Chapter 1041 Qin Sheng Did Not Take the Exam

Zhao Xiang didn't expose Shen Jiayue.

She put down the pen in her hand and smiled. "Shen Jiayue, don't worry. I don't blame you. After all, you're just my dog. You were seduced by the things that people gave you outside. When you're hungry, you'll naturally come back."

Zhao Xiang's words had a strong sense of humiliation.

Shen Jiayue's hands that were hanging by her sides clenched tightly. She was extremely embarrassed, but she didn't dare to refute Zhao Xiang.

Zhao Xiang sneered. She continued, "Don't worry. As long as you're obedient and have good food and drinks, I won't give you anything less. I'll also give you money."

Shen Jiayue's fingertips almost dug into her palm.

Her hatred toward Zhao Xiang had reached its peak, and she started to blame her parents.

If it wasn't for the fact that they were incapable and didn't give her a family background like Zhao Xiang's, why would she have to be so submissive?

Even if Zhao Xiang was humiliating her, she didn't dare to retort.

After Zhao Xiang finished speaking, she didn't bother with Shen Jiayue.

Her time was very precious. She had to go through all the textbooks again before the exam. She had to surpass Qin Sheng and get first place in the exam.

—

On Sunday, the seating arrangement for the exam was released and sent directly to the class notice group on QQ.

After Zhao Xiang took her seat, she went to look for Qin Sheng's.

However, she couldn't find it after searching several times.

Zhao Xiang frowned and asked in the class group chat, [Where's Qin Sheng? Why isn't hers up there?]

[Qin Sheng?] the subject representative replied. [She's not taking the exam.]

Zhao Xiang was stunned. [Why?]

[I'm not sure if this was what the form teacher said,] the subject representative member replied honestly.

Zhao Xiang recalled what Qin Sheng had said back then. She was not qualified to take the exam with her.

She tightened her grip on her phone.

Could this be what Qin Sheng meant by not being qualified?

Did Imperial Capital University allow Qin Sheng to do whatever she wanted? She was just the top scorer in the National College Entrance Examination. How could she ignore the school's rules?

It was fine if she didn't need to go to class, but she didn't need to take an exam either!

There weren't many subjects for the first-year Medical Department's exam last semester, only seven, so it only took two weeks to finish.

Even after the exam was over, Qin Sheng still did not appear on the exam grounds.

Zhao Xiang, on the other hand, had seen Qin Sheng in the library several times.

She was certain that Qin Sheng had not gone to take the exam.

On the night the exam ended, Zhao Xiang contacted a marketing account with 20 million fans and spent a large sum of money to get them to slander Qin Sheng.

Although Qin Sheng was not a public figure or an entertainment star, she had been on Weibo's trending searches for the past six months. She was even more active than A-List celebrities.

She was very popular on the internet and had more than 10 million followers on Weibo.

Since Zhao Xiang had asked them to expose Qin Sheng's dirty secrets, these marketing accounts were naturally willing to do so. It could attract a huge wave of traffic.

Within an hour of the revelation, Qin Sheng's topic shot to the top of the trending searches again.

However, this time, it was a scandal.

[Gossip Entertainment Tycoon V: According to the reactions of some students at Imperial Capital University, Qin Sheng has made some unreasonable requests to the school using her status as the top scorer in the college entrance examination. The school has also covered up for Qin Sheng in many ways. For example, Qin Sheng has the privilege not to go to school for classes, not needing to undergo military training, and not even needing to take the final exams?]

[Isn't this unfair to the other students? Also, isn't Qin Sheng being a little unreasonable by doing this? @Sheng]

Chapter 1042 The President of the Fan Club

Zhao Xiang had also hired some internet trolls, and the top five most popular comments were all occupied by these internet trolls.

[Nero Zhou: Hehe, a person who disregards the rules will also be scum.]

[Old Wang From Next Door: She's really lawless just because her grades are good. And those leaders of Imperial Capital University actually let Qin Sheng do whatever she wants? It seems that Imperial Capital University is just so-so after all.]

[I'm Blackie: Strongly request for the removal of Qin Sheng's special privileges. At the same time, Qin Sheng must make a public apology to the students of Imperial Capital University.]

Some of the onlookers who did not know the truth were led astray and began to slander Qin Sheng.

Many of them were jealous.

