

## Big Shot 991

### Chapter 991: Ah Si, Are You Still Angry At Me?

With that, he didn't care about Madam Mo's reaction. He turned around and looked at Shen Rou coldly. "I remember telling you not to look for me here anymore. Did I not make things clear to you, or did you think I was joking?"

Shen Rou couldn't help but shiver when she met his cold eyes.

She knew what Mo Yesi said to her previously.

She was here today because Madam Mo was with her.

She thought that even if she and Mo Yesi were really on bad terms previously, they'd known each other for over 20 years. He couldn't possibly treat her like a stranger.

But he didn't leave her any face in front of Madam Mo. She felt ashamed.

She bit her lip and forced a smile. "Ah Si, are you still angry with me? I thought you'd be appeased after so many days.

"Didn't you... say that out of anger?"

"It's not as if we've never quarreled before. You've also said angry words before. I-I've never taken it seriously."

Although she said that, she knew very well that Mo Yesi was just being spiteful.

She was just trying to save some face for herself.

Mo Yesi's eyes turned even colder. "Who told you that I said it out of anger? Do you think I can't do anything to you just because you're here with my mom? Shen Rou, don't play these silly tricks. I've already made things clear to you. You have to know your place, don't force me to say worse things."

"What kind of attitude is this, how could you treat a girl like Rourou like this!" Madam Mo grabbed Shen Rou's hand and frowned. "Rourou grew up with you, and our Mo family treats her like a daughter. You're treating her like this because of some unimportant matters. Are you going to break ties with her?"

"Ah Si, what are you thinking? You're my son, but I don't understand you at all now. What's wrong with you? You weren't like this in the past."

"Not something important?" Mo Yesi looked at Shen Rou coldly. "So, you complained to Mom. Don't you think what you've done is too much? Do you still feel aggrieved?"

"I didn't..." Shen Rou looked afraid as she leaned towards Madam Mo and grabbed her arm. "I didn't complain to Aunt Mo. Ah Si, don't be like this, I'm so scared..."

"I know I did wrong, and I've apologized to you. I can even apologize to Mianmian. As long as you can forgive me, I'm willing to do anything. But you're not willing to give me a chance.

"I never thought of complaining to Aunt Mo. I just felt that Aunt Mo needed to know about our current relationship, so I told her about it. I didn't lie to Aunt Mo at all. I told her everything I did.

"If you don't believe me, you can ask Aunt Mo."

"That's right, Rourou told me all about it." Madam Mo patted the back of Shen Rou's hand tenderly.

"Rourou is in the wrong, but she already knows her mistake. She did it because she cares about you too much."

## **Chapter 992: I'll Never Admit Her Identity**

"Can't you just forgive her once?"

"I don't think she did anything unforgivable. If she didn't like you and didn't care about you, would she do that?"

"Ah Si, I brought her here this time because I hope you can reconcile with her. You're a man, can't you be more magnanimous? What's wrong with competing with a girl? You're even going to sever ties with her. Our Mo family and the Shen family have so much friendship, and the elders of both families are still doing well. You're just a junior, how can you break ties with her? Aren't you a joke?"

"Rourou has already apologized to you. What else do you want from her?"

Mo Yesi waited for Madam Mo to finish her sentence expressionlessly. After a moment of silence, he said coldly, "Mom, in your eyes, this isn't an unforgivable matter. But in my eyes, it's not. It's not that I haven't given her a chance, but she's only gotten worse."

"If you're here to plead for her, you'll be disappointed."

Madam Mo was stunned for a while before her expression turned awful. "Even if I plead on her behalf you won't give me face?"

"This has nothing to do with who's pleading." Although Mo Yesi was speaking to Madam Mo, he looked at Shen Rou coldly. "Whoever hurts the person I care about, no matter who it is, has no face to speak of."

"If I forgive her, I'll let my wife down."

"Ah Si, you!" Madam Mo was furious. "Is that woman that important to you? I think you're possessed. You don't even know what you're doing."

Mo Yesi's eyes darkened. "Mom, that's your daughter-in-law. I hope you can change the way you address her."

