

Big Shot 3011

Chapter 3011 A Small Gift Worth Tens of Billions

A gift from the Mo family couldn't be considered small.

"Keep it." Mo Yesi crossed his legs elegantly and picked up a cup of freshly brewed coffee. He took a sip and smiled. "This is the Mo family's rule. Sister-in-law was also rewarded for her pregnancy."

Qiao Mianmian hesitated for a while before taking it. Inside the briefcase were a bunch of property transfer agreements for luxury cars, shops, and even an office building with more than 30 floors!

Qiao Mianmian looked at the documents in a daze.

This was a small gift?

Gifts that she knew and the Mo family knew seemed too different.

The difference was like heaven and earth! She roughly estimated that the gift Old Madam prepared for her was at least tens of billions. A small gift worth tens of billions...

Qiao Mianmian's feelings were indescribable.

"Grandma..." She felt her hand burn as she held the documents worth tens of billions. "Isn't this gift a little too expensive?"

Although she had been married to Mo Yesi for a few years and was even pregnant now, she still couldn't get used to the Mo family's wealth.

"This is what you deserve." Old Madam patted her hand and smiled. "I originally prepared more, but I was afraid that the amount would be too big and you wouldn't accept it. So, I'll give you the rest when you give birth." Qiao Mianmian was speechless.

The amount she was holding was already huge enough.

"Grandma is giving it to you, just take it." Mo Yesi didn't seem surprised and said calmly, "Don't be embarrassed. What you are receiving is nothing to Grandma.

"Grandma, don't worry."

"You brat." Old Madam turned around and glared at him. "Everyone says that raising a son is a waste. You've forgotten your mother after getting married. I think you brats are the same. You don't have a conscience.

"I'll leave all my money to my granddaughters-in-law in the future! You brats can forget about getting a single cent!"

Mo Yesi drank his coffee slowly and smiled elegantly. "Grandma, don't forget that Mianmian and I are husband and wife. Whatever you give to Mianmian will be considered as a couple's shared property. Of course, I'll have a share too."

Old Madam was speechless.

Qiao Mianmian glared at him. "Alright, stop talking nonsense with Grandma."

Mo Yesi looked into her eyes and smiled tenderly. "Alright, Baby. You're the oldest in our family now, we'll listen to you."

Qiao Mianmian was speechless.

This guy was asking for a beating!

Old Madam wasn't in good health and came to visit Qiao Mianmian. After half an hour, she returned to the Mo Residence.

A while later, Father Bai and Mother Bai came.

The nutritional and health supplements they brought were piled up in the corner of the living room.

She wouldn't be able to finish it even if she ate them for a year.

Qiao Mianmian felt that it was too exaggerated.

"Dad, Mom, how could I finish so much? You bought too much." She was worried that she would be fed like a pig during her pregnancy. "Not much, not much at all." Mother Bai said from experience, "Your appetite will be greater than usual in pregnancy. You can eat four to five meals a day. That's how I ate back then."

Qiao Mianmian was speechless.

Chapter 3012 She Grew Fatter Visibly

She didn't want to eat four to five meals a day.

"Alright. Then, it's fine that you brought supplements. Why did you buy a bunch of baby's daily necessities?" Qiao Mianmian was amused. "It's still early for the baby to be born, and you don't even know the baby's gender. You're too proactive." They were much more proactive than her.

"How is it early? It's better to prepare early so that we won't be flustered when the time comes." Mother Bai chuckled as if she was experienced. "When I was pregnant with you and your brother back then, I also prepared these things early.

"Moreover, I bought things for both boys and girls. They will be useful."

Qiao Mianmian was speechless.

"Oh right, this is a little gift from your dad and me to our future grandchild." Mother Bai held Qiao Mianmian's hand and chatted for a while before taking out a thick stack of property transfer agreements from her bag.

Qiao Mianmian was speechless.

Another small gift?

This so-called small gift was probably the same as what Old Madam gave her. It was a pile of luxury cars and mansions.

Qiao Mianmian looked down and saw many familiar words.

Things like half a mountain villa, yacht, private plane, and so on.

