

Big Shot 391

Chapter 391: You Changed Your Style Today?

After washing up, Qiao Mianmian changed up and went downstairs.

Lei En greeted her. “Good morning, Young Madam.”

Qiao Mianmian smiled and said, “Good morning, Butler Lei.”

“Young Master is waiting for you in the dining hall.”

Qiao Mianmian nodded and headed there.

At the dining hall, she was surprised to see that Mo Yesi had changed up and was sitting at the table.

He was sipping coffee.

The way he held his coffee cup with those slender fingers made him look like a work of art.

But this wasn't the point.

The point was that Mo Yesi was in a dark purple shirt.

He usually only wore black or white tops—white made him appear cold and distant, while black made him look mature and serious. Qiao Mianmian had never thought of how he would look in other colors.

He was very fair, and his features were deep and sharp. At first glance, he looked slightly like a vampire.

But with such a skin tone, a handsome face, and a perfect supermodel figure, he looked good in any outfit.

Qiao Mianmian had never seen Mo Yesi in a dark purple top.

He looked so much better than she would've imagined.

There was a very different vibe about him.

He seemed more fanciful already.

Qiao Mianmian widened her eyes and stared for a few seconds.

“What are you standing there for, come and eat with me.”

She only snapped out of her daze when Mo Yesi called her.

She blinked a few times to make sure that she hadn't seen it wrongly.

Only when she was sure that it was Mo Yesi in that purple shirt did she slowly walk over.

She sat beside him.

Mo Yesi handed her the freshly warmed milk.

Qiao Mianmian drank a bit of the milk and then continued looking at him curiously.

Mo Yesi turned around and pinched her cheek lightly. "What are you looking at?"

Qiao Mianmian looked at the branded shirt he was wearing and asked, "You changed your style today?"

"Mm?" Mo Yesi raised a brow.

"This is the first time I see you in this sort of color." Qiao Mianmian eyed him for a few more seconds, and then went red. "I thought that your entire closet was filled with only black and white clothes."

He seemed especially fanciful and alluring today. She didn't really dare to look him in the eye.

Mo Yesi was speechless.

It used to be the case.

His closet only consisted of two colors: black and white.

The clothes of other colors were only bought by Lei En the previous day. He'd gotten Lei En to go shopping for new clothes for him.

Lei En was an efficient worker. He bought a whole closet of tops and bottoms and hung it for him already.

The top he was wearing was also bought by Lei En only the day before.

Mo Yesi thought for a while before asking, "How do you find it?"

"Ah?"

He coughed lightly and asked, "Does it look weird on me?"

"No!" Qiao Mianmian quickly said. "It looks good on you."

The man was a little taken aback. His lips then curled up as he asked once more, "Does it really look good on me?"

"Mm, really!" Qiao Mianmian stuck out three fingers to show that she was speaking the absolute truth.

"You look so good in this, it suits you! Actually, I feel like you can try out other styles. Of course, I'm not saying that you don't look good in black and white. It's just..."

Chapter 392: Girls Get Turned off by This Very Easily

She tried to find the words for it and continued, "You're so handsome, anyway. It'd be such a waste of your looks and figure if you don't try out other styles."

Mo Yesi stiffened for a while, his hand holding the cup of coffee suspended in the air. He then broke into an attractive smile and said, "So, you think I'm very handsome and have a good figure?"

Qiao Mianmian didn't know how to respond.

"How handsome?" The man leaned in closer and whispered by her ear. "Handsome enough to entrance you? Handsome enough for you to accept me right away so we can start properly dating?"

There was no response.

Qiao Mianmian suddenly recalled their deal the previous night.

Mo Yesi was supposed to pursue her.

And it was supposed to start today.

They weren't a couple yet, supposedly.

She'd almost forgotten this.

Since he was supposed to be pursuing her, Qiao Mianmian had to make things a little difficult for him.

How could she give in so easily?

She teasingly pushed him away and said, "Mr. Mo, please watch yourself. I haven't accepted your request yet, so don't engage in such ambiguous acts.

"Do you know what this is called?

"Harassment.

"It's a taboo for this period. Girls get turned off by this very easily."

Mo Yesi was speechless.

Qiao Mianmian was very amused by his lost expression. "Don't you forget, you were the one who said you wanted to pursue me yesterday. You're not to get touchy with me until I've accepted you."

