

Big Shot 2751

Chapter 2751: Jiang Luoli Can Have Two More Children

“Then, you’re still saying that their suggestion is right?”

“Mm, their suggestion is right. I agree, but that doesn’t mean I’ll do it.” Mo Yesi chuckled and pinched her cheek affectionately. “Baby, we just want a child. When you give birth, I’ll go for a vasectomy.”

Qiao Mianmian looked up in shock. “A vasectomy?”

Although vasectomy was an option, few men actually brought up this possibility.

Qiao Mianmian was surprised that Mo Yesi took the initiative to bring it up.

It wasn’t that he couldn’t undergo a vasectomy.

But...

If he hadn’t brought it up, Qiao Mianmian wouldn’t have even thought of asking him to do it.

And from what she knew, most men were unwilling to undergo a vasectomy.

Even if it didn’t affect a man’s fertility because it could go back to normal with surgery.

“Mm.” Mo Yesi’s expression was normal. It was obvious that this decision wasn’t made just now.

“Why?” Qiao Mianmian couldn’t help but ask.

If she didn’t want another baby, a vasectomy wasn’t the only way to avoid pregnancy.

He didn’t have to do this.

Mo Yesi looked down at her with a gentle gaze. “I’ve said it before, we just need a baby. I’ll go for a vasectomy, and I can guarantee that nothing will happen again. Baby, I know that pregnancy is a very tough thing. I can’t share your burden. All I can do is not let you suffer a second time.”

Qiao Mianmian was a little touched. “What if I want another baby?”

“No.”

The man’s tone was domineering. “One child is enough. Too many children at home will be noisy. Moreover, if we have two children, we’ll definitely be biased towards one of them and hurt the other. So, we just need one child. It’s too troublesome having more.

“If you like the liveliness at home, you can let Jiang Luoli give birth to two more. In the future, she can bring her children to our house often.”

Qiao Mianmian was speechless.

Thankfully, Jiang Luoli didn’t hear that.

Otherwise, their friendship would be ruined.

...

On the day the official recording of “My Intern Parents” would start.

Qiao Mianmian got up early in the morning to tidy herself up, in case the photographer took a picture of her with disheveled hair and face.

Mo Yesi got out of bed with her. They had just packed up and gone downstairs for breakfast when the butler informed them that the photography team had arrived.

“So soon?” Qiao Mianmian looked at the time and thought for a while. Then, she said to the butler, “They definitely haven’t had breakfast. Get the kitchen to prepare more.”

“Yes, Young Madam. I’ll get the kitchen to prepare it.”

The butler turned around and left for the kitchen.

Qiao Mianmian was waiting for the photography team in the living room with Mo Yesi. After a few minutes, they saw the housemaid leading the photography team into the hall.

Because this was a live stream, the live stream on Weibo had already started when the photography team came to look for her.

Although it was still early, not even seven in the morning, there were already many people in the broadcast room.

Then, they saw the photography team drive into a luxurious villa.

The villa was huge and beautiful. Just the two pine trees at the entrance were enough for netizens to understand the price. It was said that even one tree cost millions.

“A tree costs a few million yuan? What kind of tree is this?”

Chapter 2752: This Man’s Aura Is Too Powerful

“A tree costs a few million yuan? What kind of tree is this?”

“I just went to Baidu. These trees are really expensive. They cost millions of yuan each.”

“I was thinking that the Mo family is the richest family in Country A. Qiao Mianmian married the Chairman of the Mo Corporation. A few million yuan worth of ornamental trees is naturally a sky-high price to ordinary people, but it’s nothing to rich people like them.”

“Yes, yes. They have tens of billions of yuan in assets. A few million yuan is nothing to them.”

“I heard that Mo Yesi’s gift to Qiao Mianmian is worth tens of millions of yuan. He spent a few million yuan to buy two trees, just like how ordinary people spend hundreds of yuan.”

“These two trees are really nothing. Do you see the paintings hanging in the lobby? If they’re real, they’re worth hundreds of millions. Tsk tsk, the world of the rich is really unimaginable to us ordinary people.”

