All-Mighty Girl Gets Spoiled by A Bigshot

"Shengshi Technology is almost done with the holographic glasses. I think it'll be completed in two months. They'll use 5D technology in it, so it won't be difficult to make another 5D glasses."

Most of Shengshi Technology's employees were high-tech talents from all over the world. Of course, the majority were Chinese.

With so many people working on the holographic glasses, the development was almost complete.

The employees of Shengshi Technology were very active and often volunteered to stay behind to work overtime. They wanted to see the launch of the holographic online game as soon as possible. They could imagine that if the holographic online game was launched, it would cause a great sensation, even more so than the artificial intelligence game.

The more challenging something was, the more interested these employees would be.

Therefore, the progress of the research and development would far exceed Qin Sheng's expectations.

With the current level of technology, it was almost impossible to develop the holographic glasses.

Many top game companies had tried to develop it, but they were confused and made no progress. They had also spent a large amount of time and money, so they gave up on the later research.

Of course, Shengshi Technology was different.

They had a game that could currently earn them more than 100 million a day. They could afford to spend time and money on it. Moreover, they had Qin Sheng's guidance from time to time and a large number of technological talents.

Shengshi Technology's research on holographic virtual online games was progressing very quickly.

When he heard Qin Sheng's words, Su Yixiu could already predict how popular the movie would be. Just the name of a 5D movie would be able to attract a large number of people to the cinema.

And this was a script written by Qin Sheng herself.

Su Yixiu agreed, "Okay, I'll go and arrange it immediately. But our company doesn't have a suitable director, Sheng Sheng. As for Chang Ping, he has his own arrangements."

Qin Sheng's brows furrowed. She thought for a moment, then said, "Long Youwei."

Long Youwei?

Su Yixiu frowned. "Sheng Sheng, he's still accused of plagiarizing and has been boycotted by the whole internet. He's also been out of the entertainment industry for a long time. If he were to film it, will it affect the company's ratings?"

Su Yixiu had been known as a bookworm since he was a child, and he didn't pay much attention to the entertainment industry.

However, after Qin Sheng handed the entertainment company over to him, Su Yixiu had already gained a thorough understanding of the entertainment industry. He even got his subordinates to get him the information of small-time celebrities.

Although Long Youwei had left the entertainment industry for two years, he was still a very popular director. Su Yixiu had also seen his information.

"Plagiarized? Ha, he was merely framed." Qin Sheng chuckled, her fingers lightly tapping on the desk. "I'll go and look for him myself."

Su Yixiu was very surprised, but he did not doubt Qin Sheng's words.

"But, Sheng Sheng," he continued, "I'm afraid it'll be difficult for us to complete the special effects of this movie with our company's current capabilities."

Qin Sheng said nonchalantly, "With Yu Bei and the others around, you can look for them if you have any problems with the editing and special effects of the movie."

In Shengshi Technology, Yu Bei was dealing with some problems in the game when he suddenly felt a chill down his spine.

He touched his arm and mumbled, "That's strange. I've worn enough clothes today. There's heating in the company too. Why do I still feel cold?"

Yu Bei did not suspect anything else and returned to work.

All-Mighty Girl Gets Spoiled by A Bigshot

Qin Sheng left after she finished explaining the matter.

Hong Yuan was working on a design plan. It had been a few hours, but he still had no progress. He thought of Qin Sheng.

If Qin Sheng was here, she would probably be able to solve the problem in 15 minutes.

Hong Yuan couldn't help but call Su Yixiu. Qin Sheng had blocked his and Yu Bei's phone numbers. He usually contacted Qin Sheng through Su Yixiu.

Once Su Yixiu picked up, Hong Yuan couldn't help but ask, "Yixiu, has Boss been going to Shenghe Entertainment recently?"

Hong Yuan thought that Su Yixiu would say no.

After all, Qin Sheng would usually go to both companies. Qin Sheng had not been to Shengshi Technology for two weeks, let alone Shenghe Entertainment.

Unexpectedly, the next second, he heard Su Yixiu say, "Boss, she's left the company for half an hour?"

Hong Yuan was speechless.

The words he was about to say were stuck in his throat.

He held his breath. "Why don't I see the boss at Shengshi Technology?"

"I think she's worried about you guys," Su Yixiu said. "After all, you and Brother Bei have been giving her a lot of work to do when Boss went to the company."

