Chapter 631: One Day, You Will Regret It

Since last night, she hadn't eaten anything. Her stomach was churning, but she didn't vomit anything. She just retched a few times.

Her chest was still stuffy.

This was the result of using force just now. It made her breathing unstable.

"Qin Shu, what's wrong?"

Hua Wuyan's expression changed. He quickly walked to Qin Shu's side and reached out to her. Just as he was about to hold her arm, Qin Shu quickly grabbed his wrist and twisted his back forcefully.

At the same time, her other hand reached into Hua Wuyan's coat pocket and took out the phone inside. Regardless of whether it was his or her phone, as long as there was a phone, she could call Fu Tingyu and tell him that she was fine.

The reason why she knew that the phone was in this pocket was because of the action of Hua Wuyan subconsciously reaching into the pocket.

The entire set of actions was completed in one go, it was so fast that Hua Wuyan did not have time to react before the phone was taken away by her.

Hua Wuyan turned his head to look at Qin Shu and smiled impatiently. "You are still the same as before."

Hua Wuyan thought that the uncomfortable look on Qin Shu's face just now was an act to make him lower his guard.

Qin Shu did not care about the meaning behind Hua Wuyan's words. She pressed on Hua Wuyan's arm with one hand and held the phone with the other. As soon as she took it, she knew that it was her phone.

This phone was brand new. It was a couple's phone that the man gave her not long ago.

Even the phone case was picked by the man himself.

She could make a call on the phone.

Just as she was about to dial the man's phone, Hua Wuyan said, "You are still thinking that you are not the Little Munchkin?"

Qin Shu's hands stopped moving and she turned her head to look at him.

Hua Wuyan continued, "Even Fu Tingyu has admitted that you are the Little Munchkin. Do you think that he keep you by his side just because he likes you?"

He deliberately emphasized his last sentence.

“When did he say that? Why didn’t I know?”

Qin Shu was stunned for a moment before she retorted, “If I was the Little Munchkin, there was no reason for him not to tell me. Are you trying to sow discord between him and me?”

“Sow discord?” Hua Wuyan laughed with some helplessness. “I just don’t want you to be deceived by him.”

“He won’t lie to me.” Qin Shu’s tone was certain.

Hua Wuyan saw that she trusted Fu Tingyu so much and knew that no matter what he said, she would not believe him.

“Whether I’m lying to you or not, you will know in the future.”

Qin Shu stared at Hua Wuyan for a while before letting go of him. She took her phone and walked to the side, turning it on.

Hua Wuyan lowered his eyes and looked at his wrist. A red mark had appeared on his fair wrist, showing how much strength she had exerted.

It was the same as before.

He raised his head and looked at Qin Shu. He saw that she had turned her phone on and was about to make a call.

He said, “When did you become so devoted to Brother Han?”

Qin Shu dialled the number. When she heard Hua Wuyan’s words, she pursed her lips. When she thought of Han Xiao’s leg, her heart felt very uncomfortable.

At this moment, in the Imperial Capital.

Shi Yan hung up the phone and looked at his master. “Fourth Master, the Ye brothers have sent news. For the time being, we are not sure if the red sand organization has kidnapped the Young Madam. However, the red sand organization has released news that the Young Madam is not with them.”

However, other than the red sand organization, they could not think of anyone who had kidnapped the Young Madam for the time being.

Fu Tingyu was on the verge of going crazy, and the calmness on his face was no longer there.

He stared at the space in front of him with a gloomy expression. “They purposely released the news.”

Fu Tingyu and Jun Li turned the Imperial capital upside down, but they couldn’t find Qin Shu.

Shi Yan guessed, “Fourth Master, does the red sand organization know what you mean?”

“Hubby, I miss you...”

At this moment, the ringtone of his phone suddenly rang.

It was Bao’er’s unique ringtone. It was as though it was filled with hope, causing the man’s mind to twist.

Every time he heard this unique ringtone, the man would unconsciously raise the corners of his mouth.

He quickly took out his phone and picked up the call. "Bao'er, are you alright?"

The moment he said that the man realized that his voice was trembling.

He took out his phone and answered the call in less than two seconds. This was probably the fastest time he picked up the phone.

Qin Shu heard the man's anxious voice and knew that he was frantic.

"Baby Yu, I'm fine. You don't have to worry about me."

Hearing this, the man finally let out a sigh of relief. Nothing was more important than her being safe.

"Then where are you? I'll go pick you up."

Qin Shu's eyes paused. Thinking of Han Xiao's leg, she said hesitantly, "Baby Yu, I can't go back for now. Go back to Jiang Cheng and wait for me. After I'm done here, I'll go back to look for you."

As long as Han Xiao's leg was recovered, she could go back to look for the man in peace and spend the new year with him.

When the man heard this, his voice was urgent. "What are you dealing with? Is someone threatening you? Tell me, I'll help you."

Qin Shu was about to speak when the phone in her hand was suddenly snatched away. She turned around and saw Hua Wuyan standing behind her.

Hua Wuyan immediately hung up the phone and turned it off. This way, he would not be able to find her based on her location.

Fu Tingyu didn't know about their family background, so he wouldn't be able to find them in a short period of time.

"Give me back my phone. I'm not done calling yet." Qin Shu reached out to snatch the phone.

However, Hua Wuyan dodged her quickly. She didn't give up and continued to snatch it.

This time Hua Wuyan's actions were much faster than before. His actions were instantaneous without hurting Qin Shu.

After a few rounds, Qin Shu did not manage to snatch the phone. However, because she used force, her chest felt tight and she felt nauseous. She felt something surging up from her stomach.

She stopped her actions and covered her mouth with one hand. She retched a few times. This feeling of wanting to vomit but not being able to do so was the most uncomfortable.

Hua Wuyan thought that Qin Shu was using the same trick again, so he was not as nervous as before. Instead, he calmly stood two meters away from Qin Shu and looked at her.

"Qin Shu, you've called Fu Tingyu to tell him that you're safe. As long as you can persuade brother Han to cooperate with the treatment, I'll send you back to Jiang Cheng personally when brother Han's leg

recovers. "But I just hope that you can be more vigilant and not be deceived by Fu Tingyu. Even if you've been together with him for more than two years, you won't be able to tell his heart from his face. When that time comes, you'll regret it..."

But before he could say the last two words, Qin Shu interrupted him with a stern voice.

She was very protective of her shortcomings and would not allow others to defame Fu Tingyu.

"Don't you dare defame him. I know better than you what kind of person he is, and I know him better than you. Everyone will lie to me, but he will not lie to me."

Hua Wuyan was about to explode from anger. Thinking of brother Han's legs, he took a deep breath, he tried his best to calm himself down. "One day, you will regret saying today's words.. At that time, you will know that the person who will never lie to you, is brother Han."

Chapter 632: Unmatched Persistence

Compared to her previous excitement, Qin Shu calmed down this time. She looked at Hua Wuyan, who was furious, and said calmly, "There won't be such a day."

Hua Wuyan stared at Qin Shu for a few seconds and said nothing more. "I'll keep the phone for you. After brother Han's leg is recovered, I'll return it to you and send you back to Jiang Cheng."

After saying that, he turned around and was about to leave before he said, "Do you know what kind of perseverance and persistence it takes to keep a promise for seven years or even longer?"

Qin Shu was stunned.

After Hua Wuyan said that, he left without looking back.

Looking at Hua Wuyan's back as he left, Qin Shu stood still on the spot. She knew who Hua Wuyan was talking about.

It was Han Xiao. For the sake of finding Little Munchkin and the promise between them, he had not forgotten his initial intentions for the past seven years.

In the capital.

The call was suddenly hung up. Fu Tingyu's heart tightened. The only thing that made him feel relieved was that Bao'er was fine now.

What did she want to do? What had happened?

He, who had just let out a sigh of relief, felt his heart rise again.

Fu Tingyu was not the only one who was anxious. Jun Li was anxious too.

Just like Fu Tingyu, he had not slept the entire night. There was an obvious bruise in his eyes, but his facial complexion was even worse. It was sickly pale as if a gust of wind could blow him over.

The car had just stopped when he pushed the car door open and got out. He walked straight over and asked, "What's wrong? Is there any news?"

Fu Tingyu came back to his senses when he heard that. He turned his head and saw Jun Li walking over. He said, "She just made a phone call."

Jun Li heard that and had the same hopeful expression as Fu Tingyu. "Then what did she say? Did she say where she was? Who was holding her hostage?"

Fu Tingyu said, "No, she just said that she's fine now and that there's no need to worry about her. She said that she was doing something and she would come back when she was done."

This seemingly calm statement was something only Fu Tingyu himself knew. Even though he knew that the girl was fine now, he was still flustered and afraid.

He couldn't feel at ease without holding the girl in his arms and feeling her body temperature.

