

Big Shot 2891

Chapter 2891: Beaten Up Badly

“Yes, hurry up and apologize. It’s not worth it to lose your job over this.”

The crowd couldn’t bear to see them lose their jobs.

Everyone made mistakes.

It was fine as long as she could correct her mistakes.

The front desk girl saw that everyone was speaking up for Lin Huizhen and Qiao Anxin, and her eyes reddened. “I won’t apologize. I don’t want to apologize to her. Her daughter is a bad person. She stole someone else’s boyfriend and spread rumors.

“I don’t want such a bad woman to stay in our hotel.”

“Who are you calling a bad woman! Say it again and I’ll tear your mouth apart!” Lin Huizhen was so angry that her face turned green.

“She’s a bad woman. She’s shameless. She stole someone else’s boyfriend and even had plastic surgery to look like someone else. She’s even spreading rumors about others!” The girl was furious too. She pointed at Qiao Anxin and scolded her. “Your daughter is immoral. Everyone in the country knows how shameless she is now. If you have the ability, shut the mouths of everyone in the country!”

“That’s right. Shameless.” The other girl also started scolding her.

Lin Huizhen was so angry that she was about to hit her.

Seeing this, the crowd quickly stopped the fight.

Qiao Anxin lost her rationality and followed Lin Huizhen to hit the two receptionists.

The crowd stopped them.

“She gave birth to such a shameless woman and still has the cheek to hit someone.”

“If the upper beam isn’t straight, the lower beam will be crooked. No wonder she raised such a shameless daughter. So, as a mother, she’s nothing good.” The two girls weren’t to be outdone as they scolded her.

Lin Huizhen was so angry that smoke was coming out of her ears. She reached out to push the two of them. “You two little b*tches, I’m going to skin you alive today. Let go, don’t hold me, let me tear their mouths apart.”

At this moment, Qiao Mianmian’s fans walked over.

Everyone’s expressions changed as they stared at Qiao Anxin.

“You’re Qiao Anxin?”

“No wonder she looks so much like our Mianbao. It’s you.”

“You’re really Qiao Anxin?”

The two receptionists saw the fans walking over and immediately said, “She’s Qiao Anxin! Are you Mianbao’s fans too? Then, help us judge it. We didn’t do anything wrong, right? We’re not letting her stay here for the sake of the hotel’s image.”

After the fans confirmed Qiao Anxin’s identity, the group of pretty girls looked at her as if she was their enemy.

“You’re really Qiao Anxin. Alright, you’ve bullied Mianbao time and time again. Today, we’ve finally met you. We’ll teach you a lesson on Mianbao’s behalf.”

Qiao Anxin’s expression changed when she saw the group of fans walking towards her. “What are you doing, don’t come over!”

...

Half an hour later, at the police station.

“Alright, since your injuries aren’t serious and both sides fought, this matter is over. Hand over the fine and you can leave.”

Qiao Anxin’s face was bruised.

She cried and told the police about her grievances and helplessness. Hearing the police’s decision, her eyes widened in disbelief. “This isn’t serious? Can’t you see that I’ve been beaten up badly?”

“What do you mean by fighting each other? They’ve been hitting me all along. I didn’t even have a chance to fight back!”

Chapter 2892: I’m Not as Lucky as Qiao Mianmian to Have Such Powerful Parents

“So many people were watching, and I was beaten up so badly. Now you’re telling me to forget it. How could you do this? Did you take someone’s money to help them on purpose!”

Qiao Anxin was furious.

The policeman was still talking to her politely, but his expression darkened when he heard that.

The policeman said coldly, “What are you talking about? You’re openly framing a police officer. Do you believe we’ll detain you now?”

“Did I say something wrong!” Qiao Anxin looked up and growled at him. “I was beaten up so badly. If you didn’t detain those people who hit me and sentence them, I wouldn’t have minded, but now you’re punishing me.

“Aren’t you receiving benefits by doing this?”

“Miss Jiang, I’m warning you again. Don’t slander the law-enforcement officers without any evidence. Your injury has been verified to not even have reached the level of a minor injury. You’re still far from being beaten up badly.

