Chapter 921: You Are Unworthy, Ye Xue

After hearing this, Yun Yao did not say anything more. He took out a business card and handed it to Qin Shu. "This is my business card. If you need anything in the future, I will definitely help you."

"Thanks." Qin Shu took the business card and lowered her gaze to take a look. One could often gauge how another person placed oneself from the material of the business card they gave you.

Yun Yao gave her a business card made of platinum, which meant that Qin Shu had the place of an honoured guest.

She kept the business card as it might be useful in the future.

The next morning, Qin Shu took her son and Ye Luo took Boss to the ancient City of Wind and Moon.

At this time in Jiangcheng.

Ye Xue had been working in Xinyue Group for a week. She had originally come to work as a secretary, but only realised that her position had been changed when she reported to work.

She was currently in her probation period, and would become a full-time employee in a month.

In her high heels, Lin Wan walked over with a pile of documents and placed them on Ye Xue's desk. "Ye Xue, photocopy these. The President will need them in half an hour."

Lin Wan was the secretary of the newly appointed President. She was very beautiful with long curly hair and exquisite makeup. She wore a white dress with a cinched waist, showing off her figure perfectly.

As his secretary, Lin Wan represented the President, so Ye Xue did not dare to be negligent. "Okay, I'll go right away."

She immediately put down the work she had been doing, picked up the pile of documents, and walked into the printing room.

Lin Wan stopped Ye Xue.

"Wait."

Ye Xue stopped and turned to look at Lin Wan in confusion. "Secretary Lin, is there anything else?"

Lin Wan eyed Ye Xue carefully. Ye Xue was wearing simple clothes without any name brands. Her clothes looked like they cost around 200 Yuan, but she looked exceptionally clean and tidy. She stared at Ye Xue's face for a while. Was Ye Xue not wearing makeup?

Lin Wan looked away. "Photocopy the documents and just leave it on your desk. I'll come back to get it in half an hour."

Then she left in her high heels.

Ye Xue rushed into the printing room with the documents in her arms.

She photocopied the documents as fast as she could and walked out with the documents in her arms. Ye Xue saw that Lin Wan was already standing in front of her desk, waiting for her. She quickened her pace and walked over.

When Ye Xue was almost back at her desk, she tripped over something, causing her to lose her balance. Ye Xue fell to the ground and the documents she was carrying were scattered all over the ground.

“Ah!!!”

The first thing Ye Xue saw after falling were the documents scattered all over the ground.

“What’s wrong with you? Can’t you walk steadily? The President is still in a hurry to get the documents.”

Lin Wan’s angry voice came from above.

“I’m sorry, I’ll clean it up right away.” Ye Xue didn’t care if her knees hurt or not, and hurriedly picked up the documents on the ground.

As Lin Wan saw Jiang Yu walking over, she squatted down. “Just be careful next time. I’ll help you clean it up.”

“Thank you.” Ye Xue noticed that Lin Wan’s tone suddenly become much gentler. She thanked Lin Wan quickly.

Jiang Yu raised his hand and looked at his watch. There were only ten minutes left before the meeting. He put down his hand and saw Lin Wan squatting on the ground to pick up the documents. When Jiang Yu walked past Lin Wan, he told her, “The documents will be sent directly to the meeting room later.”

As she heard a familiar voice, Ye Xue stopped picking up the documents.

She squatted behind the desk and did not know that the President was walking over. Ye Xue still did not know what the President looked like even after working at Xinyue Group for a week.

“Was the person who spoke just now Jiang Yu?” Ye Xue wondered in her head.

Lin Wan smiled and replied, “Understood, President.”

Thinking that the person who spoke might be Jiang Yu, Ye Xue hurriedly raised her head and saw a slender figure walking in front of her. She could only see his back but not his face.

Lin Wan retracted her gaze and saw Ye Xue staring at Jiang Yu. She frowned unhappily and said, “What are you looking at? Pick up the documents quickly! Didn’t you hear that the President wants them in the meeting room soon?”

“Understood.” Ye Xue looked away quickly and continued picking up the documents on the ground.

When the employees saw that the President had walked away, they put down the work in their hands and sighed.

“Our President is young and talented. He has money, power, and looks. Has Ye Xue gone crazy for him?”

“The President is so handsome. It’s normal for Ye Xue to like him. Don’t you think so?”

“Yes, I think so. But this will probably only remain a thought. Someone worthy of the President must be the daughter of a wealthy family.”

Ye Xue listened to everyone’s comments and thought of her senior year in high school. When her classmates found out that she liked Jiang Yu, they mocked her and said that she didn’t deserve to have a secret crush on Jiang Yu.

After Ye Xue went to university, she went out with Jiang Yu. Others still claimed that she didn’t deserve to date him.

Ye Xue thought that these experiences were left behind in the past, especially since she had already graduated from school. She didn’t expect that she would be ridiculed even though she hadn’t even seen what the President looked like.

Ye Xue pretended not to hear the comments and didn’t take them to heart. She continued to pick up the remaining documents on the ground.

Lin Wan, on the other hand, listened to everyone’s opinions. She glanced at Ye Xue’s face. Even at such a close distance, not a single blemish could be seen on her face. Ye Xue had such lovely skin, and she was so fair too!

Lin Wan could not help but remind Ye Xue, “Ye Xue, don’t blame me for not reminding you. You’d better put away those thoughts. You’re not worthy of the President. Moreover, the President hates people who don’t work hard and only want to climb up to the top. Be careful. If you’re fired, it would be difficult to find another job as good as this”

“Lin Wan, you’re right. A man as noble as the president must not be blasphemed. The previous two secretaries are examples.”

“Don’t worry. I just want to work hard. I haven’t thought about anything else.”

Ye Xue tidied the documents and stood up from the ground. She handed the documents to Lin Wan. “Secretary Lin, the President is waiting for them.”

“Go make a cup of coffee. The President wants to drink it later.” Lin Wan carried the documents and glanced at Ye Xue. Then, she walked to the meeting room in her high heels.

Ye Xue looked down at her knee. It was already grazed, and blood was flowing out of it.

“Ye Xue, your knee is scraped. I have a band-aid here. You can use it first.”

Two band-aids suddenly appeared in front of her. Ye Xue looked up and saw that it was Wu Qixiong from the planning department.

“Thank you.” Ye Xue took the band-aid. She was rather embarrassed.

“You’re welcome. We’re all colleagues, and should help each other.” Wu Qixiong said with a smile.

Ye Xue smiled at him and took the band-aid to the pantry.

After putting on the band-aid, she washed her hands and began to make coffee.

The President didn't drink instant coffee. He only drank freshly ground lattes without sugar.

Even though Ye Xue was only here for a few days, she already knew some of the President's daily habits.

Ye Xue thought about the voice she heard just now. It was really similar to Jiang Yu's.

Could it be that she was hallucinating?

After the coffee was brewed, Ye Xue walked out with the coffee cup in her hand.

As soon as Ye Xue walked out of the pantry, Lin Wan appeared right in front of her. It was as though Lin Wan was calculating the time.

"Give that to me." Lin Wan reached out her hand.

Ye Xue had no choice but to pass the coffee to Lin Wan.

Lin Wan took a look at the coffee. It was not too bad. Then, she happily carried the coffee into the meeting room.

When Lin Wan saw Jiang Yu sitting at the head of the table, she walked over gracefully and placed the coffee she was holding in front of him. Then, Lin Wan retreated to the side to watch.

Chapter 922: Chasing Without a Care in the World

Jiang Yu was really handsome, especially when he was hard at work. He was even more charming.

She had been personally recommended by Jiang Yu's mother. Unlike the others, there was still hope for her and Jiang Yu.

Jiang Yu looked at the proposal in his hand and listened to the description by the project manager. He picked up the coffee beside him with his right hand and took a sip. He frowned. The coffee was a little sweet.

After Jiang Yu put down the coffee, he stopped drinking.

Lin Wan had been staring at Jiang Yu the whole time. She realized that he had only taken a sip of the coffee before he stopped drinking any more.

Even after the meeting ended, the cup of coffee had not been touched.

After the meeting ended, Lin Wan followed Jiang Yu out of the meeting room. As she thought of the cup of coffee, Lin Wan asked, "President, that cup of coffee was specially brewed according to your taste. There was no sugar added, but you didn't drink it. Is it because it's too bitter? Do you need me to add some sugar next time?"

Jiang Yu turned his head to look at Lin Wan. "Did you brew it yourself?"

Lin Wan nodded. "Yes. Is there anything wrong, President?"

A hint of doubt flashed across Jiang Yu's eyes. He looked away. "It's nothing. There's no need for added sugar."

“Got it, President.” Lin Wan turned her head to look at Jiang Yu and continued, “President, Auntie said that she wants you to go back for dinner tonight, and she said to bring me along.”