She frowned. "Mom, you should keep these for yourself and Dad. You've already given me a lot, I can't accept so many things from you." "That was for you, this is for my grandchild." Mother Bai stuffed a thick stack of property transfer agreements into her hands. "You silly child, why are you being polite to your parents! Your dad and I only have two children, you and your brother. Our things will be given to you and your brother in the end.

"This is nothing. There will be more in the future!"

Qiao Mianmian was speechless.

Was this what it was like to have rich parents?

Getting luxurious cars and houses wasn't rare anymore.

After all, there were several private planes.

Qiao Mianmian was once again aware of the so-called rich and willful.

She was once again aware of the power of the Bai family, which was on par with the Mo family. The Bai family, which was ranked among the top four families in Yuncheng City, was indeed extraordinarily rich.

Her family... was really impressive.

After Qiao Mianmian got pregnant, she became the focus of the Mo and Bai families.

Old Madam was worried about her and insisted on watching her closely. She got Qiao Mianmian to move to the old house and live with her.

Mother Bai was worried about her, too. After discussing, she moved into the Mo family's old residence with her.

Although there were many people in the Mo Residence, not many people were close to Old Madam.

After Qiao Mianmian and Mother Bai moved in, the house became lively. Old Madam was in a good mood. After recuperating for a while, her body was much better.

Although Mother Bai and Old Madam were separated by a generation, they grew up in prestigious families. Their living environment and education were similar. The two of them had quite a lot of topics to talk about and could chat for a long time every day.

As for Qiao Mianmian, with Mother Bai taking care of her, Old Madam especially found three nutritionists to take care of her three meals a day during her pregnancy. After raising her like a pig for a few months, she visibly gained weight.

Although she was already very skinny and didn't look fat, her face was much rounder than before and her waist was more fleshy.

At night. Mo Yesi put his arm around her and said, "Mother-in-law has a way to make you gain weight."

The chubby Qiao Mianmian felt especially good.

Although it was good before, it was better now.

Chapter 3013 Let Everyone in the World Witness

Mo Yesi preferred her to gain weight. This was good enough. But Qiao Mianmian was very dissatisfied with her current figure. She kept saying that she'd gained weight and become ugly and even said that Mo Yesi wasn't sincere in comforting her.

She even cried and asked if he didn't love her anymore.

Mo Yesi had to coax her for half a day every time.

Later, he asked his brother. Mo Shixiu, who was already very experienced, told him that this was normal. Jiang Luoli was also like this during her pregnancy. She would cry for a very small thing or say something irrational. She would cry when it rained, and she would cry when there was no moon at night. She would often wake up in the middle of the night and hug him.

She said that she dreamed that she became fat and ugly because of her pregnancy, so he cheated on her and divorced her.

Then, she would ask if he really had a change of heart. Mo Shixiu had to coax her for a long time, too.

Mo Yesi was relieved when he found out that some pregnant women were sensitive.

"But I feel like I've gained a lot of weight." Qiao Mianmian bit her lip and mumbled. "If I continue eating like this, I'll definitely get fatter. When I get fatter and uglier, you won't like me anymore."

"Who said so?"

Even though such a scene happened every day, Mo Yesi still patiently coaxed the little woman in his arms. "I like whatever you become. Moreover, my baby is so beautiful, how would you become ugly?"

"You're not being sincere." Qiao Mianmian was being unreasonable. "You say that, but you definitely don't think that way. You must despise me."

Mo Yesi smiled helplessly and pinched her cheek gently. "Not true. I'll think so for the rest of my life. If you don't believe me, I'll hold a global press conference tomorrow to announce my sincerity to the world. I'll let everyone in the world witness whether I'll have a change of heart. What do you think?" Qiao Mianmian was stunned. "A global press conference?"

Mo Yesi nodded. "Mm. I thought you didn't believe my sincerity."

Qiao Mianmian was speechless.

"A global press conference... forget it." Qiao Mianmian knew Mo Yesi's personality well. He was definitely the type to do what he said. She quickly stopped acting. "I believe you now!" Mo Yesi couldn't help but chuckle again. "You really believe it?"

"Mm, I do!" Qiao Mianmian nodded.

If Mo Yesi really held a global press conference for such a small matter, she felt that she would definitely be scolded!

Many people would definitely call her a troublemaker!

After all, even she herself felt that she was really being unreasonable.

