Chapter 481: A Few People were Drinking, Touching the Wrong Hand

Jiang Yu thought for a while and said, "It's like, you want to eat something that you really want to eat. Your thoughts are similar, and it's right in front of you. It's very tempting."

Fu Tingyan wasn't that curious at first, but after listening to Jiang Yu's analogy, his curiosity was piqued again.

"Forget it. You won't understand. You'll know it when you get a girlfriend," Jiang Yu said.

"Get a girlfriend?" Fu Tingyan snorted. "You have to have a girl."

This was the first time Fu Tingyan and Jiang Yu were talking about this topic. Teenage boys were curious about these things, so they couldn't help but start discussing.

After Ye Xue set up the dishes, she walked out of the dining area and shouted at Jiang Yu, "It's time to eat."

Then, she went straight upstairs.

Fu Tingyan and Jiang Yu were already hungry. They stood up from the sofa and walked straight to the dining table to sit down.

"Qin Shu, come down and eat."

Qin Shu had just finished her work when she heard Ye Xue's shout. She switched off her computer, stood up, and walked out.

Ye Xue was standing at the door. When she saw Qin Shu walking over, she said, "I'll go get Bo Ye."

"I'll go. I don't know if he's back yet. "Qin Shu walked to Bo Ye's door and knocked on it a few times. After waiting for a while, no one answered. She knew that he hadn't come back yet.

She took out her phone and dialed Bo Ye's number. After waiting for a while, the call got through and she asked, "It's meal time. Where are you?"

"I'm already on my way. I'll be back soon."

"Okay, we'll wait for you."

Qin Shu hung up the phone and said to Ye Xue, "He's on his way. Let's go down first."

Ye Xue nodded and went downstairs with Qin Shu.

In the dining room.

Jiang Yu saw Ye Xue coming and pulled out the chair beside him. "Sit here."

Ye Xue blushed slightly and walked to the seat beside Jiang Yu and sat down.

Qin Shu walked directly to the seat of honor and sat down. Because she was older, it was natural for her to sit in this seat.

Fu Tingyan was sitting opposite Jiang Yu, and there was still an empty seat beside him.

Bo Ye walked in from outside with a plastic bag in his hand. With a glance, he could tell that it was medicine.

He walked to the dining table, and there was only an empty seat beside Fu Tingyan. After hesitating for two seconds, he walked over expressionless and sat down in that empty seat.

“Do you guys want freshly squeezed fruit juice? There’s some in the fridge,” Ye Xue asked softly.

Fu Tingyan glanced at Bo Ye beside him and chuckled. “Fruit juice is for girls. Men like us drink alcohol.”

Jiang Yu had not drunk wine for a long time. “The three of us will have wine. Qin Shu and you will drink fruit juice.”

“I don’t drink anything.” Qin Shu picked up the bowl and scooped a bowl of rice for herself. She picked up the chopsticks and started eating. She could not eat or drink anything that was cold.

“I don’t drink either.” Bo Ye held the bowl in front of him and was about to scoop a bowl of rice for himself. However, Fu Tingyan held him down and looked at him with a faint smile. “You’re a man. Don’t tell me you don’t know how to drink wine?”

Bo Ye turned his head and looked at the hand on his wrist. Then, he looked at Fu Tingyan. “What do you want?”

Fu Tingyan smiled. “Drink.”

Jiang Yu also tried to persuade him. “Bo Ye, let’s drink together. Otherwise, Xiao Qi and I won’t be able to finish the entire bottle of wine.”

“If Bo Ye doesn’t want to drink, don’t force him.” Qin Shu looked at Bo Ye. “If you want to eat, eat first. Don’t let them bother you.”

Bo Ye looked at the hand on his wrist. “I’ll drink.”

“Xiao Yu, pour him some wine.” Fu Tingyan finally let go of Bo Ye. He picked up the white wine in front of him and took a sip. This was his first time drinking white wine. In the past, he only drank beer. The alcohol percentage was obviously much higher. It was spicy and tasted pretty good.

Qin Shu reminded them as she ate the food in front of her. “This is white wine. Don’t drink too much.”

“Okay,” Bo Ye replied. He put the wine glass to his lips and took a sip of the wine. He frowned slightly.

“Okay,” Fu Tingyan also responded. He took in Bo Ye’s subtle expression. It was obvious that he didn’t drink much.

Qin Shu ate the food. Ye Xue’s cooking skills were really good. Although the dishes were very common, they were very delicious.

Even Jiang Yu, who was used to eating delicacies, couldn’t help but praise Ye Xue after eating the food she personally cooked. “The food you cooked is quite delicious.”

Ye Xue blushed slightly and took a bite of the food.

Fu Tingyan glanced at Jiang Yu, who was opposite him. He clenched the chopsticks in his hand, reached into the plate, and put the food into his mouth.

Bo Ye glanced at Fu Tingyan's chopsticks. There was a big red pepper, which was also very spicy. He withdrew his gaze and continued to eat the food in front of him.

As expected, he heard Fu Tingyan spit it out in a hurry. Perhaps it was so spicy that it reached his throat, and he even heard a few coughs.

Although Fu Tingyan could take spicy food, but he was not the kind that has high tolerance for spice. Especially when it was so spicy that it reached his throat, it was really uncomfortable. He stretched his right hand to the side to get a cup of warm water. In the end... he touched a hand, it was a size smaller than his, and the touch was exquisite..

Bo Ye looked down at the hand in his hand. The knuckles were long and slender, and they were also very big. He looked up at the owner of the hand.

Fu Tingyan was stunned for a moment. He turned his head to look over and saw that his hand didn't grab the cup, but something that he shouldn't have grabbed.

He hurriedly took it back, picked up the cup of water beside him, and poured it into his mouth to cover up the awkwardness just now.

Bo Ye clenched his fists and moved his hand to his side again.

Qin Shu saw what happened just now and was stunned for a while. She could clearly feel that Fu Tingyan and Bo Ye had a bit of a grudge.

Jiang Yu also saw Xiao Qi touch the man's hand?

Fu Tingyan gulped down more than half of the glass of water and felt that his throat was a little better. He put down the glass and looked up at Jiang Yu. Jiang Yu lowered his head and continued eating, indicating that he didn't see anything.

When Qin Shu was about to finish eating, she heard her phone ring. She turned her head and saw the three words "Baby Yu" on the phone screen. She hurriedly finished the food in her bowl, picked up the phone on the dining table, and looked at the other people on the dining table.

"I'll go up first." With that said, she took the phone and hurried up to the second floor.

Jiang Yu glanced at Qin Shu and hurriedly left with the phone in his hand. He couldn't help but guess, "Is Qin Shu also in a relationship?"

Ye Xue looked at Qin Shu in confusion. "Is she? Why didn't I know?"

Fu Tingyan glanced at Qin Shu's back as she left in a hurry. That should have been a video call just now. Was his brother still using video calls?

He also realized that his brother and Qin Shu's relationship seemed to be much better than before, and Qin Shu had also changed a lot.

He suddenly remembered the topic he had talked about with Jiang Yu just now. He had been staring at Qin Shu's lips for a period of time. When it came to the shape of her lips, Qin Shu's lips were indeed very beautiful.

Jiang Yu retracted his gaze and looked at Fu Tingyan. He realized that Fu Tingyan was staring blankly at Qin Shu's back as she left. He couldn't help but ask, "Xiao Qi, do you like Qin Shu or not?"

Fu Tingyan had just put the wine glass in his mouth when he heard Jiang Yu's question. The wine that he didn't have time to go down his throat, causing him to choke and cough uncomfortably.

Chapter 482: It's Easy to Get the Wrong Idea. I Have Someone I Like

Bo Ye glanced at Fu Tingyan, picked up the glass in front of him, and took a sip. There was no expression on his face.

Fu Tingyan picked up the glass again and drank two mouthfuls of water in a row. He raised his eyebrows and looked at Jiang Yu. "Did you fall in love and make a fool out of yourself?"

"Didn't you stare at Qin Shu just now?" Jiang Yu turned his head to look at Ye Xue. "Just like how I stared at Ye Xue cooking just now."

Ye Xue blushed and lowered her head to continue eating.

Fu Tingyan didn't want to waste time with an idiot like Jiang Yu. He turned his head and saw Bo Ye drinking. He saw Bo Ye's lips with the wine glass lowered. He took a sip and moved the wine glass away. There were still water stains on his lips, and they shone under the light.

Her lips were very different from Jiang Yu and his. They were relatively smaller, and they were not thick enough. Their plumpness was just nice.

Fu Tingyan realized that he was staring at a boy's lips. He looked away. "I'm going to the bathroom."

After that, he stood up and went to the bathroom.

Jiang Yu glanced at Fu Tingyan's departing figure. It was obvious that he was guilty.

When Qin Shu went upstairs, she answered the video call. While looking at the man in the video call, she walked into her room and closed the door.