“Two trees cost a few million yuan, and a few paintings cost hundreds of millions... Isn't it a waste to spend so much money on trees and paintings? How good would it be to have so much money to support the children in the mountains? They don't even have enough to eat.”

“Previous poster, drop the moral flag. Why do you have to sponsor the children in the mountains just because you have money? No matter how rich they are, they earned it with their own abilities. They didn't steal or snatch anything, so they can spend their money however they want. If you think the children in the mountains are pitiful, you can sponsor them yourselves.”

“That's right. Why are you still browsing Weibo and watching the live stream? Quickly sell your cell phone and donate money. The money from selling your cell phone can let the children eat a few full meals.”

6:30 AM.

The live stream was unexpectedly lively.

Qiao Mianmian went downstairs to eat after washing up. The production crew had already arrived. She didn't have the time to look at her cell phone, so she didn't know that people in the live stream were already arguing about the trees and paintings in the house.

At this moment.

Qiao Mianmian was still greeting the production crew.

In the hall.

The cameramen, the lighting crew, and the crew members doing the live stream all looked a little uneasy.

The reason was that Mo Yesi's aura made them feel pressured.

Even though the man was dressed in casual home clothes and looked much more approachable than usual, the aura and dignity of someone who had been in power for a long time were naturally revealed.

Even if he had already toned it down, they still felt pressured and nervous in front of him.

Even if Mo Yesi wasn't their boss, everyone felt that this elegant and handsome man was even more intimidating than their boss.

At least they could relax in front of their boss.

“Everyone hasn't had breakfast yet, right? It must have been tough on you to rush over so early. I got the kitchen staff to prepare breakfast for you. Let's go eat first.” Qiao Mianmian could tell that the crew members were uncomfortable and nervous, so she stepped forward to smooth things over.

Mo Yesi was too powerful.

Qiao Mianmian had never seen anyone who could interact with him calmly.

It was their first time seeing him, and they were rather nervous.

Chapter 2753: Not Normal

Even Qiao Chen was a little afraid of his brother-in-law at first. It was only after spending more time with him that he really treated him as his brother-in-law.

“There’s no need. You and Mr. Mo can go and eat. Don’t bother about us. We’ll just eat something in the car later.” The crew member in charge of Qiao Mianmian waved her hand in embarrassment.

“That won’t do.” Qiao Mianmian immediately called a housemaid over. “The kitchen has already prepared the food. It’d be a waste if you don’t eat. It’s just breakfast, no need to be polite. You’ll have the energy to work after eating.”

“This...” The leader hesitated. “But we still have to...”

“You have to record me, right? You can fix the camera and aim it at me.” Qiao Mianmian walked towards a staff member who was pointing his cell phone at her. She greeted the camera and smiled. “This is a live stream, right? Hi, is there anyone in the live stream now? Good morning, everyone. I’m Qiao Mianmian. I’m going to have breakfast now. Have you all eaten?”

Qiao Mianmian was very close to the camera when she greeted him.

Her magnified face appeared in the live stream.

She went downstairs after washing up, so she didn’t have any skincare or makeup on.

Not only was she bare-faced, but the camera didn’t have any filters on. It was streaming in raw quality.

Barefaced and no filters.

This was something many girls wouldn’t consider.

Even the female celebrities who claimed to have good skin and good looks wouldn’t do a live stream.

Not to mention...

Qiao Mianmian was so close to the camera just now.

At that distance, even the pores on her face could be seen clearly. If there were any flaws on her face, they would definitely be seen clearly.

But at that moment, the netizens in the live stream didn’t see even a single flaw on Qiao Mianmian’s face.

What they saw was a porcelain-white face. The girl’s skin was soft and fair, as delicate as a peeled egg.

Because of her fair skin, any slight flaw on her face would be very obvious.

No matter how good a person’s skin was, it was hard to tell from a distance. But if one looked closer, some flaws would appear.

But Qiao Mianmian wasn’t an ordinary person.

