

Big Shot 91

Chapter 91: What Are You Doing, Anxin?

“My phone is available 24/7 for you. If you miss me, give me a call. If you want to see me, I will immediately rush to your side.”

Qiao Mianmian felt her heartbeat stop at this moment.

*

After Mo Yesi sent her upstairs, he turned around and left.

He reached the parking lot.

Just as he was about to get into her car, a red Cayenne came over and stopped in front of him.

When the car door opened, a woman wearing a white dress got out.

A long shawl covered her shoulders and she wore a fairy-like lace dress which looked very delicate. Her appearance made people desire to protect her.

After she got out of the car, another woman got out from the other side.

The woman opened an umbrella and walked to the woman in the white dress. She also complained in a low voice. “Why is it so hot today? I feel like I’m about to be roasted. Anxin, I really don’t understand why you have to go back to school at this time.”

The woman in the white dress was Qiao Anxin.

After she got out of the car, she immediately noticed a long figure opposite her.

The man was back-facing her. He walked to a luxurious Lamborghini sports car, opened the door and entered it.

At that moment, Qiao Anxin’s heartbeat uncontrollably accelerated.

It was him.

The man whom Qiao Mianmian was intimate with in the revolving restaurant.

Even though she saw him previously, she didn’t see his face and didn’t know how he looked like. However, just from his back-view, Qiao Anxin was sure that he was the man from before.

Not many men could leave a deep impressed just based on their back-view.

However, she would never forget this man...

Qiao Anxin guessed that Qiao Mianmian’s new boyfriend would be rich, but after seeing a Lamborghini that was worth tens of millions of dollars, she couldn’t keep her cool.

Whether it was the world’s limited edition Rolls-Royce or a Lamborghini, it only showed that this man was not only rich but powerful.

He was definitely an eminent figure.

Previously, she wrote down his license plate number and asked someone to do some digging, but she couldn't find anything.

There was no information about this man.

She couldn't uncover anything about him at all.

This meant that he was not ordinary and there were passwords protecting his information.

At this time, Qiao Anxin was not calm at all.

How eminent must he be for his information to be so highly protected?

What sort of big shot did Qiao Mianmian manage to get?

As soon as she thought of how the person might be more powerful than Su Ze, she felt extremely uncomfortable.

It was not easy for her to seduce a man as excellent as Su Ze, and Qiao Mianmian even idolized her for being successful in her career and love. However, this mysterious man who suddenly appeared made her feel threatened.

She saw the man get in the car. Just as he was about to drive away, Qiao Anxin walked towards him.

"Anxin, where are you going?" Behind her, her manager was startled after seeing her walk towards the Lamborghini and followed her suspiciously.

Qiao Anxin walked past the car and saw the windows were all shut, so she reached out and knocked on the window next to the driver's seat.

"Anxin, what are you doing? Do you know the person inside?" Linda asked in doubt.

However, Qiao Anxin ignored her.

The person in the car did not seem to respond. Although she continued to knock on the window, the black tinted window was still tightly shut

Chapter 92: Extremely Jealous

"Hi, mister. I'm Qiao Mianmian's sister. May I ask, do you know my sister?" Qiao Anxin refused to give up and continued knocking the window.

A few seconds later, the car window slowly rolled down.

When she saw the man sitting in the car, Qiao Anxin felt her breathing stop.

Her heart also skipped a beat.

The car was parked in the shade and the window was only half-opened, but this did not prevent her from looking at the man in the car.

She could only see his side-view, but his facial features were very striking. Every single line on his face seemed to be carved out.

His nose was very tall and straight and his lips were thin and sexy. Overall, he looked more handsome than she had imagined.

Not only was he not old, but he was also very young and looked to be only around 25.

Qiao Anxin was in the entertainment industry and there was no shortage of good-looking men around her. Furthermore, Su Ze was also one of the most handsome ones. She honestly thought that she had a certain immunity to good-looking men.

However, the man in the car suddenly made her heart race.

Su Ze's handsomeness was not even worth mentioning in front of him.

This man was smotheringly handsome.

She was afraid that any woman that saw him would not be able to resist his charm.

Initially, she thought that no matter how rich Qiao Mianmian's man was, he was probably old and ugly and could not compare to Su Ze.

