Chapter 2961: He Can't Indulge Her Like This Anymore

"It's my fault. It has nothing to do with Yunchen." At this time, Madam Mo, who had been silent the whole time, finally spoke up to defend Mo Yunchen. Because of consecutive days of insomnia, her voice sounded very hoarse. "

's all my fault. I forced Yunchen to divorce me."

"sister-in-law, you..."

"I brought this upon myself." Madam Mo wiped her tears, her eyes filled with bitterness and regret.

"You don't have to speak up for me. I didn't cherish my good days and walked to where I am today.

"I have nothing to say if Yunchen wants to divorce me. Now that we're divorced, I naturally won't live in the Mo Residence anymore. I'll go pack my luggage and move out."

After Madam Mo finished her sentence with a sad face, she turned around to pack her luggage.

Mo Yunchen couldn't bear to see her like this. The moment Madam Mo turned around, he wanted to reach out and grab her, but he held himself back.

All these years, he had spoiled his wife badly, causing Madam Mo to do things without caring about anything and almost causing a huge mistake.

He couldn't indulge her like this anymore.

Perhaps Madam Mo could only truly change after they were divorced and she lost his unconditional love and indulgence.

Old Madam watched as Madam Mo walked upstairs while wiping her tears. As she did, she almost fell, and her face revealed a look of pity.

Even though she was unhappy with Madam Mo, she was still her daughter-in-law who had lived with her for decades.

This daughter-in-law had always been filial to her.

She did all these stupid things now because she was too particular about family background and cared too much about compatibility.

If she could be more open-minded and not care too much about the so-called family background and not get involved with the younger generation, things would not have ended up like this.

Sigh.

Sometimes when people were too persistent, they would become inner demons and cause harm to themselves.

She had tried to persuade her a long time ago, but Madam Mo refused to listen.

It was said that everything was peaceful in the family. At Old Madam's age, all she wanted was for her family to be harmonious and for her children and grandchildren to be prosperous.

The divorce between Mo Yunchen and Madam Mo had a huge impact on Old Madam. She sat in the living room for a while and felt tired. Supporting herself on Uncle Zhang's arm and standing up slowly with a tired expression, she said, "I'm tired. Uncle Zhang, help me back to my room."

"Yes, Old Madam. Please wait. I'll help you back to your room to rest." Uncle Zhang carefully helped her up..

Chapter 2962: She Wanted to Redeem Herself, But She Didn't Have the Chance

"I'm old. I don't have the energy to get involved in the matters of the younger generation. In the future, you can get along however you want. I only have one request, and that is the family is not to allowed to have any internal strife."

Old Madam's gaze became stern. She looked at the Second Madam warningly and said sternly, "If anyone has bad intentions and dares to lay their hands on someone in the family, I'll expel her if I find out!

"Did you hear that!"

Second Madam immediately lowered her head guiltily.

How could she not know that Old Madam was actually warning her?

But no matter what, she had to find a way to get rid of Qiao Chen.

comment

Otherwise, wouldn't she have to give up everything to that little bastard?

Moreover, the little bastard was still investigating what happened back then. If he found out the cause of his mother's death, the little bastard would definitely not let her off.

She had to strike before he found out anything.

She didn't take Old Madam's warning seriously.

As long as she kept it a secret, no one would find out.

Soon, Uncle Zhang helped Old Madam out.

Not long after she left, Madam Mo, who had packed her luggage, came downstairs with a suitcase. Passing the living room, she turned to look at her husband and two sons, her eyes filled with reluctance and regret.

At this moment, Madam Mo really regretted leaving the Mo family.

She didn't want to leave.

She didn't want to divorce Mo Yunchen.

She had been married into the Mo family for so many years, and Mo Yunchen doted on her. Although Old Madam was a little strict, she was usually very good to her. Her two sons were also one in a million, and they had always respected her.

She was a winner in life.

She felt that she was living a blissful life and was satisfied with everything she had.

She could have been happy forever.

But.

She was the one who ruined her original good life. She was the one who couldn't live a good life and wanted more.