"Have you had dinner?"

"I just had dinner. Yan and the others came here to eat together today. Ye Xue cooked. What about you?"

"I've already eaten."

"I've already sent someone to lock them up in the mental hospital."

"When are you going to start the research and development of the technology that you mentioned?" The man actually wanted her to come back earlier.

Qin Shu thought for a while and said, "I'll get ready in November and start in December."

The man frowned. "That long?"

"Are you in a hurry?"

"I'm not in a hurry." The man looked at the sugar-sweeper and answered against his will.

"Let's talk about it when I get back. You must be very busy right now. You go work. When you're not busy, we'll call again."

Qin Shu was afraid of wasting his time. During these few days in Qi nation, the man had left many important things to accompany her.

"Okay." The man hung up reluctantly, but he did have a lot of things to deal with.

After Qin Shu hung up the phone, she gripped her phone tightly and sat on the bed for a while.

..

Han Xiao came back that night. When he arrived in school, it was already midnight.

The next day, in class.

Qin Shu sat in front of the desk and felt a little sleepy. She held the desk with one hand. The teacher had not come in yet, so the classroom was a little noisy for a moment.

Yan Jing stood at the door of the classroom and scanned the room. Her gaze fell on Qin Shu.

She had come today because she knew that Han Xiao had this class. She did not expect to see Qin Shu.

She knew that Qin Shu and Han Xiao had been very close during this period of time. She walked over and sat down beside Qin Shu.

She turned her head to look at Qin Shu and asked tentatively, "You and Han Xiao have a good relationship, right?"

Qin Shu raised her head and looked at the beautiful girl in front of her. After thinking for a while, she remembered that it was Yan Jing from the department who had invited Han Xiao to watch a movie that day.

"Yes, we're friends."

Yan Jing felt slightly relieved when she heard that. "Will he come to class today? I haven't seen him come to class in the past few days."

"He has been abroad for the past few days." Qin Shu yawned and caught a glimpse of a tall figure walking over not far away. She was stunned. Did he rush back last night?

It was Han Xiao who walked over. After sleeping for a few hours, he got up and went to class.

Only then did Yan Jing know that Han Xiao had gone abroad. She asked many people, but no one knew where Han Xiao had gone. Qin Shu knew, so it shows that their relationship was really good.

"Can you help me ask Han Xiao out?"

Qin Shu's gaze looked behind Yan Jing. "He's already here. You can ask him out yourself."

Yan Jing turned around and saw Han Xiao walking over. He was tall and straight with handsome features. When she first saw him, she knew that Han Xiao was the type that she liked and was also her standard for choosing a partner.

Han Xiao walked over and sat down beside Qin Shu. His gaze had been fixed on Qin Shu from the beginning to the end.

Yan Jing watched Han Xiao walk over to Qin Shu and sit down. Her gaze scanned the two of them before looking at Han Xiao. "Are you free today?"

Han Xiao turned his head to look at Yan Jing. There were no emotions in his dark eyes. "What's the matter?"

"It's a weekend. I want to invite you to admire the Maple Mountain at C University next door. It's autumn now, so it's very suitable to admire the maple leaves," Yan Jing said.

"I'm not free," Han Xiao rejected her directly.

Han Xiao's personality had always been like this. As long as he did not want to do something, he would reject it very straightforwardly.

Qin Shu glanced at Han Xiao. Every time he rejected someone, he was very straightforward. He did not drag things out at all.

She glanced at Yan Jing again. Most girls showed sadness and disappointment after being rejected. Yan Jing was no exception.

Han Xiao said again, "You don't have to ask me out in the future. It's a waste of time."

Yan Jing could not believe what she heard. She had never seen a man reject so straightforwardly and completely.

She was also unwilling to accept it. When she looked at Han Xiao, she felt a little wronged. "I have the right to like you. Don't be in a hurry to reject me. What if you also think that I'm suitable for you?"

"I also have the right not to be disturbed. I have someone I like," Han Xiao emphasized the last sentence.

Yan Jing was shocked once again. The semester had started for so long, and all the girls had revolved around him. She had never seen him chase any of the girls.

For a high-quality campus belle like Han Xiao, not only was he a straight-A student, but he was also born into a wealthy family. It was very normal for many people to like him.

As for the person he liked... she could not believe that he would fall for someone so easily.

"You have someone you like? Who is it?" She could not help but asked.

Hearing Han Xiao say that he had someone he liked, Qin Shu subconsciously thought of the little one because Han Xiao had been looking for her for seven years. Moreover, when they were in the Qi nation, he had almost mistook her as the little one.

Han Xiao glanced at Qin Shu and replied, "It has nothing to do with you."

Yan Jing's face was slightly pale. She glanced at Qin Shu. Han Xiao had been close to Qin Shu in school. Could it be that he liked Qin Shu?

She looked at Qin Shu again. Her skin was very fair, and she wore glasses on the bridge of her nose. She had a black frame and looked very lame.

Therefore, she could not tell what was worthy in Qin Shu that attracted Han Xiao.

Feeling the gaze that came from Yan Jing, Qin Shu felt that she had become Yan Jing's imaginary love rival.

After the teacher came, Yan Jing left with a trace of unwillingness.

Han Xiao turned her head to look at Qin Shu with a burning gaze.

Feeling the gaze that came from the side, Qin Shu looked at Han Xiao in confusion. "Why are you looking at me?"

Han Xiao said, "I'm thinking, why didn't you recognize me?"

"I'm not a little one. It's not uncommon for people to look like me in this world." Qin Shu felt somewhat helpless.

"Then what about the martial arts you used to deal with that pack of wolves in the mountain? Master only taught four people, and you learned it alongside us."

Han Xiao grabbed Qin Shu's wrist, feeling a little excited.

Ever since he understood his feelings, he couldn't wait any longer. He was afraid that she didn't want to reunite with him because she was mad at him.

Chapter 483: Amnesia? She's In Trouble, Dear

Qin Shu stunned for a few seconds. She didn't learn any Kung Fu, it was the rule of golden finger for reincarnation, okay?

But she could not tell this to Han Xiao.

"My Kung Fu was not learned in any hideaway places. It was taught by someone else." She withdrew her hand, lowered her eyes, avoided looking at Han Xiao.

Han Xiao stared at Qin Shu for a long time and asked, "Who taught you?"

"I can't tell you." Qin Shu felt a little guilty, actually no one taught her at all.

Han Xiao stared hard at Qin Shu.

Both fell into silence at once.

After a long while, Han Xiao suddenly said, "Are you angry with me?"

“Angry for what?” Qin Shu realized that she had said something wrong, so she immediately corrected herself. “I’m not her, so how could I be angry?”

Han Xiao acted as if he had not heard her. “Because I suddenly left and promised you that I would be back as soon as possible, but seven years have passed.”

Qin Shu was stunned.

Han Xiao looked at Qin Shu with determination. “However, I never gave up on looking for you. I never gave up.”

Qin Shu stunned, she paused and she finally said, “... but I am not her.”

Han Xiao stared hard at Qin Shu. From the time they had met until now, she indeed did not show any sign that she had recognized him. Even from the beginning, when she found out that he was Ling Han, she had not shown any relief of a reunion.

Could it be that he had really mistaken her for someone else?

Han Xiao quickly denied this thought. It was impossible. Both of them looked the same, and the Kung Fu skills she exhibited, it could not be wrong.

Could it be that she had lost her memory?

Han Xiao’s eyes lit up. It must be because she had amnesia that she could not remember him.

“Did you lose your memory? Did you remember anything from when you were young?”

Qin Shu shook her head. “I didn’t have any amnesia. I basically remembered everything when I was young.”

And now Han Xiao was stunned. She remembered everything?

Then how could she not remember what happened on the mountain?

The classroom suddenly became noisy, and the footsteps of the students rose and fell after one another.

Qin Shu realized that the class was over. She looked at Han Xiao and said, “Class is over. I’ll make a move.”

She packed the textbooks on her desk, stood up, and left.

Han Xiao sat there and watched her leave. He still could not understand what was going on.

..

..

Qin Shu carried her textbook to the classroom for the next class, she saw Qiao Ran walked towards her.

“Qin Shu, the school anniversary is coming up soon. Can you do me a favor?”

Qiao Ran helped her many times in the past, so when he asked, Qin Shu could not resist him. “Senior, please tell me, of course I’ll help if I could.”

"I hope you have time to come to the Student Union to help me. The head of the planning section just took a leave of absence, and no one is doing the lead. There are two more programs planned, can you help to stand in." Qiao Ran was a little embarrassed, after all, the design section was mentally demanding and was also the busiest. It would be even more busier to make a cameo appearance.

Qin Shu thought for a moment and said, "I don't know much about planning. But I can give it a try, However, please don't expect too much."

Qiao Ran saw that Qin Shu agreed, he let out a sigh of relief. "It's great that you can help out. I trust in your capability. Please come to the Student Union tomorrow."

