

Big Shot 2971

Chapter 2971: May All Lovers Live Happily Ever After

“Mianbao, is the hot topic true? Are you and President Mo going to have a wedding soon?”

“Mianbao, will there be reporters at your wedding with President Mo?”

“Mianbao, Mianbao, many celebrities’ weddings will be broadcasted live. Will your wedding with President Mo be broadcasted live?”

Even though Qiao Mianmian didn’t always browse Weibo, she would still take a few minutes every day to check it out.

She saw the hot searches and the questions from the fans in the group.

Qiao Mianmian responded to the group first. “Mm, the wedding is set to be in a week. There won’t be a live broadcast, nor will there be any reporters. We’re only going to invite the family and the friends closest to us.”

The moment she replied, the fans exploded. Many of the fans who had been diving appeared.

“Wow, Mianbao is here in person. Catch her!”

“Congratulations, Mianbao. You and President Mo must grow old together and live happily ever after.”

“You’re not going to invite reporters? Can we see what the wedding venue looks like, then? Will you upload some photos of the event online?”

“ah, ah, ah. I really want to see what Mianbao looks like in a wedding dress. She’ll definitely look especially beautiful.”

Qiao Mianmian replied to one of her fans, “I’ll upload some photos of the wedding ceremony on my Weibo. Thank you for everyone’s blessings. I hope all of you can find your own happiness.”

After the fan group, she reposted the official Weibo post for the release of “Phoenix in Flight” on the Chinese Valentine’s Day, before posting a Weibo post about the trending topic.

Qiao Mianmian: [Thank you for your concern, everyone. The wedding will be on Chinese Valentine’s Day. May all lovers live happily ever after.]

A picture was attached to the post.

In the picture, two hands were intertwined tightly. One of the hands had distinct joints and long fingers. One look and one could tell that it was a man’s hand.

The other hand was holding onto the man’s large hand, and she was wearing a large diamond ring on her fair fingers.

It was called a huge diamond ring because the diamond embedded in it was too big.

‘A diamond that was described as a pigeon egg was already very big.

However, the ring on Qiao Mianmian’s finger was several times bigger than a pigeon egg.

The diamond was huge... as if it was fake.

However, the purity, the luster, and the identity of the person who gave her the ring were enough to prove that she was wearing a genuine diamond ring.

Most people's understanding of large diamond rings was still limited to pigeon eggs. Suddenly seeing such a large diamond ring that was several models bigger than a pigeon egg, they were beyond shocked.

"Damn, is Qiao Mianmian serious about that diamond ring? This is the first time I've seen such a big one."

"This diamond is as big as a wholesale one from a two-dollar store. Can someone who knows the business tell us how much a big diamond like this costs?"

"The bigger the diamond, the purer it is, and the price skyrockets. I remember that the pigeon egg that Bai Wei used to wear cost around 30 million. If the one in Qiao Mianmian's hand is real, it cost at least 500 million."

"Damn, 500 million?? Is this the price of a ring? Can you reach the sky with it?"

"Indeed, poverty limits my imagination. I wouldn't even dare to dream of a 500-million-yuan diamond ring."

"I think no one can surpass Qiao Mianmian's wedding in the next decade.."

Chapter 2972: Discussing the Wedding

With the exposed diamond ring, Qiao Mianmian was trending again.

Almost everyone was talking about her ridiculously expensive diamond ring.

On top of that, the movie she was starring in was about to be released. In the next week, Qiao Mianmian was almost always on the hot searches list, and she became the most popular artiste in the entertainment industry.

The wedding was about to start.

The Bai and Mo families also found a time to gather and discuss the wedding.

Madam Bai wanted to let her precious daughter get married extravagantly so that everyone would know how good her daughter was and how important she was to the Mo Family. Therefore, she encouraged the wedding to be more high-profile and lively, so that they could get more reporters to film and report on it.

"Marriage is a once-in-a-lifetime event. You can keep a low profile on everything, but not on this matter. Since we're holding a wedding, let's do it so that everyone can witness Mianmian and Yesi's happiness.

"When the time comes, you must invite more people. If you find it troublesome and don't know who to invite, leave this matter to me." Madam Bai was originally not very satisfied with Qiao Mianmian and Mo Yesi's low-profile marriage, as she felt that it had wronged her precious daughter. Now that they

were holding a wedding, she naturally wanted it to be grand.

