

Bigshot 1071

Chapter 1071 We Don't Need To Keep In Contact

Those who had not watched the video and had directly posted their comments were confused by the new comments.

They ran over and looked back at the video.

Then, they quietly deleted the comments that they had posted earlier.

Because of Qin Sheng's Weibo post, the situation was reversed in an instant. Lou Sitian's image, which had been defamed by the entire internet, was also reversed.

The number of Lou Sitian's Weibo fans was also soaring.

They were all apologizing to Lou Sitian.

Lou Sitian had been paying attention to Weibo the whole time, so she was the first to notice the post that Shenghe Entertainment had posted.

She looked at the comments that attacked her on her Weibo. They were all replaced by apologies.

Lou Sitian's eyes were a little moist.

She had never thought that there would be a day where she could clear her name.

The past week had been the darkest time of her life. She couldn't sleep every day, and she thought that her life would be like this from now on.

And she ran into Qin Sheng.

Lou Sitian picked up her phone and typed a message to send to Qin Sheng. [Thank you, Boss.]

On Wu Teng's side, he was also furious.

In the chairman's office, the documents were scattered all over the floor, and even the computer was thrown to the ground.

The secretary walked in and frowned when she saw the scene in the office. She then said carefully, "Chairman, the Weibo post from Shenghe Entertainment..."

The veins on the back of Wu Teng's hands bulged as he said in a deep voice, "Leave it."

The secretary frowned. "Are we going to compromise just like that?"

"We have no choice!" Wu Teng gritted his teeth and said, "Shenghe Entertainment is closely related to the Lin family, the Xie family, and the Qin family. I think they must have a strong background. We don't dare to provoke the Lin family, let alone Shenghe Entertainment. Otherwise, it would be easy for them to take us down."

"Then, Chairman, what should we do now?"

Wu Teng sat on the chair weakly. "Post an apology on Weibo."

“Yes,” the secretary agreed.

She followed Wu Teng’s instructions and apologized to Lou Sitian on Weibo.

However, the netizens didn’t buy it and continued to attack Wu Teng and Huaan Corporation.

The Huaan Corporation’s products also started to return, and the stock price kept falling.

The person who had hired that man to pour sulfuric acid on Lou Sitian was Wu Teng’s wife. At first, that man was unwilling to reveal the mastermind behind the scenes. It was Qin Sheng who had provided the evidence to the police.

He had been taken away for investigation, and Qin Sheng had also arranged for it. Wu Teng’s wife had been detained.

When the news got out, Huaan Corporation’s stock price dropped again.

Many companies ended their contracts with Huaan Corporation.

Wu Teng was filled with regret. He shouldn’t have agreed to Ling Shimeng’s request to deal with Lou Sitian. Otherwise, the company wouldn’t be in such a predicament.

Ling Shimeng also received a lot of insults, and her number of fans dropped greatly.

She went to Wu Teng and cried, “Chairman Wu, help me. If this continues, I’m going to be ruined.”

Wu Teng’s expression was very ugly. He was also complaining to Ling Shimeng, “Ling Shimeng, if it wasn’t for your jealousy, would we have been targeted by Shenghe Entertainment?”

Ling Shimeng was taken aback. She didn’t expect Wu Teng to speak to her like that.

“Chairman Wu, what are you doing?” she said, feeling wronged.

Wu Teng didn’t give her any face. “We don’t have to contact each other in the future.”

After that, he hung up the phone.

The anger in Wu Teng’s heart had yet to dissipate. He made a move on Ling Shimeng and tried to intercept her resources in various ways.

The chairman of Jiaxun Entertainment had always been trying to curry favor with Wu Teng. Seeing that Ling Shimeng’s reputation was bad and that she only had a few million fans left on Weibo, he didn’t protect her and banned her.

Chapter 1072 His Brother Was Adopted

After Lou Sitian’s matter came to an end, Qin Sheng and Fu Hanchuan returned to the capital.

At the airport, Old Master Lu had been waiting for a long time. He was accompanied by a few bodyguards in black.

They had pulled out a red banner with the words ‘Welcome home Sheng Sheng’ written on it. It was very conspicuous in the airport.

Old Master Lu noticed Qin Sheng not long after she got off the plane.

He was excited and waved to the bodyguards behind him.

“Welcome home, Miss Qin Sheng!” the bodyguards shouted.

Instantly, everyone looked at Qin Sheng.

Qin Sheng massaged the space between her brows, feeling a headache coming on. She walked over.

“Grandpa Lu.”

