Chapter 561: Wanted To Kiss Him, Working Hard On Making Babies

“What are you doing?”

Bo Ye felt the bed sink in, she instinctively grabbed his hand and opened her eyes suddenly, she looked at Fu Tingyan who was so close to her, as they were too close, she could smell the medicinal liquor on him.

When Fu Tingyan sparred with him yesterday, he fell, mainly because there was some water on the ground and it turned slippery.

Fu Tingyan fell as he wanted to grab him.

The injury was on the side of his waist.

In the end, it was he who helped Fu Tingyan apply the medicinal liquor.

Fu Tingyan’s wrist was suddenly grabbed by him, his body leaned forward and pulled at the injury on his waist, it was a little painful.

It made his body fall a little lower, and he almost touched the quilt.

He lowered his eyes and found that he was very close to Bo Ye. They were so close that he could see his long eyelashes quivering slightly.

He could even smell the light fragrance on Bo Ye, it smelled very nice.

He chuckled. “What do you think I am doing? You are not a girl, do you think that I’ll take advantage of you in the middle of the night?”

As they were too close, he could feel the hot air spewing out of Fu Tingyan’s mouth.

Bo Ye glanced over uncomfortably, revealing his fair and slender neck and his exposed collarbone, there was a red mark on his fair neck.

“Then why did you come to my bed?”

“You dropped your quilt, I am here to cover you with it.” Fu Tingyan’s gaze fell on the red mark on his neck, was this a hickey?

Jiang Yu had mentioned that it was a hickey.

Bo Ye lowered his head and saw the quilt on him had slipped to his chest, so he had misunderstood Fu Tingyan.

Fu Tingyan’s gaze had been fixed on the red mark on Bo Ye’s neck, he stretched out his well-defined finger in doubt and touched the red mark.

“When did you get a girlfriend? She even left this for you?”

Fu Tingyan couldn’t help but comment.

Bo Ye was stunned at first, then he moved his head slightly in, he tilted his head to look at Fu Tingyan and said in a cold voice, "I didn't get a girlfriend."

Fu Tingyan frowned. "If you didn't get a girlfriend, where did the red mark on your neck come from?"

"What Red Mark?" Bo Ye stretched his hand to his neck in confusion and touched the spot Fu Tingyan had touched earlier.

He suddenly remembered that when he was showering earlier, he had misjudged his strength and rubbed too hard on the spot when he was showering, that was why it turned red.

"This isn't a hickey," he denied.

Fu Tingyan asked, "Then what is it?"

He felt Fu Tingyan's body pressing on the quilt, he was more than 1.8 meters tall and his weight was very heavy.

"Get up first before you speak."

Fu Tingyan smiled awkwardly. "My waist hurts, you pulled it just now."

Regardless of whether he pulled it or not, his waist really hurt.

When Fu Tingyan mentioned his waist, Bo Ye felt a little guilty, things started because of him.

"Let me help you up."

Fu Tingyan simply waited for Bo Ye to help him up, he felt that it was only right for him to do so.

Bo Ye first crawled out from the quilt under him, then, he held Fu Tingyan's arms with both hands and lifted him up.

The two of them leaned very close together.

Fu Tingyan supported himself with his hands on the bed and tried to sit up, he looked at Bo Ye and smelled his fragrance.

He could not help but ask, "Why does you smell so good?"

Bo Ye said, "I don't have the habit of using cologne."

"No?" Fu Tingyan moved closer to him and took a sniff, as they got closer, the fragrance became stronger.

Bo Ye picked up his phone and looked at the time, it was only a little past five o'clock, he could still sleep for two hours.

"Aren't you going back to sleep?"

Fu Tingyan looked at Bo Ye and his gaze fell on his lips, they were very nice and his mouth was small.

Before he could finish his thoughts, he was patted on the shoulder. "You're not going to sleep?"

Fu Tingyan came back to his senses and looked at Bo Ye, he was stunned, what was going through his mind?

“Of course I’m going to sleep.” He covered up his awkwardness, supported his waist with one hand and slowly stood up, then, he returned to his bed and spent some time lying down.

His waist was injured, it was really inconvenient.

Bo Ye looked at Fu Tingyan walking with one hand on his waist, it was very easy for anyone to misunderstand.

When he laid down, he realized that the lights were not switched off, he turned to look at Bo Ye. “Turn off the lights.”

Bo Ye stood up and went to turn off the lights, the room instantly fell into darkness.

He then went back to his bed in the dark and slept.

The room fell into silence once again.

Fu Tingyan laid on the bed and thought about when he saw Bo Ye’s lips, he had the urge of kissing him, why?

They must have been together for too long and he had an illusion.

It must be.

He closed his eyes and went to sleep, no longer thinking about those things.

..

Qin Shu woke up before seven in the morning, she was woken up by a kiss from someone.

She opened her eyes and looked at the man in front of her, his eyes were clear and bright, and she knew that he had long woken up.

“Are you going to the branch office today?”

The man’s slender fingers caressed her forehead and tucked her hair behind her ear. “No, I’m going to accompany you today.”

His voice was a little hoarse in the morning, but it sounded really nice.

Qin Shu snuggled into his arms. “I’m too lazy to go to class today.”

When the man heard that, a glint flashed across his dark eyes. “Then let’s make babies.”

He was really looking forward to the arrival of the children that belonged to him and Babe.

Perhaps he was even more eager to know that she was serious about him.

He was very eager to know.

At the man’s request, they were in the room and did not come out until eleven in the morning.

And it was because they were hungry, very hungry.

Qin Shu took a shower and changed into tracksuit, she looked very comfortable, holding to her phone, she leaned against the wall by the side and sent a message to Ye Xing.

Then, she held her phone tightly and watched the man change the bed sheets.

He had grown up in a wealthy family and had never done anything like changing the bed sheets, so his actions were somewhat clumsy.

His movements were elegant and pleasing to the eye.

After changing the bed sheets, the old bed sheets were directly thrown into the washing machine, there was no need to bother about it.

After the man changed the bed sheets and tidied them, he stood up and looked at the bed he had made and felt quite satisfied.

He turned and looked at the girl, she hadn't eaten in the morning, so she was probably hungry.

He walked over and said, "Shi Yan's lunch should have been delivered by now, let's go down and eat."

"Okay." Qin Shu's legs were a little weak, looking at the man's energetic appearance, this was the difference.

She followed the man out of the room. It was very quiet outside, they should have gone to school by now.

Shi Yan held the food he had ordered and pushed the door open on time, when he saw his master and madam coming downstairs one after another, he quickly walked to the dining table and took out the food one after another from the lunch bag, then, he placed them on the dining table.

He then set the bowls and chopsticks.

The man brought the girl to the dining table and sat down.

Qin Shu was so hungry that her stomach was pressed against her back, when she saw the food in front of her, she started eating with her chopsticks.

Fu Tingyu picked up his chopsticks and slowly ate the food in front of him.

Fu Tingyan had asked for leave of absence to rest at home these two days, due to his waist injury, when it was lunch time, he was hungry, so he came out of his room and waited for Bo Ye to bring him food.

When he walked downstairs, he saw two of them sitting at the dining table, he was a little surprised.

Chapter 562: His Brother Got A Women And Forgot About Him, Han Xiao Is Here

When did his brother and Qin Shu come back?

How come he didn't know?

Fu Tingyan held his waist and walked slowly to the dining room, he sat on one of the chairs and looked at his brother, he called, "Brother, sister-in-law."

Fu Tingyu glanced at the spot where his brother was holding. "What happened to your waist?"

Fu Tingyan felt a little embarrassed when the injury on his waist was mentioned, he quickly withdrew his hand and placed it on the table. "I fell down by accident."

When Fu Tingyan called her sister-in-law, she stopped eating, he only called her sister-in-law when in front of his brother.

Thinking of how he grew up wearing dresses when he was young and that he was tall and handsome now, and how he resembled his brother, no one would ever think that he grew up wearing dresses.

She couldn't help but wanted to laugh. "Did you go to the hospital to have a check-up?"

Fu Tingyan looked at Qin Shu and realized that she was smiling at him. The smile made him feel that Qin Shu was laughing at him, but with his brother around, he couldn't say anything.

"Bo Ye applied the medicinal liquor for me, it'll be fine in two days."

Fu Tingyu glanced at his brother. "Gu Yan is here, let him come and have a look later."

Fu Tingyan said nonchalantly, "Brother, it's just a minor injury, there's no need to trouble brother Gu."

At this moment, Bo Ye walked in with lunch, when he saw the three people at the dining table, he was stunned, then he continued to walk to Fu Tingyan and placed the lunch box in his hand in front of him.

Today, he encountered some incident, so he was delayed for a while, the food was late in delivery.

"Why are you back so late?" Fu Tingyan picked up the lunch box in front of him, took out the food, and opened them one by one.

"I was delayed because of something." Bo Ye sat down next to Fu Tingyan.

