

## Big Shot 2811

### Chapter 2811: She Hated It!

“Are you envious of me? But it’s useless even if you are. Anyway, you won’t have such luck in this lifetime. It’s useless even if you have my face. We have different lives. Even if you have my looks, you won’t have a good life like me.

“So, I advise you to recognize reality. Don’t think that you can easily obtain my current status just because you’re acting like me and taking advantage of my popularity. We’re not on the same level, you’ll never be me.”

“Qiao Mianmian, you, you...” Qiao Anxin was so angry that her eyes protruded and the veins on her forehead bulged. She pointed at Qiao Mianmian, and her lips trembled as she said, “You’re too much.

“Do you really think you’re so great? Aren’t you afraid that I’ll post your words on Weibo? So what if you’re rich and powerful? Do you think everyone will stand on your side?”

Slut, slut!

This b\*tch used to be at her mercy.

But now, this slut was riding on her head and showing off.

She hated it!

“Then, post it.” Qiao Mianmian didn’t seem to mind at all. She even reached out and slowly tidied her hair, showing her disdain and contempt. “Who do you think the netizens will believe, you or me?”

“Also, being rich and powerful is very impressive. Haven’t you heard of a saying that 99% of the things in this world can be solved with money? The only thing that can’t be solved is when money isn’t enough.

“If you don’t believe me, you can post what I said on Weibo now. I want to see who the netizens support, you or me.”

Qiao Mianmian deliberately said this to agitate Qiao Anxin.

Hence, she acted very arrogantly and looked down on her.

The more she showed her superiority in front of Qiao Anxin, the easier it was for her to be angered. After Qiao Mianmian said a few words, Qiao Anxin was so angry that her face was pale and her eyes were red.

But even if Qiao Anxin was furious, she couldn’t do anything to Qiao Mianmian.

She couldn’t refute her words.

She knew that Qiao Mianmian was telling the truth.

Given the gap between them, even if she recorded Qiao Mianmian’s words, she might not be able to do anything to her.

As long as Qiao Mianmian said that the recording was fake, more people would definitely be willing to trust her than Qiao Anxin.

And even if she could get the real recording, whether it was the Mo family or the Bai family, they could totally make it as if it was a fake recording.

She couldn't do anything to Qiao Mianmian now.

Unless...

She also had a powerful backing.

For example... if she could take down Gong Zeli, she would have the ability to fight against Qiao Mianmian.

"I-I have nothing to say to you! Qiao Mianmian, don't be too smug. This world doesn't revolve around you. You'd better make sure that you'll never have an unlucky day!" Qiao Anxin couldn't out-talk Qiao Mianmian, and she couldn't do anything to her. She was also afraid that if she said too much, she'd expose some flaws. It wouldn't be good if Qiao Mianmian guessed something.

Hence, she turned around and left angrily.

Qiao Mianmian stood rooted to the ground and watched her leave. Her smile faded.

After the probing, a guess popped up in her mind.

Although it was a little ridiculous, if it was true...

### **Chapter 2812: You're Saying... Jiang Xinyue Could Be Qiao Anxin?!**

Jiang Xinyue was very dangerous.

She was definitely up to no good.

She couldn't be careless about this. Even if she was wrong, she had to find someone to investigate.

It was better to be safe than sorry...

"Mommy, Mommy..."

Qiao Mianmian stood rooted to the ground, lost in thought. Only when she heard a sweet voice did she snap out of her daze and look down at the little girl standing by her side.

She then asked gently, "Mengmeng, are you sleepy? Do you want to sleep?"

Qiao Mianmian had just coaxed Mengmeng to sleep when the fire happened.

The girl rubbed her eyes and nodded. "I'm sleepy. I want to sleep."

"Alright, then Mommy will bring you back to sleep, alright?" Qiao Mianmian bent down and picked Mengmeng up.

...

Back in the room.

After coaxing Mengmeng to sleep again, Qiao Mianmian took her cell phone to the balcony and sent Linda a WeChat message.

