

## Bigoted 281

### Chapter 281: Paternalistic Inquiry by a Jealous Man

Qin Shu immediately shook her head when she heard that. "How will I treat you like a decoration? You're a straight A student. I just feel that you work so hard every day and only go to bed at midnight. You still have to find the time to teach me. If you're too tired, your body won't be able to take it."

After she finished speaking, she looked at him with her starry eyes, indicating that she only felt sorry for him.

She finally understood why the man was still angry. It was because she didn't ask him to teach her.

Fu Tingyu stared into her eyes which revealed an innocent look. His anger subdued a little.

"I'm busy but I still could find the time to teach you. If I can't even do this, do I deserve to be your man?"

Qin Shu didn't know whether to be happy or angry. A woman should be happy that a man did this for her, but by doing this, he didn't even take care of his own body. She was really upset.

She lowered down her tone. "Then, do you plan to stay up late and work overtime in the study after teaching me?"

Fu Tingyu was stunned hearing this. He did plan to do so. By hook or by crook, he would find the time to teach her, and would not let another man teaching her.

"My wife doesn't need to be taught by another man."

Listening to his domineering tone, Qin Shu knew what he was thinking.

"I knew you would think so. Don't you know that staying up late will not only reduce your lifespan, it might also..." cause sudden death.

She couldn't utter the last two words.

The word 'death' was like a taboo. She didn't want to hear it or say it.

She was extremely worried.

Fu Tingyu said, "This is not an excuse to be taught by others."

Qin Shu stared at the man in front of her and said slowly, "If you were to teach me in such a way, I wouldn't let you to teach me either. If you don't feel sorry for yourself, I will."

Fu Tingyu was stunned again when he heard that. He looked at her sullen face as if she was talking about an extremely serious matter.

His Babe was concerned about him.

However..

Noticing that he was silent, her tone also softened. "The knowledge that I'm learning now is all from the university. The classes are very long every day. Your time is simply not sufficient. Anyway, I won't let you use your working hours to teach me and then stay up late to work overtime."

All the knowledge that she was learning now was from the university?

Fu Tingyu asked, "How long have you been studying?"

"For quite some time." Qin Shu's reply was a little vague because if she had studied when she was at school, she would have studied it. It was unbelievable for an underachiever to suddenly become a straight-a student without any indication.

"How did you find a teacher on the internet?"

The inquiry tone of Fu Tingyu was like a parent. He had to ask in detail before he could rest assured.

Qin Shu replied, "It was a post on the forum that I wrote about the requirements for the teacher and the class. The professor replied and I had audited the class for a few days. I felt it met my requirements, then I continued."

Fu Tingyu frowned. "Did you see the appearance of the other person?"

Qin Shu shook her head. "No."

Fu Tingyu continued to ask, "Then, did he see you?"

Qin Shu shook her head again. "No."

Fu Tingyu nodded his head in satisfaction. However, he still did not want a stranger to teach her. Moreover, it was on the Internet, one-to-one. This was completely different from the condition of a male teacher teaching in a classroom.

Qin Shu noticed that his expression had softened. She asked carefully, "Are you still upset?"

Fu Tingyu looked at her and pursed his lips. He didn't want to mention that he wasn't upset. If he mentioned it, she would think that he was approving her actions.

Nevertheless, he still felt a little upset.

Seeing that he did not answer, Qin Shu grabbed the sleeve of his black suit and tugged at it. "Why aren't you replying me?"

Fu Tingyu glanced at her bright eyes. He couldn't stand looking at her innocent look. He turned around and left.

Qin Shu was stunned. She didn't expect him to leave in such a manner. She shouted hurriedly, "Where are you going?"

"The study."

Without turning his head, Fu Tingyu uttered these two words.

"..."

Qin Shu watched his tall and straight figure disappeared at the door. She sighed helplessly. He liked to be jealous. He was no different from a vinegar bag.

He was spoilt.

She turned around and looked at the fruit plate on the desk. The watermelons were cut into cubes, each looked like tofu cubes. Bamboo sticks were inserted into each of them.

There were also cherries which had been cleanly washed.

She could imagine how he rolled up his sleeves and washed the fruits in front of the sink. This scene would definitely be very pleasing to the eyes.

Her white fingers reached into the fruit plate, picked up the bamboo sticks, and put the watermelon cubes into her mouth. She chewed on it. It was juicy and sweet. It was really sweet.

She took a cherry and put it into her mouth. She chewed on it. There was a bit of sourness in the sweetness. It was the taste she liked.

Qin Shu looked at the cherries in the fruit plate. She thought for a moment, took the plate and walked straight to the study.

The study and the bedroom were not far from each other. If you walked along the corridor for five meters, you would reach the study after turning at the corner and walked for another three-meter.

Qin Shu held the fruit plate and ate all the way to the study. She grabbed the doorknob, pressed to open it and and walked into the room.

When he heard the sound of the door opening, Fu Tingyu who was sitting in front of the desk had just started to hold the mouse with his slender fingers.

He turned his head to look at the door and saw her walking in carrying a fruit plate. There was a hint of doubt in his eyes.

Qin Shu carried the fruit plate to the desk and stood still. She glanced at the man who was staring at her with a smile.

She picked up a cherry from the fruit plate and handed it towards his mouth.

Fu Tingyu glanced at the cherry which was placed on the side of his lips. He didn't like to eat cherries and he looked at her with questions on his mind.

Qin Shu looked at the cherry, raised her eyebrows and told him "Eat it."

Although Fu Tingyu was puzzled as to why she suddenly asked him to eat the cherry, he still opened his mouth and ate it. He chewed slowly and initially tasted the sweetness. After a short while, a sour taste filled his entire mouth, causing him to furrow his long and narrow eyebrows.

Qin Shu watched him ate the cherry and furrowed his beautiful eyebrows due to the sourness. This was the first time she saw a man furrowed his eyebrows because of eating something sour.

Fu Tingyu didn't like to eat sour food. It should be said that he couldn't stand the sourness.

Therefore, the sourness of the cherries was enough to make him unable to stand it.

However, it was fed by a girl although it was sour. He still have to eat the cherries even if the sourness would make him cry.

After he finished eating, he spat the stone into a piece of tissue and threw it into the trash can.

Fu Tingyu couldn't help but sighed. After so many years, she still liked to make fun on others.

When Qin Shu saw him finished eating, she held back her laughter and asked, "Is it sour?"

"..."Fu Tingyu: "It was sour."

"Sour is the right word." If it wasn't sour, how could you know how strong was the smell of vinegar just now?

Qin Shu picked up the watermelon on the bamboo stick and passed it to him. "Here, this is sweet."

### **Chapter 282: The Implicit and Paranoid Love of Master Si**

Fu Tingyu glanced at the watermelon in front of him and then looked at her. She fed him with a cherry just now, and now she was asking him to eat the watermelon.

The wife-loving Fu Tingyu opened his mouth obediently and ate the watermelon. After chewing it a few times, his taste buds were full of sweetness when the watermelon juice overflowed.

The frown on his face also relaxed due to the satisfaction.

Qin Shu observed the change of expression on his face after eating the watermelon and asked, "Is it sweet?"

Fu Tingyu nodded. "It's very sweet."

Qin Shu looked at his expression as when he was eating the cherry and the watermelon. She felt that it was like being in love, filled with sourness and sweetness.

Qin Shu glanced at the piles of work on the desk waiting for him to deal with. She was unsure how much longer he would take doing the work. She looked at him and said, "You continue with your work. After you have finished it, rest early. I'll go back to the bedroom."

After she finished speaking, she turned around and walked out from the study carrying the fruit plate.

Fu Tingyu watched at her slender back until she retreated out of the door and he continued to deal with the work on hand.

Qin Shu returned to the bedroom and walked straight to the small study room. She sat down in front of the desk and placed the fruit plate on the left side. As she was eating the fruits, she reviewed what the young professor had taught her.

She was eating the fruits that he had prepared meticulously. She couldn't taste the sourness of the cherries. They were all sweet.

By the time Fu Tingyu had finished his work and returned to the bedroom, Qin Shu had fell asleep.

He stood by the bedside and looked at the sleeping lady. Her face was calm and she slept soundly.

After looking at her for quite a while, he turned around and opened the closet. He took out his bathrobe and walked to the bathroom to take a shower.

Half an hour later.

The tall and straight Fu Tingyu walked out from the bathroom. He walked towards the bed and sat down. He couldn't help but take a few glances at his lady's sleeping appearance.

Thinking of the photos that he took previously which he was too preoccupied in these few days to send the photos over to his cell phone, and he happened to be free now to deal with it.