Zhao Xiang smugly scrolled through Weibo. She had been looking at the comments and was in a good mood when she saw the comments scolding Qin Sheng.

She could finally hold her head high for once.

Wasn't Qin Sheng the most capable of all? She wanted to see how Qin Sheng would deal with this.

Zhao Xiang did not expect that Qin Sheng had already finished her exams.

Qin Sheng's fans were very strong, and they started to comment on their own.

In just half an hour, the hot comments from the internet water army were all pushed down and were replaced by comments from Qin Sheng's fans.

[Sheng Sheng's Little Fanboy: Sheng Sheng, let them be jealous. We support you. If they have the ability, let them get a full score in the National College Entrance Examination. Seriously, do you have nothing to do these days?]

[Domineering Sister Sheng's Lovely Wife: Our Sister Sheng is so powerful. What, you're not convinced?]

[Sheng Sheng Is Mine: Sister Sheng, you're amazing. You can actually get one of the top universities to give you special privileges.]

The Weibo ID of Sheng Sheng's Little Fanboy was Old Master Lu. Every time there was news about Qin Sheng, he would be the first to appear. He was a living, loyal fan of Qin Sheng.

He had even created a fan club for Qin Sheng. He was the president himself since he was not at ease letting someone else be the president.

The controlled reviews this time were all caused by old master Lu.

Now that someone was slandering Qin Sheng, Old Master Lu was furious. He picked up his phone and started scolding Fu Hanchuan.

"You little brat, Sheng Sheng is already being slandered so badly on the internet, and you're still not going to help clear her name? If you can't even protect your own girlfriend, then what's the point of having you as a boyfriend? Just break up."

Fu Hanchuan was leaning on the sofa with his legs crossed.

Hearing Old Master Lu's words, he rubbed the space between his eyebrows. He had a headache.

"Grandpa, I've already found out who was the one behind this. After Imperial Capital University comes out to clear things up, I'll deal with the other party."

Old Master Lu was relieved and muttered, "That's more like it. Let's leave it at that for now. I'm still busy organizing the fans to go against those anti-fans, so let's leave it at that."

Qin Sheng was reading an extra-curricular medical book.

Naturally, she knew about the news on the internet.

If it were any other time, she would have handled it herself. But this time, she left it all to Fu Hanchuan.

Fu Hanchuan looked at Qin Sheng and smiled helplessly. "Sheng Sheng, I feel like Grandpa and the others are constantly thinking about us breaking up. He's treating you like his real granddaughter."

Qin Sheng smirked and looked at Fu Hanchuan. She said seriously, "Brother Fu, as long as you don't betray me, we won't be separated."

Fu Hanchuan couldn't help but pull Qin Sheng into his arms. He rested his chin on Qin Sheng's hair and couldn't help but let out a very low, happy laugh.

"Don't worry, Sheng Sheng. We'll be together for the rest of our lives."

No one could separate them. Qin Sheng was his, and she would be for the rest of their lives.

Chapter 1043 Imperial Capital University's Clarification

On the other side, many of Qin Sheng's anti-fans had appeared. They usually did not dare to show their faces, but now that they had finally gotten the chance, they naturally did not want to miss it.

Their words were very unpleasant to hear.

Old Master Lu was wearing a pair of presbyopic glasses as he jotted down their Weibo IDs one by one, jotting them down on a whole page.

He then passed it to the butler and instructed, "Ban all these Weibo users. How dare they slander Sheng Sheng? Are they tired of living?"

The butler could not help but sigh. "Old Master, with you protecting Sheng Sheng, she doesn't have to worry about being attacked online."

In the past, Old Master Lu did not even know about Weibo. In just half a year, he had become Qin Sheng's number one fan and the president of the fan club.

Under Old Master Lu's lead, many of Qin Sheng's anti-fans were left speechless.

Old Master Lu raised his eyebrows smugly. "Of course, Sheng Sheng is my future granddaughter-in-law. If I don't protect her, who else will? Those two old men from the Lin family and the Qin family... Tsk, how are they as close as me and Sheng Sheng?"

Old Master Lu couldn't help but grind his teeth at the thought of Old Master Lin and Old Master Qin.

Didn't Qin Sheng just make a trip to the capital? And so many people had appeared to fight with him for Qin Sheng.

Fortunately, he and Qin Sheng had known each other for a long time.

The butler put in a good word. "Indeed, they're not as important as you in Miss Qin Sheng's heart."

