

Bigoted 211

Chapter 211: Qin Shu- A Wolf in Sheep Clothing

Fu Tingyan saw the police who suddenly rushed over and looked at Qin Shu. "You called the police?"

Qin Shu nodded.

The ten people were all stunned when the police arrived.

Qin Shu walked over and said to the police, "I saw them bullying the weak. Not only did they destroy other people's businesses, but they also blackmailed and beat up the students who were preparing for the college entrance exam. My classmate was injured by them."

The man with a buzz-cut hurriedly explained, "Wait, we are the victims. We were beaten up very badly by them. Don't listen to this woman's nonsense. She is especially strong."

The police swept his eyes over Qin Shu. She was thin and weak. It was obvious that she was weak and fragile. The wind could blow and she would topple over.

The two boys behind her had wounds on their faces. Their white shirts were also dirty and there were traces of blood on them.

The stall next to them was also in a mess, and cooking ingredients were scattered all over the floor.

Then, they looked at the ten people in front of them. They were looked fine, and it was obvious that they were local hooligans.

Only their bodies had been hit because Fu Tingyan had heard from Ye Luo that if they wanted to kill someone, they should hit straight at the vital parts.

Qin Shu also hit their bodies, so they did not look injured on the surface.

The police officer's eyes were sharp. "Do you think we are fools? All you do all day is hang around and do nothing serious."

Just then, Jiang Yu walked over. He glanced at the dozens of people in front of him and said, "They smashed my classmate's stall and even threatened and framed them, causing them to lose a lot of money tonight. They should be made to compensate my classmate's family for their income, the damage to their things, psychological damage, and other expenses."

The policeman turned his head to look at Jiang Yu. He had dealt with countless people before, and he could tell at a glance that this high school student in front of him was not an ordinary person. He turned his head to glance at the stall, and it was indeed a heavy loss. The customers had also run away.

"They will be made to compensate."

The policeman brought the ten people back to investigate. As for making a statement, they just roughly inquired about what had happened before heading off.

The barbecue stall could not be set up tonight. Ye Jianguo was not seriously injured. He looked at Fu Tingyan and the others gratefully.

“Thank you so much for tonight. If it weren’t for you, I don’t know what would have happened.” Ye Jianguo was a little ashamed. He had done worse than a few students.

Fu Tingyan and Jiang Yu did not say anything.

Qin Shu glanced at the two of them and then looked at Ye Jianguo. “Uncle, you’re too kind. We’re Ye Xue’s classmates. It’s our duty to help.”

“I’m really happy that Ye Xue has classmates like you all. I was afraid that she wouldn’t be able to make friends due to her introverted personality. Now I’m relieved.” Ye Jianguo was genuinely happy. This happiness made him overlook the serious losses that he had suffered tonight.

Ye Jianguo continued, “Oh right, I’ll take you to the hospital first. You’re all injured.”

Jiang Yu shook his head and refused, “There’s no need. We have a private doctor.”

Ye Jianguo felt a little ashamed when he heard that.

He thanked them again and turned around to clean up the mess.

Ye Xue looked at the three people in front of her and did not know what to say. “Thank you for helping me tonight. I’m really grateful. You guys should go back and get your injuries looked at.” She hurriedly thanked them and went to help Ye Jianguo clean up the mess and go home.

Qin Shu watched Ye Xue help her father pack up his things. She had just found out that Ye Xue’s parents were in this line of business.

She had also just found out that in her previous life, the people that Fu Tingyan and Jiang Yu saved were Ye Xue and Ye Jianguo.

She turned around and looked at Fu Tingyan and Jiang Yu who were standing in front of her. “Let’s go back, you’ve both gotten hurt.”

Chapter 212: The Little Plots in the Minds of the Three

On the way back

The car was driving rapidly.

Fu Tingyan was driving with his lips tightly pursed. His mind kept replaying the scene of Qin Shu kicking the three men to the ground with just one move. Even he couldn’t do it. How could a weak girl like her do it?

He suddenly thought of a possibility, which was that his brother had taught Qin Shu. Otherwise, how could she know martial arts?

It had to be like that.

Jiang Yu sat in the passenger seat. Other than the unbearable pain he felt, which made him frown, he was also thinking about an issue.

In fact, he was still thinking about the move Qin Shu had used to save him. It was too cool.

He had never known that a girl could be so cool when she was beating someone up.

Qin Shu did not think too much about it. She had been shocked the first time but grew indifferent after that.

It was better knowing martial arts than not. At the very least, she wouldn't be bullied.

As for those moves, they seemed to have been done subconsciously. She didn't know these moves beforehand.

At first, she still wondered how she had suddenly learned martial arts?

But after a few times, she concluded that it was because of her rebirth.

