

## Big Shot 811

### Chapter 811: I Want Her, She's My Woman

Mo Shixiu's expression darkened as soon as Assistant Xu finished speaking. "I know what happened best. It was my fault for touching her first. Last night... she was a victim. I won't allow you to be so rude to her again."

"But Sir Minister, she..."

"Assistant Xu, I don't want to repeat the same words again." Mo Shixiu lowered his voice. "No matter what, if I take her, she'll be my woman. Try being rude to my woman again."

Assistant Xu was shocked and kept quiet.

Oh no.

Judging from the minister's reaction, could it be that he had taken a liking to the girl from last night?

Alright, he had to admit that the woman was good-looking and had a good figure.

Her looks were considered top-notch.

But so what if she was beautiful?

With his boss' status, did he still need beautiful women?

Hence, the minister must not be so protective of her because of her looks.

Just because... he slept with her?

Assistant Xu felt that this was more likely.

After all, his Minister was almost 30 years old and was still a virgin.

Hence, he must have a deep impression of the woman who took his virginity and gave him his first time.

Although men didn't value their first time as much as women, their first time had a different meaning to them.

They often had a deeper impression of women who they first slept with.

No matter how impressive his Minister was, he was still a normal man.

So...

But Assistant Xu felt bad for him.

Why was he thinking about such a materialistic woman?

"I gave her that money willingly, and she deserved it. Under normal circumstances, I should be responsible for taking her virginity, but... so that money can be considered compensation for her.

"No matter what, she should be able to lead a good life."

“You’re right, Minister.” Assistant Xu dared not express his dissatisfaction.

The minister had already said that she was his woman.

Was he courting death by going against the minister’s woman?

Mo Shixiu looked down and recalled the scene from last night.

His heartbeat, which had always been steady, accelerated again.

He was drugged last night, but that didn’t mean he couldn’t remember anything.

In fact, he remembered many things clearly.

For the first time in his life, he felt that it wasn’t a good thing to have a good memory.

The consequence of remembering what happened last night was that he couldn’t focus on his work for the whole day.

That woman’s shadow would always appear in his mind.

It disturbed his thoughts and made him unable to work normally.

This was something he’d never encountered before.

He didn’t know what to do.

“Minister, I know you have a special impression of that woman. I also believe that she had nothing to do with you being drugged last night. But just to be safe, I think we should investigate her.

“Firstly, after we get to the bottom of it, if what happened last night had nothing to do with her, it’d be best. If it has something to do with her, we can start from her and find out the mastermind.”

### **Chapter 812: Perverted**

Seeing that Mo Shixiu was looking at him expressionlessly, Assistant Xu immediately explained, “I’m not suspecting her. It’s just that everyone around you should be investigated properly. We’ve always done this before.”

He emphasized the last line.

He just wanted to tell Mo Shixiu that she couldn’t be special just because he slept with her.

He trusted him unconditionally.

He wasn’t like this in the past!

Mo Shixiu knew what he meant too. He stared at him expressionlessly for a while before replying calmly, “Mm, go ahead.”

Assistant Xu heaved a sigh of relief.

Thankfully, the minister was rational and didn’t become a pervert.

“Then, Sir Minister, I’ll...”

Mo Shixiu looked up and frowned. "She might be unwell from last night. Go look for her again."

Assistant Xu was stunned. "Are you referring to the lady from last night? Why... am I looking for her?"

He had given her all the money she needed.

From now on, they would cut all ties and never interact with each other again!

Why would he still look for her?

"Mm. Find her and ask if she has anything else she wants."

Assistant Xu was confused.

What did he mean?

He'd already given 50 million!!

And now he was asking if she wanted anything?

Was he trying to give her more momentum?

No way.

Did he really fall in love with her after just one night?

"Sir Minister... do you still want to compensate that lady?"

Mo Shixiu narrowed his cold eyes and kept quiet for a while before nodding. "I feel guilty. I'll only feel less sorry if I give her more compensation."

