Chapter 611: Should I Do Something?

Qin Shu looked at Qiao Ran in surprise. "Senior, why did you recommend me? I'm still a freshman. I don't think it's appropriate."

Qiao Ran smiled calmly. "There's nothing inappropriate about it. You're very capable and outstanding in all aspects. Besides, I pushed you hard. Are you doubting my judgment by being so unconfident?"

Qiao Ran's tone was relaxed, and it was a disguised form of encouragement to her.

Qin Shu could not help but laugh. "I'll work hard as senior think so highly of me. I won't let senior down."

Qiao Ran also smiled, and there was a hint of bashfulness in his smile. "That's the right way to think about it. It's a year for exchange students, and I'll graduate in a year. I'm quite reluctant to part with you guys."

When it came to parting, the atmosphere would become melancholic.

Parting was inevitable. She had parted with Han Xiao not for so long.

When she was with Qiao Ran, he had always been the one taking care of a freshman like her.

Therefore, their relationship would be different from that of ordinary classmates. When they parted, it would be even sadder.

The smile on Qin Shu's lips faded. "Senior, are you planning to take the postgraduate entrance exam? If there's a chance, you can come back and take a look."

Qiao Ran shook his head. "I'm not taking the postgraduate entrance exam anymore. If there's a chance, I'll come back to see you guys."

Qin Shu said, "When the time comes, I'll treat you to a meal."

Qiao ran agreed readily. "Okay."

Qin Shu walked out of the President's office. When she passed by the planning department, she heard three or four members of the student union discussing.

"Why did Yan Jing suddenly resign from her position as deputy director? It wasn't easy for her to climb up."

"I don't know. She wouldn't tell me even if I asked her. Who knows what she's thinking?"

A trace of doubt flashed across Qin Shu's eyes. In just one day, Yan Jing had left the student union?

She walked out of the student union with doubt.

After Qin Shu left, the discussion among those people didn't stop.

"Could it be that Qin Shu pushed Yan Jing out?" Someone asked in a low voice.

“It must be her who pushed Yan Jing out. Previously, it was Xu Qin. This time, it’s Yan Jing. I don’t know where she got the ability to even push Yan Jing out.”

“Yeah, other than being good at her studies, she’s just so-so. I feel sorry for Yan Jing. If it weren’t for Qin Shu, the head position would have been hers.”

“I heard that Han Xiao was forced out by her too. Is it true? If it’s true, how vengeful would she be? Would she ruin Han Xiao if she couldn’t get him?”

“I think it’s probably true.”

At night.

Qin Shu took a shower and sat in front of her desk. She began to write her speech. This was her first time giving a speech on stage, so it would take some time.

When Fu Tingyu came out of the shower, he saw the girl writing rapidly. In fact, she was typing on the keyboard. He walked over with her long and straight legs. Behind the girl, he stretched out his arms and pulled her into his arms, letting her sit on his lap.

“What are you doing?”

The man’s pitch-black eyes looked at the computer screen. There were quite a few words written on it.

The man’s breath was right beside her ear, bringing with his heat. It made Qin Shu shrink her neck. “I’m writing a speech script.”

“Bao’er is going to give a speech on stage?” Only then did the man realize that the words on the computer screen were speech scripts.

Qin Shu nodded. She moved her hand away from the keyboard and leaned towards the man behind her. “Yes, I’m going to give a speech on stage tomorrow. It’s my first time giving a speech on stage, so I’m nervous.”

The man kissed the girl’s cheek. “Bao’er is very good now.”

Qin Shu tilted her head to look at the man and planted a kiss on his lips. “Of course. If I don’t become good, how can I stand shoulder to shoulder with you?”

“My Bao’er doesn’t need to prove herself. You have always been good in my eyes and heart.”

The man suddenly held her hand and placed it on his heart. He whispered in her ear, “Otherwise, why are you taking my heart away?”

In her palm were the man’s warmth and strong heartbeat.

Qin Shu looked up and stared at the man without blinking. The man’s feelings for her were so heavy, to the point of madness.

His madness was that most people would not be able to withstand it.

The girl’s eyes were very bright, like the dazzling stars in the Milky Way.

“Bao’er, you love me too, right?” The man’s eyes were lustful as he stared at the girl’s delicate facial features. His voice was gentle and affectionate.

Qin Shu stretched out her arms and wrapped them around the man’s neck. The corners of her lips curled up. “You’re my husband. Of course, I love you. I love you very much.”

No matter how much the man listened, he felt that saying “I love you” was not enough. When he thought of returning to Jiang Chen tomorrow, his voice was filled with a strong sense of reluctance.

“I’m returning to Jiang Cheng tomorrow.”

Qin Shu hugged the man’s neck tightly. “MMM, my winter vacation is just around the corner. When I start my vacation, I’ll return to Jiang Cheng immediately.”

The man said, “Then shouldn’t you make it up to me now?”

Qin Shu was ticklish. She giggled a few times and hurriedly begged for mercy. “Baby Yu, stop fooling around. I have to rush the speech script. Otherwise, I’ll have to go to the podium empty-handed tomorrow. I’m begging you.”

When the man heard this, he retracted his hand and urged, “Then hurry up. I’ll wait for you to sleep together.”

“Yes, yes. I’ll try my best to rush the manuscript out as quickly as possible.”

Qin Shu retracted her hand and placed it back on the keyboard, continuing to rush the manuscript.

In the next room.

Bo Ye went to bed early in the morning. He didn’t even read the book before he went to bed.

Fu Tingyan lay on the bed and looked at the opposite bed. Bo Ye was sleeping with his back to him.

He had a feeling that something was wrong with Bo Ye these two days. He wasn’t sure what exactly was wrong.

After thinking for a while, he got off the bed quietly and walked to Bo Ye’s bedside. He half-squatted down.

“Bo Ye, what’s wrong with you recently?”

“Nothing.”

Bo Ye closed his eyes, his voice as if it was coming from his nose. His nasal voice was very strong, and it sounded like someone who had caught a cold.

“What’s wrong with your throat?” Fu Tingyan asked again.

“Stay away from me. I have a cold, so I don’t want to infect you.”

With his back facing him, Bo Ye’s expression could not be seen.

Hearing him say that he had a cold, Fu Tingyan subconsciously reached out his hand to touch Bo Ye's forehead. When he touched a burning hot area, he quickly withdrew his hand. "You have a fever. Get up quickly. I'll send you to the hospital."

Bo Ye shook his head. "There's no need. I'll be fine after a nap."

"Do you know how hot your forehead is? You're still sleeping. If you burn out from the fever, let's see who want you in the future."

As Fu Tingyan spoke, he was about to pull him out of bed.

"My brother wants me," Bo Ye replied subconsciously, not sure if he had lost his mind from the fever.

Does his brother want him?

He frowned. "What do you mean?"

Bo Ye was dizzy and did not answer. He only said one word, "Cold."

"Cold?"

Fu Tingyan realized that Bo Ye's body was trembling. He turned around and carried the blanket on his bed over Bo Ye's body.

After covering it, he asked in a low voice, "Are you still feeling cold?"

When one had a fever, their body would feel cold. Even if they were covered with two layers of blankets, they would still feel cold.

Fu Tingyan saw that Bo Ye did not say anything. He stood up and walked to the wardrobe. There were no more blankets in the wardrobe.

He turned to look at Bo Ye's bed. Should he squeeze with him on the bed?

At this time, Bo Ye was in a deep sleep.

Fu Tingyan stood in front of the bed and looked at Bo Ye with some hesitation.

Ever since he was young, there was no one else besides his brother who slept on the same bed.

He and Jiang Yu had only slept in the same room and not on the same bed.

After a long struggle, he lifted the blanket and crawled in. The night was so long, he could not let himself be wronged.

At first, he was not used to it, he did not fall asleep until midnight.

At midnight when Bo Ye was sleeping, he began to feel hot, and he kept kicking the blanket.

.

Once he kicked the blanket, Fu Tingyan would feel cold. He did not know that Bo Ye was kicking the blanket because of the heat, so he kept covering him with the blanket.

“Don’t kick the blanket, you have a fever, do you know that?”

Bo Ye slept soundly, and he kicked the blanket because of the heat. It was his subconscious action.

Every time Bo Ye kicked it, Fu Tingyan would cover it for him.

After the night, Bo Ye was drenched in sweat and his fever had subsided.

Fu Tingyan did not sleep well that night and even caught a cold.

Fu Tingyan sneezed and rubbed his nose. He glanced at Bo Ye beside him and realized that the blanket had been kicked again. He reached out to pull the blanket.

Bo Ye opened his eyes and saw Fu Tingyan. She was stunned at first.

“Why are you on my bed?”

Fu Tingyan raised his eyebrows and looked at Bo Ye. “Do you dislike it?”

He didn’t even dislike it.

“This is not a question of dislike.”

“Then what do you mean?”

