

## Big Shot 2981

### Chapter 2981: Just Buy It for Her

“This sea of flowers is too beautiful.

“Wow, there’s actually a castle here, and it’s even a white castle. The castle in the fairy tales I read when I was young was white. I didn’t expect the real white castle to be so beautiful.

“[ think I saw a deer. Am I seeing things?

“Mo Shixiu, Mo Shixiu, look, there’s a group of white horses here. Look at how beautiful they are. Their fur is white and shiny. Can I touch them?

“Mo Shixiu, Mo Shixiu...”

Jiang Luoli was like a little kid entering an amusement park for the first time. She found everything interesting.

Mo Shixiu followed behind her and looked at her jumping around like a child. He reached out and pulled her back. “Slow down, don’t run too fast, or you’ll fall. I didn’t expect you to like this place so much. It seems like I have to bring you out often in the future.”

“This island is really beautiful.” Jiang Luoli turned around, her eyes sparkling as she smiled happily. “I used to think that such a beautiful place would only exist in fairy tales, but it turns out such a place exists in reality.

“My childhood dream was to live in such a place for the rest of my life.”

“Is that so?” Mo Shixiu smiled gently and slowly walked to her side. He reached out and touched her head. “Ah Si has already bought this island, but we can pick a similar one.”

Jiang Luoli was speechless.

Did he mean what she thought?

Mo Shixiu patted her head again and held her hand as they slowly walked forward. “When the time comes, we’ll buy whichever island you like. It’s not realistic to live on the island for the rest of our lives, but we can fly there every year for a period of time as a vacation.”

He sounded as if he was talking about buying an island. Jiang Luoli was stunned.

Even though she knew how rich the Mo family and her husband were, she was still a little surprised by how casual he spoke about buying an island.

“Buy... buy a small island?”

“Mm, don’t you like it?” Mo Shixiu’s eyes were gentle. “Ah Si bought this island because Sister-in-law likes it. If you like it too, I’ll buy you a small island too.”

Jiang Luoli asked, “But isn’t it very expensive?”

This wasn't a car or a house.

This was a small island.

Mo Shixiu said, "It's nothing compared to your liking."

Jiang Luoli was speechless.

Alright, she was elated.

"It's fine as long as you have this intention." She smiled and said virtuously, "But I don't need you to buy me an island. That was my dream when I was little. But my thoughts have changed.

"As long as you and Yueyue are by my side, I can live anywhere."

Mo Shixiu knew her personality, so he didn't mention buying her an island again.

He could just buy it and give it to her.

He could tell that she liked it a lot. She said she didn't need it because she couldn't bear to spend his money.

Mo Shixiu could understand.

The Jiang family wasn't very well-to-do, and they valued boys over girls. She'd grown up in such a family, so her finances must be tight. Hence, she'd developed the habit of saving money from a young age.

It wasn't realistic to change her mind so quickly.

He could only slowly change her spending habits..

### **Chapter 2982: I Don't Want Anyone Except Shen Xin**

"Sister, time flies." On the other side of the island, Qiao Chen looked at the waves and couldn't help but sigh. "In the blink of an eye, you're already married and I'm in university. It feels like a dream."

There were only the siblings here.

Qiao Mianmian hadn't talked to Qiao Chen alone in a long time.

She also hadn't seen him in a long time.

After Qiao Chen went to university, he didn't return to Yuncheng City except for the winter and summer holidays.

Qiao Mianmian heard from Mo Yesi that besides managing his father's company, Qiao Chen had also established his own company in university.

In less than half a year, it had reached a certain scale.

Of course, Mo Yesi helped.

But he didn't help much.

The company was able to start from a loss in the beginning to a profit in a month and then earn more than 10 million in half a year. It was basically all Qiao Chen's doing.

Mo Yesi admired his cousin and brother-in-law very much. He had praised Qiao Chen more than once in front of her, saying that he was young and promising and had a good mind in business management.

Qiao Mianmian was also proud of her brother's excellence.

She'd always felt that Qiao Chen was especially smart since he was young, and she firmly believed that he'd be able to achieve something in the future.

