

## Bigshot 1011

### Chapter 1011 The Background of Shenghe Entertainment

Old Master Lin gritted his teeth and said, "I'm a real one, a real one!"

"Old Man Lin, don't be so sour," Old Master Qin said.

"Old Man Qin, let me tell you," Old Master Lin said angrily. "Even if you become her grandfather, I'm still more important than you in her heart."

After that, Old Master Qin's phone beeped.

It was obvious that Old Master Lin had hung up the phone.

Old Master Qin was in a very good mood. He waved his hand and ordered the butler, "This month, pay a year's salary to all the servants in the villa. You too."

Old Master Qin loved to show off.

He continued to call other people and told them that he had a granddaughter.

After that, he even caught people and said it.

In just one day, the news had spread throughout the upper-class circle, and all kinds of speculations had emerged.

Some said that she was Qin Yufei's illegitimate daughter, while others mentioned that she was Old Master Qin's god-granddaughter.

Some of them recalled the Lin family's reunion dinner back then. Old Master Qin had mentioned on the spot that he wanted to acknowledge Qin Sheng as his god-granddaughter. When they had asked Old Master Qin for confirmation, Old Master Qin had not hidden anything and told them that his granddaughter was Qin Sheng.

There was no need for him to hide how outstanding Qin Sheng was.

He took Qin Sheng's feelings into consideration and also made it clear that they could not tell anyone outside the upper-class circle that Qin Sheng was his granddaughter.

Those people were completely shocked.

First, it was the Lin family, then the Lu family, and now, there was the Qin family. With such a background, there was probably no one in the Imperial Capital who could compare to Qin Sheng.

After they went back, they all told their children not to provoke Qin Sheng.

—

Chang Ping finished shooting the movie he was working on, and Shenghe Entertainment's first movie also held the opening ceremony.

On this day, many companies sent gifts to Shenghe Entertainment in order to curry favor with them.

There were many media reporters around, wanting to get first-hand reports.

In a Maserati, Yu Jiafei rolled down the window. Her delicate face was a little distorted, and there were visible black circles under her eyes.

She looked gloomily at the scene of the movie's shooting and gritted her teeth. "President Liu, you have to help me take revenge."

President Liu held Yu Jiafei's shoulder. "Don't worry. It's just a small Shenghe Entertainment. Can't I handle it? It's only because they're not capable that Star Creator Entertainment ended up in such a state."

"Let's go. We'll do it in the afternoon. I'll take revenge for you later."

They got out of the car and looked at the scene from afar. President Liu's eyes were full of disdain.

At that moment, a luxury car stopped nearby and Lin Haoyu stepped out of it.

President Liu frowned.

Lin Haoyu? He was the president of Lin Corporation.

Why did he come to the filming location?

The moment the reporters saw Lin Haoyu alighting from the car, they immediately recognized him and they quickly went up to interview him.

"Mr. Lin, what's your purpose for coming here today? Do you know the boss of Shenghe Entertainment? Did you only come because of Lin Haocheng?"

"I'm on very good terms with her," Lin Haoyu replied. "The main reason I'm here today is to celebrate the shooting of Shenghe Entertainment's first movie."

The reporters were all shocked.

And this was even when Lin Haoyu would personally come to the filming location of a company.

"Then, President Lin," the reporter pressed, "can you reveal what your relationship is?"

Lin Haoyu avoided the question. "I'm sorry, no comment."

The reporter could only rest his mind.

However, Lin Haoyu's arrival at the scene was already big news. As long as it was reported, it would probably attract a huge wave of traffic.

Lin Haoyu got his assistant to pass the gift to Su Yixiu. "Mr. Su, this is a gift from me to Shenghe Entertainment. It's a landscape painting from the Tang Dynasty. Congratulations on your successful shooting."

Chapter 1012 Qin Yufei's Gift

Su Yixiu had also attended the Lin family's family reunion party the last time, so he naturally knew about the relationship between Lin Haoyu and Qin Sheng.

This time, he didn't refuse and took it.

When he opened it, he was greeted by a sea of black.

The media reporters' cameras fell on the painting.

One of the reporters said in surprise, "I've seen this painting at an exhibition. It's very expensive."

Worried that he had seen it wrong, he took out his phone and checked it. He nodded affirmatively and said, "This painting was bought by the Lin family back then. It was indeed worth 60 million yuan, and that was eight years ago. By now, this painting should have exceeded 100 million yuan. There's a price, but no market."

