### Chapter 241: Sir Asks the Ye Brothers to Support Qin Shu

Ye Luo glanced at the rearview mirror and saw Qin Shu's two small canine teeth, shining brightly. "..."

Qin Shu asked tentatively, "I'll give you a chance to show off. Are you interested?"

Ye Luo clenched his fists. "Young Madam, who are you going to beat up?"

"You'll know when you get there."

The corners of Qin Shu's mouth curled up, and a terrifying light flashed across her eyes.

On the road-

Ye Luo felt that it was necessary to inform Sir, so he took out his phone and sent a text message while driving. Then, he sent the text to Sir. The content was simple and clear, and rather violent.

At this moment, in the conference room-

Fu Tingyu's slender figure was sitting at the head seat of the conference room. His elbow rested on the table, his slender fingers propping up his chin. He held a pen in his other hand. The pen cap was still on.

He listened as Shi Yan explained the main content of the meeting.

The black screen of the phone on his phone suddenly lit up. He turned his dark eyes to the screen and saw a message pop out.

[ Ye Luo: Young Madam wants me to beat someone up. ]

Ye Luo's message was as short simple as usual.

Fu Tingyu lowered his eyes. Two terrifying lights flashed under his long eyelashes.

Shi Yan finished speaking and stood behind Fu Tingyu.

Fu Tingyu pursed his lips and said softly, "Send ten men to Ye Luo's location."

Then, he showed Shi Yan the message sent by Ye Luo.

Shi Yan looked at the message sent by Ye Luo and immediately understood what Fu Tingyu meant. Although Ye Luo was good at beating people up, just one person was not enough.

Fu Tingyu was sending more people to support Qin Shu.

Shi Yan immediately turned around and walked out, making a call to Ye Jing.

"Bring ten men and meet up with Ye Luo."

The Ye brothers all had special contact methods.

Shi Yan hung up the phone and made another call to Ye Luo.

Ye Luo was on the road. When he heard the phone ringing, he took out his phone and answered the call.

“I’ve already asked ten men to meet up with you. Go ahead and beat them up. Give Young Madam sufficient support.”

Ye Luo replied with an expressionless grunt and hung up the phone. He saw a message from Ye Jing, saying that he was already on the way.

In the back seat of the car, Qin Shu had already changed into a gray suit and wore her neat short wig.

It was the male outfit she wore when she went to South Asia.

She even deliberately put on the glasses that the man had prepared for her.

When they reached the place-

Ye Luo parked the car and took the lead to get out of the car. He went to the back seat and opened the car door.

Qin Shu’s slender figure slowly got out of the car. She stood upright and raised her head to look at the office building in front of her.

Qin Enterprise was also here.

She was here today to collect Qin Hai’s shares.

Just as she walked in, two ear-piercing screeches of brakes suddenly came from behind her, causing her to stop in her tracks.

She turned around and saw dozens of figures getting out of the car. When they walked over, their movements were uniform.

What she was most familiar with was Ye Jing, who was standing in front of her.

She didn’t need to guess to know that the men behind Ye Jing were the Ye brothers.

Why had he brought his brothers here?

Qin Shu turned her head to look at Ye Luo. Her eyes were filled with doubt and questions.

Ye Luo answered, “For show.”

Qin Shu nodded thoughtfully when she heard this. This people would put up a good facade. In fact, it was a rather arrogant facade.

Qin Shu didn’t ask any more questions and walked in.

Ye Luo followed closely behind.

Ye Jing and his brothers walked behind at the same pace.

The bodyguards of the office building didn’t dare to stop them. They hid in the corner and watched as the group of people walk straight into the elevator.

Not only was the receptionist frightened, but she was also stunned by the handsome men in front of her.

Qin Shu was handsome and elegant.

The Ye brothers were all tall and muscular. They all looked above average and were cold and handsome.

In the elevator, Qin Shu wore a gray suit, which was a stark contrast to the Ye brothers behind her who were wearing black suits..

Among them, only Ye Luo knew that the handsome and elegant young man in front of him was Qin Shu. No one else knew.

Although the others were puzzled about why they were here, they did not ask. They were very adaptable.

“Ding”

The elevator door opened. Qin Shu took the lead and walked out. Then, she went to the office of the chairman, Qin Hai.

Behind her, a group of people followed.

The employees in the office saw this and quickly moved away. They knew that these people were not to be trifled with.

When they reached the door of the chairman’s office, Qin Shu stood there without moving.

Without needing any instructions, Ye Luo took a step forward and kicked open the office door. When the door hit the wall, it made a loud crash.

Only then did Qin Shu walk in. Ye Luo and the others followed.

A woman was sitting in Qin Hai’s arms inside the office. She was shocked by the sudden loud noise.

When the woman saw the group of people coming in through the door, she was so scared that she stood up from Qin Hai’s arms and hid at the side, not daring to make a sound.

Qin Hai had been in a terrible mood for the past few days, so when he saw the young and beautiful secretary, he couldn’t help but want to relieve the pressure.

They had only just started when he was interrupted, which made him furious.

“Who the f\*ck is it...”

When he saw the group of people who came in, he was so scared that he swallowed the rest of his words.

Qin Shu had seen the scene in the office just now. She knew what would happen next with just a glance.

She walked evenly to the desk in front of Qin Hai. Qin Hai was shocked and frightened.

Ye Luo immediately brought a chair over and placed it behind her.

Only then did Qin Shu sit down and put a leg over her knee. It was very incompatible with her scholarly appearance.

After a long time, Qin Hai finally found his voice. "Who are you? What are you doing in my office?"

Qin Shu looked at Qin Hai with a vague smile. "You are really forgetful. Didn't I inform you two days ago that you would come to collect the debt today?"

Qin Hai needed a large amount of money some time ago because he had to pay off Mu Lan's debt.

Therefore, Qin Shu had lent a sum of money to Qin Hai and used his company's shares as collateral.

As for that sum of money, it was actually transferred from his company.

Qin Hai actually did not have much business acumen. He could not find any loopholes in the complicated accounts.

Otherwise, a listed company would not have become like this. Even the turnover of funds was a problem.

After Qin Shu's reminder, Qin Hai remembered that he had used his shares to borrow. He did not expect that the other party would come to the office to look for him.

"Can you give me another two days? I can pay it back in two days."

As long as he took back Linhai Villa and sold it, he would not only be able to pay off his debt, he would also be able to get more funds.

Qin Shu glanced at Ye Luo, who immediately understood and took out the contract and slapped it in front of Qin Hai.

"Take a good look at this." Ye Luo's expression was cold, and his voice carried a trace of a frightening iciness.

Qin Hai was so scared that his body trembled. He did not look at Ye Luo, but at the young man across him. He felt that the young man was handsome and refined, so he would definitely be easy to talk to.

"Give me another two days. I have a villa. It's by the sea and is very valuable. I can return the money to you as long as I sell it," Qin Hai pleaded.

Qin Shu knew that this was his plan. Otherwise, he wouldn't have come to her so many times and be so anxious to get Linhai Villa back.

"Since you want to go back on your word and not fulfill the contract, the brothers behind me are not to be trifled with."

## **Chapter 242: You All Are Jealous That My Wife Loves Me**

Qin Hai glanced at the group of people behind the young man. He was so scared that his face turned pale. He hurriedly said, "No, I'm serious. I can return the money to you as long as I sell the villa."

Qin Shu looked at the man in front of her coldly. He was timid and afraid of trouble. He was not responsible like a man should be. He was not a good husband, nor was he a good father.

She thought about how he did not care about her after her mother had passed away and had allowed Mu Lan and her daughter to kill her and hurt her maliciously.

She especially remembered the year when her face was disfigured. His disregard for her and the disgust that had flashed in his eyes made it seem as if he were looking at kittens and puppies by the roadside.

She thought about her mother. Her mother had been a woman who had worked hard outside. Yet, he had a woman in his arms and enjoyed the fruits of her labor.

She could not imagine how her mother had endured such a man and how she had worked hard to establish the company.

Had the man in front of her ever felt sorry for her mother?

Qin Shu's eyes suddenly turned cold. "If you don't adhere to the contract, Don't blame my brothers behind me for their actions."

"Do as you see fit."

She stood up, turned around, and walked out of the office.

Ye Luo had been standing still for a while. He pressed down on his knuckles, making cracking sounds.

Before Qin Hai could react, Ye Luo threw a punch, causing Qin Hai to land on the computer. The shattered screen fell on the desk.

Qin Hai was so frightened that his face turned pale.

The other men did not stand around either. They began to smash things, behaving like hooligans

Qin Hai, who had been punched, hurriedly said, "Wait, wait a minute, I, I will give up my shares. Stop smashing the things. Stop smashing them."

—

—

Qin Shu walked out and went straight to the top floor.

The sun was shining. She stood behind the railings and looked at the bustling city of Jiangcheng. Her eyes were still cold.

She was not afraid that she would be considered unfilial if Qin Hai were beaten up.