Jun Li was no longer as calm and gentle as before. His voice was anxious. "What is she doing? Why can't she tell us? We can help her to solve it."

Fu Tingyu frowned. "When I was trying to ask, the call was hung up."

Jun Li thought for a while and said, "Someone kidnapped her?"

Fu Tingyu had the same guess. Otherwise, Bao'er wouldn't have suddenly disappeared.

The reason why he was so sure was that Bao'er had said on the previous call that she wanted to return to Jiang Cheng with her brother. She had even booked a train ticket a long time ago.

"She must have been taken away from the Imperial Capital."

Because he and Jun Li had turned the Imperial Capital upside down. No matter how well hidden it was, it was impossible to have no trace of her.

He turned his head and ordered, "Send more people to search in the provinces near the Imperial capital. Also, send some people to check the surrounding countries for any traces of her."

He didn't believe that he wouldn't be able to find Bao'er with his ability.

"Got it, the fourth Master." Shi Yan turned around and left. He took out his phone and began to give orders.

The Ye brothers were almost all dispatched.

Jun Li also instructed, "Su Ying, use all kinds of channels to gather information, including information from abroad."

Because they couldn't be sure that Qin Shu was in the country, thus they had to check abroad as well.

"Got it, Young Master." Su Ying turned around and left.

Fu Tingyu looked at the GPS on his phone, but it didn't show up. He tried to dial it back earlier, but it was turned off.

So her location wouldn't show up either.

This time, it was a large-scale search, and a lot of manpower was utilized.

Fu Tingyu went back to his apartment at Imperial University.

At that moment in the apartment.

Because Qin Shu had gone missing, Fu Tingyan and the others were delayed.

Just as they were waiting for the news, the doorbell rang.

Bo Ye stood up to open the door. The moment the door opened, she was stunned when she saw Bo Yin standing at the door.

“... Brother.”

The moment he saw Bo Ye, Bo Yin heaved a sigh of relief. “Follow me back.”

He had rushed over as fast as he could. He was afraid that it would be too late that Bo Ye left with another man.

Bo Ye said, “I’m not going back.”

Fu Tingyan knew who it was when she heard Bo Ye call him brother. He stood up from the sofa and walked to the door. When she saw Bo Yin, he said, “Bo Ye is not a child anymore. I’m about the same age as him. My brother is not that strict.”

Bo Yin glanced at Fu Tingyan coldly. “She’s different from you. I won’t let her learn martial arts with you. I can hire the best teacher for her.”

Fu Tingyan curled his lips. “No matter how good a teacher is, he’s not as good as my Uncle Ye. My Uncle Ye’s martial arts value is at the sovereign level.”

The sovereign level was the peak of martial arts value. There were no more than five people in the world who could achieve it.

This was the first time Bo Ye heard Fu Tingyan mention his uncle Ye’s martial arts value. She knew he was very powerful, but she didn’t expect him to have reached the peak.

Bo Yin was shocked too. He knew better than anyone what level the sovereign level was,

no matter how much money he spent, he couldn’t find a teacher at the peak. He hadn’t even seen a sovereign level martial artist before.

The Uncle Ye that Fu Tingyan spoke of was not an ordinary person.

Bo Ye looked up at Bo Yin. “Brother, I’ve decided to learn martial arts with him. No matter what you say, it’s useless.”

Bo Yin looked at his younger sister who had grown up in front of him. “You want to learn martial arts so badly? You’re willing to leave me and not going home?”

Bo Ye lowered his eyes and nodded. “Yes, I have to learn martial arts.”

Bo Yin suddenly asked, “Have you thought about me?”

Bo Ye fell silent.

Fu Tingyan frowned and looked at the two siblings in front of him. Why did he feel that they were different from him and his brother?

Bo Yin asked again, "If you had to choose between martial arts and me, would you still choose to learn martial arts?"

Bo Ye raised his head and looked at Bo Yin in front of him. She pursed her lips, feeling conflicted.

If she wanted to become stronger, she had to learn martial arts.

But Bo Yin, the only person in the world who treated her sincerely, was like a close relative, she was unable to part with him.

Seeing Bo Ye's silence, Bo Yin felt much better. He reached out his hand. "Ye, come home with me. Even if you don't learn martial arts, I can still protect you."

Bo Ye looked at the hand in front of her. Bo Yin's hand was very big and could easily wrap around her hand. In her mind, this hand would always hold her hand and give her strength and courage.

Fu Tingyan looked at the scene in front of him and his gaze fell on Bo Ye. He did not want Bo Ye to go back with his brother. He wanted to take Bo Ye to learn martial arts with him so that he would not be bored in the future.

He suddenly stretched out his hand and held Bo Ye's hand. It was very likely that he was going to hold Bo Yin's hand. He held it tightly in his palm.

Bo Ye's body stiffened. She turned her head and her gaze fell on Fu Tingyan's hand. His hand wasn't any smaller than Bo Yin's hand. He could easily hold her hand, just like that night.

Her face was slightly red and at that moment, she forgot to take her hand away.

Chapter 633: His thoughts Are Hard to Guess. I Miss Him

Fu Tingyan clenched her hand in his palm. He was thinking her hand was short and thin, just the same as a woman's hand. It's small and doesn't have much flesh.

He raised his head to look at Bo Yin and smiled at him for the first time. "As his older brother, you can't protect him forever. You don't have to worry so much. My Uncle Ye is very nice, and I will take good care of him."

Fu Tingyan's smile was a provocation in Bo Yin's eyes. He looked at their hands that were held together and took a step forward with a cold expression. He pried their hands apart.

"My younger brother doesn't need anyone to take care of him."

Bo Yin used a lot of strength before he pried Fu Tingyan's hands apart and pulled Bo Ye into his embrace.

Fu Tingyan frowned. The more he looked at them, the more they didn't act like brothers. At the very least, he and his brother wouldn't act like this.

“You are interfering with his freedom of life, what he thinks in his heart.”

Bo Yin said coldly, “That has nothing to do with you.”

Bo Ye said, “Brother, I’m just going to learn martial arts. It’s not like I’m not coming back.”

Bo Yin looked down at her. “How long have you known him? Do you trust him so much?”

Bo Ye looked directly at Bo Yin and said with certainty, “I trust him.”

When he heard these four words, Fu Tingyan raised his eyebrows and looked at Bo Yin proudly.

“You...” Bo Yin was furious. When he saw Fu Tingyan’s raised eyebrows, his face turned black.

Bo Ye knew that he was angry, but she continued, “Just like what he said, I’m no longer a child. I can distinguish right from wrong, and I can take care of myself too.”

Bo Yin asked, “Do you have to go?”

Bo Ye nodded. “Yes, I have to go.”

Bo Yin looked at her in a daze and pursed his lips. He didn’t know if he was too angry or disappointed, but he just looked at her without saying anything.

Bo Ye looked at him too. Even if she knew that he was angry, she still had to go.

At that moment, Bo Yin’s eyes darkened. He turned around and walked out without saying a word.

Fu Tingyan couldn’t help but smile when he saw this.

Bo Ye looked at the tall figure in front of her and walked out with silent disappointment and desolation.

She hesitated for a moment before she chased after him.

Fu Tingyan saw her chase after him and was about to follow her when he saw Fu Tingyu walk in. He stopped again.

He asked worriedly, “Brother, have you found sister-in-law?”

“Not yet.” After Fu Tingyu said that, he glanced at the few people who had left the apartment and then looked at his younger brother. “You go back to Jiang Cheng with them first. Shi Yan has bought the ticket.”

Fu Tingyan asked, “What about you, brother?”

Fu Tingyu said, “I’ll continue to look for her. When I find her, I’ll go back.”

“Brother, sister-in-law will be fine. Don’t be too anxious.” Fu Tingyan was afraid that his brother might go crazy if he couldn’t find Qin Shu in a short period of time, so he advised him in advance.

“I know.” Fu Tingyu went up to the second floor after saying that.

Fu Tingyan looked at his brother’s back. He hoped that Qin Shu would be fine. It was only the first day, and his brother was like this. If it was any longer, his brother would go crazy.

Fu Tingyu came down not long after he went up. He carried the girl's backpack and the notebook that she often used.

When he passed by Fu Tingyan, he instructed, "Don't run around after returning to Jiang Cheng. Wait for me to come back."

After saying that, he walked out of the apartment.

"Got it, Brother." Fu Tingyan watched his brother leave. When he returned to Jiang Cheng, he would have to wait for his brother to return before he could go to Uncle Ye's place to learn martial arts with Bo Ye.

Fu Tingyan waited in the living room of the apartment for nearly an hour, but Bo Ye did not return. He could not help but frown. "Could it be that his brother forcefully brought him back?"

Thinking of this possibility, he stood up abruptly and walked out. Just as he reached the door, the apartment door was pushed open, and a thin figure walked in.

Fu Tingyan subconsciously raised his head to look behind Bo Ye. He knew that Bo Yin had left as he couldn't see his figure.