Qiao Mianmian: [Sister Xie, did you think that Jiang Xinyue did plastic surgery to look like me? I observed her carefully today. She did plastic surgery, and I'm very suspicious of her true identity. I think... she might be someone we know.]

Linda worked with Qiao Anxin for more than two years.

As Qiao Anxin's personal manager, Linda should know her well.

Hence, Qiao Mianmian felt that maybe Linda could help her analyze it.

Linda replied quickly.

Linda: [Yeah, I suspected it when I saw her photo. She definitely did it to look like you. But why are you suddenly telling me this? Also, you said that she might be someone we know. Who is she?]

Qiao Mianmian hesitated for a while before replying: [Qiao Anxin.]

This time, Linda didn't reply so quickly.

She was probably shocked.

Qiao Mianmian waited for a while before Linda called.

The camera was still in the room.

But the balcony was rather far from the camera, so they could only capture her back view and not her voice.

Hence, Qiao Mianmian picked up the call.

"You're saying... Jiang Xinyue could be Qiao Anxin?!" Linda sounded shocked.

"Mm, but I only have this speculation now." Qiao Mianmian paused for a while and then told Linda all her doubts. "Actually, the first time I saw her, I felt a familiar feeling from her.

"Her eyes and aura are very familiar.

"But I didn't think too much about it. When I saw her again, I still found her familiar, but I don't know where that sense of familiarity came from.

"Until she called me just now and said she had something to talk to me about. It was just the two of us. I saw a deep hatred in her eyes. Besides Qiao Anxin and Shen Rou, no one would hate me like that. You know Shen Rou's current situation, so the only person left is Qiao Anxin.

"I deliberately provoked her to test if my guess was true.. Then, she said a few words in a fit of anger, just like Qiao Anxin."

**Chapter 2813: Help Me Investigate Someone**

"I know this speculation is a little ridiculous, but she really gives me the same vibe of Qiao Anxin. But her voice is completely different. So, I don't know if I'm overthinking it."

Linda kept quiet for a while before saying, "Since you have such speculations, we have to find out whether it's true or not. If she's Qiao Anxin, then it's too dangerous for her to participate in the same show with you."

"What if she's up to no good? She's in the dark while you're out in the open. You can't guard against her."

"Moreover, looks can be changed through plastic surgery, and so can voice. So, even if her voice is different from Qiao Anxin's, it doesn't mean anything."

"Sister Xie, don't you think I'm overthinking?" Qiao Mianmian was a little surprised that Linda didn't think that she was overthinking. After all, she felt that her guess was a little ridiculous.

"It's said that a woman's intuition is very accurate. I believe you won't suspect someone for no reason. Moreover, you and Qiao Anxin grew up together, so you must know her very well. Even if she changed her appearance and voice, someone familiar with her would definitely be able to discover something."

"Qiao Anxin left the entertainment industry because her reputation was ruined and she couldn't survive in the industry anymore. But I still feel that she won't be so willing to leave. If she wants to return to this industry, it's possible by changing her appearance."

"Mianmian, the more I think about it, the more worried I get. You have to be careful. If she's Qiao Anxin, your situation is really worrying. The most important thing now is to investigate her identity and background. I suggest you tell Chairman Mo about this immediately."

"If it's him, we'll be able to find out soon."

A moment later, Qiao Mianmian hung up.

Linda suggested that she tell Mo Yesi about it, but Qiao Mianmian decided against it.

She didn't want him to worry about her.

But this should be investigated as soon as possible.

Qiao Mianmian was also worried that a venomous snake might be lurking around.

Qiao Anxin hated her to the core.

When one hated another to the core, they could do anything.

After some thought, Qiao Mianmian sent Bai Yusheng a WeChat message.

Qiao Mianmian: [Brother, I have something to ask of you.]

Bai Yusheng was probably looking at his cell phone. He replied immediately: [Little girl, you finally remember that you have an older brother? Why are you so polite? Tell me, what's the matter?]

Qiao Mianmian: [Help me investigate someone.]

Bai Yusheng: [Who?]

Qiao Mianmian: [A newbie called Jiang Xinyue. She's on the show with me this week. Don't ask me why I'm investigating her. Just do a good background check on her. I want detailed information about her in the past few years.]

