Chapter 641: She Would Not Lose, Men Arrive At Qi Hua

Hua Wuyan could not answer Rong Yan's question.

It was a good thing that brother Han could marry Qin Shu.

However, Qin Shu was now Fu Tingyu's legitimate wife.

Brother Han's leg was injured, even if Qin Shu was willing to marry him, brother Han would not agree.

Hua Wuyan could only remain silent.

Qin Shu looked at Rong Yan in front of her, it was not wrong for her to like Han Xiao, her mistake was she knew Han Xiao had no romantic feelings for her, yet she still insisted on marrying him.

She should not use Han Xiao's leg injury as an excuse to force him.

A marriage without feelings would not be blissful.

She was just an outsider, she only hoped that Rong Yan could face the fact and cancel the engagement with Han Xiao, perhaps she would meet someone more suitable for her.

The silence of the two people opposite her, in Rong Yan's view, was tacit agreement.

Before she met her, Rong Yan was unwilling to be outdone by a woman she had never met before.

Now, she was still unwilling and didn't want to give up.

Rong Yan stared at the woman in front of her, as a woman, she would also admire her beauty.

"I want to compete fairly with you."

Hua Wuyan was startled.

Qin Shu was also startled.

They had already explained it clearly, why would she still want to compete?

"Why do you have to hang on to brother Han? If you could have a broader view, you would find that there are many outstanding men." Hua Wuyan was a little despair.

"If it was so easy to give up when one liked someone, then I would give up when I knew that Han Xiao's leg was injured." Rong Yan said stubbornly.

At this moment, Qin Shu spoke, "I don't think it's necessary."

Rong Yan was a little angry, but she had excellent manners, so she maintained her dignity as expected of her. "Are you afraid to accept the challenge?"

Qin Shu replied calmly, "No, I'm afraid that there's no competition."

Rong Yan's hands that were placed on her lap suddenly clenched, "If you don't accept, I won't cancel the engagement."

Hua Wuyan sighed. "Rong Yan, why bother? Brother Han has no feelings for you, it has nothing to do with your family background or your looks."

Rong Yan turned a deaf ear. "As long as she accepts the competition and I lose, I'll cancel the engagement."

Qin Shu heard this and pondered for a moment before asking, "What method do you want to use to compete?"

Rong Yan asked, "Are you a martial artist?"

Qin Shu nodded. "Yes."

Rong Yan said, "Since we're both martial artists, then we'll use the traditional method."

Qin Shu readily agreed. "Okay."

Seeing that she agreed, Rong Yan said again, "But if you lose, you have to leave Han Xiao."

Qin Shu replied, "uh-huh." It was considered that she agreed.

After the matter was decided, Rong Yan left the cafe.

Qin Shu followed Hua Wuyan out of the cafe.

Hua Wuyan stopped and turned to look at Qin Shu, he was a little worried. "If it was you in the past, I wouldn't be worried at all, but now..."

Qin Shu's current martial art strength was far inferior as compared to the past.

The result that he and brother Han obtained was that Qin Shu's martial strength had been sealed forcefully.

The reason she had to regain her martial art strength, was probably due to her gradual recovery.

There were no more than five people in the world who could achieve this.

Qin Shu raised her eyebrows. "Are you afraid that I'll lose?"

Hua Wuyan looked at Qin Shu for a long while before answering, "I'm only a little worried."

Qin Shu smiled. "I won't lose."

Hua Wuyan looked at Qin Shu as he was puzzled, why was she so sure?

Qin Shu said, "Rong Yan's martial arts strength is lower than mine."

Hua Wuyan was a little surprised. "How did you know?"

"I've seen her three times, at one of the time, she revealed the strength of her martial art," Qin Shu said.

Hua Wuyan:"? ? ?"

"It was the first time she passed by us."

Just as Qin Shu finished speaking, Hua Wuyan could not help but admire her, as he did not notice.

“Let’s go back, I’m hungry.”

Qin Shu took the lead to leave after she finished speaking.

She was really hungry, but even if she was hungry, she didn’t have much of an appetite.

Hua Wuyan watched Qin Shu’s back as she left, when he came to his senses, he took a step forward and chased after her.

When Rong Qi got out of the car, he immediately saw the woman beside Hua Wuyan at the entrance of the cafe, his eyes flashed with surprise.

He had seen countless innocent, cute, cold, and beautiful women.

He was almost tired of appreciating these beauties.

But the woman in front of him was the only one who surprised him.

He covered his chest with one hand, was this the feeling of affection?

Rong Qi was just about to go up and say hello when he saw the two in front of him getting into the car.

He wasn’t worried, as he knew Hua Wuyan, so it was easy to find her.

In the hotel

Fu Tingyu and Jun Li booked a suite in the Qihua Capital.

After they settled down, they sent people out to look for clues.

They brought a lot of people this time.

On the flight, both Fu Tingyu and Jun Li rested for a few hours and had sleep exceptionally sound.

So at this time, the two of them had recovered a little.

Although Qi Hua wasn’t a big country, it was difficult to find a person in a country when there were no clues.

Fu Tingyu stood on the balcony, looking travel-worn and a little tired.

From his angle, he could see the entire bustling City of Qi Hua.

“Babe, where exactly are you?”

If he did not know that her life was not in danger, he would have really gone crazy from anxiety.

Jun Li could not sit still the moment he got off the plane, he walked to Fu Tingyu’s side and looked at the bustling city in front of him, the worry in his heart did not diminish in the slightest.

He said, “We are lacking a direction now.”

Fu Tingyu didn't comment, they had no clue at the moment, other than the unfamiliar phone number being Qi Hua's, there were no other clues.

"We can only wait for the result now."

"Mr Jun, the medicine is ready." Su Ying walked in with the medicine.

Jun Li turned and looked at the steaming medicine in Su Ying's hand, he hesitated for a moment and walked over.

He sat on the sofa.

Su Ying placed the medicine bowl on the glass coffee table, he turned and walked to the suitcase, opened it, took the glass jar out, walked over, and placed it in front of Jun Li.

The transparent glass jar showed clear that the candies inside were full, the light green wrapping paper looked fresh and beautiful.

The jar was full of candies, Jun Li would take one every day after he drank his medicine, it had turned a little shallower.

Jun Li glanced at the glass jar by the side, he would recall the scene where Qin Shu was holding it in front of him, it was harmonious and beautiful, just like a painting.

It was the same as when he was young.

"Mr Jun, the medicine is getting cold," Su Ying reminded him in a low voice.

Jun Li retracted his gaze and looked at the medicine bowl in front of him, the thick black medication tasted very bitter.

His overly fair and slender fingers picked up the medicine bowl and brought it to his mouth, he drank the thick black medication in one go.

When Jun Li was drinking the medicine, Su Ying opened the glass jar and took out a green apple-flavored candy from it. He handed it to Jun Li.

Fu Tingyu retracted his gaze and turned to look at Jun Li, who was on the sofa taking the medication, he walked over.

He caught a glimpse of the candy in Su Ying's hand, the wrapping was very familiar.

Just thinking about it, he knew that it was the brand of candy that Babe often bought.

Chapter 642: How Are You Related To Her? Boss Gestured Fanatically

Jun Li frowned and put down the medicine bowl., he took the candy from Su Ying's hand, peeled the light green wrapper, and put the candy into his mouth.

The taste buds that had been affected by the thick black medication tasted bitter., the moment he took the candy, the sweet taste instantly spread out in his mouth and gradually covered up the bitter taste.

As the sweetness spread out in his mouth, his furrowed brows slowly relaxed.

Fu Tingyu stood right by the side and watched Jun Li take the medicine and then ate the candy, needless to say, the Chinese medicine was too bitter that he would have to eat the candy.

Su Ying took the empty bowl and turned to walk out.

Jun Li picked up the glass jar with one hand and the lid with the other, he glanced at Fu Tingyu who was standing by the side, and unhurriedly tightened the lid.

Then, he stood up and walked to the suitcase., he squatted down and put the glass jar in, closed the suitcase gently, as if he was afraid of breaking the glass jar and spilling the candies.

Fu Tingyu's dark eyes stared at the glass jar until it was covered by the suitcase as if it was very precious.

He suddenly asked, "She gave it to you?"

He really couldn't blame Fu Tingyu for asking this question with such certainty.

Back then, in the mountain, Qin Shu had the habit of handing out candies, just like how men handed out cigarettes.

Only when she thought they were friends would she gave candies to the other party.

This was something that he found out later.

"Yes." Jun Li replied indifferently, after he had covered the suitcase, he stood up.

Fu Tingyu didn't show any surprise at the expected answer, he asked again, "You knew her before?"

Jun Li turned to look at him and smiled., his smile was very light. "Is it important that we knew each other?"

Fu Tingyu narrowed his eyes, he could not understand the person in front of him, he was different from Han Xiao, who had his motive written all over his face, that is have intention on Babe.

Jun Li, on the other hand, was indifferent from the beginning to the end, as if he was looking at the mundane world.

It was as if nothing was important to him.

Then, he shook his head secretly.

What Jun Li valued was Babe.

At the thought of this, the man's eyes darkened, and he was a little unhappy.