“Also, you said that you didn’t fight with anyone, but a few of the students were indeed injured. The witness has also confirmed that you were fighting and not beaten up unilaterally.

“We police officers are very fair. You can pay the fine and leave immediately. If you continue to create trouble, we don’t mind keeping you at the police station for a while longer.”

Qiao Anxin was indignant and wanted to say more, but she was also afraid that the police would really detain her.

Hence, no matter how angry and indignant she was, she could only follow the policeman’s instructions and pay the fine.

...

After paying the fine, Qiao Anxin walked out of the police station with a swollen face.

Lin Huizhen was waiting for her outside.

The moment she saw her, she immediately went forward and grabbed her arm, crying. “Anxin, they didn’t make things difficult for you, right? Those little bastards are inhuman. How could they beat you up like this? You must get the police to arrest them and lock them up in jail!”

“What jail? The police said that we fought each other and got us to pay our own fines before letting them go.” Qiao Anxin gritted her teeth. She felt even more upset when she heard Lin Huizhen’s cries. She yelled at her impatiently, “What are you crying for? You only know how to cry. I’m so annoyed.”

Lin Huizhen stopped crying.

“Why, why is it like this...” Lin Huizhen saw that Qiao Anxin was in a bad mood and spoke cautiously. “They’ve already beaten you up, why aren’t the police arresting them?”

“How, you say?” Qiao Anxin sneered. “It’s all because I’m not as lucky as Qiao Mianmian to have such powerful parents to support her.

“If I was also a daughter of the Bai family, would I have to suffer all these grievances? If I was a daughter of the Bai family, I could have anything I want. I could live a glorious life, and no one would dare to disrespect me.”

She almost succeeded that time.

If her identity hadn’t been exposed, everything Qiao Mianmian had now would be hers..

Chapter 2893: Their Identities Are Different

Including Mo Yesi.

But why couldn’t God let her have her wish? Why did He have to side with Qiao Mianmian?

The slut’s parents were rich and powerful.

But her parents... were ordinary people.

The little slut was married to the best man in Yuncheng City, the dream of millions of women in the country. Second Young Master Mo, the Chairman of the Mo Corporation, Mo Yesi.

And she...

After following that scumbag Su Ze for more than two years, she didn't get anything in the end and even lost a child.

And now, she was left with nothing.

She and the little slut had grown up together.

The little slut used to be inferior to her in every way.

But why were their statuses so different now?

The little b*tch became the person she dreamed of being. She became a rich girl and married the most outstanding man in Yuncheng City.

She was really indignant.

"Anxin, y-you're blaming me for being incapable?" Lin Huizhen widened her eyes and looked hurt.

Qiao Anxin saw that she was crying, but she didn't react at all. She said coldly, "That's right, besides crying, what else can you do?"

"Anxin, you..." Lin Huizhen was shocked.

Qiao Anxin's eyes were cold. "What's wrong with me? Am I wrong? I don't have any money on me anymore. Can you find some money for me to use?"

"I-I..." Lin Huizhen was speechless.

Where could she get the money?

Like Qiao Anxin, she didn't have the ability to earn money on her own.

She had been a housewife all those years in the Qiao family because of Qiao Ruhai.

After leaving him, she relied on Qiao Anxin for support.

Lin Huizhen was a typical woman who relied on the people around her. Once she left them, she wouldn't be able to live on.

Hence, she was the most afraid of Qiao Anxin not earning money.

Because Qiao Anxin was her only support now.

Her ex-lover already had a family and wouldn't bother about her anymore.

"What? Can't do it?" Qiao Anxin's expression became even more disdainful. "I said that besides crying, you're useless, aren't I right?"

“H-How could you say that about me? I’m your mother!” Lin Huizhen saw the disdain on her face and got angry. “No matter what, I’m still your mother. I gave birth to you after carrying you in my belly for 10 months. Are you despising me now?”

“Qiao Anxin, let me tell you. No matter how useless I am, I’ve raised you. You have to support me.” Lin Huizhen was afraid when she saw Qiao Anxin’s despising expression.