Perhaps this was the same thing that usually happens to heroines in novels. It was a special skill that came with rebirth.

Other than this explanation, she really couldn't think of any other reason.

Fu Tingyan first sent Jiang Yu home. Before getting out of the car, he didn't forget to remind him, "Yu, no matter what excuses you use, you mustn't say anything about the fight tonight."

"I got it, don't worry."

Jiang Yu gave him a reassuring look and then pushed open the car door to get out.

After Jiang Yu got out of the car, Fu Tingyan went back to Bright Garden.

Fu Tingyan glanced at Qin Shu through the rearview mirror. "Why did you come to south street all of a sudden?"

"I was going to eat skewers. Am I not allowed to eat skewers and only you guys can?" Qin Shu answered matter-of-factly.

"Then why didn't you ask Ye Leng to drive you?"

"The car broke down, so I took a taxi there. I saw you guys fighting," Qin Shu said calmly.

Fu Tingyan was silent for a while before he said, "Don't tell my brother about tonight."

Qin Shu glanced at Fu Tingyan in the driver's seat. She had guessed that he would say that because he felt embarrassed that he didn't master martial arts well. He had almost been beaten up. Fu Tingyan would be disappointed if he knew.

In fact, she didn't want Fu Tingyan to know about tonight. She was afraid that he would feel suspicious that she had suddenly learned kung fu.

She couldn't explain it.

She couldn't possibly say that she was a special skill that came from her rebirth, right?

It was too unbelievable.

It was just that it would be better if Fu Tingyan brought it up than if she brought it up.

Fu Tingyan saw that Qin Shu didn't respond for a long time and couldn't help but feel a little anxious. "Why aren't you saying anything?"

"If you don't want me to tell him about it, then I won't. It wouldn't do me any good if I tell him about it."

Qin Shu looked as if she had taken advantage of him and was still pretending that she hadn't.

Fu Tingyan didn't know what Qin Shu was thinking. Seeing that she had agreed, he heaved a sigh of relief.

After Fu Tingyan sent Qin Shu to Bright Garden, he drove back to the Fu residence.

Fortunately, his face hadn't been injured and his injuries were all on his body. Grandma couldn't tell anything either.

Bright Garden

Qin Shu carried her school bag and walked into the living room. She looked at Ning Meng who came up to her and asked, "Is he back yet?"

"Fourth master isn't back yet. Young Madam, have you eaten?" Ning Meng asked.

Qin Shu was so hungry that she was practically starving. She thought for a moment and said, "Prepare a serving of beef noodles for me."

"Alright, I'll get the chef to prepare it right away."

Ning Meng said and walked out of the living room.

Ye Leng, who was standing by the side, heaved a sigh of relief when he saw Qin Shu had returned safely.

Qin Shu went straight to the master bedroom on the second floor.

The door was pushed open and she walked in. She threw her bag onto the sofa at the side and walked to Boss' bed. She squatted down and saw the silver business card beside Boss' head.

Chapter 213: A Little Restless

A trace of doubt flashed in her eyes. Boss had actually brought Jun Li's business card here.

Boss, who had been sleeping, shook his ears out and then lifted his eyelids. His dark green eyes lit up.

He first stretched his back and got up. Then, he picked up the silver business card beside him and gave it to Qin Shu.

Qin Shu was confused. She rubbed Boss's head and took the silver business card from its mouth. It was Jun Li's.

Boss jumped into Qin Shu's arms and tried to get her to hold him.

Qin Shu thought that Boss was just acting up, so she stood up, opened the glass doors to the balcony, and walked to the balcony.

The sky had completely darkened, and the colorful lights on the ginkgo tree lit up on time. The flickering lights were very beautiful.

She felt Boss getting a little restless in her arms. She looked down at Boss in confusion, not understanding what it was trying to do.

Just then, Boss jumped from her arms to the fence in front of him and walked back and forth. His long tail also swayed back and forth. He looked as if he was anxious, but also seemed helpless.

Qin Shu's voice was full of confusion. "Boss, what's wrong?"

Boss looked up at Qin Shu and meowed.

Qin Shu guessed, "Do you want to eat fish? I'll get Ning Meng to prepare one for you. How about that?"

"Meow" Boss meowed.

"Play by yourself for a while. I'll get Ning Meng to prepare fish for you."

After saying that, Qin Shu turned around and walked out of the bedroom and went downstairs.

Just then Ning Meng approached with beef noodles, ready to go upstairs. When she saw Qin Shu coming downstairs, she set the bowl of beef noodles to the table.

Qin Shu walked to the dining table and sat down. She said to Ning Meng, "Get the kitchen staff to prepare a fish for Boss."

"Yes, Young Madam."

Ning Meng turned and walked out again.