Now, looking at her brother, who was a head taller than her, Qiao Mianmian felt very emotional.

Who said so?

Time flew.

"Sister, you and Brother-in-law have such a good relationship, and Brother-in-law has always pampered you. I'm so envious of you." The once inexperienced young man had already transformed into a handsome young man with a steady temperament and firm eyes. Compared to the stunningly handsome young man in the past, he was more attractive now.

This was the Mo family's unique aura.

'Mo Yesi had it, Mo Shixiu had it, and now Qiao Chen had it too.

In the past, Qiao Chen was good-looking, but he was the type that people could get their hands on.

There was something in his eyes that no one dared to approach.

No one who saw him would think that he was a good person.

Of course, Qiao Mianmian would never be included.

In her eyes, no matter how powerful Qiao Chen became in the future, he was still that brat who would follow her around and ask for candy.

Qiao Mianmian could tell something from Qiao Chen's words. She looked at her confused brother and placed a hand on his shoulder. "Chen Chen, are you and Shen Xin alright?"

"You're an adult now, I shouldn't ask too much about your relationship. But you've been entangled with Shen Xin for so long, don't you want to let go?"

"Sister, besides Shen Xin, I don't want anyone else." Although Qiao Chen's eyes were confused, his voice was firm. "Unless she gets married one day and finds a very good husband and has a very happy family. Otherwise, I won't let her go."

"You..." Qiao Mianmian wanted to say something, but in the end, she sighed. "Your brother-in-law told me that all the men in the Mo family are loyal and devoted. It seems like it's true."

'Mo Yunchen's feelings for Tang Wangiu had always been there. If he hadn't had to fulfill his obligations, he would definitely have chosen to marry her.

And Qiao Chen's father.

### **Chapter 2983: What Should I Do?**

Some things were probably printed in the genes.

'The men of the Mo family were genetically devoted.

If that was the case, Qiao Mianmian was really worried about Qiao Chen.

Although he said that he would let go when Shen Xin got married, could he really do it?

What if he couldn't let go of this relationship?

Qiao Mianmian could understand why Madam Bai was so worried about Bai Yusheng's marriage.

She was also worried about Qiao Chen's marriage.

"Chen Chen, if you really want Shen Xin, then you have to work hard to fight for your future." Qiao Mianmian knew that it wasn't realistic to persuade him to give up on Shen Xin now, but if Qiao Chen really only wanted her, as his sister, she still wanted to help him. "Whether your relationship succeeds depends on Shen Xin. Do you know what Shen Xin's feelings for you are now?"

"Shen Xin's feelings for me?"

In the past, Qiao Chen was sure that Shen Xin liked him and was obsessed with him.

But now.

Ever since Shen Rou's incident, the Shen family had become even more hostile towards the Mo family. Shen Xin's attitude towards him had also become noticeably colder.

Qiao Chen could feel that she was trying to distance herself from him.

He was from the Mo family.

The Shen family now hated the Mo family. They felt that the Mo family was the reason why they were in such a terrible state.

Shen Xin's parents would definitely not allow her to interact with him.

He'd hurt Shen Xin before.

He couldn't read her mind at all.

It was also because of this that he became more and more afraid.

He was afraid that Shen Xin would really let go of him and lose all feelings for him.

Then... he wouldn't have a chance anymore.

"I don't know." After a moment of silence, Qiao Chen said sadly, "She's very cold to me now and won't talk to me."

Qiao Chen felt bad when he thought about her coldness.

"Is she only cold to you, or to others?" Qiao Mianmian wanted to analyze it for her brother.

"She's only like this to me." Qiao Chen smiled bitterly. "She's good to everyone else. She talks and laughs with everyone, but when she sees me, she becomes very cold."

"Sister, I think she must hate me." Qiao Chen looked hurt.

"You think she hates you because she's cold to you?"

"What if I said that she might still like you?" Qiao Mianmian summarized her experience. "Being cold to you alone might not equate to hatred. I think she just doesn't want to give you hope."