When Mo Yesi and Mo Shixiu didn't even have a woman by their side, she worried about their marriage every day. Back then, she thought that as long as they had a woman they liked, she could accept it no matter what the other party's background was.

But when her two sons finally found someone they liked, she started nitpicking again.

If it wasn't for her greed... if she didn't despise Jiang Luoli's background... if she didn't interfere in things she shouldn't have

But there was no medicine for regret in this world.

Even if she regretted it now and wanted to redeem herself, she didn't have the chance.

Her eyes were red, and she couldn't stop her tears. Her makeup was smudged, and her already haggard face looked even more defeated.

Mo Yunchen saw that she was about to pass out from crying, her eyes red and swollen. She looked at him with tears in her eyes, as if she had something to say to him but didn't dare to.

Thinking about their past interactions, he couldn't bear it and walked towards her.

He stopped in front of her and wiped her tears.

Madam Mo looked up expectantly. "Yunchen..."

'Mo Yunchen took her luggage and looked away. "Let's go, I'll send you out."

'The light in Madam Mo's eyes dimmed...

Chapter 2963: Don't Dare to Ask for Forgiveness

She thought that Mo Yunchen wanted her to stay.

She even felt a hint of joy and anticipation.

She thought that if he asked her, she would be willing to stay. In the future, besides taking care of her husband and raising her children, she wouldn't interfere in matters that she shouldn't.

She would never... be silly again.

She was so disappointed.

Her eyes were filled with tears and regret. "Yunchen, do we still have a chance to be together in the future? If I'm willing to change... if I don't do anything to make you angry again, will we still have a chance to be together?"

comment

"Can I still... be your wife?"

Besides Mo Yunchen, who else would pamper her forever?

Who could be more outstanding than him?

Madam Mo knew that she wouldn't be able to find a better man.

She wouldn't look for someone else.

She only had one husband in this life, and that was Mo Yunchen.

Even if they were divorced, he was still her husband, and she would only acknowledge him in this lifetime.

Mo Yunchen sighed and said gently, "Wenpei, whether we can be together in the future or not, you're my only wife. I can't answer your questions just now, but I think anything is possible."

Madam Mo's eyes lit up again when she heard his last sentence.

"I'll wait for you." She sobbed. "I'll reflect on myself and change everything. Yunchen, I'll always be waiting for you. No matter how long it takes."

Madam Mo wiped the tears off her face and slowly turned around. She looked at her two sons and daughters-in-law standing not far behind her and hesitated. After a few seconds, she slowly walked towards them.

She walked towards Jiang Luoli with guilt in her eyes. After a while, she said apologetically, "Luoli, I-I want to apologize to you. I know an apology won't change anything. I've done so much to you, I can't just ask you to forgive me."

She spoke slowly. "But I still want to apologize to you. This time, I... I really know my mistake. I've let you down, and I've let Yueyue down. I'm not a good mother-in-law, much less a good grandmother."

Jiang Luoli looked at the humble Madam Mo with her head lowered.

Of course, she wouldn't forgive her so easily.

But at this moment, Madam Mo didn't seem so hateful.

She didn't know if Madam Mo really regretted it, but she couldn't forgive her.

She wasn't a magnanimous person. Moreover, her daughter was almost hurt because of her. She still felt afraid when she thought about it.

Jiang Luoli pursed her lips and kept quiet.

Madam Mo knew that she wouldn't forgive her easily. Thinking back on what she'd done, even she couldn't forgive herself, let alone others.

If someone treated her and her child this way, would she forgive them just because they apologized?

Of course not.

Thus, she didn't dare to ask for forgiveness..

Chapter 2964: No One Said Anything to Make Him Stay

Her apology was only to make herself feel better.

"Shixiu, Mom has let you down too." Madam Mo felt terrible when she saw that her two sons, who were usually filial to her, no longer respected her. She couldn't help but cry.

But who could she blame?

She had it coming.

She was the one who ruined her happy family bit by bit.

In the past, she was the winner in life.

But now she had nothing left.

comment

She had lost her husband, two sons, and a happy family.

She really regretted it.

