

Bigoted 91

Chapter 91: Return the Favor

Hu Cong was feeling very aggrieved when someone bumped into him. He was in a bad mood. He knew that he could not shout because he was in a public place. However, he still lost control and cursed.

“Do you have any f*cking eyes?”

As soon as Hu Cong completed his sentence, the people who were drinking coffee and chatting looked over at him with disdain.

“This person is so uncultured. This is a coffee shop, not a wet market.”

“He looks like a man in a suit and tie. I didn’t expect him to behave like a local hooligan.”

“Even a three-year-old knows not to make loud noises in public. I can’t believe an adult is worse than a child.”

When he heard this, Hu Cong’s face alternated between green and white. He lowered his head and followed his boss’s footsteps, before leaving dejectedly.

Qin Shu glanced at Hu Cong’s back. Then, she retracted her gaze and walked around the cafe before returning to her seat.

She picked up her laptop from her desk and hurried out of the cafe.

—

—

Qin Shu placed her laptop into her backpack. She zipped it up while walking.

Far away at the parking lot, caught sight of Lu Chuanfeng sitting in a Mercedes-Benz.

Qin Shu glanced at the license plate number on the back of the luxury car and memorized every symbol on it.

Once the car had left, Qin Shu took out a phone from her pocket.

This phone was taken from Hu Cong when they brushed by each other a while back.

The phone didn’t have a fingerprint lock and was opened easily.

She clicked on the contact list and saw an unfamiliar number in the recent contacted list. The time of contact was in the morning, half an hour ago.

Qin Shu pondered for a moment. She swiftly typed out a message and attached the car model details and license plate number.

At that moment, the man in black who had just left received a message. When he realized that it was from his employer, he hurriedly opened the message and took a look at its content.

[Disable this car and stop him from going to the Eastern Roundabout. Double the reward.]

Double the reward. As long as he crashed into it, he would be able to stop him.

The eyes of the man in black lit up as he replied with two words.

[No problem.]

When she saw the opposite party's two-word reply, the corners of Qin Shu's mouth curled up.

This was what it meant to give him a taste of his own medicine.

This was not her fault.

Qin Shu copied out the cell phone number into her phone. It might be useful if she kept it.

Then, she threw the phone and the SIM card into the trash can at the side.

After this, Qin Shu dusted her hands and turned, before walking towards the coffee shop.

At the same time.

Fu Tingyu had successfully negotiated the contract. He had originally planned to have dinner with Director Li.

But when he recalled that his babe was waiting for him downstairs, he realized that he didn't want her to wait for too long.

"I still have urgent matters to deal with. I can't treat you to dinner this time. I'll definitely treat you next time."

"It's fine. I happen to have some matters to attend to myself. I'm in a hurry to go back. I hope that we will have a pleasant collaboration. I also believe in your ability." Director Li smiled nonchalantly.

Fu Tingyu replied, "Yes, let's have a pleasant collaboration."

Fu Tingyu and Director Li walked out and went downstairs together.

Fu Tingyu walked behind him. He walked down the stairs and looked at the position near the window. However, he didn't see the figure of the girl. His eyes tensed up.

His first reaction was that he was afraid that someone had kidnapped the girl and hurt her.

His second reaction was that the girl had left on her own.

Because this wasn't the first time she had run away.

Regardless of the reason, Fu Tingyu's heart was filled with panic.

He walked down the stairs hurriedly and ran out quickly.

When he saw this, Shi Yan hurriedly chased after him. He couldn't help but curse in his heart. Couldn't Qin Shu behave herself?

Chapter 92: His Deep Seated Panic

Outside the coffee shop, the sun was shining brightly.

Fu Tingyu walked out of the coffee shop and a blast of hot air hit him. Soon, his forehead was covered with fine beads of sweat.

His pitch-black eyes scanned the bustling streets. However, he did not see the thin figure of the girl.

His eyes tensed up. He ran to the side of the road swiftly and glanced at the traffic in front of him. At that moment, he could not determine which direction the girl had gone.

As he was overwhelmed with anxiety, he suddenly thought of Lu Chuanfeng.

That man was a despicable and shameless person. Could he have taken his Babe away in order to blackmail him?

Today, his contract with Li Shang had gone smoothly. This caused Lu Chuanfeng to lose this opportunity.

When this possibility came to his mind, the man's eyes turned cold. The sun was obviously scorching in the sky, but the temperature around him had plunged to the point that it could freeze people to death.

Lu Chuanfeng, if you dare to touch a single hair on her head, I will bury your entire family with you.

The man's hands that were hanging by his side with clenched fists. His dark pupils were shrouded with a cold, ruthless, and bloodthirsty intent.

Shi Yan stood behind Fu Tingyu and felt the anger radiating from his boss. He mustered up his courage and whispered, "Sir, could young madam have been bored? She might have gone out for a walk by herself. Maybe she will be back soon?"