Mo Yesi was speechless.

"Oh, right. Since we aren't a couple, we shouldn't be sleeping together too. I'll get Butler Lei En to move my stuff to the guest room later."

Mo Yesi was speechless.

He couldn't hold it in any longer. He furrowed his brows and asked, "We're sleeping separately?"

Qiao Mianmian nodded. "Yup. Given our current relationship, it's not appropriate to sleep together."

Mo Yesi's frowned even harder. "I don't feel like going on with this."

He felt bad enough that he couldn't be intimate with her.

Now he couldn't even share a bed with her?

"You can't do that." Qiao Mianmian was about to burst out laughing. "You have to carry out what you promised. Mr. Mo, do you not have this little bit of patience at all? Or... do you not have confidence in your own charm?"

Mo Yesi looked at her strange act and sighed helplessly. "Then, you have to promise me something."

"Mm, go on." She wanted to know what it was.

“You can’t deliberately make things difficult for me.” He sounded worried. “What am I supposed to do if you don’t accept me even after a year?”

Qiao Mianmian thought about it and then nodded. “Alright. Deal. I promise I won’t drag it on unnecessarily.”

“One more thing.”

“What?”

“In this period, you can’t have any ambiguous relationship with any other man.” He seemed a little possessive now. “You’re already my wife, so you can only have me pursue you and no one else.”

Mo Yesi didn’t seem too confident of Qiao Mianmian.

Chapter 393: Sister, Are You Serious?

There were so many good-looking men and women in the entertainment industry. It wasn’t uncommon for sparks to fly.

Many actors and actresses would even get together after having acted in the same show.

He’d also heard the news of these actors and actresses divorcing their husbands or wives after working with another colleague.

There were too many such examples.

His Baby was so beautiful inside and out, and he loved her so much for it, why wouldn’t others?

He really was worried about things on her end.

“I know that even without you telling me.” Qiao Mianmian nodded. “While we’re still officially married, I won’t do anything that embarrasses you. Don’t worry about that.”

Mo Yesi felt uncomfortable upon hearing this.

Did she mean that she’d consider accepting other men if they weren’t married anymore?

Even though it was logical, he wasn’t able to accept this.

She was his.

And she would be for the rest of her life.

Besides him, she couldn’t have any other man by her side.

...

Qiao Chen had to return to school after his discharge.

Qiao Chen got out of bed not too long after Qiao Mianmian came down.

Qiao Chen's school was just two streets away from Qiao Mianmian's. After breakfast, Mo Yesi sent the siblings to school together.

After a day of rest, Qiao Chen appeared to be a lot better.

He seemed less tired and restless than the previous day.

After getting in the car, Qiao Mianmian said to Mo Yesi in the driver's seat, "Mr. Mo, thank you for sending Chen Chen and me to school."

She sounded very polite and overly civil.

Qiao Chen sensed something wrong and frowned. "Sister, what did you call Brother-in-law?"

Qiao Mianmian smiled. "Mr. Mo."

Qiao Chen asked, "... Since when did you become so polite to Brother-in-law?"

This wasn't how they used to interact.

Qiao Mianmian smiled and was about to tell him about Mo Yesi pursuing her. But Mo Yesi beat her to it. "I'm pursuing your sister."

"What?" Qiao Chen was extremely confused. "Pursuing my sister?"

"Yes."

Qiao Chen was speechless.

Weren't they already married?

What kind of operation was this?

"Sister, what happened between you and Brother-in-law? What do you mean?"

"It's exactly what it sounds like." Qiao Mianmian explained it to him, "Your Brother-in-law and I got married very soon after we met each other. He feels that he owes me a proper dating experience, so he's making it up to me now."

"Our status for the moment isn't husband and wife, and we aren't even dating yet. So, maybe you shouldn't call him Brother-in-law for now."

Qiao Chen was speechless.

What nonsense was this!

"Sister, are you serious?"

"Yup." Qiao Mianmian grinned. "I'm serious. You can call him Mr. Mo too, or Young Master Mo, or even Chairman Mo. When we're a couple again, you can change it back to Brother-in-law."

Qiao Chen was speechless.

Was this some kind of romantic idea between his sister and Brother-in-law?

They were already married, and they were starting from scratch now?

He found this a little... tacky.

But since they seemed to be rather immersed in their new characters, what was he to say anything as an outsider?