"100 million? They're just here to attend an opening ceremony, but they've already given out hundreds of millions. Their relationship must be deep, or else they wouldn't have given out such an expensive gift."

Su Yixiu put away the painting. He wasn't too surprised by Li Haoyu's gift.

The Lin family had always been very generous to Qin Sheng. At the banquet, they had even given him 10% of the Lin Corporation's shares.

Therefore, these hundreds of millions of paintings was not enough.

"Thank you, President Lin," Su Yixiu said with a nod.

However, this was not the end. Another luxury car arrived. This car was rare in the Imperial Capital. A reporter saw the license plate and recognized it.

"Isn't this Qin Yufei's car? Could he be here to celebrate the opening of the film for Shenghe Entertainment?"

"The Qin family is the No. 1 rich and powerful family. Could Qin Yufei also be related to the boss of Shenghe Entertainment?"

"D\*mn, what kind of background does Shenghe Entertainment have? No wonder even Star Creator Entertainment could be taken down. It's Star Creator Entertainment's bad luck to offend Shenghe Entertainment."

Su Yixiu frowned. Qin Yufei got out of the car and went straight to Su Yixiu.

There were two employees behind him, carefully moving something.

He removed the red cloth, revealing an emerald lion that was half the height of a human. The startup went smoothly.

Qin Yufei's main reason for coming here today was to support Shenghe Entertainment. In the future, there would not be so many blind people looking for trouble with Shenghe Entertainment, and Qin Sheng would be able to save some trouble.

The jade lion was crystal clear.

“Wait, where have I seen this jade lion before?” It was the reporter who had just recognized Lin Haoyu’s painting.

He frowned. He and his wife seemed to have seen it in The jade store under the Qin Corporation. He was amazed for a while at that time.

That piece of jade had been on display for two years, but no one bought it because of its high price.

Very quickly, the reporter picked up his phone and checked again. It was just as he had expected.

He exclaimed, “This is a glass-type jade. Such a big piece would cost at least 700 million yuan. And that’s a conservative estimate.”

“700 million? This Qin Yufei was so generous? The Qin Corporation is rich, but they usually only give a few million yuan to the companies. And now they’re giving out 700 million yuan?”

“I don’t think many companies will dare to offend Shenghe Entertainment in the future, unless they want to die.”

“I suddenly feel sorry for Star Creator Entertainment. Of all people to offend, they had to go to Shenghe Entertainment.”

Glass-type jade? 700 million?

“President Qin, isn’t this gift a little too expensive?” Su Yixiu frowned.

Qin Yufei smirked. “Qin Sheng is my daughter. It’s fine for me to send a small gift to her office.”

Daughter?

Su Yixiu thought of what Old Master Qin had said at the Lin family’s family recognition banquet. He had said that he would treat Qin Sheng as his granddaughter.

Even so, Su Yixiu did not dare to be careless. He called Qin Sheng and told her about this.

He also told her that Lin Haoyu had come over.

Chapter 1013 The Second Richest and Most Powerful Family

Qin Sheng massaged her brows. She had a headache. She did not expect everyone to attend an opening ceremony.

“Alright, I’ll go over later,” she said helplessly.

“Then the gift...”

“Take it,” Qin Sheng said.

“Alright,” he said. Su Yixiu agreed. It seemed that Qin Sheng had indeed taken Qin Yufei as her father.

He furrowed his brows tightly, feeling as if he was further away from Qin Sheng.

Qin Sheng had started three companies all by herself, and each of them had been developing well. She was also the granddaughter of the Lin family, and now there was the Qin family.

No matter which identity she had, he was not worthy of Qin Sheng.

Perhaps, Qin Sheng was born to be with Fu Hanchuan.

Su Yixiu's eyes dimmed.

When Lin Haoyu saw Qin Yufei, he had not expected him to come over as well.

This time, he did not address Qin Yufei as Uncle Qin politely as he usually did.

He was bothered by Qin Yufei's request for Qin Sheng to agree to be his daughter.

Lin Haocheng walked over. When he saw Qin Yufei, he got angry. "Uncle Qin, you're too despicable. You actually kidnapped Sheng Sheng."

Qin Yufei gave a very warm smile. "All according to ability."

Lin Haocheng gritted his teeth. "Uncle Qin, you'll have to get married in the future, right? Won't your wife mind Sheng Sheng? Besides, after you have a daughter, will you be good to Sheng Sheng?"

With this thought, Lin Haocheng felt the anger in his heart dissipate a lot.