She was relying on Mo Yesi to pamper her and be obedient to her. That was why she was getting more and more unrestrained.

“But...” Qiao Mianmian pinched her cheeks and arms. She bit her lip and hesitated for a few seconds before asking softly, “Hubby, don’t you think I’ve gained a lot of weight?”

Mo Yesi shook his head and pinched her waist. He looked down at the woman in his arms and said hoarsely, “Baby, you’re so charming now. I like it.”

Chapter 3014 Platonic Mode

Qiao Mianmian looked up and met the man’s dark and passionate eyes. Her heartbeat quickened.

They had been married for so long, it was obvious what they were thinking. Speaking of which, ever since she got pregnant, she and Mo Yesi had been chatting under the blanket. Their intimate actions had stopped at kissing

Although the doctor said that it wouldn’t be a problem to be careful after the first three months, Mo Yesi didn’t dare to try it at all. He was usually very careful and nervous. He often made Qiao Mianmian feel like he was the one pregnant and not her.

Although Mo Yesi was very self-aware and restrained, Qiao Mianmian knew that he must be having a hard time.

Before she got pregnant, he restrained himself enough, and they practically...

But he had endured it for a few months now. It was obvious how torturous it was.

“The last time I did a fetal examination, the doctor said that the baby in my belly is already very stable. Actually... if we pay more attention, it should be possible.” Qiao Mianmian blushed slightly and said softly.

“No.” Mo Yesi squeezed her waist and said hoarsely, “There are only three months left, we can’t take the risk. Baby, I’m fine, you don’t have to worry about me. Go to sleep first, I’ll take a shower.”

With that, he slowly let go of her waist and got off the bed.

Seeing that he was walking towards the bathroom, Qiao Mianmian sat up too. “You’re taking a cold shower again?” Mo Yesi had been taking cold showers more and more frequently recently.

And the shower was getting longer.

“Why are you up?” Mo Yesi turned around and patted her head. “Didn’t I tell you to sleep first? Don’t bother about me.”

Qiao Mianmian held his hand and squeezed it. “Don’t take a cold shower, I’ll help you.”

Mo Yesi was stunned. He looked down and asked in a low and hoarse voice, "Help me?"

"Mm." Qiao Mianmian lowered her head and blushed. "I'll help you."

Two hours later.

Mo Yesi came out of the bathroom in a black bathrobe.

When he got back to bed, it was almost midnight.

The man had just taken a shower, and he smelled like fresh shower gel. It was Qiao Mianmian's favorite lemon scent.

Mo Yesi had just laid on the bed when Qiao Mianmian turned around and snuggled into his arms.

"Are you sleepy? Go to sleep if you are." Mo Yesi reached out to hold her gently and kissed her on the forehead. Qiao Mianmian said, "Mm, I'm sleepy." She was very sleepy during her pregnancy. She usually slept early. As compared to usual, she had been delayed for more than two hours and was already very sleepy.

"Hubby." Qiao Mianmian's voice was soft and sweet.

Mo Yesi replied gently, "Mm?" Looking up at the man's beautiful jawline and snuggling into his arms, Qiao Mianmian asked softly, "Are you not so uncomfortable now?" "Mm." Mo Yesi chuckled. "Much better."

"Tell me if you feel uncomfortable next time." Qiao Mianmian scratched his chest. "I can help you."

"Alright." Mo Yesi kissed her again.

"Hubby." "Mm?" "I'm so sleepy, I really need to sleep." "Mm, go to sleep. Goodnight, Baby."

Chapter 3015 Accompanied Her for a Week

Qiao Mianmian was hospitalized a week before her due date.

This week, Mo Yesi pushed away everything and handed most of the company's matters to Wei Zheng and the Vice President. If there was anything especially important, he would get Wei Zheng to send the contract to the hospital for him to handle personally.

Qiao Mianmian stayed in the hospital for a week.

Mo Yesi accompanied for a week.

Before Qiao Mianmian gave birth, she was still arguing with Mo Yesi that she wanted spicy crayfish and she wanted him to buy it for her. She kept pestering him and in the end, Mo Yesi had no choice but to agree.

Just as she was about to get some crayfish, Qiao Mianmian suddenly yelled that her stomach hurt.

Already prepared, Mo Yesi forced himself to calm down and called for the doctor and nurse.