She was afraid that she would not be able to control herself and rush up to beat up that heartless man because she felt sorry for her mother.

She did not know when she she had become prone to violence.

Perhaps it was because she had been reborn and had seen and experienced too much.

Cowards would only be bullied.

It was better to use force to solve the problem.

This was also the reason why she had suddenly decided to bring Ye Luo to collect the debt personally.

This was only the beginning.

Half an hour later

Ye Luo walked over from behind and handed the transfer of shares to Qin Shu.

“Everything was smashed.”

As for Qin Hai, Ye Luo had never been able to control his strength and had broken one of Qin Hai’s hands, but he did not say it.

After all, that man was her father.

Qin Shu received the transfer of equity. She glanced at the signature on the paper.

Now, it’s just a matter of time.

As for Qin Hai, she didn’t ask about him because she didn’t care.

After her rebirth, the only man she cared about was Fu Tingyu.

She would get revenge on every single person who deserved it.

“Let’s go home.”

Qin Shu turned and went downstairs.

Ye Luo followed behind expressionlessly.

—

—

When they got out of the building-

Qin Shu did not see Ye Jing and the others. Ye Luo had probably gotten them to leave first since they had managed to successfully support Qin Shu.

Ye Luo went to the car and opened the back door.

After waiting for Qin Shu to get on the car, Ye Luo closed the car door, sat in the driver’s seat, and drove back to Bright Garden.

It was getting dark.

On the way back-

Qin Shu took out her mobile phone and dialed the man’s phone number. She wanted to ask him if he would be going home for dinner tonight.

After the call was picked up, a familiar voice rang in her ears. “Young Madam, it’s me.”

A trace of doubt flashed across Qin Shu’s eyes. Shi Yan?

“Why are you the one picking up the call?”

“Sir has just entered the private room of a bar and is drinking with Young Master Yun and Young Master Mo. It is too noisy inside, so he left his phone with me,” Shi Yan said.

Qin Shu was stunned for a moment because she didn't expect that the man would go to the bar with his friends to drink.

But soon, she felt that it was very normal.

It was very common for friends to drink and chat together to reduce stress.

“Give him the phone. I'll talk to him.”

“Young Madam, wait a moment.”

Shi Yan pushed open the door of the private room. The three people inside were already drinking.

He walked to Fu Tingyu's side and whispered, “Young Madam's on the line.”

Fu Tingyu's hand that was holding the wine glass suddenly tightened.

“Who is it, Tingyu?” Mo Chengyu glanced at the phone in Shi Yan's hand and asked curiously.

Yun Qichen looked at Fu Tingyu and moved the wine glass away from his mouth. He asked, “Could it be Grandmother?”

“I guess not. You can tell from his expression.” Mo Chengyu deliberately glanced at Fu Tingyu's slightly gloomy expression.

Fu Tingyu glanced at his two good friends in front of him and extended his hand.

Shi Yan immediately understood and placed the phone in Fu Tingyu's hand.

Fu Tingyu held his phone close to his ear. “What's the matter?”

The music in the private room was a little noisy, and Fu Tingyu's deep voice was drowned by it.

Qin Shu could only hear a little bit of the end of Fu Tingyu's sentence. She was afraid that the man could not hear her, so she raised her voice a little.

“Drink less and come back early tonight. I'll wait for you. Do you hear me?”

Fu Tingyu frowned. He didn't hear what the girl said clearly. He replied with a sound of acknowledgement and hung up the phone.

Then, he handed the phone to Shi Yan.

Shi Yan took the phone and turned around to walk out.

Qin Shu glanced at the phone. He had already hung up. She seemed to have heard the man's grunt of acknowledgement which meant that he had heard what she said.

Ye Luo, who was seated at the driver's seat, heard what Qin Shu had said. His expression was just the same as usual, but he thought that women were a little troublesome, for they meddled even when one drank.

—

—

Mo Chengyu saw Fu Tingyu's dark expression can not help but ask, "Tingyu, who's that on the line?"

"My wife." Fu Tingyu emphasized heavily on those words. He raised his wine glass and drank a mouthful of wine.

Mo Chengyu could not help but laugh out loud. "Tingyu, you don't have to say that in front of us. We all understand."

Fu Tingyu stared at Mo Chengyu with his dark eyes. He snorted coldly. "My wife called me and told me to drink less. She would feel bad for me if I harm my health drinking too much. You're a single man. What do you know?"

"Tingyu, we're the only ones who will feel bad. If she feels bad, the sun will rise from the west."

Yun Qichen said warningly. "Chengyu." Then he threw him a look. He knew that this was Yu's sore spot, yet he still brought it up?

"Alright, Alright, Alright. I shan't say anything. Yu, don't think too much. Qichen and I are still single, and Yan is also single. There are plenty of other women in the world, so there's no need to fall in love with a single flower."

Mo Chengyu was a little innocent. He was just speaking the truth so that Yu would come to his senses and quickly find another woman.

Fu Tingyu's expression was calm. He poured himself a glass of wine and started drinking.

Yun Qichen watched as Fu Tingyu continued drinking. He felt that he shouldn't have called him out for a drink tonight.

Mo Chengyu glanced at Fu Tingyu and exchanged glances with Yun Qichen.

'See? I told you that woman wouldn't feel sorry for Yu.'

Yun Qichen shook his head helplessly and started drinking as well.

The atmosphere in the private booth instantly became a little stifling.

They had come to the bar to relax, but in the end...

Three hours later-

Mo Chengyu and Yun Qichen were a little drunk.

It was just that Fu Tingyu didn't mention anything about leaving, so they were too embarrassed to mention it.

In their eyes, Fu Tingyu was drinking to drown his sorrows because he was in a bad mood due to that woman, Qin Shu.

They were keeping him company since they were his good friends.

## Chapter 243: Nosebleed, Heartache

In the end, all three of them were drunk.

Fortunately, each of them had their own assistants who all propped up their bosses.

Mo Chengyu shook off his assistant and shouted, "I haven't had enough yet. Yu, come, come, let's continue drinking."

"Young Master, let me help you back. There's a lot of alcohol at home," The assistant coaxed.

Mo Chengyu shouted, "Then let's go home. Let's go home and have some wine."

Yun Qichen was not as uncooperative when drunk, so his assistant helped him out of the room.

Fu Tingyu sat there without any intentions of leaving.

Shi Yan stood at the side and looked at his master. He didn't understand. Fu Tingyu seemed a little upset after having met Fu Tingyan.

"Sir, Young Master Mo and Young Master Yun have already gone back. I'll help you back too," he suggested.

Fu Tingyu looked calm, but he was actually very drunk.

He replied, "Let's go back to the family home."

Shi Yan was stunned for a few seconds. "Sir, aren't you going back to Bright Garden?"

Fu Tingyu repeated, "To the family home."

"Yes, Sir."

Only then was Shi Yan sure that Fu Tingyu wanted to return to the Fu family residence.

He reached out to help Fu Tingyu out of the private room.

Shi Yan spent some effort to help Fu Tingyu into the car. Then, he sat in the driver's seat and drove back to the mansion.

At this time, in Bright Garden-

Qin Shu took a shower at eleven o'clock, then went to bed.

After playing games for a while, it was already twelve o'clock.

She looked up at the bedroom door, but there was no sign of movement at all.

Could it be that he had gotten drunk with his friend and forgot the time?

Qin Shu stopped playing her game. She took out her laptop and opened it, only to find that the young professor had already returned.

The young professor had accepted the homework that she had sent over.

Qin Shu tried to send a message over.

[ Qin Shu: Sir, are you back? ]

The other party replied very quickly.

[ Young professor: Yes. ]

Qin Shu asked tentatively.

[ Qin Shu: The college entrance exam is the day after tomorrow. Are you very busy? ]

[ Young professor: It's alright. ]

[ Qin Shu: Rest early then. ]

After Qin Shu sent the message, she exited the chat room. Then, she selected an action film.

She was going to watch it while waiting.

By the time she finished watching the movie, it was already two o'clock in the morning.

Feeling sleepy, Qin Shu yawned. She saw that there were still no signs of movement at the bedroom door.

She picked up her phone and thought for a while. In the end, she dialed the man's number.

After a while, she heard "Hello, the subscriber you dialed is not answering at the moment..."

Qin Shu looked at her phone in confusion and then dialed the number again.

At the Fu residences-

In a dark room

The coat pocket of a coat hung on the coat hanger lit up. The ringtone was not loud.

Fu Tingyu's eyes were tightly shut, he was so drunk that he did not know what was going on.

Only his brows were tightly furrowed, he was not sleeping well.

In his sleep, he felt that something was missing in his arms.

Qin Shu dialed again a few times but to no avail.

Why didn't he pick up the phone?

Qin Shu felt uneasy when Fu Tingyu did not pick up the phone.

Although he had Yan Shi by his side, she could not help but worry.

When dawn broke, she couldn't stand the sleepiness and fell asleep leaning against the headboard.

-

-

The sun was shining outside the window.