Old Master Lu was elated. He waved his hand and said, "Double your salary this month."

The butler quickly followed Old Master Lu's instructions and sealed the Weibo IDs on the paper.

Those anti-fans who had their accounts blocked were filled with regret. It was obvious that Qin Sheng's people had done it. But it was not worth it to get their accounts blocked in exchange for badmouthing her once.

Of course, there was no medicine for regret in this world.

The next day, Qin Sheng's Weibo post was still at the top of the trending searches.

However, under Old Master Lu's lead, the fans successfully changed the direction of the comments.

Other than the internet water army that Zhao Xiang had hired, there were also people who slandered Qin Sheng, but there were very few of them. Most of the time, it was the internet water army who were making a fuss.

As for the anti-fans, they were terrified by Qin Sheng's fans and rarely dared to speak up.

When Zhao Xiang saw this scene, she bit her lips unwillingly.

As expected of these brainless fans. The truth was clearly Qin Sheng's fault, but they could still cover up for her.

Zhao Xiang personally stepped onto the stage and started fighting with Qin Sheng's fans.

At noon, Imperial Capital University came forward to clarify.

[Imperial Capital University V: Recently, there have been rumors on the internet that Qin Sheng does not need to go to class, does not need to undergo military training, and even does not have to take her final exams. These are not rumors, but do certain marketing accounts need to understand the facts before they express their opinions?]

[First of all, Qin Sheng does not need to attend classes because she can guarantee that she will rank first in her exams.]

[Secondly, there was no need for military training. In the military training assessment, she scored full marks in all the shooting and fighting events. Even the base personally invited her to go over and give her a high position.]

[In the end, Qin Sheng did not need to take the exams because she had taken the exams arranged by the school before the final exam. The exam included all the contents from year one to year four, and she had gotten full marks.]

[The following is part of the evidence.]

A video and several pictures were attached to the Weibo post. They were edited videos of the military training assessment and Qin Sheng's test content.

Not long after the post was sent, the hot comment below was 'F*ck'. There were hundreds of replies below the hot comment, and they were also a series of 'f*ck' in a very neat manner.

Chapter 1044 Get Ready To Slap Your Face

[D*mn, our Campus Belle Qin is too awesome. She actually jumped straight to the fourth year. I can only say 666.]

[This student of Imperial Capital University is shocked. I had no idea about this.]

[Look at my Sister Sheng's back during the military training. Can you guys compare? She's beautiful, elegant, capable of fighting and killing, and extremely capable. I love you, Sister Sheng, you've made us ordinary people feel that we came to this world to make up the numbers.]

[Is there any expert who can see the difficulty of those questions? There are so many answers that I'm dazzled. Of course, I don't have the ability to distinguish them.]

On the same day, an expert in the medical field opened a Weibo post to comment on this.

[Medical Xiao Liu: I saw a teacher from Imperial Capital University mention that the questions they gave Qin Sheng were one question for each subject. The questions covered a lot of knowledge points. This way not only does she need to have a deep understanding of each subject, but she will also need to apply it in a comprehensive way. This kind of exam is the most difficult.]

[I took a look and it is indeed so. It also includes knowledge points outside of class. I can see that the teachers of Imperial Capital University were ruthless. I can't guarantee that I will be able to solve these questions even if I were given a month.]

[Qin Sheng has completed all the questions in just over five hours. On average, she only took about three minutes for each question, and she answered them perfectly. She used a lot of professional knowledge. I can only say that there are new talents in every generation, and the new generation will surpass the old.]

Xiao Liu was a well-known figure in the medical world. For Qin Sheng to be acknowledged by him, she must be very impressive.

#Comments On the Difficulty of Qin Sheng's Exam#

This topic made it to the top of the hot search list, Imperial Capital University's clarification was still in the second, while the Weibo post that slandered Qin Sheng was still in the third.

The top three trending searches were all about Qin Sheng.

Many of the entertainment stars were so jealous that their eyes were red. Their top ten spots on the hot search could be counted with one palm a year, and they were all bought up by scandals and money.

And Qin Sheng was actually in the top three of the trending searches. It was as simple as eating and drinking.

If Qin Sheng was an actress, she would probably be targeted by many people. However, she was not in the entertainment industry, so those celebrities did not have the mood to target Qin Sheng.

The onlookers were all shocked.