Qiao Mianmian was staying in the VIP ward. The medical team had been on standby for the past few days to serve her alone. Soon, the doctor and nurse came over to check on her condition. After confirming that she was about to give birth, they quickly helped her into the delivery room.

The door closed.

Mo Yesi stood outside and stared at the tightly shut door. He was so nervous that his palms were sweaty.

The best doctors were in the delivery room. Although he knew that nothing could go wrong, he couldn't help but feel nervous. His palms were sweating, and his heart was in a mess. He couldn't wait to rush into the delivery room.

nce

If Qiao Mianmian hadn't told him in advance that she wasn't willing to let him accompany her in the delivery room, Mo Yesi would have really rushed in.

Qiao Mianmian had a natural birth.

She suggested it herself.

Mo Yesi had done a lot of homework while she was pregnant. He knew that she could give birth painlessly now, and it wouldn't hurt so much after the injection. This way, she wouldn't suffer as much.

But no matter how much he knew and prepared, he was still nervous and worried.

It was said that women went through hell to give birth to children.

Madam Mo almost had a miscarriage when she gave birth to him.

Back then, the doctor who delivered him was also the best in the OB/GYN Department, but an accident almost happened. Mo Yesi couldn't help but worry when he thought about it. Even though Lu Rao had repeatedly assured him that Madam Mo's situation would never repeat itself on Qiao Mianmian. "Ah Si, don't worry. We've done so many prenatal examinations for Sis-in-law. Don't worry, everything will go smoothly." Lu Rao rushed over when he received the news. Seeing Mo Yesi pacing back and forth outside the delivery room, he went forward and patted him on the shoulder.

"I know." Mo Yesi frowned. "But why isn't there any news?"

Lu Rao smiled. "What do you think?"

Mo Yesi pursed his lips and frowned. "Don't they always scream when giving birth?" But since Qiao Mianmian entered the delivery room, it had been quiet. Not a single sound could be heard.

Mo Yesi felt even more uneasy.

Lu Rao was stunned for a while before laughing. "Ah Si, you've watched too many television dramas. Nowadays, almost all childbirth is painless. Sis-in-law has been given painkillers, so she won't feel pain. Of course, she won't yell."

Chapter 3016 Mianmian Is Giving Birth?!

Mo Yesi was skeptical. "It really doesn't hurt to have a child after receiving painkillers?"

Lu Rao said, "Of course. Otherwise, how could it be called childbirth without pain? Of course, we can't rule out those who aren't sensitive to anesthesia. It still hurts after receiving an injection. Alright, don't worry anymore. If you're really worried, then go in and take a look?"

"Forget it. Mianmian doesn't want me to watch." Mo Yesi glanced at the tightly shut delivery room and sat down. "I'll wait for her outside."

"I'll accompany you." Lu Rao sat down beside him.

Mo Yesi finally calmed down a little. Remembering that he hadn't informed the others yet, he took out his cell phone and called Madam Bai. When Madam Bai received the call, she was so excited that her voice changed. "Mianmian is giving birth?! I'll tell Old Madam now, we'll rush over immediately!"

Madam Bai was living in the Mo Residence while Qiao Mianmian was pregnant.

After calling her, Mo Yesi sent Qiao Chen a message: [Your sister is giving birth.]

A few seconds later, Qiao Chen called.

Mo Yesi picked it up.

"Brother-in-law, my sister is giving birth?" Qiao Chen was in the middle of a meeting with the company's executives when he received Mo Yesi's WeChat message. He immediately stopped the meeting and called Mo Yesi as he walked towards the elevator.

The elevator door opened and Qiao Chen walked in. "Mm, I'll be right there."

After hanging up, the elevator door was about to close when it was pushed open again. The company's special assistant stood outside with a stack of documents. He was panting. "Vice President, the meeting isn't over. How can you leave?"

"This meeting is very important, you..."

Before he could finish speaking, an oppressive gaze landed on him.

In the elevator, the innocence and immaturity of his youth were gone. His temperament was much more stable and sharp. The handsome man looked at him with a dignified gaze and said coldly, "Notify everyone to move the meeting to tomorrow."

"But..." The Special Assistant was about to say something when he met the man's cold gaze. He swallowed his words.