"The person you're most sorry to is Luoli." After Madam Mo had stirred up so much trouble, Mo Shixiu's feelings for her had faded a lot. "You were right just now. Some things can't be solved with just one apology.

"Luoli won't forgive you, and neither will I."

"Tknow." Mo Shixiu's coldness made Madam Mo's eyes turn red again. "I'm not trying to seek forgiveness. I just want to apologize to all of you. I was possessed previously and went overboard many times. I've let down Luoli and Mianmian. I've let down everyone in this family.

"Idon't deserve your forgiveness, either.

"But even if you don't forgive me, I feel better after apologizing, Alright, I'm leaving. When I leave this house, it won't be as messy as before.

"Shixiu, Yesi, both of you must take good care of yourselves and the people around you. When I'm not by your dad's side in the future, both of you should take care of him for me. As for Old Madam... when you're free, take some time to come back and accompany her. She's getting on in years, and she

misses younger people like you the most.”

Madam Mo went on and on. In the end, she kept looking back as she left. Anyone could tell how much she was unwilling to leave.

She hoped that someone would ask her to stay.

However, no one did.

Her back view revealed deep disappointment.

Looking at Madam Mo’s reluctant back view, Qiao Mianmian sighed. At this point, she was very touched.

Madam Mo looked very pitiful.

However, the things she did were unforgivable.

Qiao Mianmian could tell that Madam Mo really knew her mistake and regretted it.

However, there was no medicine for regret in this world.

The date of “Phoenix in Flight” was confirmed, and so was the date of Qiao Mianmian and Mo Yesi’s wedding.

The movie would be screened on the day of Chinese Valentine’s Day.

Qiao Mianmian and Mo Yesi’s wedding was also to be held on Chinese Valentine’s Day.

Jiang Luoli and Mo Shixiu were also holding their wedding on the same day.

Qiao Mianmian had previously agreed with Jiang Luoli that their wedding would be held together. Mo Yesi and Mo Shixiu were both henchmen who would listen to their wives’ arrangements. They naturally had no objections when their wives said that they wanted to hold their weddings together.

On the eve of the wedding, the wedding dress that had been custom-made for half a year was finally done. Qiao Mianmian was notified to try it on.

Jiang Luoli was with her.

Mo Yesi and Mo Shixiu were naturally with their wives.

Every woman had imagined their future wedding countless times, and Qiao Mianmian was no exception.

Chapter 2965: The Most Beautiful Bride Of All Brides

Her dream wedding would be held on a beautiful island. The island was filled with green trees and flowers. The day of her wedding would definitely be sunny. The wedding venue would be set at the beach and held outdoors.

She wouldn’t invite too many people. It was enough to have a few family members and friends as witnesses.

Because she never liked crowds.

She didn't want to invite too many unrelated people to her wedding.

It was enough to have a few important people to witness her happiest moments.

Thankfully, Mo Yesi had the same thoughts. He didn't have many friends and preferred peace and quiet. Qiao Mianmian had already discussed with him not to make their wedding too high-profile and just invite a few family and friends.

comment

Mo Yesi wasn't willing at first.

He felt aggrieved for Qiao Mianmian.

He felt that he could keep a low profile in everything except his wedding with her.

He wanted the whole world to witness their happiness.

But since Qiao Mianmian insisted, he could only listen to her.

The wedding couldn't be too high-profile, so Mo Yesi wanted to make it up to her on other matters.

The wedding dress that had been custom-made for over half a year was unbelievably beautiful.

It was so much more beautiful than Qiao Mianmian imagined.

It was so beautiful that she couldn't find the right words to describe it.

She looked at herself in the mirror and felt like a stranger.

Was she really the person in the mirror?

The person looked like her, but also not like her.

The two shop assistants behind her were stunned.

The brides in the wedding dresses were naturally beautiful, but Qiao Mianmian was definitely the most beautiful bride they'd ever seen.

If they hadn't seen it with their own eyes, they wouldn't have believed that such a beautiful woman could exist. It was as if she'd walked out of a painting, and it wasn't an exaggeration to say that she was much more beautiful than many of the beauties in the paintings.

The person in the painting was fake, so there was a limit to how good she looked.