Qin Sheng was actually so good that even well-known medical experts could not compare to her.

Also, when they thought about the comments they had made about Qin Sheng last night and in the morning, they instantly felt their faces hurt. They quietly searched for the comments from the past and deleted them all.

At the same time, Qin Sheng's Weibo received a lot of attention. This group of fans was mainly medical students or medical experts.

[F*ck, f*ck, f*ck!]

[That's awesome. I suddenly remember that during the college entrance exam, Sister Sheng only took an average of 40 minutes to complete each subject. And during the math competition, Sister Sheng was even faster than the others when she was doing the math questions.]

[I'm just asking, do those anti-fans' faces hurt? The next time you insult our Sister Sheng, you better be prepared to be slapped in the face.]

[I'm curious why they exposed this matter. They're just jealous of our Sister Sheng and are trying to make things difficult for her.]

Medical Xiao Liu's Weibo post was also posted on the forum of Imperial Capital University.

Zhao Xiang also saw it immediately.

Chapter 1045 It Was Zhao Xiang

She was trembling with anger and her face was stiff.

More than that, she couldn't believe it.

Qin Sheng, she, she actually dared to finish all the contents from year one to year four!

No wonder Qin Sheng said she was not qualified to take the exam with her. So she had been waiting for her here.

Zhao Xiang was very indignant. She had thought that she could use this incident to tarnish Qin Sheng's reputation. She did not expect that not only did she not achieve her goal, but it had also made Qin Sheng even more popular.

Of course, no matter how angry she was, Zhao Xiang could not do anything to Qin Sheng.

What Zhao Xiang did not know was that this matter had not ended.

Fu Hanchuan picked up his phone and ordered, "Let's start."

When Assistant Lin heard this, he immediately used the Weibo account that was developed by HD Group to post a Weibo message.

[HD.Fu V: The person who exposed Qin Sheng not taking the exam was Zhao Xiang from Imperial Capital University, who is in the same class as Qin Sheng. The following is the evidence of her contacting her marketing account and hiring the internet water army. (Picture) jpg]

There were four pictures as evidence.

They were evidence of Zhao Xiang contacting the marketing department, information on Zhao Xiang's Weibo account, contacting the internet water army, and screenshots of the internet water army's proposals. The evidence was very complete.

Zhao Xiang had no way to clear her name.

There was a wave of abuse against Zhao Xiang below the Weibo post.

Many people also noticed that this was Fu Hanchuan helping Qin Sheng?

HD.Fu was a Weibo verified user who only posted anything related to the HD Group. Although the HD Group did not respond to his post and they had an official account, everyone had already acknowledged that he was an account under the HD Group.

And this was the first time that HD.Fu had published a topic outside of the HD Group.

Fu Hanchuan and Qin Sheng were the first two people that came to everyone's mind. Fu Hanchuan was a manager of the HD Group, and it was said that the president of the group valued him a lot.

Since Qin Sheng was Fu Hanchuan's girlfriend, it was not impossible that the HD Group would help Qin Sheng.

Fu Hanchuan and Qin Sheng had a lot of fans who were CP fans. Before this, there were many fans of Qin Sheng and Lu Ming, Qin Sheng and Su Yixiu, but after seeing Fu Hanchuan and knowing that they were the real couple, they turned to the couple without any integrity.

They were excited to see the Weibo post.

[You two can show off your affection to your heart's content. I can continue to eat it, really.]

[Hurry up and get married. What are you waiting for?]

[He's really protective of his wife. It's fate that the two of them can be together, and they're a perfect match. I remember that Fu Hanchuan is also from Imperial Capital University, and it took him two or three years to get his PhD. If they weren't perverts, they wouldn't be together.]

Qin Sheng also had many girlfriend fans, and they were very hostile to Fu Hanchuan.

When they saw the comments from the CP fans, they all retorted. Their reason was that with Qin Sheng's ability, there was no need for Fu Hanchuan to clarify. She could solve it all by herself.

The CP fans were not happy either. They admitted that Qin Sheng was very capable, but Qin Sheng had asked Fu Hanchuan to help clear the air. It was just a little fun between them.

The two sides didn't give in and started to fight.

On Zhao Xiang's side, she had just woken up from her afternoon nap when she saw her QQ account. Many people had added her, but most of them didn't even add her as a friend and directly entered the group chat in QQ to privately chat and scold her.