"I treat Sheng Sheng as my own daughter," Qin Yufei said with a frown.

"You may think so, but who knows what will happen in the future?" Lin Haocheng muttered.

Another luxury car drove in.

The reporters kept taking pictures of the car. Shenghe Entertainment must be a fool to have such a wide network. Even Qin Yufei came. It wouldn't be surprising if someone else came later.

Even though they said that, when Xie Hen alighted from the car, the reporters were shocked.

The Xie family was the second most powerful family in the Imperial Capital!

Although Xie Hen was still in his third year, he had already started handling company affairs. He appeared in the public eye quite often, and his appearance was also extremely handsome.

The reporters recognized him.

"Doesn't Xie Hen rarely appear at the company's opening ceremonies? And this is only the opening ceremony! How can Xie Hen be here?"

"Who is the boss behind Shenghe Entertainment? To have such a powerful background."

Xie Hen gave the gift to Su Yixiu. His gift was not very expensive as he was worried that Qin Sheng would not accept a gift that was too expensive.

He had been keeping an eye on Qin Sheng for the past few months, so he naturally knew that Qin Sheng was the boss of Shenghe Entertainment.

So, he took the opportunity to send the gift over at the opening ceremony today.

Su Yixiu frowned. "Xie Hen."

Xie Hen nodded. "Student Su, Xiao Sheng is my friend. This gift is mainly for your company under my name."

Su Yixiu asked the assistant to accept the gift.

Qin Yufei found a seat and sat down. He didn't mind that the two brothers, Lin Haoyu and Lin Haocheng, didn't like him.

When Qin Sheng and Fu Hanchuan rushed over, the reporters looked at their faces and were still in a daze.

"They're from the entertainment industry? That's impossible. If that's the case, with their looks, they'll definitely be popular in the entertainment industry. There's no way I wouldn't know."

"It could also be a newcomer."

"I think they're more likely here to celebrate the opening ceremony. I think they must have a strong background."

"Wait a minute, isn't this Qin Sheng, who's currently in the limelight? The top scorer of the college entrance examination and the champion of the national painting and computer competition."

Chapter 1014 Getting Married At the Age of 20

The moment the reporter mentioned it, they remembered.

It was indeed Qin Sheng, but they had been so shocked by Qin Sheng's appearance that they could not process the information. They only felt that Qin Sheng looked familiar and did not link her to the college entrance examination's top scorer.

The Qin Sheng in real life was far more impressive than the photos circulating on the internet.

So what was Qin Sheng doing at the scene today?

Moreover, were Qin Sheng and this man in a relationship?

These reporters wanted to go up and interview Qin Sheng and the rest, but they were stopped by the security guards at the scene, so they could only give up.

Qin Yufei immediately stepped forward. "Sheng Sheng."

The two brothers, Lin Haoyu and Lin Haocheng, also went forward to talk to Qin Sheng.

Qin Sheng's gaze landed on Xie Hen. "Xie Hen, why are you here?"

Xie Hen chuckled, "Aren't we friends? It's the opening ceremony for your company's first movie, so I'm here to celebrate."

Fu Hanchuan also noticed Xie Hen immediately.

The feeling between love rivals was the most obvious.

The moment Fu Hanchuan saw Xie Hen, he felt very uncomfortable, especially the way Xie Hen looked at Qin Sheng.

He knew very well that Xie Hen liked Qin Sheng.

However, with Qin Sheng's personality, as long as he did not betray her, even if Xie Hen was interested in Qin Sheng, their relationship would stop at the level of friends.

Fu Hanchuan was confident.

He put his arm around Qin Sheng's shoulder in an overbearing manner, and the two of them acted intimately. "Then I thank you on behalf of Sheng Sheng."

When Xie Hen saw Fu Hanchuan's actions, his heart ached.

He forced a smile. "It's fine. We're friends. We've known each other since we were little."

"Is that so?" Fu Hanchuan chuckled. "But you haven't seen Sheng Sheng for many years. Speaking of which, you haven't been with her as long as I have."

"Indeed. That's why I regret returning to the Xie family."

When he said this, Xie Hen's heart was filled with bitterness. If he had not left, he would probably be the one with Qin Sheng now.

Fu Hanchuan laughed. "Xie Hen, some things are destined. You can't change it."

For example, he and Qin Sheng had missed each other in his previous life. Qin Sheng had reincarnated, but he had also been dreaming about Qin Sheng since he was young. When he saw Qin Sheng's photo in real life, he had already determined that Qin Sheng was his wife.