'The Bai family's daughter's wedding could not be held casually.

Not even if Qiao Mianmian and Mo Yesi had already collected their marriage certificate.

The necessary procedures had to be completed.

Even if Madam Bai knew that her daughter was living happily and that her son-in-law was a reliable person, the Mo Family still owed her precious daughter a grand wedding.

They had to make it up to her no matter what.

"Lagree with what my in-laws said."

Perhaps because her grandsons' wedding was near, Old Madam was in high spirits. She looked much better than before, and her face was much redder. "I think weddings should be more lively, too. Regarding Mianmian and Ah Si's wedding, our Mo family can do whatever we want, mainly depending on

our in-laws and Mianmian.

"If Mianmian likes the excitement, let's do it.

"If she doesn't like it, we should be more clear about it. This is a wedding between the two juniors. It's up to them to decide how to hold it."

"Old Madam is right." Father Bai nodded. "No matter what we say, it's just a suggestion. We still have to see what Mianmian and Yesi think."

"Then, what do you think?" Mo Yunchen turned to look at his son.

After Mo Yunchen and Madam Mo divorced, she moved out of the Mo Residence. This time, only Old Madam and Mo Yunchen came forward to attend the wedding..

Chapter 2973: Mianmian Won't Be Wronged

"Mianmian and I both feel that we don't need to invite too many unrelated people to our wedding, It's fine as long as we have the blessings of our family and friends. We plan to keep a low profile." Mo Yesi told them about his and Qiao Mianmian's plans. "Besides, we don't want our wedding to be

broadcasted on the news, so we're not going to invite any reporters.

"We've told Big Brother and Sister-in-law about this, and they agree."

"If we don't invite the reporters or more guests, does that mean that we are just doing it ourselves?" Madam Bai seemed a little unhappy about this.

She wanted a big party.

She always felt that she owed Qiao Mianmian.

Even if she gave her a lot of material compensation, it was still far from enough.

The twenty years of familial ties that had been lost could not be made up for with materialistic compensation.

A once-in-a-lifetime wedding was very important.

Which girl did not want a grand and luxurious wedding?

Back in the day, her wedding had caused a sensation, and countless people were envious.

Back then, the Bai family was not as wealthy as it was now, but Father Bai had never wronged her during the wedding.

Now, the Bai Family could have whatever they wanted, and the Mo Family was wealthy. If they didn't hold this wedding in a more high-profile manner, what if people said that the Mo Family did not value her precious daughter?

Even if outsiders didn't know the situation, Madam Bai did not want others to think that her daughter was leading a bad life.

"Regarding the wedding, you can rest assured, Mom." Mo Yesi was good at reading people's minds. After seeing through her, he assured her. "Mianmian and I just don't intend to invite too many unrelated people, but our wedding won't be shabby.

"I've prepared for this wedding for more than a year. I definitely won't let Mianmian suffer."

"I'm not afraid that you'll mistreat her." Madam Bai looked at her daughter lovingly.

just feel that this is a once-in-a-lifetime event. It should be more lively, and more people should witness your happiness.

"However, since you two have your own ideas, as elders, we can't force you."

"Mom, I don't want unrelated people at my wedding." Qiao Mianmian sat beside her mother and held her arm. She said coyly, "Yesi had the same intentions as you. He wanted to have a lively wedding, but I told him not to invite too many people.

"You said that marriage is a once-in-a-lifetime event. Since that's the case, I should be happy and do whatever I want. I don't think there's anything wrong with that."

"Okay, okay." Madam Bai patted her hand and said dotingly, "Do as you like. I'm just giving you some advice, you can ignore me."

"Who said a wedding can only be held once in a lifetime?" Mo Yesi looked at Qiao Mianmian affectionately. "We can hold it every year as long as you're willing.

"It's not a silver wedding, a golden one, or even a diamond one."

Madam Bai was very satisfied with his words.

She smiled and said, "That's true. No one said that a wedding can only be held once. As long as you're a young couple, you can hold it every year."

“Forget it.” Qiao Mianmian held her forehead, looking like she had a headache, but she smiled sweetly. “That’s too much of a hassle..”