"But you've already given her 50 million yuan, Minister. That's a lot of money, enough for an ordinary person to live comfortably for the rest of their lives. I don't think there's a need for any additional compensation."

He felt that it wasn't worth it to compensate such a materialistic woman!

He'd rather donate that money to the poor mountains.

"Just go if I tell you to." Mo Shixiu glared at him coldly and said unhappily, "Why are you talking so much nonsense. You seem to have something against her?"

"... No."

Assistant Xu quickly denied it. "I just feel that 50 million is more than enough. If you give her more compensation, she'll feel that your money is easy to get. She'll inevitably ask for too much."

If it was anyone else, Assistant Xu wouldn't be so worried.

But that woman...

She was so materialistic. If she were to ask for compensation, she would definitely ask for too much.

"What are you worried about?" Mo Shixiu pursed his lips and said coldly, "No matter how much she wants, I can give it to her. I hope she can get more. That way, I'll feel better."

Assistant Xu was speechless.

Oh no.

His Chief must have been tricked by that girl.

Why did it seem like he was possessed?

If he hadn't heard it with his own ears, he wouldn't have believed that such words came from his Minister.

He knew that he would be scammed, but he still wanted to do it?

He felt better after being tricked.

He couldn't understand him.

He felt that last night... was too much.

"What are you waiting for? Hurry up."

### **Chapter 813: Your Eyes Are Almost on Others**

Mo Shixiu looked at his subordinate in disdain. Recalling his attitude just now, his eyes turned cold. He reminded him sternly, "Remember to be polite to her."

"... I understand, Minister."

...

When Assistant Xu found Jiang Luoli, she and Qiao Mianmian had just walked out of the pharmacy.

Assistant Xu lowered the car window and greeted her. He glanced at the box in her hand and saw that she was holding a morning-after pill.

Assistant Xu was shocked.

Morning-after pill?

Didn't the Minister take any contraceptive measures last night?

But if he hadn't taken any contraceptive measures, why hadn't he mentioned it to him?

Wasn't he afraid of making her pregnant?

Things would get complicated.

What if that woman went into hiding to give birth to the child and used it to threaten him?

This was highly possible.

The minister was going to run for president.

Having a child before marriage was definitely a stain to him.

Fortunately, that woman was self-aware and knew to buy medicine.

It would be dangerous if he met a woman who wanted to use her child as a stepping stone.

Because of the morning-after pill, Assistant Xu didn't dislike Jiang Luoli anymore.

His impression of her improved a little.

Although she was a money-grubber, she wasn't hopelessly greedy.

When they got closer, Assistant Xu honked and got out of the car when Jiang Luoli saw him.

Bam! He got out of the car and slowly walked towards her.

"Miss Jiang, we meet again."

Assistant Xu then glanced at Qiao Mianmian and couldn't help but look at her for a few more seconds.

"What are you looking at?"

Assistant Xu didn't like Jiang Luoli.

Similarly, Jiang Luoli didn't like him.

Her tone wasn't any better when she spoke to him.

She looked fierce, and her tone was extremely rude. "Look at your lecherous expression. Let me tell you, my sister is already taken. Don't even think about hitting on her."

Assistant Xu was so angry that her mouth was a little crooked. "You..."

He was about to flare up at her when he recalled Mo Shixiu's instructions and swallowed the words that were about to come out of his mouth. "It's only natural to admire beautiful things. Miss Jiang, you're overthinking it."

"Hehehe, is that admiration?" Jiang Luoli said bluntly. "Your eyes are almost glued to someone else."

"You..."

Assistant Xu took a deep breath and clenched his fists. "Forget it, I won't stoop to your level. Do you have time now? Let's talk."

"Talk?"

Jiang Luoli looked at him strangely. "What else do we have to talk about?"

Could it be that his owner regretted it and wanted to take the 50 million back?

At this thought, her expression changed drastically. "If you want to take the check back, I'm sorry, we don't have anything to discuss. What you gave me is mine, I won't return it."

Assistant Xu was speechless.

He knew that this woman was greedy!