Fu Tingyan just asked casually, seeing that he answered, he was satisfied, he picked up the box of rice and glanced at the food in front of his brother.

Shi Yan had ordered the food in a high-class hotel, which was totally different from the food in the college cafeteria.

So, he reached out with his chopsticks, picked up his favorite sweet and sour pork ribs, and put them into his mouth to eat.

Shi Yan had ordered a lot this time, enough for three to four people to share.

Fu Tingyu glanced at his brother's actions and didn't say anything, he reached into the food box with his chopsticks, picked up the last two pieces of sweet and sour pork ribs, and put them into his wife's bowl.

Qin Shu glanced at the two extra sweet and sour pork ribs in the bowl, then looked at the man, she grinned at him, revealing her two small teeth.

Her husband was so thoughtful.

When the man saw the girl revealing her two canine teeth, red lips and white teeth, this made him want to kiss her.

Fu Tingyan watched as his brother put the last two sweet and sour pork ribs into Qin Shu's bowl, he took a bite of the sweet and sour pork ribs, then he realized that his brother had a wife now and had forgotten about him.

He had always kept the pork ribs for him to eat!

Bo Ye shot a glance at Fu Tingyan and his gaze fell on the sweet and sour pork ribs next to his mouth, then, he saw Fu Tingyan's brother placed the last two pork ribs into Qin Shu's bowl.

Ugh! ! !

He liked sweet and sour pork ribs?

After Fu Tingyan finished eating the pork ribs, he recalled that he wished to learn martial arts, he raised his head to look at his brother. "Brother, where did you learn martial arts before?"

Qin Shu heard this and looked up at the man, she had never heard him talk about martial arts, so she was rather curious.

Fu Tingyu put down his chopsticks and looked at his brother. "Qi Mountain, I'm afraid you can't go there to learn martial arts now."

Fu Tingyan couldn't help but ask, "Why? How did you go there in the first place?"

"Qi Mountain disappeared." Fu Tingyu paused. "I just couldn't find the entrance."

"The entrance can disappear? Doesn't that mean I can't go in if I want to?" Fu Tingyan was a little disappointed, he wanted to learn martial arts.

Fu Tingyu pondered for a while and said, "I guess master has set up the eight trigrams array at the entrance of Qi Mountain, so we can't find the entrance, however, father knew how to break the array."

Eight trigrams array?

Qin Shu took a bite of the ribs and chewed, her mother had told her about the eight trigrams array and had told her the key to break the array.

As she was too young, she couldn't remember it clearly, moreover after all these years, she had almost forgotten all about it.

"Father?" Fu Tingyan felt hopeless, his father had taken his mother somewhere for sightseeing.

Whether or not they would come back for the new year celebration was a question.

Bo Ye was silent when he heard that.

Fu Tingyu said, "You don't have to go to Qi Mountain to learn martial arts."

Fu Tingyan asked, "Then where to?"

Fu Tingyu thought of a person whose martial arts strength had already shot passed the peak, it was possible for him to enter a even higher level.

"If you really want to learn, I'll send you to Uncle Ye."

“Uncle Ye? where is he?”

Fu Tingyan had seen Uncle Ye once when he was very young, but he had not seen him since, his whereabouts were mysterious, and it was very difficult to find him.

Fu Tingyu said, “Crimson Spirit knows.”

He had seen Crimson Spirit before, Fu Tingyan asked doubtfully, “Isn’t Crimson Spirit at Mom’s place?”

“Not anymore.”

“Could it be with you? If we could find uncle Ye, does it mean that I can go and learn martial arts?”

Fu Tingyu thought for a while and said, “During winter break, if you wish to go and learn martial arts, I’ll contact Uncle Ye.”

“I’ve already decided. I’ll go during winter break.” Fu Tingyan’s tone was unprecedentedly certain.

Fu Tingyu stared at his younger brother for a long time, seeing that he was determined, he said, “Then I’ll contact Uncle Ye in advance.”

“Okay.” Fu Tingyu replied and turned to look at Bo Ye, wanting to pull someone along to accompany him. “Do you want to go together?”

Fu Tingyu’s gaze turned to the boy sitting next to his younger brother. It seemed that he and his younger brother had a very good relationship, his brother had a particularly good relationship with Jiang Yu, other than that, he had not seen any other boy that was close to him, he could not help but took a few more glances at him.

Bo Ye raised his head to look at Fu Tingyan, after thinking for a while, he said, “Let’s go.”

“Then let’s go together.” Fu Tingyan’s lips lifted up, he thought about Jiang Yu, he wondered if he wanted to go?

Fu Tingyu reminded him, “If you go during the break, you won’t be able to celebrate the new year at home.”

His younger brother had never gone on a long trip, much less celebrated the new year out on his own, he was afraid that he wouldn’t be able to adapt to it.

“But brother you went to learn martial arts for three years, and spent three new year outside on your own, if you can do it, I would be able to adapt to it too.”

Fu Tingyan just wanted to go and train himself so that he could become stronger, just like his brother.

Fu Tingyu saw that he insisted, so he did not say any more. “Up to you.”

“Thank you, Brother.” Fu Tingyan knew that his brother would not interfere too much with what he wanted to do.

Fu Tingyu looked at his younger brother for a moment, next year, his younger brother would come of age, he would be an adult. He sighed at how time passed so quickly

He remembered that when he was young, he wore skirts and ran behind him. In the blink of an eye, he was already grown, he was not much shorter than him.

Shi Yan walked in from outside and said, "Mr Fu, Mr Han is here."

Fu Tingyu's eyes froze, he had guessed that Han Xiao would come look for him.

Just as Shi Yan finished speaking, Han Xiao's tall and slender figure walked in from outside and came into the dining hall.

Fu Tingyu tilted his head and saw Han Xiao walking over, he was as cold and aloof as usual, he smiled faintly. "Senior brother came to look for me, is there anything you need?"

Chapter 563: Showing Affection In Front Of Him, Han Xiao Was Jealous

Qin Shu stopped eating the ribs and raised her head to look at the man walking towards her, it was Han Xiao.

She was stunned, then she put down her chopsticks and looked at him.

Han Xiao stood in the dining room and looked at Qin Shu with his dark eyes, he had not seen her for the past few days and could not contact her, this made him a little panicked, he was afraid that she would suddenly disappear again, after he found her with such great difficulty.

Now that he saw her, his heart calmed down.

After looking at her for a while, he turned to Fu Tingyu. "Let's have a drink."

Fu Tingyu said, "Senior is treating me to a drink, sure, I'll accompany you."

After saying that, he turned to look at the girl, said in a doting voice, "I won't get drunk this time. I'll bring you a strawberry cake when I come back."

Qin Shu glanced at Han Xiao, then her gaze turned to the man and nodded. "Okay."

Fu Tingyu then stood up and walked towards Han Xiao.

When they stood face to face, the two of them were almost the same height, and their bodies were tall and slender.

Fu Tingyu asked, "Senior, where do you want to drink?"

Han Xiao said, "The Childless Abode."

The Childless Abode was a restaurant that filled with ancient flavor, and it was famous of its wine, Bamboo Green.

Fu Tingyu readily agreed. "Okay."

Two tall figures walked out of the apartment one after another.

Qin Shu watched their backs as they left, and she felt a little uneasy. Han Xiao had always treated her like she was Little Munchkin, what kind of relationship did he have with the Little Munchkin?

Could it be that Han Xiao was infatuated with Little Munchkin?

Fu Tingyan watched his brother and Han Xiao leave. "Qin Shu, did my brother and Han Xiao know each other? I heard my brother call Han Xiao Senior."

Qin Shu raised her eyebrows and looked at Fu Tingyan. "Why did you call me by my name after your brother left, and no longer call me sister-in-law?"

Fu Tingyan said, "We are both freshmen, do you think it's appropriate for me to call you sister-in-law?"

Qin Shu felt that it was time to have a good talk with him. "Why is it not appropriate? Even if I'm two years younger than you, as long as I'm your brother's wife, you would have to call me sister-in-law, not to mention that I'm two years older than you."

Fu Tingyan pursed his lips and was at a loss for words, Qin Shu was telling the truth.

The issue was his brother was very protective towards her.

Seeing that he did not answer, Qin Shu continued, "You're a wimpy in front of your brother, I think the nickname Little Wimp suits you very well."

Little Wimp?

Fu Tingyan hated this nickname that Qin Shu gave him.

"When you held a wedding with my brother and let everyone know that you're my brother's wife, then I'll call you sister-in-law."

"Don't worry, it will be soon." Qin Shu picked up her chopsticks and continued eating, she would wait for Fu Tingyan to call her sister-in-law willingly.

Fu Tingyan stared at Qin Shu for a long time, if it was in the past, she would have wanted to divorce his brother soonest possible, but now, things had changed a lot.

"You didn't want my brother to know that you have followed him, did you? Why did you come back together?"

At the mention of this, Qin Shu felt a little helpless. "I didn't want him to know, but unfortunately, he caught me."