After all, this marriage was indeed a little rushed.

Chapter 394: It Seemed Like He Really Hated Her

Although his Brother-in-law doted on his sister, and she had married the right person, both of them didn't have a "normal" marriage.

Since his Brother-in-law wanted to make it up to her now, he should just let him be.

...

When Qiao Chen alighted from the car at his school, another luxury car drove over.

It was a black Bentley, stopping not too far away. Qiao Chen stopped in his tracks as his hand tensed by his side.

He felt people looking at him from behind.

But he didn't turn back.

He chose to hurry off into the campus instead.

A few meters behind him.

Shen Xin had just alighted from the car. Her eyes were red, and she was biting her lip.

The chauffeur opened the umbrella and shielded her from the glaring sun.

Shen Xin was vain.

In summer, she wouldn't stop at applying sunblock all over. She had to shield herself with an umbrella as long as she was outdoors.

Getting tanned was a no-no for her.

The chauffeur saw that she looked a little off and asked out of concern, "Second Miss, are you alright?"

Shen Xin did not say a thing.

She stiffened when she saw Qiao Chen.

And she only shifted her gaze when Qiao Chen had vanished from her visual field.

She stood there for a bit longer and took a deep breath, forcing her tears back. Then, she walked out from under the umbrella.

The summer glare was scorching.

The rays poured all over her.

The chauffeur hurriedly caught up and put the umbrella over her head.

But Shen Xin put her hand out and said hoarsely, "It's alright, Uncle Zhao. You can go back."

The chauffeur was shocked by Shen Xin's unusualness today. He wanted to hand her the umbrella. "Second Miss, hold this then. Don't bask in the sun."

The chauffeur knew how afraid Shen Xin was of getting in the sun.

This Second Miss was about the same age as his daughter, and they were both rather conscious about their looks. They used umbrellas whenever they were outdoors, all year round.

Not to mention during summer.

Shen Xin looked at the umbrella and shook her head. "No need."

The chauffeur was stunned. "Second Miss, you..."

It was so bright and sunny today.

His Second Miss actually didn't want the umbrella?

This was a first.

What happened to her?

Should he let Master or Madam know about this? Or perhaps First Miss?

Shen Xin didn't say anything more. She turned to look at the path Qiao Chen had taken and went a little pale, and then walked into the campus restlessly.

Had Qiao Chen... seen her?

She felt like he did.

But he didn't turn back. He just walked off.

It seemed like he really hated her.

He was just being nice in the past and rejecting her tactfully so as not to trample over her dignity.

But she...

She actually thought that meant he had some interest in her.

And she went on to harass him for three years.

She thought she'd eventually move him with her determination.

But, in fact, he'd been annoyed by her for the longest time.

And this time, he'd reached his limit. He had to spill everything he'd been feeling about her.

Shen Xin had her pride.

She'd harassed him also because she thought that Qiao Chen liked her, but was too conscious of the difference in their backgrounds and status to accept her.

Chapter 395: He Was Just Making His Life Difficult

She understood already. Even though she had feelings for him, she would never bother him again.

She decided to give up.

It was just that this was not an easy decision for her.

It hurt too much.

She loved him wholeheartedly. It was as though her world revolved around him. It was going to be really hard to give up just like this.

She felt that she would never love someone to this extent ever again.

Ever.

Going through this pain once was enough.

She never wanted to experience it again in her life.

However, she never regretted her decision.

...

Mo Yesi sent Qiao Mianmian back to school.

When the car stopped, Qiao Mianmian unbuckled her safety belt. As she opened the door, she looked up at Mo Yesi, smiled, and said, "Mr. Mo, this is my school. Sorry for the trouble and thanks."

Mo Yesi was speechless.

Suddenly, he became Mr. Mo, a person pursuing her, again. She was treating him so politely as well that he was uncomfortable about this sudden change.

But it was obvious that this ungrateful girl was handling things quite well.

She said "Mr. Mo" so naturally.

As he thought about it, Mo Yesi felt annoyed.

He seemed to be the only person unsatisfied with their current relationship.

"Don't mention it, Miss Qiao." Since he already agreed to pursue her, Mo Yesi was going to uphold his promise despite his unhappiness.

When she heard Mo Yesi address her as "Miss Qiao," Qiao Mianmian smiled and replied, "Thank you, nonetheless. I'll go off now, Mr. Mo. Let's keep in touch by phone?"

