

Big Shot 331

Chapter 331: She Wears a C Cup, You Know!

When she went to practice at the dance studio a while back, the instructor even complimented her on her great figure and body ratio.

As if to support her claims, she subconsciously puffed her chest as she went on.

As a young lady who'd reached puberty, she was rather well-endowed.

She was just like a freshly-ripened peach, fragrant and alluring.

It was the best time of the season to have it.

Mo Yesi was a little shocked initially, but soon enough, his gaze shifted involuntarily.

He suddenly thought about that night again.

He'd touched that area with his bare hands before. It felt incredibly good...

Also, she really wasn't that skinny... He couldn't even hold it fully with his hand.

He knew better than anyone else whether she was fleshy or not.

Although she looked slim and skinny, she actually was well-endowed in the areas she should be. She wasn't like a bamboo stick at all.

Mo Yesi's eyes deepened a little.

His gaze was a little too passionate.

As Qiao Mianmian went on speaking, she suddenly felt something a little off. When she looked up and saw how his eyes had lit up and followed the direction of his gaze, she instantly blushed.

Her fair cheeks were now bright pink.

She glared at him in embarrassment and immediately grabbed the cushion behind her to cover her front.

She needed to block his view.

Mo Yesi was such a... pervert!

What was he looking at!

"Yes."

Not only had that pervert seen it, he even nodded in approval. "You do have some flesh. Although you're slim, you do have pretty much of it."

He really felt that Qiao Mianmian was fleshy in just the right places.

How could she be perfect in every part of her body?

Although he didn't have much exposure to women's bodies, he knew that hers was amazing.

That night, he'd just taken a glance before his attention was completely usurped.

Jiang Luoli enthusiastically nodded as well. "That's right. Prince Charming, Mianmian looks skinny, but she's actually very fleshy! No, that's not the right way to say it. She's actually not fleshy, she simply has flesh at the most suitable parts!

"Don't underestimate her based on how she usually looks. She wears a C cup, you know!"

"Luo Luo!"

Qiao Mianmian blushed a bright red. She got up and covered Jiang Luoli's mouth.

"Ah. Baby, what are you covering my mouth for. I already said what I needed to. Anyway, even if I hadn't, Prince Charming would've known too!" Jiang Luoli gave a suggestive smile as she tried to evade Qiao Mianmian's hand. "Ah... Actually, I think Prince Charming is even clearer about it than I am. After all, you guys have already... hehehe."

"Jiang Luoli, shut up!"

Seeing how Jiang Luoli's words were getting dirtier, Qiao Mianmian was abashed and frustrated all at the same time. She wanted to rip her mouth out.

But a strong arm grabbed her and pulled her back.

She staggered back into the warm, sturdy chest of the man, and he wrapped his arm around her.

The man's low voice and ticklish breath were right by her cheek. "C cup, mm? My baby has so much substance?"

At that moment, Qiao Mianmian's face went even redder.

Mo Yesi's lips brushed against her ear as he spoke.

Chapter 332: It's True, She Isn't Speaking Nonsense

When she went to practice at the dance studio a while back, the instructor even complimented her on her great figure and body ratio.

"That's right. Prince Charming, Mianmian looks skinny, but she's actually very fleshy! No, that's not the right way to say it. She's actually not fleshy, she simply has flesh at the most suitable parts!

"Don't underestimate her based on how she looks usually. She wears a C cup, you know!"

"Luo Luo!"

Qiao Mianmian blushed a bright red. She got up and covered Jiang Luoli's mouth.

"Ah. Baby, what are you covering my mouth for. I already said what I needed to. Anyway, even if I hadn't, Prince Charming would've known too!" Jiang Luoli gave a suggestive smile as she tried to evade

Qiao Mianmian's hand. "Ah... Actually, I think Prince Charming is even clearer about it than I am. After all, you guys have already... hehehe."

"Jiang Luoli, shut up!"

Seeing how Jiang Luoli's words were getting dirtier, Qiao Mianmian was abashed and frustrated all at the same time. She wanted to rip Jiang Luoli's mouth out.

But a strong arm grabbed her and pulled her back.

She staggered back into the warm, sturdy chest of the man, and he wrapped his arm around her.

The man's low voice and ticklish breath were right by her cheek. "Baby, is Jiang Luoli speaking the truth?"

At that moment, Qiao Mianmian's face went even redder.