Fu Tingyan nodded thoughtfully.

Bo Ye, who had been silent all this time, suddenly asked, "Are you afraid of your brother?"

Fu Tingyan glanced at Bo Ye and said in a more serious tone, "I'm not afraid, I'm just being respectful."

Bo Ye nodded to show that he understood.

"I'm going to class." Bo Ye looked at the time and realized that it was almost time for class, so he stood up and left the apartment.

Fu Tingyan glanced at Bo Ye's figure and his gaze fell on his waist, as he was wearing loose clothing, his waist could not be seen.

But he had seen his slim waist with his own eyes. "He's too thin, there was not much flesh on his waist."

Qin Shu lifted her head to look at Bo Ye, he was indeed very skinny among the boys, "It's very discouraging for him if you say that in front of him."

Fu Tingyan said, "He's so shy and coy like a woman, and I can't say anything? Every morning, he locked the bathroom door from the inside, when you get closer to him and touched him, he would freak out."

This made him almost suspect that he was a woman.

Qin Shu thought for a while and said, "Maybe it has something to do with his personality, he doesn't like others to get too close, it would be better when we get familiar with him."

Fu Tingyan pursed his lips and did not say anything.

Childless Abode

In the Shanhai Pavilion, light incense filled the air.

In the middle of the room was a square table, on it were four signature dishes and a pot of Bamboo Green.

Fu Tingyu sat on one of the chairs, his slender fingers picked up the wine cup in front of him and took a sip of wine.

Han Xiao's dark eyes looked at Fu Tingyu, recalling the interaction between him and Qin Shu before, his eyes darkened a little.

"I know she's Little Munchkin, not only because of her eyes and brows."

Fu Tingyu picked up the wine pot by the side and poured himself a cup of wine, he put down the wine cup and looked up at Han Xiao, "Even if she's Little Munchkin, what does senior want to do?"

Han Xiao did not bother about Fu Tingyu's vague answer, as he had already determined that Qin Shu was Little Munchkin.

"I want to know what had she encountered exactly? Why couldn't she remember what happened on the mountain?"

He had someone investigated events surrounding Qin Shu in the past few years, he also found her father, Qin Hai, and her stepmother and stepsister.

Only then did he know that she had not been living well these past few years, her father did not care about her and sometimes even beat her up.

There were still many things that he did not know, as these had happened for quite some time, it was impossible to discover all in a short period of time.

Thinking of this, his hands clenched into fists, he suppressed his anger and blamed himself for not finding her earlier.

Fu Tingyu said, "Then senior asked the wrong person, not to mention that whether she is Little Munchkin or not, I don't even know what she has encountered in the past either."

When he said this, his gaze turned colder. "She is my wife, I think senior's actions are a little too much."

After hearing the last sentence, Han Xiao's hands on the table were clenched tightly, he stared at Fu Tingyu's handsome face, he needed lots of self-control, so that he would not punch him.

"So What?" Han Xiao's voice was cold. "If I'm not wrong, she doesn't remember what happened on the mountain was your doing, right? You clearly didn't get along with her in the past, so how could you like her? You must have some kind of motive for marrying her."

"After so much has been said, senior was jealous of me, right? Jealous that I can have her? Jealous that I'm now her husband?"

Fu Tingyu paused. "How would an outsider like you understand my feelings for her?"

Han Xiao pursed his lips, seeing Qin Shu together with him and their intimate interaction, he was indeed jealous, he was jealous of why Fu Tingyu could be by Qin Shu's side.

But more than that, his heart ached.

His heart ached for her encounters in so many unpleasant things, yet he wasn't by her side, shielding her from the storms.

He wanted to know more about what she had encountered, what else?

Why didn't she remember anything on the mountain?

There were too many questions waiting for him to resolve.

"So, you admit that she doesn't remember what happened on the mountain, it was actually you who did it, didn't you? I've heard that hypnotist master can erase a person's memories, you wanted Little Munchkin to forget about me, so you got someone to erase her memories, right?"

Chapter 564: The Uneasiness Of The Two, Accident

Han Xiao spoke with agitation, mainly was because of his anger.

He never expected that when he met his junior, he would do such things to Little Munchkin.

He was even angrier, that he would erase Little Munchkin's memories.

For Han Xiao's questioning, Fu Tingyu was not angry, he quietly looked at Han Xiao, then he spoke, "I've never done such a thing, whether you believe it or not, she is now my wife, we lived in harmony as husband and wife, and were also very loving, I hope that senior would maintain a distance with my wife."

Living in harmony?

Very loving?

Han Xiao looked at the smug expression on his face, it made him feel that Little Munchkin did not remember what happened on the mountain was definitely his doing.

“Right now, she couldn’t remember what happened on the mountain, if she remembers, do you think you can keep her?”

Hearing Han Xiao’s decisive words, it was as if once she remembered what happened on the mountain, she would leave him.

Fu Tingyu clenched his wine cup tightly, thinking about her leaving him, his heart felt as if it was hollow.

“Whether she is Little Munchkin or not is still unknown, even if she is, she is still my wife and she will stay by my side.”

As Fu Tingyu was excited, his tone could not help but became heavier.

Han Xiao was not willing to be outdone. “When she remembers, we will know if she is still willing to stay by your side.”

Little Munchkin had said that she would want to be his girlfriend.

As she had amnesia, she had forgotten this matter.

However, he had always remembered, always remembered these words.

Fu Tingyu suddenly stood up, his hands pressed on the dining table in front of him, his pitch-black eyes stared at Han Xiao as he said one sentence after another, “Then sorry to have to disappoint senior, she loves me very much, and will not leave me.”

After he finished speaking, he raised the wine cup and brought it to his mouth, raised his head and swallowed the wine with one gulp.

Then, he placed it on the dining table with force and turned to leave.

“I’ll let her remember me.”

Fu Tingyu had just walked to the door when he heard Han Xiao’s words from his back. He paused, then he immediately walked out.

Han Xiao watched Fu Tingyu’s back as he left, his hands clenched into fists, he originally wanted to have a proper conversation with him, but he could not control his temper.

He had to make sure that Little Munchkin remembered what happened on the mountain.

In that way, she would remember him, and remember what happened between him and her.

..

Fu Tingyu left the Childless Abode. Although it was already past mealtime, there were still many guests, he stood at the entrance and raised his head to look at the sun above, his thoughts were somewhat complicated.

Especially after hearing Han Xiao’s words, he couldn’t help but feel a bit scared.

Shi Yan had been waiting in the car the whole time, when he saw his master come out, he hurriedly got out of the car and opened the car door to wait for him.

Fu Tingyu looked at the busy streets, time really passed by quickly. In the blink of an eye, seven years had passed, he had thought that he would no longer meet anyone from before, but he met them again.

But Babe was his, he wouldn't allow anyone to snatch her away from him.

Not even Han Xiao.

No one.

He retracted his gaze and walked to the car, his tall figure sat into the car.

Shi Yan closed the car door, turned and sat in the driver's seat, he started the engine and drove back to the Imperial College.

Fu Tingyu sat in the back seat with one hand on the car window, he looked out the window.

When they passed by a dessert shop, Fu Tingyu asked Shi Yan to stop the car, he pushed open the car door and got out, his long legs strode into the dessert shop.

"Welcome. Our desserts are fresh and delicious. Please feel free to browse." The salesperson stood by the side with professional smile on her face, her voice was sweet.

When she saw the man who came in, she was stunned by his good looks.

Oh mine, what a handsome guy!

She hurriedly went up to him, not letting go of the chance to talk to the handsome guy.

"Sir, what kind of dessert do you like? I can recommend something." The Salesperson's eyes lit up.

Fu Tingyu looked at the glass counter, he originally wanted to buy a strawberry cake for her, but the words that came out of his mouth became, "I want a strawberry cake and a mousse cake."

Now that his love rival appears, he couldn't let his guard down.

He had to make his wife happy.

The Man's voice was deep and magnetic.

He was so handsome, and even his voice was so pleasant.

"The strawberry cake had sold out. Sir, if you could wait for a while. I'll get someone to make it."

"Okay," Fu Tingyu replied, he walked straight to the glass counter and looked at the various desserts placed in the glass counter.

The salesperson walked briskly to the back of the counter.

"There's a handsome man outside who wanted a strawberry cake. Hurry up and make one."

"I'll make it?" The baker walked over and started to prepare for the strawberry cake, the ingredients were all ready, so it was quick to make.

“The handsome man outside is really handsome, I didn’t expect such a handsome and charming man would eat strawberry cake, put in two more strawberries,” the shop assistant couldn’t help but remind her colleague.

“How do you know he eats it himself and not for his girlfriend?” The baker said while making strawberry cake.

“Ah! ! !” The shop assistant sighed. “Such a handsome man, his girlfriend must be very beautiful to be worthy of him.”