Chapter 2974: Giving Her a House

“You can do whatever you want. I have no objections.” Bai Yusheng was one of the members of the Bai family. His sister was about to hold a wedding, so he had to come too.

He smiled and said, “Besides giving you a big red packet, as your brother, I have to give you a special gift.”

“What special gift?” Qiao Mianmian asked curiously.

“I’ll be the photographer for your wedding video. How’s that?”

“Of course.” Qiao Mianmian said happily, “Brother, you’re a big director. If you shoot the video for our wedding, it’ll definitely be especially good.”

Bai Yusheng was a big director who had won awards for everything he did. The wedding video he filmed would definitely be amazing.

It was a waste of talent for a director like him to film a wedding video.

Only Qiao Mianmian had such treatment.

If it was anyone else, he wouldn’t consider it even if they offered a huge sum of money.

The heir of the Bai family didn’t lack money.

The wedding was settled.

According to the rules, Qiao Mianmian had to return to her parents’ house a few days before the wedding.

Hence, after discussing the wedding, Qiao Mianmian returned to the Bai Residence with her parents.

She was going to stay with her family for a few days this time. Mother Bai was so happy that she couldn’t even be bothered with her husband. She threw Father Bai aside and wanted to sleep with Qiao Mianmian.

At night, the mother and daughter were chatting on the bed.

Mother Bai held her daughter’s hand and sighed. “Mom really hopes that you’re still a young lady waiting to be married. That way, you can stay by Mom’s side for a longer time. You can stay for a few more days this time. Mom is so happy.”

“Mom, I’ll come home to see you often in the future.” Qiao Mianmian gently leaned her head on her mother’s shoulder. “I’ve already discussed it with Yesi. After the wedding, I’ll look for a house near the Bai Residence. When the time comes, I’ll live closer to you.

“In that case, I’ll be able to come home often to accompany you and Dad.”

Mother Bai was shocked. "Mianmian, is what you said true? You and Yesi... want to buy a house near our house?"

"Mm." Qiao Mianmian smiled and nodded. "We'll come back often for food. Just don't find us annoying."

"No, no, how could it be." Mother Bai was so happy that she didn't know what to say. She grabbed Qiao Mianmian's hand tightly, and her eyes were full of joy. "As long as you have time, I can't wait for you to come back for three meals a day.

"I can cook something different for you every day.

"Mianmian, you're not lying to me, right? You're not saying this just to make me happy, right?" This was a huge surprise to Mother Bai. She was afraid that she'd be happy for nothing.

"Why would I lie to you? Actually, I've been looking at houses for a long time. I've taken a liking to a few, but I haven't decided which one to buy yet."

"Alright, alright. Tell me when you decide. I'll pay for the house." Mother Bai was in a good mood and generously offered to give them the house.

The Bai family was located in the wealthy district in the south of Yuncheng City.

The house prices were obvious.

But a mansion that cost hundreds of millions was nothing to Mother Bai.

She and Father Bai prepared a dowry for Qiao Mianmian.

The hundreds of millions worth of luxury cars on the dowry list were just the basic standard. Half of the Bai Corporation's shares were already under Qiao Mianmian's name without her knowledge.

The annual dividends from those shares were like playing with luxury cars..

Chapter 2975: They Were Never Really Together

"Mom, how can we let you buy a house for us? It should be us, the younger ones, buying it for you. We should be filial to you." Qiao Mianmian leaned against Madam Bai and said softly.

Madam Bai was so happy that her eyes formed a straight line. "Good child, I'm satisfied with your filial piety. I don't want anything. I'm happy as long as you and Yesi live happily ever after.

"Oh right, do you know what's going on with your brother?" Madam Bai changed the topic and looked worried. "Wasn't he and Xiao Ya... fine previously? Why did they suddenly break up?"

"I asked your brother, but he refused to tell me the truth. Mianmian, do you know what happened? Did your brother do something wrong to her and hurt her so much that she broke up with him?"

Madam Bai didn't know what Tang Ya had done.

Therefore, when Bai Yusheng told her that he had broken up with Tang Ya, Madam Bai was both worried and upset. She had been upset about it for the past few days.

Her son, who had been single for thirty years, finally found a girlfriend and brought her home. But she had only met his family before they broke up.

Madam Bai thought that she would be able to see her son marry her soon.