"Yes, Vice President." The Special Assistant stood outside the elevator and watched as the door closed. He stood for a while more before returning to the meeting room.

When the Special Assistant announced that the meeting would be rescheduled, the others were filled with dissatisfaction.

"What's going on? This is such an important meeting, how could he reschedule it just like that?"

"The Vice President is getting more and more carefree. Doesn't the Chairman care about him?"

The assistant walked out of the meeting room expressionlessly.

The Chairman would have to hand the company over to the Vice President sooner or later. Letting the Vice President work in the company now was just training. In another year or two, the Vice President would definitely take over the company. The Vice President was young, but he was very capable. He had personally negotiated a few big deals in the past month or two. The Chairman was extremely satisfied with him. He couldn't even wait to praise him, so how could he criticize him?

This Vice President was really impressive.

From the first time he entered the company, he didn't know anything and had to figure it out himself step by step. It hadn't even been two years, and he'd already achieved very good results. He'd used his abilities to shut the mouths of the company's board of directors.

The old men were initially against it, but now that they had made a lot of money from the Vice President, no one else objected.

Chapter 3017 A Young Master

Not long after, Qiao Chen arrived.

"Brother-in-law, how's my sister now?" He quickly walked up to Mo Yesi and looked at the tightly shut door of the delivery room.

He was the same as Mo Yesi. Although he knew that it wouldn't be dangerous, the person giving birth was his sister. He couldn't possibly not be worried.

"She's still in the delivery room." Mo Yesi looked at the closed doors and frowned. He turned to Lu Rao and asked, "Didn't you say it was soon? Why isn't Mianmian out yet?"

Lu Rao was speechless. He could only predict the time, he couldn't decide when the baby was going to be born. "Brother-in-law, let's wait for a while more." Qiao Chen comforted him. "Sister should be out soon." Mo Yesi pursed his lips and kept staring at the door of the delivery room.

After a while, Qiao Ruhai received the call.

Mother Bai and Father Bai were rather polite to Qiao Ruhai. Upon seeing him, Mother Bai called out, "In-law, you're here. Mianmian is still in the delivery room. Come and sit down."

Old Madam opened her eyes and glanced at him. She didn't say anything and closed her eyes again to continue chanting.

Because Qiao Ruhai was biased towards Qiao Anxin, Qiao Mianmian suffered a lot. Old Madam was also a very protective person and didn't like Qiao Ruhai, so she naturally wouldn't be nice to him.

Mother Bai and Father Bai were rather grateful to Qiao Ruhai.

No matter what, Qiao Ruhai raised their daughter. If it wasn't for him, they wouldn't have reunited with their daughter. Qiao Ruhai rubbed his hands and looked uncomfortable. He knew that he wasn't welcome, so he found a bench and sat down.

Almost everyone from the Bai, Mo, and Qiao families was here.

Mo Shixiu was invited by the foreign royal family and went overseas. Jiang Luoli and her daughter were with him. At this time, the family of three was overseas and couldn't rush back.

After waiting for about half an hour, the door to the delivery room finally opened.

Mo Yesi rushed over.

The nurse who came out first was carrying the newborn baby. She congratulated Mo Yesi with a smile. "Mr. Mo, congratulations. Mrs. Mo gave birth to a young master for you. Look, the baby is so beautiful." Mo Yesi looked down at his newly born son and didn't even see what he looked like. He looked up and asked anxiously, "Where's my wife?"

Just as he said that two more nurses pushed Qiao Mianmian out. Mo Yesi didn't care about the baby anymore. He walked past the nurse carrying the baby to the cart, bent down, and gently held Qiao Mianmian's hand.

His eyes were deep and slightly moist. He looked at Qiao Mianmian, who was sweating profusely, and kissed the back of her hand. "Mianmian, thank you."

"Hubby, we have a son." Qiao Mianmian held his hand and smiled. "Don't be like this, be happier. Actually, it doesn't hurt at all to have a child. It really doesn't hurt at all after the painkillers."

Qiao Mianmian felt that childbirth was a blessing for women.

It wasn't as scary as she imagined. It was even easier than she imagined. She'd just given birth, but she was already thinking of having another child.

Chapter 3018 The End (1)

She'd thought that no matter if it was a boy or a girl, she'd only have one child.