Fu Tingyu's thick lashes fluttered and he opened his eyes to see the ceiling. He was stunned for a few seconds before he realized he was at the Fu family residences.

The headache from his hangover made him frown.

He rubbed the forehead with slender fingers and turned to look at the empty rosewood bed. His heart felt empty.

After a while, he lifted his blanket and got out of bed.

After washing up and getting dressed, he went to the office.

The car was traveling at a constant speed on the road.

Fu Tingyu rubbed his temples with his slender fingers and took out his phone with his other hand. He saw dozens of missed calls. Fu Tingyu stared at the screen for a long time. They were all from Babe.

The time was past two in the morning.

He gripped his phone tightly. Was Babe waiting for him to go back?

At this moment, he felt something cold running down his nose. It was as if something was flowing out of his nose. He raised the back of his hand and wiped his nose. He lowered his eyes to take a look and realized that it was blood.

The bright red blood on the back of his fair hand was particularly striking.

Did he have too much hearty food?

Another stream of bright red blood flowed out of his nose. It didn't seem like it had any intention of stopping.

Fu Tingyu raised his hand and wiped at it again. There was more blood on the back of his hand than before. There weren't many emotions in his pitch-black eyes.

He pulled out a few pieces of tissue paper with his slender fingers and wiped the blood flowing out from his nose.

Shi Yan, who was sitting in the driver's seat, glanced at the rearview mirror. He was shocked when he saw the bright red blood all over the tissue paper in Fu Tingyu's hand.

"Sir, what's the matter?"

"Nothing, I think I'm just too hearty." Fu Tingyu slowly wiped the blood from his nose.

"I'll call Young Master Gu." Shi Yan took out his cell phone and quickly dialed Gu Yan's cell phone number.

After a while, the call connected.

"Young Master Gu, Sir's nose is bleeding a lot. Please come over and take a look at him."

Gu Yan's eyes grew dark with worry. "Where is he now?"

"He's on his way to the company."

"Then I'll head to the company."

Gu Yan hung up and left with his medical kit.

Shi Yan also sped up and rushed to the company.

Fu Tingyu continued to slowly wipe the blood from his nose, but the blood did not stop flowing.

He soon finished the packet of tissue. The tissues stained with bright red blood were piled up like a miniature hill in the car.

When they reached the company, Fu Tingyu pinched his nose and walked straight into the elevator to his office.

Shi Yan followed closely behind him. He looked just as nervous and worried as the last time Fu Tingyu was injured.

Gu Yan ran several traffic lights and rushed over as fast as he could.

The mess that he had gotten into after he ran the red light was left to his assistant, Ji Fei, to deal with. He hurriedly took the special elevator to Fu Tingyu's office on the top floor.

In the office-

Fu Tingyu was sitting on a leather chair. He raised his head and pinched his nose with his slender fingers. He looked at the ceiling above his head, but his mind was filled with the image of a girl.

At this moment, he had already showered and changed into a light gray bathrobe.

Shi Yan was anxious and at a loss because he did not know anything about medicine.

The office door was pushed open and Gu Yan walked in with his medical kit.

Shi Yan saw that it was Gu Yan who came and hurriedly went up to greet him. "Young Master Gu, You're finally here. Sir's nosebleed won't stop."

"Let me take a look at it."

Gu Yan quickly walked in front of Fu Tingyu and placed the medical kit in his hand on the desk.

Although he was very anxious and worried, he still maintained the calmness that a doctor should have.

"Do you have any symptoms other than the nosebleed?"

As Gu Yan spoke, he picked up Fu Tingyu's wrist and placed his two fingers on it to check his pulse.

Fu Tingyu looked down at Gu Yan. He did not need to hide the true condition of his health from his friend whom he had grown up with since he was a doctor.

"There is some numbness in my limbs and I feel dizzy."

Gu Yan frowned. The worry in his eyes was obvious.

Fu Tingyu could tell that the reason for the nosebleed was not simple when he saw that Gu Yan was frowning.

“Is the sudden nosebleed due to a heatiness or something?”

Gu Yan said, “The nosebleed is because the toxin is starting to gain immunity to the suppressants.”

#### **Chapter 244: Babe is Here, Are You Jealous?**

There was not much emotion in Fu Tingyu’s dark eyes when he heard that. It was as if he had expected that.

If the suppressant would remain effective throughout, he would not have to worry about how long he could live.

“I’ll give you some medicine to stop the bleeding. Then, I’ll do acupuncture on you.” Gu Yan let go of Fu Tingyu’s hand and opened the medical kit.

Fu Tingyu said, “Let’s do the acupuncture later. I have a lot of things to deal with today.”

“Can’t you deal with it later?”

Gu Yan just couldn’t stand Fu Tingyu’s workaholic attitude. So what if he dealt with his work later?

He handed the medicine to Shi Yan who was standing beside him. “Mix this in water and give it to him.”

Shi Yan took the medicine. He knew that Fu Tingyu had been working hard recently because the college entrance exam was tomorrow and he wanted to accompany Qin Shu.

But with the current situation, he might not be able to go tomorrow.

He took the medicine and turned to add it to a glass of water.

Fu Tingyu said, “Acupuncture isn’t urgent. It’s the same even if we do it later..”

Gu Yan listened to his unnegotiable tone and sighed. “Then I’ll go to Bright Garden tonight.”

Fu Tingyu said, “Go to the Fu family residence.”

Gu Yan was stunned for a few seconds before he understood why Fu Tingyu had said that. He asked, “Then aren’t you afraid that Grandma will find out about this?”

“My room is very far away from Grandma’s room. It’s fine as long as you don’t tell her when you go back.”

It was just like how Shi Yan had made arrangements so that Grandmother did not know that he had gone back to the family residence.

“Alright then. I’ll go to the Fu family residence to give you acupuncture at night. You should be careful too. Nosebleeds can happen from time to time. I’ll prescribe some medicine for you. You can just add it into water and drink it.”

Gu Yan couldn't do anything about this friend of his. His main task now was to find suitable medicinal herbs for Fu Tingyu.

Shi Yan walked over with a glass of water and handed it to Fu Tingyu. "The temperature of the water is just right."

Fu Tingyu raised his head. He pinched his nose with one hand and took the glass of water with the other hand. He drank the contents of the glass in one gulp. When the medicine entered his mouth, the bitter taste instantly spread, causing him to frown slightly.

Shi Yan took the glass of water that was already empty and turned to leave.

Fu Tingyu leaned back on the leather chair for a long time. When he felt that the blood was no longer flowing from his nose, he sat up straight.

Shi Yan came over with a wet towel and handed it to Fu Tingyu.

Fu Tingyu took the towel and slowly wiped the blood off his nose.

"I'll go back first. If you feel that something is off, call me."

After Gu Yan handed the medicine to Shi Yan, he took his medicine kit and left.

The bleeding had stopped, so Fu Tingyu put on his suit and tie again and sat down in front of the dark brown desk. He stared at the missed calls on his phone with dark eyes.

He tapped out a text message with his slender fingers.

Then he put his phone away and began to deal with his work.

Bright Garden

Qin Shu was awakened from her slumber. She suddenly opened her eyes and looked at the ceiling lights dazedly for a few seconds.

She turned her head to look out the window. The thick curtains blocked out the blinding light, and only a ray of sunlight penetrated through the gaps of the curtains.

Suddenly, she heard a notification sound. She hurriedly picked up the phone beside her pillow and opened it. She saw a message from Fu Tingyu.

[ I was out too late last night so I went back to the family residence. ]

Qin Shu stared at the message for a long time. She heaved a sigh of relief but felt inexplicably worried at the same time.

She laid on the bed for a while before quickly getting up and preparing to go to the office to take a look.

After she washed up and changed her clothes, she glanced at Boss, who was curled up on the sofa. She felt that he had been a little listless these two days. It was as if he couldn't muster up his energy.

Could it be that he was tired of eating fish?

With that thought, she instructed Ning Meng to prepare some fish that Boss had never eaten before she left the house.

Half an hour later

Fu Enterprise.

Qin Shu walked straight to the special elevator and placed her palm on the scanner. After her fingerprint was verified, the elevator door automatically opened and she walked in.

Ye Luo followed closely behind Qin Shu and stood behind her expressionlessly.

Ye Luo, who was almost 1.9 meters tall, stood behind Qin Shu, who was 1.72 meters tall. He looked tall and muscular.

Ding

The elevator doors opened.

Qin Shu stepped out. She had been to Fu Tingyu's office more than once, so she knew her way around.

After Ye Luo got out of the elevator, he went to the window on the other side, took a cigarette out of his pocket and lit it.

—

—

Qin Shu grabbed the door handle and pushed the door open forcefully. She saw the man sitting in front of his desk, looking through his work seriously.

There was a huge glass wall on the side of the desk. The lighting in the room was very good, making the office look very bright.

She walked into the office. The closer she got, the more of the man's chiseled profile she could see. The end of his narrow eyes were slightly raised under his long eyelashes. His eyes were deep, dark, and captivating.