“I have an appointment tonight, so I won’t be going back for dinner. Tell my mom when you go over.”

At this moment, the elevator doors opened. Jiang Yu strode in and pressed the button to the top floor.

Before Lin Wan could react, the elevator door was already closed.

Lin Wan stared at the tightly shut doors and stomped her feet angrily. She thought that she could ride in the same car with Jiang Yu today. Lin Wan imagined that when the other employees saw it, they would definitely think that she and Jiang Yu were boyfriend and girlfriend.

They could even have dinner together!

Lin Wan did not expect that Jiang Yu would turn down even a personal request from his mother to go home for dinner.

After work.

It suddenly started to rain outside.

Ye Xue did not see the weather forecast before she went out today, and she did not know that it would rain.

It was such a cold day. If Ye Xue were to get caught in the rain, she would definitely catch a cold.

She had just started this new job and was still under probation, and it was even more difficult for her to apply for leave frequently.

Ye Xue stood at the entrance of the office. Seeing that the rain did not stop, she could not help but feel a little anxious. Ye Xue was afraid that she would miss the last bus.

At this moment, a Chevrolet stopped in front of her. The window rolled down and she saw Wu Qixiong looking over. “Ye Xue, get in the car. I’ll give you a ride.”

Ye Xue shook her head. “It’s alright. It’s not on the way. Thank you, though.”

Wu Qixiong replied, “It’s fine. Come on up. I’ll take a detour to send you back.”

“There’s really no need. Thank you very much for offering.” Ye Xue really did not want to trouble others. Moreover, where Wu Qixiong was going was very far from her home, so Ye Xue was even more embarrassed to accept his offer.

At this time, Lin Wan walked out with her backpack. Seeing the heavy rain, she could not help but smile when she thought of Jiang Yu who was right behind her.

Jiang Yu walked to the company with even steps. He glanced at the time on his watch and agreed to go to the bar with Tingyan for a drink that night.

As soon as Jiang Yu walked out, he saw the heavy rain outside and frowned. The rain affected his mood when he was drinking.

“President, wait here for a while. I’ll drive the car to the door.” Assistant Xu said as he strode out with an umbrella in hand.

Jiang Yu stood ramrod straight on the steps and took out his phone to call Fu Tingyan.

“Tingyan, are you still drinking tonight?”

“Yes, but I don’t want to go to the bar. Let’s go to your villa. I’ll bring some good wine.”

“Alright then. Do you want me to order some food? From that restaurant I usually eat at. How about Yixiang Garden?”

“Sure. You can order. I’ve already left the office.”

“See you, then.”

Jiang Yu hung up.

Lin Wan saw that Jiang Yu had ended his call and walked over. She crossed her arms and looked at Jiang Yu. “President, it’s raining. Are you going home? I don’t have an umbrella. You can give me a ride if you are going back home.”

Jiang Yu turned his head to look at Lin Wan. She crossed her arms as if it was very cold. Lin Wan was born from a very ordinary family and had just graduated from university.

Jiang Yu’s thoughts turned back to Xiao Xue. He thought about how she would have already graduated from university, but Jiang Yu did not know where she worked.

She should be in the Imperial City. After all, it was the capital city. Everyone was trying their best to stay and work there in the capital.

Jiang Yu thought of what his mother had told him.

“Take my car. When I arrive, ask Assistant Xu to send you over.”

Lin Wan’s face was filled with joy. She could finally sit in the same car as Jiang Yu. She had just gotten off work and there were a lot of people at the entrance of the office.

She thanked him quickly. “Thank you, President.”

“You’re welcome.” Jiang Yu replied politely.

Although Ye Xue was rather overwhelmed by Wu Qixiong’s enthusiasm, she was very touched. In order not to delay his return home, she still rejected his kind offer.

Wu Qixiong was quite worried. “How are you going to go back home?” He asked Ye Xue.

Ye Xue said, “I’m waiting for this rain to turn into a drizzle. I’ll take the bus back.”

“Then be careful. Don’t get caught in the rain. It’s easy to catch a cold if you do,” Wu Qixiong instructed.

Ye Xue waved at him. “I know. You should go home quickly.”

Wu Qixiong glanced at Ye Xue. In the end, he couldn't convince her. He stepped on the accelerator and drove away.

At this moment, Assistant Xu drove the car over and parked it at the entrance of the Xinyue Group's office. Then, he opened the car door and got off. Holding an umbrella, Assistant Xu went to pick up the President.

After Jiang Yu got into the car, he said to Assistant Xu, "Pick Lin Wan up too."

"Certainly, President." Assistant Xu closed the car door and turned around to pick Lin Wan up.

After Lin Wan got into the car happily, she couldn't help but turn her head to look at Jiang Yu. She noticed that Jiang Yue had one hand on his forehead and he was looking out of the car window. His side profile seemed even more attractive.

After Assistant Xu got into the car, he started it up and was ready to leave.

Ye Xue looked at the rain. It didn't show any signs of slowing down. She lowered her head to look at the time on her watch. The bus was about to arrive. If she missed this bus, there wasn't going to be a next one.

The bus stop was about five to six minutes away from the company entrance. Ye Xue thought that if she ran quickly, she wouldn't be too badly drenched by the rain.

Seeing that the rain was gradually evolving to a drizzle, Ye Xue carried her backpack and dashed out at a speed that she had never run at before.

Jiang Yu's gaze was fixed outside the car window. The rain outside was quite heavy, and there was nothing to see. Suddenly, a figure ran over in front of him. Jiang Yu stared at it with wide eyes, as if he could not believe it.

Lin Wan tugged at the hem of her clothes and glanced at Jiang Yu from time to time. She asked carefully, "President, Auntie said that she had the kitchen make your favorite dishes tonight. Are you really not going back for dinner?"

Jiang Yu didn't seem to hear Lin Wan's question. His gaze was fixed on the slender figure outside the car. That figure looked very much like Ye Xue.

He watched this figure run quickly and almost fall down several times.

"Stop the car," Jiang Yu suddenly shouted.

Assistant Xu didn't understand what had happened. He had just backed out of the carpark and hadn't even driven three meters when he hurriedly stepped on the brakes again.

Jiang Yu didn't wait for the car to come to a complete stop before he pushed the car door open and ran out. He even forgot to use an umbrella.

Lin Wan was shocked and shouted out of the window, "President, it's raining outside. If you run out like this, you'll catch a cold!"

Jiang Yu's figure had already dashed into the rain as he ran towards the figure that looked very much like Ye Xue.

"Xiao Xue.." He shouted as he ran.

Chapter 923: What Happened To Sharing Difficulties?

Jiang Yu didn't know if his eyes were playing tricks on him. Looking at the slim figure that resembled Xiaoxue, he couldn't help but chase after her.

Special Assistant Xu watched as the president ran out suddenly, parked his car, took an umbrella and opened the door to chase after her.

It was still raining outside, and the cold rain hit his face. It was cold and painful.

Ye Xue's eyes were fixed on the bus stop not far away. She wanted to run there as fast as possible so that she would not get caught in the rain.

She seemed to hear someone calling her. However, it was raining and her voice became muffled, so she could not tell who was calling her.

She ran a few steps, but she still turned around to look behind her. When she saw who was running toward her, she was stunned. She stood still and stared at him in a daze.

It was Jiang Yu.

The person in front suddenly turned around and let Jiang Yu see his face clearly. He was pleasantly surprised. He wasn't mistaken just now. It was really Xiaoxue.

He walked over in three steps and stopped in front of Ye Xue. "Xiaoxue."

The joy of suddenly meeting Ye Xue made him forget the reason why he left back then.

Ye Xue stood there in a daze for a long time until Jiang Yu stood in front of her. She finally reacted and looked at him helplessly. "Jiang Yu."

Special Assistant Xu ran over and held the opened umbrella in front of Jiang Yu. He said worriedly, "President, you'll catch a cold under this heavy rain."

Special Assistant Xu's words also made Jiang Yu react from his joy. Seeing that Ye Xue was drenched in the rain, he took the umbrella from Special Assistant Xu and blocked the rain for her.

"Follow me into the car first."

Once Jiang Yu finished speaking, he pulled her into the car. Ye Xue was forced to follow in his footsteps.

As Special Assistant Xu watched, his eyes filled with questions. Did the president know the newly-recruited Ye Xue?

Ye Xue's reaction was a little slow. By the time she reacted, she had already followed Jiang Yu into the car.

When she saw Lin Wan in the car, she did not know how to react.

Lin Wan, who was sitting in the car, saw what had just happened. She was stunned.

Jiang Yu knew Ye Xue?

She still hadn't recovered from her shock, until she saw Jiang Yu holding Ye Xue's hand and getting into the car.