Bo Ye confronted him and felt that her body was sweating. The sticky feeling made her feel a little uncomfortable.

“You move aside first, I’m going to take a shower.”

Fu Tingyan reached out his hand to Bo Ye’s forehead and found that there was a layer of sweat on her forehead. It was no longer hot, but rather cold.

A shadow came over and covered Bo Ye’s forehead with a big hand. Bo Ye’s body froze.

When he realized that the fever was gone, he let out a sigh of relief. He retracted his hand and slowly got up. He hugged his blanket and returned to his bed. After lying down, he covered himself with the blanket and continued to sleep.

Bo Ye was stunned for a few seconds. She roughly remembered what happened last night. She knew that she had a fever, so Fu Tingyan wanted to take her to the hospital.

She couldn’t remember how Fu Tingyan slept in her bed.

Bo Ye walked into the bathroom with confusion.

When Bo Ye came out of the bathroom, she found that Fu Tingyan was sleeping.

She reached out and pushed Fu Tingyan’s shoulder. “Aren’t you going to have breakfast?”

“Let me sleep for a while.” Fu Tingyan turned his body and continued to sleep.

He had a cold and didn't sleep well last night, so he didn't have any energy at all.

Bo Ye watched for a while and saw that he didn't want to get up, so she said, "Get up and wash up first. Eat breakfast before you go to sleep."

"Okay." Fu Tingyan snorted.

Bo Ye then walked out of the room and went to buy hot porridge.

Qin Shu woke up early in the morning and found that the man was holding her, not moving at all.

"What are you doing?"

The man looked at her seriously. "I'm checking to see if you're pregnant."

Qin Shu couldn't help but laugh. "Even if I am, I can't feel it now. I can't tell."

"Is that so?" The man looked at the girl's belly again. It was very flat, so he really couldn't tell.

He hadn't experienced being a father yet, so he didn't know what the symptoms would be in the early stages of pregnancy and whether it would be easy to tell.

Qin Shu lowered her head and looked at her belly. The honour did not know if she was pregnant. She only knew that the time was so short, so it should not be that fast.

She raised her head and looked at the man. "I'm hungry."

The man retracted his gaze and held the girl's hand. "Then let's get up and have breakfast."

"Okay." Qin Shu used the force to sit up and walked into the bathroom with the man one after the other.

After breakfast.

Qin Shu went to the student union ahead of time to prepare for her speech.

Fu Tingyu was returning to Jiangcheng today, and the time was set for the afternoon. He went out after breakfast.

Bo Ye bought some hot porridge from outside and went straight to the second floor.

She pushed the door open and walked in. She found Fu Tingyan still sleeping. She put down the food box and bent down to push his shoulder. "Have you brushed your teeth? Get up and eat some hot porridge first."

Fu Tingyan was deep in sleep. He snorted lightly when he was pushed.

Bo Ye pushed him again. "Get up and eat porridge."

Fu Tingyan snorted impatiently. "Don't disturb me."

Bo Ye said, "Sleep after you eat porridge."

"No."

Fu Tingyan had his eyes closed from the beginning to the end. Bo Ye's words were like a mosquito grunting in his ears. It was a little noisy.

At this moment Fu Tingyan reacted like a disobedient child.

"Why do you look like a child?"

"Child? ? ?"

Fu Tingyan opened his eyes and turned around. He saw Bo Ye half-squatting in front of the bed, looking at him.

"What did you say just now?"

Bo Ye saw that he was awake. "Get up and have some hot porridge before you go to sleep."

Fu Tingyan did not get out of bed. He just looked at her. "Do you know how many times you kicked the blanket last night?"

Bo Ye was stunned. Fu Tingyan didn't seem to be lying at all. Could it be that he was the one who covered her with the blanket last night?

"You still dare to say that about me?" Fu Tingyan asked again.

Bo Ye said, "I'm not talking about you. I just want you to eat porridge."

"Go wash those socks." Fu Tingyan retracted his gaze and continued to sleep.

Bo Ye didn't refuse. Instead, she said, "Eat the porridge first before you go to sleep."

"I can't eat."

"Eat a little."

Fu Tingyan turned to look at Bo Ye. "I really can't eat it. I'm feeling dizzy."

After saying that, he sneezed.

Bo Ye asked, "You have a cold?"

He rubbed his nose. "Yes."

There was no need to ask. He knew that she had infected him.

That was because they had slept on the same bed last night.

"Then I'll go buy some flu medicine. Get up and wash up. Eat some porridge."

After Bo Ye finished speaking, she stood up and walked out.

Fu Tingyan looked at Bo Ye's figure as she walked out. After thinking for a while, he decided to get up and wash up.

He didn't plan to participate in any honour ceremony either.

Imperial University, Auditorium.

Qin Shu walked into the auditorium with a speech script in her hand.

Jun Li was attending today's award ceremony as a director and also as the presenter.

At this moment, he was standing at the entrance to the side.

Qin Shu walked in and coincidentally bumped into him.

Jun Li asked, "Are you nervous?"

Seeing Jun Li, Qin Shu couldn't help but smile. "It's my first time speaking on stage, so I'm still a little nervous. However, with you on stage, I feel much more relaxed."

The corners of Jun Li's mouth curled up into a faint smile. "That's good. You're very outstanding, and you're a role model for them to follow."

Qin Shu couldn't help but laugh. "I didn't realize that you were so good at praising people."

"I'm telling the truth. You're outstanding."

Jun Li turned around and looked at the centre of the stage. "I'll go up and wait for you."

Qin Shu nodded. "Okay."

Jun Li went up to the centre of the stage from one side. There were a few chairs there. The school leaders were all standing at the side waiting for Jun Li to take a seat.

Qin Shu was looking for an empty seat when she heard Ye Xue waving at her not far away.

"Qin Shu, come and sit here."

She walked over and saw Ye Xue and Jiang Yu sitting together. Then she walked over to sit down at the seat beside Ye Xue.

Jiang Yu had heard about the scholarship earlier, "I heard that the reward this year is more generous than last year, Qin Shu, you have to treat us to dinner tonight."

Qin Shu said nonchalantly, "If there's a scholarship, of course I can treat you to dinner."

Jiang Yu: "Then it's a deal."

"Qin Shu is really amazing, she is both good at her studies and in martial arts." Ye Xue probably would just admire Qin Shu for her entire life, she also felt that it was an honor to know Qin Shu.

Qin Shu looked at Ye Xue. "You're amazing too, your culinary skills are very good."

Ye Xue lowered her head in embarrassment. "It's nothing if one can cook."

Jiang Yu pulled Ye Xue into his embrace. "My Xiao Xue is the best."

Ye Xue's fair cheeks could not help but blushed.

At this moment outside the auditorium

Shi Yan glanced at his master, Fu Tingyu was dressed in suit and leather shoes, his expression was cold, he held a bouquet of bright red roses in his hand, giving off the feeling that he was going to do a marriage proposal.

He had planned to return to Jiangcheng this morning, but he changed his mind at the last minute and decided to return to Jiangcheng only in the afternoon.

"Mr Fu, do you really intend to go in?"

Fu Tingyu looked up. "What else?"

"All the students are in the auditorium. Isn't it not so appropriate?" Shi Yan asked in a low voice.

"Don't you think this is a good opportunity to confess?" Fu Tingyu adjusted his collar and looked at the roses in his hand, they were very beautiful.

Shi Yan lowered his head and didn't dare to say anything, he couldn't help but think in his heart, 'Master, you've already got your marriage certificate, why are you confessing now'

"Let's go in." Fu Tingyu felt all is well and walked straight in.

Shi Yan had no choice but to follow closely.

In the auditorium, there was a round of warm applause suddenly.

Fu Tingyu stopped and looked into the auditorium, a slender figure walked towards the podium from the side.

The girl was wearing a caramel-colored cashmere coat with a white-collared blouse, under the light, her skin looked even fairer.

Although the girl was thin, her body was well proportioned, no matter what clothes she wore, she looked very beautiful.

On the podium

Qin Shu walked to Jun Li and stood there, waiting for him to present the award.

Jun Li picked up the Certificate of Honor and an envelope, with a check in it, he handed it to her and said, "I am not the one giving out this award, it was based on your overall results and you deserved it, you are really outstanding. I hope that next year, I can give you another award."

Qin Shu took the Certificate of Honor and the envelope from Jun Li and saluted him. "Thank You, Professor Jun."

In front of so many teachers and students, she addressed Jun Li as Professor Jun, this was the due respect for a teacher.

The first to speak was Jun Li.

After Jun Li finished his speech, he handed the microphone to Qin Shu. The smile on his face was very amiable. "Press on."

"Okay."

Qin Shu took the microphone and looked at the script in her hands, the beginning of the speech was basically the same.

Facing so many teachers and students, she was indeed a little nervous before she went on stage.

After Jun Li spoke, she felt less nervous.