—

—

The Qin family home

Since the discovery of Qin Hai having flings with women out there, Mu Lan felt a sense of danger.

If he took a fancy to some vixen, wouldn't her ending be similar to that woman's?

So now, she had to seek benefits for herself.

This was especially so when she heard Qin Ya say that Qin Hai wanted to leave the company's shares to Qin Shu. She had become anxious at that moment.

She couldn't let Qin Hai leave the company to Qin Shu. What right did Qin Shu have to inherit the company?

Even if someone were to inherit the company, her daughter should be the one to inherit it.

As soon as Qin Hai returned from his business trip, Mu Lan couldn't help but sound him out.

"It's almost time for the college entrance exam. Shouldn't we let Ya go to the company to learn the ropes during the summer vacation?"

Qin Hai had drunk a little too much tonight, and his face was flushed. As he sat on the sofa, his entire body leaned against the back of the sofa. Since he was in a sitting position most of the time, his potbelly had started to show.

Because of what happened last time, he was a little dissatisfied with Mu Lan. Therefore, when she asked him a question, he only snorted after a long silence.

Mu Lan felt a little wronged and also a little unhappy. She looked at Qin Hai on the sofa. She had been with him since she was young and had compromised so much for so many years. She finally managed to kill that woman so she would have a chance to enter the Qin family.

She had barely enjoyed herself for a few years and Qin Hai had already begun to despise her.

They had agreed at the beginning that the company would be left to Ya in the future.

But he had changed his mind. How could she tolerate this?

Qin Shu had run away with a man two years ago. She was as good as a pail of water that had been splashed outside.

“Then get Ya to study under you during the summer vacation. Anyway, she chose to major in financial management,” Mu Lan said in a more serious tone, afraid that he would not take it seriously.

“Aren’t there still a few days before the college entrance exam? We’ll talk about it after the vacation,” Qin Hai replied with his eyes closed, his tone carrying a hint of impatience.

Mu Lan was unwilling to let it go. “It’s the same even if we talk about it now. We should do it now so that Ya can prepare herself.”

Chapter 214: Cannon Fodder

Qin Hai opened his eyes and turned to look at Mu Lan. He said impatiently, “What are you in a hurry for? Ya is preparing for the college entrance exam and is under a lot of stress. Aren’t you putting pressure on her by saying this now?”

Mu Lan was stunned. She didn’t expect Qin Hai to use this sentence to stop her from going further. What did the college entrance exam have to do with Ya going to the company to learn the ropes?

He clearly did not want to let Ya go to the company.

It also means that Qin Shu’s words may be true.

Qin Hai really intended to leave the company to Qin Shu.

Mu Lan’s hands, which were laid over her thighs, grabbed her skirt tightly. She absolutely would not let that happen. The company can only be left to her daughter.

Qin Hai was a little drunk. He felt slightly dizzy and did not know what Mu Lan was thinking. He had been thinking about how to get Linhai Villa back the entire day.

Or wouldn’t a million dollars go to waste?

—
Bright Garden

Qin Shu got up in the morning and washed up. Then, she went to take a look at Boss and realized that he was not in bed and had gone out somewhere to play.

All that was left in his bed was the silver card.

Qin Shu could not help but laugh out loud, Boss had actually brought the business card back with him.

She stood up and carried her bag down the stairs.

She went to school after having breakfast.

Lin Xi High School.

After Qin Shu got out of the car, Ye Leng drove back to Bright Garden.

Qin Shu carried her school bag and walked into the school.

Qin Hai hurriedly stopped her. He had been waiting for Qin Shu since the morning.

“Shu, Daddy has something to tell you.”

Qin Shu stopped in her tracks and looked at Qin Hai who was walking towards her hurriedly. He was still trying to get his hands on Linhai Villa.

“You’ve been coming here quite frequently. Qin Ya will get angry.”

Qin Hai was stunned. “Why would Ya get angry?”

“Qin Ya found out that you had come to look for me last time and she gave me a dressing down the next day. You’d better not come to look for me in the future. Otherwise, she will come to scold me again.”

Qin Shu blinked her eyes, looking aggrieved.

“How could Ya scold you? There must be some misunderstanding.” Qin Hai knew clearly in his heart that Qin Ya must have gone to look for Qin Shu because he had slapped her.

“I know you love her and don’t believe me. You can just go home and ask her whether there was a misunderstanding or not. I have to go to school. The college entrance exam is coming soon. I’m under a lot of pressure.”

Qin Shu shrugged indifferently and walked straight in without looking at Qin Hai.

“Shu, wait.”

Qin Hai called her from behind. He hadn’t finished speaking yet. Why did she leave?

Qin Shu acted as if she didn’t hear him and walked straight in.

Qin Hai was furious but could not vent. He took out his phone and dialed Qin Ya’s number.