She even thought that she might be able to have a grandchild next year.

Bai Yusheng's sudden breakup had a huge impact on her.

"Did your brother tell you why he broke up with Tang Ya?" Hearing her mother's question, Qiao Mianmian knew that Bai Yusheng had probably not told her the truth. Otherwise, she wouldn't think that he had let Tang Ya down.

"Lasked him, and he said that the two of them don't get along, but I don't believe him." Madam Bai was still upset about this. "Mianmian, you must know the reason, right? Tell me, why did they break up?"

"It wasn't easy for your brother to find a girlfriend, but they broke so quickly. I think it's a pity."

Madam Bai was even more worried about what would happen if her son lost his interest in women after this breakup.

'What if he chose to remain single forever?

Qiao Mianmian hesitated for a while.

"Is there something you can't say?" Mother Bai frowned when she saw that Qiao Mianmian was silent. "Did your brother really let her down? If it's his fault, I'll definitely beat him up."

"No, Brother didn't let her down." Qiao Mianmian was afraid that Madam Bai would be upset if she found out the truth, but she also didn't want her to misunderstand Bai Yusheng. After hesitating for a while, she sighed. "Mom, actually.

Qiao Mianmian felt that Madam Bai would find out the truth sooner or later, so she might as well tell her now.

Otherwise, she might even want Tang Ya and Bai Yusheng to get back together.

"What?!" Madam Bai was stunned. "They were never really dated? Mianmian, what do you mean?"

"Tt means that they were not really dating."

Qiao Mianmian thought that since she had already spilled the beans, she might as well tell her mother everything so that she wouldn't have any hopes.

A moment later.

After learning the truth, Madam Bai was shocked, as if she couldn't believe what she had just heard.

"So, Tang Ya got together with your brother because she wanted to take revenge on the Mo Family? Your brother didn't like her, but he dated her to beat her at her own game?"

actually, Brother and Tang Ya... they've never really been together."

Chapter 2976: Her Name Is Gu Sheng

"Mm." Qiao Mianmian nodded. "That's right. So, you don't have to be sad about their breakup."

They had never really been together, nor did they break up.

"So, I was happy for nothing." After knowing the truth, Madam Bai said sadly, "I was still thinking that your brother finally has a girlfriend and there's hope for him to get married. When he gets married, I won't have to worry about his marriage anymore."

"But it turns out that everything was fake. I thought Tang Ya was a very nice girl and told your dad that we could rest assured if your brother was with her. I didn't expect her to be targeting the Mo Family."

"Mom, when Brother has someone he really likes in the future, he'll definitely bring them home for you and Dad to see." Qiao Mianmian held her mother's hand and comforted her gently when she saw how upset she was. "Fate can't be forced. Perhaps Brother's destined person will appear soon."

"At that time, he might just get married quietly."

Madam Bai was not comforted. She sighed with a worried expression. "When he has someone he truly likes, it'll be too late."

"Not at all, not at all." Qiao Mianmian felt that she had to give Madam Bai some hope. After some thought, she lowered her voice and said mysteriously, "I think Brother might already have someone he likes."

Madam Bai's interest was piqued. "Did your brother say something to you?"

"He didn't say anything. However, I saw him arguing with a girl with my own eyes. It seems like their relationship isn't ordinary."

Madam Bai's eyes lit up. "When did you see it? Where did you see it?"

"At a charity banquet."

"Then, did you see the girl?"

"Yeah, I saw her. She's pretty and classy." Qiao Mianmian had a good impression of Gu Sheng and was full of praises for her. "You'll definitely like her."

"You're not lying to me, right? Did you really see your brother arguing with someone?" Madam Bai's mood improved after hearing this, but she was afraid that Qiao Mianmian was just trying to comfort her.

"Mom, I'm really not lying." Qiao Mianmian raised her fingers. "I swear, I really saw it."

"Okay, okay. Why are you swearing? I believe you."

A smile finally appeared on her face, and she did not look as upset as before. "With your brother's character, he won't randomly argue with girls. So, his relationship with that girl is definitely not ordinary."

“Mianmian, do you know that girl’s name?”

Madam Bai couldn’t wait to know the identity of the girl who was close to her son.

“Name? Let me think...” Qiao Mianmian tilted her head and searched through her memories. After a while, she remembered. “I think her name is Gu Sheng. Oh right, I heard she’s a very famous painter.”