Only then did he lower his head to look at Bo Ye. His voice was much more relaxed than before. "Did your brother agree to let you learn martial arts with me?"

Bo Ye lowered his head slightly. "Yes." She replied and walked inside.

Fu Tingyan saw that she had her head lowered and was gloomy. He raised his leg and chased after her. "Are you unhappy?"

"No." Bo Ye's voice was as cold as ever.

Fu Tingyan asked, "Then why are you so gloomy?"

Bo Ye did not answer. Instead, she asked, "When are we going to Jiang Cheng?"

Fu Tingyan said, "Tomorrow morning, my brother has prepared the tickets."

"Got it. Then, I'll go and rest first."

After Bo Ye said that, she walked up to the second floor.

Fu Tingyu looked at Bo Ye's slender back and felt that something had happened between her and her brother when he went out just now.

After thinking for a while, he continued to chase after her.

Jiang Yu, who was sitting on the sofa and accompanying Ye Xue to catch up with the drama, glanced at Fu Tingyan and Bo Ye from time to time when they came in.

It was not until they went up to the second floor one after the other that he said thoughtfully, "When did Tingyan become so nosy? Running behind Bo Ye, has he changed his character?"

Ye Xue lifted her head when she heard that and looked at him in confusion. "Jiang Yu, what's wrong?"

Jiang Yu said, "Tingyan and Bo Ye are getting too close from time to time?"

"Have they?" Ye Xue's voice was filled with confusion.

"Didn't they?" Jiang Yu's gaze turned to the second floor. Could it be that he was hallucinating?

In the capital of Qihua.

Qin Shu ate a few mouthfuls of dinner but didn't eat, mainly because she didn't have an appetite. In addition, the call was suddenly hung up. And the man didn't know what was going on.

At the very least, the man knew that she was safe now.

When she slept at night, she didn't know if she would recognize the bed, but she slept restlessly. Her chest felt stuffy and she would feel nauseous from time to time.

Even if she did not smell any strange smells, she would still feel nauseous.

It was just that now she did not have the time to think about these things.

She did not know how much time had passed before she gradually felt sleepy.

Perhaps it was the phone call during the day that caused her to have a dream at night.

In the dream, the man found her and wanted to bring her back to Jiang Cheng.

However, Han Xiao's leg had not been recovered yet, so she could not leave just like that.

The man was jealous. Immediately, he was jealous and insisted on bringing her back.

Just as she was caught in a dilemma, the sun rose, and she had woken up from her dream.

She opened her eyes and stared at the unfamiliar room in a daze for a moment.

After regaining her senses, she got up to wash up and change into a new set of clothes.

She had breakfast with Hua Wuyan.

They were having porridge in the morning, so she had two bowls of porridge. As for the greasy dishes, she did not eat them.

Hua Wuyan glanced at the dishes on the table that had not been touched much. He remembered that these were Qin Shu's favourite dishes.

He asked curiously, "You don't like to eat these?"

Qin Shu shook her head. "No, my appetite hasn't been good these two days. It's uncomfortable to eat greasy food."

"Could it be that you're sick? I'll get the doctor for you..."

Hua Wuyan had not finished speaking when he was interrupted by Qin Shu. "I'm fine. The most important thing now is to cure Han Xiao's leg."

Hua Wuyan stared at Qin Shu for a while and did not continue to ask.

“The Doctor is waiting outside.. Let’s go to Han Xiao’s house now.”

Chapter 634: It Was an Unexpected Way to Fulfill His Promise

“Okay.”

Qin Shu stood up and followed Hua Wuyan out of the room.

The sun was shining brightly outside.

It was much warmer than the capital.

Hua Wuyan’s courtyard was quite a distance away from the main gate, and it would take some time to walk.

The Doctor was waiting in the living room, and the car was ready.

Hua Wuyan brought Qin Shu straight to the living room.

Chen Rui looked at the two figures walking in front of her, one tall and one short, deep in thought.

She is not his girlfriend?

The youth moved to Chen Rui’s side and looked at his brother’s back. He said, “Mom, I heard from the maid yesterday that brother and that beauty got into a fight.”

Chen Rui was shocked. “A fight? Why?”

“What else could it be? It must be because brother is too much of a sc*mbag.” The teenager did not forget to stab his brother in the back.

“He hasn’t even been in a relationship before. Is he a sc*mbag? If you don’t know, then don’t talk nonsense.” Chen Rui did not believe that her son was a sc*mbag.

“How many days has brother stayed at home all these years? You don’t know if he has been in a relationship .” The teenager’s tone was sour. Why was his brother allowed to run around everywhere and he had to stay at home obediently?

She treated them so differently.

“Your big brother is not a playboy.” Chen Rui said with extreme certainty.

The youth snorted and walked away.

Chen Rui asked, “Where are you going?”

“I’m following over to take a look,” the youth said without turning his head.

Chen Rui’s eyes lit up. “Come back and tell me when you’re done.”

The youth:”...”

Mom, is it good to gossip like this?

Ten minutes later, in the Han Manor.

Hua Wuyan led Qin Shu into the Han manor without any obstruction.

He had not mentioned to brother Han that he had brought Qin Shu here from the Imperial capital.

Now that he had brought her here, he could imagine how brother Han would be angry later.

But for the sake of Brother Han's legs, he could not care much.

They walked to Han Xiao's courtyard. Just as they reached the moon cave door, they heard someone talking inside.

Both of them slowed down at the same time. They looked at the pavilion in the back garden and saw Han Xiao sitting in his wheelchair, as usual, admiring the flowers.

And beside him stood a woman in gorgeous clothes. She was beautiful, and her every move showed her temperament.

"Han Xiao, what do you want?"

After delaying the engagement party, Rong Yan came to find Han Xiao countless times because she was unwilling to accept it.

Because Han Xiao insisted on cancelling the engagement.

Han Xiao raised his eyes slightly and looked at Rong Yan. He said four words without any expression, "Cancel the engagement."

When she heard him say these four words again and again and saying it so simply without leaving any room for it, Rong Yan was very embarrassed.

It was not easy for her to not care about his legs and even convince her parents, but in the end, she was rejected by him mercilessly.

"I won't agree."

His grandfather did not care about his objections and had made an engagement with the Rong family.

Han Xiao said, "I insist on cancelling the engagement."

"Do you have someone you like? Is that why you're not willing to get engaged?"

Other than this possibility, she could not think of why Han Xiao kept rejecting her.

"It has nothing to do with you." Han Xiao's voice was cold.

From Rong Yan's point of view, Han Xiao's answer was equivalent to acquiescence.

"If you don't agree to be engaged to me, do you want to be engaged to another woman?"

"Even if I don't have someone I like, I will not be engaged to you." Han Xiao paused at this point. "I will not be engaged to anyone."

Rong Yan was stunned. Han Xiao's meaning could not be more obvious. He wanted to die alone.

It made her understand that he was deeply in love with that woman.

This was something that she was unwilling to accept.

“The engagement has been set, but it is lacking a ceremony. Now, the entire capital of Qi Hua knows that I have an engagement with you. If we break off the engagement, do you want people in Qi Hua to see me as a joke? Who will dare to marry me in the future?”

Han Xiao stared at Rong Yan for a while, then lowered his eyes to look at his legs and said, “In my current situation, the engagement will be announced by you. No one will laugh at you.”

“I will not cancel the engagement.”

Rong Yan seemed to have suffered a great grievance and turned to leave.

Han Xiao frowned slightly.

When Rong Yan passed by Hua Wuyan’s side, she slowed down her pace and glanced at the woman beside him. Subconsciously, she thought that she was Hua Wuyan’s girlfriend.

Because she had suffered a grievance, she did not greet Hua Wuyan and left directly.

Hua Wuyan turned his head and glanced at Rong Yan. She had always admired brother Han, and he knew it. It was just that brother Han never love her.

He sighed helplessly.

Qin Shu turned her head to take a look too. From the conversation just now, she understood that this woman was Han Xiao’s engaged partner.

Hua Wuyan’s voice came from above. “Let’s go in.”

Qin Shu retracted her thoughts and glanced at Hua Wuyan before following him in.

When they entered the pavilion, she saw Han Xiao sitting in a wheelchair without turning his head, as if he was not interested in the person who was walking over.

Hua Wuyan called out, “Brother Han.”

Hearing a familiar voice, Han Xiao said, “You should persuade her.”

Hua Wuyan knew what Han Xiao meant and replied with an “Okay”, “I’ve brought someone to see you.”

Han Xiao thought that Hua Wuyan went to look for some famous doctor again, so he directly rejected him. “I don’t want to see anyone, don’t waste your energy.”

Hua Wuyan pursed his lips and turned his head to look at Qin Shu.

Qin Shu stared at Han Xiao’s back for quite a while. She did not expect that they would meet again in such a situation. It was the situation that she did not want the most.