He also hoped that Qin Shu had simply gone for a walk, and not run away secretly.

Fu Tingyu said coldly, "Go and investigate Lu Chuanfeng's movements."

Shi Yan was stunned for two seconds before he realized what the Fourth Master meant.

"Yes, Sir."

Shi Yan immediately went to investigate Lu Chuanfeng's movements.

After Shi Yan left, Fu Tingyu glanced at the traffic and prepared to hail a taxi in a bid to continue searching.

Because he couldn't rule out the possibility that she had left on her own.

On her way back to the coffee shop, Qin Shu passed by a milk tea shop and went in to buy a cup of milk tea.

When she came out, she saw Fu Tingyu standing by the roadside. She had assumed that the negotiation would take a long time, but she didn't expect him to come out so soon.

He must have realized that she wasn't there when he exited. Hence, he came out to look for her.

Qin Shu quickly walked over with the milk tea.

At that moment, a taxi stopped in front of Fu Tingyu. He reached out to open the door and was about to get in when his hand was suddenly tugged by someone. That familiar warmth made him realize who it was.

Fu Tingyu turned his head and saw the girl staring at him with narrowed eyes and a smile on her face.

Under the scorching sun, the girl's palm-sized face was slightly flushed. Her full and smooth forehead was covered with fine beads of sweat.

Fu Tingyu let go of the car handle and stretched out his strong arms. He hugged the girl tightly in his arms, as though he was afraid that she would suddenly disappear.

Qin Shu parted her lips to speak. But because of the man's sudden movement, she could only swallow her words back into her stomach.

Because the man hugged her tightly, her cheeks were pressed against the man's chest. She could still hear his strong heartbeat clearly beside her ears.

Fu Tingyu hugged her for a while, and the panic in the depths of his heart slowly calmed down. His chest that was heaving violently also returned to normal.

"Where did you go?" The man's voice was low.

Qin Shu raised the forgotten milk tea and said, "I came out to buy milk tea. I didn't expect you to finish the negotiation so quickly. Otherwise, I wouldn't be in a hurry to come out and buy it. I was waiting for you."

Fu Tingyu turned his head and saw the girl holding a cup of red bean milk tea in her hand. There were tiny drops of water on the wall of the cup.

Qin Shu looked up from the man's arms and noticed that the man's forehead was covered in sweat.

She reached into her pocket and took out a pack of tissues. She took out a piece and raised her head to dab the sweat on the man's forehead. "It's too hot outside. Let's find a restaurant to eat and enjoy some free air conditioner."

Chapter 93: Reserved for Men

When Fu Tingyu realized that she had simply gone to buy milk tea, his restless heart gradually calmed down.

He held the girl's hand and glanced at the milk tea in her hand. He frowned. "You can only drink half."

Qin Shu glanced at the large cup of milk tea. Milk tea was high in sugar, and drinking too much of it was not good for her health.

That was why he was trying to control the amount of milk tea she drank.

She had secretly bought it while he was negotiating a contract.

As a result, she was caught.

—

A western restaurant.

Qin Shu glanced at the opposite side of the table. Fu Tingyu was eating the steak elegantly and gracefully.

She stared at the cup in front of Fu Tingyu. She had only drunk half of her milk tea, and she felt that it was a waste to throw it away.

At that moment, Shi Yan walked over and stood beside Fu Tingyu. He whispered, “Lu Chuanfeng’s car was involved a car accident on the road. He has been sent to the hospital for emergency treatment.”

When Fu Tingyu found Qin Shu, he gave Shi Yan a call. However, he happened to witness Lu Chuanfeng’s car accident.

When she heard this, Qin Shu stopped eating the steak. She didn’t expect that person to act so quickly.

She liked action.

She hoped that Lu Chuanfeng would stay in the hospital for half a month.

Fu Tingyu chewed the steak in his mouth slowly. He wasn’t surprised at all. He was just curious who did it.

“Do you know who did it?”

“I’m not sure yet. The perpetrator has already escaped. Someone must have done it on purpose.”

Shi Yan knew that Lu Chuanfeng rarely went out. He wanted to snatch the negotiations first, but the plans were changed.

He could still get into a car accident on his way back to the company.

One word could describe his plight – miserable.

Fu Tingyu raised his eyes and looked across the table. The girl was eating a steak with her head lowered. He waved his hand and gestured for Shi Yan to leave. He didn’t want the girl to know about these bloody things.

Shi Yan nodded, then turned around and left.

After lunch, Fu Tingyu took a call and returned to Jiangcheng.

This time, he didn’t take a taxi. Instead, he travelled in a newly bought luxury car.

It was already four o’clock in the afternoon when he returned to Bright Garden.

Fu Tingyu went to the company.