Bai Yusheng: [What's so mysterious that your brother doesn't need to know the reason? But can you tell me, is this very important to you?]

Qiao Mianmian: [Mm, it's very important.]

Bai Yusheng: [Alright, since my precious sister asked me, I'll check it out for you immediately. Is it alright to give you the details today?]

Qiao Mianmian: [No problem. Brother, thank you. I knew you were the best. I'll treat you to a meal when we get back.]

Qiao Mianmian sent another cute emoji.

Qiao Mianmian also acted cutely.

Although her brother didn't have to give her any benefits, it was still necessary to act cute and sweet.

#### **Chapter 2814: Is It Someone I Know?**

Based on her experience with Mo Yesi, straight guys like them liked when women acted cutely.

As expected.

Bai Yusheng was shocked by her emoji and sent her a "pat on the head" emoji as well. He even told Qiao Mianmian that he was overseas now and asked her if she had anything she wanted.

Qiao Mianmian didn't lack anything.

She couldn't think of anything.

She casually said that she wanted a bag.

In any case, girls liked to buy bags.

Bai Yusheng: [A bag? No problem. Is there nothing else you want besides a bag? Think more.]

Qiao Mianmian was amused by his domineering tone.

She smiled and replied: [I can have anything I want?]

Bai Yusheng was like a domineering CEO: [You can have the stars in the sky. I can get them for you, too.]

Amused, Qiao Mianmian relaxed.

Although Mo Yesi doted on her already, she still felt that it was good to have an older brother to pamper her.

She was especially happy to have her family's love.

Ever since she was acknowledged by the Bai family, Father Bai and Mother Bai had pampered her to the skies. They gave in to everything she asked for. They didn't even need her to say a word and they would give her everything.

Moreover, they were afraid that it wasn't enough and that it would hurt her.

Just look at the savings, properties, and shares that Mother Bai gave her. Qiao Mianmian wouldn't be able to finish using them in this life, the next life, and the life past that.

Father Bai and Mother Bai still felt guilty towards her.

The couple really wanted to pluck the stars from the sky for their precious daughter.

Bai Yusheng didn't have to say much.

He pampered his sister and gave in to her requests.

Qiao Mianmian suddenly recalled that Mother Bai had called her a while ago. She had complained to her about Bai Yusheng's personal problems. She said that he was already 30 and didn't have a woman by his side.

Mother Bai was anxious.

She was afraid that her son's sexual orientation was problematic.

Qiao Mianmian even comforted her and repeatedly assured her that Bai Yusheng's sexual orientation was definitely fine. Only then did Mother Bai feel a little more at ease.

At this thought, Qiao Mianmian jokingly replied to Bai Yusheng: [Then, can I have a sister-in-law?]

She was just joking.

Marriage wasn't something that could be settled immediately.

But who knew?

After a while, Bai Yusheng actually replied: [Sure. I'll bring you back a sister-in-law.]

Qiao Mianmian widened her eyes.

Qiao Mianmian: [Brother, are you serious?]

Bai Yusheng: [Very serious.]

Qiao Mianmian: [You'll bring me back a sister-in-law?]

Bai Yusheng: [Mm.]

Qiao Mianmian: [Is it someone I know?]

She recalled that Bai Yusheng seemed to have an unusual relationship with a woman at the banquet.

Could it be that woman?

If Bai Yusheng was referring to her, Qiao Mianmian felt that it wasn't too bad.

Although she didn't know her well, her first impression was very good.

This time, Bai Yusheng didn't reply immediately. He waited for about five to six minutes before replying.

Bai Yusheng: [You don't know her. But she's a good person. I believe you'll definitely like her..]

### **Chapter 2815: There's Only One Mo Yesi in the World**

Someone she didn't know?

She wasn't the woman who seemed to have a close relationship with Bai Yusheng that night.

Qiao Mianmian couldn't help but ask: [Brother, do you like her?]

It was probably a woman's intuition.

Qiao Mianmian felt that if Bai Yusheng liked someone, it would definitely be that woman.