Qin Shu nodded. "Okay."

Qiao Ran seemed to have remembered something. He stopped and looked at Qin Shu. "By the way, I'll send you the name list of the members of the Student Union later. You should familiarize yourself with it first, so that you won't feel awkward when you met them in the Student Union."

Qin Shu realized that Qiao Ran was indeed very meticulous. He even thought of such detail.

After returning to the apartment, Qiao Ran sent the name list of the Student Union over to her.

Qin Shu spent some time memorizing these people in her mind.

..

The next day, Qin Shu went to the Student Union and went straight to look for Qiao Ran.

"Senior."

"It's good that you're here, we will have a meeting soon, we can let everyone get to know you." Qiao Ran stood up from his desk, picked up the proposal in front of him, walked to Qin Shu and said. "Let's go."

"Okay."

Qin Shu followed Qiao Ran to the conference room.

Members from the various sections of the Student Union had already arrived and seated in the conference room, all were waiting for Qiao Ran.

Qiao Ran walked in with Qin Shu, he first introduced her to everyone.

"Her name is Qin Shu. She has officially joined the Student Union and she will act as the head of the planning section. She will help prepare for the school anniversary with us. Please give her a round of applause."

After his words, the conference room was filled with applause.

Qin Shu was stunned. She looked at Qiao Ran puzzled. Didn't he say... she was here to help?

Why did she suddenly join the Student Union?

Fu Tingyan saw that Qin Shu had also joined the Student Union, he was a little confused as he had never heard her mention that she had the intention to join the Student Union. And now, she had suddenly joined?

And it was the acting head of the planning section. Only the senior members of the Student Union would have the chance to take up this post.

It was only then that Yan Jing found out about Qin Shu's post as acting head of the planning section. She thought that since the head of the planning section had suddenly took leave, she would take over the job as she was the deputy head of the planning section. She did not expect a new student to take up the post.

Qiao Ran did not trust her ability?

If she knew Qiao Ran would let a freshman be the acting head of planning section, she would have taken the initiative to volunteer yesterday.

Qiao Ran pointed at the empty seat by the side and said, "Qin Shu, you can sit there."

"Okay." Qin Shu glanced at the empty seat, walked over and sat.

The boy sitting next to Qin Shu turned his head and look at her. What attracted everyone's attention was the old fashioned glasses that sit on the bridge of her nose. "Are you a freshman?"

"Yes, why?" Qin Shu looked at Lan Qi, who was beside her, puzzled.

Lan Qi was the vice president of the Student Union. He was 1.77 meters tall. Although he was a sophomore, he looked like a 15 year old teenager. He could be considered handsome, and his handsome face had a boyish look. He was even more handsome than Qiao Ran, the only drawback was his bad temper.

Usually, no one dared to provoke him, because with his background, no one could afford to provoke him.

Qiao Ran noticed that Lan Qi had been staring at Qin Shu, so he reminded him, "Lan Qi."

Lan Qi was sitting next to Qiao Ran, and Qian Ran just whispered.

Lan Qi turned and look at Qiao Ran, who was sitting in the chairman's seat. He smiled, and the smile was provocative.

Qiao Ran felt a headache coming on. He ignored Lan Qi and said, "Let's start the meeting, all sections can propose any feasible thoughts or ideas."

After the meeting.

Qin Shu walked out of the meeting room and went to the planning section.

Yan Jing caught up with her and said. "Qin Shu."

Qin Shu turned to look at Yan Jing. Yan Jing was the deputy head of the planning section. She had to work with her on the school anniversary planning.

She stopped and waited for Yan Jing to catch up.

Yan Jing stopped in front of Qin Shu with her usual smile. "I didn't expect that we would work together one day. You just came to the planning section and may not know everything, you can ask me if you have any questions."

Qin Shu smiled lightly. "Yes, I will."

"By the way, let me remind you not to talk to Lan Qi," Yan Jing reminded her softly.

"Okay." Qin Shu heard that Lan Qi had a bad temper, but she never knew that he disliked talking to others. She glanced at Yan Jing, with a trace of doubt flashed in her eyes.

Chapter 484: Let President Ba Play with Him. You Can't Beat Him

"Do you know who Han Xiao likes?" Yan Jing asked tentatively.

Qin Shu smiled. "I haven't met her, she's not in this school either."

Yan Jing didn't believe what Qin Shu said. Yesterday, Han Xiao looked at her with lights in his eyes. Qin Shu was trying to trick her.

"I just joined the planning section. I still have a lot of things to deal with, so I'll go in first." After saying that, Qin Shu walked towards the planning section.

Yan Jing looked at Qin Shu's back as she left. Han Xiao had interest in her, and now she was trying to lie to her. She did not realize that Qin Shu was such a person.

When Qin Shu walked into the planning section, she saw someone sitting on her seat. It was Lan Qi.

Lan Qi was sitting on the chair, leaning on the table. He probably heard the footsteps, so he sat up straight and looked at her lazily.

Qin Shu walked to the desk and stood still. "Are you looking for me?"

"I just wanted to ask you a question." Lan Qi stood up from the chair, walked around the desk, and came in front of Qin Shu. He looked down at her.

"What's the question?"

Qin Shu looked at the arrogant Lan Qi in front of her.

Lan Qi asked, "What is your relationship with Jun Li?"

"Friend," Qin Shu answered succinctly.

Lan Qi looked at Qin Shu and narrowed his eyes. "A good friend? A friend of the opposite sex? Or a girlfriend?"

Qin Shu finally figured out that Lan Qi was here to cause trouble. She lifted the corners of her lips and said, "What is my relationship with Jun Li has nothing to do with you, right?"

Qiao Ran walked in just at this moment. When he went to Lan Qi's office, he did not see him. At the end, when he came to Qin Shu's office, he was actually in here.

“Lan Qi, please come out for a moment.”

Lan Qi raised his eyebrows and looked at Qiao Ran. “What right do you have to order me around?”

Qiao Ran said, “I’m the President of the Student Union.”

Lan Qi sneered and took him for granted, “So What?”

“This is the Student Union. I Can Call Professor Jun.” Qiao Ran usually did not argue with Lan Qi, but now that he was causing trouble to Qin Shu, he had no choice but to intervene.

Lan Qi glanced at Qin Shu and walked out. When he walked pass Qiao Ran, he said in a low voice, “Do you think I’m afraid of Jun Li?” After saying that, he walked away.

Qiao Ran ignored Lan Qi and looked at Qin Shu. He comforted her, “He usually doesn’t stay in the Student Union. You Don’t have to worry about him. This is the Student Union, not his home.”

“Yes, I know.” Qin Shu vaguely felt that Lan Qi’s hostility towards her was very strong. Could it be because of Jun Li?

“You go ahead.” Qiao Ran turned and left.

Qin Shu retracted her gaze and walked to her desk. She started to work on the school anniversary project.

Qiao Ran returned to the President’s office. He had just closed the door and Lan Qi grabbed his collar and pushed him against the wall. “You’re really capable. You dare to use Jun Li to crush me? Do you think I’m afraid of him?”

Qiao Ran’s neck was choked, and his breath was a little uneven, causing his fair cheeks to flush. He panted and said, “I didn’t say that you’re afraid of Professor Jun, this is the Student Union. Since you’re the Vice President, you should act like one.”

“Who do you think you are? Lecturing Me? You don’t have the rights.”

“When you’re not a member of the Student Union, you can stop listening to me. I still have to remind you, do not cause trouble for Qin Shu. Professor Jun will be unhappy.”

“... You.” Lan Qi grabbed his collar forcefully, threw him aside, and slammed the door and left.

Qiao Ran tidied his clothes and sat on the chair helplessly.

After Lan Qi went out of the room, he lit a cigarette for himself, his phone rang suddenly. He impatiently took his phone out of his pocket and saw that the call was from Jun Li.

He hesitated for a moment before picking up the call.

Jun Li’s usual gentle voice rang in his ear, “Be good in school.”

Lan Qi was speechless.

Jun Li continued, “Don’t cause trouble.”

Lan Qi couldn’t say a word.

Seeing that Lan Qi was silent, Jun Li sighed. "You'll know in the future."

Lan Qi said unhappily, "You're hiding something from me, right?"

Jun Li said, "I'll go back in two days."

Lan Qi was silent: "Go back to do what?"

Jun Li said, "Take care of some things."

Lan Qi stared at the cigarette in his hand, not wanting to say a word.

Jun Li waited for a while, then hung up the phone. He looked at the time and decided to make a trip back to school.

..

Qin Shu spent some time thinking about the theme of the school's anniversary celebration and then began to make plans.

As she had just started, it took her the entire afternoon.

When she raised her head and looked at the clock, she then realized that it was already five o'clock.

She packed up and left the Student Union.

When she walked out of the door, she saw Jun Li standing in the wind, it was still a bit cold in the evening.

She walked over. "Why are you here?"