After experiencing life and death, if she was still nervous in such a small occasion, could she still be considered a reincarnated person?

So, when she spoke, she felt much more relaxed.

Actually, the person she wanted to thank the most was Fu Tingyu.

As he didn't stop her from coming to the Imperial Capital, so she could establish herself.

The man had changed a lot for her.

After Qin Shu finished her speech, she bowed and was about to put down the microphone when she saw a tall and slender figure walked toward the stage. It was someone she was familiar with.

Didn't the man return to Jiangcheng this morning?

Why was he here? She paused and watched the man walked forward step by step, as he walked closer, she realized that he had cut his hair today and even groomed himself.

The black suit on his body had changed to a light-colored one, he looked completely different.

He was holding a large bouquet of red roses in his hand, each of them was about to bloom, looking extremely beautiful.

What was he doing with the roses?

Was It Valentine's Day today?

No, Valentine's Day was more than a month away.

Her birthday was in the first half of the year.

Then what day was it today?

Seeing the man getting closer and closer, her heart suddenly raced and she was a little nervous.

Fu Tingyu's good looks and aura had already attracted everyone's attention the moment he walked in.

In addition, he was holding a large bouquet of roses in his hands, he attracted everyone's attention, and also aroused their curiosity.

“The man holding the roses is so handsome!” “He’s more than handsome, I felt that he’s even more handsome than Professor Jun.”

“Who’s this handsome guy? Why haven’t I seen him before?”

“Did you see that? He’s holding roses. I bet he’s giving them to his girlfriend.”

“Is it possible that it’s for the school beauty queen? I feel that no one in our school is worthy of such a handsome man.”

“Let’s wait and see who he wished to give the flowers to, I wonder who is so lucky to have such a handsome suitor, I Can’t even describe how handsome he is and he has a strong sense of abstinence.”

“Such a handsome and romantic man, I’m in love with him.”

The girls’ eyes were sparkling, they wished that the Roses in his hand were for them.

Jun Li saw Fu Tingyu when he walked in, he frowned slightly, why was he here?

The Man carried the red roses all the way to the stairs, he walked up the stairs evenly from one side of the stage.

He stopped one meter away from Qin Shu.

The man had a tall and slender figure and was born like a perfect mannequin, he was dressed more formally today than at any cocktail party or banquet.

The students below the stage couldn’t believe their eyes when they saw such a handsome man walking up to Qin Shu.

“Am I seeing things? Such a handsome man is looking for Qin Shu? She is not considered even the top beauty in her faculty, is that man blind?”

“Could there be a mistake? Such a handsome man liked a bookworm like Qin Shu?”

The origin of the bookworm was because Qin Shu wore glasses and was a straight-A student, she fit the image of a bookworm very well.

Yan Jing had been sitting in the corner all along, she watched Qin Shu go up to the stage to receive the award and watched her give speech, she bit her lips tightly and was very unwilling to accept this.

She did not leave the Student Union voluntarily.

She did not know who sent her an anonymous express mail, threatening her to withdraw from the Student Union and even wanting her to withdraw from school.

She had no choice but to do as she was told.

Now, the only person who dared to threaten her was likely to be Qin Shu.

This was also the reason why she was indignant.

Now that she saw such a handsome man carrying roses and gave to Qin Shu, regardless of whether it was his appearance or the noble aura he exuded, it showed that he was not an ordinary person.

What kind of tricks did a despicable and shameless person like Qin Shu uses to make such an outstanding man like Han Xiao chase after her?

She seriously doubted Han Xiao's judgment.

The man who was walking up to the stage now, could it be that he wanted to confess his love to Qin Shu?

Yan Jing strongly denied in her heart that Qin Shu could receive the confession of such an outstanding man.

Yan Jing was not the only one who thought so, more than 90% of those present thought so.

Chapter 614: Confessed Before Teachers And Students

Jiang Yu looked at the man walking towards the stage with a big bouquet of red rose in his arms, his eyes were filled with surprise. "Why is big brother here?"

The auditorium was filled with noises of discussions, everyone's eyes were focused on the person on the podium, waiting for his next move.

The one who was most surprised was Qin Shu.

She saw the man who was supposed to return to Jiangcheng suddenly appeared here.

She glanced at the bouquet of red roses in the man's arms and looked at the man, regardless of his appearance or his clothes, it was obvious that he had been meticulously dressed.

Even the black suit that he wore for all occasions had now been changed to a light color.

"Why are you here?"

The girl's voice sounded very surprised.

The man lowered his eyes and looked at the bright red roses that he had carefully selected, his pitch-black eyes looked at the girl and handed the rose to her, he smiled and said, "My Babe is very outstanding, someone should send flowers."

Qin Shu lowered her eyes and looked at the beautiful roses, she reached out to take it from him and held it in her arms, when she raised her head to look at him, her eyes were a little moist. "You came just to send me flowers?"

The Man took a step forward and forcefully pulled her into his arms. "Of course not. I'm here to confess."

Confess?

Qin Shu was stunned.

When the man pulled Qin Shu into his embrace, the crowd below the stage was in an uproar, they could not believe what had just happened, and there were shocked exclamations everywhere.

“Can someone tell me this isn’t real? Such an extremely handsome man, so handsome that even the gods are jealous of him, he is here to see Qin Shu?”

“They’re hugging each other, so it’s for real, what kind of luck does Qin Shu have to have such a handsome boyfriend?”

“I don’t know if he’s a boyfriend...”

Before the doubts could fade away, the man suddenly lowered his body and kissed Qin Shu.

For a moment, the auditorium was completely silent as everyone looked at the two hugging and kissing on the stage.

Qin Shu was stunned again, she was still hugging the roses in her arms and pressing it between the two of them, the delicate flower bud was also squeezed until it was deformed.

The man leaned against the girl’s ear and said in a low voice, “Now everyone knows that you are mine.”

Qin Shu could not help but laughed when she heard that, showing her two small canine teeth, her smile was very sweet. “Are you sure you are here to confess?”

The man said, “I had just confessed.”

Qin Shu did not know whether to laugh or cry. “Yes, yes, you have confessed.”

Jun Li looked at them, there wasn’t much fluctuation in his purple eyes, what was Fu Tingyu trying to do by showing off his affection in such a high-profile manner?

The man hugged her and was reluctant to let go. “Are there any rewards?”

Qin Shu glanced at the man and handed the microphone to him. “Do you want to say a few words?”

The man nodded to indicate that he had something to say, he took the microphone from her and stared at her with his pitch-black eyes.

“I was the luckiest person to meet you in my life, you are also the person that I swore to protect with all my life.”

The man wanted everyone present to know that Qin Shu was held preciously in his hands and he doted on her like treasure.

Qin Shu had never doubted the authenticity of the man’s words, he was always like this, he would do more than he says it, and better than he would say.

The words that were came through the microphone spread to every corner of the venue, everyone was so shocked that they could not react for a long time.

By the time they reacted, the man had already walked down the podium holding Qin Shu’s hand.

As for the rest of their shocked comments, Qin Shu could not be bothered to pay attention at all.

Yan Jing watched the incredibly handsome man holding Qin Shu’s hand as they walked down the stage, when she found out that Han Xiao liked Qin Shu, she was extremely jealous.

Now that she had seen the man confessed to her in public, he was as good as Han Xiao.

Jealousy made her face turned ferocious.

The award ceremony was still going on.

Qin Shu followed the man out of the auditorium, cold wind was blowing outside.

She shrugged her neck, and the roses in her arms trembled in the cold wind.

Seeing this, the man pulled her into his arms, his tall figure blocked some of the cold wind for her.

Before he went into the auditorium, he was afraid that the girl would get angry, as he had never been so high-profile before.

The man pulled the girl into his arms, he lowered his chin to touch her soft hair and said, "I'm going back to Jiangcheng this afternoon."

Qin Shu hugged the man along with the roses, when she walked into the auditorium today, she was still thinking about the man's return to Jiangcheng and she did not send him off.

She looked up at the man and said, "I'll send you off."

The man refused. "There's no need."

Qin Shu pretended to be displeased. "You don't want me to send you off?"

The man rubbed the girl's cheeks, his eyes and voice were filled with affection. "No, I'm afraid that I won't be able to resist and will take you back with me."

Qin Shu heard this and thought about it, she decided not to send him off, it would be the school break in a few days, and she would be able to see the man then.

For the remaining the time, Qin Shu showed the man around the school, they chatted as they walked around.

Perhaps they knew that they would be parting soon, so they were reluctant to leave.

It would be the same situation when they were in a passionate relationship.

Before they part, the man could not help but kissed her again.

The man hugged her. "Come back immediately during the break, understand?"

Qin Shu nodded, "Yes, I understand."

She now knew why in the morning, when they were parting, the man was especially calm, he was so calm that it did not seem like him.

So he would show it only when they were finally parting.

Sometimes, he was so cute.