“Ai.” Old Master Lu sized Qin Sheng up and said with heartache, “Look at you, child. Did you go hungry in the capital and lose weight again?”

In fact, Qin Sheng’s weight had not changed.

Qin Sheng looked at the bodyguards. “Grandpa Lu, put the banner away.”

Qin Sheng was a regular on Weibo’s hot search. The country’s shows had even reported on Qin Sheng, so she could be considered a popular person on the internet.

Because of the commotion Old Master Lu had caused, many people recognized Qin Sheng.

They were taking pictures of Qin Sheng with their phones.

Old Master Lu had always granted Qin Sheng’s every request. He instructed the bodyguards, “Do as she says.”

When Old Master Lu faced Qin Sheng, he returned to his amiable appearance. He held Qin Sheng’s hand and walked out of the airport, completely ignoring Fu Hanchuan.

Fu Hanchuan and his assistant picked up the luggage and caught up with them.

Old Master Lu and Qin Sheng got into the car. Fu Hanchuan handed his suitcase to the assistant and wanted to get into the car as well, but Old Master Lu closed the door.

He rolled down the window and said with a smile, “Hanchuan, the car can’t fit anymore. Didn’t your driver drive here? You can just take your own car.”

Fu Hanchuan was speechless.

He could only watch as Qin Sheng and Old Master Lu left together.

Fu Hanchuan’s face was very dark, and his whole body was emitting cold air.

The assistant silently moved away from Fu Hanchuan.

Qin Sheng finally came back, and Old Master Lu kept chatting with her. During dinner, he was worried that Qin Sheng would not be used to the food at home, so he asked Fu Hanchuan to cook in the kitchen.

Even until 8 o’clock, Old Master Lu was still unwilling to let Qin Sheng leave.

Lu Ming took a bite of the apple and rolled his eyes when he saw how close Old Master Lu was to Qin Sheng.

Those who did not know better would think that Qin Sheng was his grandfather's real granddaughter.

When he came back, his grandfather's face was full of disdain, as if he had been adopted.

When he saw Fu Hanchuan again, he felt much better.

Well, his brother was also adopted.

Moreover, according to his brother's possessiveness toward Qin Sheng, he must be feeling terrible after Qin Sheng was being possessed by his grandfather for so long.

Lu Ming took another bite of the apple and looked at Fu Hanchuan's ugly face in a good mood.

Fu Hanchuan kept looking at his watch from time to time. When it reached 8:30, he couldn't help but say, "Grandpa, Sheng Sheng has been flying the whole day. She's tired."

Old Master Lu waved his hand. "Sheng Sheng, you can stay here tonight. I've been saving a room for you, and the servants will reward you every day."

Fu Hanchuan massaged his temples. "Grandpa, Sheng Sheng didn't bring any clothes to change into."

"It's fine, I'm already prepared."

Chapter 1073 Qin Sheng Is Back

Old Master Lu was determined to make Qin Sheng stay.

Fu Hanchuan's face darkened.

Qin Sheng also wanted to spend more time with Old Master Lu while she was back, so she said, "Brother Fu, I think I'd better stay at the Lu family for the time being."

Fu Hanchuan did not insist and said helplessly, "I'll move in too."

Fu Hanchuan could not bear to be separated from Qin Sheng.

Old Master Lu glared at Fu Hanchuan. "You little brat, what are you doing here?"

Fu Hanchuan had a room in the Lu Residence, and he stayed there regardless of Old Master Lu's objections.

The next day, Mother Lu also returned. She was overjoyed to see Qin Sheng. She hugged and hugged her, even leaving a red lip print on her face.

Fu Hanchuan looked on from the side, the veins on his forehead throbbing, but he couldn't do anything to Mother Lu.

Mother Lu would often take Qin Sheng out to play.

As for Fu Hanchuan, even when he was in the Lu family, Mother Lu rarely let him have any contact with Qin Sheng.

Fu Hanchuan began to count the days before they returned to the capital.

He had a headache. He kept feeling that the whole world was trying to stop him from being with Qin Sheng.

—

On this day, Qin Hai returned to the Qin family. He threw the documents on the coffee table.

Lin Shuya was cutting her nails on the sofa. She glanced at him and said coldly, "You're back."

In the past few months, whenever Lin Shuya returned to the Qin family, they would quarrel.

In the end, Qin Hai did not return even once a week.

Qin Hai sneered. "Lin Shuya, what kind of good daughter did you give birth to?"

Lin Shuya frowned. "What's wrong with Rou'er?"