Look at her greedy face!

Besides being good-looking, what other good points did she have?

### **Chapter 814: Nothing But Beauty**

The minister actually took a liking to this woman who only had a beautiful face!!

When did his Minister become so superficial?

“Miss Jiang, I’m not here to get the check back from you.” Assistant Xu took a lot of effort to suppress his anger and the urge to scold her.

He had always been a gentleman.

This was the first woman he couldn’t control his emotions with and even wanted to scold.

She was too weird.

But she was so lucky to have met with such a good thing last night.

If she hadn’t planned this beforehand, she was really lucky.

Many women admired their minister, but they could only watch from afar, not daring to take a step closer.

This was because the minister was like a god above everyone else.

A man like him was obviously not attracted to women.

But who would have thought?

The minister had been a virgin for almost 30 years. He would have lost it last night.

And he lost it to such a woman!

He felt bad for the minister.

“You’re not here for the check?” Jiang Luoli’s expression softened a little when she heard that, but she still didn’t look pleasant. She said coldly, “Then, what are you here for? Didn’t you say that you wouldn’t contact me again after you gave me the money?”

Assistant Xu gritted his teeth. “Master asked me to look for Miss Jiang and ask if you have any other requests. As long as it’s not too much, he can satisfy you.”

Assistant Xu added the last sentence.

Mo Shixiu had never said such a thing.

Assistant Xu was afraid that Jiang Luoli would ask for too much. Although the Minister was rich, he couldn’t be so willful towards this woman.

Jiang Luoli was shocked.

She was stunned for a few seconds before frowning. “Didn’t you already give me money?”

Assistant Xu said, "... Yes. But my master is kind-hearted and still feels that he has let Miss Jiang down, so he hopes that you can make other requests. He will try his best to satisfy you. Miss Jiang, you can think carefully if you have anything else you need.

"Of course, my master's abilities are limited. So, I hope that Miss Jiang's request is reasonable. It's better for everyone."

Jiang Luoli kept quiet.

Assistant Xu waited for a while, but before she could respond, he frowned again. "Miss Jiang, have you considered it?"

Jiang Luoli looked up. "No need, I don't have anything I want. Also, is your master so ugly that he can't see anyone? If he doesn't dare to say anything to me, why does he have to have an assistant like you to relay it to him?"

"What did you say? My family head isn't an ugly person. Master is handsome, elegant, and impressive. I don't know how many women admire him." Assistant Xu frowned when he heard that Mo Shixiu was an ugly person.

Even as a man, he was shocked by his Chief's face.

This gold digger actually said that the Minister was ugly.

This was intolerable!

"Ha." Jiang Luoli scoffed. "Come on, he doesn't even dare to show his face. If he isn't an ugly freak, then what is he? What happened last night... he doesn't have anything to be ashamed of. After all, he didn't force me."

### **Chapter 815: Don't Look for Me Again**

"I'll take the cheque. As for the rest, forget it. Go back and tell him that he doesn't have to feel sorry for me. Although his skills are terrible and it makes me feel terrible, I won't blame him for that 50 million.

"We'll be strangers from now on."

"Cough, cough, cough." Assistant Xu widened his eyes and coughed violently.

He stared at Jiang Luoli in disbelief as if she was a monster.

In fact, in Assistant Xu's heart, Jiang Luoli was really like a monster now.

He'd never seen a woman talk about such private matters in public.

And she looked so nonchalant.

It was as if they were discussing the weather.

Moreover, what was even more intolerable was that she actually said that the Minister's skills were terrible!

Alright, last night was the minister's first time.

It was the first time that a man was inexperienced, so it was inevitable that he would perform a little badly.

But how could she say it out loud?

He wasn't giving the minister any face at all.

"Miss Jiang, I'm afraid it's inappropriate for you to say this." Assistant Xu was so angry that his mouth was crooked. "This is such a private matter, how could Miss Jiang... say it like this. Isn't it too much to slander our master behind his back?"

"Master must have treated you well. Do you think anyone else could have gotten this much?"