Shi Yan parked his car not far away, he opened the car door and waited, it was almost time, but he dared not go forward to remind him.

The Man and the girl were alone for a while longer before he reluctantly got into the car.

Qin Shu stood in front of the car with roses in her arms, showing her two small canine teeth, she waved at the man.

The man's pitch-black eyes stared at the girl as the car moved, he retracted his gaze only when he could no longer see the girl.

Qin Shu watched the car disappear around the corner, but she didn't retract her gaze either, her fair fingers pinched the delicate rose petals, she could smell the fragrance of the roses, although it was very faint, but she could still smell it.

In the evening, Qin Shu used her scholarship to treat her roommates in the apartment to dinner.

Fu Tingyan's cold had recovered after a day, with the attentive care of Bo Ye, he was almost healed.

Therefore, when Qin Shu treated them, Fu Tingyan and Bo Ye went along as well.

In the hotel private room

Qin Shu was one of the oldest among them, and it was also the first time that she treated them, since she was using her scholarship, when Jiang Yu and Fu Tingyan ordered the dishes, they weren't considerate at all.

After ordering the dishes, the waiter took the menu and walked out.

Jiang Yu thought about the scene he saw at the awards ceremony and said, "Qin Shu, you've become a hot topic in school now, all the girls are envious of you."

"Qin Shu, after you guys left, all the students went berserk, they didn't expect you to have such a handsome boyfriend." When Ye Xue thought about this morning, she felt that it was very romantic.

Fu Tingyan did not go to the auditorium. Qiao Ran was the one who brought him his Certificate of Honor, he asked Jiang Yu in confusion, "What happened?"

"You didn't go today, your brother hugged a bouquet of roses and confessed to Qin Shu in front of the whole school, it shocked the whole school." Jiang Yu was a little excited, he really did not expect that his brother was that romantic.

Chapter 615: Unexpected, To Eat Or Not To Eat?

"Are you sure you're talking about my brother?" Would his brother hug a big bouquet of red roses and confess in public in the auditorium?

Jiang Yu saw that Fu Tingyan didn't believe him, he didn't explain further. "You'll know tomorrow in class, now the whole school is talking about Qin Shu's boyfriend being handsome and rich."

Fu Tingyan looked at Qin Shu. Qin Shu smiled at him as if to admit.

He suddenly thought of the phone call, could it be that his brother went to the auditorium because of what he said?

But he still could not imagine his brother hugging a big bouquet of red roses.

“Dong Dong”

At this moment, there were two knocks on the door. Qin Shu stood up to open the door.

She saw Jun Li and Qiao Ran outside. She opened the door wider.

“Jun Li, Senior, come on in, we were waiting for you.”

“There was a bit of traffic on the road, so we were late.”

After Jun Li’s word, he walked in.

Qiao Ran followed closely.

Jiang Yu saw Jun Li and Qiao Ran and was a little surprised. “Professor Jun, Senior, you’re here too?”

Qiao Ran said, “Yes, Qin Shu said it was her first time receiving a scholarship, so we came.”

Qin Shu invited Jun Li and Qiao Ran to sit down, and she took a seat as well.

“This is indeed my first time receiving a scholarship, and it’s twice as much as last year, if I don’t give everyone a treat, doesn’t that mean I’m stingy? So you don’t have to stand on ceremony.”

Since Qin Shu had spoken, they naturally would oblige.

Jiang Yu took a bottle of high-grade white wine and asked them, “Professor Jun, Senior, do you drink alcohol?”

When Qin Shu heard that, she thought of Jun Li’s health and said, “Jun Li can’t drink alcohol.”

Jiang Yu looked at Jun Li and asked him.

Jun Li glanced at Qin Shu and nodded with a smile. “I can’t drink.”

Before Jiang Yu could ask, Qiao Ran said, “I don’t drink either.”

“Okay.” Jiang Yu turned his head to look at Fu Tingyan. “Tingyan, do you drink?”

Bo Ye was afraid that Fu Tingyan would act tough, so he answered for him, “He has a cold, so he can’t drink either.”

Fu Tingyan didn’t plan to drink initially, but when he heard that, he turned to look at Bo Ye.

Bo Ye felt his gaze and said, “You’re taking medication for cold, so you can’t drink alcohol.”

Fu Tingyan stared at Bo Ye and then nodded, he didn’t say anything else, as if he agreed with Bo Ye.

Jiang Yu looked at Fu Tingyan in surprise. “Tingyan, when did you become so agreeable with Bo Ye?”

Fu Tingyan raised his eyebrows and looked at him. “Didn’t you hear it? I have a cold?”

Jiang Yu nodded awkwardly. “Okay.”

Since no one was drinking, it was boring for him to drink alone, so he didn’t drink as well, he picked up the freshly squeezed fruit juice at the side and drank it with Ye Xue.

The dishes were served by the waiters one after another.

As they didn't drink, the lively atmosphere at the table would be less.

Qin Shu ate the dishes and glanced at Jun Li beside her, she noticed that he ate very slowly, he didn't eat too much of every dish, The way he ate was noble and elegant.

Gu Yan had returned to Jiangcheng yesterday.

Gu Yan still had no solution to detoxify the two poisons in Jun Li's body.

Jun Li noticed that Qin Shu was eating mindlessly and asked her, "What's Wrong?"

Qin Shu recollected her thoughts and shook her head at him with a smile. "Nothing, have you finished all your candies?"

The corners of Jun Li's mouth lifted. "There's still one more candy."

After taking Chinese medicine, he would take one candy for the past few days, the bitter taste of medicine was much bearable, at least he didn't have to frown anymore.

"I just bought some candies, I'll give you some tomorrow."

Qin Shu was actually quite curious, why did Jun Li can taste the sweetness only when she gave him the candies?

However, even Jun Li himself didn't know, so she didn't ask further.

"Okay." Jun Li answered and continued to eat the dishes slowly.

There was a plate of prawns on the dining table.

Jiang Yu picked up a few prawns and put them into a bowl, he picked up a disposable glove and put it on, then began to peel the prawns, he put them into Ye Xue's bowl after peeling them.

He even smiled and said, "I eat these prawns quite often, they taste pretty good, have a try."

Looking at Jiang Yu peeling the prawns for her, a rich young master like him who was born into a wealthy family, he had probably never peeled the shell of a prawn before.

Ye Xue was extremely touched, during the period when they were dating, he was really good to her, so good that she thought she was dreaming every day.

Se would pinch herself every day to make sure that she was not dreaming.

Jiang Yu urged, "Why are you daydreaming? Dip it in vinegar and it will taste even better."

"Yes, yes." Ye Xue's face was slightly blushed, she picked up the prawn fresh in her bowl and dipped it in vinegar before eating it, this was probably the best prawn she had ever eaten.

Seeing that Ye Xue had eaten it, Jiang Yu continued to peel the prawn shells.

Fu Tingyan saw this and turned to look at Bo Ye, he then glanced at the prawns, his intention was very clear, he wanted him to peel the prawns for him.

Bo Ye could not understand his eye signal, she stared at him for a while, due to his cold, he was not as energetic as usual.

She looked at him, then retracted her gaze, picked up a few prawns and placed them in a clean bowl. She then picked up a disposable glove that was placed by the side and put it on, then she picked up the prawns and started to peel them.

Bo Ye had also grown up in the Bo family, although she was a foster child, she had always been protected by Bo Yin, so she rarely felt wronged.

When eating prawns, Bo Yin was the one who peeled the shells for her.

Therefore, she, who had never peeled prawns before, really didn't know how to peel them.

She took quite some time to peel the prawn before she finally removed the shell, in the end, the appearance of the prawn fresh was not pleasing to the eye.

Bo Ye looked at the prawn fresh and wanted to throw it away.

Before she could throw it away, Fu Tingyan opened his mouth and said, "Prawn fresh."

Bo Ye hesitated before putting the prawn fresh into the bowl in front of Fu Tingyan.

Fu Tingyan looked at the prawn fresh in the bowl with disdain. "How come you can't even peel a prawn?"

"I've never peeled a prawn before," Bo Ye answered honestly, she picked up another prawn and prepared to continue peeling.

"Forget it, I'll do it."

Fu Tingyan picked up a few prawns and placed them in the bowl. Then, he put on the disposable glove on his right, picked up a prawn and started peeling its shell.

He knew how to peel a prawn as he and Jiang Yu often went out to eat.

Bo Ye peeled the prawn shells as Fu Tingyan wanted to eat them, although she ate prawns, but she didn't know how to peel them, so she planned not to eat them.

So she took off the disposable gloves, picked up the chopsticks on her right hand, and ate other dishes.

Fu Tingyan was quite good at peeling prawn shells. He peeled one in just a short while, and it looked good too, he put it into the bowl in front of Bo Ye.

Bo Ye was stunned when she saw a peeled prawn suddenly appear in the bowl in front of her, she turned to look at the person who was peeling the prawn, puzzled.