Qiao Chen's eyes lit up. "Sister, do you think Shen Xin doesn't hate me?"

"Because of the current relationship between the Shen and Mo families, she has to alienate you and be colder to you. Chen Chen, you're a member of the Mo family. Her parents definitely won't let you two be together. Shen Xin knows this too, so she can't be with you."

"So, Shen Xin might still like me?" Qiao Chen's eyes shone.

Qiao Mianmian nodded. "You said that she liked you for a few years. Her feelings can't be gone so quickly."

Her words rekindled hope in Qiao Chen. The look in his eyes changed, and his loneliness vanished. He grabbed Qiao Mianmian's hand agitatedly.. "Sister, then tell me, what should I do?"

#### **Chapter 2984: Surpass Any Other Movie in History**

"You think there's still hope for Shen Xin and me to be together, right?"

"If she still likes you, as long as you're both firm enough, there's still hope.

"But this depends on Shen Xin's choice. If she's willing to fight for you with her parents, you'll still have hope."

The light in Qiao Chen's eyes faded.

"So, it still depends on Shen Xin's attitude?" He lowered his eyes and murmured, "No matter how I fight for it, if she decides to alienate me, we still have no hope of being together.

"How could she go against her parents for me? She's an obedient and sensible girl, and she's very filial to her parents. She's alienated me because of her parents, so how could she fight for me with them?"

"Then, if your positions were swapped, would you be willing to fight for her?"

"I would," Qiao Chen replied without hesitation.

Qiao Mianmian smiled and asked gently, "So, how can you be sure that she's unwilling?"

Qiao Chen was stunned and confused. "Then, then, what should I do? She turns around and leaves the moment she sees me. She ignores me when I talk to her. She treats me like air."

"You can only be a little more thick-skinned." Qiao Mianmian wasn't that much more experienced in love herself, but she tried to impart her experience to her brother. "Don't care how she treats you. Just stick to her and chase her."

"But the premise is that you have to find a way to confirm her feelings for you. As long as she still likes you, you have to do as I say."

"Chase her the way she chased you. You can't be inferior to a girl in this aspect."

Qiao Chen thought for a while and looked up with a smile. "Sister, I know what to do."

"Oh, right. Sister, your movie was released today. I haven't congratulated you on the box office sales. Many of my classmates went to watch the premiere in the morning and told me that the ticket prices were very worth it, especially the second female lead role you played. They all felt that you were amazing and that you acted very well."

"Sister, I think your movie is going to be a hit."

Just as Qiao Chen said, Qiao Mianmian's part in "Phoenix in Flight" as the second female lead was really popular.

The premiere collected close to 200 million yuan.

The total box office earnings on the first day of screening reached over 400 million yuan.

This number shocked everyone in the industry.

It wasn't that there hadn't been any movies with high box office earnings in the past, but if a movie could have a box office of a billion yuan from the day it was released to the day it was taken off the shelves, it would be considered a very good result.

What did it mean for "Phoenix in Flight" to earn 400 million yuan on the first day of its release?

This meant that the box office results of this movie would surpass any other movie in the past, and it would definitely crush them.

Qiao Mianmian's second female lead role received unanimous praise. Many netizens said that the one who left the deepest impression on them wasn't the male lead or female lead, but the second female lead.

In the last scene, Qiao Mianmian was wearing a red dress. Her black hair was let down, and she was looking up at the sky with tears in her eyes.

### **Chapter 2985: Celebration Party**

The next day, the crew held a celebration party.

Besides Qiao Mianmian, who was holding a wedding overseas, the other main actors attended the celebration party.

At the celebration party, after they praised the movie's results and the actors' acting skills, then it was finally the reporters' Q&A session.

The reporters were prepared.

The first reporter raised a sensitive topic. The actor she asked was Shen Fei. "Sister Fei, we now know that 'Phoenix in Flight' has achieved very good results. Sister Fei's performance in this movie is also rather outstanding. It left a deep impression on us.

"The audience has a lot of discussions about Sister Fei's character. However, the current trending topic is that Qiao Mianmian, the second female lead, is more popular than you. The audience seems to have a deeper impression of her as the second female lead. I wonder what Sister Fei thinks about this?"