Jiang Luoli's smile faded when she heard this.

Assistant Xu acted as if he didn't see it and continued to say indignantly, "Moreover, Master wants to give you some more compensation now. Master treats you so well, but you're slandering him like this. You're really too much.

"Do you know who my master is? Do you know how many women want to sleep with him? Do you know how lucky you were last night? Hmph, let me tell you, if last night was purely an accident, it'd be fine. But if I find out that you deliberately approached my master, don't blame me for being nasty."

As long as they found out that she did it on purpose.

Even if his master really liked this woman, he wouldn't go easy on her.

Protecting his master's safety was the most important thing to him.

Nothing else mattered.

He had to settle everything that threatened his master's safety.

Jiang Luoli was amused by Assistant Xu's threat. "Oh, I want to know how you're going to be so rude to me. Also, your master is such a powerful person. Glasses, let me tell you. It's their business what other women do. I'm not interested in your master at all.

"His skills are so terrible, and there are so many women who want to sleep with him? Ha, are you sure you're telling the truth?"

"I'm not in the mood or with the time to talk nonsense with you. His skills are terrible, why can't he let others say it? He knows best whether I slandered him or not.

"I don't want to have anything to do with you anymore. Don't look for me anymore."

With that, Jiang Luoli left with Qiao Mianmian.

"Jiang Luoli, stop right there. Who were you calling Glasses, you rude, uncultured, and shameless woman."

Jiang Luoli had already walked a distance away when she heard Assistant Xu yelling behind her.

**Chapter 816: That Man Isn't Good Too**

She pursed her lips and couldn't help but sneer. "He's that man's subordinate. I don't think that man is a good person."

Qiao Mianmian turned around and looked at Assistant Xu, who was still glaring at them. After a moment of thought, she said, "I think that man's character isn't too bad."

Actually, 50 million was a lot of money for compensation.

But he still sent his subordinate over to give Jiang Luoli some compensation.

It was obvious that the man was responsible.

Otherwise, he wouldn't have to do this.

Jiang Luoli widened her eyes as if she'd heard something unbelievable. "Baby, you're actually speaking up for that man? How is his character not bad? Did you hear what that jerk said just now? Maybe that's what he meant.

"What do you mean you want to make it up to me? You're just trying to probe me.

"What do you mean?"

"Of course it's because he's afraid that I won't be satisfied with just 50 million yuan."

"I don't think that's what he meant." Qiao Mianmian thought for a while before saying, "You don't know who he is, nor do you know his contact details. How could you ask him for anything else?"

Jiang Luoli was stunned.

"So, I think he's just feeling guilty and sorry for you. This man... isn't a bad person."

As for whether he was responsible or not.

Qiao Mianmian actually felt that as long as he wasn't being forced, it was normal that he wasn't willing to take responsibility.

After all, they didn't have any feelings for each other.

What happened last night was an accident.

And given Jiang Luoli's personality.

Even if that man was willing to take responsibility, was she willing to let him?

"Perhaps."

After a moment of silence, Jiang Luoli shrugged and said nonchalantly, "But whatever he does has nothing to do with me anymore. I'll treat everything that happened last night as a dream. Forget it, let's not talk about him anymore. Baby, shouldn't you go look for Prince Charming?"

Qiao Mianmian looked at her worriedly. "What about you?"

Jiang Luoli looked normal now, but only on the surface.

“I’m going back to catch up on my sleep,” Jiang Luoli said as she yawned. “I’m so sleepy now, I don’t want to go anywhere. I just want to go back to sleep. Don’t bother about me, hurry up and find Prince Charming. We can have a sweet date at night and have a good time together.

“It’s the weekend in a few days. I’ll fly to City F.”

“You’re really... alright?” Qiao Mianmian looked worried.

“What problem can I have? Do I look like I have a problem? I’m so happy that I’ve suddenly become a millionaire. Alright, alright, I’m really good. It’s just a one-night stand. I’m not the kind of woman who wants to die after losing her virginity.”