Fu Tingyan raised his eyebrows. "You don't like it?"

What he meant was, 'I peeled it with my own hands, and you dared to dislike it?'

Bo Ye shook her head, she picked up the prawn fresh in the bowl, dipped it with a little vinegar, and put it into her mouth, when she ate it, she felt that the taste of the prawn fresh was a little different from the one Bo Yin peeled.

Fu Tingyan saw that Bo Ye had eaten it, he retracted his gaze and continued peeling.

In the end, after peeling for half an hour, Fu Tingyan didn't eat a single one of it, they all went into Bo Ye's Bowl.

Jun Li couldn't eat meat due to his health, so he also started peeling the prawn shells for Qin Shu.

Qin Shu was a little embarrassed and wanted to refuse, but Jun Li said, "I just want to experience the fun of peeling the prawn shells, you just take care of eating it."

Chapter 616: Left Some For Her hubby, Showing Off That He Is Afraid Of His Wife

What fun was there in peeling prawn shells?

She suddenly remembered that Jun Li had a sister, perhaps his fun was the fun of spoiling his sister.

Qin Shu looked at Jun Li's pale face and couldn't bear to refuse, so she nodded.

Jun Li smiled and peeled the prawn shells, after peeling, he put them into the bowl in front of Qin Shu.

Qin Shu was just taking care of eating them.

The taste of the prawn fresh dipped in the vinegar was really good.

Jun Li's skill in peeling prawn shell was no less than Fu Tingyan's, and his speed was very fast.

There was a total of three plates of prawn being served, all were eaten, and there was not even one left.

Qiao Ran was not very enthusiastic about food, after eating a few prawns, he stopped eating.

He glanced at the four opposite him. Two of them peeling and two of them eating, Jiang Yu and Ye Xue were a couple, so this interaction was very normal.

But why did Fu Tingyan and Bo Ye look weird?

He withdrew his gaze with confusion, then he saw Professor Jun peeling prawn for Qin Shu, he was stunned for a while.

Jun Li had always been very special to Qin Shu, and Qiao Ran knew about it.

At first, he thought that Jun Li liked Qin Shu, but when he saw the award ceremony today, he knew that Qin Shu had a boyfriend, and he was an outstanding man with good looks, good personality, and wealth.

He knew that Qin Shu was very outstanding, and her looks were much better than all that he had seen, however, he was very surprised that she had such a well-hidden boyfriend.

Jun Li did not show any expression at that time, which meant that he knew that Qin Shu had a boyfriend.

Therefore, he ruled out the possibility that Jun Li liked Qin Shu.

The dinner took more than two hours to end.

No one drank tonight, so the few of them walked out of the hotel without any problems.

Jun Li was staying at school for the time being, they were students, so they were also staying in the school.

When they returned to school, it was already 10 pm.

After Qin Shu returned to her apartment, she went to her room on the second floor and gave the man a call.

As soon as the call was connected, the man picked up almost immediately.

Qin Shu was a little stuffed from eating, so she lay on the bed. "Baby Yu, are you busy?"

The girl's voice was sweet, and the man felt like he had eaten candy, he glanced at the computer screen. "No."

"I used the scholarship to treat them to dinner tonight and just got home. Xiao Yan and Jiang Yu, those two brats, doesn't give chance at all."

After Qin Shu casually ridiculed, she added, "But I save some for you."

When the man heard this, the corners of his mouth unconsciously lifted. "Why do you want to give it to me?"

"Because you are my hubby, my only relative, the first scholarship I received would have to give to you." Qin Shu said as a matter of fact.

When the man heard this, his mood was very happy, he could not wait to appear in front of her right now and watch her hand over her first scholarship, so that he could feel the value of being treasured by the girl.

Qin Shu casually asked, "Baby Yu, do you want to go to Qi Mountain to have a look?"

The smile on the man's face slowly faded. "What do you want to say?"

Qin Shu shook her head. "Nothing, I'm just asking casually."

The man said, "I don't want to go to Qi Mountain, I just want you to take a break soon and come back to accompany me."

"I got it!"

She actually wanted to say that if he wanted to go to Qi Mountain and if the protection array was in place, she could try to help break the array.

Now that she heard that the man didn't want to go, then she could forget about it, after all, she was only a dabbler in breaking the array.

If not going, then she wouldn't have to be embarrassed if she can't break it.

Thinking about how it was near the end of the year, a large family like the Fu family and such a large business enterprise would definitely be very busy.

She understood the man's personality too well, once he was busy, he couldn't bother about anything else.

"Don't tire yourself out, you have to combine work and rest, understand?"

The man replied, "Okay" Whether he could do it was another question.

As it was near the end of the year and he was really busy.

Qin Shu glanced at the vase on her desk, it was a very large vase, the ninety nine roses were all in the vase.

"I've put all the roses in the vase, they were all buds and can be kept for a long time, I could watch them bloom."

At the mention of roses, the man remembered that he felt sending red roses were a little too common at that time, but Shi Yan told him roses represented love and ninety nine roses (where nine rhymed with 'everlasting' in Chinese) represented an everlasting love.

Thus, he bought ninety nine roses.

"Do you like them?"

"Of course I like them, I like everything you gave me."

"It's good that you like them."

The man was becoming more and more vulnerable to the girl now, in the past, she would not say such things, but now she would say it to him.

The girl's smile was like a vintage wine, intoxicating just by her looks.

But the words she said were even more intoxicating than the vintage wine.

Qin Shu chatted with the man for a while before hung up and went to take a shower.

Fu Tingyu sat at his desk and continued working.

But just as he tightened his grip on the mouse, his phone rang again, he tilted his head to look at the caller ID and realized that it was from Mo Chengyu.

He picked up the phone and heard Mo Chengyu said, "I heard that you've returned to Jiangcheng. Come out and have a drink with me."

Fu Tingyu refused mercilessly. "I'm not going."

Mo Chengyu continued, "How long have you been in the Capital? It's rare for us to get together, come on out."

Fu Tingyu said, "You go look for Yun Qichen."

"He went abroad, don't say that you're afraid of your wife and won't dare to come out." Mo Chengyu was afraid that he would reject him again, so he goaded him on.

Although it wasn't very effective, but no harm trying.

The man had just finished his call with the girl and was in a good mood, he smiled calmly and said, "I'm indeed afraid that my wife will not be happy, so I won't go out."

After saying that, he hung up, as he knew Mo Chengyu's character, so he turned off his phone.

He threw his phone aside and didn't bother with it, continued to focus on matters at hand.

Just as Mo Chengyu finished speaking, he realized that the call was cut off, he dialed again, but he discovered that Fu Tingyu had switched off his phone.

"Fu Tingyu you brat, other than switching off your phone, what else can you do? You can only switch off phone every time."

Mo Chengyu wanted to find someone to drink with him right now, but in the end, he was treated with such show off.

This was considered show off, right?

But... "Now one can show off that you're afraid of your wife?"

Mo Chengyu threw his phone into his sports car and leaned against the car door, he took out a pack of cigarettes from his pocket and lit one.

The climate in Jiangcheng was somewhat like that of the Imperial capital, it was even cooler at 10 pm.

He smoked three cigarettes in a row, his clothes were thin, and he was shivering from the cold, he threw away the cigarette butt, prepared to get into the car and return to his villa.

Before he could touch the car door handle, he felt a pain in the back of his neck, he didn't even know who attacked him and fainted immediately...

When Mo Chengyu woke up, he found himself locked in a cold and damp place, it was really cold and the ground was damp.

His first reaction was that he had been kidnapped.

There were two reasons for kidnapping. One was for money, and the other was for revenge.

He hoped it was the former.

He tried to shout, "Is anyone there? I can give you any amount of money you want as long as you let me go."

Before he could finish his sentence, he was given a tight slap, it was exceptionally loud in the night.

His head was hit and flap to the side, and his face became swollen and painful at once.

Chapter 617: Protected By His Partner Of The Arranged Marriage At Young Age

Mo Chengxuxu had been pampered since young. He wasn't even being bumped into, let alone slapped.

Now that someone slapped him, he felt a little dizzy, however, he knew that the person who kidnapped him most probably didn't do it for money, so he gritted his teeth and didn't say anything else.

His eyes were covered by a black cloth, and he couldn't see clearly who kidnapped him, even when he got out, he couldn't know who to look for his revenge.

In the abandoned building, there was only a dim bulb emitting a faint light from above.

The kidnapper deliberately patted the swollen half of Mo Chengyu's face. "Mr Mo, why aren't you saying anything?"

Mo Chengyu tilted his head slightly. His cheeks were already burning with pain. As he was being patted a few times, the pain made him suck in a breath of cold air.

From the way the kidnapper addressed him, he knew that the kidnapper knew him, not only did he know him, he could also had a grudge against him.

He spat out the blood in his mouth and endured the pain as he asked, "Since you know who I am, how dare you treat me like this?"