Jiang Yu ordered, "Turn the heater on to the maximum."

Special Assistant Xu hurriedly turned the heater on in Jiang Yu's car. He had only been in the rain for a while, but he felt so cold that he was shivering.

Jiang Yu took out two dry towels from the storage cabinet. He looked at Ye Xue and realized that she was sitting a little far away. "Come over here."

"What?" Ye Xue sat in the middle of the car like a log. She didn't dare to get too close to Lin Wan, nor did she dare to get too close to Jiang Yu.

Jiang Yu was afraid that she would catch a cold, so he directly pulled her to his side and removed her wet coat. He was so quick that Ye Xue didn't have time to react.

Ye Xue was really scared. Just as she was about to speak, a thick towel was wrapped around her, covering her up to her neck. The towel was a little thick, and she felt very warm as soon as it was wrapped around her.

Jiang Yu did not think about anything else. Once he wrapped her up, he began to help her wipe her hair. This series of actions was very natural.

Ye Xue lowered her head because she did not know what to say. She did not know whether she was right to follow Jiang Yu into his car.

At this moment, she was nervous and a little scared.

It felt like she was back in her freshman year, where Jiang Yu also wiped her hair like this.

The two of them didn't speak, as if they were afraid that this heartwarming moment would vanish as soon as they spoke.

Lin Wan was afraid that Ye Xue's wet clothes would touch her, so she moved away from her.

At this moment, there was a gap between her and Ye Xue.

All along, from the time Jiang Yu abruptly got out of the car to when he wiped Ye Xue's hair, Lin Wan still couldn't believe her eyes.

Jiang Yu was so gentle and attentive.

She has been Jiang Yu's secretary for a week since she saw him in the photo. In her eyes, Jiang Yu was the kind of person who was noble, charming, and difficult to get close to.

Now she understood that those were just facades.

At this time, it was not suitable for her to speak.

The temperature in the car gradually increased. Not only was her body much warmer, but she also felt a little hot. She felt dizzy, as if she was dreaming.

As Jiang Yu helped Ye Xue wipe her hair, he noticed that her cheeks were red. Could she be running a fever from the rain?

He stopped his motions and placed his large hand on her forehead. It felt a little hot.

“You’re running a fever. I’m looking for a doctor.”

Jiang Yu put down the phone in his hand and dialed the private doctor. “Come over.”

Ye Xue felt dizzy the moment she got into the car. Only then did she become much more awake. She hurriedly said, “I’m fine. Just put me at the bus stop in front and I’ll be fine.”

“You have a fever. Let the doctor take a look.” Jiang Yu was worried and extended his hand again. He still felt that it was hot.

Special Assistant Xu drove the car back to the president’s villa. Then, he quickly got out of the car and opened the backseat door.

Jiang Yu exited the car first and waited beside the door.

Ye Xue’s gaze landed on the villa in front of her. Although she did not specifically know about the villa, she knew that this was a wealthy area. It was large and the landscaping was designed by a famous designer. Though there were only a few villas in this area, the price was astronomical to her.

She was a little hesitant at the thought of following him home.

Jiang Yu asked worriedly, “Are you feeling unwell?”

Before Ye Xue could shake her head, she fainted. Jiang Yu carried her bridal style and swiftly walked towards the villa.

Before he left, he instructed, “Send Secretary Lin back.”

“Yes, President.” Special Assistant Xu closed the car door and immediately returned to the driver’s seat.

When Jiang Yu carried Ye Xue, Lin Wan was stunned once again. The events of the day had made her unable to digest it for a moment.

It also made her curious. What was the relationship between Jiang Yu and Ye Xue?

When Ye Xue recovered, she didn’t even have the courage to raise her head. If there were a hole in the ground right now, she would immediately crawl in. It was too embarrassing.

She raised her eyes and glanced at Jiang Yu. “Jiang Yu, I’m fine. Let me Down.”

“We’ll be there soon.”

Just as Jiang Yu finished speaking, the door opened from the inside. Fu Tingyan stood upright at the door and saw the woman Jiang Yu carried. Without getting a clearer look at the woman's appearance, he said, "Xiao Yu, you did this on purpose, didn't you? Bringing a woman back to provoke me?"

Fu Tingyan?

Ye Xue lowered her head even more.

"Don't talk nonsense." Jiang Yu carried Ye Xue and walked in.

"Didn't we agree to share difficulties, like real brothers? When you bring a woman back, at least tell me in advance so that I can make room for you."

Fu Tingyan had just closed the door when the doorbell suddenly rang. He opened the door again and saw Jiang Yu's private doctor carrying a medical kit.

"Young Master Fu." The private doctor greeted and entered the room.

Fu Tingyan looked back at the person in Jiang Yu's arms with confusion. Was the doctor called for that woman?

He closed the door and walked in with confusion.

Chapter 924: Wanting To Get Back Together

Jiang Yu placed Ye Xue on the sofa and turned to pour her a cup of hot water.

The joy of meeting Ye Xue had mostly settled on the way back.

From the moment he ran out of the car to the moment he brought her back, he did everything subconsciously, as if he could not control himself.

Now that he had calmed down, he realised that what he had done was somewhat unreasonable.

The doctor stood behind Jiang Yu with his medicine box and asked in a low voice, "Director Jiang, who is sick?"

Jiang Yu pointed at Ye Xue who was on the sofa and said, "My friend seems to have a fever. Take a look at her."

"Let me take her temperature first." The doctor put down the medicine box and opened it. He took out the thermometer from inside and reached out to take Ye Xue's temperature.

"Wait a minute." Jiang Yu reached out and took the thermometer from the doctor's hand and handed it to Ye Xue. "Do it yourself."

The doctor was shocked by Jiang Yu's words. His hand froze in mid-air and he didn't react for a long time.

In order to make Jiang Yu feel at ease, Ye Xue obediently took the thermometer and put it between her armpit.

At this time, Fu Tingyan walked over and looked at the woman sitting on the sofa. This time, he was able to see her face clearly. Ye Xue?

Why did Jiang Yu bring Ye Xue Back?

They got back together?

Jiang Yu could tell from Fu Tingyan's expression that he had a lot of doubts now.

The two of them exchanged a look and walked out one after another.

When they exited the living room and arrived at the side hall, Fu Tingyan asked, "What happened between you and Ye Xue?"

"I saw her getting caught in the rain when I got off work, so I brought her back." Jiang Yu walked to the bar counter and sat down. He picked up the thermal flask and poured himself and Fu Tingyan a cup of hot water each.

"You brought her back just like that? Are you planning to get back together with her?" Fu Tingyan also walked to the bar counter and sat down.

Jiang Yu explained, "You're thinking too much. I just saw her getting caught in the rain and was afraid that she would catch a cold, so I offered her to get into my car. In the end, she was running a fever so I brought her back."

"This is what you mean when you said you can still be friends with your ex-girlfriend?" Fu Tingyan asked.

"I'm not as decisive as you, but the results are the same." Jiang Yu took a sip of hot water from his glass. He remembered that Fu Tingyan wanted to bring wine, so he asked, "What wine did you bring?"

Fu Tingyan was proud when it came to wine. "This wine is priceless. I took it from my grandmother."

Jiang Yu asked, "What about the game company?"

Fu Tingyan said, "It's already being planned. It is scheduled to open in May next year."

Ye Xue stood at the entrance. She had heard their conversation just now and felt a stabbing pain in her chest.

She walked over and tried to sound nonchalant, "Jiang Yu, I've already taken my temperature. I don't have a fever. I have to rush home, so I'll be leaving first. Thank you."

She turned and walked out into the living room, picked up her coat on the sofa and left the villa.

Jiang Yu was stunned for a few seconds before he stood up and chased after her.

"Xiaoxue, I'll send you home."

"No need, I'll just take the bus home." Ye Xue smiled at Jiang Yu, pulled open the door and walked out. She had just taken a step when her wrist was grabbed by Jiang Yu. "It's still raining outside. There's no bus stop nearby, and it's not easy to get a taxi. I'll send you home."

Jiang Yu didn't wait for her to respond and shouted into the house, "Xiao Qi, hand me the car keys."

In Jiang Yu's villa, besides the car he used for work, he also owned a sports car that he seldom used.

Fu Tingyan walked over with the keys and handed them to him. He looked at Ye Xue. After not seeing her for more than four years, he realized that she had changed quite a lot. Not only had she become more beautiful, but her disposition seemed to have changed as well.

"It's been a while since I've seen you, Ye Xue."

After four years, like Jiang Yu, Fu Tingyan had transformed from a teenager to a man. His features had sharpened, and he had grown much taller.

Ye Xue replied, "Indeed."

