Chapter 491: One Should Always Listen To His Wife, He Should Nutured Her From Young

“But now, even if we could view the records, we have no chance,” Hua Wuyan continued.

“What do you mean?”

“Qi Mountain has disappeared.”

Qin Shu was stunned.

“Many people wanted to go up the mountain to learn martial arts, but they can’t find the entrance to Qi Mountain,” Hua Wuyan said.

“So you think it has disappeared?” Qin Shu felt that it was somewhat unbelievable. “It’s a mountain, how could it have disappeared?”

“I’m not sure either. Brother Han and I went there again, but we couldn’t find the entrance to the Qi mountain either, even after searching for a week.” Hua Wuyan sighed.

Before leaving, Hua Wuyan said to her, “It’s not just brother Han who thought that you’re Little Munchkin, I think so too. Not just based on looks, it’s not like brother Han and I have never met someone who resembled Little Munchkin, but our feelings of you being the one is stronger.”

On the way back to the apartment, Qin Shu kept thinking about Hua Wuyan’s words. She felt that she couldn’t be the Little Munchkin that they were talking about. Even if it was like the melodramatic plot in a TV drama where she had lost her memory, there was no reason for her mother not to tell her.

Thinking about it gave her a headache, so she simply stopped thinking about it.

..

After the school’s anniversary program was finalized, the rehearsal began.

Qin Shu only has a small part in it, so she didn’t have to be there often. She was in charge of the planning for the entire school anniversary celebration, she was so busy that she returned to the apartment later than usual.

When she walked into the apartment, she found Fu Tingyan sat alone on the sofa playing with his phone.

“Where are the rest of the people?”

Fu Tingyan looked up at Qin Shu. “Jiang Yu took Ye Xue out to watch a movie. As for Bo Ye... I think he’s in his room.”

“Bo ye basically stayed in his room and seldom come out.” Qin Shu walked to the sofa and sat down. She picked up a kettle and poured herself a cup of hot water. She drank a few mouthfuls to moisten her throat.

Fu Tingyan caught a glimpse of Bo Ye coming down from the second floor and chuckled. “It’s because he’s always alone in his room and he’s so quiet. He seldom speaks, so others might think he’s autistic.”

Bo Ye was speechless as he slowly walked down the stairs.

"Can't you speak properly? When did you learn to be so mean?" Qin Shu heard footsteps and turned to look in the direction of the stairs. She saw Bo Ye coming down, turned his head to glare at Fu Tingyan.

"I'll go call Grandma." Fu Tingyan retracted his gaze and walked out with his phone.

Bo Ye walked to the fridge and opened it. He took out the freshly squeezed fruit juice, took out a glass and poured for himself, and went up to the second floor.

Bo Ye has a cold personality. He didn't talk much, but in Fu Tingyan's eyes, he was autistic?

Qin Shu shook her head and took another sip of water. She stood up and went up to the second floor.

After returning to her room, Qin Shu sat in front of her computer and started some research.

Her phone rang, she picked it up and looked at the caller ID. It was Baby Yu.

After picking up the call, she heard Fu Tingyu's magnetic voice. "Hi Babe."

"Missed me already? I could be back to accompany you soon. The monthly exam is coming."

"Don't you miss me?"

"Of course I missed you. Did you eat well? Did you have a good rest? Don't be so exhausted, okay?"

"How could I not listen to my wife?"

Qin Shu couldn't help but laughed. "I've been busy with the school's anniversary celebrations. The Student Union president asked me to participate in the program, but I refused. I felt that it's a waste of time."

"I think Babe's performance would definitely surpass all others."

"You only know how to make me happy. I don't have any talent to show off. I felt that I've wasted all these time."

"Babe, don't underestimate yourself."

The corners of Qin Shu's lips lifted up.

"Do you want me to come over?" The Man's voice was low, his pitch-black eyes looked at the night sky outside the window.

Qin Shu refused without even thinking. "You'd better be good and wait for me to return. There's no need for you to specially make time to come visit me. Don't think that I am not aware of you staying up all night, just to deal with the company's matters."

The Man on the other end kept silent. However, when he thought about Ling Han was also in the imperial city, he felt a little uneasy.

Qin Shu suddenly thought of Jiang Yu and Ye Xue. The two of them were currently in a passionate relationship, not only were they classmates, they had also lived in the same apartment.

They went to school together every day, played games, watched movies, and studied together.

This was what most men and women in adolescence wanted when they were in love.

“If we had met earlier, we would have fallen in love first and then gotten married. It would have been quite good.”

The man was stunned. “It’s still the same right now.”

“Yeah, I felt like we’re in a relationship now. It’s a long-distance relationship.”

It was like she and Fu Tingyu is in a courtship. They would often do video calls, phone calls. He would always think of her and wanted to see her every day.

It was not like what others said, that “Marriage is the Grave of Love”. Everyone got busied and bored after which.

Even though Fu Tingyu was the one who forced her into the marriage in the beginning, he did not even give her the chance to refuse.

Fu Tingyu said, “If I knew my wife was right, I would have nurtured you by my side from when you were young, to build our relationship.”

Ugh!

Nurtured from a young age, how old was he then?

Fu Tingyu was five years older than her.

When she was one year old, he was only six years old.

“You’re still a child, how could you raise me?”

“Raise you like a wife. don’t look down on me. When I was eight years old, I could carry my younger brother everywhere, and I could run even faster with you in my arms.”

Alright, Alright...

“We would be so familiar with each other, so it’s not easy to woo me.”

“Don’t the dishes have to be cooked before they could be easily eaten? It’s not good if it was only half-cooked. You can’t even chew properly when you eat meat.”

Qin Shu was speechless, then she said, “Everything you say makes sense. I can’t out spoke you.”

“Babe also thinks that what I said is right.”

“Everything you said is right.”

Only then did the man lifted his lips up in satisfaction.

After hanging up, Qin Shu started to search for information.

Fu Tingyu gripped his phone tightly and looked at the fondant figure on the right side of the desk. The two fondant figures had maintained the same posture.

Shi Yan walked in and handed the collaboration proposal to Fu Tingyu. "Mr Fu, the branch office in the capital is ready, you can go there any time."

"Please arrange the itinerary."

"Got it, Mr Fu." Shi Yan turned and walked out.

Fu Tingyu picked up the proposal, opened it and took a look. This collaboration was with the Mu family, and the branch office in the capital had just been established.

..

Qin Shu was busy till eleven o'clock in the evening and went to sleep. Not sure if it was because she had been chatting with him on nurturing.

After falling asleep, she dreamt that she grew up together with Fu Tingyu.

She went to kindergarten, he went to primary school, and whenever she cried, he would use lollipops to coax her.

When she went to primary school, she would go to the school together with him.

He was much taller than her. No one dared to bully her in school, because if anyone bullied her, they would be beaten up by him.

Then High School, College, and then marriage..

It seemed pretty good.

In the dead of night

After Jiang Yu finished watching a youth movie, he lay in bed and was unable to sleep. He wanted to chat with Tingyan, but realized that he and Tingyan were now living in two different places, and now he didn't have anyone to talk to.

Bo Ye was too cold-tempered, it's very awkward to talk to him about these topics. Moreover, he didn't know Bo Ye as well as Tingyan, so he didn't have the mood to talk to him.

Chapter 492: Knocking Door In The Middle Of The Night, This Is So Sweet

The More Jiang Yu thought about it, the more he could not sleep. He laid on the bed for a while, then got up, opened the door and walked out.

Ye Xue's room was only a few steps away. He subconsciously walked to her door and stretched out his hand to knock.

?

As she was reading late into the night, Ye Xue had a very light sleep. In her daze, she heard the knocking on the door. She slowly opened her eyes, there could be no one else knocking except for her three roommates.

She lifted the blanket and got off the bed, put on her slippers and went to open the door.

Jiang Yu regretted after knocking on the door. Just as he was about to turn and leave, he heard the door opened. He stopped in his tracks.

Ye Xue Knew It was Jiang Yu from his back. He wore a checked pajamas, she asked curiously, "Jiang Yu, what's the matter?"

The door opened, Jiang Yu had no choice but to turn and look at Ye Xue. He took two steps forward and lowered his eyes to look at Ye Xue. He asked hesitantly, "May I come in?"

"... Yes." Ye Xue was stunned at first. She looked at Jiang Yu and nodded instinctively.

Ye Xue made way for Jiang Yu and he walked in.

Ye Xue closed the door and turned to walk to her bed. She saw Jiang Yu standing by the bed. He looked like he wanted to say something but hesitated. "Do you have something to say?"

"I just can't sleep." Jiang Yu looked left and right and then looked at Ye Xue's bed.