He looked at the beige color bed cabinet that was coincidentally the same color as the bed. There was a silver coated cell phone lying on it. It was the cell phone that he personally chose for her.

He stretched his long arm with his slender fingers to pick up the phone. He switched on the phone and found the photo album. The first photo was a photo of both of them.

He clicked on the photo to see it more clearly.

When the photo was taken, he had just raised his head and did not have time to smile. Therefore, he looked a little serious in the photo.

She was different. She was smiling like a blooming flower.

The picture quality was very good. It was not blurry although it was a snapshot.

This was also what the shop assistant had recommended when he bought the phone.

The shop assistant informed him that girls liked to take selfies. If he chose a model with a good snapshot function, his girlfriend would like it.

Therefore, when he chose the phone, not only did he choose a phone with high configuration but it could also take high quality photos.

He sent the photo to his phone and put back the phone on the beige cabinet.

After that, he picked up his phone and set the photo as the wallpaper so that when he switched on his phone, he could see her smiling face.

Fu Tingyu stared at the photo. After a few minutes, he switched off the phone and laid down next to her. He turned off the light and pulled her into his arms. He closed his eyes and felt her body warmth. He gradually fell asleep.

The next day.

During breakfast, Qin Shu and Fu Tingyu sat facing each other as they ate their breakfast.

Ning Meng who was standing at the side looked at Master Si and the Young Madam. She could remember the scene yesterday night when Master Si rolled up his sleeves to wash and cut the fruits. He did that purely for Young Madam. How sweet it is.

Fu Tingyu had always been quiet when he was at the dining table. With his chopsticks, he slowly ate the exquisitely prepared breakfast and the lean meat porridge.

His behavior was elegant.

Qin Shu ate the breakfast and glanced at the man. She wanted to ask him why he didn't speak much when he was at the dining table.

She was purely curious but she was hesitant to ask him.

Fu Tingyu noticed her hesitant look. He asked her in a low voice, "Babe, do you have something to say?"

Since the man had started to talk, she raised her head to look at him. After she swallowed her food, she asked, "Why don't you talk much when you're at the dining table?"

Her eyes were filled with curiosity, and Fu Tingyu noticed that. He curled up his lips slightly. "Babe, why are you curious about this?"

Qin Shu nodded. "I just feel a little curious."

There was no issue eating outside without talking to each others, However, his behavior was the same while at home even when Grandma was present.

Fu Tingyu looked at her and didn't say a word. He continued eating his breakfast.

"..."

Was he going to talk or not?

Give a definite reply.

After taking the breakfast, Qin Shu still waited for his reply but Fu Tingyu didn't say a word.

Qin Shu continued the day by following Fu Tingyu to the company.

Shi Yan usually drove them to the company.

Before getting out of the car, Fu Tingyu helped Qin Shu to put on her glasses. The black frames of the glasses had made her to look less attractive and had also concealed some of her unique temperament.

Qin Shu looked at the glasses that she was wearing. Did he also plan to let her wearing this pair of glasses to go to the university?

Fu Tingyu seemed to have read her mind and said, "You should wear them to school. You look pretty wearing them."

"..."

Was he sure that she looked better in glasses than when she was not wearing them?

Or was his sense of beauty same as others?

If not, why he did not care about the scar which was at the corner of her eye. She herself despised it when she saw it.

She remembered that when they first met, the man leaned over and kissed the scar.

During that time, she was stunned... she was silent for quite a while.

Fu Tingyu knocked on her forehead with his slender fingers. "What are you thinking about? Get out of the car."

After being knocked moderately, Qin Shu reacted with a "Oh."

After getting out, Fu Tingyu held her hand and walked steadily into the company.

Qin Shu followed obediently. The attention of the employees was on them when they stepped into the company until they entered into the dedicated elevator.

The staff of the company had seen Qin Shu for quite a few times. Nevertheless, they still couldn't help but look at her curiously with different gazes.

Shi Yan also sensibly took the staff elevator. In the past, when Qin Shu didn't follow Master Si, he would take the dedicated elevator with him.

Qin Shu stood beside her man inside the elevator. He held her hand tightly, not hiding his feeling that she meant so much to him.

Nobody would have expected that Master Si who was known to be a decisive, cold-blooded, ruthless and arrogant man would have his other loving side.

'Ding'

Qin Shu followed her man into the office when they stepped out from the elevator.

He walked slowly as if he deliberately catered to her pace.

After entering his office, Fu Tingyu walked towards his chair and sat down. Qin Shu followed and stood in front of him because he was still holding her hand.

### **Chapter 283: Fourth Master's Way Of Keeping Her Was A Kind Reminder**

..

..

Qin Shu looked down at the hand wrapped in the big hand. Then indicating that it was time to let go and time for work, she raised her head to look at the man.

Fu Tingyu also lowered his eyes and opened his palm. His gaze fell on the delicate hand in his palm and finally landed on the ring finger. The knuckles were slender and fair, so it would look very nice with a ring on.

The man's focused gaze made Qin Shu a little confused. He had looked at her hand countless times, and now that he was staring at it, did he think that he would see a flower?

"What are you looking at? It's time to work," she reminded him.

Fu Tingyu raised his eyes to look at the girl. With an "Mm", he let go of her hand.

Qin Shu thought that there were still a few documents left downstairs. She glanced at the man's office and asked, "Do you have anything for me to do here? If not, I'll go down and finish reading the remaining documents."

As soon as Qin Shu finished speaking, Fu Tingyu said, "Yes."

"What is it? Are you organizing the documents?"

Qin Shu glanced at the dark brown desk. The documents and folders on it were neatly arranged. The desk was also very clean and spotless.

Fu Tingyu's gaze also turned to the desk. He found that it was neat and tidy. There was nothing to tidy up.

"No."

"? ? ?"

Fu Tingyu looked at the stack of documents on the dark brown desk. He stretched out his long arm and took the stack of documents, then handed them to her. "Send these out and email them to me."

"Okay."

Qin Shu was quite happy that she had something to do. She was afraid that she would have to either eat or play games on the sofa.

She reached out and took the documents from the man's hands. She walked to the leather chair across from the desk and sat down. She placed the documents on the desk.

Then, she took off the double-open bag and placed it on her legs. She opened the zipper and took out a laptop from the bag, then placed it on the desk. The backpack was placed on the back because the leather chair was big enough.

Qin Shu opened the laptop swiftly and clicked on WPS Office.

Then, she placed the documents on the shelf. This way, it would be much more convenient to look at while typing.

Qin Shu could type blindly and hack. Naturally, her typing speed was faster than those typists.

Her fair fingers danced quickly on the keyboard. It was very rhythmic.

Fu Tingyu looked up at the girl who was typing with a serious expression. Her typing speed was also very fast.

Although he was puzzled about where she learned her hacking skills, he didn't plan to ask.

He lowered his eyes and continued to deal with the matter at hand.

Half an hour later, Qin Shu finished typing the last word and sent the document to Fu Tingyu via email.

She looked up at the person across from her. "I've already typed it and sent it to you."

Qin Shu's typing speed was so fast that it made people speechless.

“En.” Fu Tingyu felt that the girl had finished typing in just a short while.

Qin Shu asked, “Am I done now?”

Fu Tingyu: “...”

“Then I’ll go down?”

“En.”

Qin Shu closed her laptop when she heard that and stood up from her chair. With light steps, she opened the heavy door of the office and walked out. Before she left, she didn’t forget to close the door.

Fu Tingyu watched the girl leave before he retracted his gaze and continued to deal with his matters.

Qin Shu took the elevator directly to the sixth floor.

Fu Tingyan was sitting in front of his desk while staring at the computer in front of him as he worked on the proposal.

When Qin Shu entered, she saw that Fu Tingyan had a serious expression. She walked over to the desk next to his and sat down. She reached for the folder and took out the last few files. She planned to read them all in one go.

Fu Tingyan saw that Qin Shu had come. He just glanced at her indifferently and didn’t say anything. His brother wasn’t here anyway, so he didn’t have to call his sister-in-law. It didn’t matter whether he greeted her or not.

Fu Tingxi suddenly turned around and looked at Fu Tingyan. He smiled and shouted at him, “Seventh brother, how’s your proposal coming along?”

Qin Shu looked up at Fu Tingxi, then lowered her eyes and continued to read the files in her hands.

Fu Tingyan turned back to look at Fu Tingxi and casually replied, “Not yet.”

“Me neither. I feel that it’s a little difficult this time. However, seventh brother is so smart and has such a powerful person like fourth brother as a role model. It shouldn’t be difficult for you,” Fu Tingxi praised with a smile.