Someone took a screenshot of the scene and zoomed in a few times, but they couldn’t find any flaws on her face.

“Damn, Qiao Mianmian’s skin is too good. She can beat any female artiste in the entertainment industry with her bare face.”

“Oh my, does such good skin really exist? She didn’t use a filter, right? Is that her skin under the original camera? Qiao Mianmian has the best bare skin among all the female artistes in the entertainment industry. No one refutes that, right?”

“Her looks are really good. I don’t think any female artiste can compare to her.”

The live stream was filled with praises and envy.

But there were also many sour lemons.

“Haha, what’s there to be shocked about? If I could marry such a rich husband and be a rich wife, I could also take care of myself and be like an 18-year-old girl.”

Chapter 2754: At This Distance... I’m Dead

“The person above, don’t be jealous. I’m an old fan of Qiao Mianmian. She was in this state when she first debuted. She’s a natural beauty, it has nothing to do with her marrying a rich husband. Many female celebrities are rich, and they don’t lack money to take care of themselves. But can everyone have skin as good as hers?”

“That’s right, I’ve been following Qiao Mianmian for a long time. You can search for her Weibo post from a few years ago. There are photos of her without makeup. Her skin was so good back then. We have to admit that some people are born with good genes. They don’t need much maintenance.”

“There’s really nothing to be jealous about. Qiao Mianmian is famous for her good skin. My friend put on makeup for her and said that Qiao Mianmian has the best skin without makeup.”

Qiao Mianmian didn’t know that her casual greeting had caused the netizens to start arguing again.

She said to the crew member, “Give me your cell phone. I can do the live stream myself, right?”

The crew member was stunned for a while before nodding. “Of course.”

“Mm, then go have breakfast with the others. Leave your cell phone with me, I’ll do the live stream myself.”

“This...” The crew member hesitated.

“No problem, I know how to do it.” Qiao Mianmian smiled and took the cell phone from him. Seeing that the comments section was filled with people, she looked closer.

The proximity was super close.

The netizens in the live stream saw a breathtakingly beautiful face, especially Qiao Mianmian’s eyes. They were dark and bright and always moist. At this moment, everyone watching the live stream felt like they were being stared at.

The women were alright, but some of the men’s hearts raced as they blushed.

Qiao Mianmian didn't have many male fans.

She looked pure and sweet. When she first debuted, the company she signed with wanted her to be a "first love goddess". If it wasn't for Qiao Anxin, she might really have debuted as a "first love goddess".

Her looks attracted the opposite sex.

"Damn, Mianbao, don't suddenly get so close. My heart can't take it."

"At this distance... I'm dead."

"Ahhh, Mianbao, how can you be so good-looking? I don't care, I want to be your fan for life."

"Mianbao, be honest. Are you trying to hide your good looks?"

"Mianbao, tell us, how do you usually treat your skin?"

Qiao Mianmian looked at the comments on the live stream and walked towards Mo Yesi with the cell phone. She smiled and said, "My skincare manual is very simple. I usually like to sleep in. As long as I don't have to work, I can sleep for 15 hours straight.

"Also, I drink more water and eat more fruits. Of course, I try not to stay up late. It's crucial to maintain a good habit of sleeping and waking up early."

She had already walked to Mo Yesi.

As she was holding her cell phone and broadcasting it to herself, she took a picture of him when she reached him.

It was strangely quiet for a few seconds when Mo Yesi appeared in the live stream.. The netizens seemed to have suddenly disappeared, and no one commented.

Chapter 2755: Good Morning, Everyone, I'm Mo Yesi

A few seconds later, the live stream exploded.

"Ah, Chairman Mo usually looks like this at home. The gray loungewear he's wearing is too nice. No, no, it's not that the clothes are nice, it's just that he looks too good in them."

"Chairman Mo looks so homely. Thanks to Mianbao, I can actually see Chairman Mo's handsome face at such a close distance. Ahhh, Chairman Mo's looks are too heaven-defying."

"A godly couple!!"

"Can Mianbao get Chairman Mo to greet everyone?"