“I’m at the school gates. Come out for a while.”

Qin Hai hung up the phone after he finished speaking.

Class 304

Qin Ya looked at her phone and was stunned for a few seconds before she reacted. Then, she put away her phone and walked out of the classroom with confusion.

When Qin Shu went up the stairs, she saw Qin Ya rushing down the stairs. She had expected this.

"I bumped into Dad at the door just now. He seemed to be very unhappy. It could be that the business isn't doing well. Watch your mouth."

After Qin Shu said that, she brushed past her and an unnoticeable sneer flashed across her eyes.

Qin Ya stopped in her tracks and turned to look at Qin Shu. No wonder her father had sounded so curt on the phone. He was angry.

If she went down now, wouldn't it be the same as sending herself to be scolded and used as cannon fodder?

She thought about the slap she had received the last time, it still hurt even now.

After thinking about it, she decided not to go downstairs. She took out her phone and dialed Qin Hai's number.

After the call was connected, she said, "Dad, I'm preparing for the college entrance exam now. I'm too busy. Let's talk when I get back."

Chapter 215: Bro, It's Over

Qin Ya hung up the phone and went back to the classroom.

When she passed Class 305, Qin Shu glanced at Qin Ya who had returned. An unnoticeable smile flashed in her eyes.

She now knew how satisfying it was to lie to a fool and make her run around in circles.

When she thought of what would happen to Qin Ya after she had been lied to, she felt even better.

—

Qin Hai, who had been waiting at the school gate, was getting impatient. However, he received a call from Qin Ya who refused to go to the gate. Before he could say anything, Qin Ya hung up the phone.

Being hung up on by his daughter made him feel embarrassed as a father. The fire in his chest burned brighter and brighter.

He got into the car in a huff and called the bank to freeze Qin Ya's bank card.

That was not all. Since the negotiations on cooperation had not gone well, Qin Ya vented all his frustrations on Qin Ya when he went home that night.

However, Qin Ya did not know what was awaiting her when she returned home that night. She hummed a song and thought of how to embarrass Qin Shu in front of the other students.

—

—

Qin Shu held her forehead with a hand. She had a lot of free time now because the young professor was not around so she did not have any classes with him.

Ye Xue was late today because of last night's incident.

She hurriedly walked to the desk and sat down, putting down her bag.

Qin Shu turned to look at Ye Xue. "Did you lose a lot of money last night? Did those people pay up?"

She thought that if they did not pay, she would make them pay.

Ye Xue looked at Qin Shu gratefully. "The police asked questions about what happened last night. Those people were hired by the stall next door. They envied my family's business being better than theirs and stole their business. That's why they hired people to smash the stall. They compensated us with a lot of money."

Qin Shu heaved a sigh of relief. "It's good that they compensated you all. You can also study in peace."

"Yep, is Jiang Yu's injury serious? I saw him bleeding last night." Ye Xue turned her head to look at Jiang Yu's seat and found that it was empty. The worry in her heart grew even more.

Qin Shu saw that Ye Xue's worry was written all over her face. The corners of her mouth curled up. "You will find out when you ask him about it when he comes later."

"Me?" Ye Xue didn't dare to ask.

Seeing Ye Xue's timidity, Qin Shu continued, "He saved you, so of course you have to ask him about his injury. His injury seemed quite serious. He kept complaining about the pain in the car yesterday."

"Is it that serious? I... Then I will go and ask him during lunch." Ye Xue, who was already worried, became even more worried when she heard Qin Shu's words. Jiang Yu walked in from outside with a backpack on his back. The corners of his mouth and forehead were covered with bandages.

When his fans saw this, they covered their mouths in surprise.

"What happened to Young Master Jiang? Why is his face injured?"

"Could it be that he got into a fight with someone else?"

"Who would dare to fight with Young Master Jiang? With such a handsome face, he is still very handsome even with a bandage stuck on his face."

Jiang Yu walked to his desk and sat down. He would usually joke around, but today, his face was cold because his mouth would hurt when he smiled.

He did not even smile when Fu Tingyan walked past him.

After Fu Tingyan sat down, he glanced at the injury on Jiang Yu's face. "How's the injury?"

Jiang Yu said nonchalantly, "It's alright, it's just that the injury on my body is quite painful. My mother saw the injury on my face last night and pestered me for two hours. I was tired of being questioned, so I said that I got into a fight with you. My mom only stopped asking questions then."

He was usually a quick talker, but today, he was the slowest talker in history. There was nothing he could do about it. His mouth hurt when he spoke too fast.

Fu Tingyan, who was picking up his textbook, paused in his action. He glanced at Jiang Yu and saw that there was a smile in his eyes. It was as if he thought that he was very smart.