The owner of the group chat in QQ was a fan of Qin Sheng, so she did not stop the people who attacked Zhao Xiang from entering the group chat.

Before Zhao Xiang could read the contents, her father knocked on the door and entered.

His face was gloomy.

Chapter 1046 Not Taking His Words Seriously

Zhao Xiang's heart skipped a beat and she had a bad feeling.

She was the only child in the family, and her parents had always doted on her. In her memory, the number of times her father had lost his temper at her since she was young could be counted with one hand.

And one of them was during the Lin family's reunion banquet. She had mocked Qin Sheng for sneaking into the banquet and being kept as a mistress, but she had not expected Qin Sheng to be the Lin family's granddaughter.

At the banquet, Father Zhao hit her for the first time.

With Father Zhao's expression today, something must have happened again.

Zhao Xiang got up from the bed. She didn't even put on her shoes and stood barefoot on the floor. The floor was very cold, and she shivered from the cold.

But she was not in the mood to wear shoes.

"Dad, what's the matter?" she asked nervously.

Father Zhao strode over and threw the phone on the bed. He pointed at the phone and said coldly, "Zhao Xiang, did I spoil you too much? You don't take my words seriously?"

Zhao Xiang's body shrank. "Dad, I don't know what you're talking about?"

Father Zhao saw Zhao Xiang's stubborn look and was so angry that he laughed, "You don't know what you did yesterday?"

Yesterday's incident?

Zhao Xiang had recalled how she had contacted the marketing account to slander Qin Sheng.

When she thought of this, Zhao Xiang cast this thought aside. This was impossible. She had done it very secretly, so her father would not know.

But other than this, she really couldn't think of any other reason.

Father Zhao's tone was very unpleasant. "Zhao Xiang, didn't I tell you to provoke Qin Sheng? The Qin family, Lu family, and Lin family behind Qin Sheng are all people we can't afford to offend. We do have some power and money, but in front of these wealthy families, it's easy for them to make us go bankrupt."

"Last time, because of your insensibility, you caused the company to suffer huge losses. The company's stock price fell again and again. It's been a few months since the incident, and the company's market value is far from its previous level. We've just caught a breath, and you're causing trouble for me again. I really regret having you!"

If it wasn't for the fact that he only had Zhao Xiang as his child, he wouldn't have wanted someone like her who often caused trouble for the company.

As expected, it was related to Qin Sheng!

Zhao Xiang picked up her father's phone with trembling hands. The first thing she saw was HD.Fu's Weibo.

After reading the entire post, she did not have the courage to continue reading the replies.

Unsurprisingly, there was a wave of abuse directed at her.

She kept shaking her head, her eyes filled with disbelief. "How is that possible? How did they know that I did it? I did it very discreetly."

When he heard Zhao Xiang's words, Father Zhao laughed from extreme anger. "Zhao Xiang, these things can be easily obtained by hacking into your phone and computer. I told you to study, but you don't even understand this! You're too naïve to not even have a capable hacker under your name."

Zhao Xiang clutched her phone tightly.

Jealousy toward Qin Sheng grew in her heart.

Qin Sheng actually had so many people who were nice to her and pampered her, and all of them had extraordinary backgrounds.

"The company is going to face a crisis again," Father Zhao said. "It's all because of your recklessness."

"Dad, what did the Lin family do to our company?" Zhao Xiang's lips trembled.

"Lin Haoyu intervened in a major collaboration that we are currently discussing. One of the collaborations involved a few billion dollars worth of funds and caused the other party to break the contract at the last minute. The Lin family's power is far stronger than ours. Between the Lin family and the Zhao family, they naturally chose the Lin Corporation."

Chapter 1047 Punishment, Dismissal

No matter how stupid Zhao Xiang was and how ignorant she was of business, she understood the severity of this matter. She stood there and did not dare to speak for fear of angering her father again.

Father Zhao lit a cigarette.

He rarely smoked because he was controlled by Mother Zhao.

Father Zhao puffed out a mouthful of smoke and looked up at the ceiling. "I'm afraid that the Lin family will target us in the future. Furthermore, the Lin family has been targeting us again and again. The other companies will follow suit. It will be difficult for our Zhao family to make a comeback in the future."

It would only decline step by step, and it would be very difficult to develop again.