She opened her mouth slowly and said, “Han Xiao, it’s me.”

Hearing the familiar voice, even if he didn’t turn around, he knew who was calling him from behind.

Han Xiao's body stiffened. He had never thought that they would meet again, but meeting at this time, all the lies would be exposed.

He didn't even dare to turn around.

He didn't want her to see him like this.

He didn't expect Hua Wuyan to bring her here, but at this moment, he didn't even dare to question her.

He looked calm from the outside, but his two hands on the armrest of the wheelchair were holding onto the armrest too tightly, causing his knuckles to turn white. This revealed his nervousness and uneasiness.

"I knew."

Qin Shu saw that Han Xiao did not turn around and did not say anything. She continued, "I hope that you can pull yourself together and cooperate with the Doctor to treat your leg."

Hua Wuyan echoed, "Brother Han, Qin Shu is right. As long as we cooperate with the doctor for your treatment, we will be able to cure it."

Han Xiao raised his head slightly and looked at the blooming Qihua flower in front of him. He didn't expect to make what he had said previously to come true in this way.

To bring her to Qihua and look at the national flower, Jade Lotus.

The petals were like jade and were near-transparent. The end of the flower was light purple and the petals were layered on top of each other. From afar, it looked like they were carved out of jade. It was so beautiful that one could not take their eyes off it.

Because planting required a harsh climate and temperature, the Jade Lotus could only survive and bloom in the Qi nation.

The flowering period of the Jade Lotus was very long. It took a month for a flower to bloom from the bud.

This was one of the reasons why it was called the national flower.

After a long silence, he suddenly started to introduce, "This is the national flower of our country, the Jade Lotus. It can only be found in the Qi nation."

Chapter 635: Han Xiao Suddenly Changed, He Got Beaten Up

This was at that time. He said that after he found her, he would bring her to see Jade Lotus.

Hearing this, Qin Shu looked at the flower bed not far away. The most eye-catching thing was the Jade Lotus.

Her eyes flashed with surprise. "It's very beautiful. The petals are too exquisite. It looks like they were carved out of a piece of beautiful jade. It's very stunning."

Hua Wuyan's gaze turned to Jade Lotus. He suddenly understood why Brother Han stared at Jade Lotus every day. It was because it was an unfulfilled promise that had been pressing down on his heart.

Han Xiao retracted his gaze and was silent for a moment. He turned his wheelchair and faced Qin Shu. It had only been a month since he last saw her. He realized that she was becoming more beautiful and feminine.

Before he found her, he did not feel that time passed quickly. On the contrary, it was very long.

After seeing her, he realized that seven years had passed really quickly.

The Little Munchkin was no longer the little guy. She was tall and slender, and her facial features were becoming more and more exquisite.

Just as he had expected, when she grew up, she would be very beautiful.

Han Xiao turned around, and Qin Shu could clearly see his face. Compared to when she looked from afar just now, he was even thinner. His pale face was now even fairer.

There were obvious scars on his brows and eyes, splitting the end of his brows in two. This was because the wound was too deep.

Even if there were scars on his brows and eyes, his handsomeness never decrease.

It's just that, with such a perfect face, there was a trace of flaws, which made people feel sorry for a glance.

Now was that she did not bring the scar removal ointment with her. Otherwise, she could have healed the scar.

She thought of the doctor who had followed her, she advised, "Hua Wuyan brought the doctor with him. Can you let the Doctor examine you?"

Han Xiao stared at Qin Shu for a while before he nodded obediently. "Yes."

Hua Wuyan:"..."

Why did brother Han reject him the moment he mentioned the doctor?

Yet he was so obedient when Qin Shu had only said one sentence?

Was he treating them so differently?

"I'll get the Doctor to come over."

Hua Wuyan turned around and walked out of the gazebo. The Doctor was waiting outside the Moon Cave door. Not long after, he brought the doctor in.

The doctor that Hua Wuyan brought was a traditional Chinese medicine doctor. He was well-known in Qi Hua.

When the doctor examined Han Xiao's leg, Han Xiao was very cooperative and did not complain at all.

Hua Wuyan could not help but roll his eyes. Previously, when the Doctor examined Han Xiao's leg, he never had this attitude. Instead, he was very disdainful.

Now, he was like an obedient child, answering all the questions he was asked. He was very cooperative.

After the examination, Qin Shu hurriedly asked, "Doctor, how is his leg?"

The news of the Han family's heir's leg being injured had spread throughout Qi Hua.

The doctor knew the severity of the matter, so he did not dare to speak recklessly.

The doctor glanced at Hua Wuyan and immediately said, "Young Master Han's leg is seriously injured. It won't be so easy to recover in a short period of time. It requires very expensive medicinal herbs and rehabilitation. All of these require Young Master Han's cooperation."

Qin Shu's heart tightened and she looked at Han Xiao worriedly. His expression was calm as if it had nothing to do with him.

Her gaze landed on his leg. It didn't matter how serious it was, she would cure his leg.

When he sensed Qin Shu's worried gaze, Han Xiao said, "I will cooperate with the doctor."

Qin Shu heaved a sigh of relief when she heard that. As long as he was willing to cooperate with the treatment, she believed that his leg would be treated very quickly.

Hua Wuyan wanted to roll his eyes. Indeed, with Qin Shu around, Brother Han would be obedient.

It meant that he was right to bring Qin Shu to Qi Hua on impulse.

To understand the condition of Han Xiao's leg, Qin Shu followed the doctor out.

Just as Qin Shu left, Han Xiao clenched his fist and swung it directly at Hua Wuyan's stomach. The reason why he didn't hit his face was that he was afraid that Qin Shu would be confused when she saw it.

When he swung his fist, he used too much force and pushed the wheelchair, causing Han Xiao to almost fall from the wheelchair.

Caught off guard, Hua Wuyan, who had been punched by Han Xiao, grunted, "Hiss! !!"

His body took a few steps back and hit the stone table behind him. He bumped into the celadon teacup and it fell to the ground, breaking into several pieces.

The tea was split all over the floor.

Han Xiao looked at Hua Wuyan coldly. He saw that his friend, whom he had grown up with, who was as close as a brother would do such a thing.

"You knew that Qin Shu would feel guilty when she found out, yet you still told her and bring her here."

"I'm very disappointed in you."

Hua Wuyan covered his lower abdomen with one hand. Han Xiao had not spared any strength in his punch just now. He felt as if his internal organs were being stirred. The pain made him suck in a breath of cold air, and his face turned a few shades paler.

A taste of blood welled up in his mouth, but he swallowed it down secretly. He pursed his lips and looked at Han Xiao, not saying anything to refute.

Han Xiao said, "Send her back now."

Hua Wuyan said, "I'll send her back when your leg recovers."

Han Xiao's voice turned even colder. "You know that my leg won't recover."

"Brother Han, I knew you would say that. You won't listen to anything I say. Whether it was in the past or now, you will only listen to what she says. That's why I brought her here."

Hua Wuyan looked at Han Xiao stubbornly.

Han Xiao stared at Hua Wuyan for a few seconds. He knew that he was doing this for him, but he was still very angry. "Then have you thought about her?"

Hua Wuyan pursed his lips tightly.

Han Xiao continued, "If she knew that my leg couldn't be recovered if we don't have the orchid grass, have you ever thought that she would feel guilty for the rest of her life?"

Hua Wuyan was stunned."... Brother Han!"

"The doctor prescribed some medicine, some for internal use and some for external application. Every day, you have to drink a dose of it. It can promote blood circulation and remove blood stasis, and it has the effect of unblocking meridians."

After Qin Shu finished her questioning, she returned.

Hua Wuyan and Han Xiao ended their conversation. They removed their hands that were covering their stomachs, and their tightly knitted brows relaxed.

"You guys can have a chat. I'm going out for a while."

After Hua Wuyan finished speaking, he turned around and walked out.

Han Xiao looked at Qin Shu. "I'll ask the servants to brew the medicine later."

When she saw that Han Xiao was very cooperative, Qin Shu smiled for the first time in the past two days. "Yes. The Doctor said that he'll try acupuncture on you tomorrow."

Han Xiao: "Okay."

Walking out of the courtyard, Hua Wuyan leaned against the wall and spat out a mouthful of blood. Looking at the bloodstains on the ground, he knew how angry brother Han was just now.

At this moment, a silk handkerchief suddenly appeared in front of him. It was pure white.

Hua Wuyan raised his head and realized that it was his gossipy younger brother. His gossipy skills were completely inherited from his mother, and he was even better than that.

The youth moved the silk handkerchief in his hand in front of his brother again. "Wipe the blood from the corner of your mouth first."

Hua Wuyan glanced at his younger brother, took the silk handkerchief, and wiped the bloodstains from the corner of his mouth.

The youth crossed his arms and looked at him, asking curiously, "Brother, who hurt you?"