Fu Hanchuan and Xie Hen's side was filled with the smell of gunpowder.

Lin Haocheng was a big-hearted man. He touched his chin and looked at Xie Hen. "You're friends with Sheng Sheng, aren't you? You're quite handsome, and you're only two years older than Sheng Sheng. I feel that you two are a good match."

He deliberately looked at Fu Hanchuan. "Better than a certain man who wants to gnaw on young grass. He's five years older than Sheng Sheng."

Fu Hanchuan's face turned black, and he kept shooting cold air at Lin Haocheng.

Lin Haocheng was terrified and silently took a few steps back.

He straightened his neck and said, "Xie Hen, consider my words carefully."

Afraid that Fu Hanchuan would take revenge on him, Lin Haocheng left after saying this.

Fu Hanchuan had a headache. Was he being too nice to Lin Haocheng?

Qin Yufei agreed with Lin Haocheng's last sentence. "Hanchuan, there's a huge age difference between you and Sheng Sheng. If you live together now, what will happen in the future? You're a boy, so it's fine, but Sheng Sheng's reputation will be affected."

Fu Hanchuan nodded. "Yes, so I'm going to get a marriage certificate with Sheng Sheng when she's 20."

Qin Yufei, "..."

The veins on his forehead were popping. Did Fu Hanchuan not understand what he was saying?

Chapter 1015 Fu Hanchuan Owns Shenghe Entertainment

Qin Yufei had been angered by Fu Hanchuan. After a long while, he finally managed to force out a sentence. "Hanchuan, don't you think twenty years old is too young?"

Fu Hanchuan glanced at Qin Sheng and smiled. "Not young. We'll have to get married sooner or later. It's better to get married earlier."

If not for the fact that she was not of legal age yet, Fu Hanchuan would have already proposed to Qin Sheng and gotten their marriage certificate.

Hearing this, Qin Yufei was speechless. Even someone as gentle as Qin Yufei could not help but glare at Fu Hanchuan.

He felt very uncomfortable in his heart.

Qin Sheng had been taken by Fu Hanchuan before she even arrived at the Qin family. In about a year's time, she would probably be completely taken away by Fu Hanchuan.

How could this be good?

Qin Yufei could only remind Qin Sheng, "Sheng Sheng, if you're not happy in the Fu family and Fu Hanchuan doesn't treat you well, feel free to come back to the Qin family. Your grandfather and I can seek justice for you. At most, you can just dump Fu Hanchuan."

Fu Hanchuan narrowed his eyes. "You don't have to worry about that. Sheng Sheng will never have the chance to leave me."

Fu Hanchuan was having a headache. It seemed that the people around him did not want him to be with Qin Sheng and were constantly trying to break them up.

"Dad, don't worry," Qin Sheng added.

Qin Yufei choked. He said helplessly, "You can protect Fu Hanchuan as much as you want."

Over here, the reporters were separated by a very long distance. They were unable to clearly hear what Qin Yufei and the others were saying, but they were very curious when they saw how familiar they looked.

"What's Qin Sheng's relationship with them? He didn't seem like someone she only met once. Doesn't Qin Sheng come from H City? Her family background isn't good either."

"She probably got to know him through her boyfriend. By the way, what's Qin Sheng's boyfriend's background?"

"I'm thinking, could this Shenghe Entertainment be Qin Sheng's? Lin Haoyu, Qin Yufei, and Xie Hen all seem to be very familiar with Qin Sheng."

As soon as this was said, many reporters opposed it.

“That’s not very possible. How old is Qin Sheng? She already has such a strategy and funds? Actually, I think it’s Qin Sheng’s boyfriend who opened it.”

“...”

Liu Chengyi, who had been plotting against Shenghe Entertainment, saw so many rich and powerful families coming. His face turned pale and he was very scared.

Luckily, he didn’t make a move.

Otherwise, if he offended Shenghe Entertainment, he would not even know how he died.

Liu Chengyi was afraid that the people from Shenghe Entertainment would notice him, so he returned to his car after seeing Xie Hen.

Yu Jiafei quickly followed him. “President Liu, what’s wrong?”

Liu Chengyi’s expression was very unsightly. He said in a deep voice, “Do you know who those people are?”

Yu Jiafei frowned.

Liu Chengyi continued. “The first and second richest families in the Imperial Capital, as well as the ninth. Although I, Liu Chengyi, am rich and have some power, I usually can’t curry favor with these people even if I want to. You actually want me to have no way to deal with Shenghe Entertainment?”