"Daughter-in-law?" Madam Mo was angered by his attitude. "I'll never acknowledge her. She's dreaming if she wants to be the Mo family's daughter-in-law. Does she think she can rest easy after marrying into the Mo family?"

"Let me tell you, I won't admit her identity. If you have the capability, then don't acknowledge anyone for her. I'll pretend I didn't give birth to you!"

Mo Yesi's expression darkened.

Madam Mo looked at him defiantly.

Shen Rou sneered as she watched the mother and son exchange blows.

She couldn't wait for Madam Mo and Mo Yesi's relationship to worsen.

That way Madam Mo would hate Qiao Mianmian more and more.

The more Madam Mo detested Qiao Mianmian, the more she liked her and wanted her to marry Mo Yesi.

With Madam Mo's help, there was still a chance.

As the conflict between Mo Yesi and Madam Mo intensified, Qiao Mianmian woke up in the lounge.

She heard everything Madam Mo and Mo Yesi said.

Including what Shen Rou said.

When she heard Madam Mo say that she would never acknowledge her as her daughter-in-law, she couldn't help but feel hurt even though she knew that Madam Mo didn't like her.

No matter how strong her heart was and how nonchalant she appeared to be, it was impossible for her to not be bothered by it.

But Mo Yesi's firm defense warmed her heart.

He wasn't biased just because Madam Mo was his mother.

He didn't want her to feel aggrieved.

This touched her.

### **Chapter 993: She Really Likes Him So Much**

If it wasn't for Madam Mo and Shen Rou, she would've rushed out to hug and kiss him.

How could her husband be so good?

She really, really liked him.

At this moment, she was glad that she chose to marry him.

If she missed such a man, she would probably regret it for the rest of her life.

Qiao Mianmian stood at the door and saw Madam Mo's increasingly awful expression.

She thought for a while and sent Mo Yesi a WeChat message: [Hubby, I heard Mom's voice just now. Is she here? Bring the clothes in quickly. Mom's here, I have to go out and meet her.]

Madam Mo didn't like Qiao Mianmian, and the reverse was also true.

She could have continued to pretend to be asleep and never go out to see Madam Mo.

She didn't want to see Madam Mo.

But after some thought, she decided to go out and greet her.

No matter what, Madam Mo was Mo Yesi's biological mother.

Even if she couldn't like her now, she couldn't lose basic respect.

No matter how Madam Mo treated her.

As a daughter-in-law, she just had to do her job well.

At least, she had to have a clear conscience.

She didn't want to force things anymore.

The only person she cared about now was Mo Yesi.

As long as he was by her side.

She didn't care about anyone else.

Outside the lounge.

Mo Yesi's cell phone rang. He saw Qiao Mianmian's message and picked up the bag of clothes on the table.

Without greeting Madam Mo and Shen Rou, he turned and walked into the lounge.

Madam Mo's expression darkened.

Her chest heaved up and down.

"Aunt Mo, don't be angry." Shen Rou bit her lip gently. "Brother Ah Si isn't targeting you. He just... doesn't want to see me. I-I think I'd better go."

She blinked and said with slightly reddened eyes, "I shouldn't have come. I don't want you and Brother Ah Si to be so unhappy because of me."

"What are you talking about." The angrier Madam Mo was with Mo Yesi, the more she felt that Shen Rou was sensible. At this moment, she only hated Shen Rou for not being her daughter. If only she had such a sensible and caring daughter.

She wouldn't be so angry.

"Rourou, this has nothing to do with you." Madam Mo looked at the tightly shut door of the lounge and gritted her teeth. "It's all because of that vixen. She caused so much trouble the moment she married into the Mo family.

"Why are you leaving? What's there to be afraid of? Even if she's married to Ah Si, she's nothing. I have to wait for that vixen to come out today. I want to see what she dares to do to me."

Shen Rou saw the hatred and dissatisfaction in Madam Mo's eyes, and a hint of satisfaction flashed past her eyes.

...

In the lounge.

Qiao Mianmian changed her clothes and went to the washroom to tidy herself up. After making sure that her appearance was alright, she followed Mo Yesi out.

Mo Yesi stopped at the door and looked at her hesitantly. "You really want to go out? If you don't want to..."