This time, Bai Yusheng waited for a while before replying.

Bai Yusheng: [It's not important whether I like her or not. The most important thing is that she's suitable. I have something to attend to, so I won't talk to you anymore. Let's meet when I'm back. Mom and Dad haven't seen you in a while, they miss you a lot. Bring Brother-in-law home when you're free.]

Bai Yusheng didn't answer her directly, but Qiao Mianmian already knew the answer.

She suddenly felt pity for him.

She recalled the scene of Bai Yusheng and that woman standing together that night.

At this moment, she felt a surge of emotions.

According to the conditions, Bai Yusheng's qualifications were undoubtedly excellent. He was definitely a young and talented man in the eyes of others. He was the candidate many families wanted to marry their daughter to. He was also an outstanding man in the eyes of many women.

His family background, his looks, talent, and character were all impeccable.

But even such a perfect man couldn't get what he wanted.

Qiao Mianmian also realized how precious her relationship with Mo Yesi was.

She was lucky.

There was only one Mo Yesi in the world.

No one would love and pamper her more than him.

...

Later on, the production team rearranged the recording.

At first, it was a male and female guest with a child.

The production team changed it to each guest bringing a child.

The original three-person PK became six-person PK.

There weren't many changes besides a few new children.

As the new kids would only arrive on set the next day, the show would be delayed for a day.

The night was free.

Zhan Bo suggested they go to karaoke.

"Let's find a place to sing after dinner. Otherwise, it'd be too boring to go back too early. Brother Han, what do you think?" Zhan Bo liked to play. Of course, he only liked to play with his friends.

Qin Han had nothing to do, so he nodded. "I'm fine with anything."

"Mianmian, what about you?" Zhan Bo turned to ask for her opinion.

"Me too." Qiao Mianmian thought for a while and said, "Brother Han treated us to lunch, so I'll treat you to a song. Zhan Bo will treat us for dinner, is that alright?"

"Alright, no problem." Zhan Bo patted his chest. "You can order anything you want. I'll cover it."

"So generous? Then, I have to pick one." Qiao Mianmian took out her cell phone and searched for a while. She looked up and asked, "Should we invite the others? Wouldn't it be bad if it's just the three of us?"

Although Qiao Mianmian only liked playing with familiar people, she didn't want others to say that they were teaming up and ostracizing them.

Zhan Bo furrowed his brows, obviously a little unwilling.. "Invite the others? We're not familiar with them, how can we play together?"

### **Chapter 2816: Naturally Have Many Privileges**

"Mianmian is right. We should invite the others. I don't think they will go. It's alright to call them," Qin Han said.

"Alright, I'll ask them." Zhan Bo didn't say anything else.

After all, the minority obeyed the majority.

...

Just as Qin Han said, Zhan Bo invited the others, but they tactfully rejected him.

Jiang Xinyue was one of them.

Initially, Zhan Bo didn't want to ask her, but if he just left her alone, they would probably say that he was ostracizing and bullying newbies.

His manager called him in the afternoon.

Only then did Zhan Bo know that the marketing accounts had deliberately made him a bully.

—“Bully the newbie with his qualifications and fame”

The newbie he bullied was Jiang Xinyue.

Of course, these marketing accounts weren't really righteous.

It was just for money.

Some companies wanted to defame him and bribed many accounts to create negative news about him.

Thankfully, his company wasn't a pushover.

They immediately used public relations and spent money to suppress this matter.

Moreover, he had many fans.

The opposing company couldn't compete with him in terms of wealth, and they didn't have as many fans. This deliberate defamation was a failure.

But his manager emphasized it to him.

Even if he really didn't like Jiang Xinyue, he couldn't make it too obvious.

He didn't want to be criticized again.

When Zhan Bo asked, he thought that if Jiang Xinyue was thick-skinned enough to go with them, he could find an excuse and cancel the night out.

He'd rather not go out.

He didn't want Jiang Xinyue to go with them.

Thankfully, she wasn't as thick-skinned as he thought.

...

At night, they found a very unique barbecue restaurant. After dinner, they went to a high-end clubhouse called “Lan Ya Pavilion”.