"D-Don't listen to her nonsense."

A few seconds later, she heard him chuckle.

He whispered very quietly, such that only she could hear him. "I took a quick check just now. Based on my first judgment, she's not speaking nonsense."

"Mo Yesi..." Qiao Mianmian glared at him. "Y-You pervert!"

"I'm a pervert? How's it perverted to look at my own wife?"

The man gave a sly smile.

Hints of cheekiness could be seen in his grinning eyes.

His current demeanor was very different from the usual.

He seemed like a completely different person.

Qiao Mianmian was a little shocked, but also pleasantly surprised.

Mo Yesi was extremely handsome, to begin with. Even with the cool and distant expressions he usually put on, women still fell head over heels over him.

But now that he smiled, he was even more captivating. Those looks alone could drag one's soul along.

Even Qiao Mianmian, who was already his wife, was awestruck.

She couldn't help but get excited.

Until... she heard a teasing chuckle.

"Baby, is your husband that good-looking?" The man looked down at her with those gentle eyes and tenderly swept some of her hair behind her ears.

Right then, he saw the girl in his arms blush. Her cheeks turned red, and so did her ears, and then her neck.

With her eyes widened, she looked exceptionally adorable.

Next to them, Jiang Luoli could only see that Mo Yesi and Qiao Mianmian were whispering to each other, but she couldn't hear them.

She had no idea what he'd said that made her Baby blush so much and glare at him once in a while. But in any case, they seemed sweet and blissful together.

That sort of bliss made Jiang Luoli feel warm and fuzzy inside.

Back when Qiao Mianmian was still with Su Ze, she'd never been envious or felt anything like this.

But now...

Seeing how much this man pampered her Baby, she suddenly felt that being in love was such a wonderful thing.

It'd probably feel nice to have someone to pamper her this way too.

Chapter 333: You Don't Have to Explain Anything, I Trust You

She'd always insisted on spending more time on building her career first. But if someone like Prince Charming were to appear in her life, love her and pamper her like she was a precious gem, wouldn't she want to experience that too?

She suddenly felt that she could understand why Qiao Mianmian got married so soon.

Who wouldn't want to make their man their official husband as soon as possible, if they managed to get someone as outstanding as Prince Charming?!

At least, she knew she would've done the same.

Everything was secondary in the face of such perfect looks!

*

After lunch, Jiang Luoli parted ways with them.

Qiao Chen was still silent, and he returned to his room the moment they went back to Lu Shan Gardens.

Qiao Mianmian sighed as she watched him turn the corner to his room and said out of concern, "Chen Chen is in such low spirits now, should I have a talk with him?"

If it was as she guessed, that Qiao Chen did like Shen Xin...

Then, he would definitely be very upset about what had happened.

Qiao Mianmian was also worried about Qiao Chen's condition since he had only been discharged a while ago.

Mo Yesi walked towards her and placed an arm around her shoulders. "Qiao Chen is only two years younger than you, he's not a child anymore. I think he can process his emotions on his own. What he needs most at this point is some alone time. It'll be worse if you go to him now."

Qiao Mianmian thought the same, which was why she was hesitating.

She kept silent for a while and then sighed once again. "Chen Chen has never mentioned this to me before. Is that Shen Xin... Shen Rou's biological sister?"

"Mm." Mo Yesi nodded.

Qiao Mianmian was speechless.

What a messy relationship this was.

Shen Rou liked her husband, and Shen Xin liked her brother.

The sisters liked the two men around her.

"I was so angry just now only because Shen Rou started insulting Chen Chen first." Qiao Mianmian felt a need to explain what went on at the restaurant.

"You don't have to explain anything, I trust you." Mo Yesi interrupted her before she could even finish her piece. He looked at her deeply. "You're not an unreasonable person. If Shen Rou hadn't gone overboard, you wouldn't have made such a request."

Qiao Mianmian was a little taken aback.

Did he trust her... that much?

He didn't even suspect that she might've been unreasonable? Not at all?

She asked, "What if I was being unreasonable? Maybe I was making things difficult for her because I didn't like her?"

"Mm?" The man smiled and raised a brow. "If you didn't like her because you're jealous, then I'd be very happy."

Qiao Mianmian was speechless.

Alright, then.

She had to admit that she was extremely happy with the way he unconditionally stood up for her.

