoli gently held his hand and smiled blissfully. "You're also very noble. You took care of me throughout my pregnancy. It was very tough.

"I have to thank you for giving me such a happy family."

"It's not hard on me. It's my duty to take care of you and the baby. You're the one who has it the hardest. You suffered so much during your pregnancy, and when you gave birth, you suffered even more. I'll definitely treat you and the baby well in the future."

"I don't think it was hard. I feel very happy." Jiang Luoli looked like a happy little woman. "Really, I feel especially happy now."

Qiao Mianmian smiled.

Seeing how happy her best friend was, she felt especially happy and comforted.

Not wanting to disturb the couple's blissful moment, she covered her mouth and smiled. "Luo Luo, have a good talk with Big Brother. I'll go see my niece."

With that, Qiao Mianmian turned to look at the baby.

Old Madam teased her great-grandchild for a while before getting Uncle Zhang to help her sit down.

It wasn't because she was tired, but because her body didn't allow her to stand for long.

Mo Yesi stood by the bed and teased his little niece a little awkwardly. The baby was smiling at first, but when he reached out to play with her, the baby pouted and cried the next second.

Mo Yesi's hand stiffened.

His expression also stiffened.

Old Madam's heart ached when she heard the baby cry. She immediately questioned her precious grandson. "Ah Si, what did you do? Why did you scare Yueyue?"

Mo Yesi's expression stiffened.

He retracted his hand and explained dryly, "Grandma, I didn't scare her. She cried herself."

"Hmph, would she have cried if you didn't scare her? Then, why was she laughing when your dad and I teased her just now?"

Mo Yesi was speechless.

How would he know?

He really didn't do anything.

If he had to say what he'd done, he'd just teased her.

"Grandma, I really didn't do anything. I didn't scare her on purpose." Mo Yesi felt wronged. "Do you think I would do something so boring as scaring a baby?"

Old Madam knew her grandson well.

But now, she didn't care.

She snorted. "You didn't scare her, but it's also no different from doing so. You're just standing there with a straight face, and she's afraid of you. Isn't this considered scaring her? Go away, don't stand there and be annoying."

Mo Yesi was speechless.

Alright.

Now that Old Madam had a great-grandchild, he naturally became an annoying person.

Didn't Father Mo do the same?

Mo Yesi couldn't be bothered to argue with her. He nodded. "Mm, Grandma is right. I'll make way."

This was what Qiao Mianmian saw when she returned.

The baby's nose and eyes were red.. She looked so adorable.

Chapter 2677: Mo Yesi Is Too Scary

This triggered Qiao Mianmian's motherly love.

"Yueyue, be good. Yueyue, don't cry anymore. Auntie's heart aches." She squatted beside the crib and patted the baby gently.

Then, something magical happened.

The baby stopped crying and looked at her curiously.

Qiao Mianmian and the baby looked at each other for a few seconds before the baby started giggling.

Qiao Mianmian was stunned. "Ah, Yueyue isn't crying anymore. She's smiling at me. Does this mean that Yueyue likes Auntie?"

As if to prove her point, Baby waved her hands and giggled.

"Yueyue is smiling again. She looks so good when she smiles. She's like a little angel." Qiao Mianmian loved her. She looked at the baby wrapped in blankets with love.

Not to mention that she and Jiang Luoli were best friends.

This baby's looks alone had won her over.

Qiao Mianmian had never seen such a beautiful baby.

She looked just like a little angel.

Jiang Luoli and Mo Shixiu were originally very good-looking, and their baby took in all their best features. She was simply beautiful.

This was the first time Qiao Mianmian was stunned by a baby.

Normally, babies who were just born wouldn't look too good because their facial features weren't fully developed.

But some babies were God's favorites.

From the moment they were born until they grew up, there was no awkward period.

"Mo Yesi, Yueyue is so cute. She keeps smiling at me." Not able to contain her joy, Qiao Mianmian turned to share it with Mo Yesi.

She didn't see his expression stiffen.

After all, he didn't do anything just now and the baby started crying.

Old Madam said that the baby cried because he looked scary.

He naturally wouldn't argue with Old Madam, but he also didn't agree with her.

But now...

Mo Yesi couldn't help but wonder if the baby cried because he looked too scary.

He and Qiao Mianmian would have their own child in the future.

Mo Yesi felt suffocated at the thought that his own baby might cry from fear of him.