Hua Wuyan wiped the corner of his mouth and replied, "Why are you asking so many questions? Mind your own business."

The youth shrugged indifferently. "Even if you didn't tell me, I knew that it was Big Brother Han who hurt you, and it was for Qin Shu."

Hua Wuyan stopped wiping.

Chapter 636: It Was A Voice Message from Bao'er

There was no need to ask. He knew that his younger brother saw everything that had just happened.

"Big Brother Han hasn't attacked you yet, right? You must be hiding something from Qin Shu and us."

That 'us' are referring to the Han and Hua families.

Hua Wuyan rebuked angrily, "Don't meddle in other people's business."

When the youth heard that, he shrugged. "I'm just curious about the relationship between Qin Shu, Big Brother Han, and you."

Hua Wuyan glanced at his younger brother. He knew his younger brother well. He would not stop until he got the answer.

He said, "She's the person we've been looking for."

The youth's expression changed. The expression he had when he was watching the show was gone. Instead, he was shocked.

This was because he knew since he was young that his brother and Big Brother Han were looking for someone. Moreover, they had been looking for her for so many years.

"The person you've been looking for seven years, is that her?"

"Yes." Hua Wuyan instructed, "Don't tell anyone about this matter, understand?"

The youth nodded thoughtfully. "I know. I'm not a child anymore. I won't tell anyone."

Hua Wuyan looked at his younger brother worriedly. "It's best if that's the case."

In the pavilion.

Qin Shu sat on a stone stool and looked at Han Xiao's leg. There was an indescribable pain in her heart, but it was mostly due to guilt.

Han Xiao looked at Qin Shu. "I'm fine."

Qin Shu looked up at him. "I believe that your leg will recover."

It was useless for her to think too much right now. The most important thing was to cure Han Xiao's leg.

Han Xiao nodded. "Okay."

Qin Shu turned her head to look outside the pavilion. The sun was shining brightly today, and there wasn't much wind. She retracted her gaze and looked at him. "The weather today is pretty good. Let me push you to the courtyard for a walk, is that alright?"

Han Xiao was more than happy that she asked such a question, so how could he refuse?

"Okay."

Qin Shu pushed Han Xiao out of the pavilion from the side and walked along the cement road. She walked evenly and stopped in front of Jade Lotus, wanting to take a closer look at the national flower of Qi Hua.

The petals looked extremely delicate. It felt like they would fall if they were being touched.

She asked Han Xiao, "Is this flower easy to plant? It looks very delicate."

Han Xiao looked at Yu Fu and explained, "Don't look at it as delicate. It has a strong vitality. Otherwise, it wouldn't have become the national flower."

"OH." Qin Shu looked at Jade Lotus again, she couldn't help but sigh. Such a delicate flower had such a strong vitality.

She looked at it for a while before pushing Han Xiao forward.

Even though she did not know much about flowers and plants, she could tell that the varieties of flowers and plants in this courtyard were all expensive.

This was because most of the flowers and plants in Sheng Yuan garden were expensive too. When she went for a walk with the man after the meal, she would occasionally ask him a few questions.

Whenever she asked, the man would answer her questions carefully.

What was a god-level scholar? There was nothing he didn't know about, including astronomy and geography. Only if one doesn't know what to ask.

In any case, the man would be able to answer her questions.

At one point, she felt that the man was too outstanding. Why did he take a fancy to her back then?

Han Xiao didn't talk much. He didn't say much on the way.

Although Qin Shu had something on her mind, she still took the initiative to chat with him.

Qin Shu waited until Han Xiao finished drinking the medicine before she left Han Manor.

The Han family had strict discipline, and the old man had always been against Han Xiao for looking at someone.

This was also the reason why Hua Wuyan let Qin Shu stay in his family.

His family was different from the Han family. His mother was friendly and had good relationships with people.

His younger brother's personality was completely inherited from his mother.

So when Qin Shu got along with them, there was no pressure.

After returning to Hua's manor, it was almost dinner time.

It was Hua Wuyan who accompanied Qin Shu to eat. The reason why he didn't eat with his mother was that he was afraid that his mother would ask questions.

While eating, everyone had their thoughts.

However, other than having her thoughts, Qin Shu's appetite was not good. After eating half a bowl, she put down her chopsticks and stopped eating.

Hua Wuyan glanced at Qin Shu's bowl. There was still half a bowl of rice left. How much rice could such a small bowl contain?

She had only eaten half a bowl, and even a child ate more than her.

"Why are you eating so little? Is the food not to your appetite?"

Qin Shu shook her head. "No."

"Then why are you eating so little?" Hua Wuyan could not help but feel anxious. "Tell me what you want to eat. Later, I'll get the maid to make you some supper or something. If you lost weight from hunger, brother Han will be angry."

Qin Shu stared at Hua Wuyan for a while and said, "Give me my phone. I want to make a call."

Hua Wuyan put down the chopsticks in his hand and looked at her. "I don't want Fu Tingyu to know that you're here."

Qin Shu gave up and settled for the next best thing. "I'll send a voice message to him to tell him that I'm safe."

Hua Wuyan thought for a while and was still hesitant.

HWeChatd Qin Shu to stay here all the time.

Just like when Fu Tingyu found her and put her by his side.

Since feelings would develop over time, Qin Shu and brother Han would develop feelings after being together for a long time.

Plus, when they were on the mountain, their relationship had always been very good.

In the future, when Qin Shu regained her memories, she might even be glad that it was brother Han who stayed by her side.

Qin Shu repeated, "Are you giving me the phone?"

"Like what you said. Just send a voice message." Hua Wuyan reached into his shirt pocket and took out her phone.

Qin Shu took it and immediately switched it on.

Then she stood up and walked to the side. When she was far away from Hua Wuyan, she opened her WeChat.

She had a lot to say to the man.

But when she got her phone, no matter how many words she wanted to say, there was only one she wanted to say the most:

“Hubby, I miss you.”

After Qin Shu said this, she released her fingers.

The voice message was sent out.

Hua Wuyan walked over at this moment and stretched out his hand, hinting to her that it was time to give the phone back to him.

Qin Shu turned her head to look at Hua Wuyan. “Have you ever like someone?”

Hua Wuyan was stunned.

When she saw that he was silent, Qin Shu continued, “I like Fu Tingyu.”

Speaking of him, she smiled again, the smile at the corner of her mouth was very sweet. “Actually, I don’t know when I began to like him. In any case, I just like him. That’s why I miss him so much.”

Hua Wuyan pursed his lips tightly. Hearing Qin Shu says this, his brows could not help but furrow. “I don’t know what makes you like Fu Tingyu. But you had mentioned that brother Han is the type that you like.”

Qin Shu was stunned, and immediately understood the meaning behind his words. These words were said by the Little Munchkin.

She did not argue with him about this.

“Han Xiao’s beauty is off the charts, outstanding. Regardless of family background or temperament, he is the ideal boyfriend for most girls.”

It was a very objective sentence.

Hua Wuyan heard this and did not comment.

“So, what you said just now is not wrong.”

“...”

At this moment, the sky was completely dark, and the cold wind outside had the sign of stopping.

Another day passed, but there was still no news of Qin Shu.

The man’s brows were very tired, but he did not feel sleepy at all.

At this moment, a notification sounded on his phone.

He hurriedly took out his phone and saw the voice message from Bao'er. After he clicked on it, he heard Bao'er say, "Hubby, I miss you."

The man suddenly gripped his phone tightly. He missed her very much, and his heart ached from thinking about her.

At this moment, the man remembered something. A wisp of wisdom flashed across his pitch-black eyes.

Chapter 637: A Clue About Bao'er , Matchmake Them Randomly

Fu Tingyu stood up, opened the door, and walked out.

Shi Yan was waiting outside. When he heard the door open, he raised his head and looked in the direction of the door.

"Fourth master, what are your orders?"

Fu Tingyu gave his instruction, "Check her recent phone records."

Shi Yan knew that the fourth Master was referring to Young madam. "Got it, the fourth master. I'll get someone to check it immediately."

Checking phone records was another method. It could also be used to distinguish between people who were familiar with Bao'er or strangers who took her away.

Fu Tingyu was too nervous before, so he had never thought of this.

It was a sudden thought when he received Bao'er's voice message.

Shi Yan had always been very efficient.

Fu Tingyu didn't wait for too long before Shi Yan handed a phone record to him.

There weren't many recent phone records, but most of the calls were to him.

One of them was to Han Xiao. It was some time before she disappeared, so the call didn't take long.

In the end, his gaze fell on an unfamiliar number. It showed that the call was made on the afternoon of the day Bao'er disappeared.

So this call was most likely related to Bao'er's missing.

Then, he looked at the location of the number again. It was Qi Hua.

Qi Hua?

Wasn't it just a neighbouring country?

After thinking for a moment, he instructed, "Check the user of this unknown number."