Yu Jiafei was stunned. She never thought that Shenghe Entertainment would have such a background.

Then wouldn’t she be unable to get her revenge?

She had never offended anyone from Shenghe Entertainment, so she had no idea why they would do this to her.

Exposing her dirty secrets and her having s\*x with other men. The nude photos of her in bed were at the stage of her explosive popularity. Shenghe Entertainment’s purpose was obvious-to ruin her.

Yu Jiafei clenched her fists tightly, unwilling to accept this.

Liu Chengyi’s expression changed slightly as he thought of something. “Shenghe Entertainment is the one who caused you to end up like this?”

Chapter 1016 The Appearance of Qin Sheng’s Boyfriend

Yu Jiafei didn’t understand why Liu Chengyi would ask such a question, but she still nodded. “Yes, if it weren’t for them, I would still have tens of millions of fans. I would be flattered wherever I go, instead of being beaten up by people like this.”

Yu Jiafei hated Shenghe Entertainment to the core.

Liu Chengyi’s face was dark. “Yu Jiafei, get out of the car. Don’t come looking for me anymore. Our relationship is over.”

He threw a card to Yu Jiafei. "The password is my phone number. There's 1 million yuan in it. Since you've been with me for a year, this is the last time I'll show you any affection."

A vague thought appeared in Yu Jiafei's mind and she panicked. "President Liu, are you trying to drive me away?"

"Yes," Liu Chengyi nodded. "Let's not contact each other in the future. You've offended Shenghe Entertainment. If I'm with you, it's inevitable that they'll keep an eye on me. My company can't be destroyed because of you alone."

Yu Jiafei grabbed Liu Chengyi's arm and begged, "President Liu, you can't do this to me!"

Now, Yu Jiafei was being criticized all over the internet. Her endorsements were also withdrawn, and those companies were asking her to pay compensation for the breach of contract.

Liu Chengyi was generous, so Yu Jiafei wanted to ask him to help her solve this problem.

If she was chased away, she would have nothing.

What use could this 1 million yuan have?

Yu Jiafei kept pulling on Liu Chengyi's arm. Liu Chengyi was getting impatient. He was with Yu Jiafei only because she was young and beautiful. He didn't have much feelings for her.

At this moment, he naturally chose to protect himself.

Before Shenghe Entertainment noticed him, he should get rid of his relationship with Yu Jiafei.

He pulled Yu Jiafei out of the car.

The car door was closed with a bang.

Yu Jiafei bit her lip. No, she couldn't accept her fate like this. One day, she would return to the public eye and become more popular than before.

At the end of the opening ceremony, several Weibo posts related to Shenghe Entertainment were trending again.

Among them, Qin Sheng's name was the most searched.

#Qin Sheng's Boyfriend Appears#

#The Helmsman Behind Shenghe Entertainment#

#Shenghe Entertainment's Background Exposed#

[Oh no, I'm done for. I've fallen out of love. I didn't expect my goddess to have a boyfriend. Who is this? He's already got his hands on my goddess so early.]

[The boss of Shenghe Entertainment? He's also related to the Qin family, Xie family, and Lin family, and he's handsome enough. Alright, only this kind of man can match up to our goddess.]

[I didn't know Shenghe Entertainment had such a background. No wonder they dared to go against Star Creator Entertainment. It's easy to trample on Star Creator Entertainment with any of them.]

[...]

Because of Fu Hanchuan's photo, some people quickly dug out Fu Hanchuan's identity.

Fu Hanchuan was the grandson of the Lu family, one of the top ten families in China. He was also a manager at HD Group.

This identity, if it was brought out, it would be very difficult for anyone to compare.

The HD Group was a legend. Most people in China had heard of its name. The employees who were able to enter the HD Group were all very capable, not to mention that Fu Hanchuan was the manager of the company.

At this point, everyone had already believed that Fu Hanchuan was the one behind Shenghe Entertainment.

Qin Sheng was lying on the sofa in the living room. When she saw this comment, she could not help but chuckle.

She waved her phone. "Brother Fu, everyone says you're the boss of Shenghe Entertainment."

Fu Hanchuan smiled indulgently. "That's good. Those people won't easily guess your identity and won't bother you."

Chapter 1017 Throw Her Out

Qin Sheng was most afraid of trouble. If it was revealed that she was the mastermind behind Shengshi Technology and Shenghe Entertainment, many people would probably try to curry favor with her.

Therefore, other than the people in the company and those close to her, no one else knew her identity.