“No matter how handsome he is, he is not yours, whether his girlfriend is beautiful or not, it’s none of your concern.” The baker handed the strawberry cake to her. “Here, it’s done. I’ll make a few more.”

The shop assistant curled her lips and walked out with the strawberry cake.

Walking to the counter, she opened the glass door and took out the fresh mousse cake, she wrapped them in two exquisite boxes and handed it to the handsome man in front of her.

“Sir, the strawberry cake and mousse cake that you asked for are ready.”

She couldn’t help but look at him, how could there be such a handsome man?

Fu Tingyu took out his wallet, took out his card, and handed it to her with a dignified manner.

The sales assistant took over the cashier’s job directly, after swiping the card, she handed the card back to the man in front of her.

“We look forward to your next visit.”

Fu Tingyu put away his card, held the shopping bag and looked at the cakes in the bag, thinking of how the girl would crave when she saw them, he could not help but smiled, then turned and walked out.

The sales assistant saw the man’s smile and was stunned, such a handsome, rich, good-looking guy, and with a good figure, he was just too perfect.

..

Gu Yan rested in the apartment for a few hours. Then, he asked Ji Fei to drive him to the Imperial College to check on her pulse, he wanted to see how she was recovering?

Should he blend some Chinese medicine for her to supplement her body.

If he could let Fu Tingyu become a father sooner, he might not have been over thinking.

Just as Gu Yan was thinking about it, Ji Fei suddenly stepped on the brakes, causing him to lean forward due to inertia, he almost bumped into the seat in front of him.

“Mr Gu, I’ve hit someone. I’ll go down and have a look.” Ji Fei unbuckled his seatbelt, pushed open the door and get out of the car.

Gu Yan heard that he had hit someone, afraid that something bad would happen, so he got out of the car as well.

“What happened?” Gu Yan walked over and saw Ji Fei holding onto a woman, her leg seemed to be injured.

Ye Xing did not know what happened either, she suddenly felt dizzy and was then hit by a car by accident, nothing could be worse than this.

When the dizziness subsided, she saw the two men in front of her whom she had met before, she was stunned again.

Seeing that she was injured, Gu Yan instructed, “Ji Fei, help her into the car.”

Chapter 565: I Can See It Now, You Just Want Me To Carry You?

“Yes, Mr Gu.” Ji Fei held the woman in his arms and walked towards the car.

Ye Xing came to her senses and waved her hand to reject, “No need, I can walk by myself.”

After saying that, she struggled free from Ji Fei’s arms and walked away.

As her right foot had been hit by the car real hard, it was very painful when she used her strength, and she was limping as she walked.

Gu Yan frowned, the stubbornness of the women reminded him of Qin Shu, she was also a very stubborn woman.

He strode over, grabbed her wrist, and lifted her up, he walked to the car door. “Your leg is injured, so don’t be stubborn. I’ll drive you to wherever you want to go.”

Although Gu Yan did not have any martial arts strength, he was about 1.8 meters tall, so his physical strength was not weak, moreover the woman in his arms was not heavy, she was a little bit better than Qin Shu.

Although Ye Xing had lost her memory, she had never been carried by a man before, now that she was suddenly carried by a man, she was stunned.

Then, she raised her head and looked at the man who was carrying her, his face was like an exquisite jade piece, gentle and refined, it would be fitting to describe him with these words.

Just as Ye Xing was mesmerized by the beauty in front of her, Gu Yan put her into the car, then closed the car door, walked around the back of the car, and got into the car from the other side.

This was the second time Ji Fei had seen his master carried a woman, and he could not react in time, when everyone had gotten into the car, he hurriedly sat into the driver’s seat and drove away.

Ye Xing sat in the car and did not feel uneasy, she tilted her head to look at the man who had carried her into the car.

As she was dressed as a man previously and was now dressed as a woman, moreover Gu Yan did not pay attention to her, so he did not recognize her for the moment.

He opened the medical box by the side and said, “Show me the injured area, I wish to see if it’s serious, do you want to go to the hospital?”.

Ye Xing sat there without moving, she had been hit just now, so her knee must have torn skin and bruised.

But to her it was not serious.

Gu Yan took out the disinfectant and ointment, when he turned and saw that she did not move, he thought that she was embarrassed or that she might think he had some ulterior motive.

He explained, "Don't think too much, I'm a doctor, you were hit by my car, and I should treat your wound."

"Oh." Ye Xing looked at her leg, she was wearing pencil pants, and it was difficult to roll up her pants, unless she took off her pants, otherwise she could not see the injury on her knee.

She looked up at Gu Yan. "Should I take off my pants? Otherwise, we can't see the injury."

Take... take off her pants?

Gu Yan was shocked by her word, he looked at her injured leg, wearing pants like this, it was indeed difficult to roll up the bottom of the pants.

He was also a little hesitated, it was definitely not a good idea for a woman to take off her pants in front of him.

He raised his head and looked at the woman, she had an oval face, her features were rather good-looking, he just felt that he had seen her somewhere before.

He thought of the people he had seen and suddenly remembered the two men who had saved him.

She looked very much alike the man in the car, except that one had long hair and the other had short hair.

Was this a coincidence, was there some kind of relationship between the two?

"Where are you planning to go?"

Ye Xing said, "Imperial College."

"I happen to be going to the Imperial College as well, I'll treat your injuries when we get there."

Gu Yan put the disinfectant, ointment, and other things back into the medical box.

After putting it away, he closed the medical box and asked her, "Are you a student in Imperial College?"

"No." Ye Xing looked at the man in front of her, was he going to look for Qin Shu as well?

As she had received a message from Qin Shu earlier, saying that she was now in Imperial College and that she could go there to look for her.

Gu Yan glanced at her, she did not look old, at most twenty-three or twenty-four years old.

"Then do you work in the Imperial College?"

Ye Xing thought for a moment and said, "I had a job."

Had a job?

Gu Yan's first reaction was to think that she had dropped out of school at such a young age to work, he thought it was a pity that she did not go to school despite her young age.

When they reached Imperial College, Ye Xing wanted to get off the car.

"I can get off at the school gate."

Gu Yan said, "Let's go in together, I'll treat your injury."

Ji Fei drove the car all the way into the college campus.

Ye Xing watched the car drove in, she thought of Qin Shu and continued, "My injury is not serious, no treatment required, just drop me off at the intersection in front."

Ye Xing's actions showed that she was putting on a brave front in Gu Yan's eyes, "Girls, don't put on a brave front, you can't even walk properly, how can I just leave you here?"

Gu Yan's tone was the same as usual, but Ye Xing felt warmth for some reason when she heard his words.

She tilted her head to look at Gu Yan, she had seen a lot of handsome men, but she felt that he was different from the others.

Gu Yan looked at the time, he took advantage of Fu Tingyu's absence to check on Qin Shu's pulse, if he was late and Fu Tingyu had returned, he would definitely ask.

Ji Fei parked the car in front of the student apartment, took the lead to open the car door and get out, he went to the back and opened the car door.

Gu Yan got out of the car and looked at the woman inside. "You can get out too, after treating your wound, I'll ask Ji Fei to send you to wherever you want to go."

Ye Xing thought for a while and got out of the car, she held the car door and stood up straight, she could not use any strength because her right foot was injured.

Gu Yan looked at the woman's right foot and raised his head to look at Ji Fei. "Carry her inside."

Ji Fei had just walked over when Ye Xing waved her hand and rejected. "It's okay, I can walk on my own."

Ji Fei glanced at his young master, he can't do a thing if she did not want him to carry her.

Gu Yan watched her take two steps, not only was she slow, but he also felt that he was a little irresponsible.

He took two steps forward and directly lifted her up, then walked towards the apartment, just like before, he did not give her a chance to refuse.

The moment she was lifted, Ye Xing subconsciously reached out and wrapped her arms around Gu Yan's neck, she did not expect to be lifted up by this man again, for a moment, she did not know what to say.

Even though he was clearly a gentle and refined young man, there were times when he would have his own way?

Ji Fei carried the medical box, watched his young master took the initiative and followed him in.

Qin Shu was sitting in the living room waiting for Gu Yan, when she heard the door open, she turned and saw Gu Yan carrying.... Ye Xing in?

What was going on?

Gu Yan saw the confusion in Qin Shu's eyes and walked straight to the sofa, he placed Ye Xing on the sofa and explained, "Our car accidentally bumped into her on the way here, so I brought her here and I'll treat her injuries, I'll ask Ji Fei to send her out later."

"Oh." Qin Shu looked at Ye Xing, still a little confused, Ye Xing had combat skills, how did she get hit by a car?

Ye Xing shrugged. I didn't know it was such a coincidence.

Gu Yan sat next to Qin Shu, he first looked at her complexion and found that she looked pretty good.

"Let me check your pulse first."

Ji Fei walked over at this time, opened the medical box, took out the diagnosis pad, and handed it to Gu Yan.

Qin Shu reached out her hand, showing her slender wrist, and put it on the pad.