But this fairy in front of them was real. She was so beautiful that it moved even women like them.

No wonder she could take down the Chairman of the Mo Corporation, Mo Yesi.

No matter how unapproachable a man was, as long as his sexual orientation was normal, how could he not be attracted to such a beautiful goddess?

Unless he wasn't a normal man.

“Mrs. Mo, you look so beautiful in this wedding dress.” The assistant praised from the bottom of her heart. “Mrs. Mo is the most beautiful bride I’ve ever seen. Mr. Mo is so lucky to have such a beautiful wife.”

Many people said that Qiao Mianmian must have saved the world in her previous life to be able to marry a man as excellent as Mo Yesi, but which man did not want to marry a beautiful woman like Qiao Mianmian?

Besides, this beauty had a very good background and was the daughter of a famous family.

In terms of family background and appearance, Qiao Mianmian was definitely a good match for Mo Yesi.

Naturally, Mo Yesi could definitely match up to Qiao Mianmian.

The two of them were a match made in heaven.

However, Mo Yesi’s love for Qiao Mianmian really made them envious.

Previously, Qiao Mianmian and Mo Yesi had posted their marriage certificate on Weibo and publicly announced their marriage. While many people gave their blessings, many people were soured and questioned their relationship.

One of the doubts was that they did not have a wedding.

Many people were saying that Qiao Mianmian and Mo Yesi did not have a wedding because the Mo family did not really accept her. Even though Qiao Mianmian married Mo Yesi, his family did not approve of her..

Chapter 2966: He Actually Has More Than One Identity?

Although she was the daughter of the Bai family and was compatible with the Mo family, she didn’t grow up in the Bai family. She was brought back later.

Hence, she was still different from a real socialite.

It was difficult for even a proper socialite to enter a family like the Mo family, let alone a “fake daughter” who grew up in a small family.

She was only a rich girl, but she didn’t have the corresponding talent. She was no different from a pretty vase.

But now... not only was she going to hold a wedding, but she was also going to hold a huge wedding.

Just this custom-made wedding dress alone cost 50 million yuan.

comment

The wedding dress was decorated with shiny little diamonds. The lace edges were all interwoven with gold and silver threads. The hemline below the waist was decorated with lifelike three-dimensional flowers. Every flower was handmade. As the flower petals were made of a special material, they would

be ruined if one wasn't careful. Hence, just sewing the petals together would take most of the day.

'What more of the flower petals on the skirt.

Moreover, this was only the wedding dress' price.

The tiara on the headdress was the most expensive one.

The shop assistants didn't know how much it cost, but they heard that the tiara was made of pure diamonds. It wasn't even the size of a palm, but it cost the price of a mansion in Yuncheng City.

The wedding dress alone cost 50 million yuan, not to mention the rest.

Normal people wouldn't dare to think about how much a wedding would cost.

If this wasn't considered important, what else could it be?

They could never dream of such an "unimportant" event.

"That's right. Mrs. Mo looks so good in this wedding dress. Mr. Mo will definitely be stunned when we go out later." Another shop assistant was also amazed and praised her. "As expected, the husband understands his wife the best. Mrs. Mo's wedding dress is already beautiful, but after Mrs. Mo puts it on, I

feel that this wedding dress is even more beautiful."

Qiao Mianmian looked at her in shock. "Who did you say designed this wedding dress?"

"Mtr. Mo." The shop assistant looked at her reaction and found it strange. "Mrs. Mo, don't you know? This wedding dress was designed by Mr. Mo and Vera's chief designer. However, the main design was still done by Mr. Mo. Our chief designer added in some ideas.

"Mr. Mo is very talented. Even our chief designer said that he's very talented in fashion design."

Qiao Mianmian was shocked.

Mo Yesi designed her wedding dress?

He... hadn't mentioned this at all.

Did he know how to design wedding dresses?

Qiao Mianmian only knew that he was a jewelry designer. But he actually could also design wedding dresses.

He could design jewelry, wedding dresses, and manage a huge company like the Mo Corporation in an orderly manner. Qiao Mianmian seriously suspected that he had another identity.