"It wasn't Qin Churou."

Lin Shuya heaved a sigh of relief. Her only hope now was Qin Churou, and she didn't want anything to happen to her.

There was an obvious look of regret on Qin Hai's face. "When I went to discuss a collaboration today, I saw Qin Sheng and the wife of the Lu Corporation's chairman together. They looked very intimate. I didn't expect Qin Sheng to have a thing with a man from the Lu family. I've really underestimated her."

Qin Hai was very regretful. He did not expect Qin Sheng to have such an ability to make the grandson of the Lu family completely devoted to her. Otherwise, he would never have cut off all ties with Qin Sheng.

With the Lu family's help, he would not be in such a predicament.

Shenghua Real Estate's rapid development had almost squeezed out the Qin Real Estate's living space.

When Qin Churou suggested for him to start up an entertainment company, Qin Churou also proposed a bunch of attractive conditions, which Qin Hai agreed to without any hesitation.

Qin Hai had never expected Qin Sheng to be so outstanding.

She was the only top scorer in the country, and the famous painter Sheng. She had even solved a difficult computer programming problem.

No matter which one of them was taken out, they would be an existence that would make people jealous.

In the future, if Qin Sheng returned to the company to help, his company might be able to come back to life.

"A man from the Lu family." Lin Shuya's tone was full of disdain. Qin Sheng is just a little bit of a vixen.

Qin Hai looked at Lin Shuya coldly. "If you hadn't kept Qin Sheng's results from H City High School a secret and thought that she had cheated, would I have thought that she was a useless piece of mud?"

Lin Shuya stood up with an unsightly expression. "Qin Hai, you're talking about me? Aren't you the same? You look down on Qin Sheng because she came back from the countryside. You've never valued

Qin Sheng and never asked about her grades. Now that you've seen how outstanding Qin Sheng is, you're blaming everything on me."

Chapter 1074 I Really Regret Having You

Qin Hai tried his best to suppress the anger in his heart.

The veins on the back of his hand were popping, revealing his mood.

Lin Shuya pointed at Qin Hai and sneered, "As for you, Qin Hai, you sold Qin Sheng to Feng Shuo and cut off all ties with her for your own benefit. I didn't force you to do this, did I? Don't try to push all the blame on me. Who knew that this was all arranged by Qin Sheng?"

Qin Hai's face darkened completely. Lin Shuya's words had touched the sore spot in his heart.

He gave Lin Shuya a slap across the face. "I really regret marrying you."

These days, Qin Hai had frequently made a move against Lin Shuya.

Lin Shuya's face turned to the side.

Unwilling to be outdone, she pounced forward, scratching and circling Qin Hai's face. Very quickly, a few red marks appeared on Qin Hai's face.

Qin Hai was furious. He pushed Lin Shuya to the ground and left.

Lin Shuya's knees and elbows were injured.

Her tears continued to fall, and she once again regretted her decision. Back then, she had ignored the Lin family's pleas and insisted on marrying Qin Hai.

Qin Hai had never liked her. The only reason he was with her was because of the Lin family's wealth.

Back then, if she had not married Qin Hai, she would still be the daughter of the Lin family, the young miss of the Lin family. The Lin family was one of the top aristocratic families in the country. When she went out, she would be fawned upon by many people.

It was not that Lin Shuya had never thought of not returning to the Lin family, but she had a sense of pride in her heart and could not let go of her pride.

The next morning, Mother Lu dragged Qin Sheng out for a walk again.

The Lu family was a rich and powerful family. Lin Shuya found the Lu family's address on the internet.

She would appear outside the iron gate from time to time, but she didn't dare to enter.

The Lu family's mansion was far more luxurious and stylish than the Qin family's mansion. Even the number of servants in the Lu family's mansion was much more than the Qin family's.

Lin Shuya looked at the villa, her hand gripping her branded bag tightly.

She did not understand why Qin Sheng would be so lucky to be able to get into a big family like the Lu family.

The warm sun shone outside. Mother Lu had an idea and took Qin Sheng out for a walk.

Lin Shuya blocked Qin Sheng's path. "Qin Sheng."

Qin Sheng frowned, but there was no expression on her face. "I have something to do."

Mother Lu looked at Lin Shuya and asked in confusion, "Sheng Sheng, this is?"

Mother Lu had never met Lin Shuya before, so she was not clear about her relationship with Qin Sheng.

"Just a stranger," Qin Sheng said nonchalantly.

Lin Shuya said excitedly, "Qin Sheng, I'm your mother. What stranger? Sure enough, after a trip to the capital, you won't recognize your family anymore. I really regret giving birth to you."