He had to be 120% vigilant against anyone who dared to covet his Babe.

"Of course, it's important," the man emphasized.

Jun Li smiled faintly. "If you have the time, why don't you go out for a walk? You might get something out of it."

After saying that, he turned and walked out.

Fu Tingyu stared at Jun Li's back for a while, he was a person who was very well hidden.

He walked out as well.

If he was waiting in the hotel, why not go out for a walk? He might get something out of it.

Fu Tingyu and Jun Li went out separately.

A car was an indispensable means of transport, before they came to Qi Hua, they had already had it prepared.

Fu Tingyu sat in the back seat of the car and glanced at Ye Luo, who was sitting in the co-driver seat, and found that he was holding Boss in his arms.

He did not notice that Ye Luo had brought Boss along when he came out.

However, he remembered that Boss was a cat that would not easily get close to others, and Ye Luo had spent the longest time with him, so he alone could hold him.

He retracted his gaze and looked out of the car window.

The car window was one-way, so no one could look inside, but he could look outside.

Boss had not seen Qin Shu for a few days, he seemed to have noticed something had happened to Qin Shu, so he dropped his head moodily and rested his head on Ye Luo's arm, his dark green eyes were wide open and stared.

He was staring at Ye Luo!

As for why he was staring at him, it was because Ye Luo had forgotten about him when he got on the plane and get into the hotel.

Therefore, he had been locked in the pet cage for a long time and almost suffocated to death.

Ye Luo looked at Boss expressionlessly and saw that pair of beautiful dark green eyes were wide open, he knew he was angry, or else he would not have brought him out.

Boss noticed that Ye Luo glanced at him, he bared his teeth, revealing his sharp shining teeth.

Ye Luo directly ignored Boss's protest, he retracted his gaze and no longer looked at it.

Boss was speechless,

He underestimated me!!!

The next day, the sun was still shining brightly.

As she didn't eat much for dinner last night, she was hungry in the middle of the night.

Qin Shu drank a bowl of plain porridge, she had some food in her stomach, so she didn't feel as uncomfortable as last night.

The maid cleared the bowl and chopsticks.

She stood up and walked into the courtyard.

This courtyard belonged to Hua Wuyan, whether it was outside the courtyard or inside the room, there was a sense of elegance to it.

He liked to wear light-colored clothes, so most of the flowers in the courtyard were also light-colored, mostly white.

She had noticed it when she took a stroll in the courtyard yesterday.

She did not know what Hua Wuyan was doing this morning, she was waiting for him to bring her to the sparring arena to compete with Rong Yan.

Qin Shu was bored and strolled around the courtyard, she looked at the little white flowers that were blooming like clouds in the sky., the pure white petals echoed among the green leaves.

Hua Wuyan walked in with large strides at this moment, holding an exquisite shopping bag in his hand.

Seeing Qin Shu admiring the flowers in the courtyard, he walked over and handed the handbag to her. "This is for you."

Qin Shu looked at the bag that was suddenly presented to her and raised her eyes, she looked at Hua Wuyan in confusion. "What's This?"

Hua Wuyan explained, "Candies, you haven't had an appetite for food these two days, so I was wondering if you wanted to have some candies."

When they were on the mountain, Qin Shu often said that the food was not to her taste, in fact, she just wanted to eat candies and asked them to think of a way to bring her down the mountain to buy candies.

Qin Shu did miss the taste of candies but the reason she lost her appetite was not that she wanted to eat candies.

However, she still smiled and said, "Thank you."

Hua Wuyan did not bother about Qin Shu's distancing, he said, "It's almost time, I'll take you to the sparring arena, otherwise, if we're late, Rong Yan will think that you're afraid of her."

"Then let's go." Qin Shu took the candies and followed Hua Wuyan out of the courtyard.

The sparring arena was not far from the Hua Manor, it was a twenty-minute drive.

Inside the Fan Xia Sparring Arena

Qin Shu and Hua Wuyan walked in, Rong Yan had already arrived. She was wearing a set of pure white martial arts attire and was waiting there., one could tell that she was fully prepared and was determined to win.

Qin Shu went to change into a set of martial arts attire. She was dressed in black, it was very suitable for her to wear black as it made her skin look even fairer and translucent, her black hair was coiled into a bun and there were a few strands of hair on her forehead.

Qin Shu walked out of the fitting room and walked straight to the middle of the sparring stage, she stood face to face with Rong Yan.

Hua Wuyan stood below the stage and reminded, "This competition, should not go too far, once is determined that you lose, you would have to fulfill your promise."

Hua Wuyan's voice was not loud but enough for the two people on the sparring stage to hear clearly.

Rong Yan was in a battle-ready position, ready to attack at any time.

Qin Shu stood upright and calmly looked at Rong Yan as if waiting for her to make the first move.

Outside the Fan Xia Sparring Arena

A pitch-black Maserati was driving past at a constant speed.

They found nothing yesterday, and the Ye brothers did not find any clues.

Today, Fu Tingyu drove out again to search and waited for the news.

Boss, who was sleeping on Ye Luo's lap, suddenly opened his eyes at this moment, his dark green eyes were extremely bright.

He suddenly jumped up, his two front paws pressed against the car door, and kept scratching it.

Chapter 643: Scared Away, The Person He Liked Was Her?

The car window was wind down, and the speed was not fast, the wind blew in from the window, Boss's smooth hair and whiskers were blowing in the wind.

"Meow!" Boss cried out excitedly., soon, his voice was dispersed in the wind.

Seeing that the window was near, Boss only had one thought, which was to jump out and find Qin Shu.

However, before he could jump, he was pressed down by a big hand on his head.

Ye Luo saw Boss's abnormal behavior, so he pressed his big hand on his furry head and pushed him down and away from the car window.

"Meow!" Boss glared at Ye Luo with dissatisfaction, his four limbs kept scratching, making scratches on Ye Luo's clothes.

Ye Luo was speechless.

"Behave yourself." Ye Luo said expressionless, but there was a hint of threat in his voice.

"Meow!" Boss ignored Ye Luo's threat, his voice was sharper than before to show that he was very unhappy and very anxious.

Fu Tingyu raised his phoenix-like eyes slightly and glanced at the frenzy Boss, thinking that he was Babe's pet, he frowned. "What's wrong with him?"

Ye Luo replied, "Mr Fu, I'm not sure, he suddenly went crazy."

Boss cried out in dissatisfaction, "Meow! ! !"

After translating, it meant 'you're the one who went crazy, your entire family went crazy! ! !'

This was the first time that Ye Luo noticed that Boss had gone crazy like this, as he thought about previously when Boss had an allergy, he was also very abnormal.

The climate in Qi Hua was very different from the Imperial Capital, Jiangcheng, could it be that he was not acclimated to the environment?

If something happened to Boss, Babe would definitely be sad.

Fu Tingyu asked, "Could it be that he's not feeling well?"

Ye Luo guessed, "Maybe he was not used to the environment."

Shi Yan drove at a constant speed.

He reminded them, "Should we send him to the pet hospital to have a look?"

Boss looked at the distance that was getting further and further away, his dark green eyes stared fixedly at Ye Luo., cursing him in his heart.....

Fu Tingyu instructed, "Send him to have a look."

"Got it, Mr Fu." Shi Yan turned on the navigation and searched for the nearest pet hospital.

Twenty minutes later, at the pet hospital

The vet was a girl in her twenties.

Boss was forced onto the small bed by Ye Luo, this ruthless person, he stared at Ye Luo with eyes full of grievance.

He even threatened him that if he dared to move, he would not let him have fish for a week.

There was nothing wrong with him, why would he need to see a doctor? ? ?

Ye Luo did not pay attention to Boss's aggrieved gaze, nor did he understand the meaning behind it.

After the beautiful veterinarian examined Boss, she looked at the handsome man opposite her and blushed. "He's very healthy, there's nothing wrong with him, is he your pet?"

"No."

After knowing that Boss was fine, Ye Luo picked him up and paid the consultation fee, and leave.

The beautiful veterinarian hurriedly called out to him, "Pets are quite delicate, you can get a membership, there's a 20% discount for medical treatment, and we provide door-to-door medical treatment."

After saying that, she even smiled at Ye Luo, she was very sweet.

"No need." Ye Luo carried Boss and left expressionlessly, ignoring the veterinarian's good intentions and her very unnatural smile, which looked scary.

The pretty veterinarian who has been ignored, watched the handsome man strode away, her smile froze.

Is she that scary?

She quickly took out her cell phone and turned on the mirror function, her eyebrows checked, her eye makeup was OK, her foundation was evenly applied, and her lip gloss was intact.

The makeup was perfect, the smile was sweet.

What has scared the handsome guy away?

..

..

Fan Xia Sparring Arena

On the sparring stage, the two of them had been facing each other for a while.

Rong Yan finally couldn't help but take the initiative to attack.

Qin Shu didn't move, just when Rong Yan's fist was less than a centimeter away from her cheek, she tilted her head to dodge, and she retracted in a flash.

She said two words lightly, "One move."

Rong Yan frowned and continued to attack.

Her hand movement was strong and sharp, with a sense of urgency.