Qiao Mianmian glanced at the chaotic live stream and turned to Mo Yesi. "I'm live streaming now. The netizens want you to say hi to them. Do you want to... say hi to everyone?"

Qiao Mianmian knew that Mo Yesi didn't like to be exposed no matter what.

But now that he was with her and she was doing a live stream, it was impossible not to appear.

Moreover, she'd already told him that this show would be filmed in two ways.

One was the early-stage shoot, and the post-editing was shown on television.

The first was a live stream on Weibo.

She was asking for Mo Yesi's approval. He was willing to let someone come to the house to film and film him.

But...

Although Mo Yesi agreed to be on screen, Qiao Mianmian wasn't sure if he was willing to interact with the netizens.

Hence, she was a little nervous.

Thankfully, the man gave her enough face. Even though he didn't like this way of interacting, he still turned to the cell phone camera and greeted the netizens expressionlessly. "Good morning, everyone. I'm Mo Yesi."

With just a simple greeting, the women in the live stream went wild.

"Wow, Chairman Mo's voice is so nice."

"Yes, yes. This voice is so magnetic and attractive."

"Girls, have you noticed that Chairman Mo's eyes were very gentle when he looked at Mianbao? But he looked so cold when he greeted us."

"Hahaha, Chairman Mo doesn't seem very willing to greet us. I feel that if Mianbao didn't ask him to greet us, he wouldn't even bother about us. But it also shows that Chairman Mo really dotes on Mianbao."

"I'm jealous. I wish I had a boyfriend like Chairman Mo."

After Mo Yesi finished his task, he immediately turned to Qiao Mianmian. He put an arm around her waist and led her to the dining room. "Let's have breakfast first, don't play with your cell phone."

The man's tone was gentle and loving.

The netizens were filled with envy and jealousy.

"I'm not playing with my cell phone, I'm working," Qiao Mianmian explained seriously. "I'm live streaming, I have to hold the cell phone."

"How are you going to eat?" Mo Yesi called a housemaid over and got Qiao Mianmian to pass the cell phone to her. "It's fine as long as she can hold it for you, right? Give her the cell phone and let her do it."

Mo Yesi didn't care if Qiao Mianmian agreed.. He took the cell phone and handed it to the housemaid.

Chapter 2756: Can You Pack the Leftovers for Me!!!

Mo Yesi didn't care if Qiao Mianmian agreed. He took the cell phone and handed it to the housemaid.

Qiao Mianmian was speechless.

Alright. Anyway, there was no rule that she had to do the live stream herself.

It was the same for others.

Qiao Mianmian walked over and said a few words to the housemaid before walking hand in hand with Mo Yesi to the dining room.

The crew was eating in another dining room.

Hence, only Mo Yesi and Qiao Mianmian were in this dining room.

A sumptuous breakfast was already on the table.

There was Western and Chinese food. This was because Qiao Mianmian and Mo Yesi had different tastes and habits. Mo Yesi had been overseas for many years and was used to Western food, but Qiao Mianmian wasn't used to it. To her, eating soy milk, fried dough sticks, and eggs in the morning was the most suitable.

Hence, Chinese food was made according to her taste.

Of course, besides these, there were also her favorite pastries and fruits.

These were all things Mo Yesi didn't like to eat. Before he was with Qiao Mianmian, Mo Yesi never had these on his table.

The housemaid followed them into the dining room.

Everyone watching the broadcast swallowed their saliva when they saw the sumptuous food on the table.

Damn, wasn't this breakfast too tempting?

There were only two of them, but the table was full.

Could they finish it?

The steak was freshly fried, right? The meat looked especially good, so tender and delicious.

There were also a few side dishes and a bowl of steaming seafood porridge.

And those cakes, biscuits, fruit juice, milk, and so many fruits...

Everything looked delicious.

Most importantly, there were only two of them at such a huge table!

This was too extravagant.

"Wow, is this what rich people eat in the morning? How can two people eat so much?"