She patted Qiao Mianmian on the shoulder. “Don’t worry, I’ll get a car.”

Qiao Mianmian hesitated for a while before nodding. “Alright, call me if you need anything. Oh right, don’t forget to take that medicine.”

“Mm, I got it.”

...

They each got a car. Qiao Mianmian watched as Jiang Luoli got into the car and left before entering the other car.

Mo Yesi called the moment she got into the car.

### **Chapter 817: She Felt That Her Hubby Was So Handsome**

She picked it up.

The man’s low and magnetic voice could be heard. “You’re back in Yuncheng City? Where are you now? I’ll get Wei Zheng to pick you up.”

Qiao Mianmian was stunned. “How did you know I was back?”

He chuckled again. “Your fan posted on Weibo saying that she met you at Yuncheng City Airport. You didn’t even inform me that you were coming back. Are you trying to give me a surprise?”

Qiao Mianmian was speechless.

She almost forgot about it.

No wonder he knew she was back.

It turned out that he saw her fan’s post.

“Where?” Mo Yesi asked again. “You didn’t look for me immediately when you came back. Where did you go?”

“Something happened to Luo Luo, so I went over to accompany her first. I just got into a taxi. I’m coming.” Qiao Mianmian had wanted to give him a surprise, but now she couldn’t.

Mo Yesi sounded shocked. “Jiang Luoli? What happened to her?”

Qiao Mianmian kept quiet for a while. "Uh, it's not convenient for me to say it now. I'll tell you when I'm there."

"Alright, give me a call when you're about to arrive. I'll come down to pick you up."

"Pick me up?"

"Mm, why?"

"It's nothing. You always got Wei Zheng to come down."

"Mm, I really missed you today and wanted to see you sooner."

Qiao Mianmian couldn't help but chuckle. "Mr. Mo, I think we just parted this morning. Aren't you exaggerating?"

Mo Yesi said seriously, "Mm, we split up in the morning. It's been almost 10 hours since morning. To me, I hope my baby can be by my side every second. Isn't it normal after being apart for so long?"

"... Alright."

Even after being teased by Mo Yesi so many times, Qiao Mianmian still couldn't take it. His sweet words could make her heart race.

...

Twenty minutes later, the taxi stopped at the Mo Corporation building.

Qiao Mianmian got off the car and walked into the lobby.

As she entered the lobby, she saw the elevator doors open, and Mo Yesi walked out.

Even if this man was already her husband.

Even if she was already very familiar with him.

But every time she saw him, Qiao Mianmian's heart would flutter.

Her gaze landed on the man's handsome face, and her heart rate accelerated as she watched him walk towards her.

She felt that her husband was really handsome.

How could he... be so handsome.

That face and that figure were enough to beat any young hunk in the entertainment industry.

If he wasn't the company's Chairman, he could definitely make a living with his looks.

And such a handsome man was already her husband.

She was secretly happy for a while as if she had found a gem.

Just as she was smitten with Mo Yesi, the other female employees in the lobby were also stealing glances at their boss. Even Qiao Mianmian couldn't resist Mo Yesi's charm and was smitten with him, let alone the others.

The female employees were all blushing, and their eyes were filled with passion. The moment Mo Yesi walked out of the elevator, they couldn't help but straighten their chests and brush their hair as they smiled sweetly, wanting to show him their most beautiful side.

Even though they had heard that Chairman Mo had a girlfriend recently and doted on her a lot.

### **Chapter 818: What Are You Doing, Don't Kiss Me Outside From Now On**

But as long as they weren't married, they still had a chance.

Moreover, Chairman Mo never liked women. Now that he was willing to have a girlfriend, did it mean that he had changed?

Was he interested in the opposite sex?

Hence, they actually had a chance.

What if...

If a man like Chairman Mo took a liking to one of them, even if she couldn't marry into the Mo family, being able to date such a man would be a wonderful memory.

And Chairman Mo was so rich.

Even if they broke up, he would definitely compensate them.

Anyway, they wouldn't lose anything.