She was afraid that Qiao Anxin wouldn’t provide for her.

What was she going to do in the future?

How would she earn money?

How much could she earn at her age?

The more Lin Huizhen thought about it, the more afraid she got. She even threatened her. “If you dare to abandon me, I’ll sue you in court. At that time, I’ll let everyone know that you’re unfilial and that you refuse to support your own mother. I’ll see if you can afford to lose face!”

Qiao Anxin despised Lin Huizhen’s shameless words.

At the same time, she made a decision.

She had to get rid of Lin Huizhen sooner or later.

Although this person was her biological mother, at this crucial moment, besides dragging her down, what else could she do?

Chapter 2894: You Have the Nerve to Call Me?

She could tell that Lin Huizhen didn’t care about their relationship.

Since that was the case, there was nothing for her to worry about.

...

In the end, Lin Huizhen and Qiao Anxin stayed in a small hotel.

Small hotels were cheaper than big hotels, but the living environment was very poor.

Qiao Anxin paid a fine and did not have much money left. She could only stay in a small hotel like this for a few days.

The air in the small, old room was filled with an unpleasant moldy smell, mixed with the stench of sweat that probably came from the neighboring room.

Qiao Anxin sat on the unwashed bedsheets with a dark face, her expression unbearable.

She had never stayed in such a terrible place before.

Even when she was at her lowest, her food and lodging were not too bad because of Su Ze.

However, Su Ze didn't care about her anymore, and she didn't have any money. She wouldn't be able to stay in such a small hotel for a long time.

If she couldn't get money within the next few days, she would really end up sleeping on the streets.

"What kind of lousy place is this? How can people live here?" Lin Huizhen covered her nose and ran to the window to take a breather. She didn't expect to find a rundown restaurant below. A thick stench drifted up from the restaurant and directly landed on her face.

Lin Huizhen almost vomited.

She stomped her feet in anger. "Can we change places? Is this a place for humans?"

Qiao Anxin's lips twitched and she laughed sarcastically. "Sure, just give me the money. Mom, don't blame me for not reminding you. We can't even stay in this small hotel for long. After a few days, we'll be sleeping on the streets."

Lin Huizhen's expression changed and she kept quiet.

After a while, she stammered, "Then... then what should we do? We have to find a way to get more money."

Qiao Anxin said nothing.

She tugged at her hair in frustration.

Of course, she knew that she had to think of a way to earn some money.

She didn't want to sleep on the streets.

However, what could she do now?

Just as Qiao Anxin was feeling anxious and at a loss, her phone suddenly rang.

It was Su Ze.

Qiao Anxin stared at her phone screen for a few seconds before answering the call.

"Su Ze, you have the nerve to call me?" After picking up the call, Qiao Anxin scolded him agitatedly. "Did you get someone to chase Mom and me out? Su Ze, you're a bastard. Scum!"

Qiao Anxin was fumed and vented her anger.

"Aren't you kicking me to the curb after I've outlived my usefulness because you're afraid that I'll hinder your bright future? Let me tell you, you've hurt me so badly. Do you think you can continue your carefree life as you wish? Stop dreaming.

"I'll find a way to meet Gong Zeli and tell him about our collaboration. Don't forget, we're on the same boat. If we're going to die, we'll all die together!"

Su Ze didn't say anything.

When Qiao Anxin finished venting and stopped scolding him, he said slowly, "Are you done? Listen to me, then."

Qiao Anxin was angered again. "What else do you want to say?"

"Qiao Anxin, don't be so agitated. Listen to me first. I think you've misunderstood me. I just found out that you and Aunt Lin were out.. I didn't do it."

Chapter 2895: I Can Help You

"You didn't do it?" Qiao Anxin didn't believe him at all. "Who else could it be? You just want to get rid of me completely and not have anything to do with me anymore. Aren't you afraid that Gong Zeli will kick you out of the Gong Corporation if he finds out that we're in cahoots?"

"The Su Corporation's acquisition by the Mo Corporation has nothing to do with you anymore. You're relying on Gong Zeli to give you a good job now, so you didn't feel too badly. But once you leave the Gong Corporation, you definitely won't be able to find a better job."