"Huff Huff" the sound of the wind caused by the hand movement rang in her ears.

Qin Shu narrowed her eyes slightly and she dodged quickly, calmly avoided the sharp palm strike.

Her speed was so fast that Rong Yan did not even see how she dodged it.

Qin Shu said, "Two moves."

Below the stage, Hua Wuyan saw that Qin Shu only defended and did not attack, her dodging speed was very fast, and her expression was calm and composed, he could tell that she was giving chances to Rong Yan.

From the initial nervousness to now, he had relaxed quite a bit.

After another move.

Rong Yan was a little anxious because she had underestimated the strength of the woman in front of her, she was not weak at all.

Qin Shu stood upright, and her posture was calm and composed, there was not the slightest bit of worn out after dodging. "I gave you three moves. I'm going to make my move."

"Am I afraid of You?"

Rong Yan's expression was a little awkward, as the other party had given her a handicap of three moves, but she was unable to defeat the other party. she could not help but felt more anxious,

she could not lose, if she lost, there would be nothing left.

Rong Yan went all out and attacked Qin Shu, her punches and palms carried the sharp howling of the wind.

Qin Shu sidestepped to avoid Rong Yan's palm wind, at the same time, he slapped Rong Yan's back.

Immediately after, she kicked Rong Yan's right leg.

Rong Yan could not stand steadily and fell to the ground.

She stood up from the ground unwilling to give up and attacked Qin Shu.

Before she could make a move, she was beaten to the ground by Qin Shu again.

Rong Yan endured the pain and stood up again, she stubbornly refused to admit defeat.

Qin Shu pursed her lips and didn't know what to say.

Rong Yan attacked again.

Once

Twice

Three times

She fell to the ground.

At this moment, someone rushed up to the sparring stage and hugged Rong Yan, he stopped her and didn't want her to continue competing.

The person was Rong Yan's older brother, Rong Qi.

Rong Qi had just received news that his younger sister, Rong Yan, was in the Fan Xia Sparring Arena, she was competing with someone whom Han Xiao liked.

"Brother, let go of me. I haven't admitted defeat yet."

Rong Yan pushed Rong Qi away, she wanted to continue but was stopped by Rong Qi. "Enough. It's just a man, do you want to risk your life for him?"

Rong Yan had been holding it in, when she heard her brother's words, she could not help but cry. "But I like him."

Qin Shu looked at Rong Yan and sighed in her heart, the most bitter love was unrequited love.

Rong Qi saw that his sister was crying and felt sorry for her, he raised his head and looked at the woman opposite him, he wanted to see what kind of woman Han Xiao liked.

When he raised his head and saw the woman standing upright opposite him, he was stunned and did not react for a long time.

Wasn't this the woman he saw at the entrance of the cafe yesterday?

Was she the woman Han Xiao liked?

Qin Shu frowned as she was being stared at by Rong Qi.

Hua Wuyan walked up and stood beside Qin Shu, he looked at Rong Yan and Rong Qi and noticed that Rong Qi was staring at Qin Shu, he frowned. "Rong Yan, you have lost a long time ago."

Rong Yan gritted her teeth and was very unwilling.

Qin Shu said, "Cancel the engagement tomorrow, you will meet someone more suitable for you."

After saying that, she turned and left to change her clothes.

Only then did Rong Qi come back to his senses, he looked at Hua Wuyan and asked, "Is she the person that Han Xiao likes?"

Hua Wuyan nodded. "Yes, is there a problem?"

Rong Qi shook his head, he did not know how to describe his current feelings.

The woman he was attracted to with one glance was the person Han Xiao liked?

He finally understood now, Han Xiao did not like his sister, it was not that his sister was not outstanding.

Chapter 644: It Was Hidden By The Man, Pampered

It was because Han Xiao really didn't like her.

He had been attracted to this woman from the start.

Rong Qi's heart ached as he hugged his sister into his embrace.

At this moment, she had long been drenched in sweat and completely exhausted, as she leaned onto her brother.

Qin Shu changed her clothes and walked out.

When Hua Wuyan saw Qin Shu, he said, "We'll make a move first."

He glanced at Rong Yan, then turned and left with Qin Shu.

Rong Qi watched Hua Wuyan leaving with that woman, he retracted his gaze after a while and looked at his sister in his arms. "I'll go to the Han family tomorrow and cancel the engagement."

"Brother..." Rong Yan was already sobbing, it was too difficult to give up on someone.

"Actually, she's right. If Han Xiao was forced to marry you, it would be a marriage without feelings, have you thought about it? In the future, the one who will regret it will be you."

The 'she' he mentioned was Han Xiao's friend whom he had met at Han Manor.

On the road, the car was traveling at a constant speed.

Qin Shu felt a severe tightness in her chest and was a little nauseous, she had used her martial art strength during the competition with Rong Yan earlier.

Although she had held back, she still felt a little uncomfortable.

She remembered the candies that Hua Wuyan had bought, it was placed on the seat, she turned and saw the shopping bag lying there quietly,

she reached into the bag and took out a candy., it was green apple-flavored, she peeled off the light green wrapping and stuffed the candy into her mouth, the sweet and sour taste quickly spread in her mouth, suppressing nausea.

If she had known that taking sour sweets would be useful, she would have bought them earlier, the nausea made her uncomfortable.

Hua Wuyan glanced at Qin Shu and saw that she had eaten a mouthful of candy., the corners of his mouth lifted, her appetite had not been good these few days, so she wanted to eat candies.

He had some doubts in his mind, she had eaten so much candy, but didn't she have bad teeth?

What Hua Wuyan didn't know was that when Qin Shu was 12 years old, which was the year he and Han Xiao left.

As Qin Shu had bad teeth, she was in pain for a few days, there was once she was in so much pain that she almost cried.

It was at that time that Fu Tingyu hid all of her candies, he would hide them as soon as she bought them.

So much so that Qin Shu felt there was a thief on the mountain who loved to eat sweets and stole her sweets.

Now, Fu Tingyu still controlled her candy eating, he was afraid that she would cry if she had a toothache.

Jiangcheng

As Fu Tingyu had not returned yet, Fu Tingyan could not leave for the time being.

He brought Bo Ye home, the place where he lived was right next to him.

Compared to when he was younger, the old Madam Fu did not bother as much anymore, It would be good that her grandson had company.

On the first day of living in the Fu family's mansion, Fu Tingyan brought Bo Ye around the courtyard to get herself familiarize with the environment.

"My brother hasn't returned yet, we have to stay in my house for a few days, when my brother comes back, we can go to Uncle Ye's place to learn martial arts."

To Bo Ye, this was an unfamiliar place. Fu Tingyan was afraid that he would be reserved and nervous, so he mentioned it again.

"Well, I'm also worried that Qin Shu didn't come back safely." Bo Ye looked calm, she was more adaptable.

No matter how Fu Tingyan heard it, it didn't sound right, maybe it was because Bo Ye had said that she liked Qin Shu before.

During lunch, the dining table was filled with all kinds of cuisine, there was food that Bo Ye liked, which was specially prepared by the chef, as instructed by Fu Tingyan.

Fu Tingyu sat beside Bo Ye, afraid that he would be reserved, he picked up his chopsticks and placed some food into Bo Ye's bowl, he did not forget to remind him, "Don't just eat rice, eat more cuisine."

Bo Ye looked at the mountain of food in front of her, she was stunned for a moment before nodding.

Looking at the mountain of food, she picked up her chopsticks and did not know where to start eating.

When Fu Tingyan was putting food into Bo Ye's bowl, the old Madam Fu had been staring at him. Other than Jiang Yu, his childhood friend, this was the first time her grandson had brought a friend home, it was also the first time he was putting food into someone else's bowl, it shocked the old madam.

When did this kid become so good at taking care of others?

The old madam looked at the mountain of food in front of Bo Ye and looked at her grandson. "You silly child, how can he eat with so much food?"

Fu Tingyan looked up at the rice bowl in front of Bo Ye and glanced at Bo Ye.

Bo Ye also looked at him.

Their gazes met, and it was a little awkward.

Fu Tingyan hesitated for a moment, then picked up the empty plate by the side and handed it to Bo Ye. "Put the food here."

"Okay." Bo Ye put the dishes in the bowl on the plate, now that she could see the rice, it was convenient to eat.

Fu Tingyan ate a few mouthfuls of rice and asked casually, "Grandma, are mom and dad coming back for New Year this year?"

"How would I know?" The old madam paused. "I heard your mom mention earlier that the probability of them coming back for New Year this year is not high."

Fu Tingyan stopped chewing and looked at the old madam in surprise. "Mom and dad have been touring for more than a year, why aren't they back yet?"

The old madam sighed. "You'll have to ask your father about that."

Fu Tingyan said, "Forget it, I won't be spending the New Year at home this year anyway."

Hearing that, the old madam didn't have the mood to eat anymore, she put down her chopsticks and asked him, "If you won't be spending the New Year at home, where are you going to spend the New Year?"

Fu Tingyan stopped eating and said, "We're going to Uncle Ye's place to learn martial arts, the time is tight, so I won't be spending the new year at home."