"Hubby, I know that Mom is here, but I'm still hiding inside and not going out to see her. This isn't good. She's your Mom, and she's my Mom now. I have to respect her. And with you with me, I know you'll definitely protect me, right?"

#### **Chapter 994: No One Can Bully You**

The man deepened his eyes and lowered his voice. "Call me that again."

Qiao Mianmian blinked and asked, "What should I call you again?"

It was her first time being so proactive in such matters because of his outstanding performance.

Mo Yesi wrapped his arm around her waist and squeezed it. "Call me Hubby."

Qiao Mianmian blinked again and smiled sweetly. "Didn't I call you that just now?"

"Mm, I haven't heard enough. Call me again."

The man's request wasn't overboard. Qiao Mianmian felt her heart warm up as she thought about how he'd protected her in front of Madam Mo. She looked at him gently and said, "Hubby."

Mo Yesi's Adam's apple bobbed.

He looked down with burning eyes.

Qiao Mianmian was too familiar with that look.

She was afraid that he would do something irrational.

Madam Mo and Shen Rou were still outside.

She didn't want them to think that she was still restless in the middle of the day and still wanted to cling onto Mo Yesi.

"Mom is still outside!" Qiao Mianmian patted the man's arm and warned him. "Don't do anything rash."

Mo Yesi didn't say anything. He looked at her deeply for a while and took a deep breath to calm his breathing.

He still hadn't let go of her waist. When he spoke again, his voice wasn't as hoarse as before. "I know, Baby. Of course, I'll protect you. Besides me, no one can bully you."

"I just don't want you to be unhappy. I want to be as perfect as possible and satisfy everyone. But there are a lot of things that I can't control. Mom still has misunderstandings about you, and I can't change her mind right now. I might make you feel aggrieved."

Qiao Mianmian nodded in understanding. "You don't have to worry, I know. I'm not a renminbi, I can't make everyone like me. Actually, with you and Grandma pampering me, I'm already very satisfied."

Although she said this, Mo Yesi still looked a little apologetic. "No matter what, I still made you feel aggrieved."

"I don't feel aggrieved at all." Qiao Mianmian reached out to hug him. "My husband treats me so well and gives me so much happiness. He makes me so happy every day. How could I feel aggrieved?"

"I'm very happy. I'm very satisfied with my life now."

"Mo Yesi, you gave me all of this."

Qiao Mianmian said, "You've already done very well, I won't allow you to blame yourself."

Mo Yesi looked down at the petite girl in his arms, and his heart softened.

His gaze softened as he patted her head affectionately. "Alright. I won't blame myself, then. I'll try my best to do better and give my wife more happiness."

...

They walked out of the lounge hand in hand.

Shen Rou's expression darkened when she saw the intimate scene.

Madam Mo's expression turned even colder when she saw Qiao Mianmian.

The moment Qiao Mianmian walked out, she saw two cold faces...

#### **Chapter 995: Eh, Miss Shen Is Here Too?**

She pretended not to know anything and took the initiative to greet Madam Mo. "Mom, you're here. I'm sorry, I fell asleep just now and didn't come out to welcome you. Eh, Miss Shen is here too?"

Qiao Mianmian looked at Shen Rou and pretended to be shocked. "Hubby, you only told me that Mom was here, you didn't tell me that Miss Shen was here too. Did Miss Shen come with Mom?"

Mo Yesi didn't tell her that Shen Rou was here too.

But Qiao Mianmian knew.

She heard Madam Mo and Shen Rou talking outside.

She said it on purpose to spite Shen Rou.

She knew what Shen Rou cared about the most, so she knew how to upset her.

When she called Mo Yesi "Hubby", Shen Rou's expression was already awful.

By the time she finished speaking, Shen Rou's eyes were almost overflowing with gloom.

Qiao Mianmian looked at her gloomy expression and smiled. "Mom, Miss Shen, quickly sit down. Oh right, what would you like to drink? Has the secretary prepared it?"

She talked to Madam Mo and Shen Rou like she was the mistress of the house.

Madam Mo's and Shen Rou's expressions darkened.

Madam Mo was slightly better, but Shen Rou's expression was already awful.

Qiao Mianmian was mainly targeting her.