"I'm sorry," Qiao Mianmian said after a few more moments of deliberation. "It was because of me again that you fell out with your friends."

She didn't exactly know what she'd done wrong.

But she knew that she was the reason he and his friends ended up in such a state.

This conflict turned out way more serious than the last.

If it wasn't to protect her, he wouldn't have gone so far as to hit his buddy.

Chapter 334: When You're Up, Hubby Will Be Back

Once violence was involved, the relationship was definitely strained.

No matter what Gong Zeli had said and done, he was surely upset about how things had turned out, given that they had been close buddies for so many years.

"It's nothing to do with you." Mo Yesi patted her on the head and said tenderly, "Don't think too much. If I don't step forward to protect you even at such a time, am I still fit to be your husband?"

"Would you want such a man for your husband?"

Qiao Mianmian thought about it seriously and shook her head.

If Mo Yesi hadn't stood out to defend her, she probably wouldn't have said anything about it. But she wouldn't feel good, either.

Since he wanted to be on her side, then he had to offend his friend.

On one side was his wife, and on the other was his buddy of many years. He was surely caught in a fix.

If only his friends liked her too.

He wouldn't have to be in such a difficult position.

But Qiao Mianmian knew that it was impossible.

Shen Rou already saw her as a love rival and couldn't possibly like her.

As for Gong Zeli...

Qiao Mianmian still had no idea why he was so unhappy with her.

His hatred for her seemed strange.

Unless...

Qiao Mianmian suddenly thought of a possibility, and she looked up at Mo Yesi strangely.

"Baby, what is it?"

Qiao Mianmian eyed him that way for a while, but then shook her head. "N-Nothing."

Probably not.

Gong Zeli seemed rather normal. It didn't appear as if he had that sort of inclination.

"Are you sleepy?"

Mo Yesi felt that she was hiding something, but he didn't probe farther. He put his arm around her waist as they walked upstairs together. "Get some sleep upstairs."

Qiao Mianmian was a little tired, so she nodded. "Mm."

*

In the bedroom.

Mo Yesi picked her up easily and carried her to the bedside, before gently placing her on the bed.

He bent over and kissed her on the lips. "Go to sleep."

"What about you." Qiao Mianmian looked up at him sleepily.

"I've got an appointment in the afternoon." Mo Yesi sat beside her and tucked her in. "I'll have to go out for a while. But my night is free, so I'll be back to accompany you.

"I'll get back as soon as I can."

His deep eyes seemed to hold a whole galaxy of stars. She could barely look into them.

And his gaze was so gentle, it was hard to describe how it felt to face it.

She felt all warm and fuzzy inside when she heard him say "I'll get back as soon as I can."

She smiled and nodded. "Mm. Then... I'll wait for you at home."

Her last few words were soft and light.

So soft that Mo Yesi almost couldn't catch them.

But his listening had always been pretty good, and so, he heard her anyway.

His eyes sparkled as his lips curled up attractively.

"Mm. Baby, wait for me at home." He took her hand and kissed it. "When you're up, Hubby will be back."

The girl's lips were pink and soft, her skin fair and smooth. He couldn't help but kiss her on each of her fingers, then the back of her hand, and then on her lips.

Chapter 335: Baby, Do You Want to Help Me Out?

As he kissed her, passion began to surge from inside him.

How did she manage to be this way?

She was soft all over.

Those slender fingers were fair and tender, and he didn't want to let go of them.

He wished he could devour her whole.

"Mo Yesi, I'm sleepy..."

Qiao Mianmian could feel her fingers go warm. Everywhere he'd kissed seemed to have been warmed.

The man's breath against her palm burned with an intensity that shocked her.

She looked up and met his gaze, glowing and passionate. She quickly retracted her hands and curled under the blanket.

She wasn't unfamiliar with the look in his eyes.

It seemed like something was going to happen if he continued kissing her.

But she wasn't so afraid. After all, she was still on her period. He couldn't possibly do anything to her.

But he'd definitely be feeling discomfort now.

And if he was uncomfortable, he might make her use her hand again...

Qiao Mianmian could already feel the ache in her hand as she recalled the last time.

Mo Yesi took a few deep breaths, but his breathing was still a little hurried. It took him a while of sitting in silence and will of suppression before that initial surge ebbed off.

When he looked up again, Qiao Mianmian could see beads of perspiration on his forehead.

"Go to sleep," he said hoarsely. "I'll leave when you've fallen asleep."