“Gu Sheng, a painter...”

Madam Bai secretly remembered this name.

If this girl was really a famous painter, it would be easy to find her.

The day after Qiao Mianmian returned to her parents’ house, Mo Yesi couldn’t hold it in anymore.

According to the rules, both parties were not allowed to meet a few days before the wedding.

Qiao Mianmian was taken care of like a treasure by her parents in the Bai Residence, and she ate and slept soundly, without any discomfort..

Chapter 2977: Even a Cat Can’t Bully My Wife

She’d only been away for a day, but Mo Yesi couldn’t eat or sleep well. He complained to her on WeChat.

Mo Yesi: (Baby, can I see you today? You weren’t around last night, and I didn’t sleep well. I really want to see you now.)

Qiao Mianmian was playing with the cat in the garden. Seeing Mo Yesi’s message, she took a picture of the cat exposing its stomach and asking to be petted.

She sent the photo with the message: [Big Orange has gained weight again. Her face is so round. She’s so chubby and cute.]

Mo Yesi replied with a string of ellipses.

‘A few seconds later, he continued: [Baby, do you only have this fat cat in your eyes?]

Qiao Mianmian: [Of course not. But I think it’s very cute, I want to share it with you.]

‘Mo Yesi: [Your husband is even cuter. I’ve never seen you share it with anyone.]

Qiao Mianmian was speechless.

She could feel the man’s bitterness.

He used to be jealous of humans, but now he was jealous of a cat?

Qiao Mianmian was amused. [Mo Yesi, you’re already so old, are you still jealous of a cat?]

Mo Yesi: (Even a cat can’t bully my wife. Mianmian, I really miss you. I can’t wait to see you on our wedding day. I want to look for you now.)

Sometimes, Qiao Mianmian couldn't take it.

She felt that she and Mo Yesi must have swapped roles.

Normally, women were more clingy. But when it came to her and Mo Yesi, she was the passive one. Mo Yesi was the one taking the initiative.

He was so cold in front of others.

Mo Yesi called her.

'The man said, "I'm going to look for you tonight. Don't sleep too early."

"That's not very nice." Qiao Mianmian held back her laughter and said deliberately.

"What's wrong? I'll look for you later. Just don't let Dad and Mom know."

"But... I think it's better to abide by this custom." Qiao Mianmian didn't care about this custom. She just wanted to tease him.

"I don't care about the customs. Rules are dead, people are alive. I don't care about the customs, I want to see you tonight." Mo Yesi took her words for real and was a little anxious.

"Whether you come out tonight or not, I'll wait for you. If you don't come out tonight, I'll still wait for you."

Qiao Mianmian was speechless.

"If you can bear to see your husband wait outside all night, you can ignore me and pretend I don't exist."

Qiao Mianmian was speechless.

At night.

Qiao Mianmian came out of the bathroom after showering. Madam Bai handed her the cell phone.

"Your cell phone was ringing just now. I think someone sent you a message."

Qiao Mianmian could guess who sent the message.

She took the cell phone and unlocked it. She then clicked on WeChat and saw that Mo Yesi had sent her a few messages.

Mo Yesi: [I'm here.]

Mo Yesi: [My car is parked under a tree on the right side of the gate.]

Mo Yesi: (Baby, I'm waiting for you.)

Qiao Mianmian looked at the last message. It was sent half an hour ago.

She was still showering at that time.

Qiao Mianmian walked to the window.

It was dark at night, but she quickly found Mo Yesi's car under the tree..

'OTE 1 left

Chapter 2979: Acting Pitiful

No wonder the car he saw outside looked familiar.

He knew it. Mo Yesi couldn't wait to hang his sister on him. How could he really not see her for a few days?

Tsk tsk.

It was only the second day, and he couldn't take it anymore.

Mo Yesi was really a weirdo.

He was cold to everyone and didn't care about anything, but he fell for a woman.

Most importantly, this guy used to be so distant from women that everyone in the industry thought that he had a problem with his sexual orientation.

Back then, who would've thought that he'd fall for a woman like this?

He was practically obsessed with her.

If Mo Yesi was with another woman, he would definitely laugh at him for being a slave to his wife.