Those words were mainly meant for her.

Shen Rou wasn't stupid, she could tell.

But with Madam Mo and Mo Yesi around, she could only suppress her anger and pretend not to know anything.

Even so, when she saw Qiao Mianmian holding Mo Yesi so intimately and calling him "Hubby", Shen Rou almost went crazy with jealousy.

She couldn't accept the way Mo Yesi looked at Qiao Mianmian.

He was so focused and loving...

It was as if he only had eyes for Qiao Mianmian.

She'd never seen such a focused and affectionate gaze from him even in her dreams.

If... he was willing to look at her the same way, she would probably think that she was the happiest person in the world.

She'd been by his side for over 20 years.

But he gave all his love to another woman.

She was indignant.

If liking him meant that she was destined to end up like this, then what had she done for the past 20 years?

He wasn't even touched.

The more Shen Rou thought about it, the sadder she felt. She tried to hold it in, but she couldn't. She said sourly, "Miss Qiao, you don't have to bother us. How could the secretary dare to neglect Aunt Mo when she's in her son's company? Why would she need Miss Qiao to worry about this?"

"But Miss Qiao said that you were asleep, so you didn't know we were here. I think it's getting late. It's already past lunch break, why would Miss Qiao be sleeping at this time?"

Shen Rou sounded normal on the surface.

But anyone more attentive could tell that there was another layer to her words.

Madam Mo's expression darkened.

“Rourou is right. Ah Si is my son. I’m here at my son’s company, and there are plenty of people to entertain me. There are no outsiders here, so why are you being so polite? It’s already so late, and you’re still sleeping. Why did you sleep when Rourou and I came?”

#### **Chapter 996: You Can Do Anything With Me**

“Only you know if you’re sleeping or not.”

Madam Mo hadn’t thought so much.

But after hearing what Shen Rou said, she was instantly unhappy with Qiao Mianmian.

She felt that Qiao Mianmian did it on purpose.

Knowing that she was here, she hid inside on purpose.

She was getting increasingly dissatisfied with how arrogant and disrespectful her daughter-in-law was.

She knew that nothing good would come from a small family.

It was either a good match or a bad match.

If her daughter-in-law was Rourou, she wouldn’t be so dissatisfied.

The outstanding son she’d raised was taken away by this woman. How hateful.

Mo Yesi frowned. “Mom, you...”

“Mom, I was really sleeping.” Qiao Mianmian grabbed Mo Yesi’s arm tightly and looked up at him with a “don’t be impatient” look. She then smiled and said to Madam Mo, “I was waiting for Ah Si to have dinner together. He can’t accompany me when he’s busy with work, and I didn’t want to affect him. So, I went in for a nap.

“I really didn’t know you were here. I only found out when he woke me up.

“If I made Mom uncomfortable, I’ll apologize to you.”

Madam Mo opened her mouth, but before she could say anything, Mo Yesi said coldly, “What are you apologizing for, you didn’t do it on purpose. What’s wrong with this time, why can’t we sleep? Who made the rule about when we have to sleep?

“You’re the Lady Boss of the Mo Corporation. Even if you find someone to play mahjong in the office, no one would dare to say anything about you, let alone sleep in your own company.”

Shen Rou’s face went pale.

Mo Yesi’s words were directed at her.

This was a slap to her face.

It was bad enough that Mo Yesi didn’t want to give her face, but to be so disrespectful in front of Qiao Mianmian, Shen Rou’s face turned pale.

Qiao Mianmian was very satisfied with her husband’s strong support.

She said cooperatively, "Can I really get someone to share a table in your office?"

Mo Yesi lowered his head and didn't care about what Madam Mo and Shen Rou thought. "Of course you can. I've said it before, you can do whatever you want with me."

"Hubby, you're so nice. Thank you for being so nice to me. I'm really happy and satisfied to be your wife." Qiao Mianmian glanced at Madam Mo and Shen Rou's dark expressions and felt that she could work harder to make them feel even worse.

She understood it, anyway.

Madam Mo's hatred for her was already ingrained.

No matter what she said or did, this wouldn't change.

Hence, she couldn't be bothered to try to get on his good side.