Hong Yuan's face was extremely dark. "It's all because she's been a hands-off boss for a long time. I haven't seen her in the company for a month, so the problems have piled up. It's only natural."

Su Yixiu coughed. "Manager Hong, why are you looking for Boss? Do you need me to tell her?"

"No need," Hong Yuan replied.

Hong Yuan let out a long breath and hung up the phone. It was not that Hong Yuan did not want to ask Qin Sheng for help, but he knew his own limits.

Qin Sheng had only gone to Shenghe Entertainment and had ignored Shengshi Technology. This meant that she was worried that he and Yu Bei would find her, so she had hidden far away.

This time, if he were to find Qin Sheng through Su Yixiu, he could already imagine Qin Sheng's reply. He would have to think about it for a while, and if he still couldn't figure it out after three days, then he could go and find her.

In this case, the problem could be solved in three days.

Qin Sheng would be able to avoid their questions.

Hong Yuan's head was throbbing. He had actually managed to hook up with such a boss.

If it were someone else, they would have jumped ship long ago. However, he could not do such a heartless thing to Qin Sheng. Besides, he could not bear to leave Shengshi Technology.

The other companies did not give him a sense of satisfaction and belonging like Shengshi Technology.

--

After Qin Sheng returned, she turned on her computer and found Long Youwei's contact information.

Qin Sheng contacted him on the phone.

Long Youwei saw that it was an unfamiliar phone number. He hesitated for a moment but still answered the call. "May I know who you are?"

Qin Sheng said straightforwardly, "I can help you clarify the plagiarism matter."

Long Youwei was stunned for a moment. "You have a way?"

He basically did not have much hope of clearing his name of the matter of plagiarism, so when Qin Sheng mentioned it, he did not have much of a reaction.

Long Youwei thought that Qin Sheng had contacted him to tease him. This had happened before.

"Yes. If you want to make a comeback and become a director and scriptwriter again, I'll see you at Yinjia Café at 9 a.m. tomorrow."

Long Youwei was a director and a scriptwriter. He wrote his own scripts and directed many of his movies.

Chapter 1113 - 1113 I Am the Boss of Shenghe Entertainment

1113 I Am the Boss of Shenghe Entertainment

He used to be very famous in China, but he was deliberately framed. After being accused of plagiarism, he was boycotted by the entire internet. His last movie had a very poor rating and was taken down in less than three days.

From then on, Long Youwei retired from the industry.

He didn't expect that someone would still look for him because of what had happened back then.

Long Youwei lowered his eyes. Now that he was in such a dire state, and three years had passed since the incident, those people probably had no time to take care of him.

!!

He could not help but reignite a glimmer of hope.

"Alright," he agreed.

The next morning, he came to the café early and waited. He kept looking at the entrance of the café.

Qin Sheng arrived on time.

She walked into the café and sat down across from Long Youwei.

Long Youwei did not recognize Qin Sheng when he saw her. He frowned and said, "Miss, are you at the wrong place? I've already made an appointment."

Long Youwei did not expect Qin Sheng to be the person who had asked him out. After all, Qin Sheng did not look like she was older than 18.

There was a smile in Qin Sheng's eyes. "You're Director Long?"

Qin Sheng's voice was clear, soft, and very recognizable. Long Youwei recognized Qin Sheng the moment she spoke.

He was surprised that the person who contacted him was such a young girl.

He quickly stood up and extended his hand. "Hello, Miss."

Qin Sheng returned the handshake. "Director Long, let me introduce myself. I'm the boss of Shenghe Entertainment, Qin Sheng."

Long Youwei was stunned.

This young lady in front of him was the mastermind behind Shenghe Entertainment?

And the name Qin Sheng...

Long Youwei looked at Qin Sheng in surprise. He often saw Qin Sheng on Weibo, so he naturally knew how outstanding Qin Sheng was. However, he did not expect Qin Sheng to be the person at the helm of Shenghe Entertainment.

Any company that went against Shenghe Entertainment would not have a good ending.

The mastermind behind Shenghe Entertainment was ruthless, decisive, and very strategic. Many media outlets were guessing her identity, and most of them guessed that she was a man in his 30s or 40s. Some even thought that he was in his 50s or 60s.

Later on, it was revealed that Fu Hanchuan was the helmsman of Shenghe Entertainment.