With that thought in mind, the female employees smiled even wider when Mo Yesi walked past them. "Good afternoon, Chairman Mo."

Mo Yesi walked straight towards Qiao Mianmian.

The female employees followed his gaze and saw a woman in a white dress. He reached out and touched her head.

His actions were gentle and loving.

They'd never seen such gentleness and affection before.

The group of people were a little stunned and couldn't help but start discussing among themselves.

"Who's that woman? I noticed her just now. She's rather good-looking. She looks a little young, but Chairman Mo seems to treat her differently. Is she Chairman Mo's sister?"

"No way, I've never heard that Chairman Mo has a sister."

“Is that Chairman Mo’s girlfriend? Didn’t you say that Chairman Mo had a girlfriend and brought her to the office before?”

“Mm, that’s Chairman Mo’s girlfriend. She came to the office twice before. Chairman Mo really dotes on her. I heard that before his girlfriend came, he even got his secretary to prepare a lot of snacks in the office.”

“Wow, I really didn’t expect Chairman Mo to know how to pamper a woman.”

“How could that be? No matter how cold a man is, he’ll still be different when he meets the woman he likes. How could a man not know how to pamper a woman? It’s just that he hadn’t met the person he wanted to pamper before.”

The female employees were discussing enthusiastically.

On the other side.

“How long have you been waiting downstairs?” Mo Yesi held Qiao Mianmian’s hand and led her out of the rest area.

The man interlocked his fingers with hers.

His gaze never left her, as if she was the only person in his eyes.

“I just arrived.”

Qiao Mianmian felt the employees around her looking at her and felt a little embarrassed. She pursed her lips and asked softly, “Aren’t you busy now?”

“I’m busy.”

Mo Yesi smiled. “But no matter how busy I am, I have to pick you up.”

Qiao Mianmian smiled sweetly. “Then, am I delaying your work? Actually, I can go up by myself.”

“Work isn’t as important as my wife.” Mo Yesi held her hand and led her into the elevator. After pressing the button for the top floor, he lifted her chin and kissed her lightly on the lips. “My wife is first, the rest are behind.”

The elevator doors hadn’t closed.

Qiao Mianmian turned around and saw the employees looking at them.

She blushed and patted his chest. “What are you doing, don’t kiss me outside again.”

“Baby, this is the elevator.”

### **Chapter 819 - Kissing His Girlfriend in the Elevator**

“That won’t do. The elevator isn’t closed yet, someone will see it.”

Mo Yesi smiled and couldn’t help but kiss her again. “So be it. We’re a legal couple, what’s wrong with making out?”

“Mm, Mo Yesi, you...”

Qiao Mianmian’s protest was stopped by the man’s deep kiss.

The elevator doors closed.

All the female employees in the lobby who witnessed this scene were in an uproar.

“Did you guys see that? Chairman Mo actually kissed his girlfriend in the elevator.”

“I saw it. Gosh, I didn’t expect Chairman Mo to be so proactive and passionate when he usually looks so cold and distant. The scene of him kissing his girlfriend was so arousing. I think his girlfriend must be so happy.”

“Any woman who is kissed by Chairman Mo would die of happiness.”

“I think Chairman Mo’s girlfriend is prettier than Miss Shen. What do you think?”

“Both of them are pretty, but their types are different. But Chairman Mo’s girlfriend is pretty pure, and men seem to like this type.”

“Not to mention men, I like them too. They’re so fair and beautiful. Their facial features are so exquisite. She looks like a fairy in that white dress.”

...

When Qiao Mianmian walked out of the elevator, her face and mouth were red.

The man beside her wrapped his arm around her waist and walked into the office possessively.

After entering the office, he closed the door and brought her to the sofa.

“Have fun for a while. I’ll be off in two hours. I’ll bring you to eat something good then. Oh right, if you’re hungry, there are snacks on the table. I don’t know what you like, so I bought some of each.

“If you don’t like these, I’ll get someone to buy more.”