All she had to do was to do what was on the surface.

This was also to make things difficult for Mo Yesi.

No matter how much she disliked Madam Mo, she was still Mo Yesi's biological mother.

This relationship would never change.

She couldn't possibly let Mo Yesi abandon his own mother for her.

Mo Yesi had already seen through her intentions, but he didn't expose her. His handsome face was full of indulgence as he stroked her head cooperatively. "I'm very happy and satisfied to be able to marry you and be your husband."

### **Chapter 997: She Looked Like She Could Faint Anytime**

The two of them flaunted their love.

Madam Mo and Shen Rou were practically invisible. One of them was gray and the other was pale. They looked at Qiao Mianmian as if they wanted to poke a hole in her.

Madam Mo clenched her teeth.

This little vixen was so shameless.

And she was flirting with her son right in front of her.

Who knew what it would be like in private.

Madam Mo suddenly thought of Wei Zheng buying clothes.

Wei Zheng said that the coffee spilled on her and stained her clothes, so he had to get another set.

But...

Madam Mo had believed Wei Zheng's words at first, but now she was suspicious.

This woman was behaving so improperly in front of her.

It was obvious that she wasn't a good person.

It wasn't strange for such a woman to do something out of line.

She said that the coffee spilled all over her body...

Madam Mo was so angry that her hands were shaking.

How could there be such a shameless woman!

It was bad enough that her background wasn't good, but she was so slutty deep down.

How could such a vixen be worthy of her son!

At this point, Madam Mo had made up her mind. No matter what, she couldn't let Qiao Mianmian stay in the Mo family.

A family like the Mos would be a joke if they had such a daughter-in-law.

In the future, the Mo family would become the laughing stock of the upper-class society.

She'd been in the limelight for so many years, she couldn't afford to lose this face!

Hence, no matter what, she couldn't let Qiao Mianmian stay in the Mo family. She couldn't just watch as the Mo family became a joke.

"Ah Si, you can be lovey-dovey with your wife anytime. Now, I have something to say to you. Tell her to leave for a while." Madam Mo only told Qiao Mianmian, not Shen Rou.

Even though she was his biological mother, Mo Yesi didn't give her any face and said directly, "Mianmian isn't an outsider, what's there to avoid? Mom, just say it directly. There's no need to mind her."

Seeing how protective he was of Qiao Mianmian, Madam Mo got even angrier.

"Since I asked her to leave, it's not convenient to say it in front of her. Why? You feel bad just asking her to leave for a while? Am I a vicious witch? Are you so afraid that I'll do something to her?"

"You don't take anything I say seriously anymore!"

"Mo Yesi, do you still respect me as your mother? Do you think that you can abandon your mother after marrying her?"

Madam Mo got angrier as she spoke.

She didn't have her usual elegant and noble image.

She seemed more down-to-earth now.

There was a faint smell of smoke in the air.

Qiao Mianmian saw that Madam Mo was so angry that her chest was heaving and her face was pale. She looked as if she would faint at any moment. She couldn't help but worry that Madam Mo would really faint from anger.

If Madam Mo really fainted, even if it wasn't their fault, they would be labeled as unfilial.

She thought for a while and decided to take a step back. "Ah Si, I think I'll excuse myself for a while. I want to go out for a breather too. You can have a good chat with Mom."

### **Chapter 998: Are They Trying to Make Trouble?**

This was nothing to Qiao Mianmian.

She wasn't angry.

No matter what Madam Mo said to Mo Yesi, she would find out eventually.

Moreover, she didn't have to stay with Madam Mo and Shen Rou.

"Mianmian, you..." Mo Yesi frowned at her, thinking that she was angry.

"I'm just going out for a while. I'll be back soon." Qiao Mianmian knew what he was thinking and didn't care what Madam Mo and Shen Rou thought of her. After hesitating for a few seconds, she tiptoed and kissed Mo Yesi's handsome face.

In that case, he wouldn't think too much.

As expected, her kiss was very effective.

The man relaxed and looked down at her for a few seconds. After confirming that she wasn't angry, he sighed in relief and patted her head. "Alright, then you can go out for a walk. Do you have money with you? Do you want me to..."