The name was very classy. It was the largest entertainment club in the area.

Of course, it was the highest grade.

Most of the people who frequented it weren't ordinary.

Qiao Mianmian and the rest were no ordinary people.

Qiao Mianmian used her name to book a room.

When she said her name, the employee on the other end of the line took a while before asking in a slightly surprised tone, “May I ask if you're Miss Qiao Mianmian who acted in ‘If You Can't Love?’”

After receiving her affirmation, the other party's attitude became much warmer. "Alright, Miss Qiao. We've already reserved a private room for you. We only have one VIP room left today. It's originally reserved for a few bosses all year round. But it's fine if it's Miss Qiao."

Qiao Mianmian was stunned. "Are you my fan?"

She thought that the other party was her fan, so she gave her this special treatment.

Unexpectedly, the other party said, "Miss Qiao, your husband, Chairman Mo, is one of Lan Ya Pavilion's investors. Doesn't Miss Qiao know? You're his wife, so you naturally have many privileges."

Qiao Mianmian was confused.

She really didn't know.

Alright, she'd always felt that Mo Yesi's businesses were in Yuncheng City.. She'd never thought that he actually had businesses elsewhere.

### **Chapter 2817: Order Whatever You Want**

Thinking about it now, the Mo Corporation actually had businesses all over the country.

She just didn't know much about it.

With Mo Yesi as one of the shareholders, wouldn't her spending be free?

Then, she didn't have to spend a single cent on the treat tonight?

Qiao Mianmian was rather happy at this thought.

She was as happy as if she'd gotten a sum of money for doing nothing.

After hanging up, she said to Qin Han and Zhan Bo generously, "Go and sing later. Order whatever you want. Don't save care about the price."

*How can I not be happy?*

*It's free...*

Zhan Bo "tsked". "Madam President is really different. She's generous and straightforward. Don't worry, I won't go easy on a super tycoon like you. Even if you don't say it, I won't be polite."

Qiao Mianmian glared at him. "This isn't the first time I see your thick skin. Do you really think I said that to you? I was actually talking to Brother Qin. Don't you know?"

Zhan Bo: "..."

"In any case, I don't care. You already said that I'm thick-skinned, so I'm going to kill a tycoon! Am I right, Brother Han?"

Qin Han couldn't help but laugh as he watched them bicker like children. "If you want to make Mianmian broke, I'm afraid you can't finish it in one go. Do you know how rich her husband is?"

“Of course, I know. The Chairman of the Mo Corporation has a shocking amount of wealth. Didn’t he just appear on the Richest People List? Mianmian’s husband is at the top of the list.” Zhan Bo smiled. “So, we can squeeze her for money a few more times in the future. Anyway, it’s not even a drop in the ocean for her.”

He then said to Qiao Mianmian, “Isn’t that right, Madam President?”

“Yes, yes, yes.” Qiao Mianmian was amused. “Alright, we’ve already booked a room. Let’s go over now.”

...

Lan Ya Pavilion.

The receptionist hung up the call with Qiao Mianmian and saw the manager following behind someone respectfully.

The man was dressed in black and had deep facial features.

Especially his long and narrow eyes, they held a hint of evilness.

At the same time, they were rather scary.

Because although his eyes were beautiful, they were also cold.

As a result, his handsome features were covered with a layer of coldness. His face was attractive, but it also made people stop in their tracks.

Not only was the manager, but a few other men in black pants were also following behind him.

Everyone looked respectful.

It was obvious that the man in black had an extraordinary status.

When the man in black passed by the front desk, the receptionist saw that the manager had actually rushed out too. Reaching the man, she greeted respectfully, “Young Master Gong.”

The man responded coldly and strode into the elevator.

He entered the elevator reserved for the shareholders.

The elevator doors slowly closed.

Young Master Gong?

The receptionist was stunned for a few seconds before realizing that this Young Master Gong who made everyone respect him was the Young Master of the Gong family, Gong Zeli, one of the shareholders?!

### **Chapter 2818: Why Is He Suddenly Here**

The Lan Ya Pavilion had three bosses.