"Yes." Shi Yan took the call record and walked out again.

While Fu Tingyu was waiting for the results, Jun Li came to visit him.

Jun Li had dark circles under his eyes and looked very pale. He slept more than four hours a day compared to ordinary people to ensure that he was in good spirits for the day.

This time, he didn't sleep for two nights in a row, and he looked extremely haggard.

"Is there any news?" Jun Li's voice was hoarse and tired.

Fu Tingyu looked up and saw that Jun Li was working hard to find Bao'er. He was very confused and jealous.

But at this time, he couldn't care about these things.

Looking for Bao'er was the most important thing.

"There's a clue. Her phone records."

Jun Li's brows tightened. He had overlooked this. Although it wasn't 100% useful, it was a detail.

It also meant that no matter how smart a person was, they would overlook many details because they were nervous and worried.

He asked, "Then what did you find?"

Fu Tingyu said, "There's an unfamiliar number from Qi Hua."

Jun Li heard this and pondered for a moment. He guessed, "Could she be in Qi Hua now?"

Fu Tingyu pursed his lips. He suspected that Bao'er was brought to Qi Hua by someone too.

Shi Yan walked in at this moment and told him the results of the investigation. "Fourth master, he used a temporary card. There is no identity card information about the number."

Temporary card? Fu Tingyu frowned.

Jun Li was deep in thought.

After a long silence, Fu Tingyu raised his eyes and instructed, "Make the arrangements and head to Qi Hua. Regardless of whether she's there or not, never let go of this clue."

"Yes, Fourth Master." Shi Yan turned around and walked out. As he needed a visa, it would take some time.

Hua Wuyan was from the Qi Hua and he took a private plane. With his connections, he could just give Qin Shu a Qi Hua resident identity and bring her back to Qi Hua.

This was the so-called power talking.

Jun Li said, "I'll go over and take a look too."

Fu Tingyu turned his head to look at Jun Li.

The Qi nation.

That night, Qin Shu did not sleep well, and her chest felt stuffy.

The next day, Qin Shu had just finished her breakfast and was about to go out.

She saw a person walk in from outside. He was tall and slender, and just like Hua Wuyan, he had flaxen-coloured hair.

Only when she saw that person's face did she realize that he was Hua Wuyan's younger brother. She had seen him a few times, and she felt that he was easy to get along with.

"Are you looking for me?" Qin Shu's voice carried a trace of doubt. This was the third day she had come to the Hua family, and this was the first time he came here.

"Nothing much. I just wanted to take advantage of my brother's absence to ask you a question."

The youth slowly walked in and sized up Qin Shu. His gaze was filled with curiosity.

He had seen Qin Shu's bare face since the first day she had entered the Hua family. She was very stunning.

Her appearance was not pretty, beautiful, it was indescribable by the word pretty.

Her spectacles had been accidentally knocked off by Hua Wuyan on the plane.

On the second day after arriving here, she put on her spectacles again. When she went to Han Manor, she wore her spectacles too.

Qin Shu also looked at the young man in puzzlement. What was he trying to do?

After sizing him up, the young man suddenly asked, "Does my brother like you?"

Qin Shu was very glad that she was not eating porridge and drinking water at this time. Otherwise, she would definitely be amused by this question.

What kind of logic was this?

The young man immediately said, "Big Brother Han likes you too."

Qin Shu: "..."

The young man touched his chin and said thoughtfully, "But the Han family is strict. It's difficult for you to be with Big Brother Han."

Before Qin Shu could react, she heard the youth say in an excited voice, "My family is different from the Han family. The family is not strict and doesn't have many requirements. The most important thing is that my mother likes you."

Then, the youth asked, "Do you want to consider?"

Qin Shu raised her eyebrows and looked at the youth. He was quite delicate and charming, and his looks were no worse than his brother Hua Wuyan.

However, his eyes and voice were still young, and his charm was not enough.

"Your brother doesn't like me, and your brother Han doesn't like me either." Then, she added, "I have a husband."

The young man was stunned when he heard that.

At this moment, Hua Wuyan walked in from outside. When he saw that his brother was there too, his brows furrowed. "Why are you here?"

The young man looked at his brother with an innocent expression. "I'm here to see Sister Qin Shu."

Qin Shu:"..."

Hua Wuyan strode over, grabbed his brother by the back of his collar, and walked outside. "Don't come here if you have nothing to do. If you have time, go study for the second year of high school."

The youth said unhappily, "I don't want to skip grades like the two of you."

Qin Shu looked at the two brothers in front of her. Every pair of brothers had a different way of interacting with each other, but most of them did. The older brother's performance was relatively better than the younger brother's.

Hua Wuyan and Han Xiao were skipping grades while studying. Otherwise, they would have become professors at such a young age.

Fu Tingyu skipped grades too.

The younger brothers saw that their older brother was excellent, but they were not in a hurry and studied step by step.

After an interlude, Qin Shu and Hua Wuyan went to Han manor and brought the doctor with them.

On the way, Hua Wuyan tilted his head and glanced at Qin Shu. "My younger brother loves to gossip. You don't have to pay attention to him."

"Okay," Qin Shu replied. She did not take his brother's words to heart.

When they arrived at Han Manor, Han Xiao knew that they would come at this time, so he waited in the pavilion.

Qin Shu went to Han Xiao's courtyard twice and was familiar with it.

Before she entered the pavilion, she saw Han Xiao sitting in a wheelchair. Unlike yesterday, his gaze was not on Jade Lotus, but in the direction of the Moon Cave Door, as if he was waiting for them.

She remembered that the Doctor would give Han Xiao acupuncture today. The position was around the joints.

She believed in Gu Yan's medical skills.

Chapter 638: One wants to Send Off And The Other Wants To Stay, Man Who Suddenly Appeared

The three of them walked into the pavilion one after another.

The sunlight today was as bright and beautiful as yesterday.

It shone in from the side and landed on Han Xiao's side profile, his fair face appeared even fairer.

The doctor put down this medical kit and nodded slightly. "Mr Han, I will do acupuncture on you today, it might be a little painful, please bear with it."

Han Xiao withdrew his gaze from Qin Shu and looked at the doctor. His voice was clear and cold. "Okay."

"I'll push you inside." Hua Wuyan took a step forward and pushed the wheelchair towards his room.

The doctor carried the medical kit and followed closely.

Qin Shu stood in the pavilion and watched them leave, she sat down in front of the stone table and looked at the Leucophyllum. It was no different from yesterday, blooming beautifully.

In the room

Han Xiao did everything on his own, he would not seek help from others.

He laid down on the carved Pyrus wood bed, his lower body had changed into a pair of loose pants. The bottom of the pants was roll up to his knees, his legs were straight and slender, and the exposed skin was very fair.

When the doctor did the acupuncture on Han Xiao, he said indifferently, "How confident are you in my recovery?"

The doctor looked at Hua Wuyan and hesitated.

Han Xiao said coldly, "I am asking you, why are you looking at him?"

Hua Wuyan knew that he was angry, so he said, "Just tell the truth."

As Hua Wuyan had agreed, the doctor said in a trembling voice, "Mr Han had injured the meridians in his leg, if there is no feeling of any pain when performing acupuncture, the possibility of curing is very slim."

The expected answer, Han Xiao's dark eyes didn't show any emotion.

Hua Wuyan pursed his lips and glanced at Han Xiao on the bed, he seemed to have accepted the fact that he was crippled by now, there was no expression on his face, nor did he resist.

He looked like he was going to sit in a wheelchair for the rest of his life.

About an hour and a half passed

Hua Wuyan wheeled Han Xiao back into the pavilion.

Qin Shu saw them walking over and stood up, she glanced at Han Xiao's legs and asked anxiously, "What's the outcome of the acupuncture?"

Hua Wuyan beat them to it. "The doctor said that the medicine has just been applied, the effect of the acupuncture isn't that obvious."

Qin Shu was a little disappointed, but she thought that since he just started on medication, it would probably be fine after a few more days.

Han Xiao looked at Hua Wuyan, his eyes full of warning, he then looked at Qin Shu and said, "I've asked the chef to prepare some food, we'll have lunch together later."

Qin Shu readily agreed. "Okay."

At lunchtime

The servants placed the dishes on the table, arranged them before leaving.

The dishes were prepared according to Qin Shu's preferences.

The three of them sat around the table, it was a rare occasion.

As soon as the food was served, the aroma of the food assaulted their nostrils.

Qin Shu had just taken a bowl of porridge in the morning and was already hungry, however, although she saw the sumptuous lunch preparation was all her favorite food, she did not have much appetite.

She scooped a small bowl of rice for herself and only picked a few of the dishes.

Han Xiao realized that Qin Shu did not eat much, he noticed that the food was prepared according to Qin Shu's taste as he has requested.

He looked at Qin Shu. "Are these dishes not to your liking?"