But Mo Yesi married his sister.

Bai Yusheng was happy to see this happen.

Qiao Mianmian walked out of the villa and saw Mo Yesi's car parked under a tree not too far away.

She walked over.

The lights in the car were on, and the window was half-open. The man was sitting in the driver's seat, and the light yellow light shone on his handsome face. His three-dimensional and deep facial features were so beautiful that her heart raced. Even though she'd seen this face countless times, Qiao

Mianmian's heart would still flutter every time she saw it.

It was like their first meeting.

She thought that she would still be the same even after 10, 20, or 30 years.

It was as if they had telepathy.

Qiao Mianmian had just walked over when the man in the car suddenly turned around. Seeing her standing outside the car, the man's good-looking lips curled up slightly, and his deep black eyes revealed a faint smile.

"knew you couldn't bear to let me wait for you all night." The man smiled and said firmly.

It was as if he'd expected Qiao Mianmian to come out.

He opened the door and got out of the car. He then walked over and pulled her into his arms.

A familiar scent wafted over.

Qiao Mianmian leaned against his chest and wrapped her arms around his slender waist. "What if I didn't come out, were you really going to wait outside the whole night? Would you be angry with me?"

"No." In a good mood, Mo Yesi looked down at his wife and said, "I was the one who wanted to wait, how could I be angry with you? But now that you're out, I'm very happy.

"This means that you can't bear for me to really wait outside for the whole night."

Qiao Mianmian couldn't bear it.

Hence, she didn't deny his words and said with a smile, "Then, I'm out now. You've seen me. Can I go back now?"

She then tried to push him away.

Mo Yesi grabbed her hand and kissed it. He opened the car door and said, "Not now, you have to eat supper with me. I haven't eaten dinner, I'm so hungry now."

"You didn't eat dinner?" Qiao Mianmian frowned. "Why not?"

Mo Yesi picked her up horizontally and carried her to the front passenger seat. He bent down and kissed her cheek. "Without you around, I have no appetite. I can't eat anything."

Qiao Mianmian was speechless.

The man sounded aggrieved.

"Now that you're out, you should at least eat with me before going back. You can't bear to see your husband go hungry, right?"

Qiao Mianmian was speechless.

He was obviously acting pitiful.

Who said that only women would play tricks on such trivial matters?

A man like Mo Yesi would too.

If she rejected him, wouldn't she appear heartless?

Chapter 2978: What Friend Is Looking for You So Late?

He was really waiting outside.

Qiao Mianmian didn't doubt that Mo Yesi would really wait outside all night if she didn't go out.

She couldn't possibly let him wait outside all night.

"Mom, I need to go out," she said as she looked out of the window.

"You're going out now?" Madam Bai looked at the time and was shocked. "It's already so late, where are you going?"

“Mo Yesi is here.” Qiao Mianmian didn’t hide it from her. “He’s waiting for me outside, I have to see him.”

“So, he was the one who sent you the message?”

“Mm.”

“This child.” Madam Bai laughed. “It’s only the second day, and he can’t hold it in anymore. I knew he’d come to look for you secretly, but I didn’t expect him to be unable to hold it in after only a day apart. This is a little surprising.”

Women had always been the ones clinging to men.

Her son-in-law was an exception.

No matter how she looked at it, her son-in-law cared very much about her daughter.

They’d only been apart for a day, and he couldn’t help but look for her.

Even a couple in their honeymoon period wouldn’t be so clingy.

This son-in-law was chosen by her daughter. Previously, Madam Bai was still worried, but now she could rest assured.

She thought that her daughter wouldn’t be able to control this outstanding son-in-law. She was afraid that she would lose out in the future. It seemed like she was overthinking.

It was rare for her to have such an outstanding son-in-law. He was obviously being controlled by her daughter.

Madam Bai smiled gently at her obedient and adorable daughter. She patted Qiao Mianmian’s head and said, “Go on, you don’t have to come back tonight. You can come back tomorrow morning.”

Madam Bai had been through this before. Of course, she wouldn’t force her daughter to abide by any rules and prevent her from meeting her son-in-law.

She didn’t care about the rules.

As long as her daughter and son-in-law had a good relationship, it was most important to have a good life.

Qiao Mianmian was a little stunned by her words. “I don’t have to come back tonight?”