"No need, no need. I have enough money on me. When I don't have enough, I'll get it from you."

"Alright." Mo Yesi said affectionately, "Tell me if it's not enough."

The two of them showed off their affection for each other.

Shen Rou clenched her teeth and dug her nails into her palms, but she didn't feel any pain.

Madam Mo didn't look happy at all.

The more Qiao Mianmian acted like she was in love with Mo Yesi, the angrier she got.

She had already decided that Qiao Mianmian was a shameless woman.

Hence, even if Qiao Mianmian was just being lovey-dovey with her husband, she would feel that she was deliberately seducing her son.

It was a vixen's behavior.

...

After Qiao Mianmian left.

Mo Yesi returned to his desk and sat down. He looked at Madam Mo coldly and said, "You can talk now. What exactly is it that you need to say that my wife needs to leave?"

"Aunt Mo, I'll leave too."

Shen Rou, who had been silent all this while, suddenly said sensibly, "You two have a good talk. I'll wait for you outside."

Madam Mo couldn't say it in front of Shen Rou, so she nodded. "Alright, you can leave first."

...

Qiao Mianmian came out of the washroom and saw Shen Rou standing outside.

"Qiao Mianmian, let's talk." Shen Rou looked at her coldly. "There are some things I think we need to clarify."

Qiao Mianmian looked at her and smiled. "Miss Shen, were you waiting for me outside?"

Shen Rou nodded. "That's right, I've been waiting for you."

Qiao Mianmian was speechless.

Shen Rou was getting impatient. "I said we should find a place to talk. What do you think?"

"Sure."

Qiao Mianmian thought about it and felt that they needed to have a good talk. She nodded and said, "I want to have a good talk with you too."

The Mo Corporation had a cafe.

They took the elevator to the cafe downstairs.

Some employees were drinking afternoon tea there. Some of them knew Qiao Mianmian and Shen Rou. When they saw them walk into the cafe, they all turned to look at them.

Wow.

The President's current girlfriend and childhood sweetheart were actually in the same frame.

Was he trying to cause trouble?

They heard that the childhood friend came with Madam Mo.

Was he showing off his girlfriend?

Once a woman's gossiping spirit was ignited, she couldn't stop.

After Qiao Mianmian and Shen Rou sat down, Qiao Mianmian couldn't be bothered to beat around the bush and immediately said, "Miss Shen, we'd better get straight to the point."

### **Chapter 999: I Advise You to Be Smart**

"I wonder what you want to talk to me about."

“Ha.” Shen Rou looked at her mockingly. “Qiao Mianmian, why are you feigning ignorance? You know what I want to talk to you about. I don’t like to beat around the bush, so I’ll be frank.

“To tell you the truth, Aunt Mo came here today to persuade Ah Si to leave you. I believe you know very well that Aunt Mo doesn’t like you. You married into the Mo family behind her back. If Ah Si hadn’t secretly gotten a marriage certificate with you, you wouldn’t have been able to marry into the family.

“You should know this very well.”

Shen Rou despised Qiao Mianmian from the bottom of her heart.

In her eyes, Qiao Mianmian came from a humble background and wasn’t worthy of her attention.

If it wasn’t for Mo Yesi, someone like Qiao Mianmian wouldn’t even have the right to talk to her.

And from the moment she was born, she was a noble lady.

Hence, she always felt superior to Qiao Mianmian.

She always seemed high and mighty.

Even when she spoke, it was with an air of superiority.

“So.” Qiao Mianmian’s expression didn’t change at all. She smiled and said casually, “What exactly is Miss Shen trying to say?”

Shen Rou sneered when she saw that Qiao Mianmian was still feigning ignorance. “Qiao Mianmian, I really don’t know what you’re thinking. You know that Aunt Mo doesn’t like you, and Ah Si married you only because you have a certain effect on his misogyny. Why are you still clinging to him shamelessly?

“Is it because you can’t bear to let go of your position as the Second Young Madam of the Mo family?

“But you have to be clear about one thing. Your position as the Second Young Madam of the Mo family isn’t secure just because you’re married to Ah Si. Aunt Mo is Ah Si’s biological mother, after all. Even if they have some friction, it’s only temporary. Ah Si treats you well now, but that’s because you’ve only been together for a while. He’s still fresh to you, and you’re still useful to him.