The old madam had seen the Uncle Ye that Fu Tingyan was talking about a few times, he wore a mask and looked quite mysterious, she didn't know how he looked like, but she knew that he was a powerful figure.

Thinking about her little grandson who wouldn't be by her side this New Year, the old madam felt a little uneasy. "Did your father agree?"

"Mom and dad don't know yet, it was my brother who suggested that I go to Uncle Ye's place to learn martial arts." Fu Tingyan felt that it was better to mention his brother.

"Your brother suggested it?" The old madam understood her eldest grandson, he always had his own ideas and reasons for doing things.

"Then go, don't tire yourself."

Although the old madam was reluctant, she agreed.

"I knew Grandma was the best."

Fu Tingyan's word was sweet, the old madam was amused and felt a little better.

Bo Ye looked at Fu Tingyan and his grandmother getting along very well.

She thought of her grandmother, who would only use her as a sacrifice, she had never been so amiable.

Bo Ye had seen through it a long time ago, so she did not look forward nor would she expect anything from them.

After dinner, Fu Tingyan pulled Bo Ye to his room to play games, this was one of his few hobbies.

Bo Ye had nothing to do anyway, so she followed him to his room.

The old madam looked at her grandson holding Bo Ye's arm, almost pulling her into his arms, wasn't this kid just like his brother, a germaphobe?

Now he doesn't behave like a germaphobe?

After the door was locked, Fu Tingyan brought Bo Ye to the desk, there were two computers, the table and chairs were added to his room at the last minute.

After they sat down, Fu Tingyan couldn't wait to turn on the computer and started to play games.

Bo Ye wasn't slow either.

The two of them entered the game almost one after the other.

Bo Ye was playing a female character, as for why it was a female character, it had to ask Fu Tingyan.

Chapter 645: Two Of Them Got Married, Fu Tingyu Visited The Hua Family

Bo Ye had never played this game before, when Fu Tingyan introduced her to the game, it was Fu Tingyan who registered Bo Ye's account.

At that time, the two of them didn't get along well.

So when they registered, Fu Tingyan registered Bo Ye as a female account, the character he chose was also quite enchanting, he didn't think about the occupation of the character.

They played together face to face, the two of them had a good rapport and cooperated well.

Fu Tingyan's character name was 'Carefree Immortal'.

Bo Ye's character was named 'Drunken Carefree', which was named by Fu Tingyan.

Every time they played together as a team, those who knew their character names thought that they were a couple.

Once, when Bo Ye was fighting in the wild, someone sent a message.

[Laughing Sword: Carefree Immortal, your wife is very good at fighting in the wild.]

After the message was sent, Fu Tingyan and Bo Ye saw this message at the same time and were both stunned.

They looked at each other at the same time.

Bo Ye pursed his lips, her cold face was expressionless.

Fu Tingyan frowned, after looking away, he ignored that sentence and pretended not to see it.

After winning, Laughing Sword sent another message.

[Laughing Sword: When are you marrying your wife? I'll send you a set of equipment, it's very rare, and you can't buy it even if you spend money]

Fu Tingyan tilted his head and looked at Bo Ye, deep in thought.

"? ? ? ?" Bo Ye felt an inexplicable chill on her back.

Finally, Fu Tingyan said, "I want this set of equipment."

Bo Ye asked, "And then?"

Fu Tingyan pointed at the message at the bottom left corner for her to read.

Bo Ye glanced at the private message at the bottom left corner and looked up at Fu Tingyan. "You want to get married?"

Fu Tingyan smiled. "Let's pretend to get married. we'll get the equipment first."

Bo Ye saw that he wanted the equipment so much, it was a game anyway, so there was no loss for her.

"I don't mind."

Fu Tingyan saw that Bo Ye had agreed, so he replied.

[Carefree Immortal: We'll get married tomorrow.]

[Laughing Sword: Then we call more people in and make it more lively, let 'Carefree Roam' bring his 'Little Fatty' along.]

'Carefree Roam' was Jiang Yu, and the 'Little Fatty' was Ye Xue, as they were playing the game, Jiang Yu called Ye Xue 'Little Fatty'.

In the blink of an eye, it was noon the next day.

In order to make 'Laughing Sword' think that they were getting married, Fu Tingyan specially brought Bo Ye to buy a wedding gown, it was bright red and very eye-catching.

After Jiang Yu and Ye Xue learned that Fu Tingyan was going to marry Bo Ye, they immediately went into the game to see when the two of them got together.

Fu Tingyan and Bo Ye appeared in front of everyone in their costumes, they were not surprised at all, as in their hearts, 'Carefree Immortal' and 'Drunken Carefree' were publicly recognized as a couple.

Some scattered flowers, some congratulated them, and the wedding venue cost a lot of money to set up, it was very beautiful and attracted a lot of onlookers.

It was all done according to the wedding procedure.

They exchanged a cup of wedlock wine, kissed each other, and all.

The people watching the scene in the game felt that it was very harmonious and beautiful.

Fu Tingyan looked at the screen when the game character kissed each other, he glanced at Bo Ye beside him and inadvertently glanced at her lips.

He couldn't help but think of the episode on the bus.

What was he thinking about?

Bo Ye looked at the kissing action of the game character, there was no expression on her face, but she felt a little awkward, she didn't even look at Fu Tingyan.

Because when she looked, she would think of the night when Fu Tingyan was drunk and kissed her.

Jiang Yu kept sending messages to Fu Tingyan.

[Xiao Yu: What happened between you and Bo Ye? Why did you get married suddenly? Are you really together?]

[Xiao Yu: No matter how pretty Bo Ye is, he's still a guy, do you understand?]

Fu Tingyan stared at the messages sent by Jiang Yu on his phone, after reading for a while, he almost wanted to pull Jiang Yu out from his phone and asked him what was going on in his head?

Perhaps Fu Tingyan had not replied to his message, Jiang Yu felt that he was not joking.

{Xiao Yu: Tingyan, are you serious?}

[Xiao Yu: no matter what, I will support you, brother! I have an issue to remind you, don't be the one who got pushed over]

"? ? ?"

What kind of nonsense was that?

Fu Tingyan glanced at Bo Ye, he looked so weak, could he?

Fu Tingyan replied and threw his phone away, ignoring Jiang Yu.

[Fu Tingyan: I also want to remind you that it's not a good thing to know too much. I'm not interested in that either]

After Jiang Yu read the message, he looked at the computer screen, the two characters in bright red wedding costumes were doing intimate actions according to the procedures.

If they were not into this, why would they think about getting married?

Were they bored?

After getting married, Fu Tingyan got the set of equipment as he wished.

As they just got married, it would be very suspicious if they got divorced immediately, therefore, they maintained their relationship.

In the capital of Qi Hua

Another Day had passed, but there was still no progress on Fu Tingyu's side, the unknown number was untraceable, it felt like it was a cover-up by someone.

Without any clues, it was very difficult to find a person in the vast capital of Qi Hua.

Fu Tingyu and Jun Li discussed, they decided to visit a few influential families in the capital of Qi Hua.

Before going, they asked Shi Yan to do some investigation.

Not long after, the results of the investigation were out, Shi Yan returned to the hotel.

Fu Tingyu and Jun Li sat on the sofa, waiting for news.

"Mr Fu, the four great families in the capital of Qi Hua are Han, Rong, Hua, and Yue family, among them, the heir of the Han family and the heir of the Hua family, Mr Fu you knew them," Shi Yan said.

Fu Tingyu's eyes flashed with doubt. "I knew them? Who are they?"

"Han Xiao, Hua Wuyan. They are the heirs of the Han family and the Hua family respectively," Shi Yan said.

Fu Tingyu had never investigated them, now that he knew that their families were in Qi Hua, he was a little surprised, could it be a coincidence?

Shi Yan asked, "Mr Fu, which family do you want to visit first?"

Fu Tingyu pondered for a moment and said, "The Hua family."

"Then I'll go and deliver the request for visitation." Shi Yan turned and walked out.

Jun Li thought for a moment and also ordered, "Su Ying, please go deliver the request for visitation to the Yue family."

“Yes, Young Master.” Su Ying turned and left as well.

The two of them avoided the Han family tacitly, Han Xiao’s leg was injured, and it was also due to Qin Shu, if he knew that Qin Shu had gone missing, it would not be good for him to worry.

At the Han Manor

Hua Wuyan had brought Qin Shu to the Han Manor early in the morning, as for today, the Rong family would come to cancel the engagement.

After arriving at the Han Manor, Hua Wuyan and Qin Shu did not mention that Rong Qi would come to cancel the engagement.

Instead, they accompanied Han Xiao to sit in the pavilion, drinking tea and admiring the flowers.

It was till Li Hang walked into the pavilion, respectfully nodded. “Young master, someone from the Rong family was here, the old master wants you to go to the front hall.”

Han Xiao stopped drinking his tea. “Who is it?”

“The eldest son of the Rong family, Rong Qi.” Li Hang paused and said, “I heard that he is here to cancel the engagement.”

A trace of doubt flashed through Han Xiao’s eyes. “Why did he suddenly come to cancel the engagement?”

Hua Wuyan and Qin Shu looked at each other and said nothing.