Qin Shu shook her head. "No, these are my favorites."

Hua Wuyan raised his head to look at Qin Shu, he also noticed that Qin Shu's appetite had not been very good these two days.

"Are you feeling unwell? You haven't been eating much these past two days."

Qin Shu thought for a moment and said, "Perhaps I am not used to a new place, I'll be fine in two days."

"I'll get someone to get a doctor to take a look at you." Han Xiao raised his eyes and was about to give his instructions.

Qin Shu stopped him. "I'm fine, other than my appetite, everything else is fine."

Han Xiao stared at her for a while, "If you feel uncomfortable, please tell me."

Qin Shu nodded. "Okay."

Hua Wuyan looked at the two sitting opposite him, all of them eating together was something they often do on the mountain, when they have meals, the three of them would eat together at the same table.

If Qin Shu could stay here forever...

When the meal was almost finished, Han Xiao put down his chopsticks and looked at Qin Shu. "The weather tomorrow will be very good, you've been here for two days, I'll ask Wuyan to send you back tomorrow."

Hua Wuyan suddenly raised his head and looked at Han Xiao. "Brother Han, it's rare for Qin Shu to come to Qi Hua..."

Before Hua Wuyan could finish his words, Han Xiao's cold gaze swept over him, making him shut up immediately.

Qin Shu put down her chopsticks and looked at Hua Wuyan, Hua Wuyan also looked at her, his gaze was very obvious that he did not want her to leave so soon.

As only Qin Shu's words could have some effect on Han Xiao.

She shifted her gaze to Han Xiao and said slowly, "I won't leave for the time being, I'll go back when your leg gets better."

Han Xiao said, "My leg will recover soon, you don't have to waste your time here."

"I'm not wasting my time."

Qin Shu glanced at Han Xiao's leg, she would not be able to feel at ease for the rest of her life if his leg was not healed.

A pair of legs was very important to a person, even if she had never experienced it before, she knew that regardless of whether it was daily living or the rest of her life, it was a fatal injury.

Han Xiao was only 23 years old, he was still young and should not be ruined by a single leg.

No matter what, she had to heal his leg.

"There aren't many days left till the New Year, it's Qin Shu's first time here, it's not too late for her to return home after the New Year," Hua Wuyan hurriedly said.

New Year?

Qin Shu was startled when she heard that, the man had said that he would take her to meet his parents, who were her in-laws, during the New Year.

If she stayed in Qi Hua, she wouldn't be able to follow the man to meet his parents.

At this moment, Li Hang walked in. "Mr Han, the eldest son of the Rong family is here to visit."

Hua Wuyan looked at Han Xiao when he heard that, he had a bad feeling, the eldest son of the Rong family was Rong Yan's eldest brother, Rong Qi.

The reason why he came to look for brother Han was related to their engagement.

Han Xiao paused and looked at Qin Shu, he instructed, "Tell him that I'm not free today, I'll arrange to meet him tomorrow."

"Understood, Mr Han."

Before Li Hang left, Rong Qi's voice was heard. "Han Xiao, you're so busy that you don't even have time to see me?"

As soon as he finished speaking, a tall figure walked in.

Qin Shu raised her head to look at the door and saw that the person was tall and handsome.

However, the tone of his voice was a little lacking.

Han Xiao raised his eyes and looked at Rong Qi who walked in. "You came at a bad time."

Han Xiao was a little cold because he had interrupted Qin Shu and his lunch and affected Qin Shu's mood.

"Do you think I'm idling every day? Of course, I'm here when I'm free." Rong Qi walked in and saw the other two at the dining table, he recognized one of them, it was the eldest son of the Hua family, Hua Wuyan.

His gaze then turned to the woman beside Han Xiao, she looked unfamiliar, he was sure that he had not met her.

A trace of doubt flashed across his eyes.

But he did not bother who she was.

As the purpose of his visit today was about the engagement.

Chapter 639: Protecting Him Boldly

Rong Qi retracted his gaze and looked at Han Xiao, he asked with a demanding tone, "The engagement is first arranged, how many people had my sister rejected because of you? You're already like this now, and my sister didn't dislike you, and now you want to cancel the engagement? Even if your heart is made of stone, you should be a little moved, right?"

Hua Wuyan couldn't bear to listen to Rong Qi's questioning, he stood up and retorted, "The engagement was arranged by the old Master Fu and your family, brother Han wasn't even in Qi Hua at that time, besides, she didn't accept other suitors, what does it have to do with brother Han?"

Rong Qi looked at Hua Wuyan and sneered, "So you're saying that my sister deserves to be hung up like this? And then let everyone in Qi Hua see her as a joke?"

Hua Wuyan defended himself, "That's not what I meant."

Rong Qi continued to sneer, "Based on Han Xiao's condition, our family have planned to cancel the engagement, however, seeing that the two families are family friends, and my sister took a liking to Han Xiao, we resisted the public's opinions and did not cancel the engagement."

He then looked at Han Xiao and glanced at his leg. "My sister said that your leg is injured..."

Before Rong Qi could finish his sentence, Han Xiao interrupted him. "It's me who's not worthy of your Rong family, as to cancel the engagement, it's up to you to propose or me to propose, you can decide."

Han Xiao's resolute attitude on canceling the engagement angered Rong Qi. "Han Xiao, with your current situation, who would want to marry you? Who would want to live like a widow after marriage?"

Hua Wuyan could not take it anymore and shouted, "Rong Qi, that's enough."

Rong Qi glared at him. "Did I say something wrong?"

He pointed at Han Xiao with one hand and said in a more serious tone, "You all knew better than me on the situation he's in, my sister wants to marry him, and he felt unfair? Can't you see that he can't even stand up now?"

Qin Shu could not take it anymore, she slammed the table and stood up, "What does this have to do with being unfair? What does it have to do with Han Xiao? Your sister had an unrequited love, if she marries someone who doesn't like her, she will only regret it in the end. Han Xiao is only following his heart, he is not willing to get engaged to someone whom he has no feelings for. If we forced you to marry someone you don't like, Are you willing?"

Rong Qi frowned and looked at the woman beside Han Xiao. The most eye-catching thing was the old-fashioned glasses on her nose. "Who are you? Do you have a say in this?"

Qin Shu smiled. "It doesn't matter who I am, what's important is that no matter what Han Xiao looks like, it's not up to you to say. Love is a matter between two people, liking someone is your own decision, if you insist on using one person's feelings and trap on two people, the one who got hurt is herself."

Before Qin Shu finished her sentence, the three men present were all startled, no one had expected her to say such a thing.

Han Xiao stared at Qin Shu for a long while, and the corners of his mouth lifted unconsciously, and it was not easy to notice such a slight smile.

Rong Qi stared at the woman in front of him, as no woman had dared to speak to him like that, her words were to protect Han Xiao clearly.

He turned to look at Han Xiao with a questioning gaze. "Who is she?"

Han Xiao said, "She's my friend."

Rong qi asked again, "What friend?"

Han Xiao's reply was as concise as ever. "A very good friend."

Was there a difference between answering and not answering?

Rong qi sized up the woman in front of him again, by his standards of seeing countless beautiful women, the glasses were too old-fashioned and would spoil her looks, it would probably be better if she took them off.

Han Xiao saw that Rong Qi had been staring at Qin Shu, he coughed lightly. "I have guests here today, if there's anything, we can talk about it tomorrow."

Rong Qi retracted his gaze and looked at Han Xiao. "Can we postpone the engagement?"

Han Xiao said indifferently, "We can cancel the engagement directly."

At this moment, Rong Yan hurriedly ran in, she was afraid that her brother and Han Xiao would quarrel.

"Brother, stop fooling around."

However, when she heard Han Xiao's words when she walked in, her expression turned ugly.

Rong Qi turned and saw his sister, "Why are you here?"

"I was afraid that you would cause trouble."

Rong Yan glanced at the people present and noticed that the woman she saw yesterday was also here, she glanced at her before turning her gaze to Han Xiao. "Do you really want to cancel the engagement so badly?"

Perhaps she had been suppressing her emotions for too long, her voice carried a hint of sobs.

Han Xiao nodded. "Yes, it's good for you and good for me."

Rong Qi knew that Han Xiao was determined to cancel the engagement, he felt that even if his sister persisted, there would be no result.

"Sis, he is not worth it, after canceling the engagement, I will help you find another one."

Rong Yan acted as if she did not hear it, she looked at Han Xiao stubbornly. "Who is the person you like? I want to see her. I want to see how she is better than me? How am I inferior to her?"

Han Xiao said, "She is not here."

Rong Yan said stubbornly, "You can ask her to come, if I don't see her, I will not give up."

Han Xiao said expressionlessly, "So what if she comes? I told you very clearly that day."

Rong Qi only knew that Han Xiao had someone he liked after listening to the conversation, he looked at Han Xiao and said, "It's not just my sister who wants to see her. I also want to see the woman you like."