At this time, in the bedroom.

Qin Shu held the glass bottle and looked at the eighteen drops of liquid that could remove scars.

Boss would have six drops of such milky white liquid every week, and she was the one who would personally put them into the glass bottle.

She glanced at the dressing table and caught sight of the light blue moisturizer bottle. She pondered for a while before walking over.

Boss jumped off the bed and did not make a sound when he landed.

After landing, it walked elegantly to the balcony to bask in the sun. It waited for Ning Meng to prepare delicious fish for him.

Qin Shu sat in front of the dressing table and spent an hour making two small bottles of scar removal cream.

The ingredients were a mixture of moisturizing milk and scar-removing liquid.

But the scar-removing effect was still the same.

She put one bottle into her school bag. She wanted to give the other bottle to Fu Tingyu.

She knew that he didn't care about the scar, and she didn't care either.

However, she wasn't stupid. If she didn't use the scar-removing cream on her hand, was she going to leave it for someone else to use?

After Qin Shu finished her work, she stood up and walked to the balcony. She bent down and picked up Boss. She rubbed its shiny black hair, which was silky and soft like silk.

Boss snuggled lazily in Qin Shu's arms. It felt very much like a fur massage, and it enjoyed it very much.

Knock, knock~

At this moment, there was a knock on the door. Soon, Ning Meng pushed the door open and walked in. She smiled and said to Qin Shu, "Young Madam, the Old Madam is here."

Qin Shu was stunned. Grandmother was here? Did she want her to get divorced from Fu Tingyu?

Chapter 94: Rushing Back Without a Care

As she pondered over the reason for the Old Madam's visit, Qin Shu couldn't help but worry.

She patted Boss head. "Go play by yourself first."

"Meow!" Boss cried out. After straightening its body, it leaped onto the carpet accurately.

Qin Shu stood up and walked out of the bedroom.

When she went downstairs, she saw the Old Madam sitting on the sofa with a young lady sitting beside her. The two of them were chatting and laughing.

After walking into the living room, Qin Shu had a good look at the lady seated beside the Old Madam. It was Xu Wei, the daughter of the Xu Family. Their family was on good terms with the Fu Family.

Xu Wei was the Old Madam's favorite candidate as her granddaughter-in-law, whether it be her looks or her family background.

In her previous life, the Old Madam had mentioned multiple times that she wanted Fu Tingyu to divorce her and marry the girl in front of her, Xu Wei.

However, Fu Tingyu insisted against getting a divorce, which almost caused the Old Madam to suffer from heart attack due to anger.

Because of this, the Old Madam even went on a hunger strike.

He didn't want a divorce, but the other party was his most beloved grandmother.

Back then, Fu Tingyu was most likely put in a difficult position.

Qin Shu walked over and bent down to pick up the kettle on the coffee table. She poured out a cup of hot water and placed it in front of the Old Madam immediately.

"Grandmother, have some water first."

The Old Madam glanced at Qin Shu. She noticed that she was much better. She had become more well-behaved in the past few days and didn't cause any trouble.

Moreover, she had called her 'Grandmother' twice instead of ignoring her like before. This made her feel a little gratified.

She waved at Qin Shu. "Sit down first. Let me introduce her to you. She is the daughter of the Xu family, Xu Wei. She is classmates with Little Yu. She accompanied me today, and she's also here to catch-up with Little Yu."

Qin Shu walked to the Old Madam's side and sat down. She listened attentively to the Old Madam's introduction and did not say a word.

The Old Madam then introduced her to Xu Wei. "This is Xiao Yu's girlfriend. Her name is Qin Shu."

When Xu Wei heard the words 'girlfriend', she was stunned for a moment before she finally reacted. She glanced at Qin Shu. Because her hair was draped over her head, it covered up a lot of her facial features. However, it was evident that she was not bad-looking.

The Old Madam noticed Xu Wei's stunned expression and could not help but ask, "Were you very surprised?"

Xu Wei laughed softly, "Yes. All these years, I haven't heard of him having a girlfriend. It is indeed a little surprising that he suddenly has a girlfriend."

"At the beginning, I thought the same." the Old Madam recalled that her grandson had been single for twenty-four years. Then, he had suddenly announced that he had a girlfriend. At that time, she was both surprised and happy.

However, the surprise did not last for more than a day.

She started to worry.

Qin Shu watched as the smile on the Old Madam's face gradually faded. She knew that it was because of her.

She asked, "Grandmother, it's almost time for dinner. I'll call Yu to ask when he will be back."

The Old Madam heard this and nodded in agreement. "You can call him. Tell him to come back earlier."

"I got it, Grandmother."

Qin Shu took out her phone and dialed Fu Tingyu's number.

He picked up almost instantly.

"Grandmother is coming home for dinner today. What time will you be back?"