Jun Li stood up straight and opened the door. "Get in the car first, I have something to tell you."

"Okay," Qin Shu replied and walked past Jun Li. She got into the car.

Jun Li got in as well.

After the car door closed, Su Ying started the engine and drove away.

Jun Li turned to look at Qin Shu. His gaze was as gentle as ever. "Lan Qi went to look for you today."

Jun Li used an affirmative tone.

Qin Shu nodded. "Yes."

Jun Li smiled. "He's like a child, he often throws tantrum. You Don't have to worry about him."

Qin Shu couldn't help but laughed. "If you weren't in your twenties, I would have thought that you were talking about your own son just now."

Jun Li couldn't help but laughed as well. "I haven't even had a girlfriend. I couldn't get a son in his age."

"It's not like you can just find a girlfriend. You have to find someone you liked." Of course, Qin Shu didn't think that he couldn't find a girlfriend. He just didn't want to make do.

Jun Li smiled and didn't mention it again. "Lan Qi likes cats. You can let Boss play with him."

Qin Shu turned to look at Jun Li, but she thought that Lan Qi was hostile to her. "Love me, love my cat". It was the same for the opposite. He hated her, and could dislike her pet too.

Jun Li looked out of the window. "I have to go back in two days."

Qin Shu heard that Jun Li was going home and asked, "Is there something urgent?"

Jun Li nodded. "Yes, I have to go back and take care of some things."

Qin Shu heard this and thought of Lan Qi. She smiled and said, "Don't worry, I won't argue with a child."

Jun Li smiled. "If he gives you trouble, you can beat him up."

Qin Shu was stunned.

"Let Boss play with him. The effect would be better, as you can't beat him."

Qin Shu blinked. She didn't quite understand the relationship between Lan Qi and Jun Li?

Jun Li's surname was Jun, and Lan Qi's surname was Lan. They were obviously not brothers.

Jun Li sent Qin Shu to the door of her apartment. "Call me if you need anything."

"Okay." Qin Shu nodded, then opened the car door and got out. Seeing the car slowly moved away, she turned and walked into the apartment.

When she walked into the apartment, she saw Fu Tingyan and Jiang Yu were moving things.

She walked up to them. "What are you doing?"

..

Chapter 485: Wanting to Fall In Love, Ambushed.

Jiang Yu turned to look at Qin Shu. "I plan to move in."

"Oh, just move in then, there are still empty rooms." Qin Shu knew that Jiang Yu wanted to move in because he was in a relationship.

She looked at Fu Tingyan. "You're moving in too?"

"I am not in a relationship, why do I have to move in?" Fu Tingyan snorted.

Jiang Yu was stunned. "Tingyan, didn't we agree to move in together? Why did you suddenly change your mind? I can't leave you alone in the dormitory."

"Have you forgotten how single minded you are chasing after women?"

"But I still remember you as my Buddy."

"Forget it."

Fu Tingyan started to help Jiang Yu move things to the room on the second floor.

The two guys moved everything up in a split second.

Jiang Yu tidied up the room and asked Fu Tingyan, "You really did not plan to move here?"

Fu Tingyan snorted. "Watching you show off your affection every day?"

"As you watched, you'll want to do it yourself too."

Fu Tingyan smiled. "I'm not interested."

The apartment suddenly turned from three to four tenants. Two of them were a couple, and it was a couple amid compassions. It was not an exaggeration to describe them as inseparable.

Ye Xue changed a little after falling in love as well. Perhaps it was because of Jiang Yu's personality, now she would not be so shy that kept lower her head and spoke with a soft voice as before.

Jiang Yu sat on the sofa and looked at Ye Xue walked over. He said, "Xiao Xue dear, make crystal buns for me tomorrow. The crystal bun you made previously was quite delicious."

Ye Xue heard that Jiang Yu wanted to eat it and agreed without thinking. "Okay, I haven't made crystal buns for quite sometimes. I'll make them tomorrow morning."

Qin Shu sat on the sofa with a laptop on her lap. She had almost finished writing the school's anniversary proposal. She could hand it in tomorrow, then she could relax a bit.

When she heard that Ye Xue would make crystal buns tomorrow, she couldn't help but say, "We are in for a treat tomorrow."

"Please make some for me tomorrow as well. You can't exclude me when come to food, even if I don't live in this apartment." Fu Tingyan said. He had eaten the crystal buns that Ye Xue made before, it was indeed delicious.

"No problem." Ye Xue agreed readily.

Bo Ye came from upstairs. When he saw that everyone was sitting in the living room chatting, he walked out.

Ye Xue saw Bo Ye and shouted, "I'll make crystal buns Tomorrow. Would you like to have some?"

Bo Ye stopped walking when he heard that, he turned and look at Ye Xue and nodded. "Yes."

"Then I'll make more buns tomorrow." Ye Xue had been happy ever since she moved into the apartment. Although her roommate Bo Ye was cold and distant, he was much better than others that she had met. Now that Jiang Yu was her boyfriend, she had never been so happy.

Bo Ye retracted his gaze and walked out.

Qin Shu sent the proposal to Qiao Ran via email and kept her laptop.

The next day

Ye Xue woke up early morning and made a lot of crystal buns and porridge.

When everything was ready, everyone went downstairs one after another.

Qin Shu sat down at the dining table and looked at the crystal buns in front of her. She picked up a pair of chopsticks and put one into her mouth.

Bo Ye sat in his usual seat and looked at the crystal bun made by Ye Xue. It made him feel very hungry, so he picked up his chopsticks and started eating as well.

Ye Xue glanced at the stairs. She didn't see Jiang Yu, so she walked upstairs to call him.

Fu Tingyan rode his bike over early in the morning and walked into the apartment. When he saw the crystal buns and the steaming lean meat porridge on the dining table, he instantly had an appetite.

He glanced at the seats, on the right was Jiang Yu and Ye Xue. Then, he... his gaze turned to the seat beside Bo Ye. He walked over and sat down beside him.

Ye Xue walked to the door of Jiang Yu's room. She raised her hand and knocked. After knocking a few times, she pushed the door open and walked in.

"Jiang Yu, it's time for breakfast."

She shouted into the bathroom.

At this moment, Jiang Yu's slightly hoarse voice came from the bathroom, "I, I'll be out in a moment."

"Then hurry up." Ye Xue turned and saw the bed, she walked over and started to make the bed for him.

Jiang Yu stayed in the bathroom for a while, When he walked up and saw Ye Xue standing beside the bed, he walked over.

After Ye Xue made the bed, she saw Jiang Yu walked out from the corner of her eyes. She turned to look at him, her face slightly blushed. "You're out. Let's go down for breakfast."

Jiang Yu didn't say a word and walked straight to Ye Xue. He lowered his eyes and his gaze fell on her lips.

It was as if he was looking at a delicious delicacy and couldn't help but wanted to taste it.

Jiang Yu didn't say anything, but Ye Xue was a little nervous, especially when he stared at her, she was embarrassed."... Jiang Yu?"

Jiang Yu stared at her for a long time, slowly leaned forward and kissed Ye Xue on the lips.

Ye Xue stared at the handsome face with her wide eyes. This was the third time Jiang Yu kissed her.

During their first official date, Jiang Yu kissed her face.

The second time was in the kitchen, and he kissed her lips.

This time, it was different from the previous, and Ye Xue did not know how to response. She just stared at the handsome face with a daze.

Jiang Yu saw that Ye Xue's big bright eyes opened bigger than usual. He reminded her, "Close your eyes."

Ye Xue blinked and finally closed her eyes obediently. Her face flushed, and her heartbeat quickened as well.

She didn't even know when it ended.

Jiang Yu let go of Ye Xue. He still wanted more, but as it was breakfast time, he could only stop.

"Let's go down and eat."

"Okay." Ye Xue was still dazed from the kiss, so she instinctively followed Jiang Yu downstairs.

Fu Tingyan looked up at the two people who just came downstairs. "If you don't come down soon, the crystal buns will be all gone."

Ye Xue's face was red. She sat down at the dining table and ate the breakfast in front of her. The passionate kiss was still in her mind.

"If it's finished, I'll get Xiao Xue to make more tomorrow, and just for me." Jiang Yu didn't mind at all as the kiss had already made him very satisfied.

Fu Tingyan glanced at Jiang Yu. His face was glowing, like a fishy cat that just completed its fishy business. He was very satisfied. He glanced at Ye Xue, she kept her head down to eat.

It was not difficult to guess what they had been doing in the room just now.

When Ye Xue came down, Bo Ye and Qin Shu had already left, one after the other.

Qin Shu passed the proposal to Qiao Ran. She had nothing to do right now, so she didn't go to the Student Union.

In the past two days, she tried her best to avoid Lan Qi. Since Jun Li said that he was like a child, there was no need for her to argue with a child.

Therefore, it was rather peaceful for the last two days.