But...

Looking at the handsome and rich man in the car, Qiao Anxin was green with envy.

She wanted to see what a joke Qiao Mianmian was after she and Su Ze broke up.

However, who would have thought that b*tch found someone even more handsome and wealthy!

If this man was richer and more powerful than Su Ze, she would be completely inferior to Qiao Mianmian!

Jealously distorted her facial expression. She bit her lip tightly, endured the discomfort in her heart, and squeezed out a sweet smile. "Mister, I saw you at the rotating restaurant previously sitting with my sister. That's why I wanted to say hello when I saw you."

"Mister, I didn't recognize the wrong person, right? Do you know my sister?"

Inside the car.

Mo Yesi raised his head and looked at her indifferently. "You are Mianmian's sister?"

The man's neutral expression was even more beautiful and cool and it had a strong visual impact on Qiao Anxin.

She widened her eyes in surprise and stared at him.

She always felt that Su Ze was outstanding enough.

She always felt proud of being able to seduce such an excellent man like Su Ze.

Su Ze was young, handsome, and famous. He was also gentle and caring. He was truly a man that was hard to come by.

After knowing that Su Ze and her were dating, her female friends were all jealous of her.

They all said that she was blessed, and after she married into the Su family, she would be able to lead a lavish lifestyle.

As a result, she always had a strong sense of superiority.

Originally, she thought that she was a winner in life, but at this time, she only felt jealousy.

She was so crazily jealous that she became resentful and clenched her fists tightly. In a charming voice, she said, "Yes, mister. I don't know if..."

Before she could finish, Mo Yesi interrupted her coldly. "Mianmian has never told me that she has a sister."

The smile on Qiao Anxin's lips froze.

She did not expect that b*tch Qiao Mianmian to be so scheming.

Chapter 93: You Are Not Worthy of Knowing My Name

After finding such a good man, she still wanted to hide him and not let her find out?

"Mister, I'm really her sister." After a few seconds, Qiao Anxin finally recovered her smile. She lifted her hand to play with her hair and tried to strike a conversation with him. "My name is Qiao Anxin, it's nice to meet you. How should I address you?"

Mo Yesi looked at the woman who was obviously flirting with him and felt disgusted.

He had seen many women who had ulterior motives like Qiao Anxin.

It was easy to guess what she was thinking.

If it weren't for the fact that he wanted to know what her intentions were, he wouldn't have bothered to look at her.

He endured the disgust in his heart and said coldly, "I'm not interested in what your name is and you are not worthy of my name. If you came here just to tell me these things, you can leave now."

The man did not bother to cover up his indifference and disdainful attitude.

He only glanced at her once before looking away.

That glance lasted for one second, but it was filled with contempt.

Qiao Anxin's expression instantly changed.

At once, her expression turned extremely ugly.

She always thought that she was popular with the opposite sex. Since a young age, any man she liked always fell at her feet.

Even Su Ze broke up with Qiao Mianmian for her.

She was beautiful and thought that since she easily seduced Su Ze, it would be easy for her to get any other guy.

Unexpectedly, not only did he not take the bait, but he also showed a face of disgust.

This was a huge blow to Qiao Anxin, who had never been rejected by a man before.

There was a look of shame and indignation on her face. "Mister, don't you think that what you said is not very gentlemanly?"

"Gentlemanly?" Mo Yesi smirked. "You're not even worthy of my time."

Qiao Anxin felt as though she had been slapped and her shame turned into anger. "Mister, what sort of big shot are you? You're speaking too arrogantly."

As soon as she spoke, Qiao Anxin felt a cold gaze fall on her.

The man's eyes were extremely cold and without a trace of warmth.

Looking at her, his gaze was as sharp as a dagger that was about to stab her.

Fear overcame her entire body and she couldn't help but shudder.

She was terrified and so shocked by the man's threatening look that she did not dare to utter another word.

Linda, standing behind her, was also taken aback by Mo Yesi's temperament and did not even dare to take a breath.

Looking at the speechless woman outside, Mo Yesi frowned and was about to drive off.

If this woman was not Qiao Mianmian's sister, he wouldn't have wasted so much time on her.

"Mister, hold on. I have something to tell you. It's related to my sister!"