Fu Tingyu heard sounds and thought that it was Shi Yan who had come in. He didn't even raise his head and asked, "Did Lishang reply?"

Qin Shu knew that the man had mistaken her for someone else. She walked to the desk and said while holding back her laughter, "It's me."

Fu Tingyu's eyes froze. He looked up and saw the girl standing in front of the desk. He was stunned for a few seconds. Then, he saw that the trash bin beside him was filled with blood-stained tissues. The blood on the tissues was a dark red color.

He asked with a serious expression, "Why are you here?"

Qin Shu sat down in front of the desk and folded her hands on the desk. The man's expression was dark and he seemed unhappy. She pursed her lips. "You didn't come back last night and I happened to be free today, so I came to see you. You do your thing, I won't disturb your work."

Qin Shu was wearing a strapless dress today. The straps of her dress were wide, and the cutting was very good. It was especially tailored for her, so it fit her very well.

But when she leaned into the desk as she sat in front of him...

Fu Tingyu looked at the girl in front of him. He lowered his eyes and looked at her. His eyes were deep. "I'll ask Ye Luo to send you back."

Why didn't he know that there was such a dress in the cloakroom?

"I'll go back later." Qin Shu looked at the man in front of her. She felt that something was amiss and she asked in a puzzled voice. "What were you doing until so late last night?"

"What else can I do in a bar?" Fu Tingyu picked up his phone and dialed Ye Luo's number.

In a bar?

Qin Shu suddenly stood up. She grabbed the man's hand that was on the phone with one hand and rested her other hand on the desk. She looked at the man and said, "Your friends didn't find women to accompany them, did they?"

She couldn't be blamed for thinking that way. Something similar had indeed happened in her previous life.

Mo Chengyu found a woman to drink with Fu Tingyu.

Fu Tingyu's pitch-black eyes swept across the beautiful sight in front of him, and his eyes darkened.

He glanced at the pale and flawless hand that was holding his hand again, and then he looked up at the girl. "Babe, are you jealous?"

"Why would I be jealous? No, you, did you really get a woman drink with you?"

Qin Shu looked at the man in front of him in disbelief. Wasn't he, wasn't he against strange women getting close to him?

Could it be that he had changed in this life?

Seeing the girl deny it, Fu Tingyu grabbed her hand and pulled her closer. The phone fell from his hand, but he ignored it.

He moved closer to her and looked at her in the eyes. His voice became more serious. "I got a woman to keep me company. Are you jealous?"

#### **Chapter 245: Fu Tingyu Covers Her Eyes. Anticipation.**

The sudden action pushed Qin Shu's body on the desk.

A pair of deep eyes locked into hers and she didn't even have a chance to struggle. She could only fall together with him.

"Babe, why aren't you talking?" The man's voice carried a hint of anticipation.

Qin Shu stared at the man's handsome face and asked, "You won't get a woman drink with you, right?"

Fu Tingyu didn't hear the answer he wanted to hear. He frowned and chuckled. "What do you think, Babe?"

"I, I think..."

Qin Shu looked at the handsome face in front of her. The man was really handsome. She had never seen such a good-looking person before. She swallowed...

In front of the windowsill

Ye Luo listened to the conversation between two people on the phone. He paused for a long while and only reacted when he heard something. He hurriedly hung up the phone, as if he had done something wrong. He looked out of the window uncomfortably and continued to smoke.

—

—

Fu Tingyu looked at the girl who leaning very close to him. He was somewhat unsatisfied and also felt annoyed at himself. He was always divested of his armor in front of her.

After Qin Shu recovered, she said, "Take me along the next time your friends invite you to a bar, okay?"

Fu Tingyu didn't answer her. Instead, he glanced at the desk in front of him and looked at her with a faint smile. "You said you wouldn't disturb my work."

Qin Shu also glanced at the desk. Only then did she realize that the computer had been squeezed to the other side of the desk. The contract in front of him had been squeezed to the corner at some point.

She looked up at the man in front of her. He had been the one to instigate things earlier. Was he trying to push the blame onto her now that he had taken advantage of her?

"If I wanted to disturb your work, you wouldn't be sitting here talking to me," Qin Shu replied unhappily.

Fu Tingyu's eyes darkened, and a dangerous light flashed across them.

He suddenly stood up, tidied up the desk, and said in a low voice, "I'll ask Ye Luo to send you back."

Then, he picked up his phone and dialed Ye Luo's number again.

Ye Luo had yet to recover from the awkwardness just now when his phone rang again. He saw that it was Fu Tingyu calling but he did not know if Fu Tingyu had misdialled or if something had really happened.

He hesitated for a few seconds before picking up the call.

Then, he heard Fu Tingyu say, "Send Qin Shu back."

While Fu Tingyu was on the phone, Qin Shu walked around the desk and approached him.

Fu Tingyu hung up the phone. When he saw the girl walking over, he quickly moved to the front of the trash can to block the girl. At the same time, his tall figure blocked the trash can behind him.

Fu Tingyu stood in front of the girl. He lowered his eyes and looked at her. His voice had already returned to normal. "Do you still want to disturb my work?"

Qin Shu tilted her head and glanced at the trash can behind the man. She wanted to see what was in the trash can. She thought she had seen something red in it when she was walking over just now.

However, when she tilted her head, she didn't see anything. Her vision went black and a large hand covered her eyes.

"Why are you covering my eyes?"

Fu Tingyu looked down at the bottom half of the girl's face. Her nose was pert and her lips were lifted slightly.

Her chin was slightly pointed.

The girl's facial features were exquisite. Her fair cheeks were like top-grade white jade, without a single blemish.

Even though her eyes were covered, the girl's beauty could not be hidden.

He could feel the girl's long eyelashes fluttering up and down as she blinked.

His eyes, which had just cleared up earlier, darkened again.

Qin Shu's eyes were covered, so she could not see the man's face. She did not know what the man was thinking, so she felt a little uneasy.

"Why are you..."

Knock, Knock

Suddenly, there were two knocks on the door

Fu Tingyu frowned, expressing his dissatisfaction.

He stood up straight and removed his hand from the girl's eyes. He said in a low voice, "Let's go."

The door was pushed open. Ye Luo was waiting outside the door.

Qin Shu glanced at Fu Tingyu and arched her eyebrows at him. "Then I'll go back first. You continue working."

Qin Shu then walked out.

Ye Luo closed the office door behind them.

Fu Tingyu stood there for a while and glanced at the trash can behind him. He would ask Shi Yan to take it out when Shi Yan comes in later.

He sat in front of his desk, but he couldn't calm down to work.

Every time he looked up, he seemed to see the girl standing there and looking at him.

He did not have any resistance when it came to that girl.

He was like a drug addict. Once he got hooked, she became like his life. He could not do without her.

Even smelling her scent could satisfy him.

As night falls, the lights come on

Qin Shu held Boss as she sat at her desk. She looked at the questions the young professor had sent over. She had gotten all of them right, basically, but there were a few spots that the young professor had circled in red for her to pay attention to. Everything else was pretty good.

Boss stared at the hand on the computer screen with its green eyes and meowed.

Qin Shu looked down at Boss who was sprawled across her leg and raised her hand to rub its head. "What's wrong?"

Boss used its two front paws to support its upper body and raised one paw to scratch the very beautiful hand on the computer screen. In the end, it did not manage to actually touch the hand and it meowed in dissatisfaction.

Boss's face and green eyes were visible in the video.

And the young professor saw all of that.

[ Young Professor: Is this your cat? ]

[ Yes, this is Boss that I mentioned. ]

Qin Shu reached out to move Boss away from the table. She and patted its head. "Go out and play by yourself."

Boss meowed, then it jumped onto the ground and walked out to find Ye Luo to play with.

[ Young professor: Did you raise it? ]

[ I bought it from a pet shop and raised it for a while. It's a smart cat. ]

[ Young professor: It looks quite pretty. ]

It was rare to hear the young professor praising a cat, so that surprised Qin Shu a little.

The young professor turned off the video after he explaining the answer.

Qin Shu looked at the answer again before she exited and turned off the computer.

At nine o'clock in the evening, she went to take a bath. Then, she sat on the bed and played games until the man came back.

### The Fu Family Residences

Fu Tingyu had been soaking in the tub for half an hour. His fair skin had turned red, and on his smooth and full forehead were beads of sweat the size of beans.

Gu Yan had put some medicinal herbs in the bath. He would do acupuncture on Fu Tingyu once his pores opened up.

Gu Yan only got Fu Tingyu to get up when he saw that it was about time.

Fu Tingyu felt a little sleepy from sitting in the bathtub. He only opened his eyes when he heard Gu Yan calling him. He stood up from the bathtub, picked up the towel beside him, and wiped himself dry before emerging from the bathtub.

After he was dry, he laid on the rosewood bed and waited for Gu Yan to do acupuncture on him.

The silver needles for acupuncture were placed on the other side of the bed.