It was the same with Mo Yesi. Both of them decided to have only one child.

But now, she was thinking of having another.

However, she felt that Mo Yesi might not agree to it. He didn't seem to be interested in having a child. To him, this was just a task. Once it was completed, he didn't want another one.

It seemed like she had to persuade him.

The nurse carried the baby to the other family members and washed it.

Old Madam was so happy that she couldn't close her mouth. She held Mother Bai's hand and praised her non-stop. "This child is so beautiful. His eyes, nose, and mouth are exactly the same as Yesi's when he was young. No, he's much prettier than Yesi when he was young.

"His skin is fair and tender, and his hair is dark green. He inherited Mianmian's good points.

"The ears look a little like yours, in-law. The earlobes are big and thick. It's obvious that the baby's blessed."

Mother Bai also smiled. Hearing Old Madam say that the baby's ears resembled hers, she was instantly excited. "Really? Old Madam, do you really think that the baby's ears resemble mine?"

Old Madam nodded. She was rather agitated. "Yes, I think so."

This made Mother Bai extremely happy. She grabbed Father Bai's hand and said excitedly, "Did you hear that? Old Madam said that our precious grandchild's ears look like mine. Actually, I think so too. My mom said that my ears are good since I was young. The fortune-teller looked at my ears and said that if I were a man, I would definitely be a high-ranking official in the future."

"But I'm a woman, so I can't be a high-ranking official. But our precious grandson can be a high-ranking official in the future."

Father Bai was rather happy, too. Although he didn't believe in such superstitions, he wouldn't say anything to ruin the atmosphere at such a joyous time.

He nodded. "You're right."

At this moment, Mother Bai's cell phone rang.

It was Bai Yusheng.

Bai Yusheng was filming a movie overseas and couldn't rush back in time. He could only call Mother Bai to ask about Qiao Mianmian.

Mother Bai was full of joy. "Your sister has given birth. The baby was just born. The nurse has gone to wash him now."

"It's a little boy. He's so handsome. He's even more handsome than you were when you were young. Name? Not yet. Let your sister and brother-in-law decide the baby's name. After all, it's their child."

"Don't worry, the mother and son are safe. Mm, be careful with Sheng Sheng. When the time comes, take a taxi to the hospital. We won't pick you up. We still have to take care of your sister."

After a few more words, Mother Bai hung up.

She turned around and said to Father Bai, "Yusheng and Sheng Sheng are on their way back. Now that my first grandson is settled, I'm looking forward to having another grandson soon. Sigh, I wonder when they'll get married. In a few months, Yusheng will be 33 years old."

"He's almost 40, but his marriage is still nowhere to be seen. As parents, how can we not worry?"

Bai Yusheng and Gu Sheng had been together for almost a year.

Father Bai and Mother Bai were very satisfied with Gu Sheng, their future daughter-in-law. They hoped that they could get married and have children soon.

Chapter 3019 The End (2)

But whether it was because of Bai Yusheng or Gu Sheng, they dragged it out for a long time, as if they had no intention of getting married.

Mother Bai had always been worried about Bai Yusheng's marriage. Now that she finally had a suitable candidate, she naturally wished that the two of them could get married immediately and have a grandchild.

"In-law, don't be anxious. I think the marriage will happen soon." Old Madam sounded experienced as she smiled and said, "Back then, I was worried about Yesi and his brother's marriage. I was so worried every day that I couldn't sleep well. Even my nightmares were about them being alone for the rest of their lives.

"Back then, I really couldn't eat or sleep well. I wasn't in the mood to do anything. I was afraid that my nightmares would come true, that the two of them would really be single for the rest of their lives.

"But then, Yesi got married just like that. His brother also got married and gave birth to a child. I think that once fate comes knocking on our door, we won't be able to stop it. If they really meet someone they like, we won't even need to rush them. They won't be able to wait to marry.

"So, you don't have to worry about Yusheng. In my opinion, the two of them might not be in a relationship yet. It's useless to rush them. All you can do is wait patiently."

Mother Bai listened to Old Madam's words and nodded thoughtfully. She then frowned and said, "But I think their relationship is pretty good."

"It's not something we can understand." Old Madam patted her hand. "If you're really anxious, you can have a good chat with Yusheng and ask him what he plans to do."