Mo Yesi replied, "Erm... Can I send you to your dormitory?"

"It's fine," Qiao Mianmian replied after thinking about it. "I think we should keep a low profile. We will attract too much attention if we go together."

Mo Yesi gritted his teeth. "Since when do we attract too much attention?"

Qiao Mianmian replied truthfully, "You're too handsome."

There was no response.

"I'll leave, then."

Even though she couldn't see his expression, she could feel a strong sense of bitterness emerging from Mo Yesi.

Before he could say anything, she left the car.

After she got off, she knocked on the window. When it wined down, she smiled at Mo Yesi, who was still bitter, and said, "Goodbye, Mr. Mo."

Mo Yesi looked at the pretty face outside of the car window. He took a deep breath and asked, "You're just going to leave like this?"

Qiao Mianmian asked, "Then what?"

Mo Yesi pouted. Unhappy, he asked, "You aren't going to kiss me goodbye?"

They would always kiss before departing in the past.

Qiao Mianmian's grin widened as she said slowly, "Mr. Mo, I have never agreed to be in a relationship with you. Do you think that I will kiss you goodbye?"

Mo Yesi was speechless.

"I'll be leaving, then."

Qiao Mianmian was delighted when she saw Mo Yesi so upset. She covered her mouth to hide her smile. She turned around and waved at him again before running into the school.

In the car, Mo Yesi was still upset. He completely regretted agreeing to pursue her.

He was just making his life difficult.

Chapter 396: You've Been Sabotaged

His wife would always let him hug her or kiss her whenever he wanted to.

But now, even hugs and kisses had become simply a dream to him.

However, he had already agreed to this and couldn't back out now.

The only thing he could do was to put on his best behavior and perform well so he could quickly succeed in "pursuing" her.

...

After Qiao Mianmian returned to school, she sent a quick text to Jiang Luoli and headed straight to the library to find her.

She wasn't sure if it was her own illusion.

But everyone seemed to be staring at her once she walked into the library.

They all seemed to be discussing something under their breaths.

Qiao Mianmian was always a high-profile and well-known person in the whole campus, as she was known to be the "beauty queen" of the performing arts faculty.

Plus, most people knew that she had a rich second-generation heir as her boyfriend. So, naturally, many people knew of her or had heard of her.

But their gazes towards her today were vastly different from the past.

She had a strange feeling in her heart as she walked another round around the library before finding Jiang Luoli.

"Baby, I'm here."

Jiang Luoli waved as she spotted her.

As Qiao Mianmian made her way over to her, Jiang Luoli removed the bag she placed beside her to reserve the seat for Qiao Mianmian.

She waited for Qiao Mianmian to be seated.

Pulling her over immediately, Jiang Luoli spoke with a suppressed voice. "Baby, you've been sabotaged by someone. Have you seen the post on the online student forum page?"

Qiao Mianmian's expression blanked. "What post?"

Jiang Luoli was silent for a moment. "You haven't seen it yet? Someone posted some bad rumors regarding you on the school forum page. That post has over a thousand views and re-posts as of now. I have a major suspicion that whoever did this bought over some people for fake comments. Everyone commenting on the post is scolding you."

Jiang Luoli couldn't contain her anger as she spoke about it. "What the hell! I don't know which bastard is purposely out to screw you over! Those bad rumors that the person posted are so unbelievably ridiculous and are just trying to bring you down."

Qiao Mianmian was speechless.

No wonder everyone's gaze towards her when she walked into the library just now felt so weird.

So, all this was because someone sabotaged her?

Qiao Mianmian immediately whipped out her phone, logged into the school forum page, and saw the notorious post right away.

As many people viewed and re-posted it, it was high up on the trending list and was easy to find.

The caption caught her attention at once—

[Breaking News! The Pure And Innocent Beauty Queen Of The Performing Arts Faculty, Qiao Mianmian, Is Actually A Fully Experienced Woman Who Got An Abortion Back In High School? Would You Dare To Believe It?]

Qiao Mianmian felt something stuck in her throat as she read the caption itself.

Jiang Luoli reached over to pat her shoulder. “Calm down, don’t panic. Are you sure you want to see what’s written? I’m afraid you won’t be able to take it.”

The content was much worse than the caption itself.