"I definitely can't finish it. I don't mind eating leftovers. Can you pack the leftovers for me!!!"

“I don’t mind eating leftovers! Boohoo, I like that steak. I want to take a bite. It must taste really good!”

“Then, I’ll give you the steak. I prefer the dishes and seafood porridge. I like porridge in the morning.”

“Am I the only one who thinks that this is too extravagant? Do two people need to do so much? Can they finish it? If they can’t finish it, won’t they have to throw it away? I feel heartache when I think about how there are so many children in the mountains who can’t even eat their fill. I hate such wasteful behavior.”

“Everyone, be careful. A moral b*tch has appeared again. I really hate people who like moral coercion so much. If you pity the children in the mountains, donate more. Why are you trying to coerce others?”

“That’s right. She cares so much about the children in the mountains.”

People started arguing in the comment section again because of the sumptuous breakfast.

Of course, Qiao Mianmian couldn’t see this.

At this point, the number of viewers in the live stream had surpassed three million.

...

The production crew was paying attention to the statistics of the live stream. Initially, everyone thought that many people were either sleeping or busy waking up to go to the office early in the morning, so not many people would have the time to watch it.

Hence, the production crew initially estimated that not many people would watch the live stream this morning.

Chapter 2757: You’re Saying You Want to Change?

But unexpectedly...

It had only been less than an hour, but there were already more than three million viewers.

This figure was rather surprising.

The previous two episodes had been live-streamed 24/7. The guests were all big-shot celebrities, but the statistics weren’t as good.

Qiao Mianmian’s statistics were almost double that of the others.

The production crew was shocked when they saw the number of viewers.

After their shock, they started to rejoice that Qiao Mianmian was invited for this episode. It was just the start of the live stream, and the viewership was already so good. It seemed like this episode would add a lot of views.

After all, when they were about to invite Qiao Mianmian, they had been offered another choice. They almost abandoned Qiao Mianmian for another female artiste.

“I didn’t expect Qiao Mianmian to be so popular. The statistics are too good. I just saw it. The number of viewers on Zhanbo’s live stream is only two million, a whole million less than her.

“This figure is really good. Zhan Bo’s traffic is so good, but he’s getting 33% fewer viewers than her. This is really unexpected.”

Every guest had a live stream room.

And it was all done at the same time.

The number of viewers in the two female artistes’ live streams was only 450,000. The original viewership of over 2 million was already very good, but what surprised the production crew was that Qiao Mianmian’s numbers actually surpassed this number.

Not just tens of thousands of people.

It was more than a million viewers.

This difference was too huge.

Zhan Bo was very popular. The production crew had originally predicted that his live stream would be the one to receive the most views.

But now, Qiao Mianmian was the most popular one.

The production crew analyzed the reason, and everyone agreed that it was probably because Qiao Mianmian’s live stream was more attractive. Not to mention anything else, just her rich and handsome husband alone could attract many female netizens.

And most people were very curious about the life of a rich family.

They didn’t have any other way to understand it. They naturally wanted to take a look now that they could watch the lives of the rich through a live stream.

But no matter what the reason was, it was definitely a good thing for this episode that Qiao Mianmian could increase the popularity.

The director couldn’t help but smile when he saw that more and more people were watching Qiao Mianmian’s live stream.

He was about to call the crew members to focus on Qiao Mianmian when his cell phone rang.

Seeing that it was the producer, he immediately picked it up.

A minute later, the director couldn’t help but frown. He replied to the person on the other end of the phone unhappily, “A last-minute change? The guests for this episode have been decided, and they’re currently doing live streams. And you’re asking me to change them? Old Chen, aren’t you making things difficult for me?”

The director frowned even harder.

“It wouldn’t have been difficult if you told me about this a few days ago. But now you’re talking to change guests? Isn’t it too obvious?”

Chapter 2758: What? An Unknown Newcomer?

“Alright, I got it. The sponsor calls the shots. I know you don’t have a choice. Then, we can only replace Xu Min’er or Zhizhi. Xu Min’er has also paid for it, so it’s not easy to replace her. Let’s replace Zhizhi.