"Is there something on your mind that made you can't sleep?" Sometimes, when she was under great pressure, she would also suffer from insomnia.

"... I, I just want to."

Ye Xue looked at him puzzled, waiting for him to continue.

Jiang Yu looked at Ye Xue. She was very different from the past. In the past, no matter which way she turned, she would always look chubby. Now, she no longer looked chubby. In fact, when he hugged her, it felt a bit bony.

He felt that it was better for her to be chubby.

Being stared by him, Ye Xue's face slowly blushed.

After looking at her for a while, seeing that Ye Xue blushed, he knew that she was shy.

When Ye Xue was shy, he could not help but want to tease her more. He liked to see the way she blushed and could not say a word. She was especially cute.

He suddenly stretched out his arms and hugged her, lowering his head to kiss her.

Jiang Yu did not know what was going on. His mind was full of just one thought.

Kiss her.

Ye Xue was stunned, and then her body froze.

This was the fourth time Jiang Yu kissed her. Ye Xue remembered it very clearly. It seemed that it was a little bit different from the last time.

Specifically, how was it different? It seemed to be a little more domineering than the last time, and with a little impatient.

..

..

“... Jiang, Jiang Yu.” Ye Xue’s voice was a little shaky, as if she was afraid.

“Okay, okay, go to sleep.” Jiang Yu hugged her with both arms and pulled her into his embrace, forcing himself not to think about those things.

Ye Xue pursed her lips. How could she fall asleep?

She had always slept alone. Suddenly lying on the same bed with a guy, she was really not used to it.

Moreover, Jiang Yu was ...

Ye Xue closed her eyes, wanting to fall asleep as soon as possible, but she could not sleep. Her heart was beating real fast.

She didn’t know how she ended up falling asleep.

..

The next day

Ye Xue woke up in shock. there was no one beside her when she woke up, it was as if she had a dream last night.

Her face blushed. She hurriedly picked up her phone and looked at the time. It was already past six o’clock. She hurriedly got up and washed up.

After she finished making breakfast, everyone basically got up.

Qin Shu came down from upstairs and saw that Ye Xue was busy. Ever since Ye Xue came to the apartment, she had been preparing breakfast every morning, and it was for several people.

She let Ye Xue stayed in the apartment, not for the cause of making her cook for everyone.

“Ye Xue, you don’t have to cook every day. You can just order breakfast, someone will deliver right to your door step every morning. Only when you have a craving, then you can cook just for fun.”

“It’s okay. I have nothing to do in the morning, so it’s better to cook breakfast rather than to buy them.” Ye Xue said as she took the big soup bowl and served porridge in it, put it on the dining table, this would be more convenient for everyone.

When Fu Tingyan walked in, he heard Ye Xue’s words. He casually said, “When I find a girlfriend in future, I would find someone just like Ye Xue. I Won’t have to worry about food and drinks.”

Bo Ye had just walked into the living room when he heard Fu Tingyan’s words. He said indifferently, “I would also want to look for someone as virtuous and who knows how to cook.”

“You?” Fu Tingyan chuckled. “I felt that it’s quite difficult. Not to mention someone who knows how to cook, with your personality, it’s quite difficult for you to even find a girlfriend.”

Fu Tingyan and Bo Ye commented, knowing that they meant nothing, however, Ye Xue still felt a bit embarrassed.

Bo Ye said lightly to Fu Tingyan. "Do you have a girlfriend?"

Fu Tingyan paused, "... I wasn't looking for one."

"See, no one." Bo Ye took a bowl of porridge and started eating.

Bo Ye's voice was indifferent, as if he was just saying it casually.

But to Fu Tingyan, it sounded like he was mocking him. Nowadays, One would become the target of ridicule if one didn't have a girlfriend?

Qin Shu looked at Fu Tingyan as she ate her porridge. She had a feeling that he liked to criticize Bo Ye.

"Did you guys participate in any programs in the upcoming school anniversary celebration?" She asked casually.

"I'm too lazy to participate. It's a waste of time," Fu Tingyan said.

"I'm too lazy to participate," Jiang Yu echoed.

Bo Ye took a sip of his porridge. "I'm not interested."

"I didn't participate either. I have no talents to show off," Ye Xue said in a low voice.

Qin Shu looked at everyone at the dining table. "As expected of the people from the same apartment, we all have the same thoughts. I didn't participate either, but senior made me took out a role. It was those that goes without any lines."

After Qin Shu's word, everyone at the dining table laughed, except for Bo Ye.

Jiang Yu said, "If I have the time, I would rather go on a date and watch a movie?"

Fu Tingyan said, "Why don't you just play video game?"

Bo Ye lowered his head and ate.

Qin Shu left the apartment after breakfast. On the way to her class, she picked up her phone and called Gu Yan.

"Hello, the number you have just dialed is not in the service area..."

Qin Shu put her phone away. She was a little worried. Could Gu Yan still be in the mountains?

When everyone in the apartment left, Ye Xue cleaned the dining table.

Jiang Yu came back and followed Ye Xue into the kitchen. "Xiaoxue, last Night... you weren't angry, were you?"

About last night, her face couldn't help but blushed. She pursed her lips and then shook her head.

Seeing that Ye Xue was shy and knew that she wasn't angry, Jiang Yu felt relieved. He saw the bowls on the table. "I'll help you clean up."

Ye Xue hurriedly grabbed Jiang Yu's hand. He was a young master from a wealthy family. When did he ever do something like this? "There's no need, Jiang Yu, you shouldn't be doing this?"

"It's fine. If you can do it, why can't I?" Jiang Yu ignored Ye Xue's resistant. He continued to clean up and then began to wash the dishes.

This was Jiang Yu's first time washing the dishes. The way he washed the dishes wasn't right. He was not washing the dishes, instead, it looked like he was handling art pieces.

He almost broke the bowl several times as there was detergent on it that made it slippery.

"Jiang Yu, let me do it." Ye Xue was terrified, she was afraid that he would cut his hand if he broke the bowl accidentally.

Jiang Yu stretched his foam-covered hand towards Ye Xue and scratched her nose. "My Xiaoxue is always shy."

Chapter 493: Jealous when we meet again. This is my wife

Ye Xue was stunned.

His Little Xue.

This sentence is even more beautiful than "I like you."

Jiang Yu had never said that he liked her.

...

Qin Shu only had one class in the morning. She went to Gu Yan's apartment after class.

Gu Yan's apartment was not far from Capital University. It was only a ten-minute car ride away.

When she arrived, she paid for the car and walked to the door of Gu Yan's apartment and rang the doorbell.

Not long after, the door to the apartment opened. The person who opened the door was a woman in her thirties.

"Hello, I'm the housekeeper hired by Mr. Gu. Who are you looking for?" The housekeeper looked at the girl in front of her before asking.

Qin Shu asked, "Did Gu Yan return recently?"

The housekeeper shook her head. "No, I come here every day. I haven't seen Mr. Gu come back."

Qin Shu continued to ask, "Has he contacted you?"

The housekeeper still shook her head. "No, it's always Mr. Ji who contacted me. I haven't contacted Mr. Gu recently."

The housekeeper asked, "Is there anything you need from Mr. Gu?"

"Please just ask him to contact me when he return. My name is Qin Shu."

“No problem. I’ll pass the message to Mr. Gu when I see him.”

Qin Shu left the apartment and took a taxi back to school.

There was still some time before the school anniversary, and her monthly exams would be over in a few days.

She could return to Jiangcheng in a few days and mention Gu Yan to the man at the same time.

Qin Shu told Ye Xue, “I plan to return to Jiangcheng in a few days. If they ask, just tell them that I’ve returned to Jiangcheng.”

“Okay.” Ye Xue replied. She didn’t ask for details as she thought that Qin Shu was returning to Jiangcheng for some urgent matter.

Qin Shu returned to her room and started packing ahead of time. Actually, she didn’t have much to pack since Bright Garden has every necessity. She didn’t need to bring anything.

As such, she decided to go back empty-handed.

Ye Xue knocked on the door and walked in. She shouted into the room, “Qin Shu, Han Xiao is looking for you.”

After she said that, she pointed behind her, indicating that the person was right behind her.

Qin Shu gaze pass Ye Xue and saw Han Xiao’s tall figure standing behind her. He was about 1.9 meters tall, and in front of Ye Xue, who was only 1.6 meters tall, he was no different from a wall.

He was dressed very formally today, wearing a light gray tailor-made suit. He looked good in anything. No matter what kind of clothes he wore, it would look good on him and fit him very well.

His hair was meticulously styled, as if it had been specially groomed. It also looked trimmed as it was shorter than before.

“I’ll make a move.” Ye Xue turned around and left in a hurry.