Fu Tingyu held his phone in one hand and a pen in the other. When he heard that his Grandmother was here, he stopped twirling the pen.

Was Grandmother here to advocate a divorce again?

"I'll be back soon."

Fu Tingyu hung up the phone. He stood up, picked up his coat, and walked out.

Shi Yan was still waiting for the document to be signed when he noticed his Fourth Master suddenly stand up to leave.

After being stunned for a few seconds, Shi Yan quickly followed after him.

Apart from Qin Shu, who else could make the Fourth Master ignore everything else?

After striding into the elevator, Fu Tingyu took out his phone and dialed his younger brother's number. His younger brother was the best at making his Grandmother happy.

"Come to Bright Garden for dinner."

Chapter 95: She Responded Innocently

He was touched by his Brother's rare invite to Bright Garden for dinner.

"I'll be right there."

After hanging up the phone, Fu Tingyan made a phone call to Jiang Yu. He sounded very pleased.

"Let's have dinner next time. My brother wants me to go to Bright Garden."

Jiang Yu, who had already left the house, stared at the disconnected call in a daze.

I've been stood up?

—

—

Qin Shu hung up the phone and glanced at the old lady. "Grandmother, he will be back soon."

he old lady was a little surprised when Qin Shu took the initiative to make the call. In the past, Qin Shu had never taken the initiative to call Xiao Yu.

When Qin Shu was on the phone, she had perked her ears and eavesdropped. She had spoken in a gentle and virtuous, just like a couple who shared a good relationship.

A hint of doubt flashed across the Old Madam's eyes as she nodded her head.

Qin Shu turned to look at Ning Meng. "Get the kitchen to prepare the dishes."

"Got it, Young Madam."

Ning Meng was quick-witted. When she noticed Xu Wei's presence, she deliberately emphasized the words 'Young Madam' before turning towards the kitchen.

Xu Wei saw Qin Shu ordering Ning Meng as though she was the mistress of the house. She assumed that Qin Shu was in a hurry to get to the top and had said that deliberately.

However, when she heard the words 'Young Madam', she was stunned for quite some time.

Then, she glanced at Qin Shu a few more times. She really couldn't see anything special about her.

After the dishes were served, Qin Shu reached out and held onto the Old Madam's arm. "Grandmother, shall we go to the dining table and wait for him?"

"Yes."

The Old Madam turned her head to look at Qin Shu. She wasn't used to her sudden virtuous behavior.

The three of them walked to the dining table together.

The dining table was full of delicious dishes, most of which were Qin Shu's favorites.

This was also what Fu Tingyu had ordered. The dishes were all prepared according to Qin Shu's taste.

Not long after they sat down, Fu Tingyu's tall and slender figure walked into the dining room from the living room.

When he saw all three women sitting at the dining table, he frowned. His slender fingers moved forward as he unbuttoned the two buttons on the front of his suit. Then, he took off his suit jacket.

Upon noticing Fu Tingyu's return, Qin Shu stood up and walked up to him. She took the suit jacket from him and handed it to Ning Meng.

"You came back so quickly. The food has just been served."

It would usually take at least half an hour to come back from the company. Yet, it had taken him less than twenty minutes...

Fu Tingyu looked down at the girl, his eyes dark. "Don't you want me to come back earlier?"

When Qin Shu sensed the man's displeasure, she responded innocently. "I think safety is still the most important."

Fu Tingyu and Qin Shu didn't speak loudly. Their interaction was simply a display of their love and affection.

Xu Wei stared at the two people in front of her. An unnoticeable trace of jealousy flashed in her eyes as she pursed her red lips.

The Old Madam glanced at Xu Wei, who was seated at the side. She coughed lightly. "Don't talk while standing. Come and sit down. There are guests present."

Upon hearing this, Fu Tingyu held Qin Shu's hand and walked to the dining table.

The two of them sat down one after the other.

Xu Wei's gaze fell on their interlocked hands. This was the first time she saw Fu Tingyu holding a woman's hand.

If she hadn't seen it with her own eyes, no one would believe that Fu Tingyu would take the initiative to hold a woman's hand. Wasn't he a serious germaphobe who hated women?

After concealing her emotions, Xu Wei called out, "Tingyu."

Fu Tingyu turned his head to look at Xu Wei and gave a faint acknowledgement, "Mm."

Fu Tingyan, who had rushed over, walked into the dining room at that moment. When he saw four people sitting at the dining table, he was momentarily stunned.

Grandmother had visited the Bright Garden for a meal, but yet she didn't call him over?

Alas, only his Brother thought of him.

Chapter 96: A Smart One

"Grandma, Elder Brother, Sister-in-law. "

Fu Tingyan sat down next to the old madam and greeted everyone one by one. When he looked at Xu Wei, he paused. "Sister Xu Wei is here too. "

Xu Wei smiled at Fu Tingyan and nodded. "Yes, come and sit with Grandma. "

The old madam looked at her grandson who had suddenly appeared. Why was this rascal here too?