Chapter 646: Meet Fu Tingyu Personally

Li Hang lowered his eyebrows slightly. “I’m not sure, old Master asked the young master to go to the front hall.”

If Rong Qi was here to cancel the engagement, that would be the best.

Han Xiao looked at Qin Shu. “You two sit here and wait for a while. I’ll go and take a look.”

Qin Shu nodded. “Okay.”

Li Hang took two steps forward, grabbed the handle of his wheelchair, and pushed Han Xiao out of the courtyard, walked towards the front hall.

Hua Wuyan glanced at the two who had already walked to the moon gate and said, “The engagement could be canceled this time.”

Qin Shu looked at the Leucophyllum that was not far away, a few days had passed, but the petals were still tender and beautiful as she had first seen them.

Hua Wuyan noticed that Qin Shu had been staring at the Leucophyllum, he looked over and his gaze fell on the blooming Leucophyllum.

He asked, “Do you know the language of flowers for the Leucophyllum?”

Qin Shu looked at him in doubt, “What is the language of flowers?”

“Among all the flowers, Leucophyllum is the one that blooms and lasts the longest, and the shortest time would be a month, if the Rose represents passionate love, then Leucophyllum represents eternal love,” Hua Wuyan said slowly.

“Eternal love.” Qin Shu looked at the Leucophyllum, it had been a few days, and it was still fresh as yesterday, it was indeed worthy of it.

“Brother Han and I grew up together, so good that we even wore the same pair of pants, in public, those who don’t know would think that we’re blood brothers.”

Hua Wuyan turned to look at Qin Shu. “Brother Han doesn’t like to interact with women, so there are some rumors in school saying that brother Han has a problem with his sexual orientation.”

Qin Shu turned to look at Hua Wuyan. She suddenly recalled that ever since she met Han Xiao, even though he was surrounded by girls, they were all kept a distance from him.

Hua Wuyan continued, “You’re the only girl whom he didn’t feel disgusted after interacting with him.”

Qin Shu recalled the time when she was looking for a teacher in the Internet Forum.

The young professor’s first question was, are you a boy or a girl?

In order to avoid trouble, she answered a boy.

She thought that the young professor would refuse as many men as possible only taught girls to flirt with girls.

Unexpectedly, the young professor agreed.

At that time, she felt that this young professor was different from others.

Qin Shu smiled. “And there’s the Little Munchkin.”

“Same.” Hua Wuyan did not struggle with her, she was the Little Munchkin, as brother Han had already decided to give up, it would not be good to argue.

About an hour later, Han Xiao returned to the pavilion.

Hua Wuyan saw that Han Xiao had returned and asked, “How is it, brother Han?”

Han Xiao swept a glance at the two people in front of him and replied, “The engagement has been canceled.”

Hua Wuyan let out a sigh of relief. “We could consider a matter resolved, how about the old master?”

“Not happy.” Han Xiao’s reply was concise and to the point.

Actually, when the old master learned that the Rong family had voluntarily canceled the engagement, he was not that angry.

It was just that Rong Qi had mentioned that Han Xiao had someone in mind.

As for this person, the old master could guess that it was the person Han Xiao had been looking for.

After searching for seven years, he had spent most of his time in Hua Xia.

This was also the reason why the old master was so anxious to get Han Xiao engaged and get him to marry as soon as possible so that he could put that person behind.

As for the Rong family suddenly taking the initiative to cancel the engagement, it was still a puzzle.

“It’s normal for the old master to be unhappy, Rong Yan is the granddaughter-in-law whom the old master has been in favor for a long time, she is perfect in every aspect, now that the engagement has been canceled, it’s normal for him to be unhappy.”

After Hua Wuyan finished speaking, he thought of Han Xiao’s leg and his obsession, he sighed silently.

Qin Shu asked Han Xiao, “How have you been feeling these two days?”

Han Xiao replied, “I’m fine.”

Qin Shu thought for a moment and said, “I was thinking that if the treatment is still not effective after some time, I would like to bring you back to Jiangcheng to look for Gu Yan. Whether it’s western medicine or Chinese medicine, his medical skills are superb, with him treating you, I will be at ease.”

As soon as Qin Shu finished speaking, Han Xiao and Hua Wuyan fell silent.

The former did not want Qin Shu to spend all her energy on his leg, and even more so, did not want her to know that the possibility of him being able to stand up was very slim, making her feel guilty all the time.

As for the latter, Hua Wuyan had a complicated look in his eyes, he was furious when he thought about how Fu Tingyu was lying to Qin Shu.

At this moment, a phone rang.

Hua Wuyan lowered his eyes and reached into his pocket to take out his phone, he glanced at the caller ID and realized that it was his younger brother.

After the call was connected, he heard his younger brother say, “Brother, someone passed you a request for visitation card, saying that they knew you, mom wants you to come back.”

Hua Wuyan frowned. “Do you know who it is?”

“I heard that it seems to be surnamed Fu.”

Surnamed Fu?

Hua Wuyan’s first reaction was Fu Tingyu.

He came over so quickly?

Hua Wuyan put away his phone. “You guys chat first. I have something to do at home.”

After saying that, he stood up and left in a hurry.

Han Xiao shot a glance at Hua Wuyan, who had left in a hurry, he retracted his gaze and looked at Qin Shu. "Rong Yan suddenly agreed to cancel the engagement, this has something to do with you guys, right?"

Han Xiao was really smart, he had guessed it right.

Qin Shu nodded. "Yes. Hua Wuyan asked me to meet Rong Yan as the person you liked so that she would give up."

Han Xiao did not want Qin Shu to get involved, but Hua Wuyan still dragged her in, he could not help but felt a little angry.

Qin Shu looked at Han Xiao's expressionless handsome face and thought for a while, but she still said, "Rong Yan likes you, you didn't see the courage she had to challenge me, there was her stubbornness of being beaten down again and again, but still not willing to admit defeat."

Rong Yan was not the same type of person as Yan Jing, she was generous and elegant, she loved openly, and was brave enough to fight for it.

This was the reason why Qin Shu felt sorry for her.

It was also the reason why she had allowed her three moves back then.

Rong Yan's martial art strength was Gold rank, in front of Qin Shu, who had already reached Platinum rank, she was weak.

Whether it was her speed or her reflexes, they were all inferior.

Han Xiao's eyes paused. "But, if you don't like someone, you just don't like someone."

Qin Shu said, "I know, she's only twenty-two years old and very young. In the future, she'll meet someone more suitable for her."

Han Xiao raised his head and looked at Qin Shu, after looking at her for a while, there was a question that had been stuck in his throat that he could not ask.

Because there was no need to ask.

Qin Shu saw that Han Xiao stayed in the shade all day and his skin was getting fairer, she suggested, "I'll push you out to bask in the sun, it's good for your health."

Han Xiao: "Okay."

Qin Shu stood up and pushed Han Xiao towards the back garden.

Qin Shu had walked around the back garden a few times and was already familiar with the route.

Hua Manor

When Hua Wuyan returned home, he saw his younger brother standing not far away waiting for him, when he saw that he had returned, he handed the greeting card to him.

"This is the request for visitation card that the other party sent." The youth's voice was lazy.

Hua Wuyan took the greeting card and opened it, he saw the three words 'Fu Tingyu' written on the signature column.

Since they had already come to him, it was not good to reject them.

"Get someone to reply."

After the butler informed Shi Yan, not long after, a pure black Maserati stopped at the entrance of the Hua Manor.

Shi Yan was the first to get out of the car, he opened the back seat door and a tall and slender figure got out of the car.

Ye Luo carried Boss and got out of the co-driver seat as well, he brought Boss along as he was afraid that Boss would run away.

Chapter 647: Boss's Nose Was Sharper Than A Dog's Nose

Boss had a bad record previously, he had run around more than once.

Ye Luo could only bring Boss along with him.

Fu Tingyu stood tall and looked up at the manor in front of him, he did not expect to meet him here again.

Qi Mountain, those who could enter to learn martial arts were all extraordinary people.

Hua Wuyan was estimating the time to get his butler to pick up Fu Tingyu.

"Mr Fu, my young master is already waiting inside." The Butler had a friendly look on his face as he gestured for him to enter.

Fu Tingyu and the others followed the butler into the Hua Manor, straight to the front hall.

Hua Wuyan was already waiting in the front hall.

Just like the traditional ancient-style living room, the tables and chairs in the middle were the seats of the head, the master, and the elders.

The seats on both sides of the head were the seats for the guests and the juniors.

The tables and chairs were all made of top-grade Pyrus wood, and they were of high quality.

When acquaintances met, they would exchange a few pleasantries, and they were no exception.

After the pleasantries, they sat down.

Fu Tingyu did not beat around the bush and directly stated his purpose of coming.

"Qin Shu has gone missing. I suspect that she is in Qi Hua."

Hua Wuyan asked in return, "How can you be sure that she has gone missing?"

Fu Tingyu frowned slightly. "I will not joke about her disappearance, the capital of Qi Hua is your territory, compared to us, you are more familiar here, could you help me check on a number."

Shi Yan passed the unfamiliar number that was registered in the capital of Qi Hua to Hua Wuyan. "Mr Hua, this is the number."