"You told Auntie that we had a fight?"

Chapter 216: Jun Li's Question

"Yeah, if I say that, my mom will drop the matter."

Fu Tingyan didn't know what to say.

"What's wrong? My mom won't scold you. So what are you afraid of?"

"We grew up together, and everyone thought that we were brothers. Are you saying that we got into a fight?"

Fu Tingyan chuckled. "Your mom will think that something big happened. I'm sure that my grandma already knows about this."

"It can't be that serious..."

He was just making up an excuse.

As soon as Jiang Yu said that, Fu Tingyan's phone rang.

Fu Tingyan took out his phone and saw the caller ID. He showed it to Jiang Yu and walked out with his phone.

Jiang Yu was stunned. Jiang Tingyu's grandma sure was quick to act.

Fu Tingyan stood in the hall. His figure was tall and lean.

The old madam's deep and sincere voice rang in his ears.

"Yan, you're older than Yu by a month. You're an older brother. Can't you just let Yu do what he wants? Today, Yu's mother came to apologize. She asked for you to forgive Yu. Sometimes, Yu can be a little square with his words, but you guys are so close. It would be to no one's benefit if you make things awkward between you. Just forgive him..."

Fu Tingyan lifted his hand and massaged his aching head. After listening to his grandmother's sincere words, he said, "Grandma, don't worry. Yu and I were just playing around. We're fine now."

"Really?"

"Of course."

Fu Tingyan reassured his grandmother again and again. Only then did his grandmother hang up the phone.

Fu Tingyu heaved a sigh of relief and returned to the classroom.

Jiang Yu hurriedly asked, "What did your grandma say?"

"What do you think?"

"I'll explain it to my mom later. I'll say that we were playing around and that we're all good now."

This was proof that the two of them had indeed grown up together. The excuse they thought of was the same.

Fu Tingyan and Jiang Yu fought when they were younger, but it was mostly them fooling around. They'd never seriously fought. Their friendship was very strong.

—

—

After lunch

Qin Shu and Ye Xue walked out of the cafeteria. They saw Fu Tingyan and Jiang Yu when they passed by the track.

Qin Shu elbowed Ye Xue's arm and remind her saying: "Didn't you want to ask Jiang Yu about his injuries. You can go now."

Ye Xue also saw the Jiang Yu on the track. She hesitated.

Qin Shu saw her hesitation and encouraged, "Jiang Yu is different from other rich kids who value looks, but sometimes he is a little square with his speech Go ahead, I'll sit here and wait for you."

Ye Xue glanced at Qin Shu. She clutched her shirt. After thinking for a while, she walked over.

After Ye Xue left, Qin Shu sat on the stone steps under the shade and waited. It was a pity that she didn't bring her laptop, otherwise, she could have worked on the questions assigned by the young professor.

"She's the girl who got the guarantee admission?"

A gentle and soft male voice came from behind Shu Qin. The voice sounded familiar to her.

Qin Shu wanted to verify her suspicions. She turned her head around and saw Jun Li standing behind her. When Qin Shu looked at Jun Li from this angle, she noticed that he had a slender and straight figure, a thin and pointy chin, excessively fair skin, and a sickly tired expression on his face. His appearance made one's heart ache for him.

Jun Li took two steps forward, and he sat on the step less than a meter away from Qin Shu.

He spread his legs and placed his hands on his knees. He glanced at Ye Xue, who was walking towards the track.

Qin Shu said, "Her academics are pretty good. It won't be a problem for her to get into Imperial College. With the guaranteed admission, she has an extra layer of security."

Jun Li retracted his gaze and looked at Qin Shu. He asked, "What do you think of the flowers of Mount Qi?"

Qin Shu froze for a few seconds. Her stary eyes were filled with confusion. "The flowers of Mount Qi?"

Chapter 217: What To Do

"Where is Mount Qi?"

Qin Shu's answer seemed to be within Jun Li's expectations. Jun Li's expression did not change. He only paused for a few seconds.

"It's quite far."

Jun Li's voice was soft and had a trace of sadness.

Qin Shu glanced at Jun Li curiously.

Jun Li asked casually, "Are you going to Imperial College?"

"Mmm," Qin Shu answered. From his tone, it seemed like he already knew her test results.

Jun Li didn't ask any more questions. Instead, he stared at the people on the track like he was looking at the scenery. But he also looked as if he was deep in thought.

Qin Shu also looked towards the track field and saw that Ye Xue had already made it to Jiang Yu.

Fu Tingyan and Jiang Yu couldn't play basketball because they were both injured, so they were wandering around the field.

Even so, a group of fangirls was looking at them from afar.

Jiang Yu saw Ye Xue when she was walking over. He looked at her curiously as she walked in front of him. But she didn't look up at him and didn't say anything.