“Before that, he won’t consider divorcing you.

“But what about the future?” Shen Rou’s eyes were full of malice. “When you two are together for a long time, will he still find you fresh? When his illness is cured, will you still have any value to him?

“When that happens, he won’t hesitate to kick you out.”

“Oh, is that so?” Qiao Mianmian didn’t seem to take her words seriously. “I’m really curious about what Miss Shen wants to say to me.”

Shen Rou felt that Qiao Mianmian was feigning ignorance.

She knew what she was trying to say, but she pretended not to.

She clenched her teeth and said hatefully, “If you’re smart and leave him now, you’ll get a lot of compensation. Otherwise, when he gets tired of you, you might not get a single cent.

“Qiao Mianmian, I advise you to be smarter. The compensation you’ll receive now is enough to last you for the rest of your life. If you insist on staying in the Mo family, nothing good will come of it.”

Qiao Mianmian couldn’t help but laugh.

### **Chapter 1000: No One in the Mo Family Will Admit Your Status**

Shen Rou asked, “What are you laughing at?”

Qiao Mianmian chuckled again. “It sounds like Miss Shen is doing this for my own good. I’m really touched that you’re so thoughtful towards me.”

Shen Rou said, “Qiao Mianmian, I hope you can be more realistic. If Aunt Mo doesn’t agree with you and Ah Si being together, do you think you can still be happy together? Aunt Mo is still Ah Si’s biological mother. He can’t possibly abandon his own mother for you.”

“Oh, I understand.” Qiao Mianmian pretended to be enlightened. “Miss Shen is here to persuade me to divorce Mo Yesi. Am I right?”

Shen Rou was furious. “If you know your place, you should know what’s best for you.”

The waiter from the cafe came over with the coffee they’d ordered. Qiao Mianmian took her cup and slowly took a sip. Then, she looked up at Shen Rou and said, “I’ll be honest with Miss Shen too. Although you’ve put in so much effort for my sake, I’m afraid I’ll disappoint you.”

Qiao Mianmian took another sip of her coffee and smiled. “I’m sorry, I don’t intend to divorce my husband. I don’t have that intention now, and I won’t have it in the future. Miss Shen, you don’t have to persuade me anymore.”

“Qiao Mianmian, do you really think that you can remain as the Second Young Madam of the Mo family just because you’re clinging onto him?” Shen Rou was furious at her for being so insensible.

“That’s between me and my husband. This has nothing to do with Miss Shen, right?” Qiao Mianmian’s tone was still calm, but there was a hint of coldness to it. “It’s not good for Miss Shen to be so worried about other people’s family matters.

“Although the Shen and Mo families are long-time friends, and you and my husband have been friends since you were young, Miss Shen is still an outsider, after all. Aren’t you going a little overboard by keeping an eye on other people’s family matters and interfering in the marriage of a friend and his wife?

“Miss Shen, you should know that when it comes to matters between husband and wife, besides settling it on your own, even the interference of family members is unnecessary. Moreover, Miss Shen, you’re not even considered family.” Qiao Mianmian’s tone was cold when she spoke the last sentence.

She felt that Shen Rou didn’t know what was going on.

Could it be that she’d been too gentle to her the previous two times, so she felt like she was a pushover?

Did she think she was a cat?

“So what.” Shen Rou sneered. “Whether you’re willing to admit it or not, an outsider like me has a higher status in the Mo family than you do. Aunt Mo’s daughter-in-law is still me. So what if you’re married to Ah Si? Besides Ah Si, no one in the Mo family will acknowledge your status.”

“Qiao Mianmian, your background and career are tarnishing the Mo family’s reputation. If people find out that Ah Si married a woman like you, do you know that he and the entire Mo family will be laughed at?”

“A wife like you is simply not presentable.”

Qiao Mianmian couldn’t help but laugh again. “I’m so unpresentable, so you’re shamelessly eyeing my husband and trying to ruin our relationship? Miss Shen, even if I’m unpresentable, at least my values are right. I know I can’t covet a married man.”