Hua Wuyan took it and looked, with just a glance, he recognized that this number was the one-time number he had used back then, it was at this time that he knew Fu Tingyu had found out based on this number.

However, he had it erased the record, even a hacker would not be able to find any trace of it.

Hua Wuyan raised his beautiful eyes. "This is a small matter, but it will take some time."

Compared to the front hall, in the courtyard

Ye Luo was standing under the shade of a leafy tree with Boss in his arms.

From the moment they entered, Boss had been restless, he always wanted to jump down, but he was held down by Ye Luo expressionlessly.

"Meow" Boss struggled with his four limbs in dissatisfaction, trying to jump down from Ye Luo the wooden block.

Ye Luo looked at Boss. "Behave yourself."

"Meow!" Not only did Boss not behave himself, but he struggled even harder, even with his sharp claws exposed, trying to scratch Ye Luo.

Boss was usually very obedient, he would never sit when he could lie down, and he would never stand when he could sit.

It was rare for him to be so excited all of a sudden.

"Are you not feeling well?"

"Meow" Boss continued to scratch the front of Ye Luo's shirt with his claws, his sharp claws scratched a few holes on the front of his black shirt.

It was as if he was scratching his heart.

Ye Luo lowered his eyes and looked at the few holes on the front of his shirt, he looked at Boss doubtfully and thought that he was feeling unwell.

He used less strength in his hands and tried to make him feel more comfortable.

In the end, Boss took advantage of the time he relaxed, and struggle to jump out of his arms, as soon as he landed, he immediately ran as fast as he could, as if he was running for his life.

Ye Luo expressionlessly looked in the direction where Boss was running, other than being arrogant, playful, and gluttonous, what else could you do?

Although he was angry, he chased after him.

If something happened and Qin Shu was unhappy, it was the same as Mr Fu being unhappy.

Boss did not bother whether Ye Luo was angry or not, he just followed Qin Shu's scent and ran all the way.

The scent that belonged to Qin Shu was very strong.

He was sure that Qin Shu was here.

Boss ran without any scruples, his speed was much faster than an ordinary cat.

The maids who passed by saw a black figure flash past in front of them, they did not see what it was at all.

"Did you see anything running over just now?" One of the maids stopped and asked her companion.

"Are your eyes playing tricks on you? I didn't see anything." Her companion was looking at the other side just now, so she did not see the shadow.

"Oh, maybe my eyes are playing tricks on me."

As soon as the maid finished speaking, Ye Luo's tall and slender figure flashed past in front of them, he was also very fast.

"Who is that person?" The maid cried out in surprise.

"Should we tell the butler?" Her companion asked in a low voice.

"Let's go, what if it's a bad guy?"

The two of them looked at each other and hurriedly went to find the butler.

Boss's four short legs quickly ran in the direction of Hua Wuyan's courtyard.

Ye Luo sped up again, just as he was about to catch Boss, Boss's vigorous figure slipped through the flower beds, and he caught nothing.

This time, it made Ye Luo feel that he should get a pet collar and put it around Boss's neck to see how he could run.

But now, the most important thing was to catch Boss.

After running for a while, Boss entered Hua Wuyan's courtyard.

Ye Luo raised his eyes and looked at the signboard above the courtyard. The words "Floral Dawn Garden" were written on it.

This was the courtyard of the owner of the Hua Manor, he was an outsider, so it was not appropriate for him to enter and look for Boss.

At this moment, in the front hall

Hua Wuyansaid he was willing to help, so Fu Tingyu did not wish to stay on further, he was ready to get up and leave.

At this moment, the butler walked in from outside. "Young Master, the maid said that an unknown person came into the manor."

Hua Wuyan heard this and thought for a moment before ordering, "Go check it out."

"I've already sent someone, young master," the butler replied.

Fu Tingyu heard the ringtone of his phone, his slender fingers reached into his pocket and took out his phone to answer.

Ye Luo's calm voice came into his ears, "Mr Fu, Boss ran into Floral Dawn Garden, it's not convenient for me to enter."

"Wait there." Fu Tingyu hung up the phone and looked at Hua Wuyan, "Qin Shu's pet ran into Floral Dawn Garden, my men are waiting at the entrance."

Qin Shu's pet?

Floral Dawn Garden?

Hua Wuyan frowned. "I'll bring you there to take a look."

"Sorry to trouble you." Fu Tingyu said politely.

Fu Tingyu and Hua Wuyan had never been on friendly terms, so it was normal for them to be polite.

Fu Tingyu followed Hua Wuyan to Floral Dawn Garden, Ye Luo was waiting at the courtyard entrance.

When he saw Fu Tingyu and Hua Wuyan walking over, he went up to greet them. "Mr Foo, Boss ran in here."

Fu Tingyu turned to look at Hua Wuyan.

Hua Wuyan glanced at his courtyard and said, "I'll bring you in to look for it."

The three of them walked into Floral Dawn Garden, under Hua Wuyan's lead, they searched almost the entire Floral Dawn Garden and couldn't find Boss.

Finally, Hua Wuyan brought them into the room where Qin Shu was staying in.

After the door opened, they saw Boss walking around the room, his nose raised, and his dark green eyes were sparkling.

Hearing the sound of the door opening, Boss did not run, instead, he calmly looked in the direction of the door, when he saw that Ye Luo and the others had found him, he did not panic and he cried out excitedly, "Meow."

Hua Wuyan looked at Boss in the room and frowned slightly, why did he run into Qin Shu's room?

Hua Wuyan would never have thought that Boss's nose was several times more sensitive than a dog's nose.

Fu Tingyu coldly ordered, "Go and carry him out."

“Yes, Mr Fu.”

Ye Luo strode in and came to Boss’s side, he bent down and planned to carry him.

Chapter 648: Provocation, Even If He Hates Her, He Still Loves Her

However, before Ye Luo’s hand could touch Boss, Boss dodged him. The meaning was obvious, he did not want to be carried.

Ye Luo’s hand stopped in mid-air. He glanced at Boss and extended his big hand again, but was once again dodged.

“If you don’t behave yourself, you won’t be able to eat this month’s dried fish.” Ye Luo had no choice but to threaten him again.

After threatening him, he stretched out his hand to grab him.

This time, Boss was determined not to let Ye Luo catch him. His vigorous figure scurried from side to side.

Ye Luo’s speed was also fast, but no matter how fast he was, he still had some scruples.

In the end, Boss directly jumped onto the bed. Because on the bed, Qin Shu’s scent was even stronger.

Ye Luo did not know what to do. Today, Boss was especially disobedient. In the past, even if he was naughty, he would behave after a few threats.

Hua Wuyan looked at Boss’s every move and the doubt in his eyes grew. What did he mean by staying here and not leaving?

Could it be that he knew that Qin Shu lived here?

Fu Tingyu saw Boss’s strange behavior and frowned. He walked in and personally went to catch Boss.

After all, he was here to ask Hua Wuyan for help. If Boss was being impudent here, it was not a good sign. Instead, it could be considered a sense of disrespect.

As Fu Tingyu’s tall figure approached the bedside, Boss shrank his neck under the pressure. His dark green eyes stared at the man.

Just as the man reached out his hand, Boss suddenly cried out, “Meow, meow, meow! ! !”

Fu Tingyu paused. His phoenix-like eyes narrowed slightly, his dark eyes carried a threat.

Boss was terrified instantly. He stared at the man with a wronged expression.

The man scooped Boss up with his big hand, stood up straight, and walked to the door. When he passed by Hua Wuyan, he turned to look at him. “Her pet is a little mischievous. I’ll go back and wait for your news.”

Hua Wuyan secretly heaved a sigh of relief. “Okay.”

Fu Tingyu carried Boss, mercilessly threw him into Ye Luo’s arms, and walked out.

Ye Luo accurately caught Boss who was thrown over.

Boss raised his head and looked at Ye Luo, feeling a little wronged.

Damn it!

Ye Luo hugged Boss and followed his master's footsteps expressionlessly.

Hua Wuyan glanced at the room. Although Qin Shu lived here, her clothes and belongings were all brand new, so even if she walked into this room, she wouldn't discover anything.

He retracted his gaze and followed the others, sending Fu Tingyu out.

He walked him all the way to the main entrance of the house.

Hua Wuyan stood on the porch, watching Fu Tingyu's tall and straight figure walk to the side of the car. He suddenly said, "Why don't you think that Qin Shu recovered her memories and remembered what happened on the mountain, which is why she left you? And also not because she was kidnapped?"

Hearing this, Fu Tingyu stopped in his tracks, and his back stiffened as well.

He slowly turned around to look at Hua Wuyan, saying one sentence after another, "Even if she recovered her memories and remembered what happened on the mountain, she wouldn't have left without a single word."

"Are you so sure?" Hua Wuyan did not give up and continued, "If she knew that you hid the fact she went to the mountain to learn martial arts and that she was the little munchkin, do you think she would not hate you?"

Hearing Hua Wuyan's provocative words, Fu Tingyu's hands that were hanging by his side suddenly tightened and his pitch-black eyes stared at him.