"The Fu family is on good terms with the Xu family. Xu Wei is also Xiao Yu's classmate. She has two doctorates now. There will be many opportunities for cooperation in the future. Get out there more and get to know more people."

Xu Wei smiled shyly. "Grandma, you must be joking. I have a lot of things to learn from Tingyu. "

Qin Shu ate a mouthful of food and glanced at the old madam. Was she looking for a mistress for Fu Tingyu?

Although the old madam didn't say it explicitly, it was obvious that she liked Xu Wei very much.

Her previous actions caused Fu Tingyu to get hurt because of her. Furthermore, she was also a lousy student who had failed the college entrance examination twice. There was a world of difference between her and Xu Wei, who was gentle, virtuous, and had the title of a talented woman.

Fu Tingyu lowered his eyes and slowly ate the food in front of him with the chopsticks in his hands. He raised his foot and stepped on Fu Tingyan's foot.

Fu Tingyan had just picked up his chopsticks and wanted to eat the braised pork ribs that he had been coveting for a long time when he felt a pain on the back of his foot. He turned his head and glanced at his brother, only to find that he was slowly eating with his eyes lowered.

Fu Tingyan had grown up with his brother and the tacit understanding between the two of them was also very well trained.

Sometimes, his brother did not want to face Grandma head-on, so he let Fu Tingyan be cannon fodder.

So Fu Tingyan immediately understood what her brother meant.

Fu Tingyan looked up at the old madam. "Grandma, Bro has a sister-in-law now. If you ask Elder Sister Xu Wei and Bro to work so closely, Sister-in-law will be jealous."

Hearing that, Qin Shu looked up at Fu Tingyan. She didn't expect him to help her.

But what he had said spoke to her heart.

The old madam looked at her grandson. Didn't this kid hate Qin Shu? He actually spoke up for her?

Would Qin Shu be jealous?

"What do you know? Working together is considered normal social interaction."

Xu Wei glanced at Qin Shu and smiled faintly. "Grandma is right. This is considered normal social interaction. How would Qin Shu be as petty as you say?"

Qin Shu opened her mouth, wanting to say that she minded very much.

However, Grandma was present. If she said that, Grandma would definitely think that she was petty and failed to see the big picture.

In addition to what happened in the past, Grandma would definitely think that she was deliberately seeking trouble, trying to make Fu Tingyu unhappy.

She endured it and didn't say anything in the end.

Fu Tingyu slowly chewed the food in his mouth. He glanced at the girl sitting next to him who was silent. The corners of his mouth curled up with a hint of self-mockery. Would she be jealous?

Fu Tingyan glanced at Qin Shu. That gaze seemed to be saying, Can't you say that you would be jealous?

Seeing that no one was talking, Fu Tingyan lowered his head and prepared to eat. In the end, the back of his foot hurt again. His brother had stepped on his foot again.

He couldn't help but grumble in his heart, 'If your woman doesn't say that she's jealous, would it be useful for me to say it? Huh?'

Fu Tingyan raised his head helplessly and looked at the old madam. He said reluctantly, "Grandma, even if Sister-in-law understands the big picture and doesn't mind, Elder Sister Xu Wei is still single. If she and Bro get too close and people misunderstand, she won't be able to find a boyfriend. That would be bad."

Fu Tingyan felt that he was speaking against his conscience.

Qin Shu understands the big picture?

Hah!

However, it was true that Xu Wei wouldn't be able to find a boyfriend.

That was because the people in the outside world misunderstood and thought that Xu Wei was his brother's girlfriend. Who would dare to snatch his brother's girlfriend?

When Qin Shu heard this, she realized that Fu Xiaogui was really too cute. She couldn't help but clap because of what he had just said.

Chapter 97: Sir Protects His Wife

When the old madam heard this, she felt that her little grandson's words were quite reasonable. It was a pity that a good child like Xu Wei could not be her granddaughter-in-law.

In fact, three years ago, the Xu family had already mentioned to the Fu family about Xu Wei and Fu Tingyu's marriage.

Because the two families were on good terms and the two of them were classmates, they were quite compatible in all aspects.

The old madam also liked Xu Wei, so she had agreed.

However, Fu Tingyu thought that women were troublesome, so he had rejected her outright.

At that time, the old madam had felt that her grandson was still young and was not in a rush, so she had declined and said that she would wait until he was older.

However, when he was older, his grandson, who had said that women were troublesome, actually didn't mind the trouble and found himself a girlfriend?

This was probably what young people called a slap in the face, right?

Xu Wei bit her lip. When she raised her head again, the corners of her mouth still held a faint smile. "Yan is so thoughtful. It's just that I'm not in a hurry to find a boyfriend. Right now, I'm putting my career first. Tingyu is very outstanding, and I can learn a lot from him."