But Old Madam still wanted to stab him in the heart. "I told you it was you who scared Yueyue to tears. Why did Yueyue smile when she saw Mianmian? It's bad enough that you're usually so stern in front of outsiders, but why are you so cold in front of your own family? You're so unpopular, what if you have your own child in the future?"

Mo Yesi was speechless.

Qiao Mianmian couldn't help but laugh.

The others couldn't help but laugh, too. The room was filled with laughter, and it was a scene of joy and warmth.

...

Jiang Luoli had just given birth and was still rather weak.

Qiao Mianmian and Mo Yesi didn't stay for long. Half an hour later, they left.

After leaving the hospital, Qiao Mianmian felt that Mo Yesi wasn't in a good mood.

He hadn't said anything.

The man's side profile was cold.. He turned to look out of the window the moment he got into the car as if he was lost in thought.

Chapter 2678: We'll Have a Child Soon

Qiao Mianmian found it strange.

Because he wasn't usually like this.

Although Mo Yesi was a man of few words and usually kept quiet, this was how he looked in front of others.

Not in front of her.

Mo Yesi wasn't so quiet in front of her.

Especially since he hadn't said a word since he left the hospital. He even looked like he had a lot on his mind. This was a little abnormal.

Qiao Mianmian couldn't help but ask, "Mo Yesi, is something bothering you?"

Hearing her voice, the handsome man seemed to come back to his senses. He slowly turned to look at her, his deep black eyes questioning. "Bothering me?"

"Yes." Qiao Mianmian looked at him. "Did something happen? Can you tell me?"

Mo Yesi kept quiet for a few seconds before shaking his head. "It's nothing."

Nothing?

He looked troubled.

Qiao Mianmian didn't believe that he was really fine.

She frowned. "You're lying. You clearly have something on. I realized that you haven't said a word since you left the hospital. If it wasn't for something, would you be like this? You're not like this usually.

"Mo Yesi, you're hiding something from me. What's so mysterious that you can't even tell me?"

"I can tell that you're just in a bad mood." Qiao Mianmian hugged his waist and leaned against his shoulder. "Tell me, what exactly is it?"

"Don't keep it to yourself. I'm your wife, I can share your burden."

Mo Yesi's eyes were filled with warmth.

He thought for a while and sighed softly. Then, he reached out and hugged her. "There's nothing to worry about. I'm just wondering if our child will be as afraid of me and dislike me as Yueyue does.

"Baby, do I really look that scary? If our own child is afraid of me in the future, how should I interact with him?"

Qiao Mianmian was speechless.

She couldn't help but laugh.

"So, you were worried about this?"

"Mm, I guess." Mo Yesi nodded.

If his own child didn't like him and wasn't close to him, his mood would definitely be terrible.

No, it was terrible.

Qiao Mianmian didn't expect him to be worried about this. It seemed like scaring their little niece was a huge blow to him.

Although he seemed nonchalant, he actually minded it so much.

Qiao Mianmian found it funny and couldn't help but chuckle. "Mo Yesi, aren't you thinking too far ahead? We haven't even seen the child yet, and you're already thinking about whether the child will dislike you in the future?"

"It's not far." The man looked down at her with a serious expression. "I have a feeling..."

"Mm?" Qiao Mianmian was stunned. "What feeling?"

The man pursed his sexy lips and looked at her deeply.. "We'll have a child soon."

Chapter 2679: Everyone Else Is Good

Qiao Mianmian was speechless.

Seeing the man's serious expression, Qiao Mianmian swallowed the "are you serious" she was about to say.

Mm, he did look serious.

Qiao Mianmian was shocked by his premonition.

She felt that Mo Yesi's premonition was definitely wrong!

Absolutely not!

She didn't want to get pregnant so soon.

Even though she was prepared to be a mother, she still wanted to delay it as much as possible.

She didn't want to get pregnant too early.

She even prayed that she wouldn't get pregnant in the next two years.

Qiao Mianmian really wasn't interested in being a mother so early.

Although she felt that children were rather cute and she liked to tease them, it was only because they were from other families.

It was just like how some people liked cats and dogs but didn't take care of them themselves. Then, they would spend their days on the Internet.

Everyone else was good.

She felt a headache coming on at the thought of having a child.

Of course, after Qiao Mianmian became a mother, she still couldn't escape the famous "fragrant law".