Qin Sheng raised an eyebrow. "Brother Fu, I remember that you hid your identity as the president of HD Group because you didn't want to cause trouble."

It had to be said that Qin Sheng and Fu Hanchuan were very similar in some aspects.

Fu Hanchuan closed the magazine in his hand and said seriously, "I'm not afraid of trouble when it comes to matters related to Sheng Sheng."

Qin Sheng's heart was stirred, and she blushed.

She quickly looked away. Fu Hanchuan's eyes were deep, making it easy for her to fall in.

During the time that Qin Sheng and Fu Hanchuan were together, she found it harder and harder to control her heart.

Qin Sheng did not reject this feeling.

Fu Hanchuan could not help but chuckle when he saw Qin Sheng's shyness. He stopped teasing Qin Sheng and opened the magazine again.

The two of them didn't speak anymore, but the atmosphere was inexplicably harmonious.

—

Yu Jiafei had seen the hot search on the internet.

Fu Hanchuan was the grandson of the Lu family, and he was so handsome.

Yu Jiafei had an idea. She was sure that she had never seen Fu Hanchuan before, let alone offended him.

Therefore, Fu Hanchuan must have been incited by someone.

As for Fu Hanchuan having a girlfriend, Yu Jiafei didn't care.

Qin Sheng was beautiful, but a man would get sick of a woman. There was no lack of men who cheated. With her beauty, it was only a matter of time before Fu Hanchuan fell for her.

Fu Hanchuan was the boss behind Shenghe Entertainment. If she made it to Fu Hanchuan's list, he would spend a lot of resources to support her, and she wouldn't have to worry about not becoming popular.

Yu Jiafei was also a very mobile person. After that, she had been waiting near Shenghe Entertainment every day, but Fu Hanchuan had not appeared.

After that, she ran to the HD Group. Ten days later, she finally met Fu Hanchuan and rushed to him without a care.

She was immediately stopped by Assistant Lin.

Sensing Yu Jiafei's intention, Fu Hanchuan frowned in disgust and said, "Throw her out,"

"I have a girlfriend," Fu Hanchuan added. "I can't let the girls get close to me."

Assistant Lin, "..."

He admired this dog food.

It seemed that after getting together with Qin Sheng, Fu Hanchuan had become a professional public display of affection, showing off their love in front of him in all kinds of ways.

Assistant Lin felt that he should go and find a girlfriend himself.

Yu Jiafei was stunned. She had never expected Fu Hanchuan to treat her like this.

Wouldn't those men be attracted to a woman like her?

She wanted to grab Fu Hanchuan's arm, but she was held back by the security guards and couldn't get close to Fu Hanchuan.

Yu Jiafei could only look at Fu Hanchuan pleadingly, her delicate face looking pitiful. "President Fu, I don't know what I did to dissatisfy you. You arranged for your subordinates to deal with me. If I'm wrong, I'll change. President Fu, I'll do anything you want."

Yu Jiafei's hint was already very obvious. She could be Fu Hanchuan's mistress.

She cried like a pear blossom bathed in rain, and many men would feel reluctant to part with her.

However, Fu Hanchuan was an exception. Seeing Yu Jiafei crying in front of him, he felt even more disgusted and could not help but think of Qin Sheng.

His little girl was very strong, unlike some women who would cry at the drop of a hat and look very aggrieved.

Of course, Fu Hanchuan would feel bad if Qin Sheng cried.

Chapter 1018 The Research Is Done

“President Fu, really. I’ll do anything as long as you can forgive me.”

Assistant Lin looked at Yu Jiafei with sympathy.

Wasn’t it courting death to talk to his president like this?

His president was a slave to his wife.

Fu Hanchuan turned around and said ruthlessly, “Chase her out. Our company doesn’t allow this kind of woman to enter. Also, let the media report this.”

Yu Jiafei’s face turned pale.

If today’s incident were to be reported again, she would never be able to make a comeback.

She quickly apologized, “President Fu, I was wrong. I shouldn’t have disturbed you. I’ll leave now. Don’t tell the media about this.”

“Do as I said.”

Fu Hanchuan strode away after saying this.

On the same day, all the major entertainment media reported on Yu Jiafei seducing Fu Hanchuan.

There were surveillance cameras in the hall of the HD Group, and they had recorded the entire conversation between Yu Jiafei and Fu Hanchuan.

[F\*ck! This Yu Jiafei is too disgusting. She’s hinting at Fu Hanchuan to keep her, and she’s still acting so pitiful. Who is she showing it to?]