Han Xiao walked in and saw the luggage on the bed. He looked at Qin Shu in confusion. “Where are you planning to go?”

“I’m preparing to return to Jiangcheng. Is there something you need from me?” As Qin Shu spoke, he closed the password box and placed it on the side.

Han Xiao said, “I want to have dinner with you.”

“Not tonight. I’ll treat you to dinner next time.” Qin Shu glanced at the time. It was already four in the afternoon.

At the same time, downstairs

Ye Xue was preparing to cook dinner. They ate in the apartment most of the time and rarely went out to eat nor go to the cafeteria.

Even the young master of a wealthy family, Fu Tingyu, is often seen to eating together.

Suddenly, the doorbell rang again.

Ye Xue went to open the door hurriedly. She was stunned by the man who stood by the door.

There were no words to describe his appearance.

He was about 1.9 meters tall. She had to raise her head to see him.

His features were still perfect despite looking up at him from her angle.

He also had a noble disposition, like a king looking down at his subjects.

Shi Yan saw that the girl who opened the door was in awe. As long as she saw Fourth Master's face, it was normal for her to have such an expression.

He asked, "Is Qin Shu here?"

Ye Xue stammered "Ah? Yes, yes she's here."

Fu Tingyu walked straight in after hearing that.

Ye Xue followed him quickly. Unfortunately, the handsome man in front of her is tall. Even though he did not walk very fast. she had to brisk walk to keep up with his pace.

After chasing him all the way up the stairs, she hurriedly said, "Qin Shu is in the second room on the left."

Fu Tingyu heard her and didn't stop because he was anxious to see his Bao'er.

"Is there something urgent that you need to return to Jiangcheng? Do you want me to accompany you back?" Han Xiao wanted to accompany her home to take a look. Hua Wuyan said that her mother had already passed away.

"There's no need. Let's go to the living room. I'll pour you a cup of tea." Only then did Qin Shu realize that she only thought of talking to him and didn't ask him to sit down and pour him a drink.

She turned around and was about to walk out.

Han Xiao grabbed her wrist. "You don't have to be so polite. I'm not thirsty."

At this moment, Ye Xue's voice came from the door again. "Qin Shu, someone is looking for you."

Qin Shu looked at the door in confusion. She saw a slender figure standing straight at the door. A pair of eyes stared at her. That gaze was as cold as a glacier, sending a shudder down her spine.

Ye Xue followed behind the man. She didn't know who he was, but at first glance, she was truly stunned by his beauty.

Feeling the coldness emanating from the man, Ye Xue was startled and didn't dare to take a step forward.

Standing at the door was Fu Tingyu. He had come to the capital early this morning. After settling the emergency affairs of the branch office, he rushed to the Capital University and didn't even have time to eat lunch.

He wanted to give Bao'er a surprise.

But he didn't expect to see this scene.

"When did you come?" Qin Shu shook Han Xiao's hand away and walked to the man. The surprise was real, but the joy was real as well.

Han Xiao felt a slight disappointment with the emptiness in his hands.

Fu Tingyu glanced at the man in the room coldly, then looked at her again, his eyes cold. "Is this the reason why you didn't let me come?"

Qin Shu knew that the man had misunderstood again. She reached out to hold his hand, and explained, "No, it's not what you think. I plan to return in the next two days."

Hearing the man's questioning voice, Han Xiao's brows furrowed, and he turned to look at the person who came. When he saw the man at the door, he was stunned, somewhat in disbelief that he would meet Ling Yan again.

Fu Tingyu was also in disbelief. He had never thought that he would meet Ling Han again in such a manner. His first reaction was, how long had Bao'er and Ling Han known each other?

"I never thought that I would meet my senior here. Let me introduce her first. She is my wife, Qin Shu, and she is attending university here." He put his arm around the girl's waist, and lowered his gaze to look at her. "He is my senior."

Qin Shu was stunned. Both of them knew each other, and they were even brothers?

Ye Xue, who was standing in the corridor covered her mouth in shock. Qin Shu was actually married?

Shocked was an understatement for Han Xiao. He looked at Ling Yan and Qin Shu in a daze. She was Ling Yan's wife? How was that possible?

Chapter 494: Marriage registration. You've been lovelorn

"She is so young, how could she be married?"

Fu Tingyu did not answer Ling Han's question. He lowered his gaze and looked at the girl. The strength in his hands tightened a little, and his voice also became much gentler than before. "Tell him love, what is our relationship?"

Qin Shu tilted her head to look at the man. She kept feeling that there was something wrong with the man's gaze. She withdrew her gaze in puzzlement, looked at Han Xiao, and said, "He and I have already registered our marriage. We are husband and wife."

Han Xiao went into shock again after hearing Qin Shu. He looked at Qin Shu in disbelief. "How did you get married to him? How can you get married to him?"

Fu Tingyu beat her to it. "We were in love. Isn't it normal to get married? What do you think is wrong?"

Qin Shu looked at the man and felt the hand on her waist tighten. She couldn't help but feel confused.

..

..

Fu Tingyu and Han Xiao went out to talk alone.

Ye Xue sat on the sofa and looked at Qin Shu who was sitting opposite her. She couldn't help but ask, "When did you get married? You hid it so well that I didn't even know."

"I got married at the end of last year. I did not let you know as it was a secret marriage." Qin Shu was a little worried. The man was jealous again.

"It's okay. Your husband is really handsome." Ye Xue couldn't help but sigh. "Think of those people who mocked you, they will be so envious if they knew that your husband is handsome and rich."

Back then, there were still people who said that Qin Shu was an ugly, country bumpkin and no one would want her.

But they didn't expect Qin Shu's husband to be so handsome.

When Jiang Yu walked in, he got jealous after hearing her. "Whose husband are you calling handsome and rich?"

Ye Xue replied, "Qin Shu's husband is really handsome. Words can't describe it."

"Qin Shu doesn't even have a boyfriend. How can she have a husband?" Jiang Yu thought that Ye Xue was joking. His Little Xue finally knew how to joke as well, he mused.

Jiang Yu walked to Ye Xue's side and sat down.

Fu Tingyan, who followed closely behind, heard their conversation. He knew that Qin Shu was married and that her husband was his brother. Could it be that his brother was here?

He sat beside Jiang Yu and glanced at Qin Shu. His brother was here. Why didn't he see him?

Seeing that Jiang Yu didn't believe her, Ye Xue emphasized, "It's true. I saw him just now. He's really handsome. You'll know when you see him later."

Jiang Yu became even more jealous seeing Ye Xue's agitation. "You praise other men so much. Why haven't I seen you praise me like that before?"

Ye Xue blushed. "You're also very handsome."

Jiang Yu was a little displeased. "That's it?"

Ye Xue was bewildered and didn't know what else to say.

Jiang Yu rubbed her head and couldn't help but laugh. "Then you haven't seen Xiao Qi's brother Fu Tingyu's looks. If you see it, you'll definitely be stunned."

"More handsome than what I just saw?" Ye Xue was in disbelief. The man just now was already perfect.

Jiang Yu pointed at Fu Tingyan's face and said, "Just take a look at his face."

Ye Xue looked at Fu Tingyan, he is indeed very handsome, but he had a little less charisma compared to the man just now. Might be the age.

“The man just now is a bit like Fu Tingyan.”

Fu Ting-yan mouth twitched. Hearing Ye Xue, he is assured that his brother is definitely here .

He didn't tell Jiang Yu that Qin Shu was his brother's wife and sister-in-law.

Will Jiang Yu strangle and question if they're still brothers when he know of the truth later?

“How can it be? They're not brothers. How can they be alike?”

“He'll come in later. You'll know when you see him. He really does look a little alike.”

Jiang Yu saw that Qin Shu hadn't said anything, so he couldn't help but ask, “Are you really married? Why haven't you mentioned it before?”

Qin Shu replied with three words, “I'm in a secret marriage.”

In a secret marriage?

Jiang Yu glanced at Fu Tingyan. Brother, your love is unrequited.

Fu Tingyan frowned. Why are you looking at me? Does it have anything to do with me?

At this moment, outside the apartment

It was already five in the evening, and it was getting dark outside. The street lamps beside the apartment were already lit up, emitting a faint yellow light.

Under the street lamps, stood two tall and slender figures.

There was a long silence

Han Xiao was the first to speak. “Why didn't you mention her the last time we met?”

Fu Tingyu said, “I didn't know that senior knew my wife.”

Didn't know her?

“You know she's the little one don't you? And you said you didn't know her?”

Fu Tingyu chuckled. “When senior saw her now, you'd would think that she's the little one. You wouldn't think that way when you saw her disfigured face in the past.”

Han Xiao was startled.

Fu Tingyu continued, “If she's the little one, how could she not know you when you first saw her? She didn't recognise me either when we first met.”