Qiao Mianmian changed into her wedding dress. Two of the shop assistants held the dress up and helped her out of the changing room.

Sitting outside the changing room, Mo Yesi was shocked when Qiao Mianmian walked out.

He had imagined what it would look like on her, but even after imagining it a hundred times, a thousand times, it still wasn't as beautiful as the real thing..

Chapter 2967: Her Love

He had always known that his wife was beautiful, but at this moment, he was still stunned.

Wearing a wedding dress, she was so beautiful that she didn't look like a real person. She looked like a fairy that had accidentally fallen into the mortal world.

Mo Yesi looked at her blankly and couldn't say a word.

As if any words were unnecessary.

"Mrs. Mo, Mr. Mo is stunned." The two shop assistants saw Mo Yesi's reaction and chuckled. "We knew that Mr. Mo would be stunned by you."

They felt that Mo Yesi's reaction was too normal.

comment

After all, even they felt that Qiao Mianmian was as beautiful as a fairy. Even women like them were attracted to her, let alone men.

Qiao Mianmian was a little embarrassed to be stared at by Mo Yesi.

She pursed her lips and walked towards him. "What do you think? Is it nice?"

The man's Adam's apple bobbed a few times. Hearing her voice, he came back to his senses. The shock in his eyes hadn't completely dissipated, and his voice was a little hoarse. "Mm, it's nice."

She was much prettier than he'd imagined.

"I think it's beautiful, too." Qiao Mianmian was generous with her praises. "I especially like this wedding dress. When our wedding is over, I'll treasure it and pass it to our daughter in the future."

"This is a good idea, I support it." Mo Yesi got up and held her hand. "If it's a son, he can keep it too. Let him give it to your future daughter-in-law."

"Theard them say that you designed this wedding dress. Is this true?" Qiao Mianmian recalled Mo Yesi's alternate account and asked for confirmation.

"Mm." Mo Yesi admitted it.

"You know how to design wedding dresses?" Qiao Mianmian felt that although this man was her husband, she didn't know him well enough. She was very curious. "Have you learned fashion design before? When did you learn it?"

"Llearned a little in university." Mo Yesi smiled. "Just like jewelry design, it's just a hobby. After I graduated, I slowly took over the Mo Corporation and rarely touched these hobbies anymore.

"So, I was a little worried before designing this wedding dress."

“What were you worried about?”

“was worried that you wouldn’t like it.” The usually confident man would only lose his confidence in front of the woman he loved. “But you just told me that you like it, so I’m at ease.”

“Then, why didn’t you tell me about this before?” She actually found out about this from someone else.

“I wanted it to be a surprise.” Mo Yesi’s eyes were gentle. “I wonder if you liked this surprise.”

“Yes, of course.” Qiao Mianmian’s eyes sparkled. “Mo Yesi, I really, really like this surprise, and I really cherish it. Thank you for everything you’ve done for me.”

Mo Yesi felt that everything was worth it.

All he did was say for her to say that she liked it.

Mo Yesi had prepared more than just a wedding dress for her.

Qiao Mianmian opened the exquisite box under the man’s expectant gaze. Seeing the sparkling set of diamond jewelry in the box, she looked at him.. “This set of jewelry... was also designed by you?”

Chapter 2968: It Served Its Purpose

The jewelry’s design was simple and luxurious. It was obviously his style.

But unlike before, this set of jewelry was more low-key.

And the diamond jewelry in the box was too high-profile.

Especially the diamond on the ring, it was a little... shocking.

The diamond ring was nothing compared to the one in the box.

The diamonds on the necklace were shockingly big.

‘The moment the box was opened, the diamond’s reflection almost blinded Qiao Mianmian.

“Mm, do you like it?” Mo Yesi bent down to hug her from behind. His masculine scent instantly surrounded her, and his low and sexy voice sounded by her ear. “Every diamond was picked out by me after a long screening process.”

comment

“like it...” Qiao Mianmian turned around and hugged him. She tiptoed and kissed his sexy thin lips. “The jewelry is very beautiful, I like it very much. But...”

“Mm? But what?” Mo Yesi cooperatively lowered his head so that she could kiss him.