"I'll send you back. It'll be a quick ride." Jiang Yu took the keys and realized he was holding her hand. Afraid that Ye Xue would misunderstand, he released her hand and walked out.

Ye Xue was a little hesitant.

Fu Tingyan noticed this and said, "We're classmates. Let Xiao Qi send you."

"Alright." Ye Xue nodded and followed Jiang Yu.

On the road, Jiang Yu drove at a moderate speed.

Ye Xue looked out of the window and her thoughts were a little chaotic.

In the car, in this narrow space, the atmosphere was indescribably awkward.

Jiang Yu thought about meeting Xiaoxue at the entrance of the company. To reduce the awkwardness, he took the initiative to ask, "Are you working at Xinyue?"

"Yes, I didn't know you were the president of Xinyue." She had seen the recruitment information on the Internet. She only knew that Xinyue Group was a large company, and didn't pay much attention to who the president was.

Jiang Yu thought solemnly. In other words, if she had known that Jiang Yu was the president of Xinyue, she wouldn't have chosen to work here to avoid any awkwardness.

He tried his best to ask calmly, "When did you come to work? Why didn't I hear of it?"

Ye Xue replied, "It's been a week."

"Are you used to it?"

"Yes."

"Which department are you in?"

"It hasn't been confirmed yet. I'm currently doing odd jobs."

Odd jobs?

Jiang Yu gripped the steering wheel tightly. They had not seen each other for a year, and they had become so unfamiliar that even a simple conversation had become a formality.

When the conversation ended, the atmosphere fell into an awkward state once again.

The awkwardness persisted throughout the car ride.

When they reached their destination, Jiang Yu stopped the car and gazed at the small alley too narrow for the car to fit through. Jiang Yu's hands still gripped the steering wheel tightly.

In the past year, he had not looked for her, nor did he know hear any news about her.

It wasn't that he couldn't find her, but that he was afraid to.

Like what Fu Tingyan said, he couldn't bear to see her with another man. Having to smile and send them his best wishes would be too painful.

He suddenly understood why Fu Tingyan said that one must either be a lover or a stranger. Letting go is to free yourself.

Ye Xue tightly fastened the straps on her bag. She felt the need to say something, so she did. "Jiang Yu."

"Yes?" Jiang Yu turned to look at her, waiting for her to continue.

Ye Xue said, "If you feel awkward seeing me, I'll resign tomorrow."

Jiang Yu felt silly for expecting something more. His smile was weak. "You're afraid of embarrassment, right? If you knew that I was the director of Xinyue, you wouldn't have applied to work here. Am I right?"

Ye Xue pursed her lips and didn't deny it. If she had known that Jiang Yu was the president of Xinyue, she might not have submitted her resume.

Ye Xue's silence meant a tacit agreement.

Jiang Yu asked again, "We can't even be friends anymore, can we?"

Ye Xue looked down at her hands. As she was nervous, she had been holding onto her shoulder bag tightly. She didn't let go for even a moment. She replied, "Jiang Yu, we've always been classmates and friends."

Jiang Yu laughed lowly.. "But you even blocked my WeChat and number."

Chapter 925: A Sudden Kiss

This was probably the main reason why he had not contacted her in the past year.

After leaving Imperial College, he returned to Jiangcheng and learnt how to manage the company from his father. At the same time, he prepared for his postgraduate entrance examination.

That day, he initially wanted to call Xiao Qi, but because both contacts contained the word 'Xiao', he accidentally dialed Xiao Xue's cell phone number instead.

That was when he realized that his number had been blocked.

If he hadn't dialed the wrong number, he wouldn't have known that he had been blocked.

Looking at his WeChat account, he realized that he had also been blocked.

Ye Xue was stunned for a moment. She raised her head to look at Jiang Yu, eyes filling with doubt. "I didn't block your number and WeChat"

Jiang Yu pressed, "You think I'm lying to you?"

Ye Xue explained, "No, that's not what I meant. I really didn't block your phone number and WeChat."

Jiang Yu took some time to process her words. He understood Ye Xue too well: she was the worst at lying. "Then who blocked it?"

Ye Xue didn't know who had touched her phone. She suddenly thought of Zhou Yizuo. He had used her phone. Could it be him?

But she could not say anything without any evidence.

The sky was dark. The lights in the car were off, and neither of them spoke.

Jiang Yu turned his head to look at Ye Xue. With the streetlights by the roadside, he could only see an outline of her face. They had not seen each other for a year, but she was still very thin. He had felt it when he hugged her just now.

He let go of the hand that was holding the steering wheel and leaned closer to Ye Xue.

Realising the closeness of their bodies, Ye Xue body could not help but stiffen. As Jiang Yu came closer, a familiar scent followed, and she forgot to breathe.

Jiang Yu unbuckled her seatbelt for her. When he returned the seatbelt, the distance between them narrowed. He lowered his eyes to look at Ye Xue and inhaled her familiar scent of milk.

When he was in his first year of university, he realized that as long as he was close to Ye Xue, he could smell the faint, sweet fragrance of milk.

And this faint sweetness attracted him all the time, making it difficult for him to resist kissing her.

He didn't know if this was due to her alluring fragrance, or if he had a strong desire to kiss her deep in his heart.

As he got closer, the fragrance became stronger. The moment their lips touched, Jiang Yu's rationality had long been thrown to the back of his mind.

Jiang Yu had never wanted to kiss someone so badly. During the past year, he had missed Ye Xue terribly, but he had tried to suppress the desire to look for her.

His phone number and WeChat had been blocked. He was no longer qualified.

This sentence had been repeated countless times in his mind.

He suddenly thought of Zhou Yizuo again. Ye Xue liked Zhou Yizuo. They were dating.

How could he kiss her?

His senses returned to him immediately.

He sat up straight and tried to calm down his exhilaration.

The sudden kiss stunned Ye Xue. She was still in shock after Jiang Yu released her lips.

"I just..." Jiang Yu thought for a while, but he couldn't think of an excuse to explain why he suddenly kissed her.

"I'm heading back first." When Ye Xue recovered, her face was still red. She didn't know how to face Jiang Yu. She hurriedly opened the car door and ran out.

The rain outside was already much lighter. If she ran faster, she wouldn't get wet.

However, her coat was wet. The moment she got out of the car, a bone-piercing cold breeze hit her. It was so cold that she shivered.

Jiang Yu responded quickly. He pushed open the car door and got out. He took large strides and caught up with Ye Xue. "Xiao Xue, wait."

Ye Xue stopped and waited, thinking Jiang Yu had something to say.

Jiang Yu took off his coat and put it on her. Then, he turned around and returned to the car.

With the coat, Ye Xue didn't feel so cold anymore. She saw that Jiang Yu was only wearing a white shirt, his slender figure very long under the lights.

When Jiang Yu returned to the villa, Fu Tingyan had already finished his meal and drunk two glasses of wine.

Seeing that Jiang Yu not only returned late but also without his coat, Fu Tingyan couldn't help but sigh. "I thought it'll be a quick ride? If you had come home any later, I would have stayed overnight to watch the door for you."

Jiang Yu sat down at the dining table. He picked up his chopsticks with one hand and took a sip of wine with the other. Thinking of what had just happened, he put down his wine glass again.

"Will she not come to work tomorrow?"

Fu Tingyan looked up and asked, "Who won't come to work?"

Jiang Yu said, "Xiaoxue. She's my employee now."

"That means that you two are fated." Fu Tingyan took a sip of wine and continued, "Are you afraid that Ye Xue won't come to work tomorrow? I don't think so. Ye Xue is a very serious person, both in the way she treats people and works. Don't worry."

"No, I just..." Jiang Yu didn't know what to say.

Seeing that Jiang Yu had something to say, Fu Tingyan put down his wine glass. "What happened to you?"

Jiang Yu said, "I couldn't resist and kissed her just now."

Fu Tingyan couldn't help but laugh. "So that's the reason for your anxiety. Well, it is possible that Ye Xue won't come to work. Maybe."

Jiang Yu pursed his lips. Why couldn't he resist earlier?

He had resisted kissing her a year ago, but he couldn't resist it a year later?

Fu Tingyan advised, "Don't think too much. You'll know when you go to work tomorrow."

Jiang Yu thought about it and agreed. He would know when he went to work tomorrow. He took a sip of wine and glanced at Fu Tingyan across from him. "You really don't like women?"

Fu Tingyan said, "Who said I don't like women?"

Jiang Yu said, "Didn't you come out to your family? Why are you still going to that bar?"

"I came out because I was chasing Bo Ye. As for the bar, I just went to the wrong place. After I went in, I realized that it was..."

Fu Tingyan picked up his glass and took a sip of wine. "I'm quite disgusted."

Jiang Yu didn't quite understand. "What about you and Bo Ye?"