Mother Lu had heard Old Master Lu's complaints about Lin Shuya before, so she knew who she was.

There was even a time when her heart ached for Qin Sheng.

Qin Sheng was such a well-behaved daughter, yet her own biological mother despised her.

Of course, Mother Lu did not think that it was Qin Sheng's fault. Instead, she felt that Lin Shuya's heart had strayed to one side. She doted on an adopted daughter and did not care about her own biological daughter...

Not to mention that Qin Churou's biological parents had switched Qin Sheng and Qin Churou.

Lin Shuya was also a weirdo. She did not hold anyone responsible for the person who caused her to be separated from her own flesh and blood.

Mother Lu looked down on Lin Shuya. She wanted to see what was in Lin Shuya's brain to have such a brain circuit.

She shielded Qin Sheng behind her. "Lin Shuya, Sheng Sheng has cut off all ties with you. She has nothing to do with you."

Chapter 1075 You're After the Lu Family's Money

Lin Shuya straightened her back. "I gave birth to Qin Sheng. She's still my flesh and blood. If it weren't for me, Qin Sheng wouldn't have come to this world at all. Even if we cut off all ties, I'm still her mother. This can't be changed."

Mother Lu laughed in anger at Lin Shuya's weird remarks. "This is the first time I've seen such a thick-skinned person."

Lin Shuya pointed at Qin Sheng, who was standing behind Mother Lu "Sheng'er, you're already living in the man's house before you're married to Fu Hanchuan. You're a girl. Aren't you embarrassed? Listen to Mom and move out."

Lin Shuya could not bear to see Qin Sheng doing well.

She felt that since she had already married a man like Qin Hai, why should Qin Sheng, as her biological daughter, marry such an outstanding man?

Qin Sheng should be as unhappy as she was.

When Lin Shuya saw that Qin Sheng was only looking at her coldly, she frowned. She softened her voice and continued, "Sheng'er, I've been through this before. Of course, I know more than you. You're my biological daughter. There's no reason for me not to protect you. I admit that I was foolish before. But Sheng'er, I promise that I'll treat you well in the future."

There was no expression on Qin Sheng's face. "So, you're telling me to separate from Brother Fu?"

Lin Shuya thought that Qin Sheng had listened to her.

As expected, Qin Sheng still yearned for her biological mother's love. As long as she showed weakness, Qin Sheng would side with her.

Lin Shuya laughed. "Yes, Fu Hanchuan must be up to no good when he asked you to live with him. He's only interested in your looks. Don't be fooled by him."

Qin Sheng did not interrupt. She only watched Lin Shuya's performance with interest.

Mother Lu could tell that Qin Sheng had not been bewitched by Lin Shuya, so she was relieved.

Her admiration for Qin Sheng grew.

She really admired Qin Sheng's decisiveness.

If Qin Sheng was indecisive and cared about her family relationship without distinguishing right from wrong, she would probably be tortured by Lin Shuya for the rest of her life.

Mother Lu looked at Lin Shuya as if she was watching a good show.

Lin Shuya did not notice Qin Sheng's strange expression.

She continued, "Besides, for a big family like the Lu family, the most important thing is to be well-matched in social status. Sheng Sheng, the Qin family is indeed rich, but we can't compare to the Lu family. I think Fu Hanchuan is just toying with you. You should break up with him as soon as possible, in case you get hurt in the future."

She said it so sincerely as if she was thinking for Qin Sheng from the perspective of a mother. If Qin Sheng did not know Lin Shuya well, she would have been deceived by her.

Qin Sheng sneered. "Lin Shuya, I won't break up with Brother Fu. I'm afraid your wishful thinking will be ruined."

Lin Shuya frowned. "Sheng'er, are you after the Lu family's money?"

She said this on purpose for Mother Lu to hear.

She knew very well that a family like the Lu family would avoid anyone eyeing their money.

If the Lu family was certain that Qin Sheng was greedy for money, they would naturally not let her into their house.

Qin Sheng raised her eyebrows. "So what if I am?"

Lin Shuya laughed coldly in her heart. She actually dared to say in front of Mother Lu that she was doing it for the Lu family's money. She did not believe that the Lu family would not have a rift with Qin Sheng since the beginning.

She looked at Mother Lu.

When Mother Lu heard this, she turned to face Qin Sheng and smiled. "Sheng Sheng, tell Hanchuan however much you want. Hanchuan's money is yours. If you need money, you can tell Uncle, Aunty, and Grandpa Lu."