Ye Xue tugged at the hem of her clothes. She didn't know how to ask the question. She was struggling so much that her face turned red.

Because Jiang Yu could not smile, he asked with a cold expression, "Do you have something to say?"

When Ye Xue heard Jiang Yu's impatient tone, she thought that he was in a bad mood. She raised her head and hurriedly asked, "Are your injuries serious? Yesterday, I saw that the corner of your mouth was bleeding. During your examination, did the doctor say anything?"

After Ye Xue asked the question, she lowered her head again and continued tugging at the hem of her clothes.

When Jiang Yu heard the question, he endured the pain from his wounds, waved his hand, and said, "I'm fine. How serious can my injuries be?"

Fu Tingyan, who was standing at the side, thought back to the morning. Jiang Yu had said that his injuries were quite painful. But now he was putting on a brave front. Fu Tingyan couldn't help but laugh out loud.

When Jiang Yu heard Fu Tingyu's laughter, he glared at Fu Tingyan. "What are you laughing at? Don't expose your best friend like that!" Jiang Yu thought.

"I'm sorry, I couldn't hold it in." Fu Tingyan made a gesture to admit his mistake and turned around to continue laughing.

Ye Xue looked at Jiang Yu and thought that his expression and words were somewhat inconsistent.

Jiang Yu was afraid that Ye Xue would feel guilty, so he said, "Don't think too much. Even if it were to be someone else, Xiao Qi and I will help regardless."

"I, I didn't think too much. I just wanted to thank you guys. I really don't have anything else."

Ye Xue thought that Jiang Yu had misunderstood her, that she might have ulterior motives. so she hurriedly explained.

Jiang Yu said, "That's good. There's no need to thank me."

Qin Shu, who was sitting on the steps, looked at Ye Xue, who was on the field. When Qin Shu saw how Ye Xue kept her head down, she couldn't help but sigh. If Ye Xue continued to act like that, other girls may steal Jiang Yu away. Ye Xue was not making any moves. She was slow like a turtle.

Jun Li suddenly asked, "That girl, does she like that boy?"

Qin Shu nodded. "Mmm."

"Is she confessing?"

"No." Qin Shu shook her head and didn't elaborate.

Jun Li looked curiously at the two people on the field and didn't ask any more questions.

After a long silence.

Jun Li suddenly turned his head to look at Qin Xue. She wore her hair down. So from Jun Li's angle, he only saw a little bit of her side profile besides her hair. "Do you have candies?"

His voice was still very soft like a stream in a mountain, like the sound of water flowing slowly.

Qin Shu turned her head to look at Jun Li. Jun Li's purple eyes were filled with anticipation.

Qin Shu recalled the hard candy in her jacket pocket. Fu Tingyu gave it to her this morning before she left.

During this period of time, she had to beg him for candy.

Moreover, she was allowed one candy a day. She was not allowed to buy candy on her own. If Fu Tingyu found out, she would be punished.

Sometimes, he would give her candy at night.

But he'd always be the one who ate the candy in the end.

One candy a day. Qin Shu was a little hesitant.

This was different from the last time. She didn't have a whole bag of candy. So every single piece counted.

Chapter 218: Awkward

Qin Shu tilted her head and glanced at Jun Li. She saw that his purple eyes were still filled with anticipation and a hint of fatigue. His overly pale face seemed to have lost its color.

This made her feel pity for him.

She reached into the pocket of her shirt, took out the hard candy, and handed it to him.

"It's green apple flavored."

Jun Li's purple eyes flashed with excitement. He reached out his well-defined fingers and picked up the candy from her palm. He was about to open the wrapper and place the candy in his mouth when someone said,

"Young master, it's time."

He was interrupted by a calm male voice.

Qin Shu turned her head when she heard the voice and saw a man in a black suit standing behind Jun Li. His eyes were calm and reserved.

Jun Li stopped what he was doing and held the candy in his hand. He looked up at Qin Shu with a gentle gaze. "Thank you for the candy. When you come to Imperial College and need any help, you can look for me."

Jun Li stood up and left.

The man in the black suit glanced at Qin Shu before following Jun Li.

Qin Shu turned around to look at Jun Li's departing figure. When she retracted her gaze, she saw that Ye Xue was walking toward her. Qin Shu felt that the conversation with Jun Li was just a small interlude.

Ye Xue's face was very red as if she had just confessed.

When Ye Xue got closer, Qin Shu asked, "What did you talk about?"

Ye Xue shook his head: "Nothing much. Let's go back to the classroom."

Qin Shu glanced at Ye Xue in confusion. When she saw how Ye Xue did not want to say much about it, she dropped the topic, stood up, and went back to the classroom.