Chapter 566: He Wanted To Take On Responsibility, The Man Returned

Gu Yan placed two fingers on Qin Shu's pulse and began to check on her pulses.

Ye Xing looked at Gu Yan, his expression was very serious when he checked on pulses, as if he was automatically shielding himself from external interference.

Were his medical skills very good?

Could her amnesia be cured?

Gu Yan frowned. "The chill in your body is still quite heavy, eat less raw and cold food, I'll prescribe some medicine later."

Chill?

Qin Shu recalled her diet during this period of time, she didn't eat raw food, other than being locked in the cold storage, she hadn't caught any cold.

"Where did he go?" Gu Yan withdrew his hand and put the medical pad back into the medical box.

"He went to drink with Han Xiao, I don't know when he'll be back."

Qin Shu withdrew her hand and put down her sleeve, she couldn't help but worry when she thought of the fight they had when they went out together previously.

Gu Yan had never heard of Han Xiao and thought he was someone from the business world, it was normal for him not to know so he didn't ask any further.

He thought of the woman sitting next to him, he turned sideways and looked at her leg, he reached into the medical box and took out a pair of scissors. "I'll cut your pants so that I can treat your wound better."

After he said that, he held the scissors in his hand tightly and cut her pants above the knees.

Gu Yan did not have any martial arts strength, but not only was he skilled in traditional Chinese medicine, he was also an expert in surgery, so he was very good with scalpels.

His medical skills were passed down by his father by words of mouth, and he was also very talented in this area.

Before Ye Xing could react, her pants were cut, revealing the part of her knee.

The injury on her knee was the most serious, a large piece of skin had been rubbed off, and the tender flesh could be clearly seen.

Gu Yan took a look at the injury on her knee, it was just as he had expected, he took out disinfectant and ointment from the medical kit and began to treat her wound.

His movements were skillful, after all, she was a girl, he was afraid of hurting her, so he used very light strength.

Ye Xing was actually not afraid of pain, so when she saw Gu Yan bandaging her wound, she felt that he was too gentle, as a person, and as was his skills.

After the bandaging was done, Gu Yan let out a sigh of relief, seeing that there was a hole in her pants, he was a little embarrassed. he turned and asked Qin Shu, "Do you have any pants for her to wear?"

"Yes." Qin Shu looked at Ye Xing. "Follow me to the bedroom."

Ye Xing nodded. "Okay."

Qin Shu stood up, walked to Ye Xing's side, and helped her up to the second floor.

When they reached her room, she first went to look for a pair of pants for Ye Xing, she was about the same height as Ye Xing, and their waist was about the same.

She found a new pair of pants and handed it to Ye Xing.

"How come you are injured?" Qin Shu asked in confusion.

When Qin Shu was looking for pants, Ye Xing took off her pants.

She took the pants, as she put them on, she said, "I don't know what happened either. I was standing at the corner when I suddenly felt dizzy, and then I got hit. Fortunately, it wasn't serious, I wanted to leave, but he insisted on treating my wound, he looked very gentle, but when he carried me, he wasn't gentle at all."

Qin Shu was a little surprised after hearing that, but she helped Gu Yan to explain, "He might be feeling guilty, after all, it was his car that hit you, so he wanted to take on responsibility."

As for forcefully carrying Ye Xing, she was also quite surprised.

"I thought it was due to this reason so I didn't insist on leaving, and I followed him here."

Ye Xing put on the pants and felt a little tight, the main reason was that Qin Shu's waist was too slender, although her waist was also very slim but compared to Qin Shu's waist, it was still a bit thicker.

"You can stay in the capital for the time being, there are many single apartments for rent nearby." Qin Shu took out a card from her bag and handed it to Ye Xing. "Take these money and use them for the time being."

Ye Xing glanced at the bank card and then at Qin Shu, she saved her life and gave her money, although she had lost her memory, but there were still people who would treat her so well.

She was really touched.

She hesitated for a moment before taking the card from Qin Shu's hand. "I will get a job, then I'll return the money to you."

Qin Shu said indifferently, "There's no rush, everyone has their difficult times."

Ye Xing felt warmth in her heart, she clenched the card in her hand and asked Qin Shu, "Then how about you introduce me to a job in the Imperial College?"

Qin Shu thought for a moment. "Sure. I'll go to school tomorrow. I can help you ask."

"Okay." Ye Xing smiled and put away the bank card.

"Let's go downstairs."

"Okay."

Qin Shu helped Ye Xing out of the room and then went downstairs.

When they went upstairs, Gu Yan started preparing the medicine, he used Chinese medicine, which was more effective than Western medicine.

Fu Tingyu returned at this moment, carrying a shopping bag in his hand, his slender figure walked into the living room and saw Gu Yan, preparing medicine, a hint of doubt flashed in his eyes.

Could it be that Babe was sick?

He strode over. "Is she sick or injured?"

Gu Yan was preparing medicine and was shocked by Fu Tingyu's question, mainly because of his guilty conscience.

As he knew too much.

He held the medicine in his hand and raised his head to look at Fu Tingyu, after thinking for a while, he said sheepishly, “She’s not sick or injured, I just prescribe some tonic for her so that you can become a father soon.”

Fu Tingyu let out a sigh of relief. “Why didn’t I know that one has to take Chinese medicine for nourishment in pregnancy preparation?”

“It’s definitely better than not taking any tonics.” Gu Yan retracted his gaze guiltily and looked at the medical box, continuing to prepare the medicine.

Qin Shu helped Ye Xing down at this moment, when she saw the man standing in the living room, she looked at Gu Yan, he wouldn’t have noticed anything?

She continued to help Ye Xing down and went straight to the sofa.

Fu Tingyu saw the girl and handed her the bag in his hand as if he was presenting a treasure. “I bought you strawberry cake and mousse cake.”

As he had been controlling her diet and restrict her from eating dessert before, even if he bought strawberry cake, he would only buy one but this time, he bought two.

Qin Shu liked strawberry cake and mousse cake, but they were both sweet, so the man bought two at one go this round, made her a little surprised. “And mousse cake. I can eat to my heart’s content.”

Seeing the satisfied expression on the girl’s smiling face, the man felt like he had eaten mousse cake himself, it was very sweet.

Qin Shu took the bag and sat down at the sofa, she took out the two servings of cake, picked up the strawberry cake first, and began to eat it with the transparent spoon.

Fu Tingyu sat beside the girl with a straight posture, he tilted his head and looked at the girl eating, it was really no different from when she was a child.

When Ye Xing first met Fu Tingyu, she felt that such a man would be very difficult to get close to, he was like a high and mighty king with a noble temperament.

His eyes were cold and fierce, and his long and narrow brows and eyes were filled with hostility, it showed that he was ruthless and cold.

However, when she saw the interaction between him and Qin Shu, she felt that her observation earlier was wrong.

She looked at Gu Yan. “I’m leaving.”

Gu Yan stopped her. “Wait a minute.”

Ye Xing stopped in her tracks and turned to look at him.

Chapter 567: What Do You Like About Qin Shu? You Are Not Mr Fu If You Don’t Take Advantage

Gu Yan reached into his pocket and searched, he took out a business card after a while and handed it to her: “This is my business card, if you felt uncomfortable at any time, you can come and look for me.”

He was afraid that the girl may get hurt in other places, so he wanted to give her a business card, otherwise, it would be difficult to find him.

Ye Xing took the business card and her gaze fell on the card, the card surface was silver, and she could feel the texture of the business card, it should be platinum.

Professor of Hanbo Medical School: Gu Yan

Followed by contact information.

With the contact information, it would be easier to find him next time.

“Thank you.” Ye Xing smiled at him, put away the business card, and turned to walk out.

Gu Yan ordered, “Send her to wherever she wants to go, her leg is injured, please take care of her more.”

“Got it, Mr Gu.” Ji Fei accepted the order and followed her, looking at the woman in front of him, he thought for a while and reached out to support her. “Young master asked me to send you.”

Ye Xing did not refuse, as her leg was injured, it was indeed a little inconvenient.

Gu Yan watched Ji Fei send the woman away before he retracted his gaze, he saw the two people opposite him, one was responsible for eating, and the other was responsible for watching, the scene was warm and harmonious.

Just before May, he thought, Fu Tingyu was still anxious and angry, his unrequited love, made him always on the verge of exploding, but he couldn't do anything about Qin Shu at home.

And in the blink of an eye, December arrived. Fu Tingyu's temper was somewhat restrained, he seemed to have become a little kinder, he would smile more often, although he mostly smiled at Qin Shu, it was much better than before.

In the past, whenever Qin Shu was mentioned, his face would be gloomy.

Now, even if there were some grudges in his heart, when he mentioned her, his gaze would unconsciously become gentle.

This was a change observed by a friend who had known him for more than 20 years.

Qin Shu ate two servings of cake very quickly, in a short while, she finished them all and was still a little unsatisfied.