Qiao Mianmian pulled the blanket a little higher and then took a quick glance at that part of him. She immediately blushed and asked quietly, "A-Are you feeling very uncomfortable right now?"

It was already bulging.

Pretty high up...

Mo Yesi had actually caught her glancing at it.

He smiled teasingly. When he spoke again, his voice was even lower. "Mm, it's very uncomfortable. Baby, do you want to help me out?"

Qiao Mianmian immediately pulled the blanket over her head and said, pouting, "I'm so sleepy, I'm falling asleep..."

Seeing how embarrassed she was, the man chuckled.

The wave of fiery passion was still present.

As he looked at the outline of her figure beneath the blanket, he got even warmer inside.

Hide as you wish.

It will just be a few more days.

Then, I'll get all I want out of you.

When the time comes, it will be no use regardless of how much you beg me.

*

Mo Yesi waited till Qiao Mianmian fell asleep before he left.

The afternoon appointment was at a golf course.

When he arrived, the Director of Heng Tong Firm came forward to welcome him.

The door of the black Rolls-Royce opened, and a charismatic young man emerged.

Everyone's attention was directed to him the moment he got off.

"Director Chen, this is Chairman Mo."

Wei Zheng introduced him to the older man before them.

The older man sized Mo Yesi up for a few seconds and then gave a diplomatic and respectful smile. He put his hand out. "So this is the newly appointed chairman of the Mo Corporation. I didn't expect you to be such a young man. You've got potential."

"Chairman Mo, thank you for giving us the honor of seeing you in person, and for giving Heng Tong a chance of collaborating with you."

The Director of Heng Tong who was doing the talking was a 50-odd-year-old man. He'd achieved great results in the business world after working all his life, and his current status was rather extraordinary.

No matter where he went, others were always reverent towards him.

But this time, it was him showing such respect towards someone else.

And to a man who was 30 years his junior, no less.

Initially, he hadn't thought much of this young Chairman who'd returned from overseas not too long ago.

Chapter 336: We Have to Take That Role From Qiao Mianmian

But this prejudice against him had diminished drastically the moment he saw Mo Yesi.

This man in a suit before him was so very different from how he'd expected.

Not only was he far from the inexperienced-looking young man he'd pictured in his head, but his presence was also so domineering that everyone felt a little intimidated.

This was the first time in his life that a young man caught him off-guard.

Now, he dared not underestimate this man any longer.

He'd been in the industry long enough to know at first glance that this young man wasn't so simple.

Mo Yesi shook hands with him very briefly. "Chairman Chen is too kind. Mo Corporation chose to work with Heng Tong because Heng Tong is good enough."

Chairman Chen went on with a few more diplomatic words, and Mo Yesi did the same.

The two men exchanged some more civilities before being led to the golf course.

*

On the other side.

Qiao Anxin's face was black as thunder as she left the audition hall.

She erupted the moment she entered the elevator and yelled at Linda, "That slut actually made it through the auditions. Linda, did you hear that? They said they'd already settled on that character.

"What do I do now? What do I do now?!"

She grabbed Linda's arm as her eyes filled with worry and anger. "Help me think of something, quick! You've got to help me. I can't let that slut have a chance to show her face to the world. Tell me how I can stop her.

"How can she play the third female role?"

"If she's the third female role, wouldn't that mean she'll have a chance at becoming famous? There are so many scenes for that character. How could she get it?!"

"Anxin, calm down." Linda frowned and tried to resist flaring up. "This isn't a tragedy, don't get so flustered. Calm down first. We'll think of something."

"How is this not a tragedy?"

Qiao Anxin was deeply upset by her attitude. "Do you know the consequences of giving her a chance to show her face to the world?"

"Of course I do." Linda actually felt some contempt towards Qiao Anxin at her current attitude.

She knew what Qiao Anxin was worried about.

Qiao Mianmian's appearance was so outstanding. As long as somebody was willing to groom her, she'd definitely make it big.

She was the sort who could make a name for herself even if she just played a small character.

What made it even worse for Qiao Anxin was that Qiao Mianmian was also very talented in acting, besides just having good looks.

If it wasn't for her ruining things for Qiao Mianmian all these years, Qiao Mianmian would probably be a megastar by now.

Back then, she'd wanted to sign Qiao Mianmian under her wing when she first saw her.