"Xu Wei is just too sensible. Many socialites can't compare to her."

The old madam liked Xu Wei the most. She was gentle, generous, sensible, and smart.

The old madam turned her head to look at Qin Shu. "There are many things about Xu Wei that are worth learning from. You should learn more from her."

Qin Shu raised her head and looked at the old madam's kind face. She couldn't refuse Grandma's kind intentions, so she nodded.

Seeing that Qin Shu had actually agreed, the old madam nodded in satisfaction.

Xu Wei reached out and grabbed the old madam's hand. She blushed and said coquettishly, "Grandmother, I'm not as good as you say. Qin Shu is also very good."

Fu Tingyu, who had been silent all this time, raised his pitch-black eyes and looked at the old madam. His tone was arrogant and unruly. "My woman doesn't need to learn from others. She just needs to be herself."

Qin Shu tilted her head and looked at the man's handsome side profile. Her coldness was obvious. Even though the other party was his beloved grandmother, he would still choose to protect her.

Even if Grandma didn't say anything, she still had to become good enough and strong enough to be worthy of him.

But she definitely wasn't learning from Xu Wei.

Fu Tingyan, who had been waiting for his brother's hint, turned his head to look at his brother. He had never liked to talk at the dinner table. It did not matter if he didn't speak, but once he did, he would definitely shut everyone up.

Xu Wei's shock could no longer be concealed.

Fu Tingyu actually talked back to Grandma for Qin Shu?

He was already so protective of Qin Shu to such an extent?

The old madam looked at her grandson, who had embarrassed her to protect Qin Shu. She looked a little upset.

Fu Tingyan saw this and reached out to grab the old madam's hand. He looked at her with a smile. "Grandma, aren't women meant to be doted on? When Grandpa was here, he would definitely protect you. Big Brother is protecting Sister-in-law now. Isn't there still me? I will protect you."

Hearing her grandson's words, the old madam's heart softened. She raised her hand and hit her knuckles on his forehead. A faint smile appeared on her wrinkled face. "You're so talkative."

Fu Tingyan stopped smiling and turned serious. He said, "Grandma, I'm very serious. Bro and I will protect you and dote on you."

The old madam almost blushed because of this. "Eat your food."

"Yes, yes, I'll listen to you. You're the boss."

Fu Tingyan obediently lowered his head and began to eat.

At this moment, Fu Tingyu also opened his mouth. "Grandma, eat first."

Knowing that her grandson still cared about her, the old madam let things go. "Alright, let's eat. After that, we'll go out to walk around to aid digestion." The old madam paused. "I heard that the ginkgo tree that you personally cultivated has been transplanted here, take us to see it later."

Chapter 98: Sneaking Out to Go on a Date

Fu Tingyu hummed in a low voice.

Qin Shu was stunned. The ginkgo tree planted under the balcony was personally cultivated by Fu Tingyu?

That ginkgo tree was strong and had luxuriant branches and leaves. It must be at least six or seven years old.

The leaves of the ginkgo tree had always been golden yellow. It looked beautiful when the light shone against it.

Fu Tingyu had started cultivating it six or seven years ago.

No, it was impossible to cultivate a ginkgo tree successfully in one go.

In other words, Fu Tingyu had started cultivating ginkgo trees even earlier.

It was unknown how long it had taken him to cultivate a successful new variety of ginkgo trees.

Qin Shu looked at Fu Tingyu in disbelief. Was this a coincidence?

Qin Shu ate the meal with her mind wandering.

During this time, Fu Tingyu placed several dishes into her bowl and said, "Eat more. You're too thin."

When he hugged her at night, he would say that she was too thin and that her bones poked at him.

For this reason, she, who usually only ate one bowl of rice, ate two bowls especially, hoping that she could fatten up as soon as possible.

Xu Wei watched as Fu Tingyu placed the food into Qin Shu's bowl. Her heart was aching, but she still had to maintain a dignified and indifferent look.

After dinner, the group walked out of the living room and went to the backyard.

The old-fashioned courtyard, pavilion, circular doorway, and stone bridge were all scenic spots.

Fu Tingyu held Qin Shu's hand and walked in front, taking them to see the ginkgo tree.

It was late at night. Even though there were street lamps, Xu Wei and Fu Tingyan supported the old madam on both sides when they crossed the stone bridge.

Xu Wei held the old madam's arm. She looked at the two people in front of her walking forward hand in hand at a leisurely pace. Her heart grew more and more jealous.

When they reached the stone arch bridge, she reminded the old madam, "Grandma, be careful."

The old madam looked at the dark marble steps and sighed. "It's already dark. Wearing reading glasses won't even help anymore."