Fu Tingyan paused and chuckled. "Perhaps I just wanted a breath of fresh air."

Jiang Yu looked at Fu Tingyan. Having been brothers since young, how could he not understand?

Fu Tingyan wanted to forget, but he couldn't. It was like a thorn in his heart; from time to time, it would hurt. It might seem insignificant, but the pain was excruciating.

Yet there was nothing he could do but pretend that everything is fine. That this was just an interlude in his life. What he needed, was to ignore and eventually forget him.

Ancient City of Wind and Moon

She had come to the ancient City of Wind and Moon several times, but most frequently during winter.

She didn't tell Chao Yan that she was coming.

Her memory had recovered a little, and she had some impression of the general location of the Shayan Manor.

She brought Xiao Jiu and Ye Luo to look for it, as she knew that Boss was very familiar with Chao Yan's scent. He would know.

They walked south from the ancient City of Wind and Moon for about two hours before they saw the shadow of the manor.

After walking for about ten minutes, a drawbridge appeared in front of them.

After crossing the drawbridge and walking for another five minutes, they arrived at the gate of the manor. There were three big words written on the plaque: Chao Yan Manor.

Chapter 926: What's the Difference Between This and Suicide?

Translator: Nyoui-Bo Studio | Editor: Nyoui-Bo Studio

In Qin Shu's memory, there was only the jade-green amber near the wall and the general appearance of the manor.

She didn't remember anything else.

She also didn't remember anything between her and Chao Yan, except the time they met.

There was no one in the huge manor. In her memory, it seemed that Chao Yan was the only one.

Boss raised his head and looked at the tightly shut door in front of him. He then looked at the two-meter-high wall on the right. He couldn't wait to jump up and then leap from the top of the wall.

Seeing this, Xiao Jiu called out, "Mom, Boss has gone in."

Qin Shu also saw it. Boss was a very intelligent cat. His sudden action could mean that something was wrong.

"Let's go in too."

Ye Luo took a step forward and extended his hand to push the door. He found that the door was bolted from the inside. Opening the bolt was several times easier than picking a lock.

He took out a dagger and inserted the sharp blade into the gap of the door.

After a few taps, the door opened.

He pushed the door open and let Qin Shu and Xiao Jiu enter first. He followed after them.

When she saw the house, it was somewhat different from what she had imagined.

The flowers, plants, and trees had not been trimmed. The unruly branches and leaves had affected the overall beauty.

The trees had already overgrown tens of metres. The dense branches and leaves shielded the warm winter sun completely.

Xiao Jiu saw Boss not far away. She broke free from Qin Shu's hand and chased Boss all the way forward.

Qin Shu smiled and followed him.

In the hexagonal pavilion beside the Falling Moon Lake, Yin Shi stood at the entrance. He looked at his master sitting in front of the stone table. His master had applied medicine for such a long time. Today was a good day, so he untied the gauze and enjoyed the scenery.

With just one look, Yin Shi could tell that his master had not moved.

He took a look at the Falling Moon Lake. It was already winter. No matter how beautiful the scenery was now, it would lose its beauty.

He wondered what his master was staring at.

“Meow.”

The sound came out of nowhere. Yin Shi lowered his head and saw Boss. Doubt flashed in his eyes.

Chao Yan, who was sitting in front of the stone table, froze. He turned around and saw the black cat that had suddenly appeared in the pavilion. Although he could not see clearly, he could recognize Boss immediately

Then, he saw a small figure running over not far away. It was a little far away, so he could not see clearly.

His vision was as poor as it was when he was young; if he didn't get close, he couldn't see clearly at all.

Since Boss was here, it meant that Qin Shu was also here.

Then that small figure must be Xiao Jiu.

Seeing Boss, Yin Shi also guessed that Qin Shu was here. He looked at Chao Yan and asked, “Master?”

“Where's the medicine?” Chao Yan asked.

Yin Shi took out a new medicated gauze from a box nearby. He walked behind

Chao Yan and helped him cover his eyes.

The medicinal herbs applied to his eyes were used from a young age. Even though the doctor had added some medicinal herbs into the gauze, to an outsider, the smell of medicine was the same.

Xiao Jiu followed Boss all the way here. When he saw the man sitting in front of the stone table, he walked over curiously and stuck his head out to access him.

When he realized that the man could not see, he asked him politely, “Are you Uncle Chao Yan?”

Chao Yan nodded. “Yes, you are Xiao Jiu. Where is your mother?”

“My mother is at the back. She will be here soon.” Xiao Jiu looked at the gauze over his eyes. “Uncle Chao Yan, what happened to your eyes? Are they hurt?”

Chao Yan smiled and said, “Yes, I was too naughty when I was young and hurt them accidentally”

Xiao Jiu tilted her head and asked, “Will your eyes recover?”

Chao Yan replied, “They will.”

Qin Shu walked into the hexagonal pavilion and looked at the dark green lake in front of her, as well as the broken cliff that she had fallen from. “This place seems to have changed a little.”

“It's been ten years.” Chao Yan turned his head and looked in the direction of the entrance of the hexagonal pavilion. “Why didn't you tell me you coming”

“Every time you appeared, you didn't tell me beforehand.” Qin Shu walked over and sat down opposite Chao Yan.

Chao Yan smiled and changed the topic. "Has the matter been resolved "Yes." The only thing that puzzled her was those two sentences. Perhaps she hadn't contacted Master Baili for too long, which made her think that the other party was Master Baili.

Her gaze once again landed on the dark green lake in front of her. "I fell from there."

Chao Yan asked, "How did you fall from there?"

"At the back of the Qi mountain, there is a crooked tree growing in the crevice of the mountain. I often play on it. I chanced upon a house with people at the bottom of the mountain. I was curious and came down to take a look. In the end, I fell That was also when Han Xiao had gone up the mountain. She had asked Han

Xiao if he wanted to go down to take a look. Perhaps because they weren't close, Han Xiao did not agree, so she went down alone.

She had not expected herself to slip and fall, so she was totally unprepared.

Fortunately, there was water at the base of the mountain, and she could swim.

She suddenly asked, "Oh right, why were you in the water at that time?"

She had also asked this question after she rescued him, but he did not answer.

To be more precise, he had ignored her.

Chao Yan said, "I said I was curious. Would you believe me

Curious?"

She definitely wouldn't believe Chao Yan now.

If it were the old Chao Yan, she would have believed him a little.

He was such a lifeless person. It was as if the entire world had nothing to do with him.

It was very likely that he jumped, knowing that he could not swim.

Chao Yan said, "I'm curious. What does it feel like to sink to the bottom of the lake?"

Qin Shu looked at him in puzzlement.

Chao Yan said again, "To be precise, I'm asking about the feeling of being so close to death. In the face of death, is there fear, leading to a strong desire to survive?"

Well, his words proved that he had chosen the Wrong time. He had just jumped into the Falling Moon Lake for less than five seconds when she followed suit and saved him.

Qin Shu was stunned. At that time, Chao Yan had jumped into the lake with such thoughts?

How unhappy must a person be to have such thoughts?

"Is there a difference between that and suicide

Chao Yan replied, "There's a difference."

“What’s the difference? Qin Shu asked.

“I have a bodyguard by my side. After a minute, someone will come to save me.”

“So you jumped into the lake without any restraint?” Qin Shu was a little speechless. There could always be accidents. What if the bodyguard came late?

And the bodyguard. How could he let Chao Yan jump knowing that he could not swim?

“You ignored me at that time. Is It related to this?”

Chao Yan shook his head. “I did bother you.”

Well, she didn’t deny this.

At that time, Chao Yan was indeed annoyed with her.

However, he mostly ignored her.

Qin Shu looked at his eyes. More than ten years had passed, but he still had to apply medicine. “Have your eyes not recovered yet?”

Chao Yan’s slender fingers caressed the gauze over his eyes. As always, it felt familiar. The gauze was specially made and extremely soft to touch. It would not be uncomfortable or bruise after a long time.

“The doctor said that my eyes require medicine.”

Chapter 927: You Always Fall For This

So all these years, his eyes have relied on medical treatment to last until now?

Chao Yan put down his hand and changed the topic. “When do you plan to return to Jiangcheng?”

“I booked a flight ticket for tomorrow.” Qin Shu glanced at the lake in front of her again and said, “I came at a bad time. The view will be more beautiful during spring.”

Chao Yan said, “It snows in winter, and the scenery is also very beautiful.

However, there are no signs of snow in the ancient City of Wind and Moon these few days.”

Xiao Jiu hugged Boss and asked curiously, “Uncle Chao Yan, will the lake be frozen after it snows in winter? Will it be safe to walk?”

Chao Yan smiled and replied, “Yes, walking on the ice is not a problem.”