Seeing that he was about to leave, Qiao Anxin hurriedly said, "I don't know how long you've known my sister, but she just broke up with her fiancé recently. Do you really not mind her rushing into a relationship with you?"

"My sister loved her fiancé and they've known each other for ten full years. The feelings they had for each other are incomparable. My sister definitely hasn't forgotten about him yet since they just broke up. However, she's in a relationship with you now. Aren't you worried that she has another motive?"

Chapter 94: Was He Crazy?

“My sister has recently encountered some troubles and the economy is especially worrying. I had a quarrel with her because of a small misunderstanding some time ago, and until now, she’s still angry with me. She won’t answer my calls. Even though I want to help her, I can’t do anything.

“I’m really worried that my sister will do something irrational.”

On the surface, it seemed that Qiao Anxin was very concerned about Qiao Mianmian.

However, anyone paying enough attention could tell that she had another intention.

She meant to say that Qiao Mianmian was short of money now, and in a situation like that, she was willing to do anything for money.

For example, look for a rich person to be her lover.

She did everything for money.

Any man who heard something like that would definitely feel uncomfortable.

Besides, there was no man who liked a woman who was only eyeing his money. Even if this was the truth, a man would definitely refuse to accept it.

This would directly hurt his pride.

When she was done, Qiao Anxin thought that the man in the car would definitely be angry.

Unexpectedly, the man’s gaze was icy and his voice was so cold that it made people tremble. “Are you done?”

Qiao Anxin was startled and there was a surprised look on her face.

She didn’t think he would react like this.

“Mister, you...”

“Shut up!” Mo Yesi coldly remarked. “No matter what kind of person she is, she’s a woman the I like. Even if she has a motive for getting closer to me or only wants my money, I’m willing to let her spend my money.

“A woman like you who makes people sick is not worthy of being her sister. If I hear you bad-mouth her again, don’t blame me for being unkind.”

After that, he shut his car window and drove his Lamborghini away.

Soon, the fast sports car disappeared after turning into a tree-lined corner.

Qiao Anxin stood at the same place. Her face was pale and she was so angry that she almost fainted.

She bit her lip tightly and her nails broke after she dug them too deeply in her palms. There was a cruel look on her previously delicate face.

Damn him!

Was that man submitting to Qiao Mianmian?!

He was protecting her like that.

He even said that he was willing to be used?!

Was he crazy?

This was the first time Qiao Anxin met a man who did not care about her at all. From the start to the end, that man didn't even look at her in the eye.

He even said that she made people sick!

Since a young age, she had been sought after by the opposite sex and no man had treated her this coldly before. This was truly a huge blow to her.

"Anxin, who exactly was that man?"

It wasn't until the Lamborghini disappeared that Linda came back to reality and asked her.

However, she could not remain calm.

The man in the car was definitely the most good-looking man she had seen in her entire career.

No one had a comparable temperament and attitude in the entire entertainment sector!

However, that man was obviously not in the entertainment industry. Even the largest stars did not have that sort of arrogance.

Qiao Anxin was enraged. With a sullen face, she said, "I also want to know who he is."

What sort of eminent figure was he and how dare he behave in such an arrogant manner?

Chapter 95: Don't Let Her Show Her Face

But if he was really some big shot, how could Qiao Mianmian be associated with him?

What tactic did she use to attach herself to him?

This was the first time Qiao Anxin was given the slip by a man. Furthermore, it was by a man she was attracted to, so she was even more reluctant to let it go.

If Qiao Mianmian could manage to wangle this man, then she also could do so without a doubt!

She had already snatched Su Ze from Qiao Mianmian, so this handsome and noble man would face a similar fate.

Although she had taken a blow from the man's nonchalant indifference, her desire to conquer was also ignited.

A man with such good conditions was not easy to obtain, after all.

Not to mention how extraordinary and elite he looked.

It was absolutely normal for him to be arrogant.

Her desire to obtain him was parallel with his level of arrogance and indifference.

She didn't believe she would ever fail to obtain a man.

"Sister Zhao."

Qiao Anxin detested Qiao Mianmian and naturally didn't want her to live a good life. She turned around and said to Linda, "Have you found my body double yet?"