The man's gaze fell on the corner of the girl's mouth, there was still some white cream left, he reminded her, “There's still some left at the corner of your mouth.”

Qin Shu heard this and took out a tissue to wipe the corner of her mouth.

The man was one step ahead of her, he lowered his head and kissed her.

Looking at the handsome face that was gradually magnified, Qin Shu was stunned.

Gu Yan, who was sitting across from her, was stunned when he saw them, this was the first time he had seen Fu Tingyu and Qin Shu kissing.

It was just that Fu Tingyu's head was blocking, so he couldn't see the details.

He was like a 'light bulb', a megawatt light bulb

He was also stuffed with 'dog food' (figure of speech).

Why can't they do it elsewhere and let him, a lonesome dog, live in peace?

After a long time, the man moved away and said, "Brush your teeth after you finished desserts, be careful not to get tooth ache."

"I'll brush my teeth." Qin Shu's face was slightly blushed, she stood up and walked to the bathroom.

The man looked at the girl's back as she left, the way that she blushed was so cute that he couldn't get enough of her.

He suddenly realized that if he could see her blushing every day, smiling at him, hugging her to sleep at night, and waking up to see her face first thing in the morning.

He really could give up everything, compared to conquering the business world, he would prefer seeing the girl's smiling face.

Suddenly thought of Han Xiao, the smile on his face gradually disappeared, and his eyebrows unconsciously furrowed.

"I'm stunned." Gu Yan suddenly asked him, "Let me ask you a question."

Fu Tingyu retracted his gaze and looked at Gu Yan. "What question?"

"What exactly do you like about Qin Shu?"

Gu Yan had always wanted to know how much he felt for her that he was willing to sacrifice even his life for her, for a woman who did not like him, he was still willing to suffer.

The Qin Shu from before was really nothing special, she was timid and feeble.

He thought that Fu Tingyu would like a women who knew all or a cold and elegant woman.

In the end, it was the total opposite.

Fu Tingyu recalled the past and thought about a lot of things between him and her, after a long time, he said, "I liked the way she put her hands on her hips and pretended to be fierce, I also like her stubborn personality, I like the way she sleeps in my arms and look so very sweet."

"I don't know exactly what I like about her, I just like her, it doesn't diminish with time, instead, as time goes by, I like her even more."

In fact, he didn't even know when he started to like her.

Maybe it was when she gave him a candy, it was strawberry-flavored and tasted sour.

The first time he ate sour candy, he almost spat it out because he couldn't eat any of it.

At that time, she seemed to have guessed that he would throw it out, so she put her hands on her hips and said fiercely, "If you dare to spit it out, I won't give you any candy in the future."

How could he be someone who lacked candy?

But at that time, he really didn't throw it out, just continued to frown and ate the sour candy.

Maybe it was after Han Xiao left.

Or maybe it was even earlier.

Gu Yan touched his nose and said, "Is this called falling head to toe over?"

Fu Tingyu glanced at Gu Yan and did not refute.

Gu Yan did not stay in the apartment for long and left some medicine, it was not much.

During dinner

Ye Xue and Jiang Yu came back together, when they saw the two people on the sofa, they were stunned at first.

Ye Xue let go of Jiang Yu's hand and ran directly to Qin Shu, as she was in love, her smile was especially sweet.

"Qin Shu, you're finally back. I'll cook tonight and make something delicious for you."

Hearing that Ye Xue was going to cook, Qin Shu began to miss her cooking. "Sure, I've wanted to eat your home cooked food for a long time."

Fu Tingyu tilted his head to look at the girl, heard her voice full of anticipation, if he could cook, would the girl also be looking forward to him cooking for her?

Thinking of the girl looking at him with anticipation, he decided to learn cooking and cook for her in the future.

"Then I'll go prepare dinner now." Ye Xue put her bag on the sofa and turned to go to the kitchen.

Jiang Yu looked at Fu Tingyu and called out, "Brother."

"Hi." Fu Tingyu replied.

In front of Jiang Yu and Fu Tingyu, Fu Tingyu had always been quiet and reserved, abstinent, noble, and cold.

In front of Gu Yan, he would say a few more words.

In front of Qin Shu, he had no bottom line, he would take advantage of her whenever he could, when he could use his mouth, he would not move his hands.

Jiang Yu admired and worshipped Fu Tingyu, he had always wanted to be a powerful person like him.

Fu Tingyu thought about going to the branch office the next day, so he wanted to be alone with the girl, he turned to look at the girl. "Let's go upstairs."

"Okay." Qin Shu put on her shoes, stood up, and went upstairs with the man.

Jiang Yu watched Fu Tingyu and Qin Shu leave hand in hand, after thinking for a while, he turned and went to the kitchen to look for his Xiao Xue.

On the second floor, the sky was completely dark.

The lights were on in the room.

The man held the girl in his arms and sat in front of the desk, he lowered his chin to touch her hair, he held the phone in his hand, the video on screen was the girl playing and singing the song by herself.

Although he had taught the girl how to play the piano, he did not teach her much.

Just listening to the piano music, it did not sound like it was played by a novice, it felt more like a professional.

Chapter 568: A Table Full of Affection. The Difference Between a Man's Waist And a Woman's Waist

His fingers moved up and down skillfully, and his gestures were very graceful.

He looked down at the person in his arms. The girl's head was slightly lowered, and her seaweed-like hair hung down as she lowered her head. She was holding a phone in her hand, but he couldn't see what she was doing.

The man's slender fingers reached out and tucked her long black hair behind her ear. He saw that there was a message on the phone screen.

It was from the mental hospital. Qin Hai had been clamouring to see her, saying that he had something to say to her.

The mental hospital was annoyed by the noise, so they sent a message to Qin Shu, wanting her to come over and take a look.

Qin Shu looked at the content of the message and thought of what Qin Hai had done. She hated it. If it weren't for the fact that they were related by blood and thinking of her mother, she would have made Qin Hai disappear from this world.

When he saw that his wife was troubled by this matter, the man frowned. It was time for Qin Hai to be quiet.

So in private, he called Ye Liang and asked him to go to the mental hospital to deal with Qin Hai. He didn't want him to bother his wife.

The man's slender fingers took out the phone from her hand and placed it on the desk in front of her.

Qin Shu looked at her empty hands and then at the man.

He tightened his arms and hugged the person in his arms tightly.

“Bao’er, you learn to play the piano very quickly. You’re even better than those professional students who have studied for a few years.”

The man’s voice was low, as if he was complimenting her, but also as if he was puzzled.

At that time, Qin Shu only wanted to play the music composed by the man, so she neglected that she was still at a half-baked stage with the piano in the man’s eyes.

This video was enough to show her proficiency in the piano.

She tilted her head and looked at the man. “When I have nothing to do, I will practice secretly. Plus, I have my husband’s famous teacher to guide me, so my progress is very fast.”

But the man thought that it was because Bao’er was smart.

Looking at the girl’s bright eyes, he lowered his head and kissed the girl’s eyes. “Bao’er has talent in this area, or else she wouldn’t be able to learn so quickly.”

When she heard the man praise her, Qin Shu couldn’t help but laugh.

Let’s just take it as having talent in this area.

During dinner, six of them sat around the dining table.

Ye Xue made a lot of dishes today. There were meat dishes, vegetarian dishes, and yam rib soup.

Just by smelling the fragrance, one could tell that it was delicious.

Because of Fu Tingyu, the atmosphere at the dining table was serious and tense.

Qin Shu looked at the table full of dishes and she couldn’t help but exclaim, “I find that Ye Xue is getting better. She can cook a table full of dishes in such a short time. She has all the colours, smells, and tastes. Her dishes are comparable to a chef.”

“I think that Ye Xue’s cooking is really good too.” Fu Tingyan looked at the table full of dishes and looked at Jiang Yu. “You will have a good meal in the future.”

Jiang Yu couldn’t even tell the difference between oil and salt. He was quite proud that Ye Xue was so capable.

Ye Xue blushed from everyone’s praise and felt a little embarrassed.

Fu Tingyu picked up his chopsticks and looked at the plate of sweet and sour pork ribs. He picked up a piece and put it into the girl’s bowl.

Qin Shu looked at the sweet and sour pork ribs in the bowl and smiled at the man. Then, she lowered her head, clenched her chopsticks, and picked up the sweet and sour pork ribs to eat.

Fu Tingyan looked at the plate of sweet and sour pork ribs. It was far away. Because of his waist injury, no matter how long his arm was, he couldn’t reach it, which meant that he couldn’t eat it.

It made him distressed.

When he saw his brother taking sweet and sour pork ribs for Qin Shu to eat, he felt sour. His brother didn't even give him a piece.

Bo Ye, who was sitting next to him, saw Fu Tingyan staring at the plate of sweet and sour pork ribs. He remembered that he seemed to like eating sweet and sour pork ribs at noon.

He clenched the chopsticks in his hand, reached into the plate, picked up the sweet and sour pork ribs, and put them into his bowl.