Fu Tinghao also turned back at this time and said, “Of course. Fourth Brother is a famous person, so I also feel that it’s very difficult this time. If I fail, it would be embarrassing.”

Fu Tingyan said, “It’s not just you who feel that it’s difficult. I also feel that it’s difficult. Besides, my brother doesn’t teach me these things.”

He added in his heart. His brother had long been seduced by the woman across from him. How could he care about him?

Fu Tingxi said, “Seventh brother, don’t be modest. Since fourth brother is so strong, how can you be weak?”

“If you don’t believe me, then forget it. I’d better continue. I’ll try to finish it before I get off work.”

After saying that, Fu Tingyan turned around and looked at the computer, to continue to think about the proposal.

Fu Tingxi glanced at Fu Tingyan's back and retracted his gaze. He turned around to look at his computer desktop.

Fu Tinghao also retracted his gaze sheepishly and continued to think about this difficult proposal.

—

It was lunchtime.

Fu Tingxi and Fu Tinghao stood up from their seats the moment it was lunchtime. They were prepared to go to the staff canteen for lunch. This was a rule set before they entered the company to intern. They weren't allowed to eat outside the canteen.

"Brother Qj, we'll be leaving first."

"Brother Qj, it's time to eat."

The two of them greeted Fu Tingyan before leaving.

Fu Tingyan said without turning his head, "I'll finish this. We'll go eat later."

Fu Tingxi glanced at Fu Tingyan before walking out of the office with Fu Tinghao.

Qin Shu hadn't left yet. She planned to look for the man after she finished reading the last page. They would go to the staff canteen to eat together.

"It's finally done. We can play games after lunch."

Fu Tingyan stretched lazily and said in a relieved tone. Then, he saved the file and turned off his phone. He stood up hurriedly to eat because he had overused his brain and was really hungry.

Hearing this, Qin Shu looked up at Fu Tingyan and asked, "Did you save the cloud drive to encrypt it?"

Fu Tingyan had just walked out of his desk when he stopped and looked at Qin Shu in confusion. "No, why?"

Qin Shu raised her eyebrows and looked at Fu Tingyan. "Did you forget about the loss of the files last time? Save it on the cloud drive and encrypt it. There's no need to keep it in the files."

Fu Tingyan was stunned for a few seconds. He thought about the loss of the files for no reason last time. After pondering for a moment, he returned to his seat and turned on the computer again.

He saved the files to the cloud drive and encrypted it. Then, he didn't leave any files in the files.

After doing all this, he turned off the computer again. He looked up at Qin Shu and hesitated for a few seconds before asking, "Aren't you going to eat?"

Qin Shu said, "I'll go right away."

Fu Tingyan didn't bother with her. He stood up and was about to leave. Through the glass door, he saw his brother's tall and straight figure walking over from outside. He stopped in his tracks.

## Chapter 284: The Fourth Master Came To Get Her, There's Only One Fourth Sister-In-Law

Qin Shu didn't know that Fu Tingyu had already come to get her. She stacked all the materials she had finished reading and placed them neatly on the table. After she finished eating, she would send them into the project room.

"Did you forget what I said?"

Qin Shu had just finished organizing all the files when a deep and magnetic voice came from above her head. There was also a hint of anger.

Qin Shu raised her head and saw the man standing behind her. Looking at him from this angle, it made his figure look even robust

However, his eyes were a little cold, which also meant that he was angry.

"I'm only one page away from finishing it, so I want to finish it before I call you."

"I've finished reading it now..."

Qin Shu didn't continue, but quickly stood up. "Let's go eat."

Fu Tingyu glanced at a pile of files on her desk. She had read them all?

It's gonna take a lot of time to read it, and it's gonna take a lot of time to understand it, so she's gonna spend most of this time on these files?

He looked away. "Let's go."

Fu Tingyu and Qin Shu walk out of the office side by side.

Fu Tingyan went to the staff canteen first, because his brother wasn't looking for him..

—

—

Staff canteen

The food in the staff canteen was free, better than the food in fast food restaurants, and clean, so most employees still liked to eat in the staff canteen.

"Have you noticed that the food tastes different these days?" asked the employee as he looked at the food on his plate.

"If you hadn't said so I wouldn't have noticed, but it is indeed a little different from before, is it because of the change in the chef?" Someone followed up with a question.

"I don't think so. I see Old Zhang and Old Xu are still here. Is there another chef?"

"Why do you care so much? As long as the food is delicious, it's fine. I like it anyway."

"Yes, yes, yes. As long as it's delicious, it's fine. Besides, it's free. I feel that the company's treatment is quite good."

—  
At this moment in front of the window, Fu Tingyu took two plates and placed them on the windowsill.

Qin Shu was standing beside him.

“Sir, what kind of food do you want to eat?” The chef was an uncle who was over forty years old. When he asked, his voice was filled with respect.

Fu Tingyu said, “Same as yesterday.”

“Sir, wait a moment. It’ll be ready soon.”

The chef immediately got busy. He was wearing sterile disposable gloves.

Qin Shu glanced at the food placed inside. With a glance, she could see that it was basically all her favorite dishes.

Qin Shu didn’t think too much about it because most of the dishes in the cafeteria were more to her taste when she first came here.

This was also why she liked to eat in the cafeteria.

After the chef finished preparing the dishes, he handed the tray to Sir.

Fu Tingyu held a tray in each hand and turned to look at Qin Shu. “Let’s go.”

Qin Shu looked at the man holding a tray in each hand. In fact, she wanted to say that she could carry it herself.

However, when she thought of the man’s temper, she opened her mouth but didn’t say anything. She followed the man to find an empty seat.

Shi Yan was behind them. After Sir and Qin Shu left, he took the tray and walked to the window.

When Qin Shu didn’t come, Fu Tingyu didn’t go downstairs. Shi Yan was the one who ordered the food in the canteen. Now, he came to the staff canteen for a meal and was interrogated by the single bachelor Shi Yan. Sir, was this considered showing off?

—

Fu Tingyu found a quieter spot, placed the tray on the table, and sat down.

Qin Shu walked to the opposite side of Fu Tingyu and sat down. She looked at the dishes on the tray, picked up her chopsticks, and started eating.

Fu Tingyu saw the girl’s greedy look, so he also picked up his chopsticks and began to eat the dishes in front of him slowly.

At this time, Fu Tinghao and Fu Tingxi had just finished eating, and they saw their Sir in the corner eating with a woman.

They had also heard some rumors in the company, so they were a little curious.

Because of the marriage that Grandma and the Xu family had mentioned, and because Xu Wei had been visiting Grandma frequently recently, they had always thought that their Sir might be engaged to Xu Wei.

The two of them looked at each other and decided to go over and say hello.

When they got closer, they were still rather respectful towards their Sir, but when they stood there, they felt a strong sense of oppression, causing them to lower their eyes.

“Sir.”

“Sir.”

The two of them spoke in unison.

After greeting each other, the two of them looked at the girl opposite their Sir. The first thing they noticed was the pair of black-rimmed glasses on the bridge of their noses. It was the very old-fashioned type.

However, it couldn't be denied that her skin was very fair and her facial features were exquisite.

Her long hair was tied up. It was jet-black and shiny. There was a natural curl at the tips of her hair, which was as soft and elegant as seaweed.

Qin Shu raised her eyes and glanced at Fu Tinghao and Fu Tingxi. Then, she lowered her head and continued eating.

Fu Tingyu raised his eyes and glanced at the two of them. He only nodded his head and said in a cold voice, “She... you haven't greeted her yet.”

Fu Tingxi and Fu Tinghao froze for a moment. Then, they looked at the girl who was wearing glasses. For a moment, they didn't know how to address her.

From the looks of it, she was about the same age as them.

Seeing that the two of them didn't say anything, Fu Tingyu's voice turned colder. “What's wrong?”

“Fourth brother, is she your girlfriend?” Fu Tingxi couldn't help but ask in a low voice.

Fu Tingyu raised his eyebrows and looked at Fu Tingxi. “What else?”

Fu Tingxi and Fu Tinghao were both stunned because they didn't expect the rumors in the company to be true.

When they looked at the bespectacled girl again, they had to call her sister-in-law just because of what their fourth brother had said. What good would it do them if they angered their fourth brother?

“Fourth sister-in-law.”

“Fourth sister-in-law.”

The two of them greeted her in unison.

Qin Shu glanced at Fu Tingxi and chuckled. “I feel a little weird hearing them call me sister-in-law.”

Fu Tingxi was stunned and immediately asked, "Don't eighth brother and I call each other the same?"