Hua Wuyan saw that Fu Tingyu's hands were tightly clenched and knew that he was guilty. He continued, "If you had told her from the beginning that she was the little munchkin and that she had once gone to the Qi Mountain to learn martial arts with us, allowing her to recover her memories, do you think that she would still stay by your side?"

Fu Tingyu was silent for a long time before he slowly said, "She is my wife. Regardless of whether her memories are restored or not, she is still my wife and will stay by my side for the rest of her life."

After he finished speaking, he turned around and got into the car.

Hua Wuyan clenched his fists and stared at Fu Tingyu's car as it gradually moved away from his sight. "He doesn't believe that after Qin Shu regains her memories, she will not hate him and will continue to stay by his side."

...

After returning to the hotel

Ye Luo kept looking at Boss to prevent him from running around again. In order to make Boss remember, he didn't give any fish or dried fish that day.

Boss curled up on the sofa with a depressed look on his face. He glared at Ye Luo and refused to let him hug him, as if he had suffered a great grievance.

So Shi Yan words about it being a little tsundere were true.

Fu Tingyu sat there alone and smoked. Even if the girl was not by his side, he was still used to sitting on the balcony and closing the glass door to prevent the smell of smoke from entering the guest room.

He did not think that the girl would leave because her memory had been restored.

He understood her. Even if her memory had been restored and she remembered that she had learned martial arts on the mountain, she would not leave quietly without saying anything.

He had never thought that after the girl recovered her memories, she would be like Hua Wuyan, hating him and thinking of leaving him.

If she really hated him for hiding this matter, it meant that she cared.

He thought.

If she insisted on leaving.

The man narrowed his phoenix-like eyes and took a deep puff. A faint mist seeped out from the corner of his mouth and enveloped his face, making it hard for others to see clearly.

His pitch-black eyes gradually darkened, like the darkness of night, making it hard for people to see through him.

He would never allow it.

At the Flower Manor

Hua Wuyan brought Qin Shu back to Hua Chao courtyard.

Qin Shu suddenly stopped and turned to look at Hua Wuyan. "I want to bring Han Xiao back to Jiang City to treat her leg."

Hua Wuyan frowned. "Why do you want to go back to Jiang City? Don't you know Fu Tingyu's character?"

Qin Shu said, "I think the doctor you found is very unreliable. It's been a few days and there's no effect. Dragging it out longer won't solve anything. As for him..."

A man could be jealous. She wasn't sure that he wouldn't be jealous.

But Han Xiao's leg had to be cured.

Hua Wuyan said, "It's not possible to return to Jiang City for a short period of time. Why don't you wait until after the New Year?"

After the New Year?

Qin Shu lowered her eyes. Her long eyelashes trembled, and her eyes were shrouded in a shadow.

She said, "Do you think Han Xiao's legs can be delayed?"

Hua Wuyan looked at Qin Shu's somewhat desolate appearance and asked, "Do you want to return to Jiang City on your own, so you want to use Brother Han as an excuse?"

Qin Shu suddenly raised her eyes to look at Hua Wuyan. "I want to return to Jiang City in a hurry. I can't wait to go back. Similarly, I'm anxious to make Han Xiao's legs recover. I can't wait for him to be like before, walking freely and in high spirits. I..."

At the end of her sentence, she also felt that there was no need to explain. Her voice gradually weakened and carried some fatigue. "You can think whatever you want. I'm a little tired, so I'm going to rest first."

After saying that, she turned around and walked into her room, closing the door.

Hua Wuyan stood in front of the door and stared at the carved wooden door that was shut for a long time. He did not move.

During dinner, Qin Shu really did not have much appetite. If she was not so hungry, she would not have been able to eat at all.

After a few mouthfuls, she asked the maid to remove the bowls and chopsticks. She even instructed, "If anyone is looking for me, tell them that I'm already resting."

The maid nodded obediently and walked out with the tray.

Hua Wuyan sat on the pear blossom wood chair in the front hall. His eyes were lowered as if he was deep in thought.

Just now, he called Fu Tingyu and asked him to come over.

Chapter 649: Making A Bet With Fu Tingyu

And the number?

Hua Wuyan looked down at the number in his hand that Shi Yan had given him, deep in thought.

Before Fu Tingyu could come over, a maid who was taking care of Qin Shu's daily life walked in.

"Young master, Miss Qin only ate a few mouthfuls of dinner again."

Hua Wuyan's expression froze.

The maid raised her eyes and looked carefully at her young master. "Young master, I'm guessing that Miss Qin must be sick to have lost her appetite."

Hearing this, Hua Wuyan frowned. He thought of that afternoon when Qin Shu looked exhausted. He suddenly stood up and said, "I'll go and see her."

The maid hurriedly said, "Young master, Miss Qin has already rested."

Hua Wuyan stopped and turned to look at the maid. He thought for a while and said, "Keep an eye on her. Tell me when she wakes up."

“Understood, young master.” The maid nodded and turned around to leave.

Hua Wuyan’s slender figure stood in the middle of the front hall, his brows still furrowed.

The butler walked in with even steps. When he saw his young master standing in the front hall, he lowered his brows and nodded. “Young master, Fourth Master Fu is here.”

Hua Wuyan came back to his senses and raised his eyes to look at the front hall’s entrance. He saw Fu Tingyu’s tall and straight figure walking in. It felt like the first time he saw him on the mountain. He was like a proud son of heaven, noble and handsome beyond compare.

“You’ve investigated the number?”

Fu Tingyu walked into the front hall. When he saw Hua Wuyan, he asked this question.

Hua Wuyan saw Fu Tingyu walk in front of him and said, “The number is indeed from the capital of Qi Hua. However, the data of this number has been completely erased. There is no trace of it.”

Fu Tingyu frowned slightly. This result was no different from the results of his own investigation. It was equivalent to saying that there was no results.

“Thank you in advance.” After saying that, Fu Tingyu turned around and left. Because he didn’t want to waste time, he hadn’t received any phone calls or messages from that girl in the past few days. His uneasiness was even stronger.

Hua Wuyan looked at Fu Tingyu’s back as he was leaving and suddenly said, “Fu Tingyu, I want to make a bet with you.”

Fu Tingyu’s footsteps stopped. He turned around and looked at Hua Wuyan in confusion.

Hua Wuyan said, “I bet that after Qin Shu recovers her memories, she will remember what happened on the mountain and leave you.”

Fu Tingyu paused. “Even if she recovers her memories, she will still be my wife.”

What he meant was that regardless of whether she remembered what happened on the mountain or not, it would not change the fact that she was his wife.

Husband and wife should be together.

After saying that, he left without looking back, his footsteps steady.

Hua Wuyan stared at his departing figure for a while. He was as domineering and confident as before.

After Fu Tingyu returned, he didn’t stop searching for the girl’s figure.

He didn’t care that this was Qi Hua and not Hua Xia. Many places would have restrictions.

Because of this, Fu Tingyu had no choice but to use his connections.

That was the Mu family.

The Mu family was on the most hidden mountain peak in the capital. It seemed like they had nothing to do with the powers of the capital.

However, that was not the case!

Many of the people in the capital had to rely on the support of the Mu family, but this was hidden behind the scenes.

Although the current head of the Mu family was Mu Nianzhi, if the people in the capital wanted to speak, they still needed Mu Liancheng to step in.

Ever since the Mu family had been handed over to his uncle, his grandparents had gone around the world like his parents.

In any case, they could do whatever they wanted.

After the call was connected, Fu Tingyu waited quietly.

About ten seconds after the call was connected, he heard a pleasantly surprised voice of an old woman.

“Little Yu, did you miss me?”

His grandmother, Yan Ruoqing.

When the call was connected, Fu Tingyu had no chance to speak.

In the end, he waited for Yan Ruoqing to finish asking before he started to talk about business.

“Grandma, I have something to ask Grandpa.”

On the other end of the phone, Yan Ruoqing was stunned for a moment. She was wondering why this grandson suddenly called. It turned out that he had something to say.

After passing the phone to Mu Liancheng, Fu Tingyu roughly explained the situation.

Since his grandson was looking for him personally, Mu Liancheng naturally had to help him. After hanging up the phone, he dialed a number at the capital.

They were all old acquaintances and business partners, so they were all straightforward.

After the other party agreed, Mu Liancheng called Fu Tingyu again and told him that Qihua capital would receive a message from the imperial capital tomorrow morning.

But before that, Fu Tingyu had already made his move that night because he couldn't wait for the next day.

Mu Liancheng put down his phone and just laid down to sleep.

Yan Ruoqing asked, “Who is the child that Little Yu is causing so much trouble for?”

Mu Liancheng glanced at his wife. “It seems like our granddaughter-in-law was kidnapped to Qihua.”

“Granddaughter-in-law?” Yan Ruoqing said thoughtfully, “Could it be that this kid has become enlightened?”

Mu Liancheng stared at his wife and only then did he realize that his grandson had a woman he liked!!!
!

Qihua

Qin Shu did not sleep well last night. When she woke up early in the morning, her mental state was a little worse than the day before.

During breakfast, Hua Wuyan came over, intending to have breakfast with her.

Seeing that Qin Shu's complexion was a little bad, he thought of what the maid had mentioned and said, "Your appetite hasn't been very good recently, and your complexion is also a little bad. I'll get the doctor to take a look at you."