His sister was so outstanding but Han Xiao did not like her, he did not believe that there was someone more outstanding than his sister.

"You all can leave, I have something to do today and it's not convenient for me to receive you."

Han Xiao was a quiet person and was annoyed by these noises. He instructed, "Li Hang, please send the guests out."

"Yes, Young Master."

Li Hang made a gesture to Rong Qi and Rong Yan to invite them out. "Mr Rong, Ms Rong, Please."

Han Xiao had already given the order for them to leave, Rong Qi was someone who valued his dignity, he immediately grabbed his sister Rong Yan's hand and walked out.

Rong Yan still did not give up and said, "I won't cancel the engagement until I see her."

As they left, her voice gradually weakened until she could not be heard.

The dining room suddenly became very quiet.

Han Xiao looked up at Qin Shu. "Don't take their words to heart, this engagement was made by my grandfather alone."

Qin Shu clearly understood what Rong Qi had said just now.

It meant that Han Xiao was crippled and yet still despised his sister.

She gave Han Xiao a reassuring smile. "You don't need to be affected by their words, I also believe that your leg will recover and you will meet the woman in your heart."

Han Xiao stared at Qin Shu for a long while before nodding.

After leaving the Han Manor

Hua Wuyan was a little angry at Rong Qi's words. "Brother Han has already spent a lot of effort on this engagement, now, they used his leg to argue."

Qin Shu was also very angry at Rong Qi's words. "If Rong Yan keeps delaying, will there be any consequences?"

Hua Wuyan sighed helplessly. "Keep delaying will definitely have some impact on brother Han's reputation. In addition, the old Master Han's health isn't good, brother Han's leg won't recover for a while, I'm just afraid that the old master will put pressure on brother Han, and he will have to consider the old master's health..."

As he said this, he turned to look at Qin Shu, his eyes paused for a moment. "Can you help brother Han?"

Chapter 640: Meeting The Woman Han Xiao Liked, Master's Daughter

Qin Shu did not understand what Hua Wuyan meant. "I help him?"

Hua Wuyan's eyes lit up. "That's right, only you can help brother Han now."

Qin Shu asked, "If I can help him, I will, but, how can I help?"

Hua Wuyan said, "Brother Han will not be engaged to Rong Yan, but Rong Yan is not willing to cancel the engagement. In our eyes, you are the Little Munchkin, the person brother Han likes, you could pretend to be her and made Rong Yan give up."

Qin Shu was a little hesitant. "This... is not very good."

Hua Wuyan saw Qin Shu's hesitation and said, "Didn't you say that you treat brother Han as a good friend? You are not willing to help with this?"

Qin Shu thought for a while and nodded. "I will help."

Hua Wuyan knew that Qin Shu was not the kind of person who would not help a friend in trouble, because she was very righteous when she was young.

Qin Shu agreed, and Hua Wuyan called Rong Yan.

Rong Yan's mood had been a little unstable these few days, and her feeling had hit rock bottom, she was very depressed every day.

Suddenly, she received a call from Hua Wuyan, Han Xiao and Hua Wuyan had the best relationship, and they were inseparable.

After she picked up the phone, before she could ask, she heard Hua Wuyan say, "Rong Yan, come out and meet me."

She just happened to have something to ask him.

"Okay, location."

"Downtown, MK Cafe."

Hua Wuyan hung up the phone and turned to look at Qin Shu. "Let's make some preparations too. We'll go meet her later."

"Okay." Qin Shu replied.

An hour later, MK Cafe

When Hua Wuyan and Qin Shu walked into the cafe, Rong Yan had already arrived.

Rong Yan sat in a rather secluded place, she looked a little quiet and dignified.

Born into a wealthy family, whether it was her movements or her manners, these were something that ordinary people couldn't compare to.

Rong Yan was no exception, she received good education since she was young, even when she was just sitting there, she would still give off a calm and elegant feeling.

Qin Shu was late because Hua Wuyan had brought her to change her clothes.

She had been wearing more casual clothes before.

She had changed into a set of luxurious formal clothes with matching shoes and a handbag.

Qin Shu's figure was well proportioned, she was born like a mannequin, even if she was wearing luxurious branded clothes, it would not suppress her noble disposition.

Rong Yan's disposition was dignified and elegant.

Qin Shu was the exact opposite, without any disguise, her aura was very strong when she was fully unleashed. She was domineering and full of the aura of a queen.

She was like a queen who was born to stand on the stage.

This was Rong Yan's first impression when she saw her.

She was very stunning.

Hua Wuyan's voice carried a tinge of apology. "We ran into something on the way here. sorry to be late."

Rong Yan's gaze moved away from the woman beside Hua Wuyan and looked at him. "It's alright. I'm early."

Hua Wuyan smiled at her and very gentlemanly let Qin Shu take a seat first before he sat down beside her.

Hua Wuyan smiled and looked at Rong Yan. "Didn't you want to meet the person that brother Han likes and find out who she is?"

Although Rong Yan was in a bad mood, the corners of her mouth twitched. "Yes, I want to meet her, I want to know just how outstanding she could be?"

"Then let me introduce the person beside me first." Hua Wuyan turned to look at Qin Shu and said, "She is the person that brother Han likes."

Rong Yan was momentarily stunned, her gaze was filled with disbelief as she looked at the woman beside him.

She only took a glance just now and did not pay too much attention to her.

After knowing that she was the person that Han Xiao liked, Rong Yan could not help but take a few more glances at the woman opposite her.

Regardless of her disposition or her appearance, they were as if sent by the heavens, there are no flaws.

This was the woman Han Xiao liked?

Rong Yan's eyes were filled with shock and disbelief, Hua Wuyan took in all of them, this was within his expectations.

Qin Shu looked at Rong Yan in front of her, towards strangers, her gaze was indifferent as if she was looking at an insignificant person.

Rong Yan recovered from her shock and looked at Hua Wuyan, she questioned, "Hua Wuyan, you're lying to me, right? If the person Han Xiao likes is in Qi Hua, why didn't he say anything?"

Hua Wuyan was not angry. "Rong Yan, don't you understand brother Han's personality? He doesn't want her to be involved in the matter between you and him."

Rong Yan asked again, "Since you don't want her to be involved, why did you bring her to see me?"

Hua Wuyan said, "Brother Han has no feelings for you. This engagement was arranged by the old master and your family, brother Han was not even present, you Don't want to cancel the engagement, so I decided to bring her to see you and make you give up."

"Do you think I'm a three-year-old kid? She might have been hired by you to cooperate with to put on an act, I, Rong Yan, am not that stupid, I don't even know her name, her identity, and how Han Xiao met her. How can I believe you?"

Rong Yan still could not believe that this woman in front of her, who was so breathtakingly beautiful, was the one that Han Xiao liked.

Qin Shu looked at Rong Yan, who was still maintaining her rationality and smiled gently. "I'm not short of money, as for my identity."

She turned to look at Hua Wuyan and directly threw the difficult question to him.

Hua Wuyan rubbed his nose helplessly and looked at Rong Yan opposite him, after some thought, he said, "You should know that brother Han and I went to learn martial arts."

"Yes, so what?" Rong Yan did not link the woman to Han Xiao's martial arts learning at all.

Hua Wuyan smiled. "I met her when brother Han and I were learning martial arts, Han Xiao fell in love with her back then, as for her identity, she is our master's daughter."

This was really made up by him, to avoid unnecessary trouble, Qin Shu's identity could not be revealed.

With that said, Qin Shu's identity became more mysterious, the more mysterious she became, the more others would feel that her identity was not simple.

Others would not be able to find out, and Rong Yan should also completely give up.

The matter was resolved perfectly.

Hua Wuyan realized that his ability to adapt was not bad.

Qin Shu look straight ahead and was speechless.

He made it up as if it was real!!!

Rong Yan's surprised expression was beyond words. "Hasn't seven years already passed? Han Xiao has liked her for so many years? Then why didn't Han Xiao bring her back before?"

The long seven years of love, Rong Yan knew better than anyone else.

It was only when she was in high school that she realized that her feelings for Han Xiao were the feelings between a man and a woman.

It had been several years.

This was also why when the Han family's old master approached her parents about the engagement, she agreed without even thinking.

Her mother even joked, "It's really the case that a grown-up daughter can't be kept, you are in such a hurry to get married.

"It's because after brother Han and I returned from Qi Mountain, we tried to went there again, but the Qi Mountain disappeared, brother Han and I only found her recently," Hua Wuyan explained.

"So, Han Xiao has found her now and plans to marry her? Then what am I?"

Rong Yan could not accept this matter, she could not accept the fact that the man she had liked for many years had another woman in his heart, and he had liked her since seven years ago.

This also meant that Han Xiao had poured all his emotions into this woman, which was why he had rejected her without hesitation.

Cancel the engagement.