Qin Shu planned to visit Gu Yan's villa, there had been no news at all these past days. Logically speaking, he should have been back after entering the mountain for so many days, but there was no news at all.

She called his cell phone a few times, but it was not out of service area, which made her a little worried.

A sudden pain at the back of her neck made her realize that she had been ambushed. The point was, she didn't notice anyone approaching her.

Chapter 486: Hard to Deal With, His Feeling for Me is None of Your Business

The second before she fainted, she saw a slender figure flashed past, but she couldn't see clearly.

..

When Qin Shu woke up, the first thing she felt was the pain in the back of her neck, which showed how ruthless the attacker was.

She rubbed the back of her neck, raised her head, and looked at her surroundings. She was in a room, and there was a bed, leaning against the wall. She was lying on the bed right now, and there was no blanket on it, only a bed, it would definitely be cold to sleep at night.

The desk was on the right side of the bed, the sofa was on the wall diagonally opposite. The thick curtains were tightly shut, blocking the sunlight from shining through the window, making the room very dark.

The layout was a bit like the apartment she lived in, but it was definitely not her apartment.

Who was the one who knocked her out?

Qin Shu rubbed her neck again and sat up with one hand on the bed. She stood up and walked to the window. She reached out to grab the curtains and was about to pull them open when the sound of the door opening came from behind her, she froze.

“Stop looking around. This is the apartment area, where I live.”

From the voice, she knew it was Lan Qi. Qin Shu frowned. Apartment area? Wasn't it nearby the apartment she lived.

She turned and saw Lan Qi walking in with a box of pizza. “What are you doing?”

“Nothing.” Lan Qi placed the pizza on the table by the side. His slender figure sat on the sofa and looked up at Qin Shu.

There was a long pause.

Qin Shu turned and walked to Lan Qi. She looked down at him and was a little speechless. “Let me go.”

“No.” Lan Qi glanced at the pizza on the table. “I just ordered it. It's your lunch.”

Qin Shu glanced at the pizza that was nicely packed on the table. She was indeed hungry. She raised her hand and looked at her watch, It was already twelve noon.

She sighed and took a step forward, sat on the sofa, picked up the pizza, opened it, took out a slice, and put it into her mouth.

Even if she was kidnapped, she couldn't let herself go hungry.

“Han Xiao likes you, right?”

Qin Shu ate a slice and was about to take another when she heard Lan Qi's words. “I didn't realize that you were also into gossiping, he has no feeling for me.” As she spoke, she took the second slice of pizza and started eating.

“There are so many girls in the school, and he's especially close to you. If he doesn't like you, who does he like?” Lan Qi heard from Yan Jing that Han Xiao did not join the Student Union. Qiao Ran had looked for him, but he declined.

“Why are you so nosy?”

“I'm just confirming.”

“Whether you believe it or not, I’m telling the truth.” Qin Shu had already finished the second slice of pizza. There was something in her stomach, and she slowed down when she ate the third slice.

Lan Qi looked at Qin Shu who was enjoying the pizza. She did not seem to have any awareness of being kidnapped. Instead, she seemed to be a guest.

“How did you and Jun Li met?”

“I have no comment.” Qin Shu was eating her pizza. Thought about the first time they met, she still found it hard to believe that a man would ask her for candy?

“If you don’t want to tell me, so be it, stay here for now and don’t even think about escaping. Because... because you can’t escape.”

Lan Qi was too lazy to ask any further. He stood up and prepared to leave.

Qin Shu suddenly stood up and attacked Lan Qi. Her hand reached out and grabbed Lan Qi’s arm quickly. However, in the next second, to her surprise, Lan Qi dodged and she didn’t even touch the corner of his clothes.

Then, she made a few more moves, but they were all dodged by Lan Qi.

During the fight, the unfinished pizza on the table was knocked to the ground.

Qin Shu realized that Lan Qi’s speed was amazing.

She suddenly understood why Jun Li said that she couldn’t beat Lan Qi.

It was because his didn’t have high attack power but his reaction speed was extremely fast. It was too difficult to subdue him.

Suddenly, a “crack” sound came within the room. It was especially loud in the quiet room.

Qin Shu grunted and her right arm was dislocated by Lan Qi.

Lan Qi threw Qin Shu onto the bed and looked down at her. He said proudly, “Jun Li said that my speed is the fastest. No one can compete with me.”

Qin Shu was thrown onto the bed. The mattress was a little soft and it didn’t hurt. She laid on the bed, turned and looked at Lan Qi. He looked so pleased, she gritted her teeth.

No wonder she didn’t notice when he ambushed her. It was due to his extremely fast speed, it was so fast that she couldn’t react in time.

“You stay here by yourself.” Lan Qi turned, opened the door, and walked out.

The room instantly became quiet, after the door was closed.

Qin Shu stared at the tightly shut door for a while. She reached out to her dislocated arm, clenched her teeth, and used all her strength to reattach the arm. With a “crack” sound, the arm was reattached.

She let out a sigh of relief. Looking at the empty room, she stood up and walked to the window, pulled open the thick curtains. It was another apartment just outside the window.

There was no balcony in this room, only glass window. If she wanted to get out from the window, she would have to break the glass.

The glass in the apartment can't be shattered that easily.

Jun Li was right. Lan Qi had the temperament of a child.

Otherwise, he would not have suddenly caught her just to lock her up.

She reached into her pocket and felt empty. Her phone had already been confiscated.

The dagger she carried with her had been taken away as well.

Qin Shu sighed, went back to the bed and laid down. She couldn't go out, so she could only wait for Lan Qi to come in.

Qin Shu slept on the bed. When she woke up, she felt extreme coldness. She opened her eyes and found that the room was pitch black, but her body was very cold.

The weather at the end of October was very cold at night.

It also meant that Lan Qi had not come in since noon.

Qin Shu sat up from the bed and looked out of the window. It was pitch-black outside, and only the faint moonlight shone in. Without a quilt to sleep at night, one can catch a cold easily, and it was so cold that she could not sleep.

In the end, it was so cold that she no longer could stand it. Qin Shu got out of the bed and walked to the door. She reached out and knocked on the door forcefully.

The sound of knocking spread throughout the entire apartment, but no one came to open the door.

After she knocked for a while, Qin Shu saw that Lan Qi didn't appear. In the end, she gave up knocking on the door and walked to the bed to lay down. She was hungry, sleepy, and cold.

Qin Shu didn't know how she survived that night. When she woke up the next day, her head was dizzy and she didn't have any strength.

She still didn't see Lan Qi.

Qin Shu didn't come for breakfast during breakfast time. Only then did Ye Xue realised that she hadn't been home the entire night. She didn't say a word earlier and this felt like something had gone wrong.

"Jiang Yu, did something happen to Qin Shu? I didn't see her last night and I didn't see her this morning."

Jiang Yu put down his chopsticks and said, "Call her and see, if no one answers, something might really have gone wrong."

Ye Xue took out her phone and hurriedly called Qin Shu, but no one answered. She called several times, it went on unanswered.

Chapter 487: Boss Came to Her Rescue? What a Beloved Wife?

Ye Xue looked up at Jiang Yu in panic. "No one picked up."

Bo Ye put down his chopsticks. "Did she mention anything to you yesterday?"

Qin Shu had gone missing a few days ago but she had informed Ye Xue.

"No, Qin Shu didn't say a word." Ye Xue was so anxious that she didn't know what to do.

"Let's go out and look for her. I'll call Tingyan first." Jiang Yu picked up his phone and dialed Fu Tingyan's number.

"I'll inform the school." Bo Ye also picked up his phone and dialed the number of the person-in-charge in school.

"Tingyan, Qin Shu disappeared. We haven't seen her since last night. Let's go and look for her..."

Before Jiang Yu could finish his sentence, Fu Tingyan stood up abruptly. "Disappeared? Why did she disappeared suddenly? Forget it, I'll come look for you."

Fu Tingyan hung up the phone and rushed out, hoping to find Qin Shu as soon as possible. Otherwise, his brother would worried to death.

Jiang Yu took a look at the phone that had already hung up. He said he has no interest in Qin Shu, and now he was so anxious.

Bo Ye hung up the phone and looked at the two persons opposite him. "I've already notified the school. They've sent people to look for her."

"Then we'll go look for her too."

Jiang Yu put away his phone, stood up, and was about to leave.

"I'll go too." Ye Xue stood up and wanted to go look for Qin Shu with him.

"You stay in the apartment."

After saying that, Jiang Yu ran out without looking back.

Bo Ye followed behind him.

Jiang Yu ran out of the apartment. When he walked to the entrance, he met Fu Tingyan.

"What's going on? She looked fine yesterday at breakfast?"

"I don't know either. I didn't see her at dinner yesterday. I thought she had something on, but I didn't see her this morning. I couldn't get through to her phone either. I don't know what happened."

If it weren't for breakfast, he wouldn't have known that Qin Shu had gone missing. Moreover, she might have gone missing since last night.