This question was a little unfriendly.

If Shen Fei didn't answer well, it would be her being jealous of the second female lead.

If she acted too casually, others would say that she was pretending not to care.

Hence, after the reporter asked this question, the director on stage frowned as if he was dissatisfied with the reporter's question.

Shen Fei smiled and thought for a while before replying, "If I say that I'm glad, I wonder if people will think I'm hypocritical. Whether you think so or not, I feel hypocritical myself."

She paused for a few seconds, and the reporters laughed.

"Alright, I admit that I'm a little envious, but I'm not jealous.

"I could already foresee Mianmian's excellence. I saw her potential and capability on the day of the audition. I knew that her excellence would be discovered sooner or later and admired. She's young, beautiful, smart, and humble. I really like her.

"I don't think it's a big deal to be outdone by a junior I like and admire. On the contrary, I feel that this is another form of motivation for me. Many of us old foxes don't have the drive to work hard anymore. But if a junior who's more outstanding than me appears and is always driven by others to compete with me, my drive will be triggered immediately.

"You all know that women love to compare, no matter what."

The crowd burst into laughter again.

But it was all friendly laughter.

Shen Fei winked at the reporters and said cheekily, "So, feel free to compare us. I don't mind.

"Maybe then, I can get an international Best Actress next year or the year after."

The reporters were amused again.

Shen Fei was indeed Shen Fei.

She teased them like this.

It was so easy.

"Then, Sister Fei, do you know that Qiao Mianmian is holding a wedding overseas today?" another reporter asked.

Shen Fei nodded. "Of course."

"We all know that Sister Fei seems to have a good relationship with Qiao Mianmian in private. Didn't she invite you to her wedding?"

"No, we've discussed this before. In the end, she decided to come back and invite me for a meal." Shen Fei smiled and said, "Her wedding is set to be on the day the movie is released. I'm the female lead, and she's the second female lead.. If I attend her wedding, won't the two main actresses be missing from the celebration party?"

### **Chapter 2986: But I'm So Nervous**

The wedding was taking place on the island.

Qiao Mianmian got up at 5 AM to do her hair and makeup.

Her best friend, Jiang Luoli, was sitting in the dressing room with her.

The two brides obviously hadn't slept well. Qiao Mianmian had just yawned, causing Jiang Luoli to also yawn.

"I'm so tired." Jiang Luoli complained lazily. "Mianmian, why do you have to wake up so early to do your makeup? Can't you let us have enough sleep before doing it?"

Qiao Mianmian was amused. "Of course not. We'll do it when we've had enough sleep. I think the wedding will be held tonight."

"Isn't it good to hold it at night? I think it's rather unique." Jiang Luoli joked. "Everyone else does it in the day, but we're doing it at night. Don't you find it interesting?"

"I don't have any objections. I can do it either way. But I don't know if anyone else has any objections."

Jiang Luoli smiled and asked, "Mianmian, are you nervous?"

Qiao Mianmian thought for a while and replied honestly, "A little."

“Me too.” Jiang Luoli bit her lip and took a deep breath. “When I think about going out later, with so many people watching, I’m so nervous. I think this wedding is completely different from what I imagined.”

“What’s different?” Qiao Mianmian asked curiously.

Jiang Luoli pursed her lips. “I thought that weddings were easy. But I’m so nervous now. I feel even more nervous than when I took the college entrance examination. I’m so afraid that I won’t perform well later.

“I didn’t sleep all night. I don’t know what I’m excited about.

“We’ve already registered our marriage for so long, why are we still so nervous about a wedding?”

“It’s probably because every girl takes their wedding very seriously?” Qiao Mianmian helped her analyze it. “Moreover, registering the marriage and holding a wedding are two different matters. You’re not the only one nervous, I’m nervous too.”

“But you seem very calm.”

But Qiao Mianmian was really nervous.

Although it wasn’t as exaggerated as Jiang Luoli, she was still nervous.

Moreover, she didn’t sleep much last night.