"I think you're overthinking it." Qiao Mianmian tugged at the collar of his suit and placed her hands on his neck. She smiled and said, "Our baby definitely won't be afraid of his daddy.

"Don't you know that blood is thicker than water? Blood ties are a magical thing. Babies like to be close to their parents.

"Unless you're trying to scare him. Unless you don't like him and treat him badly. That's why he's afraid of you and doesn't want to be close to you."

"How could I scare my own child?"

"Then, what are you worried about?" Qiao Mianmian patted his handsome face. "Relax, what you're worried about won't happen."

Mo Yesi kept quiet for a while before nodding. He felt that he was too worried.

Yes, blood was thicker than water.

How could his own child not like him?

He relaxed and smiled.

The man looked down at his beautiful wife in his arms and smiled. "After seeing Big Brother and Sister-in-law's child, I really hope you can get pregnant with our baby soon.

"It's best if we also have a daughter.

"But I'll like him too if it's a son.

"Of course, it'd be best if it's twins."

Qiao Mianmian didn't know what to say.

Mo Yesi was getting more and more anxious.

That's true.

The little princess Luo Luo gave birth to was too beautiful and likable.

Even she liked it.

Mo Yesi definitely liked her, too.

After all, she was his dear niece.

...

"Luoli, you must be tired. Sleep for a while." After the visitors left, only Mo Shixiu, Jiang Luoli, and their baby were left in the room.

The baby was always sleeping. She slept almost all day.

Mo Shixiu's voice was low and gentle. He was afraid that if he raised his voice, he would wake up his little princess..

Chapter 2680: Let's Talk About Our Wedding

Jiang Luoli shook her head and looked at her sleeping daughter tenderly. No matter how she looked at her, she felt that her daughter was really cute and adorable. She didn't feel tired at all.

She still felt like she was dreaming.

It felt unreal.

She actually gave birth to such a beautiful baby.

Was this true?

Was she dreaming?

How could she be so lucky to have such a beautiful child?

Mo Shixiu looked down and saw his wife smiling at the baby. He couldn't help but laugh. "Haven't you seen enough? Do you want me to bring her to you? You can see her up close."

“No need. Yueyue just fell asleep. Don’t wake her up.” Jiang Luoli quickly shook her head.

“Yueyue is tired. Aren’t you tired?” Mo Shixiu sat down by the bed and held her hand gently. He wrapped her soft and fair hand in his warm palm. His low and gentle voice was full of heartache. “You haven’t had a good rest since you entered the delivery room. You can sleep with Yueyue for a while. You don’t have to worry about her. I’ll watch her, and there’s also the special care system.”

“I’m not tired.” Jiang Luoli knew that Mo Shixiu was worried about her. She smiled and shook her head. “Mo Shixiu, I’m really not tired at all. I feel especially energetic now. I don’t want to sleep.”

Mo Shixiu frowned slightly. “You don’t want to sleep?”

“Mm, I don’t. Can you talk to me?”

“You’re really not tired?” Mo Shixiu looked at her suspiciously. “Isn’t giving birth a particularly tiring affair? How can you not be tired?”

He heard that women were extremely tired after giving birth.

Mo Shixiu was a little worried about his wife. “Luoli, are you feeling unwell? Do you want me to get the doctor to examine you?”

Jiang Luoli was speechless.

She looked at his worried expression and laughed. “I’m fine. I’m fine. Why get the doctor to examine me? I know my own body. Alright, just talk to me for a while. I want someone to chat with me now.”

“Mm, what do you want to talk about?” Mo Shixiu said gently, “I’ll talk to you about anything.”

Jiang Luoli thought for a while. “Let’s talk about our wedding.”

“Wedding?”

“Mm. Mo Shixiu, what form of wedding do you like? Chinese or Western? Outdoors or indoors?”

Mo Shixiu couldn’t help but chuckle as he put her hand back under the blanket. “You’re asking me? Luoli, don’t you think the order is wrong? I should be the one asking you this. You should answer me.”

Mo Shixiu and Jiang Luoli were already married.

They got their marriage certificate when she got pregnant.

As the pregnancy wasn’t stable in the first three months, he had to be careful. Hence, Mo Shixiu definitely wouldn’t hold a wedding at that time.

Three months later, he was still worried. He didn’t want Jiang Luoli to worry too much about the wedding and affect the baby in her belly.. Hence, they decided to hold the wedding after the baby was born.