Mother Lu thought that she could give some of the Lu Corporation's shares to Qin Sheng.

Chapter 1076 Want To Take Qin Sheng Away

Lin Shuya could not believe that Mother Lu would have such an attitude.

After she came back to her senses, she sneered and said, "You're making it sound so nice, but you're willing to give your money to an outsider? What a joke!"

Lin Shuya turned to Qin Sheng and said, "Sheng'er, look at the Lu family's matriarch. If she can lie, do you think the rest of the Lu family will be fine? Even if you marry into the Lu family in the end, you won't have a good life in the Lu family. Listen to me and follow me back to the Qin family. I will find you a good man."

As she said that, she walked up and walked past Mother Lu, wanting to hold Qin Sheng's hand.

"Sheng'er, let's go back."

However, before Lin Shuya could touch Qin Sheng, she avoided her.

Lin Shuya frowned. "Sheng'er, what are you doing?"

Qin Sheng chuckled. "Lin Shuya, you don't have to put on an act in front of me. I'm very clear about your motive."

Lin Shuya explained, "Sheng'er, you're my biological daughter. The biggest purpose of a mother doing things is for your own good. What I said is the truth. Don't be afraid. Come back with me. I'll protect you in the future. I'll also give you money for your school fees."

Qin Sheng played with a leaf in her hand. "Did Qin Churou leave the Qin family?"

Lin Shuya frowned. "Sheng'er, Rou'er is also part of our family. Can't you be more tolerant of her?"

Lin Shuya did not understand why Qin Sheng was so hostile toward Qin Churou. She thought that since Qin Churou was an hour younger than Qin Sheng and was her younger sister, Qin Sheng should give in to her.

However, after Qin Sheng returned to the Qin family, she went against Qin Churou everywhere and even proposed to kick Qin Churou out of the Qin family countless times.

Lin Shuya was naturally unwilling.

Qin Sheng scoffed coldly. "I don't have such a white lotus sister, and I don't have such a saint's heart to tolerate a woman who framed me and stole my identity."

Lin Shuya's face turned green with anger at Qin Sheng's rebuttal. She did not suppress her anger anymore. "Qin Sheng, what are you saying? As expected of someone who grew up in the countryside! You don't understand the ways of the world."

"I don't understand. As for me living in the countryside, it's all because of Qin Churou's biological mother. Lin Shuya, you've never pursued this matter. I think you're glad that Feng Mei switched me with Qin Churou."

Lin Shuya's thoughts were read by Qin Sheng, and she avoided her gaze for a moment.

This was indeed the reason why she and Qin Hai did not pursue the matter with the Feng family.

They even sent a sum of money to the Feng family.

Qin Sheng raised an eyebrow. She continued, "Lin Shuya, as for what you said just now, that you wanted me to break up with Brother Fu for my own good, it's only because you can't bear to see me living well, so you're trying to break us up. If I was with a poor man, would you come to me?"

Qin Sheng had already gotten used to Lin Shuya's favoritism.

After her previous life, Qin Sheng no longer had any hope for Lin Shuya.

Lin Shuya's heart was always biased.

She had no feelings for her, her biological daughter. She only used her.

Even if Lin Shuya regretted it, she would not forgive her.

Some pain could not be erased with just regret.

At this moment, she looked at Lin Shuya without any emotions.

Lin Shuya straightened her neck. "Sheng'er, my attitude toward you wasn't good. You hate me and go against me. I know I'm wrong and I really want to fulfill my responsibility as a mother, but you don't care. What do I have to do to satisfy you?"

Chapter 1077 What Right Do You Have To Return To the Lin Family

Mother Lu's eyes almost fell out of their sockets when she saw Lin Shuya's aggrieved expression.

Lin Shuya was already in her forties, but she could still act so well.

She suddenly felt that it wasn't without reason that Qin Churou and Lin Shuya had been forced into a mother-daughter team by god.

If these two were not mother and daughter, it was hard for people not to believe it.

Lin Shuya wanted to continue speaking, but Qin Sheng raised her hand and interrupted her impatiently. "You don't have to pretend to be nice to me. I don't buy it. If you were really good to me, you wouldn't

have let Qin Churou stay in the Qin family. I'm not a fool. Do you think you can deceive me with your casual words?"

"Also, your last sentence, Lin Shuya." Qin Sheng smiled. "Don't disturb me. You're just following my wishes by treating me as a stranger."

Lin Shuya clenched her fists. She was so angry that her chest heaved up and down.