Han Xiao's tone was firm. “She is the little one.”

Fu Ting's voice was indifferent. “There's nothing I can do if you think that way.”

Han Xiao did not hear his words at all. He growled, “You did it on purpose, didn't you? You married her despite knowing that she's the little one. She is so young!”

Fu Tingyu sneered. "Does this have anything to do with you? You should have asked her whether she's the little one yourself. Does she know you?"

"Of course it something to do with me. She's the little one. She promised to be my girlfriend." Han Xiao couldn't help but shout. He had never been so angry before.

Fu Tingyu still sneered, "Senior should go find the little one, not pester my wife."

Han Xiao grabbed Fu Tingyu's collar and said in an icy voice, "You forced her to be with you, didn't you? You clearly don't like her. Why did you marry her? Is this for revenge? You're so damn shameless."

Fu Tingyu frowned and looked at Han Xiao who covet his wife. He clenched his fist and swung it at Han Xiao's handsome face without hesitation.

As he didn't have any martial strength, the strength of this punch had weakened a lot.

Han Xiao was caught off guard and was hit directly by this punch. Blood quickly flowed out of the corner of his mouth.

Qin Shu stood motionless at the side of the lawn after hearing Han Xiao's words.

She couldn't help but come out to take a look as she was worried about Fu Tingyu and restless in the living room.

The two men under the streetlight started fighting in midst of Qin Shu's bewilderment.

It was obvious that Han Xiao had the upper hand because Fu Tingyu's martial strength hadn't recovered yet.

Han Xiao's martial strength had always been at its peak. He threw a punch at Fu Tingyu's chest. He couldn't dodge it at all and didn't have any martial strength to resist.

The moment he was hit, he was sent flying and fell to the ground.

There was a metallic taste in his throat, and he spat out a mouthful of blood.

Han Xiao was also stunned. He looked at Fu Tingyu, who was defeated by him with one punch, in disbelief. In terms of martial strength, Fu Tingyu was above him.

Because his master had said that Fu Tingyu was a good candidate to practice martial arts. Coupled with his inherited genes, it was easier for him to accumulate martial strength than him.

How could Fu Tingyu be defeated with one punch?

Chapter 495: A heart-wrenching scene. Qin Shu is actually your sister-in-law?

Qin Shu recovered from her daze. She ran to the man's side and squatted down. Her heart ached seeing him hurt and bleeding.

"How are you? Does it hurt anywhere?" She reached out to help the man up. She gazed at the blood at the corner of the his mouth. She hurriedly took out a silk handkerchief and wiped it clean for him.

Fu Tingyu frowned as he looked at the girl squatting in front of him. He did not want her to see him in this mess. "I'm fine." he replied.

He supported himself with one hand on the ground as if he was not the one who was injured just now.

Han Xiao looked at the Qin Shu who suddenly ran over and was so concerned about Fu Tingyu. "He forced you didn't he Qin Shu? He only married you because he knew you were the Little Munchkin. He clearly doesn't like you. Have you forgotten?"

Qin Shu was stunned for a few seconds.

Fu Tingyu's gaze tightened as he stared at the girl in front of him. He was afraid that she would believe Han Xiao's words. He suddenly hugged her slender waist and said in a low voice, "I'm hungry."

Qin Shu came back to her senses. Thinking about his injury, she looped her hands over his arm, and said gently "I'll help you back to the apartment. Ye Xue's dinner is probably ready."

Han Xiao did not give up and shouted, "Qin Shu, he must know that you're the Little Munchkin. That's why he deliberately approached you. Don't be fooled by him."

Qin Shu turned back to look at Han Xiao and interrupted him, "Enough, Han Xiao. I'm not the Little Munchkin. How many times do you want me to repeat myself for you to believe me?"

As Qin Shu said this, her raised voice gradually became softer, "Han Xiao, I've always treated you as a friend. A friend who can go through thick and thin together."

Hanxiao was speechless.

Fu Tingyu was also stumped. He finally heaved a sigh of relief after hearing her words.

"Let's go." Qin Shu supported the man as they walked into the apartment.

Watching Qin Shu and the other man gradually walk away, Han Xiao punched the lamppost at the road side. The spot where he was hit caved in deeply. "Qin Shu, why don't you believe me? When have I ever lied to you?"

...

When they returned to the apartment, Ye Xue had already prepared dinner. Everyone was sitting at the dining table waiting for them.

Before they entered the apartment, Fu Tingyu didn't let the girl support him. he's still strong enough to walk by himself.

Qin Shu let it slide as she knew that the man was a little arrogant. The only thing she was worried about was his injury.

When they walked to the dining table, Qin Shu let Fu Tingyu sit at her usual seat.

Today, Bo Ye was not here, so she sat in his seat.

Jiang Yu was astonished when he saw Little Seven's brother and Qin Shu walk in side by side.

Ye Xue took one look at Qin Shu's husband and tugged at Jiang Yu's hand and gave him a knowing look. "Look, isn't he handsome and rich?" Does he look a little like Fu Tingyan?

Jiang Yu recovered from his surprise and glanced at Ye Xue. He whispered, "He's Little Seven's brother. Of course, he's handsome and rich. He's even more rich than you think. People call him the Jiangcheng's Lord Fu."

Ye Xue was shocked. She had heard of the Jiangcheng's Lord Fu, but she had never seen him before. Now that she saw him in person, she still could not believe it.

The legendary Lord Fu was not interested in woman. He was cold, ruthless, and violent.

His appearance was also legendary.

In the past, she would not have believed that there would be a man whose looks were perfect.

However, she believed it now.

Jiang Yu looked at Fu Tingyu and called out, "Brother."

The Jiang family and the Fu family had been on good terms for generations, so he addressed Fu Tingyu as brother as well.

Fu Tingyu nodded in response.

Jiang Yu glared at Fu Tingyan.

Fu Tingyan retracted his gaze and looked at his brother guiltily. "Brother, why didn't you let us know that you're here?"

Fu Tingyu raised his eyebrows and looked at Fu Tingyan. "Did you do anything to feel guilty?"

"I was very well-behaved when I was in school. How could I do something that made me feel guilty?" Fu Tingyan said with conviction.

"Aren't you hungry? Let's eat first." Qin Shu picked up the empty bowl, scooped a bowl of rice for him, and placed it in front of him.

Fu Tingyu raised his eyes and looked at the girl for a long time.

Qin Shu got herself a bowl of rice as well and was ready to begin eating, when she saw that the man was staring at her. She knocked lightly on the table and said "Why are you looking at me? Start eating, or it will get cold."

"Okay," Fu Tingyu answered. He picked up his chopsticks and glanced at the dishes in front of him.

Ye Xue was a little worried that the dishes she made would not suit Lord Fu.

He must be used to eating all kinds of delicacies that nothing fancies him anymore.

She glanced at the simple dishes in front of her. Vegetables, radishes, crucian carp soup, cabbage, tofu... they were all common dishes.

Fu Tingyan and Jiang Yu didn't dislike them. They even had them every day...

Just as Ye Xue was swallowed in her distress, she saw the man pick up a piece of tofu and put it into his mouth.

It was Ye Xue's first time sitting together with someone of prominence. It would be a lie to say that she wasn't nervous. She became even more so when she saw the him eating what she had prepared.

Fu Tingyu slowly ate the dishes in front of him. The way he ate was really good-looking. It was as if he was eating a French feast. His manners were so elegant and poised.

Jiang Yu saw that Ye Xue was staring at Fu Tingyu in a daze. He kicked Ye Xue's foot, reminding her to eat.

Only then did she come back to her senses. She clenched the chopsticks in her hands and ate a mouthful of rice.

Usually, at the dining table, the few of them would chat and eat at the same time.

Today, because of Fu Tingyu, there were only silence at the dining table.

Ye Xue didn't even dare to say anything. She lowered her head and ate silently.

Fu Tingyan knew that his brother wouldn't say anything at the dining table, so he only focussed on eating.

Jiang Yu felt that the atmosphere was a little strange. He couldn't point out what was wrong, so he simply lowered his head and ate.

As Qin Shu ate, he couldn't help but recall what Han Xiao had said. She knew Han Xiao's character. He has integrity and righteous. He wouldn't say anything to sow discord. It was just that he had mistaken her for someone else.

She slowly finished her dinner and went up to the second floor with the man.

Fu Tingyu left.

Fu Tingyan finished his dinner and was about to return to the dormitory when Jiang Yu grabbed his collar. "Don't you think you're running away."

He couldn't help but stop as his collar was grabbed. "Who said i'm running? I'm going back to the dormitory to sleep."