If it wasn't for Su Ze forcing her to take Qiao Anxin, she'd probably be managing Qiao Mianmian now.

Had Qiao Mianmian been given the same resources, she'd definitely be way more successful than Qiao Anxin.

Qiao Anxin knew this very well too. That explained her strong reaction.

"You know it, so think of something to stop her!" Qiao Anxin glared at her. "I don't care what it takes. We have to take that role from Qiao Mianmian!"

Linda was a little speechless. She didn't know how to respond to such a demand. "If we really get that third female role, are you seriously going to take it up? Don't you forget, you've already signed the female lead role for 'Imperial Palace.' You're going to have to pay a huge compensation fee if you go back on it, and you'll end up offending a lot of people."

Chapter 337: A Transaction Doomed for Losses

Linda was a little speechless. She didn't know how to respond to such a demand. "If we really get that third female role, are you seriously going to take it up? Don't you forget, you've already signed the female lead role for 'Imperial Palace.' You're going to have to pay a huge compensation fee if you go back on it, and you'll end up offending a lot of people.

"Anxin, you need to think this through clearly. Don't do anything rash.

"Giving up a female lead role for a third female role, this is a transaction doomed for losses."

Qiao Anxin bit her lip, appearing very determined. "I don't care about making a loss, as long as I can stop Qiao Mianmian. It's not that difficult to get a female lead role. With my current level of popularity and Brother Ah Ze's investment, I won't ever be short of such opportunities in the future.

"On the other hand, if I don't stop her now and end up giving her a chance to show herself, she might just make it big! What would I do, then?"

Linda evidently didn't approve of such thinking.

"Imperial Palace" was an opportunity she'd taken a long time to get hold of.

Moreover, Qiao Anxin only got more popular because her name was being associated with this show now.

If she did well in the show, she might even have a chance at the awards.

Once she became the Queen of Films, her net worth would be very different.

Although it was true that she'd be able to find other opportunities in the future, some opportunities required a stroke of luck and were hard to come by.

What's more, if she went back on her word this time, she might lose the trust of other collaborators in the future.

"Anxin, I don't approve of you breaking the contract. Did you consider the fact that they'd definitely give your role in 'Imperial Palace' to Huang Yilin if you give it up? She's already a notch above you. If she makes it even bigger with her role in 'Imperial Palace,' it'll be almost impossible for you to outdo her in the future.

"If Huang Yilin gets any more popular, you won't be in the same league as her anymore. Now, you're barely comparable to her. But in the future, this may not be the case."

Huang Yilin was an artiste of Star Splendor's rival company, and they were putting in a lot to groom her.

Meanwhile, Qiao Anxin was Star Splendor's precious artiste.

They were rival companies who fought over everything.

Huang Yilin had taken Qiao Anxin's endorsement before, and vice versa. Since they were both top-tier actresses, the opportunities they got were roughly the same, and it wasn't uncommon for them to steal each other's opportunities.

But if Huang Yilin got even more popular, Qiao Anxin would be trailing behind her.

She wouldn't be able to get hold of Huang Yilin's opportunities in the future.

But Qiao Anxin didn't seem bothered by it at all. She insisted. "I don't care. I want Qiao Mianmian's role and that's that."

"You..." Linda became pale from anger.

This was the first time she saw an artiste placing so little importance on her future.

But upon thinking about how Qiao Anxin was going to be married into the Su family and would still be Young Madam Su without having to work in the future...

It made sense that she didn't need to have too many considerations about her future.

She did have what it took to be willful.

But this was precisely the type of artistes that Linda detested.

They weren't sincere about working hard for their career simply because they knew they had a back-up plan if the current one failed.

Such artistes wouldn't go far.

Seeing how willful Qiao Anxin was, Linda was starting to consider her own future instead, for the first time ever. She was wavering.

She was someone with enough resources and experiences.

And she'd groomed several artistes under her. However, she'd never been able to groom a King or Queen of Films thus far.

Qiao Anxin's looks were decent, and her acting was also alright.

But even with all the resources pumped into her, she wouldn't be able to emerge as an influential Queen of Films.

Chapter 338: Miss Qiao's Temper Is Out of Control for Me

If they were looking at awards that she'd have to earn on her own accord, she surely wasn't good enough.

Moreover, Qiao Anxin wasn't obedient at all and wouldn't act according to her manager's plan for her career progression. How was she going to groom her this way?