The kidnapper smiled smugly. "So What? If we dare to invite Mr Mo over, then there's nothing that we would be afraid of."

Mo Chengyu laughed coldly in his heart, this was clearly a kidnap, yet he said 'invite'?

"Then how would you let me off?"

The kidnapper said, "It's very simple for Mr Mo, you just have to break off your engagement with the Su family's daughter, then you can leave."

Mo Chengyu was stunned, break off the engagement with the Su Family?

The kidnapper continued, "Mr Mo has so many confidants and doesn't like Ms Su, why do you have to implicate her?"

Mo Chengyu frowned. "You were hired by Su Ruan?"

Su Ruan was the Su family's daughter. She left the country when she was 15 years old, and she just returned to the country not for long.

After Su Ruan returned to the country, they had not met, he only heard his mother mention her numerous times.

"No." The kidnapper's gaze shifted back and forth on Mo Chengyu, Mo Chengyu was a well-known playboy and a carefree young master of a wealthy family, Kidnapper's voice was full of disdain. "You're not worthy of Su Ruan."

Mo Chengyu was stunned and he snorted coldly. "I don't fancy her either."

Before he could finish his sentence, a slap sound could be heard, he was slapped again.

Mo Chengyu had never suffered such humiliation before, both of his cheeks had been slapped, it was very painful.

However, what puzzled him was that since Su Ruan didn't agree to this arranged marriage when they were young, why didn't she take the initiative to break off the engagement?

Why did she have to hire someone to kidnap him and force him to break off the engagement?

The kidnapper said angrily, "You have so many women around you, how clean could you be? Ms Su doesn't fancy a playboy like you either."

Mo Chengyu couldn't help but laughed, blood trickled down the corner of his mouth. "Are you envious of my popularity?"

"You're an animal that thinks with your lower body, don't think that others are like you."

The kidnapper's voice carried a hint of annoyance. "Mr Mo, have you thought it through?"

"If she wants to annul the engagement so badly, why didn't she bring it up herself? Why did I have to do it?"

The moment Mo Chengyu opened his mouth, he furrowed his brows in pain. he endured the pain and finished his sentence.

The kidnapper said, "Why do you bother so much? You just have to annul the engagement with Ms Su."

Mo Chengyu chuckled. "Breaking off the engagement is fine, you can ask her come over and tell me, we'll break off the engagement in front of our family elders together."

"I think Mr Mo will need to suffer a little, before he could understand."

The kidnapper fiercely grabbed Mo Chengyu by the collar of his shirt, clenched his fist and swung it at his lower abdomen.

"Hiss!" Mo Chengxu groaned, the pain was so intense that he could not even straighten his back.

Before he could recover from the excruciating pain, he was thrown to the ground by the kidnapper, the side of his waist was hit on something hard, and the pain almost caused him to faint.

He would rather faint directly than endure the pain when he is sober, it was so cold that he almost died.

At this moment, he heard someone fighting, it was very loud, not only could he hear the sound of fighting, he could also hear the sound of things falling and breaking.

Mo Chengyu was still in pain, now that he realized that the kidnappers were fighting among themselves, he could not help but laughed.

When he laughed, he pulled the wound on his cheeks, and it was so painful that he sucked in a breath of cold air.

After a while, he heard the kidnapper say, "He's a scum."

Mo Chengyu did not need to ask to know that the 'scum' was referring to him, he just smiled and did not bother.

After the fight stopped, Mo Chengyu felt someone walked over, he subconsciously took a step back, this was mainly because he had been slapped twice and punched by the kidnapper. It was really painful.

He wasn't made of iron that he would feel nothing after being hit.

The expected punches and kicks didn't come, but his arm was grabbed by someone and pulled him up from the ground, the injury on his lower back was pulled, and he groaned in pain. "Hiss!"

The person who grabbed him paused, he felt a hand touched on his body and on the area where he was injured, the pain made him groan again.

He shouted impatiently, "What are you trying to do?"

After he finished shouting, the kidnapper did not move.

His eyes were covered, so he could not see anything.

After a while, the person who grabbed his arm pulled him forward again.

After walking for a while, he was helped into the car, after the door was closed, there was no more movement again.

The heater was turned on in the car, it did not feel cold, but he felt hurt all over.

In the abandoned building

The kidnapper saw that Su Ruan had returned and growled, "He is a f*cking scumbag, playboy, and you are protecting him? You attacked me because of him?"

Su Ruan said, "Li Chen, no matter what kind of person he is, it has nothing to do with you, you need not interfere with my matters, you hurt him, and I hurt you, we're even."

For a moment, there was silence.

Li Chen suddenly asked, "Do you like him?"

Su Ruan said, "No."

Li Chen sneered. "If you don't like him, why are you protecting him?"

Su Ruan was silent for a moment and said three words. "You don't understand."

After saying that, she turned and left.

Li Chen frowned, he didn't understand?

Mo Chengyu didn't wait for long, he heard the car door opening and closing, and then the sound of the engine starting.

The car started to move slowly, as to where it was going, he didn't know.

He shouted at the driver's seat, "Where exactly are you taking me?"

After shouting, no one answered.

Mo Chengyu decided not to ask any more questions, he could only hope that someone would realize that he was missing and come to save him.

Mo Chengyu fell asleep in the bumpy car.

Su Ruan parked the car at Mo Chengyu's private villa.

After some effort, she helped Mo Chengyu into his room and helped him took a bath, then she help him to the bed.

When she was bathing Mo Chengyu, Su Ruan noticed that he had a fever, it was cold in the abandoned building.

Su Ruan searched the room and found the medical kit, she found some cold relief medicine and fed him.

Then she began to treat his wound.

His cheeks were already swollen, so he should take some anti-inflammatory medicine.

Then came the injury on his waist.

The wound on the side of his waist was the most serious.

She lifted his bathrobe and saw the scar of the knife wound on the side of his waist, had been poked by a piece of wood, the cut was very deep, and the crimson red blood flowed out of the wound.

Chapter 618: What else can you do besides having a good time? You came knocking on his door

Su Ruan looked at the scar. It had been so many years and it still hadn't disappeared. Now, there's even a new wound.

She said while treating the wound, "Other than having a good time, what else can you do?"

When the cotton swab touched the wound, Mo Chengxu frowned and snorted.

Su Ruan looked up at Mo Chengxu. Seeing that he was frowning, she loosened her grip on him.

By the time she was done packing, Mo Chengxu was already in a deep sleep. She placed her hand on his forehead. His fever has not subsided.

She retracted her hand and sat at the side to wait..

At four in the morning, Mo Chengxu's fever finally subsided.

Su Ruan took the thermometer to measure his temperature. After his temperature returned to normal, she stood up and left the villa.

When Mo Chengxu woke up, it was already noon the next day.

He opened his eyes and stared at the familiar floor-to-ceiling window in a daze for a while.

This is his villa?

He sat up abruptly and the injury on his waist caused him to groan in pain.

He looked down and touched his waist. He realized that the injury had already been bandaged.

“Who bandaged me?”

He looked up at his room again. “And who sent me back?”

He was the only one in the room and no one answered his question.

Mo Chengxu thought for a long time but still could not figure it out. He got up to wash up and looked at himself in the mirror. Both of his cheeks were less swollen, but they were still a little swollen.

He changed into a new set of clothes, put a mask on, and went out.

Half an hour later, he arrived at Fu Corporation.

Fu Tingyu had just finished his lunch when the office door was pushed open. He turned his head and saw Mo Chengxu walking in with a mask on. He had one hand on his waist and his walking posture was a little different from usual.

“Aren’t you afraid of losing your kidney after playing so hard?”

Mo Chengxu’s face turned dark when he heard Fu Tingyu’s teasing words. He walked straight over, took off the mask on his face, and sat down in front of the office desk.

Fu Tingyu caught a glimpse of a few finger marks on Mo Chengxu’s face and laughed. “What happened to your face? Was it scratched by a woman last night?”

Mo Chengxu’s expression turned even worse when he mentioned what happened last night. “Brother Yu, can you be a little more humane? I almost died last night.”

Fu Tingyu stopped laughing. “What’s wrong?”

“I was kidnapped last night. These injuries were caused last night. They insisted that Su Ruan and I break off the engagement. I think she must have hired someone.”

Mo Chengxu recalled being beaten up last night and felt a little unhappy. “Brother Yu, what do you think Su Ruan meant by this? If you want to break off the engagement, why don’t you just bring it up yourself? Why must I bring it up?”

Fu Tingyu frowned. “Are you sure it was Su Ruan, the daughter of the Su family, who hired them?”

“If you want me to break off the engagement, who else could it be other than Su Ruan? I haven’t seen her since I’ve been back in the country. I’m guessing that she’s also very opposed to a baby engagement.”

As Mo Chengxu finished speaking, he thought about how he suddenly returned to his villa and couldn’t help but feel a little puzzled.