"Not yet." Linda was puzzled over the mention of this topic, but she still answered her question. "But didn't your body double from last time do well? She didn't cause an accident, so we can just use her for your next film.

"Anxin, why are you concerned about your body double out of the blue?"

She never inquired about such small matters before.

Qiao Anxin narrowed her eyes coldly. "My sister has been free recently, let her do this."

"Your sister?" Linda thought of Qiao Mianmian's face and frowned in disagreement. "She doesn't look like you, I don't think it's suitable to use her as your body double. Furthermore, with your sister's appearance, I'm afraid that once she reveals her face..."

As a manager, Linda was very clear that Qiao Mianmian was destined to join the entertainment industry.

Such beauty as hers was rare in the entertainment industry.

Her arrogance and aloofness played a part in her lack of popularity, along with her unwillingness to accept unwritten rules.

However, many investors were watering at their mouths to obtain her. If she decided to take the plunge, need she worry about a lack of investment propping her up?

Linda felt like Qiao Mianmian was a dangerous ticking time bomb.

This ticking time bomb couldn't be placed beside them.

Qiao Anxin just sneered coldly. "Then don't let her show her face. Sister Zhao, what are you afraid of? She doesn't even have a company now, what's there to be afraid of? It's settled, then. Inform the production crew to notify my sister."

"... Okay." Linda was Qiao Anxin's manager, but in reality, she went along with Qiao Anxin's decision on many matters.

On another perspective, Qiao Anxin was her lady boss.

The management company Qiao Anxin previously signed with was under the Su Corporation. They supported her and gave all their best resources to her alone.

Linda also thought she was overthinking it.

With Qiao Anxin's current resources, no other artist could match up to her.

Even if Qiao Mianmian really had the opportunity to develop in the entertainment world, how could she possibly defeat Anxin in popularity?

No matter how beautiful, it was impossible to become famous without the right resources.

Qiao Mianmian returned to her bedroom, only to be pulled aside by Jiang Luoli.

Jiang Luoli's eyes were gleaming with the excitement of gossip. "Mianmian, did prince charming come to find you?"

Chapter 96: Baby, I Was Once Young Too

"I heard that Shen Yueyue and Zhao Wanting were expelled. Du Ze's company also went bankrupt overnight. Did your male God do all that?"

Qiao Mianmian looked helplessly at her best friend.

Ever since Jiang Luoli saw Mo Yesi, she dubbed him as the new male God in her heart.

Amongst all the male Gods in her heart, he was number one.

Her male God had still been the popular teen idol, Tu Yilei just yesterday.

Her male Gods really changed so quickly at will.

"Yes, he did that." Qiao Mianmian was close to Jiang Luoli and didn't keep secrets from her.

"Wow." Jiang Luoli placed a hand on her heart and exclaimed, obviously smitten. "My male God is too impressive. He's the ultimate representation of a domineering president. He calls the shots and is absolutely obeyed. Shen Yueyue and her god-brother must be completely dumbfounded now. This ending is really too satisfying."

Qiao Mianmian was quiet.

She was about to say something when her phone's ringtone sounded.

It was a message from Mo Yesi.

Mo Yesi: [Wei Zheng already booked a hotel for us tonight. Uncle Li will pick you and your friends up later. Ask them to order whatever they like, I'm treating.]

Qiao Mianmian stared at the message in a daze before replying: [You're treating my friends to dinner?]

Mo Yesi: [Don't you girls have such a rule?]

Qiao Mianmian: [What rule?]

Mo Yesi: [Whoever starts dating first has to treat the others to a meal. Aren't your friends like that?]

Qiao Mianmian: [... How did you know we had a rule amongst us girls?]

Mo Yesi: [Baby, I was young once too.]

Qiao Mianmian almost laughed out loud at this reply. He made it sound like he was old, but he was in fact only twenty-five years old.

At this age, many were still studying in school.

Qiao Mianmian couldn't help but feel surprised that Mo Yesi would be so attentive to this matter.

She was also a little touched.

If a man cherished you, he would also care for the people around you.

Mo Yesi's performance was exceptional in this aspect.

Be it towards Qiao Chen or her friends, he always showed respect and concern.

As for the meal, the girls didn't have such a rule, but since he had already arranged it, she decided not to spoil his good intention.