—

—

After school

Qin Ya did not rush home but went to the mall with Mo Feifei. They were going to buy some new summer clothes.

The two of them came from a similar background. On the surface, they seemed to be on good terms with each other. In reality, when they were shopping, they were motivated by vanity. They never bought clothes or cosmetics that were cheaper than the other party.

They were both very famous at Lin Xi. The boys flattered them. The two of them did not want to be inferior to the other party in any aspect.

Some time ago, because of the posts in the school forum, Qin Ya became the talk of the town.

Mo Feifei was the happiest person when that happened. Because during that time, Mo Feifei was surrounded by boys while Qin Ya was all alone.

The two of them walked into a designer clothing store. The store had the latest summer clothes hanging on the wall, and every one of them looked particularly good.

Mo Feifei glanced at the summer clothes on the clothes rack and said, "Qin Ya, let's purchase more than usual today. The summer clothes are all very pretty."

Qin Ya sneered in her heart. "Sure, it's no problem to buy a few more pieces than usual. I still have quite a lot of pocket money in my card."

"Then let's begin."

The two of them began to pick out clothes to try on. They were inside the store for more than an hour. During that time, they tried on too many clothes to count.

Then, the two of them took the fruits of their battle to the register.

"I'll go first."

Qin Ya took the lead and walked to the register. She put the clothes she had chosen on the counter and waited for the final bill.

After the cashier finished scanning the clothes, she said, "There are a total of five sets of clothes. The total is \$69,986."

"Card."

Qin Ya took out the card from her bag and handed it to the cashier.

When the cashier swiped the card, a warning sound came out of the card machine.

The cashier maintained her professional smile. "I'm sorry. This card does not work. Do you have another card?"

Qin Ya was at first shocked, then she said, "How can it not work? I used it yesterday and it was fine. You must have made a mistake."

The cashier tried the card again. "Your account is frozen. This card does not work."

Qin Ya was shocked and couldn't react for a moment.

Mo Feifei walked over. When she looked at Qin Ya, the corner of her mouth curled into a mocking smile. "Qin Ya, use another card. You should have more than one card, right?"

Chapter 219: Beaten, Nice

Qin Ya's expression didn't look too good when she heard what Mo Feifei said. She clenched the wallet in her hand tightly. Qin Ya had two more cards inside, but there was no money in those cards. It would be even more embarrassing if Qin Ya took them out.

Now, Qin Ya was puzzled as to why her account was frozen.

She paid with her card for the things she bought yesterday. Why couldn't she pay with the same card today?

Mo Feifei saw that Qin Ya was quiet. She took two steps forward and pushed Qin Ya to the side. She put her clothes on the counter and turned her head to look at Qin Ya. The mocking in Mo Feifei's eyes was even more obvious. "Let me pay first. In the meantime, you can look for your other cards."

Qin Ya was forced to take two steps back. Not only did she lose face, but she was also in a very sorry state.

She looked at Mo Feifei's condescending attitude when she took out her card and handed it to the cashier. There was also that faintly discernible mocking gaze. Mo Feifei's attitude was like an invisible chain that suffocated and tortured Qin Ya.

Qin Ya finally couldn't stand Mo Feifei's smug and mocking eyes and attitude. She held her card, said that something came up in the family, and left in a hurry.

After Qin Ya arrived at home.

Qin Hai, who had been busy working for the whole day, had also returned home. When he was at the business dinner, the other party forced down a lot of drinks to him. He had drunk quite a lot of wine. He came back home furious.

At this moment, Qin Hai was sitting on the sofa, smoking one cigarette after another.

Qin Ya saw Qin Hai on the sofa and hurriedly walked over, her voice was filled with confusion and grievance. "Dad, why is my account frozen? I went shopping with Mo Feifei today. But when I was paying, my card didn't work. Mo Feifei made a fool out of me."

Qin Hai suddenly said, "I froze it."

Qin Ya looked at Qin Hai in disbelief. "Dad, what do you mean? Why did you freeze my account? Do you know how embarrassing it was when I was paying the bill today? Mo Feifei..."

Before Qin Ya could finish her sentence, Qin Hai slapped her. This slap was out of rage.

Following that was Qin Hai's angry shout, "Shut up!"

There was only silence left in the living room.

Qin Ya's face was forced to turn. Bright red palm prints appeared on her fair cheeks instantly. Even the corner of her mouth had a small cut, and blood could be seen.

Qin Ya was also stunned by the slap, and her head buzzed.

Qin Hai's face was red because he had drunk too much, but it turned red also because of his anger. The veins on his forehead bulged, and his eyes turned red because of his anger.

"You are all grown up now, right? I asked you to come out, and you acted like some god. I worked so hard to earn money, and you interrogate me as soon as you come back? Do you see me as your father or as an ATM? Everyone is being inconsiderate. Do you all think that money comes from the sky?"