"Su Ze, you're afraid of going back to when you had nothing."

"So, in order to protect your current job, you can do anything. I know what kind of person you are. But don't think that by doing this, you can really cut ties with me."

"You made my life so bad, I won't let you have a good life."

"You've really misunderstood me," Su Ze said nicely. "Qiao Anxin, I'm not as terrible as you think. Even if I want to cut ties with you, I don't have to use such a method. The person who chased you and Aunt Lin out wasn't me, it was Qiao Mianmian."

"Qiao Mianmian?!" Qiao Anxin's expression changed. "That's not her house. What right does she have to do that?"

"Haha." Su Ze chuckled. "Of course, she's qualified. The entire district belongs to the Bai family. She's the Bai family's daughter. She went to look for you and knew that you were living in the Bai family's territory. Do you think she would let you continue living there?"

"Were you and Aunt Lin chased away not long after she went to look for you?"

Qiao Anxin's expression darkened.

That district was actually the Bai family's property?

Qiao Mianmian said that she would call the police, but the police didn't come.

She found it strange that Qiao Mianmian would let her off so easily.

She now knew why that little slut was so nice!

The Bai family was indeed rich.

That district was filled with rich people. Those who could afford a house there were either rich or powerful.

Even a monthly rent would cost more than 100,000 yuan.

When she was still with Su Ze, she'd thought of buying a house there.

The Bai family owned the entire neighborhood.

Although Qiao Anxin knew that the Bai family was rich and powerful, she was still shocked by how rich they were.

She looked at the shabby room she was living in.

At this moment, she was madly jealous of Qiao Mianmian.

She hated herself even more for not being Qiao Mianmian.

Even though she had the same face as Qiao Mianmian now, their statuses were still worlds apart.

Qiao Mianmian's current social status was something she couldn't achieve even if she worked hard her whole life.

"You believe me now?" Su Ze waited for a while before saying, "I called you immediately after I found out that you and Aunt Lin were chased out. I remember that you don't have much money on you. Have you and Aunt Lin found a place to stay?"

"If you have any difficulties, I can help you."

Qiao Anxin was still worrying about money.. Although she was tempted by Su Ze's words, she was still a little suspicious. "You're so kind? Didn't you say that we have nothing to do with each other anymore and that I shouldn't look for you anymore?"

Chapter 2896: No Better Choice

"What I mean is that we don't need to work together anymore." Su Ze paused for a while before continuing, "But if you're in trouble, I can still help you. No matter what, you're my ex-girlfriend. We've been together for two years, and I have feelings for you."

"I can't bear to see you and Aunt Lin end up on the streets. You can't make it in the entertainment industry anymore, and I'm afraid it won't be easy to find a job at the last minute. If you still trust me, I can introduce some jobs to you. Of course, if you're willing, the treatment won't be too bad."

Qiao Anxin kept quiet for a few seconds before asking, "What job?"

Su Ze didn't beat around the bush. "Help me accompany a boss. Chairman Lin is generous, you won't lose out."

Qiao Anxin knew what he meant.

Su Ze had made her do this before.

Qiao Anxin hated him for making her do this.

Because the ones he wanted her to accompany were all fat old men.

But she didn't have a better choice now.

Su Ze knew her very well.

She couldn't bear the hardship. She wasn't willing to do ordinary work.

Although it was a little disgusting to accompany those old men, money came quickly and easily.

"Have you considered it? If you're willing, I'll arrange it for you immediately," Su Ze asked after a while.

"Alright, I'll do it!" Qiao Anxin couldn't stand the place she was in. It was even more unbearable to stay in such a small and smelly room than to accompany those old men.

Hence, she agreed without much consideration.

"Then, I'll arrange it right away. Get dressed. I'll send you the address later. You can go over directly." Su Ze hung up.

Qiao Anxin heard the disconnected tone and gritted her teeth. "Bastard, I'll make you pay sooner or later. Just you wait!"

After scolding him, Qiao Anxin turned around to rummage through her luggage.