Young Master Gong, Young Master Yan, and the current Chairman of Mo Corporation, Mo Yesi.

They used to have the best relationship.

Hence, the three of them opened many stores together.

The Lan Ya Pavilion was one of them.

They had businesses all over the country.

But this was the first time the receptionist saw one of the three bosses.

Although this store was jointly opened by them, as the bosses, they had never been here.

Such a small shop was nothing compared to their industries that could easily earn billions or even tens of billions.

Hence, it was normal that they never came.

Thus, Gong Zeli's appearance shocked the receptionist.

The receptionist was stunned for a while. Then, she suddenly recalled something and immediately made a call.

...

The manager followed behind Gong Zeli cautiously. He was so nervous that he didn't even dare to breathe.

He didn't know what was going on today.

Gong Zeli was here.

This was his first time here, and he didn't even say anything.

This made the general manager of the clubhouse even more uneasy. He was afraid that this big shot was here to condemn him.

Otherwise...

He hadn't appeared even once in the past few years, why did he suddenly come?

At this thought, the manager was so worried that a layer of sweat broke out on his forehead. But he didn't dare to wipe it.

When he looked at Gong Zeli's expressionless and cold face, as well as the "unapproachable" aura he exuded, he immediately felt the air in the elevator become thinner and thinner.

A minute later, the elevator stopped.

The elevator doors opened and Gong Zeli strode out.

The lobby manager, who was standing beside the general manager, looked away from his cell phone. He hesitated for a while and immediately followed the general manager when he was about to walk out of the elevator. He whispered into his ear, "Chairman Lin, I have something to report to you. I just received news from the front desk that the Supreme VIP room has been booked."

"What did you say!" Chairman Lin's expression changed, and he couldn't control his voice.

Outside the elevator.

Gong Zeli stopped in his tracks and turned around.

The lobby manager and Chairman Lin broke out in cold sweat.

Especially Chairman Lin.

Not only did he break out in cold sweat, but even his face turned pale.

Only a few shareholders had the right to enjoy the VIP room.

No one had dared to book it after so many years.

But now... someone actually dared to violate the clubhouse's rules and book the VIP room.

If Gong Zeli found out about this...

"What are you yelling about?" Gong Ze sounded impatient.

Chairman Lin broke out in cold sweat again.

He didn't dare to tell the truth.

Just as he was about to lie and get the front desk to cancel the reservation, he heard the manager say fearfully, "Young Master Gong, the VIP room has been empty for the past few years. The front desk didn't know that you were coming today, so they've already booked the room.."

### **Chapter 2819: No Smoke Without Fire**

"But because it was Chairman Mo's wife, the front desk made an exception."

When Chairman Lin heard that the manager actually told Gong Zeli about this, he was about to scold him in a fit of anger. But when he heard the second half of the sentence, he immediately shut his mouth.

If she was a shareholder's wife, she would have the same rights as a shareholder.

It wasn't against the rules for the front desk to book the VIP private room for her.

Although Chairman Lin heaved a sigh of relief, he suddenly recalled the conflict between Gong Zeli and Mo Yesi.

But...

It was Mo Yesi.

He'd even seen a few scandals between Gong Zeli and Mo Yesi's wife.

They said that their relationship was ambiguous.

Perhaps he probably had nothing against Mo Yesi's wife.

However, although the rumors might not be true, there was a saying that there was no smoke without fire.

Chairman Lin felt a little more at ease.

“Yes, Young Master Gong.” Chairman Lin stole a glance at Gong Zeli and saw that his expression wasn’t too bad. He quickly stepped forward to clear his responsibility and said respectfully, “We booked the private room because it was Young Madam Mo.

“If I knew that Young Master Gong would come, I would have kept the VIP room for you.

“But if Young Master Gong wants to use it, we can call Young Madam Mo now and tell her that the VIP room has been booked.”

Although they couldn’t afford to offend Young Madam Mo, compared to this person in front of him... he’d rather offend the former.

Offending the former he could perhaps still keep his life.

Offending the latter might cost him his life.