"Baby, who are you chatting with? Is it my male God?" Jiang Luoli leaned over.

Qiao Mianmian immediately put her phone away and beamed. "Hey, your male God wants to treat us to a meal. Are you coming?"

"Yes, of course!" Jiang Luoli agreed instantly. "Is my male God bringing us to a high-end place? Should we dress formally? Ah, I'm suddenly so nervous and jittery. Baby, I'm afraid I will embarrass you if I don't pull myself off well."

Qiao Mianmian glared at her. "Nonsense!"

She turned and said to the other two girls in the bedroom, "Let's go out for dinner, it's my treat."

The other two girls were not especially close to Qiao Mianmian.

But they all got along cordially.

Thus, they didn't reject the invitation and nodded their heads. "Okay."

Qiao Mianmian then sent a message to Mo Yesi and settled the time with him.

*

Uncle Li arrived on time at 5 PM and stopped his car outside the girl's dormitory.

Chapter 97: I Never Told Him Anything

The luxurious Rolls-Royce parked beside the dormitory like a mirage, attracting much attention.

Qiao Mianmian and the others went downstairs.

Uncle Li bowed deeply and greeted her respectfully. "Miss Qiao."

Qiao Mianmian heaved a sigh of relief.

She had been afraid that Uncle Li would call her “Madam”.

It seemed Mo Yesi had already informed him beforehand.

Uncle Li turned after greeting her and nodded at Jiang Luoli and the others. “Ladies, good evening. Thank you for coming to the dinner tonight. Chairman Mo said that Miss Qiao’s friends are his friends as well. He’s very grateful for your care and concern towards Miss Qiao, so he has invited you to a banquet to express his gratitude.

“He has business at hand and is unable to make it tonight. As a form of apology, he has prepared gifts for each of you ladies and hopes you’ll like them.”

Uncle Li bent over to reach inside the car and took out several bags.

Everyone except Qiao Mianmian looked on in surprise as Uncle Li handed them each a bag.

Mo Yesi naturally didn’t prepare these gifts personally.

Other than towards Qiao Mianmian, he would never spare any effort towards other women.

He had ordered a secretary from the Mo Corporation to prepare the gifts. Each of them had the same set of luxurious branded skincare products worth tens of thousands.

This was without a doubt an extremely precious gift to these students who didn’t have particularly rich family backgrounds.

They couldn’t afford such branded skincare products by themselves.

Jiang Luoli looked down at the gift and beamed in joy. “Oh my God, my male God is ostentatiously generous. I have kept my eye on this skincare product for ages, but I was unwilling to spend money on it. Male God must be telepathic, how could he know to purchase it?”

“Baby, did you tell my male God?”

Qiao Mianmian held her hands up in denial. “I didn’t tell him anything.”

She didn’t even know Mo Yesi would be so considerate to prepare gifts for her friends.

It was undeniable that his actions really made Qiao Mianmian feel dignified.

“Male God understands women too well.” Jiang Luoli eagerly took out a bottle of perfume from the bag and opened the cap. She sprayed it on her body and appeared intoxicated in it. “I adore this perfume’s scent. Mianmian, tell Male God that we like his gift very much, and thank him for his trouble.”

Qiao Mianmian was quiet.

She thought that there was no way Mo Yesi had picked out the gifts himself.

He was completely disinterested in women, so how could he understand what women liked and didn’t like?

But even so, he had definitely paid for these items.

Thus, it was accurate to say that the gifts were from him.

The other two roommates were stunned for a few seconds after receiving the skincare set, but they didn't express their delight as openly as Jiang Luoli.

They only understood something at this moment.

It turned out Qiao Mianmian's handsome and rich boyfriend was treating this meal tonight.

It was their first time at the banquet hall, but they had heard of this place before.

It was a private clubhouse for high-class people.

Only distinguished people frequented this clubhouse.

Chapter 98: Show Off Her New Boyfriend

Just being rich was not enough to dine in the banquet hall. They had to also possess a distinguished status in order to dine there.

If Qiao Mianmian's boyfriend would treat them to a meal in such a place, it was obvious that he was of extraordinary identity.

The two girls' expressions were a little complicated as they stared at the luxurious car worth tens of millions of yuan and the expensive gift in their hands.