Xiao Jiu felt a little regretful. “It’s a pity that I can’t see.”

Chao Yan said, "Maybe there will be an opportunity in the future."

"Okay." Xiao Jiu nodded her head vigorously, but in her heart, she thought about the outdoor swimming pool in the backyard. If it were man-made ice, there should be no issues.

Chao Yan turned his head and looked at Qin Shu. "Aren't you going to West Rock to find Fu Tingyu?"

The surprise in Qin Shu's eyes vanished in an instant. Knowing that she had come to Nan Yue, it was not strange for him to know that Fu Tingyu had gone to West Rock.

Xiao Jiu sniffed and ran to Qin Shu's side with Boss in her arms. she asked her, "Mommy, are we going to find Daddy?"

Qin Shu looked down at her son. "Do you want to go?"

Xiao Jiu said very seriously, "I want to go and play, but the more important question is whether Mommy misses Daddy."

Qin Shu was almost amused by Xiao Jiu's words. She clearly wanted to go, yet still asked if she missed Fu Tingyu?

At this time, Chao Yan also said, "You can consider bringing along Xiao Jiu to have fun. It will also be a good opportunity to broaden her horizons."

Hearing this, Qin shu thought for a while and said, "Then let's give Daddy a Surprise?"

"Okay, Daddy will definitely be very happy," Xiao Jiu said with great certainty.

Qin Shu turned her head to look at Ye Luo, who was not far away. "Ye Luo, please cancel the plane ticket for tomorrow and book tickets to Xiyan instead.

"Okay." Ye Luo fished out his phone and began to rebook the tickets.

In the evening, Chao Yan brought Qin Shu and Xiao Jiu to a hotel in the ancient City of Wind and Moon for dinner.

There were only the three of them at the table. Chao Yan ordered a lot of dishes based on Qin Shu and Xiao Jiu's preferences.

At the dining table, Xiao Jiu resembled Fu Tingyu. She picked up her

chopsticks, ate and barely spoke.

Chao Yan lowered his head and slowly ate his dinner. He had no intention to speak.

Qin Shu casually chewed on her food and glanced at Chao Yan sitting opposite her. After a long time, he still hadn't spoken, so she took the initiative to ask, "Aren't you going to say anything?"

"What? Chao Yan stopped chewing and raised his head.

Qin Shu said, "Aren't you going to talk about the past?"

Chao Yan said, "Tell me, how did you pursue me?"

Qin Shu's face darkened.

Chao Yan laughed twice. "I was joking"

Qin Shu lowered her head and ate a mouthful of rice, chewing with all her might.

Chao Yan seemed to have heard the grinding of her teeth, so he said, "Ever since you fell, you often came down from there. You even specially tied a rope to the crooked tree to make it convenient for you to go back and forth."

Qin Shu stopped grinding her teeth and raised her head to look at him, waiting for him to continue.

"In a week, you will come down three times. Each time, you will bring some food and play. But I still ignored you and treated you like air."

"You persisted for about a month, and I endured for a month. It was the first time I met a girl like you. Perhaps I was really annoyed and had a reaction for the first time."

There would be a second time if there was a first time, and then there would be countless times.

From being lifeless to being reborn, it was a long process of trying. And during this process, Qin Shu stayed by his side.

Why did his family leave him alone in this remote village?

This was what she was most puzzled about.

Looking at Chao Yan, although she was curious and puzzled, she did not ask him in the end, afraid to touch the most untouchable part of his heart.

After Chao Yan said this, he didn't say anything else.

However, Qin Shu felt that Chao Yan still had a lot of things that he hadn't said.

For example, what she had said to him and what she had promised him.

He didn't mention a single word.

After dinner, they went to the night market by the moat.

Not only were there delicious food in the night market, there were also all kinds of novel crafts, most of which were handmade.

There was never a shortage of tourists here.

It was Xiao Jiu's first time going to the night market. She ran excitedly with Boss throughout the whole trip. She took anything she found novel and interesting. Ye Luo followed behind to pay. It was very similar to how the Young Master of ancient times went shopping while servants followed behind to pay.

Qin Shu knew that Chao Yan could not see, so when she walked, she grabbed his sleeve. His sleeve was very big, making it very convenient to grab. She walked ahead to prevent him from falling or tripping.

Chao Yan said, "When I was young, you held my hand and walked."

Qin Shu smiled and replied, "Well, as you said, that was the past. Now that I've grown up, of course, I have to change the way."

Chao Yan sighed, "You were cuter when you were young."

Qin Shu retorted, "You weren't so good at playing the victim when you were young, were you?"

Chao Yan smiled and said, "Playing the victim is also a skill. Of course, you have to train from a young age to be able to reach perfection."

Qin Shu said, "You are unbelievable."

Chao Yan laughed and said, "You flatter me. I knew you'd always fall for this."

Qin Shu was speechless.

The only person who could tease her so naturally, so confidently, and so shamelessly was probably Chao Yan.

Chao Yan suddenly called out, "Baby."

Qin Shu asked unhappily, "What?"

Chao Yan asked in a low voice, "Can I hug you?"

"No." Qin Shu refused without hesitation.

"Just take it as granting me a wish. If I die like this, I won't have any regrets,"

Chao Yan said in a joking tone.

"You have been cured, so don't try to earn my pity," Qin Shu said without turning her head.

I'm not trying to earn your pity. I don't know if I can survive the next spring.

Will I still be able to see the warmth of spring and your smile as bright as the sun?

Chao Yan opened his mouth, but he didn't say a word.

Qin Shu stopped in front of a stall that sold hand-woven garlands. She picked up a garland that was woven with Chao Yan's flowers and said to Chao Yan, "This purple garland looks very nice."

The stall's lady boss welcomed him with a smile. "It's only 200 dollars. If this beautiful lady likes it, please buy one. She is beautiful and will surely look good wearing it."

She said this whenever all the time, regardless of whether the person was ugly or beautiful. However, she was sincere this time.

Qin Shu looked at the garland in her hand and said, "It's too expensive. Even if this it was made of fresh flower, it won't cost 200 dollars."

The lady boss smiled and said, "I think the beautiful woman really likes it. I'll give you a discount of 20 dollars. How about it?"

Qin Shu said, "100 dollars, and I'll buy it."

The lady boss looked troubled. "Beauty, that's too little. How about 150 dollars?"

Chao Yan listened to her and thought the bargaining was interesting..

Chapter 928: Liked Every Gift From Her

Qin Shu refused to give up a single cent. "A hundred dollars? I think that's too expensive. But I'm giving it to someone and the garland signifies to live a long life. That's I'm willing to spend a hundred dollars on it."

Chao Yan, who was standing at the side, was stunned, as if he had already guessed that the garland was for him.

She wanted him to live a long life?

"Since the beauty has said so, I'll sell it to you for 100 dollars. 'This is the only garland have left," the lady boss said with a smile.

Qin Shu paid 100 dollars, then took the garland and turned to look at Chao Yan

She tiptoed and raised the garland for him. As she put it over him, she said,

This is a garland made of Chao Yan flowers. It's purple and very beautiful."

Although he guessed that the garland was for him, it felt special to have Qiu Shu put it on him personally.

Chao Yan was stunned. He felt the garland on his head. It was neither heavy nor light. He could also smell the fragrance of the Chao Yan flowers because he was very familiar with it. He could smell it with just one sniff.

In the past, she had also picked Chao Yan flowers, woven a garland and given it to him.

It was also then she asked him for his name.

He said, "I don't have a name."

Then she gave him the name Chao Yan, saying that it implied good things.

"I'm a man," he said with a smile, but did not stop her.

Qin Shu said instead, "It suits you. It doesn't matter if it's a male or female

Chao Yan said rather helplessly, "Whatever you say."

"Let's go. Xiao Jiu has gone far away." Qin Shu grabbed Chao Yan's sleeve again and continued to walk forward.

Chao Yan followed her footsteps. His fair and slender hands caressed the garland on his head. His fingertips touched the familiar petals, and the corners of his mouth involuntarily curved into a beautiful arc.

Yin Shi followed behind unhurriedly. Under the lantern, he saw his master smile.

This was the first time in so long that he had seen his master smile so happily, even though the smile was not obvious.

Would his master be happy every day if Qin Shu stayed by his side?

Chao Yan did not care whether Qin Shu would come or not. He had asked Yin Shi to prepare a few guest rooms early.

Xiao Jiu was very independent and Qin Shu did not have to worry.

After she brought Xiao Jiu into the room next door, she returned to her own room. After showering, she went to bed and was prepared to head to Xiyan the next morning.

Ye Luo and Boss were resting in the guest room on the other side.

The moon hung high in the sky. At the head of the bed, Boss glanced at the moon outside the window and then at Ye Luo who was sleeping. He suddenly stood and jumped off the bed. Then, he jumped onto the windowsill and disappeared into the night.