Fu Tingyan looked at the sweet and sour pork ribs that had suddenly appeared in his bowl then looked at Bo Ye. He had good eyesight.

Bo Ye tilted his head to look at him and asked, "Is one piece enough?"

Fu Tingyan raised his eyebrows. How could one piece be enough?

Bo Ye understood. He reached into the plate again and picked up two pieces consecutively and placed them into his bowl.

Only then did Fu Tingyan clench his chopsticks in satisfaction. He picked up the sweet and sour pork ribs and started eating.

Bo Ye glanced at Fu Tingyan. The way he ate was similar to his brother's, and his eating pattern was very good.

Jiang Yu picked up some meat and placed it into Ye Xue's bowl. "Eat more. I feel like you've lost weight again."

Ye Xue looked at the few pieces of fat and lean meat in her bowl and looked at Jiang Yu with a wronged expression. She was on a diet right now. She had gained four kilograms in the winter, and she was still thin?

Jiang Yu looked at Ye Xue's thin and pointy chin, he said, "Eat. If it's not enough, I'll give you more."

"It's enough, it's enough." When Ye Xue heard that Jiang Yu was going to give her more meat, she immediately looked away and ate the rice in the bowl in front of her. She was afraid that Jiang Yu would give her more meat.

Fu Tingyan was eating while putting food in his wife's bowl. He was also putting meat in his bowl.

Qin Shu accepted everything according to the order because she couldn't get fat no matter how much she ate.

Fu Tingyan glanced at Jiang Yu and Ye Xue, then at his brother and Qin Shu. They were showing off their affection all the time.

He turned his head and looked at Bo Ye, who was also a bachelor. He was very thin, so he looked at the plate of red braised meat in front of him. He reached out with his chopsticks, picked up the red braised meat, and put it into Bo Ye's Bowl.

"You're thin too. Eat more."

Bo Ye looked at the braised pork that suddenly appeared in his bowl. He turned his head to look at Fu Tingyan, then retracted his gaze. He picked up the piece of meat and brought it to his mouth to eat.

After dinner.

Fu Tingyu took the girl to the room on the second floor. He was ready to make a baby and also to digest his meal.

Bo Ye looked at Fu Tingyan, who was sitting on the chair and said, "Go upstairs. I'll apply medicinal liquor for you."

"Let's go." Fu Tingyan supported his waist with one hand and slowly sat up.

Bo Ye looked at his waist and reached out to support him. "I'll help you up."

Fu Tingyan did not refuse. He put his hand on Bo Ye's shoulder and directly put his weight on his body. This way, his waist would be more comfortable.

Bo Ye:"..." he was not polite.

When they were going up the stairs, Fu Tingyan thought of something and turned his head to look at Bo Ye. "Hey, you help me wash my socks for these few days."

Bo Ye didn't say anything. What else could he say?

When they reached the room on the second floor, Fu Tingyan laid on the bed with Bo Ye's help. He was like an old man, waiting for Bo Ye to lift his clothes and apply the medicinal liquor.

Bo Ye brought the medicinal liquor and a small stool. He placed the medication on the stool.

He looked at Fu Tingyan on the bed. He was tall and slender, and he should have been exercising regularly. He had a lot of muscles. He was the kind of person who looked skinny when he was naked.

Finally, he landed on his waist. He took off his coat and only a beige sweater was worn underneath.

Although he had applied medicinal liquor on him once, he still felt a little uncomfortable.

Bo Ye sat down by the bed and grabbed the hem of his beige sweater. He lifted it, revealing his skinny waist.

He picked up the medicinal liquor bottle and poured some medicinal liquor into his palm. Then, he rubbed his hands together repeatedly before applying medicinal liquor on him and massaging him.

"See? Now you know how slender your waist is."

Fu Tingyan wanted to say this since the first time he applied the medicinal liquor.

This was a man's waist.

Chapter 569: Hot Love Period, Invitation!

Bo Ye looked at Fu Tingyan's thin waist. Even if he didn't say it, he knew that the difference was huge.

His waist was perfectly curved, without a trace of fat.

He didn't say anything and continued to apply medicinal liquor for him before massaging him.

Fu Tingyan rested his hands on his head. Thinking of going to learn martial arts during winter break, he turned his head to look at Bo Ye. "If you are learning martial arts during winter break, it means that you spend the New Year at home? Does your family agree?"

Bo Ye paused in his action of applying the medicinal liquor and looked at Fu Tingyan. "They can't control it."

"So, regardless of whether they agree or not, you still want to go?"

"Yes."

Fu Tingyan stared at Bo Ye for a long while and thought of his brother. He didn't seem to be an easy person to talk to.

"It's better to discuss it if we can discuss it."

"I know." Bo Ye poured some more medicinal wine into his palm and continued to apply the medicinal wine and massage for him.

The process of the massage was painful, but after the massage, it was very comfortable.

Therefore, Fu Tingyan gritted his teeth and endured the pain. Perhaps it was because he was concerned about his reputation as a man, he didn't say anything.

Bo Ye knew that it was painful, but the massage needed such a strength of the hands. If the strength was not enough, it was equivalent to having no effect.

Seeing that Fu Tingyan's forehead was covered in sweat, he said, "Just bear with it."

Fu Tingyan let go of his clenched teeth. No matter how painful it was, he had to maintain his image. He said nonchalantly, "I'm fine. You can continue."

Seeing that he was putting on a brave front, Bo Ye did not say anything and continued to massage.

.....

In the kitchen.

Jiang Yu helped Ye Xue to wash the dishes. After washing the dishes twice, he became more familiar with them and reduced the probability of breaking the dishes.

Ye Xue looked at Jiang Yu's hands that were covered in foam and saw that he was still not very familiar with the movements. She told him several times not to wash the dishes, but he insisted on helping her to wash them.

After washing the dishes, Jiang Yu wiped the water droplets off his hands and pulled Ye Xue upstairs.

After returning to his room, he remembered that at school today, his classmates said that they should watch a movie together. They all said that it was good.

He wanted Ye Xue to watch it with him.

“Accompany me to watch a movie tonight. My classmates introduced me to a movie and said that it was pretty good.”

“Sure, there’s nothing to do tonight.” Ye Xue agreed readily. Ye Xue was very happy to stay with Jiang Yu.

After dating Jiang Yu, she became more daring. At first, she didn’t even dare to hold hands, not to mention to kiss him.

Now, not only did she dare to hold hands, but she also dared to take the initiative to kiss Jiang Yu’s face occasionally.

She felt like she was dreaming every day.

She was afraid that one day, she would suddenly wake up from her dream.

Ye Xue watched Jiang Yu looking for that movie on the computer. He was very handsome. His eyes were dark, his features were clear, and his nose bridge was high.

Although he was born into a rich family and had the habits of a rich family’s son, he was a good person. He was a bright sunny boy.

She was thinking about the huge difference between their family background.

When he said that he wanted to try dating her, she almost agreed without thinking.

Because she had never thought that she would have any interaction with him, not to mention to become his lover.

All these things that she had never thought of suddenly happened.

She was an ordinary person. When she was faced with such a big temptation, she was powerless to resist and agreed to his relationship regardless of the consequences.

Now that she thought about her and his background, what would she do if she could not get together with Jiang Yu?

The name of the movie was “The Hot Love Period”.

It was mainly about the story between two couples in university.

Jiang Yu sat up straight and leaned against Ye Xue. He stretched out his arm and pulled her into his arms naturally. “This is the movie. They all said it was pretty good.”

Ye Xue tilted her head and looked at Jiang Yu. He was good to her, even better than she had expected.

The two of them didn’t speak during the movie.

They were looking at the couple on the screen, their interaction patterns were sweet and salty.

However, some scenes made Ye Xue blush. When she thought of Jiang Yu sitting beside her, she was too embarrassed to look at him.

It was just a kissing scene and some of the more daring actions. If it could be played, it meant that there was no other content.

Jiang Yu turned his head to look at Ye Xue. When he saw her blushing, he knew that she was shy. "Little Xue."

"HMM?" Ye Xue raised her head and looked at Jiang Yu in puzzlement.

Jiang Yu stared at Ye Xue's pair of Big Black Pearl-like eyes for a long time before his gaze landed on her lips.

In the end, he could not resist and lowered his head to kiss her.

He realized that when he was with Ye Xue, he would always have such thoughts.

He could not restrain himself.

His Little Xue was very sweet.

.....

At one o'clock in the morning.

The lights were on in the room.

Qin Shu had just taken a shower and was carried to the bed by the man. Lying on the soft bedding, she felt extremely comfortable.

Especially after taking a shower, her limbs were soothed and her entire body felt comfortable.

After Fu Tingyu tidied up, he turned off the headlights and only left a bedside lamp. The light in the room instantly dimmed.

He walked to the front of the bed and laid down beside the girl with a straight posture. He stretched out his long arms and pulled her into his embrace before turning off the bedside lamp.