Qin Shu said plainly, "Because I think I heard you call another woman fourth sister-in-law in the water room? Don't you feel awkward calling me fourth sister-in-law now?"

Just the day before yesterday, she accidentally went to the water room to pour water and heard Fu Tingxi's conversation on the phone.

He said that Fu Tingyu was accompanied by a woman, and the whole company was saying that the woman was Fu Tingyu's girlfriend.

He even called her fourth sister-in-law.

In fact, she just wanted to tell him that her position was threatened.

Also, Fu Tingyan had spent a lot of time and energy to come up with this idea, but it was also deleted by Fu Tingxi.

Didn't this show how sly this person was?

Fu Tingyu's eyes turned cold. "Who are you calling fourth sister-in-law?"

Fu Tingxi was shocked. He didn't know that when he secretly called Xu Wei, this woman heard him. He quickly explained, "Fourth brother, it's all a misunderstanding. Why would I call another woman fourth sister-in-law for no reason? Fourth sister-in-law must have heard wrongly."

Qin Shu chuckled. "It's possible."

Fu Tingxi glanced at the bespectacled girl. Because she was sitting beside Fu Tingyan but kept quiet, he didn't expect her to be such a scheming woman.

Fu Tinghao looked at Fu Tingxi in confusion. For a moment, he didn't know what had happened?

..

### **Chapter 285: Hand In Hand With The Man, Someone Came**

Fu Tingyu's eyes were cold. "You only have one sister-in-law, and that's her."

The man's voice was cold, but it also carried a strong warning.

Fu Tingxi was so scared that he didn't even dare to raise his head. Even his voice was a little shaky. "I got it, fourth brother."

Fu Tinghao was so scared that his reaction was half a beat slower. "I got it, fourth brother."

Fu Tingyu lowered his eyes and continued to slowly eat the food on his plate.

Fu Tingxi didn't dare to stay any longer. He said warily, "Fourth brother, we'll be leaving first."

Fu Tingxi saw that his fourth brother didn't say no, so he pulled Fu Tinghao and prepared to leave. He took two steps forward.

Fu Tingyu said coldly, "Since you're so idle, take the documents that the manager needs to sort out, as well as the documents that need to be typed out, and deal with them."

Fu Tingxi's footsteps paused. He turned to look at Fu Tingyu, and nodded respectfully. "Got it, fourth brother."

Fu Tingyu said, "Let's go."

Only then did Fu Tingxi pull Fu Tinghao and turn around to leave. He was afraid that if they were a step too late, fourth brother would have to make arrangements for him again.

After the two eyesores left.

Fu Tingyu raised his eyes to look at the girl opposite him. "You're the only woman I have."

Qin Shu was eating with her head lowered when she suddenly heard the man's confession-like words. She almost choked on the rice that she didn't have time to swallow.

Was he sure that it was appropriate to say this in a public cafeteria?

"I know."

Qin Shu's gaze fell on a piece of red braised meat in the bowl. She held her chopsticks tightly and gave him the plate.

"Eat."

Fu Tingyu's gaze fell on the braised pork in front of him. He held his chopsticks tightly and placed it into his mouth. He took a small bite, chewed it, and then ate it.

Qin Shu saw the man lower his head and start eating, so she started eating as well.

After lunch, there would be an hour and a half lunch break.

Fu Tingyu and Qin Shu took the special elevator back to the top-floor office.

After entering the office, Fu Tingyu said, "Go and rest next door for a while."

Qin Shu tugged at the sleeve of the man's suit and looked at him with her starry eyes. "What about you? Aren't you going to rest?"

"I don't need to."

After saying that, Fu Tingyu walked towards his desk. However, before he took two steps, he realized that his sleeve was being tugged. He turned around and looked at the girl.

Qin Shu tugged at the man's sleeve and refused to let go. She looked at him stubbornly. "Let's go and rest together. We'll work after we've rested."

Fu Tingyu turned around and stood in front of the girl. He suddenly lowered his body and looked at her with a faint smile. "Babe, are you... inviting me?"

Qin Shu stared at the man who suddenly approached her. She didn't react for a moment and asked reflexively, "What do you mean?"

After asking, she saw the man's deep eyes. They darkened a little and she suddenly understood the meaning of this sentence.

Qin Shu immediately became serious. "Your health is your most precious asset. Of course, you have to rest well."

Fu Tingyu chuckled. "Babe doesn't need to explain. I understand."

Qin Shu glanced at the man in confusion. Did he really understand?

"Then let's rest together."

Fu Tingyu said one word softly, "Okay."

Qin Shu couldn't help but glance at the man again. He was this easy to persuade?

Just as Qin Shu was feeling puzzled, Fu Tingyu had already taken her hand and walked to the lounge next door.

Only then did Qin Shu realize that the man was serious.

When they entered the lounge, the man let go of her and took out two nightgowns, one for men and one for women.

Then, he began to take off his clothes slowly.

Qin Shu: "..."

The man seemed to be dragging his clothes slowly, but it didn't take him long to put on his nightgowns.

The man looked up at the motionless girl. "Aren't you going to change?"

Qin Shu finally reacted and said in an anxious voice, "Yes, of course I'm going to change."

She was going to change because her clothes would be wrinkled when she rested on the bed.

Qin Shu glanced at the man, hesitated for two seconds, and then quickly took off her clothes to change.

Her quick action made the man feel that she wasn't changing to rest, but to put out the fire...

After Qin Shu fastened her belt, she smiled and looked up at the man. "Okay, you can rest now."

Qin Shu took off her shoes first and laid on the bed.

The bed in the lounge was two meters by one and a half meters, so it was just right for the two of them to rest.

Fu Tingyu's tall and straight figure also walked over and laid down beside the girl.

Qin Shu moved closer to the man and waited for him to get closer before she closed her eyes and began to sleep.

Fu Tingyu looked down at the girl who had already closed her eyes, then closed his eyes as well.

Time ticked by. When he heard the girl's light and even breathing, the man slowly opened his soul-stirring almond-shaped eyes. His pitch-black eyes were clear, and his long and narrow eyebrows were slightly raised. He looked especially charming.

When the girl was asleep, Fu Tingyu slowly got up from the bed. Then, he slowly took off his bathrobe and put it aside. Then, he took off the shirt on the hanger and put it on. He also put on his suit pants and jacket.

After he was fully dressed, he stood by the bed and stared at the girl's sleeping face for a while. Then, he turned around and walked out of the lounge. Before he left, he closed the door of the lounge.

The person who was sleeping on the bed didn't notice the sudden departure of the man beside her.

Fu Tingyu walked to the leather chair in front of the dark brown desk and sat down. Then, he began to deal with urgent matters.

Knock, knock

After two knocks on the door, the heavy office door was pushed open. Shi Yan walked in and looked at the owner of the desk. "Sir, Miss Xu Wei is here."

Fu Tingyu stared at the computer screen and didn't even look at Shi Yan. "Do you know why she's here?"

Shi Yan said, "I heard that it was the Old Madam's idea. Miss Xu doesn't understand many things, so she came to learn. She's outside."

Fu Tingyu said, "Let her in."

"Yes, Sir."

Shi Yan walked out. Not long after, Xu Wei walked in from outside. She saw Fu Tingyu sitting in front of the dark brown desk. The love in her eyes couldn't be hidden.

She glanced at the office again, but she didn't see the woman's figure. She couldn't help but feel a little happy.

Today, Xu Wei was wearing a white business suit, which made her appear especially tall and slender. She gave off a very capable aura. Her long, curly hair fell elegantly on her shoulders, but she gave off a kind of glamorous charm.

She gracefully walked to the desk and stood still. Her gaze never left Fu Tingyu.

"When I came here just now, I was afraid of disturbing your rest time. I didn't expect you to have already started working."

Xu Wei's voice was very gentle. Whether it was her manners or her speech, she had the demeanor of a young lady from a prestigious family.

Fu Tingyu didn't even raise his eyebrows. He only replied indifferently, "If you want to learn, which aspect do you want to learn? I can directly ask Shi Yan to arrange it for you."

“I’m the only daughter in my family, so I will inherit the Xu family in the future. It’s useless to learn those things. I think it’s very impressive of you to be able to manage the Fu family in an orderly manner. I want to learn more from you in terms of management.”

### **Chapter 286: Provocation**

After Xu Wei finished speaking, she glanced at Fu Tingyu who was sitting in front of her desk. Her gaze fell on his handsome face, trying to discern something from his expression.

However, Fu Tingyu’s eyes were gloomy and his expression was calm. No expression could be seen on his face, and no one could guess what he was thinking.