No one would have thought that the person behind Shenghe Entertainment would be such a young girl.

Long Youwei was very surprised, but he soon felt relieved.

It was not surprising for an outstanding person like Qin Sheng to start an entertainment company.

Qin Sheng only touched Long Youwei briefly before she retracted her hand.

Qin Sheng took a sip of coffee and asked directly, "Director Long, when you were chatting with Teng Yunlong, were you on the computer?"

"Miss Qin, how did you know it was Teng Yunlong?" Long Youwei asked with a frown.

"I guessed." Qin Sheng only smiled.

Long Youwei knew that Qin Sheng was not willing to tell him, so he did not ask further. He answered, "I sent it to Teng Yunlong on QQ, and the content outline of the script was written on the computer."

Long Youwei's eyes dimmed. "However, Teng Yunlong has deleted all the records."

Long Youwei and Teng Yunlong were very good friends, so when Teng Yunlong asked him for the outline of his new TV series and a part of the content he had written, he sent it to Teng Yunlong without any doubt.

Later on, Teng Yunlong had deleted them without him knowing.

Teng Yunlong later sent a document back to Long Youwei, which became one of the ironclad proofs that Long Youwei had plagiarized Teng Yunlong.

Chapter 1114 - 1114 Let Him Be a Security Guard

1114 Let Him Be a Security Guard

Taking away a good friend's script and creativity to shoot, this would be the label of plagiarism.

All the evidence to prove his innocence was gone, and he had no way to defend himself.

For this, he had even compensated Teng Yunlong with a large sum of money.

Even the company had terminated his contract.

The compensation for Teng Yunlong and the company's breach of contract fee had almost emptied his family's fortune.

Qin Sheng narrowed her eyes and asked, "Do you still have that computer?"

"Yes,"

"Okay, give me the laptop. Also, tell me when Teng Yunlong knew the time of those documents and the chat records."

Long Youwei remembered that day very clearly and told Qin Sheng the truth.

In the end, he asked, "Miss Qin, what are you doing?"

Qin Sheng chuckled. "Restore the record."

The light in long Youwei's eyes was very dim, and the glimmer of hope that had been ignited in his heart was extinguished. "I've been to the computer shop, but there's no way to recover."

"They can't, but that doesn't mean I can't." Qin Sheng's lips curled up.

Long Youwei looked at Qin Sheng. There was a sense of confidence in her eyes.

He believed Qin Sheng's words.

Qin Sheng took out a contract and handed it to Long Youwei. "If there's no problem, you can sign it now. I naturally have my own reasons for helping you. I won't do something that's hard and unrewarding. Director Long, you're a good director."

Long Youwei knew Qin Sheng's motive from the moment Qin Sheng told him that she was the person in charge of Shenghe Entertainment.

Long Youwei was not surprised by Qin Sheng's request.

He flipped through it briefly and found no problems. He then took a pen and signed his name.

Qin Sheng smiled. "Director Long, happy working with you."

Long Youwei's face also revealed the first relaxed smile he had in three years. He also changed the way he addressed Qin Sheng. "Boss, thank you."

After talking to Qin Sheng, Long Youwei returned home.

At this moment, a relative had already arrived at his house. Mother Long was also sitting beside him.

Long Wenbo's eldest aunt, Wang Zhaofeng, noticed that Long Youwei had returned.

A look of disdain flashed in her eyes. At that time, Long Youwei was a famous director. He was very famous. She had begged Long Youwei to let her son learn from him and give her son a salary of 100,000 yuan a month. However, Long Youwei had refused.

Now, Long Youwei was in dire straits. He had sold the villa and was living in a narrow rental house.

Long Youwei's current job was in high demand. He wrote manuscripts for others behind the scenes.

Wang Zhaofeng sneered. She didn't expect Long Youwei to have such a day.

She turned to Mother Long. "Youwei is still at home, right? He's not going out to find a job?" she asked.

"He already has a job," Mrs. Long answered.

“A writer?” Wang Zhaofeng frowned. “You can’t earn money from this job. It’s so tiring and only a few thousand a month. Sometimes there’s no guarantee and no future. Even if this job is tens of thousands, my son won’t even be interested.”

Mother Long gave an embarrassed smile.

Wang Zhaofeng’s eyes rolled around, then she slapped her thigh.