Fu Tingyu smiled again. “You were the one who was hiding from her.”

Mo Chengxu was stunned for a moment. “I . . . Did I?”

He thought for a moment. It seemed like he was deliberately hiding, so he had even met Su Ruan before.

Fu Tingyu asked, "Did you agree to break off the engagement with the Su family's daughter?"

Mo Chengxu shook his head. "No, it's better for her to break off the engagement."

"Then how did you come back?" Fu Tingyu asked again.

"I don't know either. When I woke up today, I was in my apartment. I am also curious who saved me," Mo Chengxu said.

Fu Tingyu asked, "Then what do you want to do?"

Mo Chengxu said, "I want to know who saved me last night. Help me investigate."

Fu Tingyu replied with an "Okay".

With Fu Tingyu investigating this matter, Mo Chengxu was the most assured.

"Oh right, brother Yu, how are things with your wife?"

Fu Tingyu's gaze was a little cold. "What do you want to do?"

Mo Chengxu smiled. "I'm just asking. Your wife is so far away from you. Aren't you afraid that she'll run away?"

Fu Tingyu stared at Mo Chengxu for a while and said, "She won't."

"Are you that confident?" Mo Chengxu felt that Fu Tingyu was just concerned about his reputation. Otherwise, why would he run to the imperial capital every now and then?

Fu Tingyu said, "She's my wife. Of course, she won't run away."

"I feel that you've come into contact with too few women. You don't understand women. Even if women satisfy their reputation and material needs, they will always be fickle."

Mo Chengxu said it with certainty because he knew women too well. He was a white rabbit in front of you, but he would also flirt behind your back.

Fu Tingyu said with certainty, "She's not."

Mo Chengxu simply did not argue with him. "Alright, alright. No matter what, you think your wife is the best."

"Of course." When the man said this, his pitch-black eyes shone.

Mo Chengxu did not mention Qin Shu anymore. No matter how bad she was, in brother Yu's eyes, she was all gold and jade.

She was incomparable to other women.

While Mo Chengxu was thinking about something, Fu Tingyu called Shi Yan and asked him to investigate Mo Chengxu's kidnapping and rescue.

Fu Tingyu hung up the phone and looked at Mo Chengxu. He immediately chased him away. "After you're done, you can leave. I still have things to deal with."

Mo Chengxu refused to leave. "How long will it take to find out?"

Fu Tingyu raised his eyebrows and looked at him. "Are you questioning the ye brothers' ability to do things?"

Mo Chengxu shook his head like a rattle-drum. "No, I'm just anxious to find out who saved me. He was kind enough to send me home and bandage my wounds."

"We still have to go back and wait." Fu Tingyu chased him away again. Then, he lowered his eyes and glanced at his email.

"Alright, I'll go back and wait for the news. If you find it, let me know immediately."

Mo Chengxu stood up helplessly and left the Fu Corporation.

Imperial University

When Qin Shu walked into the classroom, she was surrounded by a group of girls.

"Qin Shu, was the man who gave you the roses yesterday your boyfriend? How did you two meet?"

"Qin Shu, just tell me, what does your boyfriend do? He's so handsome."

"How long have you guys been dating?"

"How did you manage to get such a handsome boyfriend? Teach me quickly, I want a handsome boyfriend too."

"That's right, that's right. Qin Shu, just teach us some techniques. How did you manage to get such a handsome boyfriend?"

Qin Shu quietly looked at the group of girlfriends in front of her, asking all sorts of questions. When their voices gradually weakened, she opened her mouth and said, "When you guys become god-level scholars like me, you will be able to attract very outstanding men."

"Ah!!!"

The group of girls let out a sigh, because Qin Shu's results in all aspects were the best in the entire school.

Although they were all excellent enough to be able to enter the capital university, they are still a long way from Qin Shu among the top students.

But Qin Shu's answer made them unable to find anything wrong or inappropriate.

Because Qin Shu's grades were indeed very excellent, her grades couldn't be directly proportional to her looks.

Chapter 619: Filled to the brim, unexpected investigation results

Therefore, the only thing that Qin Shu could attract people was her results. Her looks were definitely not good enough.

There are many girls in school who are more beautiful than her.

The group of girls returned to their seats and did not forget to ridicule her.

“Is what Qin Shu said true or false? Her boyfriend is really handsome. He feels like someone who walked out of a painting. Is such a handsome man attracted by Qin Shu’s talent?”

“But other than her excellent grades, is there nothing else? I can’t figure it out either. Why would such a handsome, outstanding, and elegant man like Qin Shu fall for her?”

“I guess Qin Shu must have used some tricks. Otherwise, such an outstanding man would have wanted any kind of woman.”

.

“Who knows? Maybe it’s just new. I’ve seen this before. When that man gets bored, he’ll break up with Qin Shu.”

“I think it’s possible too.”

With that thought, everyone felt much better.

Yan Jing stood at the door of the classroom. When she saw Qin Shu’s smug look, she gnashed her teeth in hatred.

Why was she kicked out of the student union?

And expelled?

Qin Shu was surrounded by a group of outstanding men?

Qin Shu should be the one who was kicked out of the student union.

Qin Shu should also be the one who was expelled.

She should be the one who was surrounded by a group of outstanding men, not Qin Shu.

The more Yan Jing thought about it, the more unbalanced she felt in her heart. The more she hated Qin Shu, the more she hated her.

Before she left the Imperial College, she could not let Qin Shu off so easily.

A vicious look flashed across Yan Jing’s eyes.

After school

When Qin Shu was free, she returned to her apartment and picked up the candies that she had prepared beforehand. The candies were green apple-flavored and were placed in a glass jar. The Jar was 500 milliliters and there was a lot of sugar in it.

She carried a jar full of candies and went to Jun Li’s apartment.

It was a ten-minute walk and they arrived in a short while.

She stood at the door and raised her hand to knock on the door.

The person who opened the door was tracing shadow. He saw Qin Shu and saw that she was holding a glass jar in her arms. Through the glass, he could see the candies inside.

He had seen his young master eat a candy that was wrapped like this after drinking Chinese medicine for the past few days.

He immediately turned sideways. "Miss Qin, please come in."

"Okay." Qin Shu nodded and walked in.

Juying stepped forward to lead the way. "My young master is basking on the balcony."

Qin Shu followed Juying's footsteps and went up to the second floor.

The Sun was good today. Jun Li was lying on the imperial consort's chair, lazily basking in the sun.

Under the sun, Jun Li's skin was extremely transparent. There was not a trace of blood, and it was so pale that it made one's heart ache.

Qin Shu walked to the Imperial Consort's chair and stopped. She looked at the man lying there. She really hoped that his poison would be cured soon.

Juying lowered his eyebrows and nodded. "Young master, Miss Qin is here."

Jun Li, who was lying on the Imperial Consort's chair, was drowsy. When he heard that Qin Shu was here, he suddenly opened his eyes and sat up. He saw Qin Shu's tall figure standing behind him. She smiled at him, revealing two small white canine teeth. Her smile was very sweet.

Juying retreated to the side.

Jun Li stood up straight and walked towards Qin Shu. His smile was gentle. "Why didn't you tell me you were coming?"

"Didn't you run out of candy? I came over when I had time." Qin Shu raised the candy in her arms and handed it to Jun Li. "This is the candy I bought. It's for you. You can eat it for a long time."

Jun Li lowered his eyes and looked at the jar full of candy in front of him. He was a little moved. He took the glass jar and looked up at Qin Shu, the smile on his face spreading.

"You're really thoughtful."

Qin Shu shook her head indifferently. "It's just a jar of candies. It's actually nothing much. Drinking Chinese medicine is very bitter. I've tried it before, so after drinking the Chinese medicine, I'll eat the green apple-flavored candies. The bitter taste will cover a lot of it."

In Qin Shu's heart, Jun Li treated her as his sister and was especially good to her. She also had to treat him as her brother and treat him well.

The smile on Jun Li's lips deepened. He raised the glass can in his hand and looked at the full can of candy. "There's so much candy. It's enough for me to eat for a long time."

He did not like to eat candy. He only occasionally thought of the taste of the candy and would want to eat it.

It was too bitter to drink the Chinese medicine now. He really could not drink without sugar.

Qin Shu looked at Jun Li's pale face and was a little worried. "How have you been feeling recently? Are you feeling better than before?"

Jun Li gave her a reassuring smile. "I'm feeling better. You don't have to worry."

Qin Shu let out a sigh of relief. "That's good. Gu Yan has returned to Jiangcheng and can't often check your pulse. If you have time, go to Jiangcheng. Gu Yan's medical skills are very good and he'll definitely be able to detoxify you."

Jun Li nodded. "Yes, I'll go when I have time. Professor Gu's medical skills are the best among all the doctors I know."

Qin Shu asked, "Did you offend someone? is that why someone poisoned you?"

Jun Li did not deny it. "Yes, there are some grudges."