Lin Huizhen heard the conversation and knew what was going on.

Not only did she not think that Su Ze was humiliating her daughter, but she also felt happy at the thought that Qiao Anxin would be able to earn money soon and that they could move out of this shabby place.

She walked over happily and watched Qiao Anxin pick out her clothes. "Anxin, are you going out? I heard the conversation just now. Did Su Ze introduce you to some work?"

"Although he's a bad person and did something wrong to you, if he can help you earn money, don't be too calculative about what happened in the past. Besides him, no one can help you now.

"You should work hard. Mom will be waiting for you at home. Remember, you have to perform well. Don't waste such a good opportunity."

Although Qiao Anxin already knew that Lin Huizhen prioritized her own interests and that the mother-daughter relationship wasn't as important to her as money, she was still disgusted when she saw her happy expression.

"Mom, do you know what job Su Ze recommended to me?" Qiao Anxin asked after suppressing her anger..

Chapter 2897: She Really Wanted to Get Rid of Lin Huizhen

Lin Huizhen knew, but she still pretended not to know. "I-I don't know. But it's good to have a job. With a job, you can earn money. Aren't you short of money now?"

Qiao Anxin sneered. "Job? Haha, he asked me to accompany an old man. Is this work? Do you think I should go, or not?"

“This...” Lin Huizhen’s expression turned awkward. After a while, she said, “Of course, Mom doesn’t want you to go. Isn’t this insulting my daughter? But this is your business, Mom can’t make the decision for you.

“You should... decide for yourself.”

Qiao Anxin looked at how hypocritical she was and felt even more disgusted.

She was angry, disgusted, and upset.

Even though she already knew what kind of person Lin Huizhen was, she was still her biological mother and had doted on her since she was young.

She still had some hope for Lin Huizhen.

She thought that no matter how much Lin Huizhen loved money, her biological daughter was still a little more important.

But now, she was completely disappointed.

At this moment, she really wanted to get rid of Lin Huizhen.

Qiao Anxin was prepared to do it.

Lin Huizhen knew nothing except to cause trouble for her.

She wouldn’t keep a troublesome person by her side!

After making up her mind, Qiao Anxin took out a dress she usually liked to wear from her luggage. “Of course I’m going. Didn’t you say that we’re short of money now? If I don’t go, we’ll be sleeping on the streets in a few days.”

Lin Huizhen heaved a sigh of relief when she heard that.

She was afraid that Qiao Anxin wouldn’t go.

In the past, Lin Huizhen would never have allowed Qiao Anxin to do this.

Back then, the Su family hadn’t declined. Su Ze was still the Young Master of the Su family and was her golden husband.

She only wanted Qiao Anxin to marry into the Su family. She didn’t like anyone else.

Back then, she wanted Qiao Anxin to be gentle and pure.

She even made her wear conservative ones.

But now...

Lin Huizhen couldn’t wait to push Qiao Anxin towards those old men.

She even hoped that an old man would take a liking to her and be willing to provide for her. This way, they wouldn’t be short of money in the future.

But even though she thought so, she still pretended to be worried and felt bad for her daughter. She said with reddened eyes, "Anxin, I'm useless and can't help you much. Otherwise, you wouldn't have to..."

"I'm sorry."

As she spoke, she looked at Qiao Anxin's expression and said, "How about you don't go? Even if we really end up sleeping on the streets, it's still better than you accompanying those old men."

"Mom, what are you talking about?" Qiao Anxin turned around, grabbed Lin Huizhen's hand, and said sincerely, "How could I bear to let you sleep on the streets and beg for food? Mom, I'm sorry. It's my fault. I said something that upset you."

"Actually, I'm just going to have a meal and drink with those bosses. They're very generous.. When I'm back, we'll have money and can find a good neighborhood to live in."

Chapter 2898: She Had No Other Choice

"Bear with it for now and wait for me here for a few hours. I'll be back soon."

Lin Huizhen was even more relieved to hear that.

It seemed like her daughter was still filial to her.

She didn't say anything else to stop Qiao Anxin from going. She was afraid that if she said too much, Qiao Anxin really wouldn't go.