"Do you treat me as a friend? Qin Shu is your sister-in-law. Why didn't you tell me?" Jiang Yu said unhappily.

No wonder he was partial to Qin Shu. He even got unhappy when others wrote bad things about Qin Shu on the blackboard.

There was still a period of time when Qin Shu went to school in his Lamborghini. His eyes did not play tricks on him.

Fu Tingyan replied guiltily, "What's there to say?"

“If you had told me, and I knew that Qin Shu was your sister-in-law and our brother’s wife. I wouldn’t have allowed others to mess with her. If others bullied her, I could have helped.”

Fu Tingyan was in the wrong, so he changed the topic. “You ignored me while you’re in a relationship. Did you treat me as a friend?”

Jiang Yu was also in the wrong.”...I, didn’t I tell you everything even when i’m in a relationship?”

Chapter 496: Do you believe him or me? I’ve been discovered

Fu Tingyan pretended to be angry and said, “Why do I feel like you’re boasting?”

Ye Xue looked at the two of them, shook her head, cleaned up the dishes, and walked into the kitchen to do the dishes.

?

“How did it become boasting when i’m confiding with you?” Jiang Yu hooked his arm around Fu Tingyan’s neck. “You can move in too. I don’t even have anyone to talk to at night.”

“Isn’t there Bo Ye?”

“With his temper? No.”

“You want me to come and watch you show off your affection every day?”

“No.” Jiang Yu was a little annoyed. “I’ve been thinking about those things a lot lately.”

Seeing Jiang Yu’s annoyed expression, Fu Tingyan was a little curious. “What’s the matter?”

“Let’s go upstairs.”

Fu Tingyan looked at Jiang Yu suspiciously, then followed him upstairs.

In the room, Fu Tingyan’s incredulous voice rang out.

“Is that how the red dot came about?”

Fu Tingyan looked at Jiang Yu in disbelief.

“This is called a kiss mark,” Jiang Yu corrected him.

“How did you know? Did you watch a rated movie?”

Jiang Yu’s voice was full of disdain. “How could I watch that kind of movie? It was mentioned in a youth movie, so I tried it.”

This sentence was very informative.

Fu Tingyan stared at him. Jiang Yu had tried it?

Jiang Yu couldn’t stand being stared at. “I’m just curious.”

Fu Tingyan meaningfully said "Oh." This was even more informative.

...

...

Fu Tingyu sat on the sofa, and looked at the girl without saying a word.

"Let me take a look at the injury on your body." Qin Shu reached out to unbutton the man's shirt, but the man grabbed her. She looked up at the man and sensed his displeasure. Her voice softened a little. "Let me take a look at the injury first."

He did not let go of her hands. He asked in a low voice, "How long have you known him?"

Qin Shu explained, "I told you before. He and I are classmates. He's also my teacher and now he's my friend. Just like what you saw, He behaved as such because he mistook me for someone else."

Hearing the word "Friend", the man frowned unhappily. "The one who taught online?"

"Yes, I only found out after I went to university. We have not met before that." Qin Shu was afraid that the man would misunderstand, so she explained again. There was nothing she could do. Men love to be jealous.

The man asked again, "Was it him the last time we were in Nation of Qi?"

"Yes."

Seeing the girl nod, the man's eyes turned cold. "He's pursuing you so relentlessly."

"You called him senio. Did you go to Mount Qi to learn martial arts?"

Qin Shu's voice was filled with doubt, because she had never heard him mention the matter of going to Mount Qi to learn martial arts.

The man was silent for a moment, then nodded his head. "Yes, we learned martial arts together for more than two years."

"Then you also know the Little Munchkin, right? When you saw me, did you also feel that we look alike?"

Qin Shu also did not know why she asked this, but she was feeling very confused.

The man's hands let go of her hands and cupped the girl's shoulders instead. His deep eyes locked on her tightly as he said, "Do you believe him, or me?"

Qin Shu replied without hesitation, "Of course I believe you."

The man hugged her in a tight embrace. His chin rested on the girl's shoulders as he whispered into her ear, "I really love you, babe. I'll carve out my heart to prove it."

Qin Shu's heart hurt as she felt the man's trembling body. Her voice wobbled as she said. "I know. Don't say stupid things, okay? I know. I know that you love me. I know that you love me very much. I don't need you to prove it. I know."

The man tightened his arms and his voice became heavier. He swore with dominance, "Babe, you're mine."

Qin Shu nodded heavily. "Yes, I am."

"Babe." The man held the back of her head with one hand and pressed his lips on hers.

He was overbearing, as though he was declaring possession.

"... Yu, Baby Yu."

"Babe, you are mine."

..

..

When Qin Shu woke up early in the morning, she saw the man's handsome sleeping face. He was sound asleep, and there was a slight frown between his brows, as though something was troubling him.

She reached out and touched the man's brows. She smoothen out the frown and withdrew her hand.

She slowly got out of bed, put on her slippers, and walked into the bathroom.

She walked to the bathroom mirror and looked at the person in the mirror. Her hand touched the deep-set collarbone.

Last night, the man had not given her a chance to speak, nor did he give her a chance to refuse. It seemed that he wanted to use this method to ease the uneasiness in his heart.

There was still a week until it's a full month. Would it affect things if she were to get pregnant?

Qin Shu felt a little uneasy. She washed up quickly, changed into a new set of clothes and walked out.

Fu Tingyu woke up just as she came out of the bathe room.

He turned his head and looked at the girl who walked out and frowned slightly.

He lifted the quilt and got off the bed. He picked up the sleeping robe at the side, put it on and walked to the balcony. He stood by the railing and looked at the cement road beside the apartment. The girl's figure walked hurriedly, as if she had something urgent to do.

Could it be that she was going to look for Han Xiao to ask about Little Munchkin?

He had only found out last night that Ling Han's real name was Han Xiao.

He turned around and walked to the side of the bed. He picked up his phone and dialed Shi Yan's number. He instructed when the call connected, "Follow her and see where she goes."

"Got it, Lord Fu." Shi Yan had arrived early in the morning and was prepared to pick up Lord Fu to the branch office. He still had a meeting with the Mu clan in the afternoon.

He saw Qin Shu turn around and walk to the right after the call ended.

He followed her slowly.

The infirmary was not far from the apartment. It was only a ten-minute walk.

Qin Shu brisked walked. The infirmary had just opened when she arrived.

The school doctor was a woman in her thirties and knew Qin Shu. When she saw that she had arrived early in the morning, she asked, "Are you unwell?"

Qin Shu said, "I'm here to buy medicine."

"What medicine? Cold medicine?"

It was easy to catch a cold with the cold weather. Recently, many students had come to buy cold and fever medicine, so naturally the doctor thought that she had caught a cold.

"... No." Qin Shu was embarrassed to say what medicine she actually wanted.

"Then what medicine is it?"

Qin Shu walked to the counter and hesitated for a long time before saying three words, "Birth control medicine."

The doctor was surprised at first, but then she thought it was normal. There were many college students living together now, so it was right to take precautions.

"Let me get it for you."

The doctor took out a box and handed it to Qin Shu. "Eat it according to the instructions."

"Okay." Qin Shu paid first, then she grabbed the medicine and stuffed it into her pocket. She turned around and walked out.

On the way back to the apartment, when she passed by the trash can, she took out the medicine box and looked at the instructions on it.

Shi Yan had been following her closely. Doubt flashed across his eyes when he saw Qin Shu walk out of the infirmary and stop in front of the trash can.

After reading the instructions, Qin Shu opened the medicine box and took out the birth control pill. She opened one and put it into her mouth and swallowed.

Chapter 497: It was all a lie. He didn't want to give it up because of love

It took her a while to swallow the pill without water.

Qin Shu threw the medicine box into the bin after taking the pill.

When Qin Shu was far away, Shi Yan walked over and looked at the trash can. The bin was already emptied by the cleaner this morning. The disposable bag in the trash can was also new. So the bin was relatively clean.

Shi Yan glanced at Qin Shu who had already walked far away and looked at the trash can again. After thinking for a while, he bent down and reached his hand into the trash can. There was nothing inside but a cardboard box. When he took it out. It was the medicine box Qin Shu threw just now.

He glanced at the words on the cardboard box and frowned.

At this moment, his phone rang. He held the cardboard box in one hand and reached into his pocket with the other. It was Lord Fu.

He hesitated and answered the call.

“Where did she go?” The man was already dressed neatly. He stood at the entrance of the apartment intending to go out.

“Lord Fu, Madam Fu... went to the school’s Infirmary.”

“She’s ill?” The man’s expression tensed up when he heard that. He also blamed himself. How could he not see that she was sick?

“... She’s not ill.”

The man breathed a sigh of relief when he heard that. “Has she come back yet?”