“Which female artiste are they trying to promote? What? A newbie without any fame? They should at least get me someone of a similar level. What’s the big deal about getting a newbie without any works? The guests we’ve invited in the past were all big-shot celebrities or at least second-tier celebrities.

“Forget it, forget it. I’ll settle it for you this time. But if something like this happens again, don’t look for me. I won’t help you anymore. Our show doesn’t lack investors now. It wasn’t easy to build up our reputation. I don’t want to ruin it because of one or two people.

“Although I can help you settle it this time, let me make things clear first. It’s fine if that newbie performs well, but if her performance affects the others’ performance, I don’t care who her sugar daddy is. I’ll kick her out!”

A moment later, the director hung up unhappily.

He couldn’t help but complain to himself. “What’s with him, asking me to change guests at this time. These people are getting more and more shameless. Hmph, I don’t care whose lover she is. If she doesn’t perform well, I’ll change her immediately!”

After complaining, he immediately made a call.

...

Qiao Mianmian’s live stream was very popular.

Mo Yesi didn’t care if it was a live stream. As usual, he picked up a glass of milk first and handed it to her. Then, he cut the steak and placed it on her plate.

Qiao Mianmian was used to drinking the milk he handed her. Then, she picked up her fork and knife and ate the steak he gave her.

They got along very naturally.

He seemed used to taking care of her.

And she seemed used to being taken care of.

But the netizens in the live stream couldn’t remain calm.

A lot of comments were about dog food, and a lot of people were jealous.

“Gosh, Chairman Mo and Qiao Mianmian’s daily lives are so sweet and blissful. Does Chairman Mo usually take care of Qiao Mianmian like this? He even cut the steak for her, almost feeding it to her.”

“Such a thoughtful, considerate, handsome, rich, and loyal man actually exists? I think I’m in love again. If my boyfriend can take care of me so carefully and gently, I’m willing to give birth to a football team for him!”

“So, the theme of this live-stream is Chairman Mo and his little wife’s sweet daily life?”

Qiao Mianmian drank the milk and ate the steak Mo Yesi cut for her. She didn’t have the time to talk, but she still turned to look at the comments.

She had participated in a live stream before, so she knew that the broadcaster had to interact with the netizens.

Otherwise, if she kept eating without interacting with them, they would find it meaningless.

Strictly speaking, live-streaming was one of her jobs.. Since it was a job, she had to do it well.

Chapter 2759: I Can Do This!

The live stream was in a heated discussion.

When the netizens realized that Qiao Mianmian was still focused on eating, the comments increased rapidly. In just a minute, there were thousands of comments.

“Mianmian looks so cute when she’s eating. Her cheeks are like a pufferfish.”

“Mianmian looks so appetizing. She smells so good.”

“Mianbao, you’re so lucky. Is Chairman Mo’s steak especially good? I didn’t expect Chairman Mo to be so caring and gentle.”

Qiao Mianmian looked at the netizens’ comments. She swallowed the food in her mouth and was about to reply when a strong hand pressed on her shoulder and turned her around.

The man stuffed another glass of fruit juice into her hand domineeringly. “Focus on eating, don’t be distracted.”

Then, he glanced at the live stream, as if he didn’t see the countless “Chairman Mo” on the screen. He said calmly, “All of you, quiet down. If there’s anything, wait for her to finish her meal.”

With that, Mo Yesi ignored the live stream and turned to serve Qiao Mianmian.

The live stream was filled with howls again.

“Chairman Mo is so handsome!”

“I can do this!”

“Chairman Mo really pampers Mianmian. I’m so envious!”

...

After breakfast, Mo Yesi sent Qiao Mianmian to C City.

The crew had arranged for a car.

However, because Mo Yesi wanted to send Qiao Mianmian off personally, the car prepared by the crew became useless.

Two crew members got into Mo Yesi's Rolls Royce.

Mo Yesi didn't call the chauffeur and drove by himself.

As they were in the big boss's car, they enjoyed the benefits. The two crew members were so afraid that they didn't even dare to breathe.