She held Qiao Anxin's hand with teary eyes and nodded. "Alright, Mom will wait for you to come back. Then, you have to protect yourself and not drink too much."

"Mm, I will." Qiao Anxin's eyes were red as she held her hand tightly.

She looked like a filial daughter, but she was thinking about how to get rid of Lin Huizhen.

...

Qiao Anxin took a taxi to the hotel.

After arriving, she knocked on the door.

After a while, the door opened. A short and fat man with a towel wrapped around his waist stood at the door. Seeing Qiao Anxin, he first sized her up and then looked satisfied.

"Come in."

He made way.

Qiao Anxin already knew that Su Ze wouldn't introduce any young talents to her, but she still despised him when she saw this ugly old man.

She scolded Su Ze in her heart.

The man wasn't even as tall as her. Not only was he short and fat, but he also looked very old. He was at least 50 years old.

His eyes were especially small, his nose was wrinkled, and he was bald.

It was disgusting.

The thought of her being with such a man... Qiao Anxin felt her stomach churn.

But she had no other choice.

She didn't have the right to despise such an old man.

Based on her past experience, although these old men were a little perverted in that aspect and weren't easy to serve, they were still very generous.

She just wanted to serve this old man well today.

Then, she wouldn't have to worry about money this month.

Qiao Anxin took a deep breath and walked into the room.

There was a bottle of red wine and two glasses on the table.

The glasses were filled with wine.

Qiao Anxin walked into the room and looked at the old man. She forced a smile. "Chairman Lin, I'll take a shower first."

"No rush, come here." Chairman Lin smiled and waved at her. He picked up one of the glasses of red wine. "Drink with me first."

Qiao Anxin looked at the wine in her glass and thought to herself that although Chairman Lin didn't look like much, he was still a man who paid attention to his interests.

Unlike the old men she'd met before, who were anxious and couldn't wait to pounce on her.

She couldn't wait to drink the wine.

It would be best if she could get drunk.

In that case, she wouldn't know anything if she closed her eyes.

It wouldn't as bad as when she was sober.

Qiao Anxin slowly walked over and took the glass of wine from Chairman Lin. She swirled the wine and smiled. "Alright, if Chairman Lin has the mood, I'll drink with you first.."

Chapter 2899: I Want You to Be Drunk

He immediately poured her another glass of wine and said smilingly, "Miss Jiang has a good alcohol tolerance. Not bad, not bad. Come, let's have another drink."

Qiao Anxin took the wine and downed it.

Her alcohol tolerance was pretty good.

But after two glasses of red wine, she started to feel dizzy.

This wasn't normal.

Based on Qiao Anxin's usual alcohol tolerance, she couldn't possibly be drunk after just two glasses of red wine.

Normally, she would find this abnormal.

But at this moment, Qiao Anxin didn't think too much about it. She even wished that she could get drunk as soon as possible. Only when she was drunk would she not feel so disgusted.

"Miss Jiang, what do you think of this wine?" Chairman Lin saw that her face was flushed and her eyes were a little blurred. He swirled the wine in his glass that he hadn't drunk much and asked with a smile.

"It tastes good, it's good wine." Qiao Anxin was already a little tipsy. She looked at the wine in Chairman Lin's glass and asked coquettishly, "Chairman Lin, why haven't you drunk it? Didn't you say you wanted a toast? I've already drunk it, but Chairman Lin hasn't drunk a single drop."

Chairman Lin didn't answer her. Instead, he smiled and poured more wine into her empty glass. "I like watching you drink. Come, have another drink."

Qiao Anxin pretended to push him away. "Ah, my head is a little dizzy. I'll get drunk if I drink anymore."

"It's good to be drunk." Chairman Lin smiled and leaned closer to her. He reached out and pulled her into his arms. He held her waist tightly with one hand, and his smile became greasy and wretched. "If a woman isn't drunk, a man won't have a chance. Only a drunk woman looks flirtatious. Come, I'll feed you this wine glass. Little beauty, as long as you serve me well tonight, I won't mistreat you."