“Madam Fu is already on her way back. Lord Fu, Madam Fu is...” Shi Yan looked down at the cardboard box in his hand, unable to speak.

It was obvious that Qin Shu did not want Lord Fu’s child by taking birth control pills. To Lord Fu, this was not only deceit, it will also hurt.

If he did not tell him, it was tantamount to lying to Lord Fu. Fourth Master had never known that Qin Shu had been lying to him.

How could he tell him?

Hearing Shi Yan stutter, Fu Tingyu frowned. “What’s wrong with her?”

“Lord Fu, Madam Fu went to the school infirmary to buy...” Shi Yan pursed his lips. “Birth control pills.”

Fu Tingyu suddenly tightened his grip on his phone. He couldn’t believe his ears. “Say it again. What pills did she buy?”

Shi Yan spat out three words with difficulty. “Birth control pills.”

...

When Qin Shu returned to the apartment, she saw the man standing at the entrance of the apartment as if he was waiting for her.

She walked over and stood in front of the man. She raised her head to look at him. Perhaps it was because of Han Xiao’s punch, but his expression didn’t look good.

“When did you wake up? Are You Hungry? Let’s Go Eat...”

Before Qin Shu could finish her sentence, the man interrupted her. “Where did you go?”

Qin Shu paused. “I went to the infirmary.”

“Did you go to buy medicine?” The man continued to ask. His expression was unreadable. It seems like he was just asking a very simple question.

However, it did not sound like that to Qin Shu. Perhaps it was because she felt guilty and thought that the man knew that the medicine she bought at the school’s infirmary was birth control pills.

“Why aren’t you answering?” It was apparent that his voice sounded colder this time round.

Qin Shu stunted for a while before replying. “I was planning to buy medicine. I only found out after, that school’s infirmary didn’t carry the medicine I wanted. So I didn’t buy them.”

“There aren’t even birth control pills in the school’s infirmary?”

The man’s voice turned completely cold, as did the surrounding air.

Qin Shu was shocked. How did he know that she wanted birth control pills?

Her heart began to panic.

“Brother, sister-in-law, it’s time for breakfast.”

Fu Tingyan saw his brother standing at the entrance of the apartment with Qin Shu. He thought that they were having a private conversation. After shouting, he walked into the dining room.

Fu Tingyu took a few steps forward and closed the distance between them. He had been looking forward to the arrival of their child when she said that she is willing to have his child. In the end, it was all a lie.

Perhaps everything was a lie from the start.

“Since you want to lie to me, why don’t you lie to me more thoroughly? Can’t you hide it from me that you didn’t want my child and is taking birth control pills? I’d rather suspect that I’m having issues than know that you’re taking birth control pills just to not have my child.”

The man’s voice was cold, and the corners of his lips curled up with a self-deprecating smile.

“I’ve been looking forward to the arrival of our child. I’ve been looking forward to grooming him to take over my position. This way, I’ll have plenty of time to accompany you. I’ll accompany you wherever you go. No longer will there be a need for us to be separated. You will be able to do whatever you liked.”

“It’s all just a joke to you isn’t it. Only I am immersed in working towards that goal.”

The man laughed out loud, as if he was laughing at himself. His laughter was bitter and self-deprecating.

It was the first time Qin Shu saw such an expression on the man’s face. Her heart ached so much that she couldn’t breathe. She stretched out her arms and hugged the man tightly.

“It’s not like that. I really do want a child. I took the birth control pills for a reason. Don’t think too much about it. I didn’t lie to you. I really didn’t lie about what I promised. There will be a child. We will definitely have a child.”

Fu Tingyu looked down at the girl who was hugging him. She said it with deep affection. How could he not take it seriously?

No matter how true it sounded, it was still a lie.

“Babe, do you think I will still believe what you said?” He chuckled. “Of course there will be a child. You wouldn’t be able to escape unless you have the ability to take the pills right under my nose.”

Qin Shu was in a daze and didn’t quite understand the meaning of the man’s words.

“Babe, you are mine. Don’t think of leaving, unless I die.”

Hearing the last sentence, Qin Shu’s heart suddenly hurt. The man’s pale face, the cold touch, and the appearance of losing his heartbeat involuntarily appeared in her mind.

Her limbs turned cold just thinking of that.

“Don’t say the word ‘die’. I don’t allow you to say this word. I have never thought of leaving you. I have really never thought of it.” Her voice became hoarse, as if there was a thorn stuck in it. Even breathing hurts.

“Even if I die, I don’t want to let you go.” The man’s eyes were filled with dark paranoia.

The man pried her hands away. He took a few steps forward but stopped suddenly.

At this time, the sun had already risen. The bright, beautiful sunlight shone down on the man’s body. Even the warm sunlight could not soften him.

“But I can’t bear to bring you into the darkness.”

The man stood against the light and narrowed his eyes. Who knew what the hell it would be like in the underworld? How could he bear to let her go with him.

Qin Shu looked at the man’s tall and straight back and thought of what the man in her previous life had said. Even if he knew that he could not live, he will persevere and hang on; and yet, he could not bear to bring her along with him.

Her heart aches everytime she is reminded of that incident.

She didn’t want to think about that scene, and she didn’t want to recall it either. It was because she was afraid. She was really afraid.

He retracted his gaze and walked away.

Shi Yan had been waiting not far away. The car door was already open. He watched as Lord Fu walked over with even steps and got into the car. Only then, did he close the car door, got into the driver’s seat, and drove away.

Chapter 498: It’s all because of Her, Was this the Reason why You Married Him?

She only reacted when the man got into the car. The position of her heart had been pressed down, and the pain was unbearable.

“Qin Shu, why don’t you come in for a meal?” Fu Tingyan walked out and looked around. “Where’s my brother?”

"He's gone." Qin Shu turned around and walked in.

"Gone?" Fu Tingyan withdrew his gaze in confusion and followed her in.

Qin Shu sat in front of the dining table with a bowl of porridge in front of her, but she had no appetite. She picked up her chopsticks and ate casually.

Just like what the man said, she didn't want the man to know that she had a miscarriage because she had taken medicine. Because of the miscarriage, they couldn't sleep together for a month. The pregnancy would definitely have an impact on the baby.

Since she wanted to hide it from him, why did she still give herself away and make him sad?

"Qin Shu, What's wrong with you?" Fu Tingyan felt that Qin Shu was acting weird. Did she have a quarrel with his brother?

"Nothing," she replied.

"Do you look like you're fine? Did my Brother bully you?"

Qin Shu tilted her head and looked at Fu Tingyan. "How could he bully me?"

"That's true," Fu Tingyan smiled. "My brother spoils you too much. How could he bully you? Bullying me is more like it."

Thinking back to the time when the man used to bully Fu Tingyan, the corners of Qin Shu's mouth twitched. She wanted to laugh, but her mood was really bad, so she wanted to laugh but didn't.

Jiang Yu couldn't help but laugh at him. "I didn't see that your brother would bully you?"

Fu Tingyan didn't want to talk about being scolded by his brother.

However, Jiang Yu said, "In the past, I was especially envious of you having your brother's protection. He can help you whenever you got into trouble. Your Brother is very strong, and it seems that there's nothing that he can't solve. I also used to idolize him very much, so you asked me to call him 'brother' with you. Your Brother actually agreed. At that time, I was really happy. In the end, when I got into trouble, it was your brother who settled it."

Hearing this, Fu Tingyan was a little proud. "Of course my brother is good."

Ye Xue glanced at Jiang Yu and whispered, "You were quite naughty when you were young."

Jiang Yu turned his head to look at her. "What did you say?"

"Nothing." Ye Xue lowered her head and continued eating the porridge.

Qin Shu smiled. Fu Tingyan was indeed very strong, so strong that he was omnipotent.

However, ever since he met her, he had a weakness and also gave others a chance to take advantage of him.

Now, he even lost his force.

Qin Shu only ate a small bowl of porridge before returning to her room. She sat in front of her desk and stared at her computer in a daze for a while. She didn't do anything.

When she thought of the stuff of the school anniversary, she still had to go to the student union.

She stood up and walked out of her room.

She walked to the student union for about half an hour.

On the way, she took out her phone and sent a message to Fu Tingyu. Then, she put away her phone and continued walking.

Not long after she walked out of the apartment, she saw Han Xiao walking towards her. She stopped in her tracks. She did not know what to say to someone who had always treated her as another person, someone he liked.

Perhaps, at that time in the mountains, if her glasses were not broken, or he had not seen her appearance, he would not have thought that she was Little Munchkin, and there would not have been so much trouble.

Han Xiao had come to Qin Shu and Fu Tingyu today. When he saw her, he stepped forward and stopped in front of her. He said, "Last night, I did not mean to hurt him. His force has always been above mine."