Qin Sheng was indeed a b*stard.

Even she, her biological mother, she did not care about. Without Lin Shuya, she would not have been born. Would Qin Sheng have the good life she had now?

Lin Shuya once again regretted not aborting her.

She didn't want a daughter like this.

Mother Lu crossed her arms in front of her chest. She was taller than Lin Shuya and looked down at Lin Shuya. "Lin Shuya, if you know what's good for you and have some face, stop pestering Sheng Sheng. Don't embarrass yourself."

After she finished speaking, Mother Lu held Qin Sheng's hand in heartache. Her words were full of pity.

"I didn't expect Qin Sheng to be abused at her foster parents' house, then when she returned to her biological parents' house, she was also looked down upon and her biological family allowed an adopted daughter to do evil things. Sheng Sheng is really unlucky to have parents like you."

Qin Sheng lowered her eyes, speechless.

There was an indescribable sourness in her heart. Her own parents were far less good to her than an outsider.

"I'll be the one to give Sheng Sheng the motherly love she's missing," Mother Lu said, her heart aching. "As for you, Lin Shuya, our Sheng Sheng doesn't care for you as a mother."

Lin Shuya glared at Mother Lu. "It's not up to you to interfere in my daughter and me."

She knew that Qin Sheng was destined not to listen to her, so she no longer had any hope for her.

Since Qin Sheng did not care for her as her mother, there was no need for her to suck up to her and let her step on her.

Qin Sheng was her daughter. Did she, as a mother, need to beg her daughter? What a joke!

Lin Shuya sneered. "Alright then, Qin Sheng. Tell me, how did you get back to the Lin family?"

Qin Sheng did not say anything. Lin Shuya felt that Qin Sheng was in the wrong and had nothing to say. She said in a disdainful tone, "Qin Sheng, the Lin family is my maternal family. Since you've cut off all ties with me, you're no longer my biological daughter. What right do you have to return to the Lin family and be the Lin family's granddaughter?"

Qin Sheng narrowed her eyes. "I remember that you were the one who was chased out of the Lin family."

Lin Shuya: "Even if I've been chased out of the Lin family, I'm still the daughter my father dotes on the most. He still wants me to go back. Qin Sheng, if you didn't use the name as my daughter, would the Lin family let you go back and even hold a banquet?"

Lin Shuya stubbornly believed that Qin Sheng was only able to return to the Lin family because of her.

Without her, the Lin family would not have noticed Qin Sheng at all.

Qin Sheng chuckled. "Lin Shuya, that's such a coincidence. When Grandpa saw me, he didn't want to acknowledge me because I have such a ridiculous blood relationship with you, Lin Shuya. After he found out that I've cut off all ties with you, he came to pick me up personally."

Chapter 1078 Qin Churou Is An Ingrate

Hearing this, Lin Shuya was stunned. She subconsciously said, "That's impossible, Qin Sheng. You must be lying to me. Dad has always wanted me, his daughter, to go back."

"Is that so?" Qin Sheng took out her phone and raised an eyebrow. "Lin Shuya, do you need to contact Grandpa to ask for an answer?"

When Lin Shuya saw Qin Sheng's confident expression, she could not help but waver in her previous thoughts.

Qin Sheng was about to dial Old Master Lin's number when Lin Shuya stopped her. She looked very agitated. "Don't call!"

Qin Sheng chuckled and kept her phone. She did not insist on it. After all, she did not want Lin Shuya to disturb Old Master Lin.

Lin Shuya heaved a sigh of relief, but she did not want to lose in front of Qin Sheng.

Lin Shuya straightened her back. "Qin Sheng, I've been spoiled by the Lin family since I was young. My father and brother will agree to any request I make. It's just that I did something wrong later on, so I cut off contact with them."

She said confidently, "As long as I go back and apologize, my father and the others will definitely forgive me."

"Ha..." Qin Sheng scoffed. If the Lin family had really forgiven Lin Shuya, she would have cut off all ties with them.

She didn't want to be in the same family as Lin Shuya, as it would make her feel disgusted.

Qin Sheng's expression was indifferent. "Then you can go back to the Lin family. If they allow you to return to the Lin family, then I have nothing to say."

Lin Shuya felt that she had the upper hand and straightened her back even more.

"Qin Sheng, I'm telling you, don't even think about taking anything from the Lin family. I'll go back to the Lin family sooner or later."

Lin Shuya was still unwilling to give up the Lin family's assets.

“As you wish,” Qin Sheng said.