Because of what happened to Mu Lan and the Linhai Villa, Qin Ya had ruined his plans twice. When Qin Hai asked her to come out, she didn't come out. Also, the contract wasn't settled today, so he lost a lot of money.

Qin Ya's question became the fuse that caused Qin Hai to explode.

Qin Hai had been holding back his anger for a few days. But tonight, he finally exploded under the influence of alcohol.

Qin Ya covered her face. Her cheeks burned with pain. She looked at Qin Hai in disbelief. This was the second time Qin Hai had hit her. It hurt so much, much more than the last time.

Though Qin Ya felt wrong, she did not dare to make a sound because she saw how angry Qin Hai was.

This was also the first time she had seen Qin Hai get so angry.

She suddenly recalled what Qin Shu told her earlier. Qin Shu said that her father might be angry because of business matters. Qin Hai smelled of alcohol, so Qin Ya concluded that his father was angry because of business.

Chapter 220: Something To Do With The Young Professor

Qin Ya didn't dare to confront Qin Hai directly. She covered her face and ran straight into her room.

Qin Hai was dizzy from the alcohol. That slap had relieved him of a lot of his anger. The suffocation in his chest had also eased up a little, so he felt a little sleepy.

The next day, when Qin Ya went to school, she wore her hair down. Although she iced her face the night before, her cheeks were still swollen. The fingerprint on her face was still visible.

She ran into Mo Feifei when she arrived at the classroom entrance. Because of what had happened yesterday, Qin Ya could not be bothered to talk to Mo Feifei.

Mo Feifei deliberately stopped her. "Have you taken care of your bank account yet? Do you know why your account was frozen? Do you want to go buy cosmetics today? I heard that there are some new products."

"The college entrance exam is coming up, I don't have time." Qin Ya refused Mo Feifei's invite and walked into the classroom. Her card still did not work, and she did not dare to mention it to Qin Hai yet, out of fear that she might anger him.

Mo Feifei was a little proud. She turned around and walked into the classroom.

Qin Shu heard the exchange between the two people at the third-floor staircase.

She turned her head and glanced at the two people in the hall. She found that Qin Ya was wearing her hair down again. If it were in the past, Qin Ya would have agreed without hesitation to Mo Feifei's invite.

Her bank account was frozen?

Qin Shu's lips curled into a sneer. Something must have happened last night at Qin's house. Qin Hai, who was full of rage, could have done anything.

After everyone had entered the classroom, Qin Shu finally headed into her own classroom.

—

—

During lunch, while walking towards the cafeteria.

Qin Shu was walking towards the cafeteria with Ye Xue.

The two got their meal and found an empty table.

"Yihua, your family background is so great. You're a great match for Han Xiao. Why don't you go to confess again, perhaps he'd agree this time."

"I heard that the two most popular guys from our neighboring school took a day off. Is it true?"

"I just found out that they took a leave of absence too." Xia Yihua was a little hesitant at the advice. "But he rejected me already."

"I think Han Xiao is going to take the college entrance examination this year and wants to go to Imperial College. Yihua, aren't you going to Imperial college too? You still have a chance."

Qin Shu, who was sitting next to them, heard their conversation. A trace of confusion flashed in her eyes. She thought that it was too much of a coincidence. The young professor had gone home, and the two popular guys next door had also taken a leave of absence?

The top student Han Xiao, who had been in high school for three years, was going to take the college entrance examination?

After staying for three years, could it be that he had finally decided to take the exam?

Very soon, the girls answered Qin Shu's question.

"Is the news accurate? Han Xiao is really preparing for the college entrance examination and aiming for Imperial College?"

"It's true. My cousin is in the school next door. He told me. The news is 100% true."

Xia Yihua bit her chopsticks. She thought that Han Xiao going to repeat another year. She didn't expect that he would be preparing for the college entrance exam this year and aim for Imperial College. Xia Yihua wondered if it was fate.

After she entered college, she would get another chance to pursue him.

After listening to their conversation, Qin Shu ate a mouthful of food and chewed on it.

Han Xiao and Hua Wuyan were absent?

They decided to take the college entrance exam this year and were aiming for Imperial College.

With their brain, Imperial College was not a problem.

But everything was too much of a coincidence. The young professor had also applied for leave to go home.

However, the young professor couldn't possibly be one of them, right?

The professor was studying in high school?

That was too unrealistic.

Qin Shu recalled how Han Xiao and Hua Wuyan looked when they first met. They were definitely handsome. Han Xiao was also more composed and reserved than the average boy. He was the one with the poker face.

Hua Wuyan had long hair. He seemed to have a casual personality and did not think twice before speaking. In fact, that was not true.