Zhao Xiang bit her lip. After the Lin family's reunion dinner, she rarely dared to provoke Qin Sheng.

However, her hatred for Qin Sheng did not decrease. Instead, it increased day by day. When she saw that Qin Sheng did not come for the exam, she thought that she had something on her.

Zhao Xiang couldn't take it anymore and directly contacted the marketing account. She felt that she was doing it secretly and wouldn't be discovered, which was why she was so unscrupulous.

She had never thought that she would be discovered one day.

Zhao Xiang stood where she was. Her hands gripping the bottom of her clothes tightly. If she had another chance, she would definitely not go over and provoke Qin Sheng.

Her good life came from the Zhao family. If the Zhao family fell...

Father Zhao's eyes were fixed on Zhao Xiang. After a long while, he sighed. "Xiang Xiang, you're my daughter, my only daughter. No matter how wrong you are, I can't chase you out. But if there's a next time, I'll choose to protect the company. Also, your pocket money will be cut for a year."

Father Zhao's meaning was clear. Zhao Xiang still had one last chance.

If Zhao Xiang dared to cause trouble for the company again, then Zhao Xiang would be chased out of the house.

At Father Zhao's age, it wasn't difficult for him to have another child. If Mother Zhao couldn't give birth, he could go and find those women outside.

Hearing this, Zhao Xiang's face turned deathly pale, almost without a trace of blood.

She moved her lips. "Dad, I... I know."

—

The school had also found out about this matter. After an emergency meeting, they decided to expel Zhao Xiang.

On Imperial Capital University's official Weibo, there were already quite a few people who wanted Zhao Xiang to be punished.

The school's speed was also very fast. It was less than three hours after Assistant Lin posted on Weibo.

[Imperial Capital University V: Student Zhao Xiang did not understand the truth of the matter and maliciously contacted the marketing account and the internet water army to stir up the situation. Money transactions were also involved in this. The number of Weibo views of the marketing account has reached hundreds of millions, and it has seriously affected Student Qin Sheng's reputation. The matter is terrible.]

[After a school meeting, it has been decided to expel Zhao Xiang. Imperial Capital University values a student's character, and hopes that the students of Imperial Capital University will take this as a warning.]

There were a lot of praises for Imperial Capital University under the post.

Few people would think that Imperial Capital University had gone overboard. After all, if the matter was not clarified, it would ruin a person's reputation.

Zhao Xiang's eyes went black when she saw this Weibo post.

The whole internet knew about what had happened. If Imperial Capital University expelled her, no other school would want her in the future.

So, she could only have a high school degree?

Zhao Xiang panicked. She went to find her father to resolve it, but her father looked at her coldly. "How do you want me to help you? Because of you, I can't be a shareholder of Imperial Capital University anymore. What else do you want me to do? Since you've caused this, you have to bear the consequences."

Chapter 1048 She Was Abandoned

Zhao Xiang's body shrunk and she didn't dare to beg her father anymore.

She called the Principal directly and cried, saying that she was wrong. The Principal was not moved. "You're already an adult, so you have to take responsibility. Imperial Capital University has no reason to cover for you. If this matter were to pass easily, how do you expect me to answer to Qin Sheng and the public?"

What a joke. He had spent a lot of money to get Qin Sheng to stay at Imperial Capital University.

She had only been here for a semester, but she had already won so much honor for the school, not to mention the future.

He had to protect her no matter what.

How could he cover up for someone who slandered her?

Of course, the Principal only dared to think about it and did not dare to say it out loud.

Zhao Xiang's tears kept falling, and her entire face was covered in tears. "Principal, I really know that I'm wrong. Can't you forgive me? Give me a chance, I won't do this again. I will study hard."

The Principal was getting impatient. "That's it, Zhao Xiang. I don't think you've realized your mistake. Think about it."

Of course, the outcome of Zhao Xiang's punishment would not be so simple.

Before Zhao Xiang could recover from the shock, a court summons was sent to the Zhao family. It was Fu Hanchuan who had sued Zhao Xiang, demanding that she compensate for Qin Sheng's reputation and emotional damage.

Father Zhao was worried that this matter would affect the Zhao Corporation's reputation, so he had no choice but to resolve it personally.

He offered to give Qin Sheng 5 million yuan to settle it privately, but Fu Hanchuan was not willing to accept it. He was not even willing to accept 10 million yuan.

They could only go to court.