When Jiang Luoli first saw this post, she was so furious she wanted to stab the person who posted it in the back.

How much more furious and upset would Qiao Mianmian feel when she saw it herself?

But she had to tell her about this matter.

As the post got more popular, more people scolded Qiao Mianmian in the comments section.

If they were to just let this post spread like this without doing anything, it would definitely affect Qiao Mianmian greatly.

People always easily believed in rumors.

Even if evidence was insufficient, as long as the rumor spread widely enough, it would slowly turn into fact by the end.

It would then be way too late to stop it.

So, she had to tell Qiao Mianmian about it first.

Her best friend now had a sturdy and reliable person to back her up. She was very certain that her male God would help Mianmian to settle everything cleanly.

Qiao Mianmian took in a long and deep breath to calm herself down before she spoke. “Yup, I want to see it. I am actually curious to see what these people are saying about me.”

Chapter 397: Is It Really Okay to Spread Such Rumours About a Girl?

“Alright. Take a look, then.” Jiang Luoli warned her. “Just try to stay calm. Don’t take it too seriously.”

If not, she would be so furious.

Qiao Mianmian nodded. “I know.”

She clicked on the post and spent two full minutes reading everything.

Even though she mentally prepared herself beforehand, her blood still boiled by the time she finished reading the entire post.

She was so angry she couldn't even find any words to speak.

The owner of the post set herself up to be one of her schoolmates back in high school and claimed that Qiao Mianmian had not only dated numerous guys, but all of them were rich and powerful second-generation heirs. She even aborted the child of one of the second generation heirs that she dated.

After the abortion, she rested for one entire month. The person claimed that everyone in her class knew that she took one month off from school, that you could ask anyone in her class and they would tell you it was true.

Someone asked in the post about how the owner of the post got to know about her abortion, which was such a private and secretive matter.

The person replied that one of Qiao Mianmian's classmates' mother was a doctor, and when that classmate went down to the hospital to find her mother, she personally witnessed Qiao Mianmian walking into the gynecologist's office.

About an hour later, she saw Qiao Mianmian walking out of the office with her hands wrapped around her stomach and her face pale.

If it was just a normal female sickness or disease, you wouldn't need to rest for an entire month.

Only a major operation such as abortion would require such a long period to rest and fully recuperate.

The post even claimed that Qiao Mianmian packaged herself with the image of a pure and innocent girl in order to attract the second-generation heirs.

Su Ze was one of the heirs who was seduced by her.

And Mo Yesi, who was seen in school a few times before, was her new target.

The owner of the post also claimed that she broke off with Su Ze only because she managed to seduce another heir that was much richer and powerful than him.

So, she dumped Su Ze straight up.

A woman's jealousy could be very powerful.

When Qiao Mianmian was dating Su Ze previously, many girls grew jealous of her and all said that Su Ze was her sugar daddy or some sort.

Only after Su Ze personally appeared in school as her boyfriend to give her a ride did the rumors of him being her sugar daddy slowly die down.

Qiao Mianmian had numerous suitors in school, and all the guys she dated were handsome and rich. When it was made known that she had broken up with Su Ze, many girls were secretly glad that it happened.

However, Mo Yesi appeared not long after before the girls could even celebrate.

Moreover, Mo Yesi was even more handsome, charismatic, and dashing as compared to Su Ze.

When he had treated the girls in the same dorm to a meal previously, he picked them up with a Rolls Royce driven by a chauffeur.

Everyone could tell that her new boyfriend was filthy rich.

Just as the bunch of girls thought that Qiao Mianmian was going to suffer alone after losing such a rich second-generation heir like Su Ze, Mo Yesi's appearance felt like a slap to their faces.

They all naturally grew even more jealous of her.

They were all excited when this post appeared on the forum.

There were so many comments scolding Qiao Mianmian in the comments section, and it was obviously all written by girls judging from the tone and word choices.

Occasionally, a few people tried to speak up for Qiao Mianmian, but they all got shot down so badly by the other students.

For example:

Just a little pony: [Shouldn't you only post facts when you wanna do an expose like this? Just because you say that she had an abortion doesn't mean she really had one. Is it even okay to spread such bad rumors about a girl? I don't know Qiao Mianmian personally, and I've only heard of her. Looking at it from an objective point of view, I don't think this post is very reliable or believable, honestly.]

This comment was immediately shot down and attacked by everyone else.