If she continued to stay in Star Splendor, she'd definitely only have Qiao Anxin alone under her wing.

But she couldn't see any more hope in Qiao Anxin.

"Linda, did you hear me!"

A high-pitched voice rang out by her ear, snapping Linda out of her daze. She looked up and saw Qiao Anxin's angry glare, and then heard her instruct her as if she was a housemaid, "If you can't even get such a simple thing done, then don't be my manager anymore!"

"I don't need such a useless manager!"

Qiao Anxin's attitude was already bad usually, but she'd never gone this far.

This time, she'd lost all rationality after being angered by Qiao Mianmian.

She completely embarrassed Linda.

Linda was a highly-regarded manager in the industry, after all.

Su Ze himself had to put in a few kind words to get her to groom Qiao Anxin alone and no one else.

But now Qiao Anxin was calling her a useless manager.

She'd been tolerating Qiao Anxin all this time only because of Su Ze.

But she couldn't deal with this any longer.

The moment Qiao Anxin said that she saw Linda's face darkened. Linda's attitude and tone changed, and she was no longer as polite as before. "Qiao Anxin, I'm your manager, not your subordinate. Watch your tone."

"W-What did you say?" Qiao Anxin was stunned for a few moments before her expression turned awful. "What's with you, do you have to be so fierce? You're the one who has to watch your tone, not me. I'm your Lady Boss."

"Are you supposed to be talking to your Lady Boss like this?"

"Lady Boss?" Linda finally understood why Qiao Anxin had never treated her like a manager.

She'd been seeing her as a subordinate all this while.

Linda smirked. "Qiao Anxin, if I remember correctly, you're not married to Chairman Su yet, are you? If so, how are you my Lady Boss?"

Linda didn't see a need to mince her words any longer.

She couldn't tolerate Qiao Anxin's terrible temper.

She was bent on giving up this job, even if Su Ze was offended by her decision.

As a highly-regarded manager, it made no sense for her to put herself through all this because of Qiao Anxin.

"Linda, what do you mean by this?" Qiao Anxin could tell that Linda was planning on calling this partnership off. Otherwise, she wouldn't have used such a tone.

Linda eyed her directly. “Miss Qiao’s temper is out of control for me. If you think I’m useless, then get Chairman Su to find you a useful manager. We can end our partnership here.

“I will let Chairman Su know about this personally. I believe that Chairman Su will be able to find an excellent manager for Miss Qiao, one who will act according to all your wishes. But since we’ve been working together for so long, I see a need to offer you some advice. Whether you want to internalize it or not is up to you.”

Qiao Anxin was dumbfounded.

She’d never imagined that Linda would have the guts.

She was Su Ze’s woman, the future Lady Boss of Star Splendor.

Was this small fry not afraid that she’d have Su Ze fire her right away?

Chapter 339: She and Her Manager Are in Conflict?

Linda could guess what Qiao Anxin was thinking. But at this point, she didn’t care anymore.

Since she’d made up her mind, she was ready to face the consequences.

Given her reputation and capability, it wouldn’t be hard for her to find another company after leaving Star Splendor.

There was nothing to fear.

Moreover, she’d been wanting to leave Star Splendor for a while.

Ever since Su Ze took over, her authority had diminished significantly.

She used to have the final say regarding most artistes under Star Splendor.

But now, only Su Ze had the right to make the call. Su Ze was a rather proud man, and he never considered her input.

She’d had her grievances for a while already.

But she’d stayed for the time being, mainly because she did have some sense of belonging at Star Splendor after all these years.

“Qiao Anxin, if you wish to make it big in the entertainment circle, you definitely have to put in more effort and take your job seriously. Otherwise, even if Chairman Su supports you and gives you all the available opportunities, you’d still fall short.

“Also, your looks actually aren’t very suitable for the film and drama industry. I suggest you take on some variety shows and such. You might shine in this area more than you do in acting.”

Linda meant every word she said.

Qiao Anxin’s acting was decent for idol dramas riding on the actors’ and actresses’ popularity.

But for blockbusters or shows requiring more technique, her flaws would only be amplified.

She'd brought this up to Su Ze before, but he supported Qiao Anxin in acting because he said that that was her dream.

Back then, Linda went with it since Qiao Anxin's acting wasn't that terrible, and she had Su Ze's backing. She didn't say anything anymore.