In the east, the main room was brightly lit.

Chao Yan sat in front of the table with the garland in his hand. He lowered his head as if he could see the garland.

After a while, he abruptly put down the garland, raised his hand to the back of his head, and untied the knot holding the gauze. After he removed the gauze, he saw the garland on the table. It was woven very well by the lady boss and was undamaged despite the trip.

Boss jumped in from the back window soundlessly. He looked up at Chao Yan's back and walked over with steady steps.

When he reached the desk, he jumped onto it and called out to Chao Yan.

Chao Yan turned to look at Boss and reached out to rub his head. "Why are you here?"

'Meow.'" Boss looked at the garland on the desk and then at Chao Yan.

Chao Yan smiled and said, "She spent 100 dollars to buy it for me. It means to live a long life."

Boss called out again. 'Meow!'"

Chao Yan picked up the garland and stayed mum.

The next morning, Chao Yan personally sent Qin Shu and Xiao Jiu to the airport.

Today was especially cold. Chao Yan had worn a coat lined with goose fur underneath, but he still felt cold.

His thin figure was wrapped in a grey coat, but one could still tell that he was lean.

Before boarding the plane, Xiao Jiu said to him, "Uncle Chao Yan, if you have time, come to Jiangcheng to have fun."

Chao Yan nodded. "Okay, I'll go there when I have the opportunity."

Qin Shu also looked at Chao Yan. "You can go back It's quite cold outside."

Chao Yan said, "I'll return when you guys go in."

Qin Shu lowered her head and said to Xiao Jiu, "Xiao Jiu, we should go in"

Xiao Jiu waved at him. "Goodbye, Uncle Chao Yan"

Chao Yan said, "Goodbye."

After Qin Shu and Xiao Jiu went in, Yin Shi asked, "Master, do you want to take the case?"

Chao Yan said, "Yes."

Yin Shi received the order and called Yin Xie. "Master said yes."

Before arriving at Xiyan, Qin Shu had already investigated the hotel where Fu

Therefore, once they got off the plane, she brought Xiao Jiu directly to the

When they arrived, they realized that Fu 'lingyu and Mo Chenecu had yet to
Every time Fu 'ling-yu stayed in a hotel room, it was a suite.

It was already 9:30 PM when they arrived at the hotel. Qin Shu requested some
food from the hotel staff and planned to shower and sleep after the meal.

She glanced at the time on her watch. It was already 10:40 PM. He should be
back even if he was attending a banquet.

She originally wanted to give Fu Tingyu a surprise, but it seems too late now.

She took out her phone and called Fu Tingyu.

The call was answered after a long time. A seductive female voice came from
the other end. "Who are you?"

Qin Shu's voice instantly turned cold. "Who are you?"

The woman smiled coquettishly and said, "I am the best girl in Heavenly

Qin Shu's face turned even darker and she hung up the phone.

She turned and changed into a new set of clothes. Black tight leather pants
complemented her long and straight legs.

She wore a small black leather jacket with a small silver vest underneath. Her
seaweed-like long hair casually rested on her shoulders.

She even deliberately put on exquisite makeup, looking somewhat pure and

She walked out of the door in her high heels.

Ten minutes later, upon arrival at Heavenly Earth, Qin Shu opened the car door
and got out. She looked up at the bar in front of her. The words "Heavenly
Earth" were particularly eye-catching.

Had he been fooling around in this place all night?

She raised her chin and walked in with elegant and seductive steps in her
four -centimetre high heels.

A beautiful woman like Qin Shu attracted the attention of countless people as
soon as she walked into the bar.

Qin Shu did not wear revealing clothes. Instead, she was very conservative.

Yet her perfect figure was displayed due to the black leather jacket and pants. It

was even more eye-catching than any revealing clothes.

Very soon, a man approached her to strike a conversation.

“Beauty, come play with me. The man was full of mischief. One look and she could tell he was a loyal patron of this place.

His eyes darted around Qin Shu’s body openly. Attracted, he stretched out his hand to hug Qin Shu’s slender waist. However, just as he was about to touch her, Qin Shu grabbed his wrist and forcefully pulled it away. Before he could even scream, she raised her knee and forcefully kneed his lower abdomen. It was so painful that he could barely make a sound.

“I’m not in a good mood today. Stay away from me.” She pushed him forcefully and precisely into the chair behind him. He sat down, unable to rise again..

Chapter 929: Lie Down Obediently

“The man was a regular patron. Anyone who frequented Heavenly Earth knew that he was a gangster and was not someone to be trifled with.

However, he was so easily subdued by a woman and stood no chance. Initially eager, he now sat down quietly and did not dare to go forward again.

Qin Shu dusted off the non-existent dirt on her hands and walked straight to the private room where Fu Tingyu was.

In the luxurious private room, several people were sitting on the sofa, men and women.

Mo Chengxu was one of them. He drank a little too much and his face was red. Yet he kept saying, “Pour me more wine. I still want to drink.”

Yang Yuan sat next to him. Seeing the drunk man demanding more drinks, she ignored him.

She had stayed by his side for more than four years for a contract.

Mo Chengxu suddenly reached out his arm and hooked it around her neck. He said, “Babe, come, pour me some wine.”

Yang Yuan tilted her head and looked at the person right in front of her. “Do you want to drink so much?”

Mo Chengxu moved closer. “Yes, I want to drink.”

“Then drink as much as you want.” Yang Yuan picked up a bottle, two-thirds full, and handed it to him.

Mo Chengxu looked at the bottle and expressed his dissatisfaction. “I want to drink with a wine glass.”

Yang Yuan said, "Isn't it better to drink from the bottle?"

Mo Chengxu raised his head and glanced at Yang Yuan. He smiled and took the bottle from her hand. He believed her and started drinking from the bottle.

Yang Yuan tilted her head and watched him drink. She wanted to see how much he could drink.

For a while, Mo Chengxu gulped down the wine. When he saw Yang Yuan staring at him, he stopped. Before he could swallow the liquid, it spilled out from the corner of his mouth. The cold wine flowed down his chin and into his neck.

Seeing this, Yang Yuan reached out to the glass table and took some tissue, wanting to help.

When she reached out to Mo Chengxu's neck with tissue in her hand, she saw the person who suddenly came over. "You.

'The moment she opened her mouth, her mouth was gagged. She felt the cold wine flowing over her and was stunned for a long time.

At this moment, the door of the private room was forcefully pushed open. The originally noisy room instantly quieted down.

The men and women on the sofa who had gone overboard also paused and looked towards the door of the private room.

Mo Chengxu was in the middle of enjoying a kiss when he was suddenly interrupted. He frowned in dismay. "Who is it?"

Qin Shu stood straight at the door of the private room. Her gaze swept across the room and ignored the men and women hugging each other on the sofa. Finally, she looked at the person on the other sofa and recognized Mo Chengxu after taking a few more glances.

She asked, "Where is Fu Tingyu?"

"Brother Yu?" Mo Chengxu's muddled mind seemed to have suddenly awakened. "He went to the lounge next door to change his clothes."

This private room was a luxurious one. Not only was there a separate bathroom inside, but also a separate lounge.

She turned her head to look at the lounge next door and walked over. When she pushed the door open, she realized that it was locked from the inside.

She remembered that the person who answered the phone was the 'best in Heavenly Earth'. Now that the door was locked from the inside, it became obvious.

With a dark expression, she took out a tool from her pockets and easily pried open the door. Then, she walked in and closed the door.

After Qin Shu left, the people in the private room looked as if they had come to life. They looked at each other in dismay.

“Who was that woman just now? That face and that figure are so sexy.”

“Young Master Mo, who was that woman just now?”

Mo Chengxu was stunned for a moment. Yang Yuan’s indifferent voice came into his ears. “Qin Shu, Fu Tingyu’s wife.”

Qin Shu is here?

‘Mo Chengxu sobered up a little, but he felt a shudder through his body.

He was the one who dragged Fu Tingyu here. He was also the one who suggested bringing women to take care of his business partner.

‘When he thought of Qin Shu’s fierce look just now, his weak heart trembled.

To be exact, Mo Chengxu was too afraid to see Qin Shu’s appearance clearly just now. He had imagined her terrifying appearance.

“Yang Yuan, let’s go back to the hotel first. I’m afraid that Qin Shu will make a scene.”

Yang Yuan gasped, “You coward!”

She expressionlessly helped Mo Chengxu, a man 20 centimetres taller, out of the room.

Mo Chengxu followed. After a few steps, he remembered the other people in the private room and politely said, “President Mo, President Xi, let’s call it a night. I have something to do, so I’ll go back first.”