[D\*mn, Fu Hanchuan’s self-control is too good. Yu Jiafei is in such a state, and he can still calmly arrange for his subordinates to drive her out. If it were any other man, I’m afraid they would have already gotten lost with Yu Jiafei.]

[The goddess’s boyfriend is indeed not simple. However, I still think that the goddess can have a boyfriend later.]

When Huang Xiaoyan saw this Weibo post, she immediately sent it to Qin Sheng using her QQ account.

[Huang Xiaoyan: Sheng Sheng, isn’t Teacher Fu spoiling you too much? He’s taking the initiative to stay away from women. There aren’t many men like him. I’m annoyed. Sheng Sheng, you must be with Teacher Fu well.]

Seeing this, Qin Sheng went over to read the Weibo post.

The phrase 'women can't get close to him' rang clearly in her ears. Qin Sheng could not help but smile. Her heart felt warm.

— —

In the following period of time, Qin Sheng devoted herself to research.

As usual, Zhao Xiang rarely went to the laboratory. If it wasn't for the fact that she wanted to leave a good impression on Gao Yongliang, she wouldn't even go.

After all, Gao Yongliang had also said that the probability of failure for this research was as high as 95%. It could be said to be a world-class problem.

Even the world's famous medical scientists couldn't figure it out.

Hence, Zhao Xiang did not want to waste too much time on this.

On this day, after Qin Sheng fused the reagent with the immune cells, she began to inject some of the more common and destructive viruses into each cell.

After some time, she took them out to observe their immunity.

On the third day, Qin Sheng made another round of observation and discovered that the immune cells had not suffered any damage.

Even if the cells were invaded by some virus, these immune cells could quickly repair their own structure.

Qin Sheng's lips curled into a smile.

She didn't want to waste any more time, so she called Gao Yongliang directly. "Professor, I've completed my research."

Gao Yongliang was stunned. He subconsciously looked at the date. It had only been four months since the research had started, and Qin Sheng had completed it just like that?

Gao Yongliang had even thought that Qin Sheng was joking about the promise she had made the last time. He did not have much hope for that.

After all, this research was being conducted by many medical scientists around the world.

It had been many years, but there was still no solution.

Qin Sheng was just a student. She had not even finished learning the basic theoretical knowledge. This was probably the first research that Qin Sheng had done.

It was impossible to solve this world-class difficultly problem.

Chapter 1019 Slapping Zhao Xiang's Face

Gao Yongliang frowned. "Qin Sheng, it hasn't even been a month yet. Do you want to check it again?"

Qin Sheng was very confident. "No need."

When Gao Yongliang heard this, he still had doubts in his heart. "Alright, I'll be there right away. Qin Sheng, I hope you can create a miracle."

Zhao Xiang had heard Qin Sheng's words from the side.

Qin Sheng hung up the call. Zhao Xiang sneered. "Qin Sheng, you really managed to make it? Don't ask for too much and get slapped in the face."

Without waiting for Qin Sheng to speak, Zhao Xiang continued to mock, "Qin Sheng, those famous medical scientists have spent a few years, or even more than ten years, working on this research day and night, but they still haven't come up with anything. Professor Gao might be one of them."

"You're only a student, and you only spent three to four months to figure it out? What a joke! Do you really think you're so capable?"

Qin Sheng sat on the chair and ignored Zhao Xiang.

In a while, she would naturally slap Zhao Xiang's face.

Qin Sheng had only come up with this research result after testing it several times. She would not do something she was not confident in.

Gao Yongliang was already in school. After receiving Qin Sheng's call, he rushed over.

Qin Sheng took out a tube of reagent. "Professor Gao, this is what I developed. After the immune cells fuse with these reagents, its structure will be very difficult to be destroyed by some common viruses. Even if the immune cells are destroyed, they can still achieve the function of recovery, including the R-virus."

Gao Yongliang frowned.

Zhao Xiang raised her voice. "R-virus! Qin Sheng, are you sure these immune cells won't be destroyed by the R-virus? You must know that everyone is helpless when faced with the R-virus. Your research shows that your immune cells can even block the R-virus? Hehe, what a joke."

Zhao Xiang did not believe Qin Sheng's words.

Qin Sheng was displeased. "Shut up."

Zhao Xiang was pricked by Qin Sheng's cold gaze. A trace of fear rose in her heart, but very quickly, she straightened her back.