Qin Shu said, "Because of me."

Han Xiao asked, "What do you mean?"

"He became like this because he saved me."

"So you agreed to marry him?"

"Of course not."

Han Xiao was stunned. "Did he force you to marry him?"

Qin Shu pursed her lips. In the beginning, it was the man who forced her to marry him.

Seeing that Qin Shu was silent, Han Xiao suddenly clenched his fist. "I knew he forced you. He doesn't like you at all, but he still forced you to marry him. He did it on purpose."

Qin Shu retorted, "It isn't. You don't understand him, that's why you think like this..."

Before she could finish, Han Xiao interrupted her. "You think he saved you because he liked you? So you're so moved that you think you can forgive him for forcing you to get married?"

She had already seen the angry Han Xiao from last night. The current Han Xiao was no less angry than last night.

However, he felt injustice because of the Little Munchkin, and his anger was also because of the Little Munchkin.

He thought that the girl he liked had married his junior brother, and that was why he was so angry.

“You’re so angry because of the Little Munchkin, and you’re so angry because of the Little Munchkin, because you like her.”

Han Xiao was startled.

Qin Shu slowly said, “You don’t know what happened between him and me. At first, I wasn’t willing, but now I love him.”

Qin Shu said this without any hesitation.

Hearing Qin Shu say that she loved someone else, Han Xiao pressed her shoulders in disbelief, with his voice rose. “I don’t believe. I don’t believe that you would love him. You must have been deceived by him.”

Qin Shu pushed away the hand on her shoulder. “Han Xiao, I’m not a child. I know how I feel about him.”

“That’s because you don’t remember what happened on Qi Mountain. Do you remember what you said?”

“I’m not Little Munchkin, so of course I don’t have her memories.”

Han Xiao’s hand tightened and loosened. “Do you think that Fu Tingyu didn’t lie to You? Do you really know him?”

“I’ve been with him for a few years, so of course I know him. At least I know him better than you.” Qin Shu paused. “I still have some matters to deal with at the student union, so I won’t chat with you now.”

After saying that, Qin Shu turned around and brushed past Han Xiao, walking straight to the student union.

Han Xiao looked Qin Shu’s back as she left. He looked for a long time. In seven years, had she really changed?

Did he the only one who stayed in the original place?

No, during these seven years, as he grew older, he finally understood that he liked her, and it was different from the feelings between friends.

This was also the reason why he had been so persistent in trying to find her.

However, the little girl who had been clinging to him, saying that she wanted to be his girlfriend, had already forgotten about him.

Han Xiao stood where he was and looked at her. It was only when she walked into the student union building that he slowly withdrew his gaze and returned to the dormitory.

After returning to the dormitory, he sat in front of his desk, took out a cigarette from his pack, and lit it up.

Hua Wuyan opened the door and walked into the dormitory. He could smell the strong smell of smoke. He did not smoke, so the smoke was too strong. He could not help but cough twice. He glanced at the

dozen cigarette butts in the ashtray and frowned. "Brother Han, what's wrong with you? You smoke so much?"

Han Xiao moved the cigarette away. "Ling Yan is Fu Tingyu. I met him last night."

"Met him again? Why did he come here?" Hua Wuyan thought of something. "Could he be Fu Tingyan's brother? Their names are similar. The name he used on the mountain is Ling Yan, it looks like his younger brother's name."

"Not only that, he is also Qin Shu's husband." Even if Han Xiao didn't want to admit it, that was the truth.

Chapter 499: Did Fu Tingyu who erase the memory of Little Munchkin? I did not like you.

"Oh." Hua Wuyan had just started playing when he did not react. He immediately exclaimed, "Really?"

"It's registered." Han Xiao took another puff of his cigarette.

Hua Wuyan was stunned for a few seconds. "That's why you just sat in the dormitory and smoked?"

"She never thought of herself as Little Munchkin," Han Xiao said.

Hua Wuyan pulled over a chair and sat in front of Han Xiao. "Wait, how did she and Ling Yan get together? She doesn't like Ling Yan, and it's impossible for Ling Yan to like her."

Han Xiao said, "He forced her to get married."

"What does Ling Yan mean? Why did he force her to get married even though he doesn't like her? Does he feel comfortable when two people who don't like each other get together?"

"I'll go to ask her." Hua Wuyan stood up. Before he even took a step, he heard Han Xiao say, "She said she loved him."

Hua Wuyan's footsteps paused. He turned around to look at Han Xiao and sat back down on the chair.

"Could she be lying?"

Han Xiao turned to look at Hua Wuyan. "I also hope that she was lying to me. She lied to me because she was angry."

"Then could it be because Ling Yan forced her to say?" The more Hua Wuyan thought about it, the more likely it was. "Ling Yan must have been holding a grudge because of what Little Munchkin said back then. Then, he met her again and forced her to get married. Could it be considered as an act of revenge?"

Han Xiao continued to smoke and did not speak because he did not believe it at all.

Seeing that Han Xiao did not speak and continued to smoke, he tried to ask, "Brother Han, have you given up?"

"No."

After searching for seven years, how could he easily give up?

"If she remembers, she might regret it and leave Ling Yan." Hua Wuyan said.

Han Xiao stopped smoking.

“Why did Little Munchkin not remember what happened on the mountain?”

Hua Wuyan sighed, “It was such a happy time on the mountain. It would be a pity to forget. And brother Han, back then, master joked that you should marry Little Munchkin as your wife.”

After Hua Wuyan mentioned it, Han Xiao also remembered what the master said.

Hua Wuyan added, “But you said that you treated Little Munchkin as your sister.”

Han Xiao said, “How old was I at that time? I didn’t understand at all.”

Hua Wuyan suddenly sat up straight and looked at Han Xiao, “Could it be that Ling Yan erased Xiao Budian’s memories on the mountain?”

Han Xiao turned his head to look at Hua Wuyan, forgetting to smoke.

“Have you forgotten? There seems to be a kind of hypnosis technique that can erase the memory in people’s mind.” Hua Wuyan’s voice weakened, “However... There are no more hypnotists in this world who can do that.”

Han Xiao’s eyes that had just lit up dimmed again, and he continued to smoke.

...

...

Qin Shu was busy at the student union for the whole morning until she was hungry. She took a look at the time and realized that it was already one o’clock.

After she finished cleaning up, she stood up and walked out. There should still be some food in the canteen at this time.

There weren’t many people in the canteen at this time.

Qin Shu finished picking up the food and found a relatively empty seat with a tray.

Yan Jing ate later today. After she finished picking up the food and found a seat, she saw Qin Shu sitting in a corner and eating.

The student union was spreading the news that Lan Qi, the vice president of the student union, had suddenly left because of Qin Shu.

In the past, no matter how Lan Qi caused trouble, no one would do anything to him.

But this time, because of Qin Shu, he had left. It was too unbelievable.

She thought for a while, walked over with a tray, and sat down across from Qin Shu.

Qin Shu was eating casually. When she saw someone sitting across from her, she looked up and saw that it was Yan Jing. She lowered her head again and continued eating the food in front of her.

Yan Jing tightened her grip on her chopsticks and asked tentatively, "Qin Shu, do you know why Lan Qi suddenly left?"

Qin Shu looked up. "Do you want to know?"

Yan Jing smiled gently. "Yes, I'm just curious."

"Go ask him yourself." Qin Shu lowered his eyes and continued eating. She was not in the mood to talk to Yan Jing at all.

Yan Jing frowned and looked unhappy. Who was she putting on such an ugly face for?

"Don't you know that the student union is saying that Lan Qi left because of you?"

"So what if he did? So what if he didn't?" Qin Shu replied without raising his head.

Yan Jing tightened her grip on the chopsticks in her hand. "Qin Shu, I didn't provoke you, right? Why are you speaking so rudely?"

"I don't like you."

"What do you mean?"

"Don't you know what I mean?"

Yan Jing was just trying to get some information out of Qin Shu. When she heard Qin Shu's sharp words, she looked at the plate in front of her and sneered in her heart. She had asked for it this time.

She suddenly stood up and picked up Qin Shu's hand. With the other hand, she picked up the plate in front of Qin Shu and poured it on herself. All the food fell on her white dress, the dining table, and the floor. The oil stains were everywhere.

She let go of Qin Shu's hand and threw away the chopsticks in her hand, exclaimed, "Qin Shu, what are you doing? I just want to discuss the school anniversary with you. Do you have to pour food on me?"

All of this happened in an instant.

Qin Shu sat there and watched Yan Jing's performance coldly.

Yan Jing's voice was neither loud nor soft. It was just enough for the people at the side to hear her and look at them.