She paused for a moment. “Lin Shuya, let me give you a kind reminder. Don’t count on Qin Churou too much. Qin Churou is an ungrateful wretch. If you place all your hopes on her...”

Qin Sheng chuckled and did not continue.

She had sent people to keep an eye on Qin Churou, and Qin Churou’s actions were all under her control.

Naturally, she knew that Qin Churou had lured Qin Hai into opening an entertainment company.

She would not interfere, but the day Qin Churou became the Best Actress would be a nightmare that Qin Churou would never forget...

She believed that with Qin Churou’s acting skills and desperate methods, this day would not be too far away.

Qin Sheng was looking forward to the day when Lin Shuya and Qin Churou would fall out with each other. It would definitely be exciting.

She loved to watch this kind of dog-eat-dog drama.

Lin Shuya frowned and subconsciously defended Qin Churou. “Qin Sheng, Rou’er is not an ungrateful person like you.”

“Is that so?” Qin Sheng chuckled and did not explain further.

Mother Lu took Qin Sheng’s hand and looked at Lin Shuya. “Sheng Sheng, your time is precious. Don’t waste too much time on these brainless people.”

Lin Shuya gritted her teeth. “What right do you have to talk to me like this?”

She looked at Mother Lu’s outfit and her eyes darkened. She clenched her fists in jealousy.

Mother Lu was very particular about her appearance.

The clothes she was wearing were all designed by a professional designer. Even her necklace was unique.

Lin Shuya had seen this necklace on the internet before. It was worth 20 million yuan.

Currently, Qin Hai only gave her 100,000 yuan a month. Let alone a necklace worth 20 million yuan, she didn’t even dare to think about 200,000 yuan.

In the past few months, she had rarely gone out with those rich ladies, for fear of being laughed at.

Chapter 1079 The Phone Number Is Out of Service

On the other hand, she could not afford anything on Mother Lu’s body.

Even Qin Sheng’s outfit was excellent.

If she were to return to the Lin family, she would be able to wear such an expensive necklace.

Upon hearing Lin Shuya's words, Mother Lu chuckled. "Why should I? Just because my husband is the CEO of the Lu Corporation. Can Qin Real Estate still survive if we just move our fingers? We can also make you bear a huge debt."

"Also, we're very happy that Sheng Sheng is marrying into our family. The one who's not worthy is Hanchuan."

Lin Shuya clenched her fists tightly. She was so angry that she was trembling, but she did not dare to refute.

"Sheng Sheng, let's go. We don't need to bother with these brainless people."

Mother Lu grabbed Qin Sheng's hand.

Qin Sheng's eyes curved into crescents, but she did not reject Mother Lu.

Lin Shuya stood where she was. Mother Lu and Qin Sheng walked around Lin Shuya and walked together.

Lin Shuya could still vaguely hear Mother Lu's voice.

"Sheng Sheng, let's go shopping again later. You're going to university, so you have to dress up well. You have to buy as many clothes as you can, okay? You have to prepare at least one set of clothes a day. You can throw away those clothes after wearing them once. I'll give you the money for the clothes."

Lin Shuya gritted her teeth.

This Qin Sheng was really lucky to have the Lu family treat her so well.

She didn't stay in front of the Fu family's house any longer and walked out of the villa area alone.

When she thought of Qin Sheng's mocking words, she suddenly stopped in her tracks.

She took out her phone.

She still remembered Old Master Lin's phone call very clearly even after more than 20 years had passed.

After struggling for a while, she finally pressed the dial button.

However, Lin Shuya's phone prompted her that the number she had dialed was not in service.

Lin Shuya's face turned pale. Her father had changed his phone number without telling her.

Suddenly, Lin Shuya lost the courage to contact Old Master Lin.

She kept shaking her head.

No, she couldn't just go back like this. Otherwise, how would the Lin family look at her?

It wouldn't be too late for her to go back after Qin Churou exploded in popularity.

—

Lin Shuya's matter had come to an end, but Qin Sheng did not take it to heart.

She had spent the New Year at the Lu family.

On the third day after the New Year, Qin Sheng had already packed her things and was ready to return to the capital.

H City Airport.

Old Master Lu pulled on Qin Sheng, reluctant to part with her. "Those two old men actually came out of nowhere to snatch you away from me. Sheng Sheng, remember to come back more often to see this old man. Grandpa Lu wants to go to the capital to accompany you."

At this point, Old Master Lu glared at Fu Hanchuan. "What a pity, someone was worried that I would take you away, so he kept me in H City."