"Let's not talk about these. Finding her is more important." Fu Tingyan only hoped that Qin Shu was fine. Otherwise, how could he explain it to his brother?

“Go check the surveillance cameras. There are surveillance cameras on the main road of the school,” Bo Ye reminded.

Fu Tingyan turned to look at Bo Ye. “Okay.”

Fu Tingyan quickly ran to the school’s surveillance room, and Bo Ye followed him.

Usually no one could enter the surveillance room, he just happened to know someone who worked there.

In the apartment, everyone left.

Boss, who had been waiting for his breakfast, waited for a long time, but no one prepared breakfast for him.

He jumped down from the sofa and walked around the apartment, but he did not smell any fish. He cried out in dissatisfaction, “Meow!”

In the end, he was so hungry that he could not stand it anymore. As the apartment door was opened, he immediately slipped out.

It was sunny outside. Boss sniffed and walked along the way.

After he walked for about ten minutes, he arrived at an apartment building. He raised his dark green eyes and looked at the apartment in front of him. He walked with his four short legs to the door, scratched the door with his claws.

His sharp claws scratched the wooden door, making an ear-piercing sound.

After he scratched for a while, no one opened the door for him.

“Meow!” Boss cried out in frustration.

Lan Qi went out to have fun last night and only came back this morning. When he walked to his door, he saw a cat scratching it. Its fur was pitch-black and there was a dazzling halo around it under the sunlight. It was making a dissatisfied cry.

He raised his feet and walked over.

When Boss heard the footsteps, he stopped scratching and turned to look at the person. His dark green eyes lit up.

When Boss turned, Lan Qi saw the pair of dark green eyes and he was stunned for a moment, he could not believe what he saw.

“Meow” Boss’s eyes were wide open.

Lan Qi bent down and picked up Boss. He raised him closer and sized him up. “Meow again.”

“Meow” Boss meowed obediently.

Seeing how obedient the cat was, the corners of Lan Qi's mouth lifted. His eyes flashed with surprise. "My beloved wife, I've been looking for you for so long. If I still couldn't find you, I'll think that you have died."

"Meow" Boss pursed his lips in dissatisfaction. How could he die?

The corners of Lan Qi's mouth lifted even more. He carried the cat in his arms and took out the key to open the door.

After the door was opened, he carried Boss inside and walked to the sofa. He placed Boss on the sofa and rubbed its head. "I'll prepare some fish for you. Don't run around, do you hear me?"

"Meow" Bos looked at Lan Qi and continued to meow happily.

Lan Qi opened the fridge and took out a fish. This fish had been delivered to him yesterday, he had not eaten it yet, and now it was put to good use.

"I'll heat up the fish and it'll be ready to eat," Lan Qi said without turning his head. He continued to put the fish into the pot.

Boss jumped down from the sofa, sniffed, and ran to the stairs. He was good at climbing stairs.

When he was at Bright Garden, he would climb the stairs several times a day.

After a while, he climbed to the second floor. He sniffed and stopped at the door of a room. He stretched out his claws and started scratching the door. This time, it was even louder than before.

In the room, Qin Shu was lying on the bed. Her body was hot and cold, and she had a splitting headache. When she heard the scratching sound outside the door, she remembered that it was the same sound when Boss was scratching her door.

Could it be that Boss had found her?

She raised herself up on the bed with both hands, forced herself to sit up, then looked at the tightly shut door.

Sickness came rushing. This saying was not wrong at all. Her entire body was limply and she had no strength.

However, thinking that it might be Boss that was outside the door, she forced herself to stand up and walked to the door slowly. She knew that the door was locked from outside, but she still held the doorknob and tried twisting it, but she could not open it.

"Meow, Meow Meow..."

Boss's anxious cry came from outside, accompanied by the ear-piercing scratching sound of the door, which made Qin Shu ascertain that the cat outside was Boss.

Boss must have sniffed her scent and found her here. Moreover, this was the student apartment area and it should not be far from her apartment, so Boss could find her easily.

She raised her hand and slammed the door, indicating to Boss that she was inside.

“Meow!” Boss meowed.

After Lan Qi finished his cooking, he turned and did not see Boss. He heard the scratching of the door from the second floor. He walked up, wondering what Boss was doing?

When he reached the second floor, he saw Boss at the door. He looked up at the tightly shut door and then remembered Qin Shu had been locked inside.

If it wasn't for Boss, he would have almost forgotten that he had locked Qin Shu inside.

“Meow” Boss scratched the door while looking at Lan Qi, signaling him to open the door.

Lan Qi frowned. “Don't tell me you know that woman inside?”

“Meow” Boss raised his head and looked at Lan Qi.

Don't tell me you really know her?

Lan Qi frowned and took out a key from his pocket to open the door. When the door was opened, he saw Qin Shu standing at the door, her face slightly red.

Qin Shu heard Lan Qi's voice, she took two steps to the side. So that when the door was pushed open, it would not hit her.

“Meow” Boss squeezed through the door and walked around Qin Shu. “Meow”

Lan Qi looked down at Boss's every move and frowned. His beloved wife, would not get close to anyone easily, and now it revolved around a woman?

Chapter 488: Two Are Vying For A Cat, What A Nice Thought

Translator: Nyoï-Bo Studio Editor: Nyoï-Bo Studio

Qin Shu glanced at Lan Qi, then looked down at Boss. She hadn't fed him any fish since last night. He must have been hungry.

She bent down to pick him up and touched its belly. Just as she expected, it was flat.

?

Lan Qi was stunned again. Boss actually let her hugged and didn't lift a claw to scratch her?

Didn't he like to scratch strangers that tried to hug him?

Qin Shu looked up at Lan Qi and said in a cold voice, “Even if you're capricious, you should know your limit. I'm not going to make a fuss this time for the sake of Jun Li. But if there's a next time, I won't let you go so easily.”

After saying that, she carried Boss and walked out.

Lan Qi reached out to stop her. He looked at the cat in her arms, then looked at her right arm, it was clearly dislocated by him last night, it had only been one night and it was healed?

“Did I let you leave? And this is my cat.”

“Boss is my pet. Don’t take for granted that everything you see belongs to you.” Qin Shu frowned. “By the way, where’s my phone?”

Lan Qi’s face darkened. “You’re talking nonsense. How can it be your pet?”

“Give me back my phone, then I’ll let you know if this is my pet.”

Lan Qi glanced at Boss in Qin Shu’s arms. He thought for a moment, then turned and walked into his room, he took out Qin Shu’s phone and handed it to her. “This cat is mine.”

“Yours? What a nice thought.” Qin Shu kept her phone. “Look at him, and see if he is going to follow you or come with me?”

“Of course it’s going to follow me.” Lan Qi’s voice was full of confidence.

Qin Shu ignored Lan Qi and put Boss on the ground. Then, she stood up and walked towards the stairs.

Boss squatted on the ground and stared blankly at Qin Shu as she left. He didn’t know what had happened.

When she reached the stairs, she held onto the handrail and turned to look at Boss. She waved at him. “Boss, it’s time to go home now.”

When Boss heard that, he ran towards Qin Shu.

“Beloved wife, come here.” Lan Qi saw Boss ran towards Qin Shu. He frowned and shouted at Boss as well.

When Boss heard Lan Qi’s voice, he stopped and turned to look at Lan Qi. He seemed to be hesitating.

When Lan Qi saw Boss turned, he was a little proud. he shouted again, “Beloved wife, come here.”

Beloved wife?

A tom cat called beloved wife?

Seeing that Boss had stopped, Qin Shu frowned. She looked at Lan Qi, with a trace of doubt flashed in her eyes.

“Boss, let’s go home.” She emphasized again.

Boss looked at Qin Shu, then at Lan Qi. In the end, he ran toward Qin Shu quickly.

Seeing that Boss ran over, Qin Shu smiled in satisfaction. She bent down again and picked up Boss. Without looking at Lan Qi, she walked downstairs.

Lan Qi saw Boss ran to Qin Shu’s side without any hesitation. Even if Qin Shu had fed him, he should not recognize her as his master, as he could only had one master.

It was precisely so that Lan Qi frowned even more. “Wait a minute.”

As he spoke, he had caught up with her.

Qin Shu ignored Lan Qi and continued to go downstairs.

She only saw a blurred shadow and Lan Qi was standing in front of her, which made Qin Shu realized how fast he was.

Even if a martial art expert was at his peak, his speed would not have been this fast.

Lan Qi's speed was incredible.

Lan Qi reached out to stop her, his gaze fixed on Qin Shu. "Who exactly are you?"

"This is a funny question. You don't even know who I was, and you captured me?" Qin Shu could not be bothered with him. She was just trying her best to hold on. Her body was soft and she just wanted to lie down in her warm bed and sleep.

Qin Shu continued to walk out but was stopped by Lan Qi again. "You haven't answered my question."