But now that she'd decided to resign, she might as well speak the truth.

Qiao Anxin was furious and addressed her by her full name. "Xie Linda, do you even want to keep your job? Do you know the consequences of saying all these? I just need to put in a word and I can get you out of Star Splendor immediately."

Was this a threat?

Linda smiled and shrugged. "It doesn't matter to me. Those were my honest sentiments. Consider them seriously."

The elevator reached the first floor.

"Ding." The doors opened. Linda walked out without taking a second look at Qiao Anxin's now menacing expression.

Seeing how she just left without a moment of hesitation, Qiao Anxin's jaw dropped.

"Xie Linda, don't you regret this!" She yelled at the distant figure.

There were still a few audition candidates in the main lobby of the first floor.

With Qiao Anxin's current level of popularity, most of them could recognize her.

Linda was also a renowned manager who had a wide network.

Seeing how one of them was still in the elevator while the other was already leaving the building, both of them with awful expressions, those standing around began speculating. "Is that Qiao Anxin? She and her manager are in conflict?"

"It seems like it. She's really got the guts to make her manager this angry. Is she not worried about the consequences?"

"Consequences? I heard the Chairman of Star Splendor is her boyfriend, what does she have to be afraid of?"

"The Star Splendor Chairman is her boyfriend? Do you mean Young Master Su? But I heard that Young Master Su has a fiancée. Is Qiao Anxin the one?"

Chapter 340: Qiao Anxin Actually Dared to Hit Someone in Public?

"I heard that Young Master Su has a fiancée too. He'd even brought her along for some events."

"Then, how did he suddenly become Qiao Anxin's boyfriend? Is she the third party in their relationship?"

The discussion wasn't loud.

But it wasn't especially soft, either.

Qiao Anxin heard it all.

When she heard someone else call her the third party, she stormed towards that person with clenched fists.

"Who are you calling the third party? Su Ze already broke up with his fiancée a long time ago. I'm his official girlfriend. What nonsense are you spouting?!" Qiao Anxin was already Su Ze's girlfriend, but she was still very sensitive to this term.

She couldn't tolerate others calling her the third party.

She yelled at the girl who mentioned it, "This is slander, I can sue you for that."

The girl got a shock.

She was just gossiping and hadn't expected Qiao Anxin to hear her.

Much less come over.

She was about to apologize for jumping to conclusions. However, seeing Qiao Anxin's nasty reaction, she sneered. "If you say so, why do you have to get so worked up? You look so guilty now."

Qiao Anxin's expression darkened. "Who are you calling guilty?"

The girl wasn't some mild-tempered person. Although she now knew that Qiao Anxin was Su Ze's girlfriend, she wasn't afraid at all.

She wasn't a Star Splendor artiste, anyway.

Su Ze couldn't deny her of opportunities, and the Su family wasn't powerful enough to control her, either.

She didn't bother being polite to Qiao Anxin at all. After eyeing her for a while, she smiled. "I'm referring to whoever is getting agitated now. If they haven't done something, there isn't a need to get so uptight over it. I was wondering why somebody suddenly had so many resources and opportunities recently, so it was all because she seduced her boss.

"What a pity. Even if she got the best resources, her talents simply aren't enough."

"What did you say?! Repeat it if you dare!"

Qiao Anxin was treated like a top-tier artiste in Star Splendor.

Even some veteran actors and actresses there had to speak nicely to her.

Meanwhile, the newbies were extremely respectful towards her.

Nobody in the industry dared to show her any unpleasant expressions.

How could she possibly tolerate this newbie artiste telling her off like that?

At this point, she'd lost all rationality due to her anger. Without Linda to hold her back, she raised her arm and gave that female artiste a slap to the face.

A sharp sound rang out.

The girl was completely shocked.

All the other artistes around were also stunned.

Qiao Anxin actually dared to hit someone in public?

Was she mad?

Did she not care about her image?

Qiao Anxin looked at her swollen cheek and smirked. "How dare a newbie to speak to me this way. I had to teach you a lesson."

The newbie artiste was very young, likely under 18.

She was also pampered at home.

How could she take that?

She raised her arm and swung it towards Qiao Anxin's face.

Qiao Anxin evaded it quickly, and the artiste used her other hand instead.

Soon, they were both on the floor, caught in a hustle.

A few of the surrounding artistes tried to pull them apart but failed.