Gu Yan walked over just then. He was the best at acupuncture and it did not take him long to finish the session.

### **Chapter 246: Going to the Man in the Middle of the Night and Confessing**

Gu Yan turned his head to look at Fu Tingyu. Seeing that his forehead was full of sweat, he asked, "Do you feel uncomfortable anywhere?"

Fu Tingyu's thick eyelashes fluttered, and his voice was low. "No, I'm just a little sleepy."

Gu Yan heaved a sigh of relief. "Wait until I remove the needle. You will feel even sleepier then. Have a good sleep then."

Fu Tingyu narrowed his eyes slightly and asked, "Do you think there's a way to prevent the nosebleeds?"

He was afraid that Babe might be frightened if he suddenly had a nosebleed in front of her.

Gu Yan shook his head. "These kinds of symptoms can not be avoided. You can use medicine when you have a nosebleed."

Fu Tingyu did not ask any further.

After half an hour, Gu Yan removed the silver needles, disinfected them, and put them away.

"I am going abroad tomorrow. Call me straight away if anything urgent happens. I'll come back as soon as possible."

Fu Tingyu replied with a soft grunt. His voice was soft and it was a sign that he was falling asleep.

Gu Yan didn't say anything. He carried the medical kit with him and left the room.

Shi Yan was waiting outside the door. He immediately went up to greet Gu Yan when he saw him.

"Young Master Gu, How is Young Master Fu?"

Ji Fei walked over and took the medical kit from Gu Yan.

Gu Yan said, "He's alright. He's already asleep. Just call me if anything crops up."

Then, Gu Yan walked away.

Ji Fei followed closely behind with the medical kit.

Only then did Shi Yan let out a sigh of relief and leave.

At Bright Garden.

Qin Shu waited for a long time but the man was still not back yet.

Could it be that Mo Chengyu had invited him to a bar for drinks again?

Mo Chengyu couldn't wait for Fu Tingyu to find another woman immediately.

Qin Shu hurriedly picked up her phone and dialed the man's number.

"Hello, the number you have dialed is currently unavailable..."

Why wasn't he picking up again?

She tried to redial the number twice.

The call suddenly went through just as she was about to give up.

"Babe?"

The man's voice was hoarse and soft. It sounded as if he was talking in his sleep.

Fu Tingyu was so sleepy that he couldn't even open his eyes because of the acupuncture session. The ringtone was like a mosquito buzzing in his ear. It was very annoying.

But surprisingly, he still forced himself to pick up the phone and answer the call.

"Are you drunk again? Where are you?"

"Hmm? I'm not drunk."

"Then where are you?"

"I'm at... the family residence."

Qin Shu listened to the man's voice that sounded like he was talking in his sleep. He seemed to be a little unwell and sounded no different from being drunk. People who were drunk would usually not admit that they were drunk.

"Wait for me. I'll be right there."

Qin Shu hung up the phone. After thinking for a while, she called Shi Yan again.

The call was quickly answered.

“He drank again, right? Why didn’t you stop him?”

Shi Yan was confused. “Young Madam, Sir didn’t drink. He’s sleeping in the family residence. You don’t have to worry.”

He didn’t drink?

A hint of doubt flashed in Qin Shu’s eyes. “I’m going to the family residence to take a look now.”

“Young madam, it’s already very late. You still have to get up early for the college entrance exam tomorrow, so don’t make the trip.”

Qin Shu was even more confused upon hearing Shi Yan’s words

It was only past nine o’clock, and the man had to work until midnight every day.

If he didn’t drink, why didn’t his voice sound right when he answered the phone?

Qin Shu hung up, changed into a new set of clothes, and went downstairs.

When she was about to reach the entrance, she saw a tall and muscular figure standing there like an unmoving statue.

The cigarette between his fingers flickered in the night.

It was almost ten o’clock, so why did he choose to smoke here?

Ye Luo heard footsteps and turned his head to see Qin Shu dressed neatly.

“Young Madam, where are you going so late at night?”

Qin Shu said, “I’m going to the family residence.”

Ye Luo stood at the entryway and looked at Qin Shu. He didn’t know whether to let her go or not, so he stood there without saying a word.

Qin Shu saw that Ye Luo was standing there as if he didn’t want her to go out, so she hurriedly said, “I’ll go alone. You don’t have to follow me.”

She knew what kind of person Ye Luo was. He was not interested in anything else other than fighting.

Ye Luo said, “I’m in charge of protecting your safety.”

Qin Shu was rendered speechless What did he mean by that? Was he going to let her out or not.

Ye Luo moved his body so that he was facing Qin Shu. His posture looked like he was going to fight her.

“Either I follow you, or you stay at Bright Garden.”

“...”

Qin Shu heaved a sigh of relief. He should have said that sooner. She thought that he was not going to let her leave. After all, there was no harm in him following her to the family residence.

Half an hour later-

At the family residence

It was much more convenient for her to enter with Ye Luo around.

There were the Ye brothers in that house and Ye Luo just had to let them know that they were coming and they would be able to enter unobstructed.

Qin Shu followed Ye Luo and arrived at Fu Tingyu's place.

When they reached Fu Tingyu's room, Qin Shu moved to push the door open and enter. Just then, Ye Luo reminded her, "We have to go to the hotel at five o'clock tomorrow."

Qin Shu turned to look at Ye Luo and smiled at him to express her gratitude. "I know. I'll be out before five o'clock."

After saying that, she pushed the door open and walked in.

Qin Shu's faint smile was actually not obvious in the dim light.

Ye Luo paused for a moment. When the room door closed, he took out a cigarette box from his pocket, drew out a cigarette, and placed it at his mouth before lighting it.

—

—

The Fu family residence was a century-old house. The bedroom was always deep inside the building.

Qin Shu walked straight to the door of the inner room and pushed it open gently with his hands. The carved wooden door made a slight sound.

She walked into the room. The bedside lamp was lit, and she could see the rosewood bed. The man was sleeping soundly on the bed, and she could hear the faint sound of him breathing.

She turned around and closed the door. Then she walked to the bedside and sat down on the edge of the bed.

Under the dim light of the bedside lamp, the man's hair fell casually across his forehead, covering his long and narrow eyebrows. His nose was tall and his features were well defined, making him seem slightly cold.

Even though he was asleep, he still looked like he was warning strangers away from him.

Qin Shu looked at the man's tightly furrowed brows. His brows were furrowed even when he was asleep. Her fair fingers reached out and smoothed them out for him.

Her hand was suddenly grabbed by a large hand, followed by the man's mumbling, "Bao'er."

Qin Shu held the man's hand and realized that it was a little warm. "I'm here."

Fu Tingyu frowned again as if he was in great pain. His hoarse voice carried a hint of pain. "Babe, forget about him."

He held Qin Shu's hand tightly in his palms as if he was afraid of losing her.

He still thought that she loved Shen Yaohui.

She hurriedly explained, "I have never loved Shen Yaohui. At that time, I felt so inferior that I didn't dare to talk to anyone, and no one was willing to talk to me. Only Shen Yaohui was willing to talk to me. He even smiled at me and I was tricked by his act. Your appearance made me think that I loved Shen Yaohui even more. But later on, every time I think back to the past, it would always be things that happened between the both of us. Whether it was good or bad, it was always you. Every time I encountered danger and needed help, the person I thought about was also you."

She didn't know who the person she loved was until he had tried to save her.

The man whispered, "Babe."

#### **Chapter 247: Sir Is So Hard to Understand**

"Babe, forget him."

The man sounded as if he were pleading. His furrowed brows were filled with pain.

Qin Shu's heart ached when he saw the man's pained expression. She hurriedly nodded. "I've forgotten him. I've forgotten all about him."

"You are lying to me." The man grabbed her hand and tightened his grip on it even more. It was as if he was grasping at a lifebuoy. He held it with all his might. "Babe, you're mine."

Qin Shu was stunned. Her heart felt as if it were bleeding as she looked at the man's pained and miserable appearance.

Deep in the man's heart, he had always thought that she loved Shen Yaohui and that the changes she had made were for Shen yaohui.

"Just trust me this time. I love you, Fu Tingyu, not someone else."

Qin Shu's voice was a little hoarse and she felt like crying. However, she resisted the urge to cry.

She still had a lot of time to prove that she loved him and not anyone else.

The man seemed as if he was having a nightmare. He could not hear what she said at all.

"Babe, your heart is mine too."

Even in his sleep, the man was still domineering.

The room fell silent for a moment.

The painful expression on the man's face gradually disappeared and was replaced with a look of satisfaction.

His tightly furrowed brows also gradually relaxed.

Qin Shu did not expect that this trick would also work on the man in his sleep.

It was only then that she realized that the man indeed had not had any alcohol.

Because she had not tasted any alcohol.

A trace of doubt flashed across her eyes. Why was he behaving like that if he had not had any drinks?

He did not appear to be any different from being drunk.

Actually, Fu Tingyu was like this because he had soaked in the medicinal bath that Gu Yan had prepared for him and also because he had undergone acupuncture.