She didn’t know why she was so excited.

She was probably looking forward to this once-in-a-lifetime ceremony.

‘When everything was ready, Bai Yusheng and Qiao Chen opened the door of the dressing room and went in to support the brides.

Jiang Luoli and Qiao Mianmian didn’t get any bridesmaids.

Especially on Jiang Luoli’s side, there wasn’t even a parental family. Qiao Mianmian and Qiao Chen discussed it, and Qiao Chen would bring Jiang Luoli up on stage and hand her over to Mo Shixiu.

On Qiao Mianmian’s side was Qiao Ruhai, her adoptive father, and Father Bai, her biological father. She felt that it wasn’t good to choose either one, so she chose her brother, Bai Yusheng.

### **Chapter 2987: The Wedding Starts**

The door opened, Bai Yusheng and Qiao Chen walked in.

Both of them were handsome men. One was calm and elegant, while the other was graceful and elegant.

These two outstanding men were Qiao Mianmian’s brothers.

Moreover, she had an even more handsome husband.

Qiao Mianmian was really... a winner in life.

Qiao Chen walked in. The young man wasn't old, and even though he'd been through a lot, he still couldn't control his expression when he saw his sister in the wedding dress. He stood at the door, his eyes fixed on Qiao Mianmian.

He was dumbfounded.

Bai Yusheng had seen big scenes before, so he was much calmer.

But when his gaze landed on Qiao Mianmian, his gaze lingered still longer than usual.

"What? You grew up with your sister and saw her every day. Are you still stunned?" Bai Yusheng patted Qiao Chen on the shoulder and smiled, causing the latter to snap out of his daze.

The young man's eyes were bright as he pursed his lips. "That's different. Sister is especially beautiful today, like a fairy."

"Mm, she's indeed especially beautiful today." Bai Yusheng smiled gently as he walked towards Qiao Mianmian and praised her sincerely. "Mianmian, you're especially beautiful today. No wonder people say that the most beautiful day for a girl is the day she wears a wedding dress. This saying isn't wrong at all.

"Miss Jiang is also ridiculously beautiful today." He praised his sister but didn't forget Jiang Luoli.

Girls should be praised together.

Jiang Luoli smiled. "Thank you. Director Bai is especially handsome today."

Bai Yusheng was good-looking.

Just like the Mo family, the Bai family had both the genes of a handsome man and a beautiful woman. Bai Yusheng was dressed especially formally today. He was in a high-end suit and had a bow tie. He looked elegant, noble, and very attractive.

Although Jiang Luoli already had a handsome husband, that didn't stop her from admiring other handsome guys.

"And Chen Chen." Jiang Luoli sized Qiao Chen up from head to toe and couldn't help but exclaim, "My son has just grown up. When I first met Chen Chen, he was still a young man. Why do I feel like he became a domineering CEO in the blink of an eye?"

"Domineering CEO?" Qiao Chen's lips twitched. He felt that this wasn't a good adjective. "Sister Luoli, what do you mean by domineering CEO?"

Jiang Luoli grinned. "I'm just praising you. Ask your sister if you don't believe me."

Qiao Mianmian was speechless.

She'd seen too much of Jiang Luoli.

Everyone was a domineering CEO.

'When she first met Mo Yesi, she also said that he was a domineering CEO.

Qiao Chen's lips twitched again as he touched his nose. "It's about time, shouldn't we bring the bride out? I think Brother-in-law and Brother Shixiu can't wait anymore."

"Mn, it's time to bring the brides out."

On the beach, the waves gently hit the rocks.

All the world-class musicians were gathered here just for the best wishes of the brides and grooms.

The path to the wedding venue was filled with red and white rose petals.

Red represented love and passion.

White represented loyalty.

### **Chapter 2988: You're So Lucky**

Mo Shixiu and Mo Yesi stood on the stage in their white suits, looking in the same direction, waiting for the brides to appear.

A moment later, someone exclaimed happily, "Ah, the brides are out."

Everyone looked in the same direction.

In the forest not far away, two stunningly beautiful brides were carefully helped out by two outstanding men.