Gong Zeli didn’t say anything, but there was a strange look in his eyes.

Qiao Mianmian was coming here tonight?

Then, he could use the excuse to meet her.

He was in a good mood. His cold expression softened, and his eyes seemed to melt.

The cold aura around him also warmed up, making him less unapproachable.

Chairman Lin felt Gong Zeli’s sudden change and a thought flashed through his mind.

It seemed like the rumors weren’t just rumors.

Young Master Gong and Young Madam Mo... their relationship seemed indeed a little ambiguous.

The cold-looking person’s expression changed drastically when he heard that Qiao Mianmian was also here.

The joy in his eyes was obvious.

He was so open.

Anyone could tell.

In that case...

The other rumor was true.

Mo Yesi and Gong Zeli had been buddies for so many years, but they had fallen out. Perhaps it was really because Gong Zeli was eyeing his wife.

If it was true, Young Madam Mo was really troublesome.

The two most respected men in Yuncheng City had fallen for her.

“Since Miss Qiao has reserved it, let her use the VIP room. You can arrange for another one..” After a moment of silence, Gong Zeli seemed to have regained his usual coldness.

### **Chapter 2820: Really Meticulous**

This arrangement was naturally the best.

He didn't have to offend anyone.

Chairman Lin smiled and quickly replied, “Yes, I'll arrange it for Young Master Gong immediately.”

With that, he turned to leave.

“Wait.” Gong Zeli stopped him.

“Young Master Gong, do you have any other instructions?” Chairman Lin immediately stopped.

Gong Zeli thought for a while and asked coldly, “Did Miss Qiao say when she'll come over?”

Chairman Lin's eyes darted around when he heard the way he addressed Qiao Mianmian. When he spoke again, he changed the way he addressed her. “Miss Qiao and the rest will arrive around 8:00 PM.”

“The rest?” Gong Zeli narrowed his eyes. “There are others with her?”

“Yes, the receptionist said that Miss Qiao booked the VIP room for three people.”

Three people...

Gong Zeli frowned unhappily when he guessed who the other two were.

She was rather popular with the opposite sex.

It seemed like every man she interacted with liked her.

Gong Zeli was jealous for a few seconds. Thinking about how he didn't have the right to mind this, he smiled self-deprecatingly.

So what if he felt uncomfortable and didn't like her being on good terms with other men?

He didn't even have the right to say anything.

They... weren't even friends.

What was he?

It was a fact that he coveted his brother's wife.

“I'll pay for all their expenses tonight. Also, arrange for a few more people to watch the VIP room. You have to protect Miss Qiao. When she arrives... let me know.”

“Yes, Young Master Gong. I'll make the necessary arrangements.”

Chairman Lin thought that Young Madam Mo could be considered their Lady Boss, so the bill for tonight was waived.

But Gong Zeli said that he would pay for everything.

He even specially instructed him to protect her.

This was really meticulous.

If Young Madam Mo wasn't married, she would probably be Young Madam Gong in the future.

After all, although the Young Master of the Gong family never lacked women, they were just a pastime to him.

He seemed to be thinking about Young Madam Mo.

Although he was devoted, she was married. But he still thought about her.

No wonder Mo Yesi didn't even want to be his brother.

No man could tolerate this.

Tsk, Young Madam Mo's charm was really extraordinary.

Previously, he saw her photo. He wondered if she was as beautiful in person. If so, it wasn't surprising that these two big shots liked her.

It just so happened that the main character was here tonight. It was obvious how beautiful she was.

...

Qiao Mianmian, Zhan Bo, and Qin Han took a taxi to Lan Ya Pavilion.

After getting out of the car, he saw a few people standing at the door. The person in the lead was first stunned when he saw Qiao Mianmian, then his eyes revealed unconcealed amazement.

Everyone else was stunned.

Qiao Mianmian had seen this expression too many times, so she didn't think much of it.

She followed the others to the door.

Just as she was about to enter, the man staring at her suddenly walked over and asked respectfully, "May I know if you are Miss Qiao Mianmian?"

Qiao Mianmian looked up at him.. "I am. You are..."