“But isn’t the diamond too big? Moreover, this set of jewelry must have cost you a lot, right?”

Just the diamonds on the necklace were about the size of a pigeon egg.

Qiao Mianmian remembered that a female celebrity in the industry had married a rich husband. Back then, her diamond ring was widely reported by the media. It was said to have cost an astronomical sum.

Qiao Mianmian remembered that the diamond ring was worth 20 million yuan.

But now... she had more than ten “pigeon eggs” on her necklace.

‘The diamond on the ring and the diamonds on the earrings were the size of pigeon eggs. Qiao Mianmian didn’t dare to guess the price of this set of jewelry.

Her neck felt heavy even before she wore the jewelry.

“The price isn’t an issue, as long as you like it.” Mo Yesi stroked her soft black hair and picked up the ring from the box. He picked up her slender and fair fingers and slowly put the ring on.

After a cold touch, the diamond ring fit Qiao Mianmian’s finger perfectly.

Mo Yesi held her hand and looked at it. “It’s beautiful. I used to think that I would keep this diamond in the safe and never take it out again.”

Qiao Mianmian blinked and asked curiously, “Why?”

Why did he keep such a beautiful diamond in the safe?

Mo Yesi smiled and kissed her on the lips before answering. “I bought this diamond at an auction. At that time, I just felt that the purity was so good and that such a huge diamond was rare, so I bought it.

“But no matter how good a diamond is, it’s useless if it doesn’t serve a purpose. If I hadn’t met you, this diamond would have been kept in the safe for the rest of my life.

“Now that it can make you smile, it served its purpose.”

Such touching words could make one intoxicated.

Qiao Mianmian was happy, but she said, “Even if it didn’t meet me, it might not have stayed in the safe for the rest of your life.”

“Mm?”

“Even if you didn’t meet me, you’d still have gotten married. So, it might have been worn by another woman.”

“No.” Mo Yesi said without thinking. “If I hadn’t met you, it wouldn’t have been worn by any other woman.”

Chapter 2969: No Regret in This Lifetime

“So, if I didn’t meet you, I’d choose to be alone for the rest of my life.”

He would only have one soul mate in his life.

No one could replace her.

Qiao Mianmian was shocked by Mo Yesi's words.

"If you hadn't met me, you would have chosen... to spend the rest of your life alone?" She looked at the man's handsome face in shock.

If this was said by someone else, she might not have believed it.

But Qiao Mianmian knew that he wasn't lying to her.

This man had never lied to her.

Hence, if he hadn't met her, he really planned to spend the rest of his life alone.

"Mm, so the only person who can accompany me for the rest of my life is you."

Qiao Mianmian teared up. "But what's so good about me? There are so many people better than me..."

"But they aren't you. In my heart, you're the best. No one can compare to you." The man's eyes were filled with ink, and his dark eyes were filled with her.

Qiao Mianmian's eyes widened. "Mo Yesi..."

Actually, she wasn't as good as he thought.

She had many flaws, and compared to his excellence, she couldn't be more ordinary.

She didn't treat him too well, and her feelings for him couldn't compare to his feelings for her.

"Thankfully, I met you." The man's warm and moist lips landed on hers. "So, I won't be alone for the rest of my life. With you by my side, I have no regrets in this life."

The news of Qiao Mianmian trying on the wedding dress was exposed.

A netizen who claimed to be in the know posted on Weibo that Qiao Mianmian and Mo Yesi's wedding was about to take place. Mo Yesi had already gotten people to prepare for the wedding a year ago.

Sheng Sheng doesn't mind: [Qiao Mianmian's wedding dress is definitely the most dreamy and beautiful wedding dress I've ever seen. I heard that the wedding dress was personally designed by Mo Yesi. It took more than half a year before it was finally done. If it isn't for the fact that I'm not allowed to put

pictures here, I really wanted to show you a picture of Qiao Mianmian in the wedding dress. Oh my god, it's so beautiful.]

Sheng Sheng doesn't mind: [And do you know how much her wedding dress cost? You'll be shocked!]

Once these two posts were published, they were quickly reposted by several marketing accounts.