If Fu Tingxi hadn’t mentioned that there was a woman who was always by Fu Tingyu’s side, she wouldn’t have rushed over in such a hurry.

Anyone who wants to catch a man like Fu Tingyu would only have a chance if they took the initiative.

Otherwise, if they missed the opportunity, it would be really hard to get another one.

“I don’t have time.”

Fu Tingyu’s voice was cold.

Xu Wei was stunned. She didn’t expect him to reject her so directly, so she said something in a hurry, “Actually, it won’t take long. I just need to stay around and observe. I will ask you if there is anything that I don’t understand. Grandma wanted me to come over. I was afraid that I might disturb your work, but I just couldn’t refuse her...”

Xu Wei raised her eyes and looked at Fu Tingyu carefully. It was quite clear in her words that all these were Grandma’s plans. But she also wanted to learn more from him.

Fu Tingyu paused. He realized that his grandmother was already old, yet she was still worried about him. He could not remember how many times he had confronted her.

He pursed his lips. “Let Shi Yan arrange it for you. You can come and ask me if there is anything you don’t understand.”

Xu Wei looked joyful, “Alright, thank you Tingyu.”

Fu Tingyu didn’t answer her. He was looking at the computer screen and reading his email seriously.

Xu Wei bit her lip slightly when she saw Fu Tingyu ignored her. Anyway, there were plenty of chances since she was already here.

“You may continue your work. I’ll go and look for Shi Yan first.”

There was still no response from Fu Tingyu. This made Xu Wei turn around and walk out of the office. Before she left, she closed the office door.

As soon as Xu Wei left, Fu Tingyu felt the air in the office was getting fresher. He continued to read the email.

An hour later

Knock, Knock

There were two knocks on the door suddenly.

Fu Tingyu thought it was Shi Yan, so he ignored it and let him in by himself.

After a while

Knock, Knock

This time, after the knocks, the office door was opened from the outside. Xu Wei walked into the office.

Fu Tingyu heard four knocks on the door. He turned his head to take a look and found out it was Xu Wei. He thought it was Shi Yan.

Where the hell did Shi Yan Go?

At the same time, in the lounge, someone on the bed opened her eyes slowly and glanced at the other side of the bed. There was no one there. Qin Shu, who was sleepy, opened her eyes immediately.

“How long have I been asleep? I didn’t even know when he woke up?”

Qin Shu got off the bed in a hurry, she put on her slippers and started to take off her nightgown. After taking it off, she picked up the dress on the hanger and quickly put it on.

She walked into the bathroom and started to comb her hair. Later, she tied her long hair into a ponytail.

When she came out again, she walked to the bedside table and didn’t forget to put on the glasses that the man had given her.

She stepped closer to the door and walked out after reaching out her phone.

Xu Wei walked to her desk after she closed the door.

At this time, the door of the lounge next door opened with a creak.

Xu Wei turned her head and saw a girl standing at the door of the lounge.

This girl looked familiar.

But she could not recall where she had seen her before.

Xu Wei and Qin Shu had met a few times. Now Qin Shu had her hair tied up, so she didn’t recognize Qin Shu who was wearing glasses.

As soon as Qin Shu opened the door of the lounge, she saw Xu Wei who suddenly appeared in the office. She stopped and was stunned for a few seconds.

Why did she come in so sudden?

Only then Xu Wei realized that what Fu Tingxi said was true. There was a woman beside Fu Tingyu, and this woman was in his lounge?

Xu Wei was shocked when she thought of what Fu Tingyu and this woman had done before she came. She looked at Fu Tingyu, who was in front of the desk, in disbelief.

Everyone said that he was abstinent from sex and did not get close to women. Now, he was like other men, having a mistress by his side?

Did that mean that she got a higher chance?

Xu Wei was born into a wealthy family. Of course, she knew that most men had a lover outside, but there was only one real wife.

Xu Wei thought that she got a higher chance. She glanced at the woman at the door of the lounge. To her, she was simply just an unpresentable woman. Xu Wei walked elegantly to the desk.

She bent down and placed the file in her hand in front of Fu Tingyu. She asked gently, "Tingyu, there are some things I don't understand. Can you tell me more about them?"

Qin Shu, who was standing at the door, saw Xu Wei's disdainful and provocative gaze.

She also walked to the desk and sat opposite the man. She rested her chin on her hands and stared at the man. She wanted to see how he would teach her.

Xu Wei, who was waiting for Fu Tingyu's answer, saw the woman wearing glasses walk over and sit opposite Fu Tingyu. She frowned. Why was she sitting here? Didn't she know that what Fu Tingyu dislikes the most is when others are sitting next to him and disturbing him while he was dealing with things?

Qin Shu was being provocative in Xu Wei's eyes.

Xu Wei looked at Fu Tingyu and asked gently, "Tingyu, is she your newly hired secretary?"

"No." Fu Tingyu said and looked at the girl opposite him.

Qin Shu blinked at him, "This woman just came in while I was sleeping?"

Fu Tingyu could not get what the girl meant by blinking. Instead, he looked down at the file that Xu Wei had brought. His slender fingers reached into the rosewood pen holder and took out a pen. After taking off the pen holder, he quickly marked out what Xu Wei had said as he wanted her to leave as soon as possible.

Qin Shu: "..."

Xu Wei glanced at the woman who was still sitting opposite him. If she wasn't his secretary, then who was she? Women, who stay beside him to warm his beds?

What about Qin Shu?

Fu Tingyu had been protecting her previously and she saw two of them kissed. Is it because he had grown tired of her after so long?

Otherwise, why would he have another woman by his side?

Xu Wei came to a conclusion when she thought about the relationship between the three of them. Fu Tingyu was a man, so all of this was not unusual.

Qin Shu looked at the cabinet on the side. There were all kinds of tea being kept inside. She stood up and walked over.

She opened the cabinet and took out the lemon slices and An Ji white tea. After that, she walked to the glass coffee table and started to make her tea.

Xu Wei glanced at the woman and saw that she was making tea. She knew that her relationship with Fu Tingyu was unusual. Was she going to make tea to please him?

Qin Shu came over with two cups of tea at that time. One cup was placed in front of Fu Tingyu, and the other cup was placed in front of Xu Wei and she smiled at her, "I am not really good at making tea. Hope you don't mind."

Xu Wei felt content. She still has to make her a cup of tea even though she was by Fu Tingyu's side.

She picked up the cup of tea in front of her, brought it to her mouth and blew on it. She took a sip and frowned. Before she could swallow it, she spat it out immediately. Her teeth were sore after drinking the tea.

She suppressed her anger and said, "Did you do it on purpose?"

#### **Chapter 287: Fourth Master's Indulgence, Go Ahead and Do Whatever You Want**

Even after she spat it out, the sour taste was still lingering in her mouth, and she was trembling.

She quickly took out a tissue to wipe the water stains at the corner of her mouth and looked at the Anji white tea in her hand.

If Fu Tingyu was not there, Xu Wei would have cursed and disregarded her image. How could she give her such sour tea?

Qin Shu almost burst out laughing when Xu Wei spat out the tea, but she held back.

She filled her eyes with innocence, "I warned you before. I am not good at making tea. I make this tea for you because you are a guest. If it were someone else, they wouldn't have such privilege."

Xu Wei felt that this woman was using her relationship with Fu Tingyu to show off in front of her.

However she was still young, so she didn't know that men hated this kind of woman the most.

Fu Tingyu would get angry.

Fu Tingyu raised his head and looked at the girl. Anger flashed in his dark eyes. "Come here."

The man's voice was deep, but it could be heard that he was angry.

Xu Wei was very happy in her heart. When she looked at the woman, she glanced at her with disdain. This is what a petty person will get when they show off.

Qin Shu glanced at Xu Wei. The pride in her eyes was obvious. She ignored it and walked toward the man.

Xu Wei walked to the coffee table and placed her glass on it. She glanced at the lemon slices in another glass on the coffee table. No wonder the Anji white tea was so sour. It was made with lemonade.

Xu Wei gritted her teeth in anger.

Where did this village girl come from?

How can she use lemonade to make tea?

Qin Shu stood in front of the man and looked down at him. She could only see his side profile from this angle. The outline of his face was very clear. He has a high nose bridge and tightly pursed lips.

Fu Tingyu put down the pen in his hand and tipped his feet. He turned the chair and faced her. "Give me your hand."

Qin Shu glanced at the man in confusion. She extended both of her hands and showed him with her palms facing up.

What's so nice about my hands?

Fu Tingyu lowered his eyes and reached out to hold the girl's hands. While checking whether her fingertips were red, he asked in a deep voice, "Did you burn your hand from making tea?"