Boss's dark green eyes rolled around. He looked at Lan Qi and Qin Shu. He didn't know what was wrong with them and didn't dare to shout out.

"Move aside. I won't lower myself to deal with a child." Qin Shu carried Boss and went straight downstairs.

"I'm not a child anymore." Lan Qi shouted unhappily.

Not a child?

Would grown-up do such a thing?

Qin Shu took a deep breath and tried her best to remain calm. Then, she carried Boss and walked out of the door, ignoring Lan Qi.

When Lan Qi saw Qin Shu leave without looking back, he froze for a long while, then he hurriedly took out his phone and dialed Jun Li's number.

After the call was connected, he hurriedly asked, "Who is she? Why was my beloved wife with her?"

Jun Li paused. "Did she brought Boss along to play with You?"

"No, why did she change his name?" Lan Qi blurted out subconsciously.

"Then how did you met Boss?"

"It came here on its own," Lan Qi replied guiltily.

From Lan Qi's tone, Jun Li knew that he was hiding something from him. "Be more specific."

"Yesterday... I tied her up and brought her to the apartment." Because of his guilty conscience, Lan Qi's voice was weaker than usual. "She just left."

"You're being ridiculous." Jun Li was really angry at the other end.

Lan Qi held his phone tightly and didn't say a word.

"I'll get Su Ying to come and fetch you. You just stay in the Qi Manor, don't leave Qi Manor without my permission."

Jun Li hung up. He should have brought Lan Qi with him two days ago.

“Su Ying, go to the school and fetch him.”

“Got it, Mr Jun.” Su Ying wiped off his cold sweat. Mr Lan Qi was probably in trouble this time.

Lan Qi wanted to say something, but he realized that the call was cut off. Jun Li seemed to be very angry.

He didn't even know what was going on, and he had to go back to Qi Manor?

Jun Li's words were always straight to the point. If he said he would lock him up, then he would.

No, he had to look for Qin Shu and asked her about it.

..

Qin Shu walked out of the apartment, switched on her phone to find a few missed calls. Mostly were from Ye Xue and Fu Tingyan.

They must have been worried after she had gone missing for the night.

Qin Shu called both Ye Xue and Fu Tingyan.

“I'm fine now. Let's talk when we get back to the apartment.”

After Qin Shu hung up the phone, she carried Boss and walked toward the apartment.

Just as she had guessed, Lan Qi's apartment was not far from hers.

It was just that her legs were still soft, she had to walk a little slower.

After returning to the apartment, Ye Xue saw her and quickly came up to her. “Qin Shu, you're finally back. Where did you go last night?”

“I was kidnapped.” Qin Shu said casually and put Boss on the sofa. She turned and said to Ye Xue, “Please help me get a fish for Boss. I want to go up and sleep for a while.”

When she heard about the kidnap, Ye Xue was shocked. Saw that Qin Shu did not look so good, she did not pursue, “Then you better go up and sleep for a while. Just leave Boss to me.”

“Okay.” Qin Shu walked upstairs with heavy footsteps and into her bedroom. After taking a hot bath, she lay on the bed and couldn't think about anything else. She had to sleep for a while first.

..

Ye Xue prepared a fish for Boss.

Boss didn't know what happened, so he just lowered his head and started eating the fish.

Fu Tingyan and Bo Ye were the first few to return. When they saw Ye Xue, Fu Tingyan hurriedly asked, “Is Qin Shu back yet?”

Chapter 489: It's Quite Normal To Like Qin Shu, Me Too. Come To Look For Her

“She's back. She went upstairs to sleep. She doesn't look too well,” Ye Xue said worriedly.

“I’ll go upstairs to look at her.” Fu Tingyan hurried upstairs.

Bo Ye thought for a while and followed him upstairs.

Fu Tingyan knocked on the door first, but no one answered. “I’m coming in.” After he said that, he opened the door and walked in.

When he walked to the bedside, he realized that Qin Shu was fast asleep. He looked at her sleeping face, and her face was flushed.

He bent down and reached his hand to Qin Shu’s forehead. When he touched her forehead, he noticed that she had a fever.

Bo Ye stood at the door and watched Fu Tingyan’s every move. He looked at Qin Shu and had also noticed that there was something wrong.

“She has a fever. I’ll get the doctor in the infirmary to have a look at her.”

Fu Tingyan straightened his body, walked out after saying that. Bo Ye stopped him as he reached the door. “You stay with her. I’ll go get the doctor.”

Bo Ye’s voice was cold. He turned and walked out, then went downstairs.

Fu Tingyan was stunned for a moment. He felt that what Bo Ye had said was a bit awkward.

I was to accompany Qin Shu?

He suddenly looked up. Did Bo Ye thought that he was interested in Qin Shu?

He looked at Qin Shu who was laying on the bed, he turned and walked into the bathroom, took out a new towel and soaked it in cold water, then twisted it half-dry. He walked out of the bathroom, came and sat on her bedside. He put the wet towel on Qin Shu’s forehead.

Looking at Qin Shu’s sleeping face, she was indeed very good-looking. Her looks were no less than his mother’s.

She had changed a lot in the last half a year.

Although he didn’t know what his brother liked about her, without any other consideration, he just went ahead and registered their marriage. He even hid it from their parent.

If his father and mother knew that it was his brother’s wishful thinking, they definitely wouldn’t have agreed to their marriage registration.

“The doctor is here.” Bo Ye came in and saw Fu Tingyan staring at Qin Shu and had reminded him.

Fu Tingyan looked up at Bo Ye and saw the doctor walking in from behind. He stood up and gave his seat to the doctor.

“She has a fever.”

“I’ll take her temperature.” The doctor put down his medical kit, took out the thermometer, and took her temperature.

A few minutes later, the doctor took out the thermometer and looked at the temperature. "39.2, it's a high fever. I'll give her a drip to reduce her temperature."

The doctor was quick with his movements and gave Qin Shu an IV.

"Once it's done, you can just remove it," the doctor instructed before he left.

"Thank you, doctor," Fu Tingyan thanked him. Looked at Qin Shu resting on the bed, he hesitated whether he should call his brother and tell him?

After some hesitation, he decided that he should not call. If his brother knew, he would definitely be worried and would immediately rush back to the capital.

Bo Ye looked at him and realized that he might be snooping. "I'll get Ye Xue to make some porridge for her." After saying that, he turned and left.

Fu Tingyan turned and look at Bo Ye, he walked out as well.

"Wait a minute." Fu Tingyan caught up with Bo Ye's footsteps.

Bo Ye turned to look at Fu Tingyan. "What's the matter?"

Fu Tingyan wanted to explain his relationship with Qin Shu, but after some thoughts, he felt that there was no need to explain. "It's nothing."

Bo Ye seemed to have guessed what Fu Tingyan would say. "It's normal for anyone to like Qin Shu."

"Huh?" Fu Tingyan looked at Bo Ye in confusion. "You liked Qin Shu?"

"Yes," Bo Ye replied.

"You can't like her." Fu Tingyan felt that what he said was incorrect, so he quickly rephrased his words. "No, what I meant is it won't work out, so let's stop this idea as soon as possible."

"Don't worry, when I say I liked her, it's between friends. It has nothing to do with boy-girl relationship." After saying that, Bo Ye went straight downstairs.

Fu Tingyan stopped. Why did he feel that Bo Ye was implying something?

..

When Qin Shu woke up, it was already in the evening. The first thing that protested was her empty stomach.

Other than her limbs felt weak, and her head felt dizzy, everything else seemed fine.

She lifted the blanket and got out of bed. Put on her slippers, and she went straight downstairs to look for food.

Ye Xue had just finished making dinner when she saw Qin Shu came down. She said, "I've made some porridge. have some first and then take some dinner."

"Okay." Qin Shu nodded and sat down at the dining table.

Ye Xue came over with a bowl of porridge not long after and placed it in front of Qin Shu. She placed the chopsticks on top of the bowl. "I'll bring the rest of the dishes over."

Qin Shu held the chopsticks in one hand and picked up the bowl of porridge that was still steaming in front of her. She brought it to her mouth and took a sip to alleviate the hunger in her stomach.

Ye Xue placed the dishes on the table one by one. "Qin Shu, do eat some other food as well, I'll ask them to come downstairs for dinner."

"Okay." Qin Shu tightened her grip on her chopsticks, picked up some food, and started eating.

Not long after, the three of them came downstairs after one another and sat at the dining table.

Bo Ye took a look at Qin Shu. Seeing that she looked much better than when she first came back, he let out a sigh of relief.

Fu Tingyan saw that Qin Shu looked a little better, so he asked, "Where did you go last night? Why didn't you come back?"

"I was kidnapped by a child," Qin Shu replied calmly. After eating half a bowl of porridge, her hunger was relieved, so she didn't feel so bad.

"Kidnapped by a child? Aren't you good at fighting? How could you be kidnapped by a child?" Fu Tingyan was a little speechless.