After the man calmed down, Qin Shu took off her shoes and clothes and lay down beside the man.

She buried her head into the man's chest and wrapped her arms around the man's lean waist.

She could smell the scent that was unique to him.

Listening to the man's strong and powerful heartbeat was better than hypnosis. It took her just a moment to fall asleep.

—

—

Qin Shu woke up as the sky began to brighten.

She sat up, got dressed, and glanced sideways at the sleeping man.

The man was sleeping especially deeply today.

He would usually wake up immediately when she moved in his arms.

She reached out to touch the man's handsome face. In her starry eyes, there was a gentleness that had never been seen before. "I have to go. Wait for me to come back after the college entrance exam."

At this moment, the man frowned again, as if he was dissatisfied with the sudden emptiness in his arms.

Qin Shu withdrew her hand, stood up, and walked out.

She closed the door behind her.

When she opened the main door, there was a tall and muscular figure standing under the parasol tree in the slightly dark yard. There was also a flickering light coming from a cigarette.

She closed the door and walked over to the figure.

Ye Luo put out his cigarette and waited for Qin Shu to walk over before walking out with her.

As they walked on the quiet brick road, Qin Shu turned her head to look at Ye Luo. There was no expression on her face. "It's quite troublesome following me around, isn't it?"

Ye Luo glanced at Qin Shu but didn't say anything. It wasn't just troublesome.

Qin Shu smiled. "Actually, I sometimes feel that I'm quite troublesome too."

It was exactly because she was troublesome that always dragged him down.

Thinking of the expression on the man's face last night, her heart ached.

Ye Luo glanced at Qin Shu, but still didn't say anything.

After returning to Bright Garden, Ye Luo carried Qin Shu's suitcase into the car and drove to the hotel.

Fu Tingyan had gone with Jiang Yu in advance.

An hour later, at the hotel-

The hotel room that Fu Tingyu had arranged for her was a suite.

Qin Shu rested for a while before Ye Luo drove her to the exam location.

Qin Shu looked at the examination location and felt somewhat emotional. This was her third time here, and the exam location was like an old acquaintance.

She took a deep breath and stepped in.

Ye Luo sat in the car and watched as Qin Shu's slender figure dove into the crowd before looking away.

-

-

At the family residence-

Fu Tingyu woke up, and subconsciously tightened his arms. Upon realizing that his arms were empty, he looked in front of him. It was indeed a dream.

He sat up. He was in good spirits because he had had eight hours of sleep.

The dream last night, especially, made him feel somewhat satisfied.

After washing up, he walked out of the room in a suit and tie.

Shi Yan was already waiting outside.

When he saw Fu Tingyu coming out, he immediately went up to him. "Sir, are you going straight to the company?"

Fu Tingyu replied with a grunt. Then, he walked out of the courtyard.

Shi Yan immediately followed behind him.

"Oh right, Sir, Young madam called last night to ask if you had been drinking. She also said that she wanted to visit you."

Fu Tingyu's expression froze when he heard that. "What time was it?"

Shi Yan said,

“Not even ten o’clock.”

“Then what did you say?”

“I said that you weren’t drinking and were sleeping. I told Young Madam not to come.”

Fu Tingyu stopped and turned his head to look at Shi Yan calmly. “How long have you been serving me?”

Shi Yan felt an inexplicable chill run down his back. “I’ve been serving you since I was young.”

Fu Tingyu put one hand in his pocket and continued to ask, “Do you know my preferences?”

Shi Yan replied without even thinking, “I know. I know what you like to eat, what brand you use, and what you like to do.”

Fu Tingyu asked, “Do you know what I like best?”

“Young Madam.” Shi Yan answers carefully.

“It’s good that you know.” Fu Tingyu continued walking.

If the girl had come last night, would he have had to dream?

Shi Yan followed behind unhurriedly. He felt that he still did not know Fu Tingyu well enough.

This was especially because he had become more inscrutable after falling in love.

—

—

After an entire day of exams, Qin Shu walked out of the examination room and heaved a sigh of relief.

It was not because the questions were too difficult, but because the atmosphere in the examination room was a little oppressive. It made one feel as if they could not breathe.

Ye Luo had been waiting for Qin Shu. When he saw her, he immediately got out of the car and opened the door for her.

Qin Shu strode over and got into the car.

After Ye Luo got on the car.

Qin Shu propped her chin up with one hand and looked at Ye Luo in the driver’s seat. She suggested, “Let’s eat skewers tonight.”

“Sir...”

Before Ye Luo could finish his words, Qin Shu interrupted him. “He’s not here. It’s fine to eat it once in a while. It’s not like we are going to buy candy secretly.”

Last time, she had eaten twenty-one candies consecutively. The next day, her tooth hurt, but she endured it and did not say anything.

She was afraid that the man would confiscate her one candy a day.

Ye Luo was silent for a long time before he started the engine and drove away.

Qin Shu watched as Ye Luo drove on without saying anything. She was a little disappointed, but when she thought about his character, she felt relieved.

Ye Luo was violent, taciturn, and very loyal to Fu Tingyu.

Rather than being a chauffeur, he preferred to solve things by force.

Moreover, he didn't really like her. It was a little difficult for him to follow her around.

Qin Shu thought to herself, I should wait until I'm in college to eat skewers.

She looked out of the car window and looked at the shops that fell behind them. She felt that something wasn't right.

This didn't seem to be the way back to the hotel.

### **Chapter 248: Babe Was Punished For Drinking**

They seemed to be heading towards the food street and the food stalls.

Qin Shu looked at the driver's seat in disbelief, only to see the back of Ye Luo's pitch-black head.

She could not help the lifting of the corners of her lips. "Thank you, Ye Luo."

Ye Luo drove expressionlessly. He still did not say a single word.

Half an hour later-

Many people came to the food stalls to drink and eat skewers in the summer.

Qin Shu and Ye Luo found a seat and sat down.

Qin Shu did the ordering.

When ordering their food, she asked Ye Luo, "What do you want to eat?"

Ye Luo replied, "Anything."

Qin Shu glanced at Ye Luo. "Don't you know that anything is the hardest to order?"

Ye Luo said, "I will eat whatever you eat."

Qin Shu nodded helplessly. Then, she ordered some of her favorite foods and some that Ye Luo might like to eat.

They had to wait after ordering because there were quite a lot of people at the stall.

While Jiang Yu was drinking, he saw a slim figure that looked very much like Qin Shu. He hit the table. "Tingyan, isn't that Qin Shu? Why does the man sitting across from her look like Ye Luo?"

Jiang Ye could only see the side profile of the man because Ye Luo was sitting sideways, so he wasn't sure whether that was Ye Luo or not.

Fu Tingyan followed Jiang Yu's line of sight and looked over. He saw Qin Shu and Ye Luo sitting across each other, and he could not believe what he saw.

Ye Luo had actually come with Qin Shu to the food stall?

Jiang Yu put down his glass containing alcohol and looked at Fu Tingyan. "Do you want to go over and say hello? After all, we fought together."

Fu Tingyan refused. "No, let's go back and play games when we are done eating."

His relationship with Qin Shu would definitely be exposed if he and Jiang Yu went.

"It won't take long to say hello. Besides, I think she's quite loyal. She's a little different from before. Moreover, she knows martial arts. She sent those three big men flying with one move."

Fu Tingyan glanced at Jiang Yu who was in high spirits. Fu Tingyan's eyes flashed and his expression darkened. "Didn't you use to hate her in the past? But you're praising her now. Are you thinking one thing and doing another?"

Jiang Yu raised his eyebrows and looked at Fu Tingyan. "You never used to meddle in the affairs of others in the past but aren't you meddling in her affairs now? Are you also thinking one thing and doing another?"

"..."

Fu Tingyan gave Jiang Yu the side-eye. If you have the guts, why don't you try saying that again?

"I, I was just joking. Don't take it seriously."

Jiang Yu felt a chill run down his spine. He immediately chickened out and lowered his head and continued drinking.

On the other side-

The boss served the food.

Ye Luo also opened a bottle of beer and poured himself a glass. Then, he started to drink.

Qin Shu glanced at the beer on the table and suddenly felt like drinking. She took a glass and poured herself a glass of beer.

Ye Luo glanced at Qin Shu's actions. He opened his mouth to stop her but didn't say anything in the end.

Since no one was stopping her, Qin Shu drank rather happily.

Ye Luo, who was sitting across Qin Shu watched as she drank. He wanted to say something but hesitated.

Before they left, Ye Luo glanced at the empty beer bottles on the table. Qin Shu had drunk eight of them.

On the way back, other than her face burning up and feeling bloated, Qin Shu was still clear-headed.

Half an hour later-

Qin Shu returned to the hotel and walked straight to her room.

Ye Luo walked to the sofa in the living room and sat down.

The living room was separated from the bedroom by a hallway.

Qin Shu pushed the door open and walked in. She closed the door forcefully and walked straight to the bathroom.