Fu Tingyan supported the old madam with one hand and patted his chest with the other. "I'm here. Grandma, don't worry. Just walk forward boldly."

Fu Tingyu turned around and said, "I'll get someone to install lights on the side of the road tomorrow."

The old madam was very happy when she heard this. "Sure. This way, we won't need them to help us when we visit the back garden in the future."

After walking for about five minutes, they arrived under the ginkgo tree.

There were dozens of lights lit around the ginkgo tree. Among the golden leaves, countless wind chimes fluttered in the wind, emitting waves of melodious bell sounds.

The old madam raised her head and looked at the somewhat old ginkgo tree. It had been personally nurtured by her grandson, and it was indeed very good.

Xu Wei looked at the ginkgo tree in front of her. Whether it was its appearance or the elaborate decorations, one could see the intentions of the person who had cultivated it.

Had Fu Tingyu really fallen for Qin Shu?

Fu Tingyan looked at the ginkgo tree covered with wind chimes. These should have been meticulously prepared by his brother for Qin Shu.

Just as they were admiring the ginkgo tree, Fu Tingyu held Qin Shu's hand and walked to the triangular gazebo on the other side.

Qin Shu did not know what he wanted to do, but she did not ask him and just followed the man obediently.

There was only one lamp at the top of the gazebo which emitted a faint light.

Fu Tingyu pinned Qin Shu against the pillar of the gazebo and looked at the girl's uneasy eyes under the weak light. The girl looked as if she had been seen through.

In front of Fu Tingyu, who was half a head taller than her, Qin Shu needed to raise her head slightly to see the man's face. "Why did you drag me here?"

..

..

Fu Tingyan didn't see his brother when he turned around. He stopped in his tracks when he saw the two people in the gazebo.

He, who had never been in a relationship before, blushed inexplicably when he saw the two of them kissing. His face felt as if it was on fire.

Chapter 99: Sir's Heart Raced

This was the first time he had seen such an intimate scene between his brother and Qin Shu.

He should have turned around and left.

However, it was as if his feet were frozen and he could not move an inch.

The heat on his fair cheeks continued to rise.

The seventeen-year-old Fu Tingyan was in his adolescence and was curious about everything.

He was especially curious about relationships.

“Yan, what are you looking at?”

Xu Wei walked to Fu Tingyan’s side curiously. She followed his gaze and saw the two people kissing in the gazebo. She was stunned.

Xu Wei had only walked to Fu Tingyan’s side out of curiosity because she had not seen Fu Tingyu and the others.

In the end, she saw this scene.

Fu Tingyu had a serious mysophobia. He felt disgusted even when women touched the hem of his clothes.

Now, not only did he hold Qin Shu’s hand, he even kissed her.

Xu Wei was shocked.

The two people in the gazebo quickly separated.

Fu Tingyan also came back to his senses at this time. When he saw Xu Wei beside him, he frowned.
“Elder Sister Xu Wei, let’s go. Voyeurism is not good.”

Fu Tingyan left right after saying that.

Xu Wei was stunned for a long time. She bit her lip and could only follow him and leave.

Meanwhile, in the gazebo-

Fu Tingyu looked at the girl’s slightly red cheeks and felt like he was a seventeen or eighteen-year-old boy. The feeling of his heart racing when he was in love made him want to continue.

His slender fingers tucked her hair that had fallen from her forehead behind her ears.

Qin Shu remembered that Grandma was still admiring the ginkgo tree not far away, but she had gone to the gazebo with Fu Tingyu on a date. Her face unconsciously reddened a little.

“Let’s go back. Grandma’s still here.”

“Yeah.”

Fu Tingyu took the girl’s hand and walked out of the gazebo.

The old madam would also plant flowers and do a little gardening at the family home while she was free.

So she naturally took a few extra looks when she saw a special ginkgo tree.

She looked away when she was done.

When she turned around, she saw her grandson and Qin Shu walking hand in hand on the cobblestone path. They looked like they were madly in love, and were a handsome couple that others would be jealous of.

The old lady thought to herself that it would be all right if they continued like this forever.

—

—

The old madam finished appreciating the ginkgo tree, and Fu Tingyan and Xu Wei left Bright Garden.

Before going to bed

Fu Tingyu came out of the bathroom wearing a silver-gray robe. The front of the bathrobe was slightly open and one could clearly see his firm chest muscles.

Qin Shu saw the man coming out. She held the scar removal ointment in her hands tightly and stood up hesitantly before walking over.

“I have a bottle of scar removal ointment that is very effective. Shall I help you to apply it?”

Qin Shu raised the scar removal ointment in her hand and showed it to him.

Fu Tingyu looked down at the scar removal ointment in the girl’s hand and then looked at the girl again. His eyes were very deep. “That scar, does it scare you?”

“Yes, it is such a long and deep scar. You must have been in a lot of pain at that time.”