This time, Fu Hanchuan had hired the number one lawyer. Father Zhao's lawyer was also very famous, but he was far from being as good as Fu Hanchuan's.

In the end, the court demanded that Father Zhao pay Qin Sheng 15 million yuan for damage to her reputation and emotional distress.

Father Zhao did not like Zhao Xiang and did not treat her as well as usual.

He also went out to look for women more frequently. He wanted to have another woman and then have another child.

Zhao Xiang was practically abandoned.

As for the marketing account that Zhao Xiang had contacted to defame Qin Sheng, it did not end well either. Fu Hanchuan had someone send him a court summons.

In the end, he compensated Qin Sheng with 8 million.

Zhao Xiang had paid him 2 million yuan, and that marketing account had been restricted on Weibo. For a marketing account with tens of millions of fans like him, he could only give up this account and cultivate a new account under the restriction. However, this would take several years and he might not be able to achieve it.

The loss outweighed the gain.

That marketing account was filled with regret. If he had known earlier, he would not have listened to Zhao Xiang and slandered Qin Sheng.

The other Weibo verified accounts and marketing accounts were secretly shocked when they saw his end.

Qin Sheng actually had the ability to get so much compensation, and she even banned that marketing account. The other marketing accounts that followed suit did not end up well either. Each of them lost hundreds of thousands of yuan.

These Weibo verified accounts and marketing accounts could not help but feel lucky that they had not followed the trend and vilified Qin Sheng back then.

They had also learned that they could not provoke Qin Sheng no matter what in the future. Otherwise, they would die without even knowing how they died.

— —

Qin Sheng did not care about what was happening online, but seeing Fu Hanchuan protecting her like this, she felt very warm inside.

During the winter break, Qin Sheng also went to the company more frequently.

After half a year of research, the research on the full-dive virtual reality MMORPG had almost reached the middle stage. However, the later stages would only get more and more difficult.

Chapter 1049 Give Yourself More Holidays

It was rare for Qin Sheng to find her conscience. Hong Yuan was happy. With Qin Sheng around, the research progress was much faster.

After all, Qin Sheng knew what to do with just one look at some of the programming problems that they would need a few days to solve.

However, he was worried that Qin Sheng had only come to the company on a whim.

There was no guarantee that one day, she would return to her usual lazy self.

Therefore, Hong Yuan would ask Qin Sheng to help with a bunch of things every day. Qin Sheng felt a headache coming on, and she also had the thought of not coming to the company.

However, the team was currently researching the first part of Old Master Lu's illness in his previous life, so they basically didn't need her.

Qin Sheng stayed in the Fu Garden and had nothing to do. In addition, the research on holographic virtual online games was indeed very difficult. Perhaps with her help, the progress would be faster.

At the thought of this, the thought of not coming to the company disappeared.

However, she still had to have a talk with Hong Yuan.

In Qin Sheng's office, Qin Sheng's fingers were lightly tapping on the table. She looked at Hong Yuan and her lips curled up into a smile.

A chill ran down Hong Yuan's spine. Qin Sheng's behavior made him feel that Qin Sheng was up to something again.

"Uncle Hong," Qin Sheng said, "don't you think you're asking me to help you handle too many things?"

Hong Yuan smiled guiltily. "It's not much. Perhaps it's a little too much for me. But for Boss, it's very little."

Qin Sheng looked at the stack of documents on the table. They were as tall as two fists.

That was not all that she had to do today. Yu Bei had not come to look for her.

"Not much, Are you sure?"

Qin Sheng's eyes were filled with warning.

Hong Yuan coughed lightly and avoided Qin Sheng's gaze. He continued to speak against his conscience. "Yes, not much."

Qin Sheng retracted her gaze. Her tone was very calm. "I'm thinking if I should come to the company less and give myself more time off. After all, there's so much work and it's very tiring."

Hong Yuan, "..."

Qin Sheng's threat was ruthless!

Yu Bei had just opened the door to Qin Sheng's office when he heard these words.

Yu Bei, "..."

He looked at the few documents in his hand and closed the door silently.

If he forced Qin Sheng into a corner and she did not come to the company, he would lose more than he gained.

When Yu Bei returned to the company, he picked and chose the problems with the procedures. He frowned and was in a dilemma. He wanted to ask Qin Sheng every single one of them, but from the looks of it, Qin Sheng must not be willing to do so.