Qiao Mianmian woke up early today. Sleepy after eating, she fell asleep not long after getting into the car.

Besides Qiao Mianmian, Mo Yesi didn't have much to talk to anyone else.

Hence, the three-hour drive was especially quiet.

No one spoke.

...

Three hours later, they finally arrived at C City.

The moment they got off the car, the netizens in the live stream heard two long sighs.

These two sighs seemed like a huge sigh of relief as if they'd just survived a disaster.

Even though the netizens couldn't see the crew members following them, they could feel their nervousness.

They were so happy to hear their breathing.

"Hahaha, I'm dying of laughter. Why do I feel like the crew members are afraid of Chairman Mo?"

"I can feel it, too. The funniest thing is that when Chairman Mo glanced at them in the rearview mirror twice, I felt like the camera shook."

"Hahaha, right, right, right. The camera really shook twice. I laughed so hard."

"I don't think the crew members are to blame for being timid. Chairman Mo's aura is too strong. If it was me, I'd be nervous and afraid too. He only becomes gentle and easygoing when he's with Qiao Mianmian.. He's so cold to everyone else."

Chapter 2760: Never Encountered Such a Situation

Qiao Mianmian had been sleeping since she got into the car, so she naturally didn't know that the crew members were under a lot of pressure.

Mo Yesi parked the car and didn't intend to wake her up.

He opened the car door and closed it gently.

Seeing that Mo Yesi was the only one who got out of the car and that Qiao Mianmian was still inside, even though he was a little afraid of this big shot, one of the crew members still mustered the courage to ask, "Chairman Mo, what about Miss Qiao?"

Mo Yesi glanced into the car. "She's sleeping."

The crew members were speechless.

Sleeping?

But wasn't the show still being recorded and broadcasted?

Mo Yesi clearly wanted Qiao Mianmian to continue sleeping.

Then, would they have to wait for her to wake up?

How were they going to continue filming...

The crew worker had no choice but to muster up his courage and ask carefully, "Then, Miss Qiao... when can she wake up? Chairman Mo, can you wake her up? We won't be able to continue filming if she keeps sleeping..."

"Then wait." Mo Yesi turned around and said coldly, "She woke up too early this morning and didn't sleep well. Let her sleep for a while more."

The crew members were stunned. A few seconds later, one of them said nervously, "But we're still live-streaming. Our live stream won't have much content if Miss Qiao keeps sleeping in the car."

Qiao Mianmian slept in the car for a few hours, and the netizens in the live stream watched the entire time.

Some netizens were already complaining.

As crew members, they had to consider the netizens' feelings.

"Then, turn it off," Mo Yesi said matter-of-factly. "Wait for her to wake up before restarting the live stream. You can work on the others."

The crew members were stunned.

After all, they had never encountered such a situation.

The live stream was broadcasted 24/7, all the way until the artiste went to bed.

No one closed it halfway.

Moreover, the number of viewers in Qiao Mianmian's live stream was so high now. If they chose to turn it off now, the higher-ups would probably find them for questioning later.

But the big boss had already said that he wanted his wife to sleep more, so no one dared to wake Qiao Mianmian up at this time.

Just as they were wondering what to do, the door opened and Qiao Mianmian alighted with a yawn.

After getting out of the car, she rubbed her eyes and slowly walked to Mo Yesi. "Did we arrive? Why didn't you wake me up?"

"Mm, we're here."

Her hair was a little messy, so Mo Yesi reached out to ruffle it.

He was no longer as cold and distant as before. He patted Qiao Mianmian's head affectionately and said gently, "You were sleeping soundly, so I didn't dare to wake you up. I wanted you to sleep for a while more."

"Then, how long have I been sleeping for?" Qiao Mianmian turned to look at the crew members standing beside her and said a little embarrassedly, "Don't tell me you've been waiting for me for a long time? Mo Yesi, you should have woken me up earlier."

The crew members heaved a sigh of relief when they saw Qiao Mianmian get out of the car..