At that moment, they seemed to see elves running out of the forest.

One of the two brides was elegant and beautiful, like an otherworldly fairy.

The other was beautiful and had lovely facial features.

They were both stunning and unforgettable beauties.

But the two of them were such outstanding friends, and they were even married to the Mo brothers. This was a blessing that many people envied.

Everyone thought that Mo Shixiu and Mo Yesi would marry ladies from prestigious families.

But in the end, Mo Shixiu, who was once chosen as the nation's Prince Charming, married an ordinary girl with an ordinary family background.

Although Mo Yesi's wife, Qiao Mianmian, had been acknowledged by the Bai family and her background matched Mo Yesi's, she hadn't been found by the Bai family when Mo Yesi married her.

Back then, she was just like Jiang Luoli.

Both of them were real Cinderellas.

They married outstanding princes and were leading blissful lives.

“Gosh, my baby is so beautiful today.” Mother Bai’s eyes welled up when she saw her daughter in a wedding dress and holding a bouquet of flowers.

“Yes, Mianmian is very beautiful today.” Father Bai sighed. “Time flies. In the blink of an eye, our daughter is getting married.”

“Sigh, I really can’t bear for Mianmian to get married so early.” Mother Bai wiped her tears, looking both happy and a little sad. “I wanted her to stay by my side for a few more years. But seeing how happy she is now, and how well Yesi treats her, I’m happy for her too.”

Father Bai held his wife’s hand and wiped her tears. He smiled and said, “Didn’t you tell me that Mianmian and Yesi are planning to buy a house near us? By then, it’ll be rather convenient for you to see your daughter.”

“That’s right, but they’re living their own lives. How can we elders get involved? I just hope that Mianmian can give birth to a grandchild for me soon. That way, I can help take care of him in the future.”

Old people loved excitement.

Mother Bai was no exception.

Qiao Mianmian was married, and Bai Yusheng wasn’t home every day. Even with her husband accompanying her, she couldn’t help but feel lonely sometimes.

It would be so much more lively if a child was at home.

In the first row.

Wearing a red Tang suit, Old Madam smiled when she saw her two beautiful granddaughters-in-law walking out. She turned to Mo Yunchen and said, “Yunchen, you’re so lucky. Your two daughters-in-law are as beautiful as flowers.

“Seeing these two girls, I suddenly remember my grand wedding with your dad. Our wedding was also held by the sea, and the weather was so good that day. It was bright and sunny

## **Chapter 2989 Regret**

Back then, she was only in her early twenties.

She was a young girl who had fantasies about love and was passionate about life.

Although she was living a blissful life and had gotten the love she wanted, she was still passionate about life.

But time passed so quickly.

In the blink of an eye, her two sons were already married and had a family.

She was really old.

“Yunchen, have you been in contact with Wenpei recently?” Old Madam still felt a little regretful on such a joyous day.

It was said that everything would prosper if the family was harmonious, but her eldest son and eldest daughter-in-law were divorced.

Although Old Madam was unhappy with Madam Mo, she didn’t want a happy family to end up in a divorce.

Moreover, she knew her eldest son’s personality too well.

Now that he was divorced, he wouldn’t look for her anymore.

Old Madam didn’t want her eldest son to grow old alone. It didn’t matter whether they were men or women, they had to have someone by their side. Otherwise, it would be too pitiful to grow old alone.

Mo Yunchen froze for a few seconds when Old Madam mentioned Madam Mo.

“She called yesterday.”

“Oh? What did she say?”

“She just asked about the wedding.”

Old Madam sighed. “Wenpei was in the wrong, and she almost made a huge mistake. But I think she must be sincerely regretful now. If she hadn’t taken things too hard and insisted on going against Luoli and Mianmian, you and she wouldn’t have ended up like this.”

Mo Yunchen pursed his lips and kept quiet.

“In my opinion, if she really recognizes her mistake and is willing to change, shouldn’t we give her a chance?” Old Madam saw Mo Yunchen’s reaction and continued, “It’s not like you should remarry her, but you don’t have to be strangers anymore.