But their expression didn't look the least bit happy.

Although they had been envious when Qiao Mianmian was dating Su Ze, it hadn't amounted to jealousy.

But at this moment, they couldn't help but feel green with envy at the thought of the remarkably handsome and respectable man.

They had to rack their brains for schemes just to find a man with fine qualities.

On the other hand, Qiao Mianmian managed to find such an outstanding man without a hitch.

It would be a lie to say that they weren't jealous nor envious.

They both felt like Qiao Mianmian actually wanted to show off her new boyfriend to them.

Otherwise, why would she invite them to the banquet hall?

Why would she prepare such gifts for them?

She obviously wanted to show off how rich her boyfriend was.

The two of them felt discomfort at this thought.

Qiao Mianmian noticed their tense expressions and froze for a moment before asking curiously, "Xiao Xiao, Yuwei, what happened?"

"Nothing." Zhang Yuwei returned to her senses and smiled politely. "Mianmian, thank your boyfriend for me. It's my first time receiving such an expensive gift, I really adore this brand's skincare product."

“Yeah, your boyfriend is so generous. This set of skincare is worth a few tens of thousands of yuan. You must thank him in our place.” Bai Xiao also smiled.

Their expressions returned to normal.

Qiao Mianmian didn't think much of it and just smiled. “I'm glad you both like it. Let's get into the car, we should come back soon.”

*

At the banquet hall.

Bai Xiao and the others got out of the car and saw a few people standing at the entrance.

One of them was the manager of the clubhouse. When he saw them, he quickly came forward to greet them. “Miss Qiao, ladies, good evening. Chairman Mo has instructed me to receive you. Please follow me and watch your steps.”

Everyone knew the boss of this banquet hall was an extremely influential person.

Even the workers here were slightly proud and haughty.

Diners here all had to respect the workers as well.

But now, these proud workers were extremely respectful to them.

They understood the reason behind it.

It was surely because of Qiao Mianmian's rich and handsome boyfriend.

Bai Xiao and Zhang Yuwei not only didn't feel happy at receiving such respectful treatment, but the sour feeling of jealousy also deepened further in their hearts.

Qiao Mianmian's current boyfriend seemed much more powerful and rich than Su Ze.

Only Jiang Luoli was in high spirits. She wandered around excitedly and whispered to Qiao Mianmian, “Mianmian, have you been here before? This place is so high-class, it looks like a palace.”

“It's my first time too.” Qiao Mianmian was also secretly sizing the place up.

The banquet hall was the same style as the restaurant Mo Yesi brought her to previously.

But it was multiple times bigger and the interior decorations were even more luxurious. It truly looked like a palace.

Chapter 99: Be Together with That Homewrecker Forever

Once again, she felt that Mo Yesi was really attentive to her affairs.

She voluntarily invited her roommates for a meal and the place they ate at was really high-class.

“Babe, I’m really basking in your light.” Jiang Luoli sighed. “Otherwise, I wouldn’t be able to come to this sort of place in my whole life. I was so worried when you found another boyfriend so quickly because it might be too rushed, but now I feel more at ease.”

Qiao Mianmian was speechless. “Why do you feel more at ease?”

Jiang Luoli glanced at her. “My male god is handsome, rich, and cares so much about you. It seems that he really likes you. From now on, just be happy with him. As for that scumbag Su Ze, he’s nothing good, so just forget him as soon as possible.”

Jiang Luoli spoke rather scornfully.

Initially, she asked Su Ze for help yesterday and thought that he still had a conscience.

But now...

Ew!

She recalled that thought.

Su Ze was a scumbag through and through!

If her male god had not appeared in time yesterday, she wouldn’t dare to imagine the consequences.

Thinking of this, she angrily took out her phone and sent a text message to Su Ze: [Scumbag, you aren’t worthy of Mianmian. Mianmian is a thousand times better than you and very soon, she will forget about you. You can be together with that homewrecker forever. You’ll regret it one day!]

After that, she added Su Ze’s number to her blacklist.

...

In the box room of the banquet hall.

Su Ze was currently eating with customers.

After receiving the text message, he turned on his phone and his face darkened.

Directly opposite him.

A president from a partnering company who was talking to him about a contract suddenly saw his sullen face and thought that he was dissatisfied with the proposal that was just presented.