"Professor Gao, it's very obvious that Qin Sheng is toying with us. If the reagent she developed doesn't have the effect she said, I suggest that we don't let Qin Sheng off so easily. Otherwise, if word of this gets out, it'll have a very bad impact on us."

Gao Yongliang ignored Zhao Xiang.

He looked at Qin Sheng. "Qin Sheng, if you really come up with this research, I'm sure your reputation in the medical world will rise."

Qin Sheng nodded nonchalantly. "Yeah."

She didn't care about her reputation. She had been doing research in the lab for the past few months, but she wanted to move on to the next research project as soon as possible.

With Gao Yongliang's help, the research would have a higher chance of success.

Qin Sheng pointed at the sealed containers. "Professor, the immune cells inside have been fused with this reagent. These five reagents have been injected with several common viruses."

When Gao Yongliang saw Qin Sheng's confident expression, the suspicion in his heart wavered.

Qin Sheng had no reason to lie to him about such a lie that could be easily exposed.

Then there was only one possibility...

Gao Yongliang's eyes lit up. He began to study the immune cells in the five sealed glassware.

Under the high-power microscope, he could see the structure of the immune cells clearly. They were not damaged, and most of the R-virus that clung to the immune cells were dead.

Gao Yongliang injected some bacteria into the cell, and the structure of the bacteria was destroyed by the immune cells one by one.

Chapter 1020 Hand Over the Key

He then did similar research on the other four types of immune cells.

Gao Yongliang was reluctant to look away from the microscope.

When Zhao Xiang saw Gao Yongliang's expression, she suddenly turned to look at Qin Sheng. A very bad feeling rose in her heart.

Could it be that Qin Sheng had really completed the research?

Zhao Xiang clenched her fists by her sides. Impossible. Qin Sheng did not have such an ability. How could Qin Sheng be better than Professor Gao? Even Professor Gao could not complete the research, let alone Qin Sheng.

After fifteen minutes, Gao Yongliang finally looked away from the microscope.

His hands were trembling with excitement.

Although he didn't know how long this reagent would last, it was already a major breakthrough for the immune cells to not be destroyed by such a high-intensity virus in a short 30 minutes.

Gao Yongliang suppressed his excitement and asked, "How long have your virus and immune cells been together?"

Qin Sheng answered honestly, "Two days."

Gao Yongliang couldn't believe it. "It's already been two days!"

He had thought that it would be good enough if the immune cells were not destroyed after an hour. After all, once the R-virus entered the human body, it could start to destroy the immune cells within five minutes.

It had been two days, and the immune cells had not been affected!

Qin Sheng tilted her head and thought for a moment. "It seems like it'll take even longer."

She took out a sealed glass container. She had made it the day before the computer science competition, but she had forgotten about it.

She handed it to Gao Yongliang and said, "I'm not sure if the immune cells in this one have been destroyed. I haven't observed it."

Gao Yongliang did not hear Qin Sheng's words clearly, so he took it and observed it.

"It's not destroyed!" Gao Yongliang couldn't even speak properly. "It's been a week. These... These immune cells are still living well."

After Zhao Xiang heard Gao Yongliang's words, she knew that Qin Sheng had indeed completed the research.

Her mind was blank, and she couldn't believe it.

How was that possible? How did Qin Sheng have such an ability?

Gao Yongliang stared at Qin Sheng, his eyes bright. "Qin Sheng, can you tell me the components of the reagent and the cultivation method?"

Qin Sheng had made a record of it. She tore off a piece of paper and handed it to Gao Yongliang. "It's all here."

"Professor Gao, perhaps you should take good care of these records." She glanced at Zhao Xiang and smiled.

Zhao Xiang would probably do something like steal the components of the reagent.

"Alright, alright," Gao Yongliang nodded his head repeatedly. He naturally understood the importance of keeping this a secret.

If it was stolen, all these efforts would become the credit of others.

Gao Yongliang was still worried. He looked at Zhao Xiang and said, "Student Zhao Xiang, you can stop your research now. Hand over the key first. We can't reveal Qin Sheng's research."

When Qin Sheng did her research, there would be a lot of reagents left behind. It was inevitable that someone could take them away and find out the ingredients.

Zhao Xiang's face turned pale. Gao Yongliang's face changed so quickly.

Her lips curled into a smile. "Professor Gao, I can't do that kind of thing."

Qin Sheng didn't give Zhao Xiang any face. "You've always been against me. First, you colluded with Shen Jiayue to steal my speech. Later, you even got your father to arrange for someone to kick me out of Imperial Capital University because of a little conflict. Can I trust you?"