The room fell into darkness instantly.

Qin Shu was exhausted. She nestled in the man's arms lazily. Sleepiness quickly came over her. She closed her eyes and felt drowsy.

The man hugged the girl and thought of Han Xiao's words, but he did not feel sleepy.

Because he could not guarantee that Bao'er would remember what happened on the mountain. Would she leave him and choose Han Xiao as Han Xiao had said?

Therefore, he could not wait to have a child that belonged to him and her. It would be different if they had a child.

He lowered his eyes. He could not see anything in the pitch-black darkness. He knew that the girl had fallen asleep when he heard her even breathing.

He closed his eyes and hugged the girl tightly, as if he was afraid, but also unwilling to let her go.

The next day.

When Qin Shu woke up, the man had left.

Because the man had been busy looking for Gu Yan these days, he didn't handle the matters of the branch office. Although Shi Yan was taking care of them from time to time, he still had to make decisions on many important matters.

After sleeping for seven hours, his physical strength had recovered in all aspects.

The injury on his arm, would more or less hurt sometimes.

She finished her breakfast and went to the student union.

Because Ye Xing wanted to work, she did not know which places were havinvacanciescy, but the president, Qiao Ran, knew.

After she arrived at the student union, she asked Qiao Ran about work.

Qiao Ran gave a straightforward answer, "This is a small matter. I can help you to ask. I'll give you an answer later."

Qin Shu smiled. "Sorry that I'll have to trouble you, senior."

"There's nothing to trouble me with." Qiao ran paused at this point. "Next week, I'll be going to the school next to us. There's a chance to learn from each other. I want you to go with me."

Qin Shu was thinking that there would be nothing to do next week, so she agreed. "I'm fine with it."

Qiao Ran heaved a sigh of relief when he saw that she agreed. "Then you should prepare yourself well. Although it sounds like learning, we can't be outclassed."

"Okay."

Qin Shu went to class and waited for news from Qiao Ran.

In the classroom.

Qin Shu came early. She sat in a corner and kept a low profile so that no one would notice her.

She had sat down for a while when another person sat beside her.

She turned her head and saw Han Xiao's tall and straight figure sitting beside her, which made her gaze freeze.

Chapter 570: Han Xiao's Obsession. His Sudden Return

Han Xiao sat over and he attracted the gazes of the girls.

He was used to being noticed by others, so he could block those gazes directly.

When they looked at Qin Shu, they were not very friendly.

Han Xiao tilted his head to look at Qin Shu. When he thought of Fu Tingyu's words, his hands clenched into fists unconsciously, as if he was enduring.

“Yesterday, I talked to Fu Tingyu.”

“Yes, I know.”

Yesterday, she saw that the man returned and did not mention this matter. She did not ask, afraid that the man would think too much.

Han Xiao looked at her expressionless face. He remembered that when she was young, she would often chat with him. Even if he did not talk much, she would still chat with him about some interesting things.

“Yesterday, you did not listen to our conversation. His words revealed that you are the Little Munchkin. I do not know why you do not remember what happened on the mountain, but I want you to remember, remember everything that happened on the mountain, and remember about us.”

Hearing Han Xiao’s words, Qin Shu was stunned for a while before she asked with uncertainty, “He said that I am the Little Munchkin?”

If she was The Little Munchkin, why didn’t the man mention it to her?

Why did her mother have mention the matter of learning martial arts too?

Han Xiao shook her head. “He didn’t personally admit it, but I can be sure that you are the Little Munchkin.”

Qin Shu let out a sigh of relief. She was thinking that if she was the Little Munchkin, how could the man not mention it if he knew?

After all, the Little Munchkin had learned martial arts with them when they were young, and they knew each other. There was no need to hide it.

There was no more evidence to prove that she was the Little Munchkin, and she would not think that she was her.

Because her biological mother had never mentioned anything about learning martial arts, all of this was Han Xiao’s guess.

She flipped through the textbook in front of her and felt that it was necessary to say something. “Han Xiao, stop mentioning this so that we are still good friends. If you keep mentioning that I’m the Little Munchkin, it will make me embarrassed.”

Han Xiao saw that she was so repulsed, but he still did not give up. “I know you won’t believe me if I say this. I will find a way to make you remember what happened on the mountain, and you will know that Fu Tingyu has been lying to you all the time.”

Qin Shu retorted, “He won’t lie to me. Everyone will lie to me, but he won’t.”

She tried hard to control her temper and reminded herself that Han Xiao only said this because of the Little Munchkin.

She did not want Fu Tingyu and the Little Munchkin to have any unclear relationship.

That would make her think that the man fell in love with her at first sight because she looked like the Little Munchkin. They treated her so well and loved her so much that they did not even want their lives.

In her heart, she would be inexplicably jealous of that Little Munchkin.

She did not want to become someone's substitute.

Han Xiao was stunned. His chest felt as if he was suffocating. Even swallowing saliva would make him feel uncomfortable.

"Then would I lie to you?" Han Xiao's voice seemed to have been suppressed and came out with a trace of pain.

"You don't know how to lie, but you were wrong from the beginning."

As soon as Qin Shu finished speaking, the teacher walked into the classroom, and the noise gradually disappeared.

Han Xiao tried hard to control himself and did not speak again.

The two of them looked at the podium. They seemed to be listening attentively, but in fact, they each had their thoughts.

After class ended, the teacher walked out of the classroom.

Qin Shu packed her textbooks, stood up, and walked out from the back door.

Han Xiao followed behind at a leisurely pace, as usual.

When they walked down the stairs, Han Xiao suddenly said, "If I have a way to make you remember what happened on the mountain, or if I have evidence to prove that you are the Little Munchkin, would you believe what I said?"

Qin Shu suddenly stopped and faced Han Xiao, she said one sentence after another, "Han Xiao, don't waste your time and experience on these things. I know that you are a very good person. "Before you saw me without any makeup, you saved me twice. I sincerely treat you as a friend. If you have any difficulties, I will be the first to help you. "If you treat me as a friend, don't mention this matter anymore."

Han Xiao pursed his lips and looked at her. His hands by his side were clenched into fists. He had spent so much time looking for her, and now that he had finally found her, how could he let go?

Good friend?

What he wanted was not the relationship of a good friend.

He could not let their relationship be put on the level of a good friend just because she did not remember him.

"Then I will leave first. I have been missing classes recently, so I have to catch up with the progress." Qin Shu grinned at him, then she turned around and left with her textbook.

Han Xiao looked at Qin Shu's back as she left, and his heart was bitter.

You said that if I found you, you would be my girlfriend.

I've always remembered this sentence.

How could you go back on your word?

Hua Wuyan was in the class too in this teaching building. When he went downstairs, he saw Han Xiao and Qin Shu, so he walked over.

"Brother Han, are you still not giving up? Even if she's the Little Munchkin, she's Fu Tingyu's wife."

Hua Wuyan looked at Qin Shu's departing back and sighed.

Han Xiao watched Qin Shu's slender figure gradually disappear into the distance. His reply was very firm. "I will not give up. What if she remembers what happened on the mountain and I am not behind her? What if she cries again? What if she regrets it?"

Hua Wuyan sighed again and retracted his gaze to look at Han Xiao. "Then aren't you afraid that she will never remember what happened on the mountain?"

"I will think of a way to make her remember what happened on the mountain. The world is big, and many strange things happen to capable people. I don't believe that there is no way to make her remember what happened on the mountain." Han Xiao's tone was firm, and there was no doubt about it.

Hua Wuyan saw that Han Xiao was so insistent, and his voice was helpless, "Then have you ever thought that within seven years, the Little Munchkin would fall in love with someone else?"

Han Xiao was startled. He had never thought that she would fall in love with someone else. When he thought about how she might fall in love with someone else, his heart felt like it was being hammered. It was stifling, painful, and uncomfortable. There were all sorts of mixed feelings.

"Then I will also make her remember what happened on the mountain. If..." Han Xiao could not say if. He only knew that he would not give up because of this.

Even before Han Xiao could finish his sentence, Hua Wuyan could roughly guess what he wanted to say. He knew Han Xiao too well.

.....

Qin Shu went to the cafeteria to have lunch after class. It was very easy to have three classes in the afternoon.

After lunch, she checked the recent classes. They were not very full, so she had a lot of time to spend with her man.

When she came out of the cafeteria, the weather was not very friendly. The wind blew so hard that her face hurt and the cold wind whistled past her ears.

Unfortunately, she forgot to wear a mask.

She zipped up her jacket and tucked her neck into the collar of the down jacket to block some of the cold wind.

She put her hands into her pockets and walked into the campus again.

Suddenly, snowflakes started to fall from the sky one by one.

When Qin Shu walked to the corner, she saw a slender figure standing under the tree. A few snowflakes fell on his black hair, which made it appear black and white.

His pale face looked even paler among the snowflakes.

His purple eyes were like the petals of a havedatura flower, mysterious but gentle.