Mother Bai sighed and nodded. "That's the only way." "Be happy. You just got a grandson, don't think too much." Old Madam patted the back of Mother Bai's hand again and got Uncle Zhang to help her stand up. "I'll go and see my great-grandson."

"I'll go, too." Mother Bai also stood. "Old Madam, I'll go with you."

In the VIP ward.

Mo Yesi stayed by Qiao Mianmian's side while Qiao Chen stayed in the ward. He placed the peeled fruit in the warm water and soaked it for a while before handing it to Mo Yesi.

Mo Yesi took it, picked up a fork, and fed it to Qiao Mianmian. "You expended so much energy just now, eat something."

Qiao Mianmian looked at Qiao Chen and smiled. "Chen Chen, how did you know that fruits have to be soaked? Who told you?"

Qiao Chen wiped the fruit knife with a tissue. "I just checked online. They said that fruits are a little cold, so it's better to soak them."

"Our Chen Chen is so thoughtful. Any girl that gets together with you will definitely be well taken care of." Thinking of something, Qiao Mianmian smiled and asked, "Oh right, when are you planning to formally introduce Shen Xin to us? Although we all know each other, there should be a ceremony. I think when everyone is free, we can have a meal together." Qiao Chen kept quiet at the mention of Shen Xin. After a while, he said, "She's busy with an exam recently, so she might not have the time..."

"Then, let's meet up when she's free."

Chapter 3020 The End (3)

Qiao Mianmian knew about Qiao Chen and Shen Xin's current situation. If Qiao Chen didn't agree, it must be because Shen Xin wasn't willing to see them.

Shen Rou was still in a daze. The grudge between the Mo and Shen families was too deep. Although Qiao Chen was already with Shen Xin, the two of them were secretly hiding it from her family. As long as the Shen family didn't agree, the two of them wouldn't have a good ending Qiao Chen knew this very well, but he wasn't willing to give up on Shen Xin. How far they could go in the future, even they didn't know if the outcome would be good or bad.

Hence, both of them cherished what they had.

Qiao Chen said that Shen Xin didn't have the time, so Qiao Mianmian didn't talk about it anymore. Qiao Chen had already grown up and matured. As his sister, she could only give some suggestions regarding his relationship with Shen Xin. As for what to choose and do, it naturally depended on his decision.

She would support him no matter what decision he made.

Qiao Chen's cell phone suddenly rang. He looked at it and his eyes softened. He got up and said to them, "Sister, Brother-in-law, I'm going out to take a call."

Seeing his reaction, Qiao Mianmian guessed who it was.

"Go on." She smiled. "If there's anything, you can leave first. I have your brother-in-law here, you don't have to keep me company."

After Qiao Chen picked up the call, Qiao Mianmian rubbed her temple and looked a little tired.

"Sleepy?" Mo Yesi quickly noticed her fatigue and reached out to massage her temple. "Sleep if you're tired."

Qiao Mianmian was a little sleepy.

Although the birth was easy and she didn't suffer much, giving birth was a very tiring thing.

She turned around and looked at the baby, who was sleeping soundly on the bed.

Mo Yesi seemed to know what she was thinking. He patted her head and said gently, "Don't worry and sleep. I'm not going anywhere. I'll watch over the baby."

Qiao Mianmian nodded. "Mm, I'll sleep for a while."

Mo Yesi was more meticulous than her. She wasn't worried about the child at all.

"Let me take a look at the baby, then I'll sleep." Qiao Mianmian opened her eyes again.

Mo Yesi smiled affectionately. "Alright."

Then, he got up and walked to the side of the bed. He bent down and carefully picked up the baby, then carried it to her.

Qiao Mianmian reached out and gently stroked the baby's cheek. She looked at him tenderly.

This was her child.

It was the fruit of their love.

Even though she'd already given birth, Qiao Mianmian still felt unreal, as if she was dreaming.

She actually had a child.

She really became a mother.

Was this unbelievably beautiful and angel-like baby really born by her?

"Hubby, our son is so handsome!" Qiao Mianmian looked at him and smiled. "How can he be so good-looking? Is this really our son?"

Her question was a little silly, but Mo Yesi looked at her lovingly.