An objective ID: [I disagree with the comment above. I feel like this post is very reliable and believable. Didn't the owner of the post even say that every single person in her class knew about the fact that she took one month off of school?]

Chapter 398: Mianmian, Don't Do Anything Rash

[If you want the truth, shouldn't you go to her previous school to find out? Also, if she really went to the gynecologist and rested for a month afterward, she must have gone through an abortion.]

Qiqi is always eighteen years old: [Let's look at things from another perspective. She just broke up with her previous boyfriend a while ago and got another guy so quickly. If she was serious in her past relationship, she couldn't have moved on this quickly. This clearly shows that she didn't truly love her previous boyfriend. If she didn't truly love him, why was she together with him? I guess it's pretty obvious.]

Qiao Mianmian white lotus: [I agree. I've heard that her previous relationship lasted for quite a few years. She didn't even appear sad from the breakup, and she found such a rich guy so quickly. I think this goes in line with the post's owner's information that she specifically looks for rich second-generation heirs.]

Pretty women are not as great as fried chicken: [To be frank, I'm aware of Qiao Mianmian's history all this while. My friend was from the same high school as her, and he said that her private life was quite scandalous. She isn't as innocent as she looks, and she has been in relationships with a lot of rich guys. I'm not so sure about her abortion, though.]

As soon as the reply appeared, another "insider" commented: [My cousin was from the same school as her. Her private life is indeed scandalous. She's a slut. She even seduced a guy that my cousin liked.]

The two "insiders" immediately gave credibility to the post.

Scolding a bitch: [Damn! I didn't know Qiao Mianmian was so slutty. Seems like sluts nowadays all look quite innocent. I can't understand why guys can't see through their disguise and still treat these sluts so well.]

I'm just a passerby: [I think she's the epitome of a slut. I'm pretty sure girls can easily tell if another is a slut. But guys really can't tell. I have tried to warn them not to approach these sl*ts in the past and got reprimanded for my attempt. I'm certain that even if this post is seen by the guys, they would choose not to believe it and still think that Qiao Mianmian is a virtuous and pure goddess.]

Have you taken your medication: [Hehe. Men are stimulated by their eyes. So long as you're beautiful, they don't care if you are a slut or not. But Qiao Mianmian is really pretty. I'm a girl, but I also find myself attracted to her sometimes.]

Defeat the sl*ts: [So what if she's pretty, she must have hooked with countless guys already. Don't think that guys are all stupid and can't see through her disguise. Rich people are really smart. They're most probably just toying around with her. Who cares if she's a slut or not. In fact, the more slutty, the better. They would be better in the sheets.]

Qiao Mianmian looked at the comments and then expressionlessly put her phone down.

"Don't do anything rash, Mianmian. What they said is nonsense," Jiang Luoli said softly, trying not to trigger her friend. Her calm state now seemed like the calm before the storm.

She didn't look angry. Her expression was calm.

She put down her phone, turned, and asked, "Who do you think created the post?"

Chapter 399: Oh, Our Beauty Queen Is Back?

"Huh?" Jiang Luoli was stunned. She thought for a while and replied, "There aren't a lot of people openly hostile towards you. Shen Yueyue and Zhao Wanting are still in custody, so they couldn't have posted it. It might be Bai Xiao.

"This post was created last evening. We argued with Bai Xiao before the post was released. She also said some nasty things. Don't you think that the speech pattern of the post creator is similar to Bai Xiao's?"

"I think... there's a high chance that it's her."

Qiao Mianmian nodded and said, "Yes, I think so too."

Bai Xiao was definitely the prime suspect.

But, Bai Xiao couldn't be so stupid.

Bai Xiao couldn't have misunderstood that she would be the prime suspect if something like this happened.

If she wanted to destroy her, she wouldn't do it now as well.

It would've been too easy.

"Wouldn't it be too obvious if she chose to do this now?" Qiao Mianmian asked.

Jiang Luoli was slightly shocked. "That's true as well. Now that I think about it, it might not be her. But who else would write such things about you?"

Qiao Mianmian shook her. "I don't know."

"Baby, what are you going to do?" Jiang Luoli asked. "The post is gaining traction. Bad news spreads really quickly. Some people might actually believe it."

Even though they knew that the content was false and defamatory.

But the public didn't know any better.