Xu Qin was a good friend of Yan Jing. She had just entered the canteen and saw that Yan Jing was being bullied, she hurriedly went up to defend her. "What's wrong with you? Do you think you're so great just because you've entered the student union and become the head of the planning department? Without using the back door, would you be qualified to become the head of the planning department?"

Yan Jing pulled on Xu Qin's arm and gently advised, "Xu Qin, stop talking. It's not good if everyone hears you."

"Why can't I say? She even dared to pour food on you. Who knows what she might pour next time?" Xu Qin pointed her finger at Qin Shu again, she snorted coldly. "You're just a freshman. How can you

compare to Yan Jing who entered the Student Union and sat in the position of Deputy Minister for two years? If you didn't use the back door, how could you be promoted to this position?"

Regarding Qin Shu suddenly entering the student union and becoming the Minister of the planning department, there were also some people discussing behind her back, saying that she had used the back door to get there.

"Is She Qin Shu? The head of the planning department threw food at the vice head. You can easily tell that she is not an easygoing person. She only dares to do this because she has a backer."

"Yan Jing has been the vice head of the planning department for nearly two years. Even if the head of the planning department were to be replaced, it should be Yan Jing. There is no way that it would be a freshman."

"She has a backer. Otherwise, why would she suddenly appear?"

"She only dares to be so arrogant because she has a backer." Xu Qin pointed at Qin Shu and said, "Apologize to Yan Jing now."

Yan Jing held Xu Qin's hand and hid the smug smile on her face. "Xu Qin, forget it. She might be in a fit of anger."

When the surrounding students saw that Yan Jing was so easy to talk to, they all stood up for her.

"How can we forget it? She should apologize for dirtying Yan Jing's dress."

"She has to apologize. What's so great about having a powerful backer?"

"I just can't stand you guys bullying the weak just because you have a backer. Quickly apologize."

Chapter 500: Transforming flower into cauliflower. An unexpected result.

Qin Shu coldly glanced at the group of fools and suddenly stood up. Her icy gaze looked through the flat lens at Yan Jing, without the slightest weakening.

Yan Jing was swept by the icy gaze, and a chill ran down her spine. She felt an inexplicable sense of fear.

The surrounding crowd, who were watching the show, saw Qin Shu stand up and thought that she was preparing to apologize. For a moment, they all quieted down and waited for her to apologize.

Her voice was cold as well. "You poured the food yourself, but now you poured dirty water on me. You like to pour the food on yourself so that everyone will sympathize with you. I can't accept this injustice and let you gain more sympathy."

Yan Jing didn't understand what Qin Shu meant. She was about to retort, but she was shocked.

Qin Shu picked up Yan Jing's food and put it on her head. The soup and oil from the food dripped from her hair to her white neck. The greasy food went through her collar. Her chest and back were filled with oil.

Her pure white clothes turned yellow. The food went from her head to her body. There were oil droplets on her bangs.

Everyone present was stunned.

Xu Qin was also shocked by the sudden action, she could not speak for a long time.

Qin Shu directly threw the tray on the dining table. Looking at Yan Jing's disheveled appearance, she laughed. "That's fair. It's also enough for everyone to sympathize with you and fight for you. These leftovers are quite suitable for you."

After saying this, Qin Shu looked at Xu Qin and then looked at the onlookers who were fighting for Yan Jing, she smiled again. "I poured the food just now. You can continue saying what you said just now and continue to fight for her. As for apologizing, didn't you say that I have a backer? Then why should I apologize?"

Qin Shu sneered and turned around to leave. She felt depressed but felt much more comfortable venting it out. She had never felt so happy before. It was even better than revealing what Yan Jin really did.

Instead of opening her mouth, it was better to take action. In any case, she did not want to suffer any losses.

Qin Shu suddenly thought of this sentence and felt that it was very familiar.

She walked out with light steps, leaving only the stunned fools behind.

Qin Shu's action directly shocked everyone. No one had expected Qin Shu to do such a surprising thing.

Their gazes were all fixed on Yan Jing. At this moment, she could no longer recognize herself because the food and oil soup were all on her hair and face. It was as if she had just crawled out from the garbage heap. To be more precise, it was even more embarrassing than crawling out from the garbage heap.

Although they sympathized with her, some people could not help but laugh.

"The flower of the department has turned into a cauliflower, haha..."

"A cauliflower, haha..."

Yan Jing's face and body were covered in yellow oil stains. It looked somewhat similar to a cauliflower.

Yan Jing was so angry that her face turned green. Even if she did not look at herself in the mirror, she knew what she looked like now. She had never thought that Qin Shu would do this.

Right now, she couldn't care about anything else. She just wanted to return to the dormitory as soon as possible, take a shower, and change her clothes.

She ignored those classmates who were laughing at her, ran out of the canteen while covering her face.

On the way back to the dormitory, Yan Jing ran with the greasy food and food. It could be said that, for every student passing by, the possibility of looking at her was 100%. There would also be some students who couldn't help but laugh at whether she had just crawled into the trash can.

Yan Jing was mocked all the way back to the dormitory. She ran straight into the bathroom, took off all her clothes, and hurriedly turned on the shower.

Because she was so angry, she forgot that what would be flowed out was cold water, it rushed down from her head. It was so cold that she shivered and let out a curse, "Even the water is against me."

After a while, warm water flowed out. She took a shower, washed her hair, and took a shower.

However, her hair was not easy to clean because the food was stuck to it, and it was not easy to get rid of. She tried it several times, almost tore her hair off.

Yan Jing was a delicate young lady. When her hair was pulled, the pain almost made her cry.

After she finished showering, she looked at the mirror. Because she had washed for a long time, her fair skin had turned red, and her eyes were red.

She had never been so humiliated before. It was all Qin Shu's fault.

She gritted her teeth. The hatred in her eyes made her face contort. She would make Qin Shu pay for what she had done today.

...

Fu Tingyu was meeting with the Mu family today to discuss about cooperation. He had come in person because they were relatives.

The person he was meeting with was the head of the Mu family, Mu Nianzhi, who was also his uncle.

He was eighteen years older than him, but he looked like he was in his thirties. He was handsome, rich, and charming.

As for his grandparents, they had long been traveled to an unknown country. His parents had also gone to live a carefree life.

Mu Nianzhi took a sip of tea. "Why are you thinking of opening a branch company in the Imperial Capital? I asked you to come before, but you didn't."

"I came when I wanted to. This is the proposal for the collaboration this time. Uncle, take a look at it first." Fu Tingyu handed the proposal in his hands to Mu Nianzhi.

Mu Nianzhi put down the teacup and picked up the contract to read. As he read it, he said, "You don't seem to be in a good mood. Did anything happen?"

"No." Fu Tingyu was indeed in a bad mood today, and it couldn't be worse. He propped up his forehead and wanted to bring her to live on the island. Although the island wasn't heart-shaped, it was meticulously prepared by him.

When he realized that his father had prepared an island for his mother, he was only seven or eight years old. He also wanted to buy the island.

In the end, someone gave him an island that was very close to the heart-shaped island.

Mu Nianzhi called Fu Tingyu a few times, but he did not answer. He knocked on the table and said, "What are you thinking about?"

Fu Tingyu came back to his senses and replied, "I want to go on vacation."

Mu Nianzhi put down the proposal and said, "I'm going to the island for a vacation in a few days. Do you want to go with me?"

Fu Tingyu glanced at him and thought for a while before saying, "I will decide later."

"I want to go and make a phone call. I just looked at the plan and it's a good idea. Let's follow the plan."

Mu Nianzhi knew Fu Tingyu's ability. He didn't lack money and connections, and the reason why they cooperated was that the location was Imperial City. That was why he had brought the Mu family along.

"Alright, I'll leave first." Fu Tingyu stood up and was about to leave.

Mu Nianzhi stopped him. "Wait a minute."

Fu Tingyu stopped his steps. "Uncle, is there anything else?"

Mu Nianzhi laughed. "It's already lunchtime. Let's have lunch together."

If Mu Nianzhi didn't remind, Fu Tingyu would have almost forgotten about having lunch. He nodded. "Okay."

Of course, Mu Nianzhi was the one who had come to the Imperial City to treat him to a meal.

The restaurant was also operated by the Mu family, number 10 of the restaurant with over a hundred-year history.

During the meal, Fu Tingyu was somewhat absent-minded. He didn't even see the pop pepper in the dish. He realized eating something spicy after eating it. He picked up a cup of warm water on his right hand and drank a few mouthfuls to relieve the spicy sensation in his throat.

Seeing this, Mu Nianzhi asked, "Are you in a relationship?"

Only the Old Madam and Fu Tingyan knew about Fu Tingyu and Qin Shu officially got marriage. No one else knew.