The netizens were all excited and went to the comment section.

"Qiao Mianmian and Mo Yesi are having a wedding? I heard that they're preparing for it. It's finally going to be held. Speaking of which, they've been married for so long, it's finally time for the wedding. Otherwise, the bride would feel aggrieved."

“Wow, Mianbao and Chairman Mo’s wedding is finally going to be held. I heard that Mianbao was preparing for the wedding, but it actually took a year. After preparing for so long, how grand is the wedding going to be?”

“I’m the only one who noticed it. Did Mo Yesi design the wedding dress himself? Chairman Mo is so talented, how could he design a wedding dress?”

“I want to know how much Chairman Mo spent on the wedding dress. We can’t upload the photos, but the price should be alright.”

“I want to know the price of the wedding dress, too.”

“The wedding dress’ price is an eye-opener for us peasants..”

Chapter 2970: Tears of Envy and Jealousy

“Tell us the price of the wedding dress. Let us peasants broaden our horizons.”

A few minutes later, Sheng Sheng replied to one of the netizens who asked about the price of the wedding dress.

Sheng Sheng didn’t mind: “The wedding dress cost more than 50 million yuan, and the diamond tiara cost close to 100 million yuan. Moreover, this is only the wedding dress’ price. I heard that the jewelry she’s wearing on her wedding day was personally designed by Mo Yesi. This jewelry set is much more valuable than the wedding dress. However, these are only the wearing dress and the jewelry. The other expenses of the wedding haven’t been counted. I reckon that for this wedding, it will cost more than one billion yuan.”

This reply made the girls shed tears of envy.

comment

“I’m so jealous of her. I can’t even imagine myself being treated this way.”

“Spending a billion yuan just for a wedding? The world of the rich is indeed unimaginable to us poor people. I won’t be able to earn this amount in ten lifetimes, no... tens of lifetimes. But this is just the cost of a wedding.”

“I’m curious about what a wedding that costs more than a billion yuan looks like. I remember that Bai Wei’s wedding cost about 100 million yuan back then. Then, the various media outlets rushed to report that her wedding cost a huge sum of money. If 100 million yuan is enough to make people think it’s an astronomical sum, then what kind of wedding is this?”

“Previously, someone said that Qiao Mianmian wasn’t liked by the elders of the Mo family, so they never allowed her to have a wedding with Mo Yesi. If this news is true... are those who said that Qiao Mianmian isn’t valued badly slapped?”

“My Prince Charming and my goddess are finally having a wedding. Congratulations, it’s a blissful marriage.”

There were many blessings.

There were also many envious comments.

But amidst the blessings and envy, there were always a few discordant voices that wanted to ruin the atmosphere.

“What’s so good about spending a few billion yuan on a wedding? It’d be more admirable if this money was donated to the children in the mountains. There are so many children in the mountains who can’t afford to eat or study, but someone can spend a few billion yuan on a wedding. I really don’t understand this world.”

“I suggest we find out the source of the money.”

“I find it ironic when I think of those homeless people who don’t have enough to eat, wear warm clothes, or even starve to death on the streets. Most of the rich people in this world are heartless. There aren’t many with a conscience.”

Such comments were mixed in the originally harmonious comments section.

Some netizens couldn’t take it anymore and started insulting them.

“Thate moral coercion the most. You think the children in the mountains and the homeless are pitiful. Donate more yourself. As long as their money isn’t stolen or earned illegally, they can spend it however they want. It’s none of your business.”

“I’s here, people with the moral high ground.”

“What do you mean by finding out the source of the money? Are you trying to be funny? Do you know who Mo Yesi is? Do you know how much the Mo Corporation earns every year? You don’t know anything, but you’re trying to defame him.”

#Qiao Mianmian’s Wedding

#Mo Yesi and Qiao Mianmian’s Wedding

After the news of Qiao Mianmian trying on the wedding dress was exposed, the top three trending topics were all related to her.

Her fans were naturally the most concerned about this. They asked her on Weibo if the news was true and if she and Mo Yesi were really going to hold a wedding.

A bunch of fans in her fan group also popped up..