“President Su, is there something wrong with the condition I just mentioned? Are you dissatisfied?” His partner’s face was a little upset.

He was already bending backward for him.

If he continued to give in, he would not make any profits.

If the new president was still dissatisfied, this business would fail no matter what.

When Su Ze looked up, he was met with his partner's dissatisfied expression and was taken aback slightly. He immediately smiled and said, "You've mistaken me, President Zhang. I don't mean that. I'm not dissatisfied with the condition either."

Only then did President Zhang's face soften a little. He raised his wine glasses and said with a smile, "Since you are ok with it, shall we settle it then?"

Su Ze temporarily put aside the annoyance in his heart. He smiled and raised his glass. "Ok, President Zhang. With this glass of wine, I hope that our cooperation will be smooth."

...

In the box opposite Su Ze.

The waiter took a menu, handed it to Qiao Mianmian, and respectfully said, "Miss Qiao, please place your order."

Qiao Mianmian looked at Jiang Luoli and Zhang Yuwei. "You two can order first. I will look at it after you."

Since she was the one treating them, she had to let them order first.

Jiang Luoli did not hold back, took the menu, and smiled. "Ok, we will order first then. Let me see what's nice here..."

After opening the menu and seeing the price of the dishes, her words came to an abrupt end.

"Seriously!" Jiang Luoli looked frightened as she widened her eyes and immediately closed the menu.

After that, she nudged Qiao Mianmian's arm and whispered, "Mianmian, the food here is too expensive. It's so expensive that I'm afraid of ordering anything."

Chapter 100: Treating Qiao Mianmian Like a Spendthrift

Qiao Mianmian also had a shock when she saw the menu.

The dishes here were way more expensive than the restaurant that Mo Yesi took her to for lunch.

No wonder Jiang Luoli was startled.

She wasn't much different.

More than a thousand yuan for a plate of vegetables?

Did the vegetables here grow on mineral water, with music and perfume?

Would one become prettier after eating it?

Otherwise, why was it so expensive?

Zhang Yuwei looked at the two of them and smiled. "It's too expensive. Mianmian, why don't we go elsewhere?"

“We’re already here, there’s no need to change venues.” Qiao Mianmian found it expensive too, but it wasn’t appropriate to change places now.

Anyway, she still had the black card from Mo Yesi.

She could spend up to a million yuan a month.

As expensive as this outlet was, it couldn’t possibly go up to a million yuan.

With that in mind, Qiao Mianmian handed the menu to Zhang Yuwei. “Don’t worry, he already said we can order anything we like. Don’t bother about the prices, just order whatever you feel like it.”

She then reached for the black card in her bag.

When she took out the card that symbolized her status, Zhang Yuwei’s and Bai Xiao’s expressions changed immediately.

They were silent for a few seconds before Bai Xiao said, a little jokingly, “Mianmian, did your boyfriend give you that card? Is there a lot of money stored inside? Did he tell you to buy whatever you like when he gave it to you?”

“Yup.” Qiao Mianmian recalled what Mo Yesi had said. “That’s what he said.”

Bai Xiao’s expression changed again.

She bit her lip and felt annoyed at Qiao Mianmian, whom she felt was flaunting.

“Oh, is it?” She turned to Zhang Yuwei and shot her a glance. “In that case, we won’t hold back. Yuwei, let’s place our orders.”

...

A moment later.

The waiter served dish after dish, and Jiang Luoli was starting to have difficulty maintaining her smile.

There were only four of them.

But Zhang Yuwei and Bai Xiao ordered 10 dishes.

And only one of them was a plate of vegetables.

The rest were expensive dishes like seafood.

One of them had caught Jiang Luoli’s eye on the menu. It was over 50,000 yuan.

Qiao Mianmian was also shocked when she saw the table full of dishes.

She turned to look at Bai Xiao and Zhang Yuwei and realized they seemed a little different today.

She wasn’t a petty person.

And she was completely fine with paying for the meal.

But Zhang Yuwei and Bai Xiao were doing things out of the norm.

They knew that the four of them couldn't eat that much and actually went on to order more than 10 dishes.

And most of the dishes were in the tens of thousands of yuan.

Qiao Mianmian finally detected something.