On the other side, Qin Sheng raised her eyebrows. "Perhaps I can give myself a break tomorrow."

"Don't, don't." Hong Yuan surrendered. He gritted his teeth and said, "Boss, you win."

With that, he reluctantly took away one-third of the documents. Then, he glanced at Qin Sheng's expression. It was obvious that Qin Sheng was still not satisfied.

Hong Yuan dawdled and took away a few other documents, leaving half of the total.

"Is this enough, Boss?" he asked carefully.

Qin Sheng raised an eyebrow. "Continue."

Hong Yuan, "..."

He could only take some more and leave a third for Qin Sheng.

Afraid that Qin Sheng would take advantage of him, Hong Yuan took the documents and disappeared.

Qin Sheng smiled helplessly.

She had just finished settling the documents that Hong Yuan had given her when Yu Bei arrived.

He smiled ingratiatingly and handed the procedural questions to Qin Sheng. "Boss, there are only three questions. Not many."

Qin Sheng knew very well that Yu Bei had overheard her conversation with Hong Yuan.

She nodded her head in satisfaction and did not make things difficult for Yu Bei.

She spent 20 minutes answering Yu Bei's questions.

Chapter 1050 Natural Envy Can't Come

Yu Bei looked at the computer that was filled with code and couldn't help but sigh again. "Boss, how does your head grow?"

Yu Bei was also very talented with computers. Before his competition with Qin Sheng, he had been very arrogant.

After he came to the company, he felt that he was a computer scumbag after Qin Sheng's repeated blows.

He was nothing compared to Qin Sheng.

Qin Sheng raised an eyebrow and smiled. "I was born with it. You can't be envious."

Yu Bei nodded in agreement. He was not as arrogant and conceited as Qin Sheng. Qin Sheng did have the right to say that.

"Then I'll go back first."

Yu Bei liked to study difficult programming problems. Now that Qin Sheng had solved them, he could not wait to go back and see Qin Sheng's solution.

Qin Sheng nodded. "En."

After Yu Bei left, she took out her drawing paper and started to draw the characters and clothes in the game.

Qin Sheng's drawing speed was very fast. In less than an hour, she had drawn 14 characters.

She took the paintings to the Art Department.

"Boss." The employees were all very respectful.

Qin Sheng nodded and went straight to the head of the Art Department. She handed the drawing paper to him. "Take a look and see if you can use it. You can arrange which character to use it on."

The head of the Art Department flipped through the drawings and was amazed.

Each of the characters that Qin Sheng had drawn had their own unique characteristics, and their matching outfits were also very fitting.

The Art Department Head nodded. "This will definitely be useful."

"Boss, who drew this?" he asked. "I would like to invite them to join our Art Department. We can't let such a talent go to waste."

They had already racked their brains to draw one of the characters, but they did not expect Qin Sheng to take out twelve drawings in a row.

Qin Sheng did not hide anything. She answered honestly, "I drew it."

The Art Department Head was speechless.

"Are you sure, Boss?"

When he said that, he had thought of Qin Sheng's victory in the National University Student Painting Competition, as well as the online speculation that Qin Sheng was the famous young artist Sheng.

Before Qin Sheng could say anything, the Art Department Head coughed. "Boss, I didn't expect you to be so good."

Qin Sheng only smiled.

"But wouldn't that be a waste of your time?"

Qin Sheng said nonchalantly, "It's just an hour's work. It's fine."

The Art Department Head, "..."

One hour!

Shengshi Entertainment had always had very high standards for the characters in the game. Usually, an employee in their department would need at least three hours to draw a character, and they would have to make a lot of changes after that.

On average, Qin Sheng only took five minutes for each character, and the character and style were perfect.

No wonder Qin Sheng could become the champion of the National University Student Painting Competition!

Since it was like this...

The Art Department Head rubbed his hands. "Boss, can you help us draw a few more?"

As soon as he said that, the Art Department Head recalled what Yu Bei had often complained to him about. He had said that Qin Sheng had been a hands-off boss because she found it troublesome.

It had been almost a year since he came to the company. Other than coming to the company more frequently this week, he usually did not see Qin Sheng at all.

He did not have much hope that Qin Sheng would help him.

To her surprise, Qin Sheng agreed. She nodded. "Okay."

The Art Department Head's eyes lit up. "Thank you, Boss."