“Yunchen, she’s been married to you for over 20 years, and she even gave birth to two children for you. She’s in the wrong, but she doesn’t deserve to die alone,” Old Madam said earnestly.

Madam Mo sat on the sofa with a hint of drunkenness in her eyes and a glass of red wine in her hand. Her eyes were red as she pulled a housemaid beside her and choked.

“Today is Shixiu and Yesi’s wedding, but as a mother, I’m not qualified to attend.

“Do you think I’m pathetic?”

‘m not even qualified to attend my sons’ wedding.”

“Madam, don’t drink anymore.” The housemaid looked at her worriedly. “You’ll get drunk if you continue drinking.”

“It’s good to be drunk. I want to be drunk.” Madam Mo’s eyes were filled with tears as she said sadly, “I won’t be as sad if I’m drunk. Do you know that Yunchen used to love

me the most, and Yesi and Shixiu were very filial to me? I’ve been very happy ever since I married into the Mo family.

“Although Old Madam doesn’t love me very much, she has never upset me.

‘ve lived a carefree life in the Mo family for over 20 years. Everything was wonderful...

it wasn’t until later when Yesi and Shixiu got married to ordinary women that I became dissatisfied.

“My sons are so outstanding, how could they marry women from ordinary families? I couldn’t accept it. I hoped they could find me daughters-in-law of equal status.” As

Madam Mo spoke, tears flowed out..

### **Chapter 2990 Especially... Attractive to Qiao Mianmian**

“I hoped the Mo family could get better. I did that for their own good...

“Was I wrong? I was thinking for them, but why did everyone blame me and say that I was wrong?” Tears rolled down her cheeks. “Tell me, was I really wrong?”

“I have nothing now. My husband, my two sons...”

“Madam.” The housemaid couldn’t bear to see Madam Mo cry every day. She squatted by her feet and comforted her gently. “You did that for the good of the two young masters, but you might have used the wrong method.”

“I used the wrong method?” Madam Mo blinked. She was already 50% drunk. “How did I use the wrong method?”

The housemaid thought for a while before replying seriously, “I’ve heard a saying in the past. A person likes bananas, but you bought him a lot of apples. You even picked the

biggest and most expensive ones for him. But he likes bananas. No matter how many good apples you buy for him, he won’t like them.

“You’re so nice to them, just like how they like bananas, but you buy them lots and lots of apples.

“Your kindness isn’t what they need. It might even... bring them a lot of trouble.”

Madam Mo was stunned.

“Actually, you might think that bananas aren’t as good as apples. But to the two young masters, what suits them and what they like is the most important. If you insist on

forcing them to change their minds, they will naturally reject you and even leave you.”

“Banana, apple...” Madam Mo was stunned for a long time.

“Madam, don’t drink anymore. I’ll cook some hangover soup for you in the kitchen, alright?” The housemaid took the wine glass from Madam Mo and placed it on the coffee

table. “You didn’t eat anything for lunch. I’ll get someone to cook some porridge and some refreshing side dishes. No matter what, you have to protect your body.

“The two young masters are your biological children. As long as Madam can think things through and change your original thoughts, and then show your sincerity to make it up to them, they will forgive you sooner or later.”

The maid got up and left.

Madam Mo sat on the sofa in a daze and thought about what the maid had just said.

On the Island.

Qiao Mianmian thought that she was the only one nervous about the wedding, but when she was led by Bai Yusheng to her groom, and he held her hand tightly, Qiao

Mianmian realized that this seemingly calm man was no different from her.

The man’s palms were sweaty.

As soon as he held her hand, Qiao Mianmian felt a warm breath coming from his palm.

Qiao Mianmian looked up at him in shock.

The man’s side profile was so handsome. It was still the same as the first time she saw him. His eyes were deep, his nose bridge was high, his lips were thin and beautiful,

and the contours of his face were distinct.

He was different today.

He was especially... attractive to Qiao Mianmian.

He was wearing a white tuxedo and a bow tie. His hair was all combed up.

Without the hair covering his forehead, his beautiful eyes were exposed..