Qin Shu hated people who poisoned people behind their backs the most. When she thought of how the Crimson Sand Organization had poisoned the man, she could not help but think of the man whose eyes were covered with pure white gauze.

Even if he treated her well, it could not erase the damage he had done to the man.

The man's martial strength had not recovered until now, and she did not know when it would recover.

Jun Li interrupted her thoughts. "What are you thinking about?"

Qin Shu shook her head. "Nothing. Take care of your body."

Jun Li said, "Yes, I know."

"Then I'll be leaving first."

Qin Shu smiled at him and turned to leave.

Jun Li stood where he was, holding a glass can in his hand. His purple eyes stared at Qin Shu's departing figure for a long time.

He only retracted his gaze when Qin Shu disappeared around the corner. He lowered his eyes and looked at the glass can in his hand. It was filled with green apple-flavored candies. Even the packaging was green.

He recalled that eight years ago, he had received a glass can that was similar to this one. The contents were also filled with a can full of green apple-flavored candies.

The corners of her mouth unconsciously curved up. She still hadn't changed much.

Qin Shu walked out of the apartment and looked at the sun above her head. Counting the days, there were only ten days left before she could go back to Jiang City on vacation.

She still remembered that the man had said that he would take her to meet his parents during the New Year. She felt a little nervous even before they met.

Because she had never met the man's parents once.

She did not know if they would like her.

The next day, the Ye brothers' investigation came to a conclusion.

When Fu Tingyu received the results of the investigation, he called Mo Chengxu and asked him to come over.

Mo Chengxu had not done anything all day. He was waiting for news in his villa and recuperating at the same time.

Hence, when he received Fu Tingyu's call, he immediately drove over.

On the way, he was still wondering who the person who would save him was?

He thought of everyone he could think of, but he wasn't sure.

They arrived at the Fu Corporation

Mo Chengxu went straight to the office on the top floor.

The door was forcefully pushed open, and he strode in.

Fu Tingyu sat in front of his dark brown desk. He turned his head and glanced at Mo Chengxu, who was in a hurry. He calmly picked up the coffee on his right.

Chapter 620: When we work together, we encounter hooligans

Mo Chengxu walked straight to his desk and removed the mask on his face. He always wore a mask when he left the office.

"Brother Yu, who is that person?" Mo Chengxu's voice sounded a little anxious.

Fu Tingyu ignored him. Instead, he raised the coffee cup to his lips and drank it calmly.

Mo Chengxu was in a hurry to know the answer when he saw Fu Tingyu sipping his coffee slowly.

"Brother Yu, can't you drink your coffee later?"

"The coffee will get cold and taste worse." Fu Tingyu looked up at Mo Chengxu. It had been a day, and his face was much better. He could still see his fingerprints.

He calmly took another sip of coffee.

Although Mo Chengxu was anxious, he didn't dare to rush him. He sat across from him and waited anxiously.

When he saw Fu Tingyu put down his coffee cup, he anxiously asked, "Brother Yu, Can we talk now?"

Fu Tingyu put the coffee cup on the desk and said, "Li Chen, do you know him?"

Li Chen heard the name of the man, but he didn't remember it at all.

"I don't know him. Could it be that he saved me?"

Fu Tingyu shook his head. "No, he kidnapped you."

Mo Chengxu was even more confused. "I don't even know him. We don't have any grudges. There's no reason for him to kidnap me."

Fu Tingyu said, "He knows Su Ruan. They're both classmates and fellow apprentices."

Mo Chengxu's face immediately darkened. "I understand now. Li Chen is Su Ruan's boyfriend, so he forced me to break off the engagement?"

"I'm not sure." Fu Tingyu lowered his eyes and took another sip of coffee.

"It must be so. Li Chen and Su Ruan wanted to be together, but because they were engaged, they couldn't stay together openly. So he kidnapped me and forced me to break off the engagement."

Mo Chengxu was really angry, especially when he thought of last night.

Fu Tingyu looked up and calmly looked at Mo Chengxu. "Su Ruan saved you last night."

"What did you say? Su Ruan saved me?" Mo Chengxu was stunned. If Su Ruan saved him, then his injuries were also bandaged by Su Ruan. There was also a fever medicine box in the trash can...

Then, he thought of another important matter. Could it be that Su Ruan also gave him a bath last night?

Fu Tingyu didn't say anything and continued to drink the remaining coffee.

Mo Chengxu didn't believe that Su Ruan was so kind. She must be afraid that the matter would be exposed, so he wasn't willing to annul the engagement.

Li Chen played the bad cop, while Su Ruan played the bad cop, singing along.

Fu Tingyu asked, "You plan to annul the engagement on your own initiative?"

Mo Chengxu tilted his head and looked at Fu Tingyu. After thinking for a while, he said, "I won't cancel the engagement unless Li Chen apologizes to me."

Fu Tingyu lowered his eyes and didn't express his opinion.

"Brother Yu, you go ahead. I'll leave first."

Mo Chengxu put on his mask again and walked out of the office.

It seemed that he hadn't asked a woman out for dinner or a movie for a long time.

He took out his phone and dialed whichever number he pointed at.

After the call was connected, he heard a sweet voice. "Young Master Mo, it's been a long time since you've asked me out."

Mo Chengxu felt a little uncomfortable when he heard such a sweet voice. Without saying a word, he hung up and blocked the call.

Then, he dialed another number.

“Young Master Mo, you remembered me. When are we going to have dinner together?”

The same sweet voice gave Mo Chengxuxu goosebumps.

He hung up without saying a word and blocked the call.

He made a few phone calls and realized that women always spoke the same way.

Why did he feel that this was a woman’s gentle behavior in the past?

He blocked a few numbers on his phone and looked at the phone number at the bottom. It was Yang Yuan’s.

She was also the only woman who spoke neither coquettishly nor softly.

After thinking for a while, he dialed Yang Yuan’s phone number.

After the call was connected, he heard Yang Yuan’s calm and unhurried voice. “What’s the matter?”

He said, “Let’s have dinner together.”

He thought Yang Yuan would agree, but he heard her say, “I’m not free.”

She rejected him without any mercy.

If it were in the past, Mo Chengxu would have hung up immediately because no one had rejected his invitation.

This time, he was patient and said, “I have something to discuss with you.”

There was a moment of silence on the other end of the phone. “Where is the place?”

“It’s the first time I’m meeting you at a Western restaurant.”

Mo Chengxu hung up the phone and drove towards the Western restaurant.

Imperial College

It was close to summer vacation and the atmosphere in the school was much livelier than before. Even the cold wind could not reduce the students’ expectations for the summer vacation.

After school, Qin Shu went to the student union. Since Yan Jing had left the student union and there were no substitutes, all the matters in the planning department fell on her shoulders. Compared to before, she was much busier.

It was not until nine o’clock in the evening that she settled everything and left the student union.

Outside, the cold wind was very strong, and the street lamps gave off a faint yellow light.

Qin Shu held her laptop and walked along the cement road towards the student apartment.

Suddenly, a few tall and straight figures walked towards her.

Qin Shu slowed her footsteps and looked at the three men in front of her. They were tall and sturdy, with fierce looks on their faces. All of them came with ill intentions.

When the three men saw Qin Shu, they used the light from the street lamps to see her appearance.

The person who paid them said that the girl in front of them would compete in martial arts. Now that they looked at her, they realized that she was just an ordinary girl. Even if she competed in martial arts, it would only be a simple defence, so they didn't take it to heart.

The three men looked at each other. After confirming that she was the person they were looking for, they couldn't help but feel happy. She was better looking than they had imagined. She could play and get money, killing two birds with one stone.

The leading man was the first to speak.

"You must be Qin Shu. You're not bad looking either. Go play with us. If you make us happy, we won't make things difficult for you."

"Be good. You can also suffer less later."

It was already nine o'clock at night. It was very cold outside. There was basically no one on this road.

This was also the reason why the three of them dared to be so arrogant.

"..."

They directly attacked Qin Shu.

Qin Shu held the laptop in one hand and watched the three men in front of her run over quickly. Ever since her martial strength had broken through to platinum level, she has not had the chance to find anyone to train with. This time, she had taken the initiative to deliver three targets to them. Of course, she would not waste them.

Her figure flashed, and her speed was much faster than before.

The three men's martial strength was only bronze level. Their vision blurred, and before they could react, the three men's lower abdomen had been ruthlessly kicked.

Then, with a few crisp sounds, the three men did not even have the time to cover their stomachs. They hurriedly covered their faces.

"Ah!!!"

Wails rose and fell.

Qin Shu put away her laptop and looked coldly at the three men kneeling on the ground. She still had no intention of letting them go just like that.

She beat them up one by one again, and only stopped when they could not even recognize their mother.

Qin Shu stood upright with her laptop in her arms. She glanced at the three men rolling on the ground in pain and wailing. "Who sent you?" she asked.