People would really believe that Qiao Mianmian had a scandalous past and even got an abortion.

A rumor like going through abortion was really defamatory for a girl.

And it would really tarnish her reputation.

Especially for her since she was still in the honeymoon period with her Prince Charming. If he were to see this post, it would definitely strain their relationship even if he trusted her.

If he was insecure, he might even break up with her over this.

The post creator was a really horrible person.

Qiao Mianmian thought for a while, smiled, and said, "Find the person behind it all, of course."

Jiang Luoli nodded. "I agree. But how? Should we ask Prince Charming?"

"No need for that." Qiao Mianmian smiled again. Her anger reached a point that she managed to calm her emotions down. "No need to trouble him. Chen Chen can settle this for me."

"Chen Chen?" Jiang Luoli was shocked. "Are you planning on...?"

"Luo Luo, have I told you that Chen Chen is not just a good gamer, he's quite good with IT as well?"

"No. Are you telling me that Chen Chen is a hacker?"

"He's not that good." Qiao Mianmian laughed as she picked up her phone and looked coldly at the post.

"But he can easily find the IP address of the post creator."

She was really curious about the identity of the post creator.

“That’s great. Send him a message and ask him to figure it out. I can’t wait to find out who that bitch is and murder her.”

...

The two of them stayed in the library for a while longer and then headed to class.

On the way, they met Bai Xiao and Zhang Yuwei.

When they met, Bai Xiao scoffed and looked at her with disdain. “Oh, our beauty queen is back?”

Chapter 400: The Whole School Is Now Aware of Your Scandalous Past

“The beauty queen is right. We should make use of our beauty as an asset to hook up with rich second-generation heirs. Why are we not as good looking as her? We could have never hooked up with them in high school. Isn’t that right, Yuwei?”

“That’s right. When we were still in high school, we were so caught up with the studies that we were practically nerds. The thought of hooking up with rich second-generation heirs never crossed our minds. Our high school would have never been as ‘fulfilling’ as hers.”

“Hehe. Even if you have to hook up with them, you could never have done that with that face of yours. Someone can just jump from one rich second-generation heir to an even richer one. I don’t think you’re so capable.”

“Using your beauty as an asset isn’t something everyone can do. Would you go for an abortion while you’re still underage?”

Zhang Yuwei was shocked. “Abortion while I’m in high school? No way, my parents would kill me.”

“Me neither. My parents would kill me as well. But some people dare to do such things. Maybe they were brought up in that kind of environment. They must be used to it.”

“Bai Xiao and Zhang Yuwei, you two better...”

Jiang Luoli pointed at both of them and suppressed the urge to beat the crap out of them.

“Luo Luo!”

Qiao Mianmian held her back as she looked at the two of them nonchalantly and softly said, “I’m glad you two know that you are not attractive. I would advise you to be less mean, considering your ugliness.

“Envy can cause one to become ugly. An envious woman will become more and more ugly to the point where plastic surgery can no longer help.”

“Qiao Mianmian, what do you mean!”

No woman could stand others calling her ugly.

What Qiao Mianmian said triggered Bai Xiao, and she was prepared to fight with Qiao Mianmian.

Jiang Luoli immediately protected Qiao Mianmian and said coldly, "If you dare lay your hands on her, I will beat the crap out of you even if the school punishes me."

Jiang Luoli was 1.7m tall, and she was also strong. Bai Xiao was definitely no match against her.

Qiao Mianmian was quite a good fighter as well. She would win against most girls.

Bai Xiao suppressed her anger as she knew that she couldn't win against both of them.

She took a look at Qiao Mianmian, who was partially blocked by Jiang Luoli and scoffed coldly. "Yes, we aren't as attractive as you. But at least we know what is self-love. We would never do something so disgraceful.

"As for us being envious of you, what would we be envious of you, Miss Beauty Queen? Envious of your good looks, your scandalous past, or envious of you having an underage abortion?"

"Why are you glaring at us? We weren't the ones who started it. The whole school is now aware of your scandalous past. If you don't want others to comment, you shouldn't do such disgraceful things from the start."

There was something on Zhang Yuwei's mind.

No matter what kind of past Qiao Mianmian had.

Someone had her back now.

Furthermore, no one knew who that guy was, but he was capable of keeping Shen Yueyue in custody.

Rumor had it that the Shen family tried pulling some strings to no avail.