Qin Shu used an affirmative tone. It was such a deep wound on his shoulder blade. The wound would be pulled on if he moved his arm. Just thinking about it hurt.

Fu Tingyu shook his head. “It didn’t hurt.”

She had expected the man’s answer. No matter how painful it was, it did not matter to him.

Only she could easily hurt him with a single sentence.

Qin Shu’s eyes welled up, and she resisted the urge to cry. “But my heart aches.”

Hearing the girl say that her heart ached, Fu Tingyu’s heart seemed to be touched.

He looked at the girl who was about to cry but didn’t. Her eyes were slightly red. His gaze deepened. “Then say something nice to me.”

Qin Shu pursed her lips. “I hope you won’t get hurt again, or else my heart will ache for you.”

“Instead of saying all this, why don’t you do something meaningful, like...”

Chapter 100: Happiness can Dilute Everything

Before Fu Tingyu could finish, Qin Shu grabbed the man's robe and forced him to lean forward. At the same time, she stood on her tiptoes and kissed him.

It was as if time had stopped...

Fu Tingyu's words were stuck in his throat. He stared blankly at the person in front of him until the girl's lips moved away. He was still stunned for a few seconds.

When the girl took the initiative to kiss him, it was easier for him to be moved.

Qin Shu loosened the front of the man's bathrobe and patted the bed. "Quickly lie down. I'll help you apply the scar removal ointment."

"Since the effect is so good, you can keep it for yourself."

Fu Tingyu did not lie down as he was told. His slender fingers reached out to the corner of the girl's right eye. When he brushed away the black hair on her temples, he was stunned.

The scar at the corner of her eye was gone.

Qin Shu's hand subconsciously caressed the corner of her right eye and touched the man's slender fingers. "I used this scar removal ointment. It is very effective, right?"

Without the scar on her face, her beauty could be said to have increased by several times.

Deep down in Fu Tingyu's heart, he felt a little uneasy.

Her face had been scarred before she got together with Fu Tingyu.

A woman looks good for herself.

So, she thought a man would be happy to see that she was not disfigured.

Fu Tingyu nodded. "Yes."

Finally, Fu Tingyu still did not let Qin Shu apply the ointment for him. He was afraid that the girl would be scared once more when she saw the scar.

Qin Shu felt a little helpless. She was not afraid of the hideous and frightening scar. She just felt bad for him.

She felt sorry for him, for all the pain he's been through.

—

—

After Qin Shu fell asleep.

Fu Tingyu hugged her, feeling the familiar warmth in his arms driving away the panic he had felt during the day.

He slept peacefully.

No one knows how happy he had felt when he found her years later.

That joy can dilute the many years of suffering he had endured.

At the same time, he rejoiced, rejoiced that he was the first to find her.

—

—

The next day

Under the faint morning light

“Ah! ! !”

There was a panicked scream coming from Qin Ya’s room.

Mu Lan pushed open her daughter’s room door and entered.

She was also startled when she saw her daughter’s face.

The color of the three scars on Qin Ya’s face had just been a little deep in color. But now, they had turned black.

They looked particularly creepy on her pale cheeks.

Qin Ya was so scared that her voice was trembling and her tears could not stop flowing out of her eyes.

“Mom, my face is ruined.”

Mu Lan was shocked. It took a long time before she could find her voice again. “... Ya, I’ll take you to the doctor.”

Qin Ya was so scared that she had no idea what to do. She could only follow Mu Lan to the hospital passively.

After the dermatologist’s examination, they came to a conclusion.

“There are melanin deposits and then the scar got inflamed. The scar also cannot breathe because you put on makeup every day. That’s why the scar became like this.”

Mu Lan hurriedly asked, “Can it be cured?”

“It’s very difficult to cure it. Don’t use makeup now.” The doctor glanced at the mask on Qin Ya’s face. “Don’t cover your face with a mask either. It’ll only get worse.”

Qin Ya’s tears never stopped. Her eyes were swollen like the size of walnuts.

When she heard that she couldn’t wear a mask, she immediately became anxious.

“How can I go out without a mask? ”

The Doctor ignored Qin Ya. He lowered his head, wrote a prescription, and handed it to Mu Lan.

Mu Lan took the prescription and brought Qin Ya out of the consultation room.

Qin Ya was really scared. She grabbed Mu Lan's arm and begged, "Mom, let's exchange Linhai Villa for the scar removal ointment. What if Qin Shu uses all of the scar removal ointment? What will I do?"

"Qin Ya, let's talk about it when we get back."

Mu Lan was also very afraid that her daughter's face would be ruined like this. However, she couldn't bear to exchange Linhai villa for the scar removal ointment.

Qin Ya was now enveloped by the fear of being disfigured. There was only one thought in her mind — she wanted the scar removal ointment that Qin Shu had.