He turned his head and instructed the maid, "Go and call the doctor over."

"Yes, Young Master." The maid accepted the order and turned to leave.

However, Qin Shu said, "There's no need. Since you have the time, why don't you get some more famous doctors over to treat Han Xiao's leg?"

Hua Wuyan was stunned.

Qin Shu drank a bowl of porridge. She took out a candy, peeled it, and stuffed it into her mouth. She wanted to use the sour taste to suppress the nauseating feeling.

Humans were all strange creatures.

Previously, when she was beside a man, she would always find a way to eat candy behind his back.

Now that she was far away and the man was not by her side, she listened to him instead.

Although the sour candy could suppress the feeling of nausea, it was still candy. Eating too much of it was not good for her teeth.

She was restraining herself now and eating less.

Hua Wuyan was silent for a long time. Seeing that Qin Shu had finished eating the candy and was about to leave, he asked, "Are you angry?"

Qin Shu stopped in her tracks and turned her head to look at Hua Wuyan in confusion. "Why would I be angry?"

Hua Wuyan replied, "You're angry about what I said yesterday."

Qin Shu shook her head. "No, even if I'm angry, it's because I'm angry at myself."

The hand on her leg suddenly tightened and she pursed her lips. "If I could do it all over again, I definitely wouldn't let Han Xiao take the risk for me."

After saying that, she stood up and walked into the room.

Hua Wuyan was stunned again when he heard that. He looked at Qin Shu's slender back as she walked into the room. It was so thin that it made one's heart tremble.

Did he do something wrong?

He just wanted Brother Han's leg to recover.

He wanted Qin Shu to regain her memory and remember the martial arts lessons on the mountain.

He wanted her to see Fu Tingyu's true face clearly.

Was this also wrong?

In the room

Qin Shu walked to the Imperial Consort's chair. There was a blanket made of fox fur, it was pure white and very beautiful.

It was just that she had never used it before.

She glanced at the blanket on top and realized that it was dirty.

It had never been used before. How could it be dirty?

She picked up the fox fur blanket and traced her finger on the dirty area. Only then did she realize that the black area was not dirty, but instead black fur.

Chapter 650: House Full Of Cat Fur

Qin Shu pinched the black fur and held it in her palm. She looked at it carefully. It looked very similar to Boss's fur, soft and smooth.

She smiled and sighed. Why would Boss come here?

She threw the black fur into the trash can and turned around to walk to the dressing table. She looked at the bottles of skincare products and cosmetics on the dressing table.

The brands were all international brands, and the prices were also very expensive.

These were all prepared by Hua Wuyan before she moved in on the first day.

She hadn't used them in the past few days.

She sat in front of the dressing table and looked at the mirror in front of her. Just now, Hua Wuyan had said that her complexion was bad. After taking a closer look, she realized that her complexion was indeed a little bad.

Lowering her eyes, she looked at the dressing table in front of her. There were a few black things on it, and she was stunned again.

If she had not experienced what happened just now, she would think that someone had dirtied it.

Qin Shu stretched out her finger and touched at the black things. There were a few black hairs on her fair fingers.

There were black hairs on the clean dressing table?

She looked at the dressing table and sized it up again.

She found that there were paw prints on the dressing table at the side. She was too familiar with these paw prints. They were the paw prints of a cat.

A black cat?

She suddenly stood up and walked around the room. Not only on the dressing table, but even on the windowsill and sofa, there were black fur.

As for the paw prints, she also found them in a few places.

When had a cat entered her room?

She had been living in Hua Chao courtyard for several days. Not to mention that Hua Chao courtyard did not have any cats, she had not even seen a cat in Hua Chao Manor during this period of time.

Qin Shu applied light make-up with ready-made cosmetics.

Then, she walked out with confusion and found Hua Wuyan waiting at the door.

Hua Wuyan stood upright and was a little distracted because he was in thought. When he saw Qin Shu suddenly walk out, he retracted his thoughts and looked at Qin Shu, stunned for a few seconds.

She, who did not look good a moment ago, looked much better now. Her cheeks were slightly red and her complexion looked better than before.

Then, he figured out what was going on.

Qin Shu put on some light makeup to cover up her bad complexion.

So as not to let Brother Han see through her?

Hua Wuyan looked at her in a daze.

Qin Shu saw that Hua Wuyan was not moving, so she said, "Let's go and get the doctor to give Han Xiao acupuncture again. If it doesn't work, you can get another doctor."

After saying that, Qin Shu walked out, but her arm was grabbed by Hua Wuyan. She raised her head and looked at Hua Wuyan in puzzlement, "???"

Hua Wuyan said, "I've sent someone to get a doctor. He'll be here soon to see if you're sick."

Qin Shu said, "I'm not sick. I just want Han Xiao's leg to recover as soon as possible."

Hua Wuyan pursed his lips tightly and stared at her for a long while. Suddenly, he asked, "What if Brother Han's leg will never recover? What do you plan to do?"

Qin Shu looked up at Hua Wuyan, not understanding what he meant. "As Han Xiao's childhood friend, shouldn't you expect his leg to recover?"

"I said if, if..."

When Hua Wuyan said this, he seemed to have thought of something, he changed his words again. "Of course, I hope Brother Han's leg can recover quickly. Otherwise, I wouldn't have brought you here. You saw it yourself. When you were around, Brother Han was very obedient to the doctor."

He continued helplessly, "When you weren't around, Brother Han didn't even want to see the doctor, let alone cooperate with the doctor's treatment."

Qin Shu was stunned for a moment. "Since that's the case, then let's go."

She looked at Hua Wuyan in confusion. She pulled her hand back forcefully and took the lead to walk out.

Hua Wuyan stared at Qin Shu's back and followed her.

After getting into the car, the driver drove to the Han Manor.

After driving for a while, the maid called.

After Hua Wuyan picked up, he heard the maid say, "Young master, the doctor is here."

Hua Wuyan glanced at Qin Shu, feeling a little helpless. "Tell him to go back temporarily and come back during dinner time."

After saying that, he hung up the phone.

Qin Shu looked out of the car window. After Hua Wuyan hung up the phone, she retracted her gaze and asked casually, "Do you have a pet street here?"

Hua Wuyan put away his phone and looked at her doubtfully. "Yes, do you want to keep a pet?"

"Yes, I like to keep cats." Qin Shu turned her head and looked at Hua Wuyan slowly. "Don't you like to keep pets?"

"I don't like to keep pets, so no one keeps any in the house. If you want to keep one, I'll take you to the pet street and buy one."

Qin Shu replied thoughtfully, "I'll go and take a look when I'm free."

But in her heart, she was thinking, no one in the Hua Manor has a cat?

The Hua Manor was very big, and the surroundings were not an ordinary residential area. The security was very strict.

If it was not a pet of the manor, it would usually be impossible to enter.

Then, the black fur in her room, as well as the cat paw prints, how did they come about?

Her eyes were filled with confusion. Black fur?

Hua Wuyan thought of Boss, Qin Shu's pet. He guessed that she liked cats.

He said, "I'll bring you to pet street tomorrow to take a look."

"Okay." Qin Shu replied. She was still confused. Her room had cat fur and paw prints.

How did the cat get in?

After arriving at the Han Manor, Qin Shu asked the doctor to give Han Xiao another acupuncture treatment.

Han Xiao had always been very cooperative.

However, the results were still not good.

Qin Shu could not help but feel a little anxious. It was not a good thing for the leg injury to drag on for too long.

Han Xiao's expression was cold and calm, as if he was not too concerned about the outcome.

At this moment, Li Hang suddenly walked in. "Young master, the Old Master is here."

As soon as Li Hang finished speaking, a figure walked in from behind, causing the few people in the room to be stunned.

Old Master Han was sixty-eight years old this year. His hair was white, and his cold face was covered with the vestiges of time.

Even though he was old, the pressure of being the head of a family was still very prevalent.

He held onto the dragon-headed walking stick with one hand, and his aura had not decreased as compared to the past.

This was the first time Qin Shu had seen Han Xiao's grandfather. With just a glance, she knew that he was a very serious grandfather. It was not surprising that Han Xiao's personality was steady and reserved.

Hua Wuyan also did not expect the old man to come here at this time. When he saw the old man's serious expression, he knew that he had something to say.

He shot a glance at Qin Shu and did not say anything.

Han Xiao was only stunned for two seconds before he returned to normal. "Grandfather, why are you here? If there's anything, just get someone to call me."

Old Master Han's sharp eyes looked at his grandson who was sitting in the wheelchair. This grandson had always been his pride, but he had always been obsessed with a woman.

It was also because of this woman that the Rong family had taken the initiative to cancel the engagement.

"Hasn't the person you like already come to Qi Hua? If you can make the Rong family take the initiative to cancel the engagement, then bring her to me. What kind of woman can make my grandson, whom I am proud of, look at her in a different light and not marry anyone else but her?"

The old man was very old, full of energy, and also very dignified.

Han Xiao pursed his lips as he looked at the old man. He knew that he was angry because the Rong family had taken the initiative to break off the engagement.