"It's okay." Only then Qin Shu understood that the man wanted to see if her hands were scalded.

Xu Wei, who had just stood up straight, heard Fu Tingyu's question, and she was stunned. She couldn't believe her ears. Did he ask that woman if her hand was burnt from making tea?

After examining her hand, he looked up at Qin Shu, "You have to remember your identity. You are not the one who needs to make the tea and serve the water. Do you get what I am saying?"

The man deliberately emphasized this sentence. Not only did he want Qin Shu to hear it, but he also wanted Xu Wei to hear it. He was fond of her and she was not serving anyone here.

Qin Shu nodded vigorously. "Yes, I heard it."

Xu Wei, who was walking over, stopped in her tracks. Why did this sentence sound a little off?

He wanted Qin Shu to remember her identity. What identity?

Now Fu Tingyu had indulged a woman who was showing off their relationship and he even encouraged her to do that?

Now she understood. Others always said that when a woman was new to a man, he would dote on her in all sorts of ways.

Once that feeling is over, she would be nothing more than a passerby.

Xu Wei gritted her teeth and walked to her desk. She looked at Fu Tingyu, trying to cover up her loss of composure.

“I was thirsty just now, so I didn’t know that her tea-making skills were so bad. She even used lemonade to make Anji white tea. No wonder it was so sour. I couldn’t take in something sour, that is why I lost my composure.”

Xu Wei purposely mentioned that she used lemonade to make tea. It also showed that there is a reason for her to lose composure.

Fu Tingyu turned his head to look at Xu Wei. There was no emotion in his eyes. His voice was very cold. “It is me who asked her to make tea like this.”

Qin Shu glanced at the man. He was the only one who could speak out of conscience.

He was so afraid of sourness, yet he had said that he wanted her to make tea like this.

Qin Shu chuckled.

Xu Wei, who was standing at the back, couldn’t see her expression. The only person she could see was Fu Tingyu.

Xu Wei was stunned when she saw that Fu Tingyu said it as a matter of course. It didn’t seem like he was lying at all.

Who was Fu Tingyu?

He was born into a wealthy family and was the head of the family. Naturally, he would be very particular about drinking tea.

Did he ask people to use lemonade to make tea?

This was even worse than dark cuisine.

But she can’t confront him now.

What she could do was smile, “So you like to drink tea that has a sour taste. It’s me who was overreacting. Other than being sour, that tea was pretty good.”

Fu Tingyu’s voice was cold. “It was indeed pretty good. Others who wanted to drink the tea she brewed will not have the luck to do so.”

Xu Wei’s face changed. She felt that Fu Tingyu’s words were hinting to her that Xu Wei didn’t know what was good for her and was not grateful.

However, when she saw Fu Tingyu’s handsome and cold face, it just didn’t seem like that.

Xu Wei smiled and did not dare to continue speaking. She glanced at the woman standing in front of Fu Tingyu, thinking that once she is no longer new to him, she will be nothing.

Wasn’t there another example like Qin Shu in Sheng Yuan?

Qin Shu returned to the desk and sat down. Initially, she planned to go downstairs and prepare a summary of the documents she had read.

However, Xu Wei was staying there in the room. She couldn't let Xu Wei and the man stay in the same office alone.

Fu Tingyu glanced at the girl across from him. He continued to read the documents on the desk, seeing her who was sitting opposite of him obediently. He lifted the pen with his fingers, drew circles, and wrote down some notes.

Xu Wei stood in the same place between the desk and the glass coffee table. It was a little awkward, but in the end, she decided to walk to the desk and wait while she read.

She wanted to take this opportunity to get closer to Fu Tingyu, but she was interrupted by a woman who suddenly appeared.

She missed a chance.

When she went back, she would find a chance to tell Grandma that Qin Shu will never be the only choice for Fu Tingyu.

Just when Xu Wei was thinking about it, Fu Tingyu took the pen sleeve and put it on the pen. Then, he picked up the file in front of him and placed it on the corner of the table. He looked up at Xu Wei, his voice was cold and emotionless. "I've marked it. It's all written on it."

"Okay, sorry for disturbing you. I'll be leaving now."

Xu Wei picked up the file on the corner of the table and thanked him politely before leaving.

Once she turned around, her face changed. She had plenty of chances, so she wasn't in a hurry.

Qin Shu heaved a sigh of relief after Xu Wei left. She could go back to work now.

It should be working time now.

In fact, she didn't think much of Xu Wei. She just couldn't stand the fact that she always used his grandmother as an excuse to get close to Fu Tingyu.

"You may continue to work, I will go down and prepare a summary."

### **Chapter 288: Buying hearts and rushing to be slapped in the face**

...

Qin Shu stood up after saying that, and she heard Fu Tingyu said, "Wait a moment."

Qin Shu took a pause, and she turned to look at Fu Tingyu, with doubt in her voice. "Is there anything you want me to do?"

Fu Tingyu stared at the girl who was in a hurry to go down, and he frowned in dissatisfaction. "I had asked Shi Yan to order afternoon tea at three, you can come up here at that time."

"Okay." Qin Shu lowered her eyes and raised her wristwatch. She looked at the time on her watch. It was already two o'clock.

Meaning that she had to come up in an hour time.

“I’ll be up at three o’clock.”

Qin Shu raised her eyebrows at the man and walked out of the office. In fact, even if she didn’t show up at three, he would call her when it was time to come up.

She closed the door before she leaves.

Fu Tingyu was looking in the direction of the door with his dark eyes, he should hold her in his arms and let her leave only after they have kissed enough.

As soon as the girl left, he put all his attention on his work.

(beeping)

Qin Shu took the elevator to Fu Tingyan’s office on the sixth floor.

After the lunch break, all the employees started to work normally.

Qin Shu walked into the office. There were only Fu Tingxi and Fu Tinghao inside. Fu Tingyan’s seat was empty.

Qin Shu walked to Fu Tingyan’s seat and sat down. She turned on the computer and prepared to make her summary.

Fu Tinghao turned around and glanced at Qin Shu. Because his fourth brother said that this girl was his fourth sister-in-law, he couldn’t help but look at her again, was thinking why his brother had given up on so many young ladies from wealthy families and chose her?

However, the black-rimmed glasses on his nose were too obstructive, so he couldn’t see her facial features clearly.

Fu Tingyan walked in casually.

“My seventh brother, where have you been?” Fu Tinghao greeted him.

“I was hanging out with Xiao Yu.”

Fu Tingyan’s slender figure walked to the desk and sat down. He turned on the computer first and prepared to play a game.

Fu Tingxi also turned to look at Fu Tingyan. His voice was filled with doubt. “Seventh brother, how’s your proposal?”

Fu Tingyan said lazily, “I have finished it before I ate my lunch. Now I plan to play a game for a while.”

Doubt flashed across Fu Tingxi’s eyes. “So fast? Have you save a copy of it?”

Qin Shu, who was sitting opposite Fu Tingyan, raised her eyes and looked at Fu Tingxi. The doubt in his eyes was very obvious, with surprise.

Fu Tingyan said, “I’ve saved it on the cloud drive.”

“Okay.” Only then Fu Tingxi retracted his gaze. He turned around and continued with his work on the computer.

Fu Tingyan sent a message to Jiang Yu, and they started to play the game together.

Qin Shu began to make a summary.

Xu Wei asked someone to get some afternoon tea and sent them to the employees.

They were delighted to have someone treat them to afternoon tea, so everyone speaks better than sings.

“Miss Xu is beautiful and generous. Miss Xu must have spent a lot for this.”

“Miss Xu is such a nice person. She even bought us afternoon tea.”

“I bet you guys will know this. Miss Xu was the most beautiful and talented girl in her school back in Linxi. The number of people who chased her can line up the basketball court a few rounds .”

“At that time, many said that Xu Wei and our fourth Master were the most...”

She was quick to speak and suddenly remembered that the fourth Master had a woman by his side, she stopped in time.

Initially, Xu Wei was listening to the compliments with a smile on her face. But in the end, her smile disappeared.

The office fell silent for a moment. No one spoke and they ate their afternoon tea quietly.

Xu Wei’s face did not look too good either. She carried the remaining four sets of afternoon tea and walked into the office where Fu Tingyan and the others were sitting.

After asking around, Xu Wei found out that woman who is wearing glasses was with them too, so she bought a set for her.

After walking in, Xu Wei first smiled and said, “I got some afternoon tea here. You guys may take a break first before you continue.”

Xu Wei carried the afternoon tea and gave one to Fu Tingyan first.

“Thank you, Sister Xu Wei.” Fu Tingyan thanked her and continued playing the game.