Qiao Mianmian looked down and saw all sorts of snacks on the coffee table.

They were all girls’ favorites.

There were also various fruits and snacks.

She felt like Mo Yesi was treating her like a pig.

He actually bought so much.

How could she finish it all by herself?

She knew that he was busy with work, so she didn’t pester him anymore. She nodded and said, “Mm, then hurry up and go to work.”

After that, the two of them barely interacted.

Mo Yesi worked seriously.

Qiao Mianmian read the script seriously.

Her character had changed, and it was even more challenging now. The female lead's personality was too different from hers, and it would be difficult for her to play this role well.

Qiao Mianmian was enjoying the script.

So, she was shocked when her cell phone vibrated.

She picked it up immediately.

Linda's voice came from the other end. "Mianmian, why are you in a scandal with... Gong Zeli again? What's going on? What's your relationship with Young Master Gong? Didn't you say you don't know him?"

Qiao Mianmian was stunned.

"Gong Zeli?"

When she said this name, the man at the desk paused for a moment and looked up at her.

Linda asked, "You flew back with him today?"

"Yes."

"You sit together?"

Qiao Mianmian replied. "... Yes."

"Isn't this a coincidence?"

### **Chapter 820: Thinking of Someone Jealous**

"It was a coincidence." Qiao Mianmian immediately clarified. "I didn't even know he was on that flight, much less that he was beside me."

Linda kept quiet for a while before saying, "I believe you. This is just a coincidence. But now, someone took photos of you and your interactions. Young Master Gong's public clarification on Weibo has already made many people doubt your relationship.

"This time, the two of you were on the same flight and coincidentally got together again." Linda paused for a while before continuing, "That person posted the photo on Weibo. Now, the netizens are discussing your relationship with Young Master Gong.

"Initially, public opinion was already moving in a good direction. But now, with the scandal between you and Young Master Gong, the public opinion is disadvantageous to you again." Linda sighed. "You've been involved in too many scandals recently. Although it has been clarified that it has nothing to do with you, it will inevitably make others think that your team is deliberately trying to hype you up.

"Also, we found out that a bunch of haters is always slandering you. Once you appeared on the news, they immediately took action and attacked you in the comments section.

“I wonder if the person who posted this is really a netizen or someone with ulterior motives. Think about it carefully, who did you offend?”

Qiao Mianmian was stunned for a long time.

Who did she offend?

She had never offended anyone.

But every time she didn't take the initiative to find trouble with others, she still couldn't escape from them.

If she had to say who she offended.

She felt that she had offended too many people.

Someone who had the money to hire the Internet Water Army to defame her must be very capable.

She thought for a while and thought of three people.

Qiao Anxin, Shen Rou, Huang Yilin.

These people were the most likely.

Among them, Shen Rou and Qiao Anxin were the most likely.

Huang Yilin was also embroiled in scandals and couldn't even protect herself. She probably didn't have the mood to defame her anymore.

Qiao Mianmian made some guesses in her mind.

“Sister Xie, do I need to post on Weibo to clarify this?” Qiao Mianmian had a headache. She was already mentally and physically exhausted from the recent scandals.

She didn't expect that.

She was only on the same flight as Gong Zeli, but she could still be photographed and used for scandals.

“Not for now.” Linda thought for a while and said, “Let those haters continue their antics so we can find out where they came from. The scandal this time is related to Young Master Gong. Although it might affect you negatively, it's not without benefits.”

“Benefits?”

Qiao Mianmian couldn't figure out how her scandal with Gong Zeli would benefit her.

“Mm, you've already had a scandal with Young Master Gong before. With this scandal, many people will think that you and Young Master Gong have a close relationship. In the future, no one will dare to do anything to you. This will avoid a lot of trouble.”

Linda's words were vague, but Qiao Mianmian quickly understood.

Linda was referring to the unspoken rules in the industry.

Once she got involved with Gong Zeli, many people would be afraid to touch her.

This was indeed a good thing for her.

But...

Qiao Mianmian thought of a jealous lover and nodded.