She had too anxious to clear her bladder and didn't notice a man sitting on the sofa in the room.

The man's slender figure sat on the sofa with his legs crossed. His dark eyes watched as the girl walked in and then into the bathroom.

She didn't notice his presence at all.

The exam in the afternoon had already ended when he made his way here, so he had been waiting for her in the hotel room.

Fu Tingyu sat down for a while before standing up from the sofa. Then, he walked to the bathroom door.

In the bathroom-

After Qin Shu washed her hands and dried them on a piece of tissue She turned around and opened the bathroom door. When she saw the person who suddenly appeared at the door, she was stunned.

The man crossed his arms in front of his chest. His slender body leaned against the door frame. His long and narrow eyebrows were slightly raised. He stared at her with his dark eyes that were framed with long lashes.

After a while, she finally reacted. "Why have you suddenly come here?"

Fu Tingyu smelled a strong smell of alcohol on the girl and frowned. "Have you been drinking?"

Qin Shu felt a little guilty and hurriedly explained, "I only drank a little to relieve the stress of the exam."

Fu Tingyu looked at her with a faint smile. "You only drank a little?"

Qin Shu nodded vigorously. "Yes, yes, just a little."

Fu Tingyu lowered his eyes and looked in front of the girl. He stretched out his slender fingers and pulled open her collar. There was a dim light in his eyes. "You're so red and you said you only drank a little?"

Having been found out by the man, Qin Shu felt as if she had been caught lying. Her body was a little stiff as she tried to explain, "I, I always flush when I drink."

Fu Tingyu chuckled. "Do you only know how to use this one reason when you lie?"

She had also said that she always flushed when drinking when she had been caught by her master after she had secretly snuck the vintage alcohol that had been her master's prized possession.

She had drunk all of that alcohol.

To cover up her crime, she had added in a mixture of a strong spirit and water.

It was just that she was drunk and...

Qin Shu was stunned. She had only lied this once.

Fu Tingyu frowned. "Take a bath. You're not allowed to drink next time."

He tugged at his tie, looking displeased. Then, he suddenly lowered himself dangerously close to her and whispered in the girl's ear.

The man's voice was deep and seductive. At the same time, it was full of threat.

Qin Shu's body froze up again. Her face, which was already red, turned even redder.

Fu Tingyu stood up straight and turned around to leave.

Qin Shu watched the man's back as he left. After a long while, she looked away and closed the bathroom door.

She thought about how Fu Tingyu was well-dressed, handsome, and extremely noble... How could he say those words just now?

Qin Shu took a deep breath, feeling like she had survived a disaster.

She quickly took off her clothes, turned on the shower, and took a shower to wash off the smell of alcohol on her body.

Fu Tingyu took a box of cigarettes to the balcony. He closed the glass door behind him.

The lights on the balcony were turned off before he came out, and it was slightly dark.

The man stood tall and straight in front of the railings. He wore a black suit that blended into the night.

He took out a cigarette from the cigarette box and put it in his mouth. He lit it up, and the light at the end of the cigarette flickered.

He just didn't like the way the girl looked when she was drunk.

He also didn't like the things she said when she was drunk. He was just that selfish. He wanted to have all of the girl all to himself.

After Qin Shu took a shower, she opened the bathroom door and walked out. She dried her wet hair with a towel in one hand and glanced around the room. She didn't see the man, so she stopped drying her hair.

Where was he?

Did he leave because he was angry?

Qin Shu was about to go out and ask Ye Luo when she caught a glimpse of the flickering cigarette light at the balcony from the corner of her eyes. She stopped in her tracks and turned her head to look. Only then did she realize that there was a tall figure standing on the balcony.

**Chapter 249: Babe Is Angry. An Unusual Way of Coaxing.**

Qin Shu had not noticed the man earlier when she glanced through the room because the curtains were half-drawn and the lights on the balcony were off. Furthermore, the man was wearing a black suit.

She dried her hair as she walked over. She opened the glass door with her hands and a faint smell of tobacco greeted her.

Fu Tingyu stopped smoking. He knew that she was here and that she didn't like the smell of tobacco. He subconsciously put out the cigarette in his hand with his fingertips and threw it into the trash can.

The whole set of movements was completed in a blink of an eye. Even the action of throwing the cigarette into the trash can was accurate, cool, and elegant.

The smell of tobacco was a little strong. The man's slender figure turned and blocked the girl who was about to walk into the balcony.

"Let's go in."

He pushed the girl in as he said that. Then, he pulled the glass door shut to block out the smell of smoke.

Qin Shu looked up at the man. She could still smell the smell of tobacco. She had seen that there was a cigarette between his fingers just now. How did the cigarette suddenly disappear when he turned around?

Fu Tingyu knew that the smell of tobacco was very strong on him, so after closing the door, he let go of the girl.

"I'm going to take a shower."

After he said that, he walked towards the bathroom.

Qin Shu called out to him, "Wait a minute."

The man stopped in his tracks and turned to look at the girl. "What's up, Babe?"

Qin Shu hung the white towel she had been using to dry her hair earlier around her neck and walked over. Her gaze was fixed on the man's slender knuckles.

When she walked up to the man, she reached out to pick up the man's hand and glanced at his fair fingertips.

Only then did Fu Tingyu realize what the girl wanted to do. He remembered what the girl had threatened him with the last time.

"I will hurt when you get hurt."

His other hand couldn't help but clench tightly.

Qin Shu didn't notice anything and let go of this hand. Then, she went to grab his other hand, but the man dodged.

"I'm going to take a shower first. I smell strongly of tobacco."

The man's deep voice came from above her head. Qin Shu knew that he must have used his hand to put out the cigarette again.

She looked up at the man. "Let me take a look at your hand. You can go take a shower after that."

Fu Tingyu saw that the girl was insistent on looking, so he took the initiative to admit his mistake. "Babe, don't look anymore. I won't do it again."

Qin Shu stretched out her hand. She didn't seem like she would stop until she looked at his hand. "Let me see it."

Deep down inside, she complained to herself, men were all liars!

Fu Tingyu glanced at the girl's hand and said, "Wait until I'm done washing up before looking. I smell like cigarettes."

After saying that, he walked straight into the bathroom without any hesitation.

The bathroom door closed with a bang.

Qin Shu looked at the tightly shut bathroom door with a dark expression.

Wasn't it the same whether she looked at it now or later?

Qin Shu angrily removed the towel from her neck and continued to dry her wet hair.

Half an hour later-

Qin Shu's hair was mostly dry. She was sitting at the head of the bed, waiting for the man to come out.

The bathroom door opened.

Fu Tingyu walked out from inside.

Qin Shu looked up and saw that the man had only wrapped his lower body with a white towel.

The man's muscles were well-defined. His body was perfect, and the lines of his body were beautiful.

He looked skinny when he was dressed but was actually muscular when he took off his clothes.

He had been very strong from all kinds of training.

His black hair was messy, and his sideburns were slightly damp. Water droplets slid down his chin and down his Adam's apple.

The man walked to the side of the bed and then sat on the edge of the bed to look at the girl.

Qin Shu saw the man walking to her side, and she looked at his right hand. She reached her hand out to him again. "Let me see your hand."

Fu Tingyu stretched out his hand, but he didn't show it to her. Instead, he grabbed her hand and pulled her into his embrace..

"What are you..."

The man didn't give her a chance to speak at all.

Qin Shu really believed that men were all liars.

He said that he would show her his hand.

In the end, it was all a lie.

..

..

..

Qin Shu was enveloped in a warm embrace as she hovered between the state of being asleep and not.

Qin Shu was so sleepy that she couldn't even open her eyes. Beside her, the man spoke in a deep voice, sounding like he was trying to coax a child.

"Babe, don't be angry, eh."

Fu Tingyu looked at the girl who was pouting even after she fell asleep, showing how angry she was.

Fu Tingyu raised his hand and looked down at his fair fingertips. There were burn marks on them but they were not considered an injury.

He looked down at the girl in his arms. The girl looked peaceful as she slept. Possessiveness burned in his dark eyes.

"The person in your heart is me. I don't care even if I'm hurt and covered in bruises."

After he said that, he laughed softly. The corners of his mouth twitched with a hint of self-mockery.

The next day-

On the way to the exam venue

Qin Shu sat in the back seat of the car. She looked out of the window and refused to look at Fu Tingyu who was leaning against her.

Fu Tingyu's slender fingers grabbed the girl's smooth chin and made her face him. He lowered his eyes and looked at her. "Babe, I was wrong. Don't be angry anymore."

Qin Shu glared at him. Because Ye Luo was sitting in front, she could only lower her voice. "Weren't you very righteous last night?"

The car suddenly stopped.

Qin Shu glanced outside the car. There were many parents of exam takers gathered at the entrance of the examination venue. They all had worried and anxious expressions on their faces.

She suddenly thought of herself. Her mother who had loved her dearly had passed away.

If she hadn't passed away, she would definitely have stayed by Qin Shu's side, just like those parents outside.