"Whose child was that, so wild?" Jiang Yu was also a little indignant. Then, he said, "Where were your imposing style that kicked the live out of a 1.8-meter-tall man? A child, can't you kick him over the fence with just one kick?"

Qin Shu glanced at Fu Tingyan and Jiang Yu. "Then I'll have to be able to kick him first."

Lan Qi was too fast. She had just raised her foot and he dodged to the side.

"Ding Dong"

The doorbell rang.

"I'll go open the door." Jiang Yu put down his chopsticks and walked to the door. When he opened the door, he saw Lan Qi standing outside.

"Who is the vice president looking for?"

"Qin Shu."

After saying that, Lan Qi just walked straight in.

Jiang Yu was speechless, he closed the door and followed Lan Qi to the dining table.

Lan Qi glanced at everyone on the dining table and finally looked at Qin Shu. His eyes were filled with doubt.

Fu Tingyan looked up at Lan Qi. "Vice president, what brings you here?"

Hearing Lan Qi's name, Qin Shu turned and saw Lan Qi standing behind her. She frowned. "What are you doing here?"

Lan Qi said, "Come on out. I have something to say to you."

"I don't want to listen." Qin Shu retracted her gaze and continued eating. There was indeed nothing much to say to someone who had just kidnapped her.

Fu Tingyan looked at Lan Qi in confusion. If Lan Qi wasn't so young, he would have thought that Lan Qi was trying to woo Qin Shu.

"Vice president, if you have something to say, just say it here."

Lan Qi was rarely patient, but he repeated, "I want to talk to her alone. Qin Shu, if you don't come out, I'll take my Beloved Wife away."

After she heard Lan Qi talked about his Beloved Wife, Qin Shu felt like her pet was about to be snatched away. She corrected him, "It's called Boss, not your Beloved Wife."

What Qin Shu meant was that Boss was her pet. He couldn't snatch Boss away from her.

"Then what about the story of my Beloved Wife, don't you want to hear about it?" Lan Qi automatically ignored Boss's name.

Chapter 490: Please Come With Me. There Is A Way To Prove That You Are Little Munchkin

Qin Shu stopped eating. What did Lan Qi mean?

Lan Qi stood behind Qin Shu, waited for her reply.

His Beloved Wife was lost three years ago when he sneaked out to play. He couldn't find him at the end.

Today, when Qin Shu waived her hand, Beloved Wife just followed her without any hesitation. He couldn't help but suspect that she was that girl.

Those at the dining table didn't know what had happened, nor did they know how to interrupt. They just looked at Qin Shu and Lan Qi.

Qin Shu put down her chopsticks and stood up. She looked at Lan Qi. She was still a little worried when she heard that he was going to take Boss away.

When Lan Qi called Boss today, she saw clearly that Boss wanted to go over and must have knew him from before.

But she was happy that Boss chose her in the end.

And the liquid in Boss's claws could heal scars.

From what Lan Qi said, he should know the reason.

"Ding Dong"

At this moment, the doorbell rang again.

“This apartment is really lively today. I’ll go get the door.”

Jiang Yu stood up helplessly and walked to the door. When he opened the door, a man was standing at the door. He looked a little familiar. “Who are you looking for?”

“I’m here to pick up Mr Lan Qi.” Su Ying went to Lan Qi’s apartment and didn’t see him there, so he guessed that he would be here.

“Please come in.”

Jiang Yu turned and walked in.

Su Ying followed in. When he saw Lan Qi standing at the entrance of the dining room, he said, “Mr Lan Qi, My Jun asked me to pick you up.”

When Lan Qi saw that Su Ying was here, he frowned. He came so soon.

Su Ying looked at Qin Shu. “Mr Jun asked me to apologize to you on his behalf. Mr Lan Qi will be punished when he returned home.”

Qin Shu knew that Jun Li already knew about Lan Qi’s kidnapping attempt, so she didn’t say anything else.

“Mr Lan Qi, let’s go. Mr Jun is waiting,” Su Ying said.

Lan Qi pursed his lips, looked at Su Ying, and then walked away.

Su Ying left as well.

Lan Qi’s arrival was like an interlude, it did not cause any ripples.

Qin Shu felt that Boss had some connection with Lan Qi and Jun Li.

Fu Tingyan had listened to them for a while. The two of them seemed to be talking about Boss. And Boss also had another name, “Beloved Wife”?

The corner of his mouth twitched. Boss, Beloved Wife, just right for a couple?

After Lan Qi left, even the Student Union was at peace.

Qiao Ran heaved a sigh of relief as Lan Qi did not listen to anyone, not even Professor Jun.

“By the way, I think your proposal is pretty good. We have started preparing for the school anniversary celebration. There are one and a half months left. As for the guest role, do you want to participate in the talent show?”

Qin Shu felt relieved when she heard Qiao Ran said that the proposal was okay. She rejected the talent show directly. “Forget about the talent show, I don’t have any talents.”

Yan Jing walked to the entrance and overheard Qin Shu, she now knew that Qin Shu did not have any talent. It would be interesting if Qin Shu could make a fool of herself in front of the entire school during the school’s anniversary celebration.

Qiao Ran could tell that Qin Shu did not wish to participate. "Okay, let's forget it. You've just joined the Student Union and were still quite busy. It's indeed a little difficult for you to multi-tasked, if you still need to perform."

Yan Jing had planned to go into the room, but there was no need for her to go in now.

Qin Shu left the Student Union and met Hua Wuyan on the way. He stood in front of the display stand near the Student Union, as if he was waiting for someone.

She walked over.

Hua Wuyan saw Qin Shu walked over, he took two steps forward to stand in front of her. She was still wearing that old-fashioned glasses on the bridge of her nose.

After listening to Han Xiao, he knew that the girl he met in the mall was Qin Shu, but she pretended not to be.

"The person I saw in front of the milk tea store was clearly you. Why did you pretend not to know me?"

"Because I knew you mistook me for someone else. If you think I'm Little Munchkin just because I resembled her, then I could tell you there are many looked alike in this world," Qin Shu said.

Hua Wuyan sighed. "What you said is quite right. If just rely on looks, of course you might not be Little Munchkin. But you are, unless you can tell me who taught you that set of martial arts."

He added, "You should know, only five people knew that set of martial arts, including you, apart from the Master."

Qin Shu had already heard Han mention it. Now that she heard Hua Wuyan brought it up, she didn't know how to explain it either.

"No one taught her", how could she said that?

"Brother Han has been looking for you for almost seven years. Ever since he left Qi Mountain, he has been looking for you. As he doesn't know if you have left Qi Mountain."

"He stayed at Hua Feng for three years just to look for you. Your relationship was really good in the past. Brother Han didn't talk much, but when he was with you, he could still say a few words. If it was anyone else, he basically would keep silence."

Hua Wuyan paused for a moment. "Brother Han has always been good to you. You should remember that when you met that pack of wolves in the wilderness. To save you, his leg was bitten by the wolf. This time, when he entered the mountain, his arm was also bitten by the wolf and he almost lost his right arm. Are you really not going to acknowledge him?"

Qin Shu was startled. "He almost lost his right arm? Why hasn't he mention it before?"

Hua Wuyan smiled. "Of course brother Han won't tell you. He's afraid that you would feel guilty."

Qin Shu lowered her eyes and recalled the scene of meeting the pack of wolves. Seeing that the wolf bit Han Xiao's arm and he almost lost his right arm, her heart began to ache. "I knew that he was injured when he tried to save me, but I'm not Little Munchkin. I can't tell lies."

Hua Wuyan was silent for a moment, "Brother Han thought that you might have lost your memory, and forgotten everything that happened on the mountain."

Qin Shu shook her head. "That's impossible. If my mother really sent me to the mountain to learn martial arts, even if I lost my memory, my mother would definitely let me know. However, she never mentioned it before."

Hua Wuyan was speechless for a moment, he did not know how to explain this matter either.

Suddenly, he raised his head again. "What about your mother? Can't you just ask her face to face?"

At the mention of her mother, Qin Shu lowered her eyes and looked a little sad. "My mother died in a car accident when I was in junior high."

"Sorry, I didn't know that your mother had already..." Hua Wuyan wanted to slap himself. He made Qin Shu sad. "I'm sorry, I really didn't mean to bring it up..."

Qin Shu raised her eyes and smiled at him. "It's nothing. It's been so many years, I should have gotten used to it."

"Actually, there's another way to prove whether you're Little Munchkin or not. There's detailed information in the Qi Mountain files. Those who go up to the mountain to learn martial arts will need to register their actual name, age, and parents' information..." Hua Wuyan said, then he said with some regret, "Unfortunately, this method is not feasible now."

Qin Shu looked at Hua Wuyan with puzzlement, "Why? Is it because it is confidential and can not be shown to others?"

"Of course, only the important officials of Qi Mountain can view it, no one else has the chance to see the files."