Then, she gave one to Fu Tingxi.

“Sorry that we made you spending money on this.” Fu Tingxi took the afternoon tea with a smile.

Xu Wei said, “It’s nothing.”

Then, it was Fu Tinghao.

“Sister Xu Wei, you’re such a kind person. I just happened to be a little sleepy.” Fu Tinghao took over the afternoon tea quickly, he was ready to eat and wake himself up.

Xu Wei laughed and said, “ As long as you remember I am being good to you.”

Xu Wei took the last serving of afternoon tea and walked gracefully to the woman wearing glasses. Looking down at her with generosity, she put the afternoon tea on her desk.

“This is for you. Thank you for preparing the tea for me last time.”

Qin Shu glanced at the time. It was 14:50. It was almost three o'clock.

She turned off the computer and glanced at the afternoon tea on her desk. Then, she stood up and looked at Xu Wei.

“Thank you for your kindness.”

Xu Wei smiled and was about to say, “You're welcome. This money...”

Before Xu Wei could finish her words, Qin Shu continued, “Unfortunately, Fu Tingyu has asked Shi Yan to order afternoon tea for me, so it's better for Miss Xu to keep this for yourself.”

Xu Wei's remaining words were stuck in her throat, and she couldn't say it. She swallowed it back and felt that she had been slapped by someone and being embarrassed.

Qin Shu saw that Xu Wei's expression was bad. She raised the corner of her mouth and smiled. “He told me to go up at three o'clock. If I didn't go up in time, he would definitely call and urge me, so I will have to leave now.”

Fu Tingyu wasn't around, so she could still show off.

Anyone who wanted to steal her man would die of anger.

After saying that, she walked past Xu Wei and straight out of the office.

Xu Wei's expression changed. She gritted her teeth. How dare Qin Shu show off in front of her where she gains his love by that kind of relationship?

She'll be nothing when she is no longer new to him.

Xu Wei was so angry that her heart hurt. For the sake of her image, she didn't dare to show it. She turned around and walked away.

Did Fu Tingyu ask Shi Yan to order afternoon tea for her?

Just what she saw today was enough to make her go insane with jealousy.

Fu Tingyan did not notice Xu Wei's expression was not good because of Qin Shu, at that time he was putting all his attention on the game characters which was killing hard.

Playing games is still the best.

(beeping)

Today, it was very unusual that Qin Shu showed up in his study room on time, so he was surprised.

He was holding his phone, sitting in front of his desk and was about to call her up. She appeared before he could dial her number.

Qin Shu walked over to sit opposite Fu Tingyu. The afternoon tea that Shi Yan had ordered was in front of her.

Previously when she ate, she would always sit on the sofa. However, the man was unhappy with that, so now she was sitting opposite him and start eating.

The leather chair that she sat on was customized, it was as comfortable as sitting on the man's lap.

Qin Shu opened the bag and was ready to eat.

Fu Tingyu asked, "Why are you being so on time today?"

"I think the time was just right, so I came up."

Usually, she would forget the time, or she would just look at the time and forgot about it.

So when it was time to come up, the man would call to urge her.

### **Chapter 289: Helpless, My Wife is the Most Important Person in the World**

Fu Tingyu heard this and didn't ask anymore. He let her finish her meal first while he continued to deal with the matter.

Qin Shu was eating the teatime pastries in front of her and glanced at the man opposite her. She was hesitant to mention the matter of not letting Ye Luo protect her.

Perhaps she should wait as she saw that he was busy.

Today, Xu Wei spent the whole afternoon at the company.

She didn't leave until she got off work.

Qin Shu glanced at Xu Wei's red sports car which went into the traffic. It seemed that she would be coming to the company for this period.

So, she had to think of some ways to solve this.

Fu Tingyu stood beside the car with one hand on the roof and the other hand holding a white backpack.

Qin Shu retracted her gaze and got into the car.

Fu Tingyu took back his hand that was blocking the roof of the car and got on the car.

Shi Yan started the engine and drove back to Bright Garden.

(beeping)

40 minutes later, in Bright Garden.

After getting out of the car, Qin Shu walked into the yard in brisk steps. Fu Tingyu was carrying a white backpack. His tall and slender figure followed her casually.

Shi Yan drove to the garage.

Qin Shu heard Ye Luo's voice when she was passing through the Moon Cave Door.

"Come down and this fish is yours."

His tone didn't sound like he was trying to tempt someone, but more like a threat.

Qin Shu looked over curiously and saw Ye Luo standing under the tree in the courtyard with a plate in his hand. On the plate was a delicious crucian carp, and he was looking up in the direction at the top of the tree.

She looked up and saw President Ba's black and shiny figure standing at the top of the tree among the sparse green leaves. The branches of the tree swayed up and down because of its weight as if it could fall anytime.

Why did it climb up there?

Qin Shu looked at Ye Luo under the tree. If she guessed it correctly, President Ba was terrified by Ye Luo that it climbed up and didn't dare to come down.

She was not sure whether President Ba was resistant to the temptation of fish or threats from Ye Luo. It just stayed on the tree and didn't want to come down.

Fu Tingyu, who was standing behind Qin Shu, also stopped and turned his head to look at Ye Luo who was under the tree. When he saw the fish in his hand, he looked up and saw President Ba among the leaves.

He lowered his eyes to look at the girl and asked in a low voice, "Where did you buy the cat?"

Qin Shu was about to go over and she stopped in her tracks. She turned to look at the man and said, "Pet Street. At that time, it was staring at me. I was a little curious and went over to take a look. It has a very nice pupil colour, that's why I bought it."

It was because the shop owner said it loves to scratch people.

She didn't expect to buy such a treasure.

It was a real treasure.

"Why did you name it President Ba?"

"I just wanted it to be more powerful and domineering."

In fact, she wanted it to be more domineering when it scratched people, just like how it scratched Qin Ya.

"..."

Domineering?

It was as timid as a mouse.

President Ba, who was on the tree, stared at the fish in Ye Luo's hand and licked the lips. It seemed like wanted to eat it.

President Ba's eyes lit up when it saw Qin Shu and quickly got down from the tree. It jumped down when it was two meters away from the ground and went straight for Qin Shu.

Ye Luo turned around and was about to chase after it when he saw the fourth master and Qin Shu in front of the Moon Cave Door. He paused and then walked over steadily.

Qin Shu saw President Ba running straight over, just like people chasing after it and ran quickly.

When it got closer, it stopped running and stood in front of Qin Shu. It was impossible to jump into Qin Shu's arms as Fu Tingyu was there. Anyway, it felt safe now.

Qin Shu bent down to hug it and smooth the fur.

President Ba's eye lit up for a moment but then darkened again as it saw that Fu Tingyu had made his move.

Before Qin Shu's could bend down, a strong arm wrapped around her waist, and she was brought into his arms immediately.

A man's deep voice came from above her head.

"It's time for dinner."

Fu Tingyu held the white backpack in one hand and held the girl's waist tightly with his other hand. He led her to the restaurant. He was taking much smaller steps as he was afraid that she would not be able to keep up with him.

Her waist was wrapped by his arm, so Qin Shu could only passively follow the man's steps. She just wanted to appease President Ba...

Fu Tingyu and Qin Shu left.

At the place where President Ba stood, a shadow came over him.

It's over...

At the table.

The dishes were ready on the table, the chef has always cooked according to Qin Shu's taste, and it has never changed in the past two years.

Qin Shu and Fu Tingyu washed their hands and sat down.

During the meal, Fu's phone suddenly rang.

Their dinner was disturbed, Fu Tingyu frowned and glanced at the phone on his right. The screen lit up showing the caller ID is Mo Chengxu.

Qin Shu glanced at the cell phone, wondering why the man didn't want to pick up the call.

Fu Tingyu hesitated for a few seconds. He stretched out his slender fingers and picked up the phone. He moved it to his ear.

He heard Mo Chengyu's impatient voice. "Brother Yu, what are you doing now? Come out and have a drink."

“I’m accompanying my wife to dinner.”

Fu Tingyu’s voice was very cold. He was unhappy because he was getting interrupted while eating.

Mo Chengyu said with an unbearable tone, “What’s there to keep her company for? She doesn’t like you to dine with her. Why don’t you come out and have a drink with us? I’ll call Yan and Qichen over too.”

“You’re single and you know nothing.”

Fu Tingyu hung up the phone right after he said that. He shut his phone down so that the dinner wouldn’t get disturbed.

After he turned off his phone, he put it aside and picked up his chopsticks to continue eating.

Listening to his tone, Qin Shu found that the man was unhappy. She glanced at the phone and wondered who was calling just now.