After he finished speaking, he didn’t wait for the two of them to respond and had Yang Yuan help him out of the room.

President Mo was stunned for a moment. When he thought of the woman who had just entered the room, her fierce aura made his back cold.

He had similar experiences at home with his strict wife.

Mo Chengxu’s quick departure helped the two presidents recognise the seriousness of the matter. They immediately took their bags and left.

Beside them, the four beauties expected to earn a lot from the rich men they accompanied tonight. Now that the session was cut short, not only did they not earn much, they also didn’t get any extra tips. They were so angry that they slammed the door and left.

In the lounge next door, there was a small suite.

After Qin Shu entered, she saw a pure black suit jacket and a pair of suit pants on the sofa. She walked over to pick up the suit jacket and realized that the front of it was wet, a dark patch around the chest area. As she brought it closer, she smelled alcohol.

She reached into her phone again and flipped through the phone records, only to find that the call she made earlier was gone.

She frowned slightly and put down the suit jacket. She turned around and walked into the lounge. The door was slightly ajar. With a push of her hand, the door fully opened.

Fu Tingyu, who was sitting at the head of the bed, stopped smoking and his face darkened at the sound of the intruder. When he looked up and noticed that the person who walked in was Qiu Shu, he froze.

On the bed, Fu Tingyu only had a white towel wrapped around his body. It revealed the broad, muscular planes of his chest and his perfect figure.

He leaned against the headboard with one leg stretched out and the other bent. The hand that was holding the cigarette was casually placed on his knee. He had the typical 'cigarette after sex' posture.

Qin Shu looked at him coldly.

"Babe, why are you here?" Fu Tingyu reacted. He put out the cigarette in his hand, stood up from the bed, and walked over.

Qin Shu said coldly, "You sure know how to play."

Play?

Fu Tingyu looked down and saw that he was only wearing a towel. He didn't think that there was anything wrong. He looked up again. "My clothes got wet by accident, so I took a shower."

Qin Shu sneered. "Go lie on the bed."

"Babe, someone will enter at any time. We can..."

Before Fu Tingyu could finish his sentence, Qin Shu interrupted, "I told you to lie down."

Even a blind man could see that this lady was fuming.

Was she mad because he was naked?

Though puzzled, he still obediently went to the bed as instructed.

After lying flat on the bed, he looked sideways at the woman standing beside and could not help but ask, "Babe, did you misunderstand something?"

Qin Shu took out a tie and looked at Fu Tingyu with a smile. "Don't bother explaining. An explanation is a cover-up. A cover-up is a li

She had seen the man use a tie countless times in bed, so she found it familiar.

'When she took his suit jacket earlier, she picked it up casually.

Fu Tingyu recognized the tie in the Qin Chu's hand at a glance. It was the one he was wearing today. As he watched her climb into bed with the tie, he had a bad feeling.

“Babe, I really didn’t do you wrong. It was that bastard Mo Chengxu who asked the woman to accompany him. When I told her to scram, the wine spilt on my body. You know, I don’t like the smell of perfume. I was afraid that I would get perfume on my body, so I came in to take a shower and change my

clothes. Shi Yan has already gone to buy new clothes. I can swear that everything is true.”

The man explained, but he didn’t dare to move, afraid that she would get even angrier.

Qin Shu ignored his explanation. Instead, she covered his eyes with a tie and tied a dead knot.

Once the tie obscured his eyes, his vision went pitch black. He couldn’t see the Qin Shu’s face, which made him a little disgruntled. “Babe, are you trying to play some new tricks?”

“You’ll know later.” Qin Shu turned her head to look at the table by the side. Not innocent, she knew the purpose of having the lounge in a private room. She pulled open the drawer, and as expected, there were several props.

She picked out a red rope and tied the man’s hands together. Then, she tied his hands to the head of the bed. Her actions were swift and precise without any hesitation.

As Qin Shu busied herself, the man did not dare to struggle. “Babe, what are you... What are you trying to do?”

After tying the man up, Qin Shu supported herself on the bed with one hand and looked down at the man from above. Her hands did not stop moving. “Who was the woman who answered the phone just now?”

‘The man was a little confused by the question. “What phone call? What woman?”

Qin Shu kindly reminded him, “The woman who claims to be the best in Heavenly Earth.”

A smart man, he figured out the situation himself with just a few words from Qin Shu. That so-called number one in Heavenly Earth was invited by Mo Chengxu. He was a f * cking bastard who betrays his brothers.

He frowned and expressed his displeasure. “When I was showering, she answered my call?”

“I don’t know. The call record has been deleted.” Qin Shu’s attention was already attracted by something beneath her, so she answered perfunctorily.

The man furrowed his brows, an indication of his anger. That sneaky woman not only took his phone when he was showering, but also secretly answered his call.

Mo Chengxu was unreliable.

However, at this moment, the man could no longer think.

Qin Shu had used the same trick that he had used on her the last time, and she had returned it to him with double the amount.

No matter how much the man pleaded with her to untie the rope, Qin Shu just ignored him.

Once she was done toying with him, she left.

Before she left, she said, "Men are all pigs. That's payback for fooling around in a bar in the middle of the night."

Then, she flipped her hair and walked out coolly.

"Babe, please untie me."

Just as the man finished speaking, the door was slammed shut.

The room became completely silent.

He panted. His forehead was covered with fine beads of sweat. He felt that his mouth was a little dry and he licked his lips.

He felt a little helpless about what was being done to him.

He touched the thin rope that he could easily break free from with his strength.

Seeing that Qin Shu was having so much fun earlier, he did not break free and allowed her to do whatever she pleased.

In fact, Qin Shu knew that the man would not break free, so she deliberately toyed with him.

Just as the man was about to wriggle himself free from the rope around his hands, the door suddenly opened again, causing him to pause.

"Babe, you're back again? I knew you couldn't bear to leave me here," the man said with a low laugh.

Shi Yan stood at the door with newly bought clothes, watching the erotic scene of his master being tied to the bed.

He didn't know whether to enter or leave the room, after hearing his master's words.

Was this the work of Madam Fu?

This was too, too..

When did Madam Fu arrive?

The man immediately realized that the person who came in was not Qin Shu. He asked coldly, "Who are you?"

Shi Yan only felt a gust of cold wind. Hands trembling slightly, Shi Yan cautiously replied, "Sir, it's me."

The man's expression instantly darkened and his voice became colder, "Put down the clothes and get out."

"Sir, don't be angry. I'll leave immediately." Shi Yan placed the new clothes on the bed and didn't even dare to take a second look. He turned around and scurried out. Then, he closed the door and waited outside.

F * ck, he was scared to death just now.

Young Madam Fu really knew how to play.

When Fu Tingyu came out, he was wearing a suit, with no hint of the half-naked man on the bed earlier.

“That woman just now touched my things and answered my call. Go and deal with

After which, he strode out and rushed to the hotel in a hurry to coax his wife.

Shi Yan had followed Sir since he was young, so he naturally understood his temper. He also guessed that that woman must have provoked Young Madam Fu, which was why Sir was tied to the bed.

After Qin Shu exited the lounge, she realized that everyone in the private room had run away, including Mo Chengxu. “Well, you guys are quick.”

She didn’t leave immediately. Instead, she waited outside the private room. She only left when she saw Shi Yan return.

‘When she returned to the hotel, she took a shower and went to bed. She locked the door behind her.

Fu Tingyu returned to the hotel and walked directly to the main bedroom.

With Qin Shu’s ability, it wasn’t difficult for her to know the hotel and room number he was staying in.

He was also 90% sure that she would sleep in his room, though there was also the chance that Qin Shu’s anger had not subsided and did not want to sleep in his room.

‘When he pushed the door open, he found that the door was locked from the inside.

He was not angry. Instead, he smiled.

She was inside. The door was locked from the inside because her anger had not subsided.

Should he go in or not?

The man stood in front of the door and pondered for a long time. He still decided to go in. Didn’t an old saying advise against couples going to bed angry?

The hotel room door was easy to pry open. Fu Tingyu opened the door effortlessly and stepped in quietly.

Before joining Qin Shu in bed, he took another shower.

Then, he lifted the quilt and crawled into the bed. He stretched out his arm to hold the girl in his arms. This was the habit of sleeping every night, and he couldn’t help it.

As soon as his arms wrapped around her, he found that she wasn’t asleep. Although her eyes were closed, her breathing was uneven.

He asked in a low voice, “Babe, are you still angry?”

“Stop. I have a lot of pent-up anger right now.” Qin Shu replied with her eyes closed. From the moment the man entered the room, she knew that he was just pretending not to hear her.

“Well, if that’s the case, I, too, have a lot of pent-up anger. It was all caused by you earlier, babe. Let’s help each other out, how about it?”

The man’s husky voice entered her ears..