Fu Hanchuan was obviously in a good mood today. He didn't take Old Master Lu's words to heart and just glanced at him indifferently.

Qin Sheng agreed. "Okay, Grandpa Lu. I'll come back to H City often."

Mother Lu had always felt that Fu Hanchuan was up to no good and that it was not safe for Qin Sheng to be by Fu Hanchuan's side.

She pulled Qin Sheng over and reminded her softly, "Sheng Sheng, although you and Hanchuan are already a couple, you're not husband and wife yet. You have to be careful of him and don't get too close to him."

Qin Sheng was already an adult, and Fu Hanchuan was already 24 years old.

The two of them were at the peak of their vitality, so it was inevitable that they would do something out of line.

Qin Sheng coughed lightly and nodded. "Alright."

Mother Lu looked at Fu Hanchuan and frowned. She was really worried about Fu Hanchuan.

Chapter 1080 Why Is He Not a Girl?

Fu Hanchuan's temples throbbed when he noticed Mother Lu's gaze.

He glanced at his watch. "Sheng Sheng, it's almost time to board the plane."

"Fu Hanchuan, do you really not want to see me that much?" Old Master Lu said in a huff. "You can't wait to get rid of me, right? You've grown up and your wings have hardened?"

In the past, Old Master Lu rarely reprimanded Fu Hanchuan.

However, after Fu Hanchuan got together with Qin Sheng, he found Fu Hanchuan to be an eyesore.

Fu Hanchuan remained silent and did not answer. He did want to leave H City with Qin Sheng as soon as possible.

In the past week or so, Old Master Lu and Mother Lu had been hogging Qin Sheng, so Qin Sheng had very little time with him.

Besides, Mother Lu had been instilling in Qin Sheng the idea that she should not be too intimate with him.

During this period of time, Qin Sheng had clearly been influenced by Mother Lu.

Qin Sheng would often avoid his intimacy without a trace.

On the other hand, Old Master Lu was still holding Qin Sheng's hand and constantly reminding her of something.

Two minutes later, the boarding time began.

Fu Hanchuan let out a sigh of relief. Old Master Lu had finally let go of Qin Sheng.

They watched Qin Sheng board the plane.

Lu Ming was holding his phone and looking at it, yawning from time to time.

Yesterday, he had played games until five in the morning. He had only slept for three hours when his mother pulled his ear and dragged him up.

She said she wanted to send Qin Sheng to the airport.

Since it was related to Qin Sheng, Lu Ming naturally did not dare to reject her. Otherwise, his mother would not let him off.

At this moment, Qin Sheng had already boarded the plane and was nowhere to be seen. Old Master Lu could not bear to look away.

Lu Ming couldn't help but gloat. "Grandpa, Dad, Mom, your little sweetheart ran away with a man and abandoned you. Aren't you angry?"

When Old Master Lu saw Lu Ming's messy hair, he suddenly felt angry for no reason.

He knocked on Lu Ming's head. "You're a fool. You're playing with your phone every day. Sheng Sheng is the top scorer in the college entrance examination. I'll thank the heavens if you can be half as good as her."

Mother Lu nodded in agreement. She looked at Lu Ming with a disdainful expression.

"Sister-in-law is a pervert. How can I compare to her?" Lu Ming held his head and said aggrievedly, "Also, I have no money and no motivation. Look at how biased you are. You only gave me 100 yuan each. What about Sister-in-law?"

When Lu Ming saw the amount of money in Qin Sheng's red packet, he was very tempted.

Every red packet must be worth at least 10,000 yuan.

Especially his mother and brother. They had too much money to stuff in red packets, so they directly gave Qin Sheng bank cards.

When Mother Lu heard Lu Ming's words, she said matter-of-factly, "Girls are delicate and should be raised well. Your skin is too rough."

Lu Ming was speechless.

He looked at Father Lu for help.

Father Lu patted Lu Ming's shoulder sympathetically. "You'll get used to it. When I was in college, your grandfather didn't give me any living expenses. What about you? You're luckier than me. Didn't you rank 11th in the National College Entrance Examination? The bonus of a few hundred thousand yuan is enough for you to spend. If it's not enough, you can go work and study."

"Dad, why didn't you guys make me a girl?" Lu Ming asked.

Other families valued men over women, but his family was full of weirdos.

Father Lu looked at him in disdain. "Do you think I don't want to? Because you're a boy, I was forced to sleep in the study by your mother for a year. I couldn't go back to my room."

Lu Ming was speechless.

He didn't want to talk anymore, so he looked at his phone again.