Chairman Lin had already placed the wine glass by Qiao Anxin's lips.

As the man got closer, his face looked even more oily, especially when he spoke. The unpleasant taste in his mouth was directed at Qiao Anxin's face.

Qiao Anxin looked up at the pig-headed man in front of her and gently pushed him away. "Chairman Lin, you're so mean."

Chairman Lin laughed out loud. "Men aren't bad, women are. Come, drink it."

Qiao Anxin didn't doubt that Chairman Lin had other motives. She opened her mouth and drank the wine.

Any old man she'd served had some hobbies.

It seemed like Chairman Lin's hobby was to get women drunk.

This hobby was nothing to Qiao Anxin.

At least it wasn't perverted.

Another glass of red wine was downed.

Qiao Anxin was already fifty to sixty percent drunk.

“Little beauty, are you drunk?” Chairman Lin patted her face.

Qiao Anxin looked at the person in front of her. She blinked and rubbed her forehead. “Chairman Lin, my head is spinning. Your red wine is even better than the red wine I drank before. I just drank a little, how did I get so drunk?”

“It’s good that you’re drunk.” Chairman Lin patted her face again and smiled meaningfully. “I just want you to be drunk. Of course, this wine is different from what you’ve drunk before. This is a good wine I specially prepared for you.”

The red wine came quickly.

Qiao Anxin felt her head spinning and her consciousness blurring.

Chapter 2900: It Seems Like Retribution

She couldn’t even stand properly.

She felt her body go soft and weak.

This was different from when she was drunk.

Chairman Lin picked her up and walked towards the bed.

Qiao Anxin was thrown onto the soft bed. In her daze, she saw a few men enter the room that had originally just her and Chairman Lin.

In her daze, she heard a familiar voice. “You can start now. Remember, you have to take a clear picture of her face.”

Qiao Anxin felt as if someone had hit her on the head. She widened her eyes and looked in the direction of the voice, but she couldn’t see anything.

It was a blur.

Before Qiao Anxin completely lost consciousness, she heard that familiar voice again. “Do whatever you want, the more tricks the better. You have the whole night, don’t waste it.”

“Yes, Mr. Su. Don’t worry. We’ll definitely make the video very exciting. We won’t let you down.”

...

Qiao Mianmian took two days off and flew back to C City to continue filming “My Intern Parents”.

During the two days that she was delayed, the director filmed the others first. When she returned, he got her to film some scenes, but it didn’t delay their progress much.

The shoot went smoothly.

A week after Qiao Mianmian returned to C City, Qiao Chen called and said that something happened to Qiao Anxin.

"I heard that she was raped by a few men and even had videos taken. Those videos were uploaded online, and everyone knows about it now. Qiao Anxin said that Su Ze was the one who harmed her and went to look for him with a knife, saying that she wanted to die with him.

"When she was arguing with Su Ze, she was stabbed a few times by him. She's still in the hospital now, and we don't know if she's dead or alive. But I heard from the hospital that her chances of survival are relatively low.

"Su Ze is detained in the police station. He stabbed someone in public, so there are many witnesses. Whether Qiao Anxin can survive or not, he'll definitely be sentenced. Moreover, once they find out that he's the one behind Qiao Anxin's video, he'll also be punished for it. Even if he doesn't get the death sentence, he'll probably be in jail for the rest of his life.

Qiao Mianmian was shocked.

It took her a while to recover.

"You're saying that Qiao Anxin was stabbed by Su Ze? And he's now locked up in the police station?"

"Mm, this happened not long ago. It probably hasn't appeared on the news. But I've already gotten someone to ask, so it can't be fake."

Qiao Mianmian was shocked again.

She couldn't describe how she felt.

Qiao Anxin and Su Ze were the two people she most detested.

One of them was her childhood sweetheart who almost married her.

The other was her sister who grew up with her.

But they colluded and betrayed her.

Qiao Mianmian had hated Su Ze and Qiao Anxin before. She had also secretly cursed them in her heart, hoping that they would suffer retribution.

Now...

This adulterous pair seemed to have really suffered retribution.