“Come back if you want to, and don’t come back if you don’t want to.” Madam Bai smiled. “Although there are rules, you don’t have to follow them. You can choose not to come back tonight, but you have to come back tomorrow morning.”

“I still have to do what I have to do.”

“Alright, go look for Yesi.” Mother Bai patted her head again, her eyes full of affection. “Don’t let him wait too long.”

Qiao Mianmian left in her pajamas.

When she reached downstairs, she bumped into Bai Yusheng, who had just returned.

“Brother.” Qiao Mianmian greeted him obediently.

Bai Yusheng nodded. Seeing that she was about to leave, he reached out and grabbed her. “It’s so late, where are you going?”

“I-I’m going to see a friend.” Qiao Mianmian didn’t have to hide anything from Madam Bai, but she was a little embarrassed to say it to her brother.

“A friend?” Bai Yusheng narrowed his eyes. “What friend is looking for you so late?”

He recalled that when he came back, he saw a car parked by the gate.

That car looked familiar.

“Mm, it’s just a friend. I’m not talking to you anymore. My friend is still waiting for me outside. I have to go out.” Afraid that Bai Yusheng would get to the bottom of it, before he could continue asking, Qiao Mianmian pushed him away and ran out.

“Why is this girl being so secretive?” Bai Yusheng saw that Qiao Mianmian had run off and was worried about her going out so late. He was about to follow her to see who she was going to meet when he suddenly realized something..

Chapter 2980: The Wedding Day

Mo Yesi kept his word.

He said that he would send Qiao Mianmian back to the Bai Residence after supper, and he really did.

This was out of Qiao Mianmian’s expectations.

She smiled and said, “I thought you wouldn’t send me back.”

She didn’t expect him to be so self-aware.

Mo Yesi smiled and unbuckled her seatbelt. “I don’t want you to go back, but you still have to follow the rules. Otherwise, Father-in-law and Mother-in-law will think that I don’t respect you enough.”

“Do you care what they think?”

“Of course, I do.” Mo Yesi said seriously, “They’re my parents-in-law, your parents. If I don’t care about them, won’t you have something against me?”

“Then... I’ll go back?” Although Madam Bai said that she didn’t have to come back tonight, Qiao Mianmian still felt that she had to follow the rules.

She and Mo Yesi didn’t lack these few days, and she valued ceremony.

“Mm.” Mo Yesi let go of her and stroked her head. “Go back. But you have to leave me something. Otherwise, I won’t be able to sleep well tonight.”

“Leave you something?” Qiao Mianmian blinked. “Leave what?”

Mo Yesi thought for a while. "Anything you want."

"A personal item?" Qiao Mianmian searched her body and took off the headband on her wrist. She showed it to him and asked, "Is this alright? My headband."

Mo Yesi took it and put it on. "Of course."

"Then, I'm leaving?" Qiao Mianmian felt like she was being unreasonable.

He was someone she could see every day, someone who she slept with on the same bed every night.

But now, she couldn't bear to leave him.

She used to think that Mo Yesi was clingy, but... she didn't seem any better.

"Alright. Good night, Baby." Mo Yesi hugged her and planted a soft kiss on her lips.

For the next two days, Mo Yesi didn't look for her again, perhaps because of her headband.

It was the day of the wedding.

As the wedding was held on a small island overseas, the Mo and Bai families set off a day earlier and arrived on the island the day before the wedding.

Besides the Mo and Bai families, Father Qiao was also invited.

Jiang Luoli didn't invite anyone. Ever since she was betrayed by her biological parents, Jiang Luoli didn't have much contact with them.

Such parents were nothing to her.

She would provide alimony according to the law, but that was all she could do.

Besides basic alimony, she had nothing else to do with them anymore.

As for friends, besides Qiao Mianmian, Jiang Luoli didn't have much of a relationship with anyone else in university. Qiao Mianmian was also holding her wedding on the same day as hers, so she didn't even have to invite friends.

As the brides, they naturally arrived at the island a day earlier to prepare.

Qiao Mianmian had already been to the island once, but it was Jiang Luoli's first time.

She was very excited.

She held Mo Shixiu's hand and familiarized herself with the island. She kept exclaiming at the beautiful sights. "Wow. Mo Shixiu, the scenery on this island is so beautiful."