As for her father, she didn't have to mention it.

She turned her eyes away from those parents and looked at the man in front of her. He took the time out of his busy schedule to send her to the examination hall. He didn't even care about his younger brother.

He was the only one who valued her so much.

The softest part of Qin Shu's heart was touched. Her anger from last night was also reduced by half.

"You should go back after I enter the exam venue."

"Babe, you're not angry anymore?" That was what Fu Tingyu cared about the most.

Qin Shu glanced at the man. "Of course I'm angry." After saying that, she pushed open the car door and got out. Then, she walked straight into the examination venue.

Fu Tingyu sat beside the car door, with his hand against his chin. He looked at the girl's back, reluctant to move his eyes away from her.

After the girl walked into the examination hall and beyond his field of vision, he looked away. He took a cigarette from a cigarette box by the side, put it in his mouth, and lit it.

After the college entrance exam

Qin Shu looked out of the examination venue, the parents were relieved and were all smiling happily.

She looked at the car parked by the roadside and walked over quickly.

When she got in the car and saw that the man was still in the car, she didn't know whether to be happy or angry.

"Why didn't you go back? You're so busy but you stayed just to wait for the college entrance exam to be over?"

Fu Tingyu looked at the girl and saw that she was covered in sweat. He took out a piece of tissue with his slender fingers and wiped the sweat on her forehead.

"There are so many people waiting outside the exam hall. Which one of them is free? I'm just one of them. You are just be like the other exam takers, you have someone outside waiting for you too."

The man's voice was very faint, but was full of love and an almost imperceptible hint of tenderness.

### **Chapter 250: Showing Affection for Each Other at the Office**

Qin Shu was momentarily stunned. She looked at the man in front of her. He had a face that could launch a thousand ships. And right now, he was wiping the sweat off her forehead seriously.

Who would have thought that Fu Tingyu of Jiangzhou would wait outside for an entire day just to wait for a college entrance exam candidate?

He could accomplish many things in just a day.

He could also earn a lot of money.

But he gave all his time to her.

Qin Shu grinned at the man, her eyes were bright and her teeth were white. "Let's go back."

Fu Tingyu looked down at the girl. Her smile was very sweet, and her two tiny canine teeth made her look especially mischievous.

Fu Tingyu nodded. "Okay."

Ye Luo started the engine and drove to Bright Garden

Jiang Yu came out of the examination hall looking as if he had been relieved of a heavy burden. He raised his hand and hooked it around Fu Tingyan's neck, a playful smile on his face. "The exam is finally over. Tingyan, let's go out and play tomorrow, okay?"

Fu Tingyan sighed and said helplessly, "My brother wants me to go to the company to learn the ropes. I might have to go there tomorrow."

Jiang Yu said sympathetically, "It seems that there is such a rule in your family. That's a pity."

"It'll be better when we go to university." Fu Tingyan suddenly looked forward to the day when he would go to university. He would be far away from home and his brother would not be able to control him.

"I'm going to learn martial arts during the summer vacation." Just thinking about it made Jiang Yu a little excited.

"I thought you didn't like to learn martial arts?"

"I used to think that I wouldn't need to learn since I have bodyguards. But when I saw that both you and Qin Shu know martial arts and that it was practical, I felt that it was necessary to learn it."

"..."

"What can you learn during in two months? At most, it'd be self defense moves."

He had learned the basics from his brother when he was young, and he had studied with Ye Luo for a while.

But... he was still not as good as Qin Shu.

Fu Tingyan and Jiang Yu got into the RV surrounded by bodyguards.

At this moment, Fu Tingyan's phone suddenly rang.

He took his phone from his pocket and looked at the caller ID. He immediately answered the call.

"What's the matter, Bro?"

"Come to Bright Garden for dinner this evening."

“Alright.”

Originally, his brother had arranged for him to come with Qin Shu, but he found various excuses to reject his brother.

He was afraid Jiang Yu would find out that Qin Shu was his sister-in-law.

Bright Garden-

The dining table laden down with delicious dishes which Qin Shu and Fu Tingyan liked to eat.

Fu Tingyu and Qin Shu sat at one side of the table.

Fu Tingyan sat opposite them. He had a feeling that this meal was not simple.

Fu Tingyu picked up his chopsticks but was not in a hurry to eat. He glanced at Fu Tingyan and said faintly, “The college entrance exam is over.”

Fu Tingyu chewed on the food in his mouth. That’s right, the college entrance examination was over.

Fu Tingyu said seriously, “Go to the company to learn the ropes tomorrow. I am not asking for much. You just can’t do worse than Fu Tingxi and Fu Tinghao in the comprehensive exam.”

Fu Tingyan swallowed the food in his mouth and said, “I know. I promise I won’t let you down.”

Fu Tingyu nodded. “Okay.”

Qin Shu watched the two brothers in front of her chat while she ate silently.

In fact, Fu Tingyu was not asking much from Fu Tingyan. When Fu Tingyu was seventeen years old, he already knew the company’s operations and management like the back of his hand.

Fu Tingyu turned his head to look at the girl, and his voice became gentler. “You should learn along with him.”

Qin Shu made a sound of agreement and waited for the next part.

Fu Tingyu didn’t continue speaking but started to eat slowly. Qin Shu glanced at Fu Tingyu but he didn’t say who she should go as .

Since this was already set in stone, Fu Tingyu could only accept his fate.

After dinner, Fu Tingyu and Fu Tingyan went to the study room.

The next day

Early in the morning

Qin Shu had to go to the company to learn the ropes, so she got up very early in the morning.

After washing up, she walked into the cloakroom and began to pick out her clothes.

In the end, she picked out a pair of jeans and a white shirt. It was simple and neat.

Her long hair was tied into a ponytail.

When Fu Tingyu walked in, he saw the girl's simple yet elegant clothes.

He looked at her exquisite features. Her eyes seemed to contain the entire sea of stars, making people reluctant to look away.

Qin Shu walked up to the man and asked with anticipation, "Shall I go to the company dressed like this?"

Fu Tingyu glanced at her clothes and shook his head. "No."

Qin Shu was stunned.

Fu Tingyu walked to the cabinet, pulled open the drawer. Hook out a pair of glasses, walked up to the girl, and helped her put them on.

The glasses were black-rimmed, and were also relatively old-fashioned.

Even so, they still couldn't hide the girl's beautiful face.

"Alright, let's go."

Qin Shu turned around and looked at the mirror curiously. Wearing these glasses made her look a little less beautiful.

After breakfast

Fu Tingyu and Qin Shu went to the car to go to the company.

Shi Yan, who was in the driver's seat, glanced at the rearview mirror. Why did she have to wear such rustic glasses when she had such a beautiful face?

He make her look less attractive, alright?

It looked weird when she walked next to Fu Tingyu.

Before getting out of the car-

Fu Tingyu had just told her that he wanted her to be on call. She would be learning the ropes with Fu Tingyu the rest of the time.

On call?

Qin Shu secretly pondered the meaning of this sentence.

Half an hour later

Fu Enterprise-

The car door was opened by Shi Yan.

Fu Tingyu and Qin Shu got out of the car one after another and walked in side by side.

The man turned his head to look at the girl and asked in a low voice, "Are you nervous?"

Qin Shu smiled and shook her head. "I'm not nervous."

Fu Tingyu looked away. His hand, which was hanging by his side, touched the girl's hand. Then, he held the girl's hand and squeezed it.

Qin Shu's body stiffened. She subconsciously glanced around and pulled her hand back.

The man did not have any intention of letting go. He tightened his grip even more.

The receptionist and the bodyguard did not notice their actions. They looked at Fu Tingyu respectfully.

They walked to the special elevator. After Fu Tingyu used his fingerprint to verify his identity, the elevator door opened. He stepped into the special elevator, and Qin Shu followed him in.

Shi Yan, who was following behind him, felt that it was better to take another elevator.

He sensibly walked to the elevator on the other side.

In the elevator

Only their heartbeats could be heard in the small and silent space.

Qin Shu looked up at the man in front of her. His long and narrow eyes that were slightly raised carried a hint of dissatisfaction.

Fu Tingyu pushed the girl against the wall of the elevator and looked down at her. He removed the annoying glasses on her nose with his slender fingers.

The weight on the bridge of her nose lightened. Qin Shu could see the person in front of her even more clearly.

"Why did you try to move away?" The man sounded a little dissatisfied.

"Your employees are all watching." Only then did Qin Shu realize that the man was unhappy because of this matter. She had not fought from his grasp even though he had held her tightly.

"We are only in a secret marriage. Can't we be boyfriend and girlfriend in the open?" Fu Tingyu laughed softly with a hint of self-mockery.

Only then did Qin Shu realize that what the man cared about was not the issue of holding hands. Instead, it was that he felt that she despised him and felt that he couldn't do anything about it.

She hooked her arms around the man's neck, stood on the tips of her toes, and kissed him. Fu Tingyu had never been able to resist it when she took the initiative. His emotions were easily affected by the girl's actions.