Fu Tingyu picked up a piece of meat and placed it into her bowl. “Eat more.”

Qin Shu glanced at the man and picked up the piece of meat with her chopsticks and started eating.

Fu Tingyu looked at her for a while before he retracted his gaze and continued eating.

Mo Chengyu, who was sitting in the private room of the bar, was about to refute when he realized that the call had already been hung up.

Did he say that I am single?

‘Then what’s the difference between him and single?’

Mo Chengyu called him up again. After a while, he heard this voice. “Sorry, the number you dialled has been switched off. Please try again later...”

Did he turn off his phone?

Mo Chengxu almost wanted to swear, this guy is a model of forgetfulness.

The next day

Before Xu Wei went to Fu’s company, she visited Fu’s old house first.

Fu Tingyan went to the company.

Xu Wei could come and go at her will.

The old lady finished her breakfast and was watering the flowers in the backyard with a pot.

Knowing the old lady’s habit, Xu Wei came in straight to the backyard to look for her.

As soon as she stepped into the backyard, she saw the old lady was watering the flowers.

Xu Wei walked over.

“Grandma, you are watering the flowers early in the morning.”

“Yeah, I have a lot of free time after I ate, so I water the flowers to help with my digestion.” The old lady turned around and looked at Xu Wei with a kind expression.

Xu Wei picked up a watering pot. As she watered the flowers, she said casually, “Grandma, I went to the company yesterday and I learned a lot.”

“Really? You went to the company. Has Xiao Yu (Fu Tingyu) been very busy recently?” The old lady was worried that her grandson was not taking good care of his health as he was being so busy.

### **Chapter 290: Instigation. Decided to Take This Woman, or the One at Home?**

“Tingyu is very busy. He doesn’t have much time to teach me. I even saw a pretty girl in his office.”

Xu Wei realized that she had said something she shouldn’t have, so she immediately stopped talking.

“I know him. He is always busy.” After the Old Madam said that, she turned to look at Xu Wei. She was puzzled and surprised. “Pretty girl? Since when did Xiao Yu need a female secretary? Didn’t Shi Yan follow him all the time?”

Xu Wei sighed. “Grandma, how would I know? I saw her walking out of the lounge.”

Lounge? The Old Madam secretly pondered the meaning of these words. The most likely reason for a woman to come out of a man’s lounge was...

The Old Madam had lived to this age, of course, she knew some things. She just did not expect her grandson, who had always been abstinent, would be like this. It did not fit Xiao Yu’s personality.

How could he not be able to resist the temptation as he always confronted her for Qin Shu?

If he really could not resist it, he would not be obsessed with Qin Shu.

“I don’t know that girl either. But because of her temper, I don’t even dare to talk to her.” Xu Wei said half-jokingly.

The Old Madam asked doubtfully, “Did she make things difficult for you by her relationship with Xiao Yu?”

Xu Wei had a glance at the time and pretended to be anxious. “Grandma, I should go to the company. Tingyu is very busy every day. I am waiting for him to teach me when he’s free.”

The Old Madam waved her hand. “Go ahead. It’s pretty hard for a girl like you.”

“Grandma, I’ll go now. I’ll come and chat with you when I have time.”

Xu Wei smiled and waved at the Old Madam. Then, she turned around and left in her high heels.

How did she dare to show off in front of her?

The Old Madam would go to the company and have a look out of curiosity.

Even if it was Fu Tingyu, he would have to be cautious when speaking to the Old Madam.

If Qin Shu treats Old Madam just like how she treated her, then there would be a good show to watch.

The Old Madam once had a heart attack. If anything goes wrong, Fu Tingyu would be furious.

The more Xu Wei thought about it, the more she looked forward to seeing Qin Shu doing so.

After Xu Wei left, the Old Madam watered the flowers for a while. She was still curious about the girl in Xiao Yu's office. The girl who could make her grandson who was sexually abstinent failed the temptation.

She put down the pot and yelled behind her, "Butler Fu, prepare the car. I want to go to the company."

"Yes, Madam."

Butler Fu turned around and went to get the car.

The Old Madam went back to her bedroom and changed into a more formal outfit.

Butler Fu had prepared the car and waiting for her. After Old Madam came out of the house, he helped her to get into the car and followed her to the company.

Forty-five minutes later, in Fu Corporation.

After Butler Fu parked the car, he got out of the car in hurry. He opened the back door and helped Old Madam out of the car.

The Old Madam raised her head and glanced at the office building of Fu Corporation. It was pretty hard to rely on Xiao Yu alone for the company.

The Old Madam retracted her gaze and walked in.

Ever since Fu Tingyu took over the company, the Old Madam had not come to the company. However, the old employees still knew her. Therefore, one of them recognized her and the others followed.

They walked into the elevator without any obstruction and headed straight to the top floor.

Xu Wei was in a corner of the hall. She could not help with her happiness when she saw Old Madam came to the company with Butler Fu.

She was waiting to watch a good show.

There is no one ever dared to show off in front of her in her life.

Xu Wei smiled as her plan had succeeded.

In the office on the top floor, Fu Tingyu was sitting in front of his dark brown desk and dealing with matters.

Qin Shu stood in front of her desk, sorting out her documents.

This was the way they have been getting along all this time.

It was only a few days before school started, so Qin Shu usually came every day.

Knock, Knock.

Suddenly, there were two knocks on the door.

Qin Shu turned around to look at the tightly shut office door, but no one was pushing it open.

She had a short thought, then she turned around and walked to the door. She reached out to open the door and saw the Old Madam standing at the door.

Qin Shu's voice was a little surprised. "Grandma, what brings you here?"

The Old Madam saw that it was a young girl who opened the door, wearing relatively rustic glasses, but was indeed pretty. She guessed that this pretty girl was the one Xu Wei was talking about.

The Old Madam held up her dignity as the mistress of the family. "I'm here to see Xiao Yu."

Qin Shu opened the office door wide and turned her body sideways. "Please come in."

The Old Madam took a glance at the girl in front of her and walked in.

Fu Tingyu heard his grandmother was coming, there was a trace of surprise in his eyes but it disappeared instantly. He stood up from the office to greet her.

"Grandma, why are you here?" Fu Tingyu walked to the Old Madam and helped her to the sofa.

The Old Madam had not seen her grandson for quite some time, so she was quite eager to see him. "I'm here to visit you. Are you too busy to take a rest?"

Fu Tingyu helped the Old Madam to sit on the sofa and then he stood up straight in front of her in his tall figure.

"Grandma, I know what to do. You don't have to worry about me."

After Qin Shu closed the door, she walked to the cabinet on the right and opened the cabinet on the side. She took out the top-grade Pu'er tea and walked to the coffee table to make tea for the Old Madam.

Fu Tingyu looked down at the girl who was making tea. She was making Pu'er tea, which was more suitable for women to drink. His grandma loved to drink Pu'er.

The corners of his mouth raised unconsciously.

Old Madam was looking at the girl too. Her technique was not professional, but it was still acceptable. The tea she made was Pu'er tea, which was quite nice too.

However, Xu Wei did mention that this girl had a bad temper that she did not dare to speak to her.

Or was this girl hiding it too well now?

She could recognize that she was Xiao Yu's grandmother just by a glance. This meant that Xiao Yu had mentioned her in front of the girl, which was not surprising.

The Old Madam retracted her gaze and looked at Fu Tingyu again. She looked him up and down, found out that he was neither fatter nor slimmer. She was relieved.

“No matter how busy you are, you must remember to take a rest. You can’t burn yourself out,” the Old Madam earnestly reminded him.

Fu Tingyu said, “I know, Grandma.”

Qin Shu picked up the brewed Pu’er and handed it to the Old Madam. “Grandma, have some tea.”

“Thank you.” Old Madam reached out to take it, but she wasn’t in a hurry to drink it.

Qin Shu stood up next to Fu Tingyu with her back straight.

Old Madam held the cup of Pu’er tea and looked up at the two standing in front of her. She looked back and forth between both of them and she felt that they stood together in harmony. They didn’t seem out of place at all. She was puzzled.

There is a girl named Qin Shu who make him confronted her and he had done much for her.

Did he change his mind now for this girl?

So what was he doing?

Back then, when she wanted a divorce, he disagreed.

As a woman, the Old Madam felt that what Xiao Yu did this time was inappropriate.

Fu Tingyu saw the Old Madam seemed hesitant to talk, and she came to the company in such a sudden. It must be more than just to see him.

“Grandma, do you have something to say?”

The Old Madam hesitated for a few seconds and asked, “Are you serious for this time, or?”