She said, “How about this? I’ll get my son to find a job for Youwei. The salary might not be very high. After all, Yunlong doesn’t know anything other than being a director and scriptwriter. Youwei’s reputation in the entertainment industry has been ruined because of plagiarism, so he can’t get his job back. I heard that my son’s company is short of security guards. Youwei is still young, so this job is very suitable for him.”

Before Mother Long could say anything, Wang Zhaofeng continued, “In my opinion, Youwei shouldn’t have become a director in the first place. The entertainment industry is a complicated place. Look, Youwei was such an honest person when he was young. Now that he’s in the entertainment industry, didn’t he also start plagiarizing?”

Chapter 1115 - 1115 Face-Smacking Is Too Satisfying

1115 Face-Smacking Is Too Satisfying

“Sister-in-law, your Youwei’s reputation is ruined and he can’t do anything else. Don’t expect Youwei to find a good job. It’s already good enough that he can be a security guard.”

Mother Long had a weak personality and she didn’t have the courage to refute Wang Zhaofeng.

With a cold face, Long Youwei said in a deep voice, “You don’t have to worry about my matters.”

Wang Zhaofeng was not happy. She frowned. “I’m thinking for you, and you don’t appreciate it? Did I say something wrong? Aren’t you down and out, your reputation ruined, can’t find a job, and can only stay at home and be a shameful marksman?”

Wang Zhaofeng’s tone was aggressive, and it was not difficult to hear the gloating in her voice.

Indeed, she could not bear to see Long Youwei living a good life.

“I’ve already found a job, so I don’t need to trouble you.”

Wang Zhaofeng was stunned. “What job?”

“Director,” Long Youwei answered.

Wang Zhaofeng laughed sarcastically. She did not believe Long Youwei’s words and thought that Long Youwei was lying to her because he wanted to save face. “Youwei, your reputation is already like this. Which entertainment company would still want you?”

Long Youwei did not say anything.

Wang Zhaofeng thought she had guessed it right. She stood up and sneered, “Since you don’t appreciate it, I don’t have to rush here to help you find a job. I’d like to see what kind of director you can be. Don’t come and beg me in the future.”

After Wang Zhaofeng left, Mother Long stood up and asked excitedly, “Youwei, is that true? You found a director job? Which company?”

Mother Long asked several questions in a row.

She knew that Long Youwei was an honest man and had never lied to her.

In the past three years, Wang Zhaofeng had been taking every opportunity to mock them. It was the first time that Long Youwei had retorted like this.

Long Youwei supported his mother and said, “It’s Shenghe Entertainment. They will help me clear up the scandal. Mom, Shenghe Entertainment has an employee dormitory. We will move there tomorrow. The security there is very good. It will be difficult for Wang Zhaofeng to come in in the future.”

“Good, good, good.” Mother Long wiped her tears and said emotionally, “My good child, the pain you’ve suffered is finally over.”

Long Youwei also had mixed feelings.

He had never thought that there would be a day when he would be able to turn things around.

And this was all given to him by that young girl.

—

At this side, Fu Garden.

It was very difficult to recover the deleted records on the computer. Even for Qin Sheng, it took her an entire night.

The next day, she sent the records to Su Yixiu.

That day, Su Yixiu posted on Weibo.

[Shenghe Entertainment V: Welcome to Shenghe Entertainment, Director Long Youwei @Long Youwei]

Shenghe Entertainment's fans had also reached 20 million, and many netizens took notice of this Weibo post.

This time, they learned their lesson and didn't scold him immediately.

After all, they had been slapped in the face by Lou Sitian last time. They weren't stupid enough to send their faces to Shenghe Entertainment for a slap.

If there was no way to help Long Youwei clear his name of plagiarism, it would not be too late to criticize him then.

[Don't tell me Director Long was also wronged? I feel that Shenghe Entertainment especially likes to accept artistes, directors, and managers who are in dire straits, and then help them prove their innocence while waiting for the follow-up.]

[President Su, hurry up and reveal the evidence. Don't keep us hanging.]

[This Shenghe Entertainment is too capable. It's been three years since this happened, and even Long Youwei couldn't prove his innocence. If he really does, I can only say 666.]

[...]

All-Mighty Girl Gets Spoiled by A Bigshot

1116 Suing Teng Yunlong

Long Youwei also looked at the Weibo post nervously. After that, he refreshed the page almost every minute to see if Shenghe Entertainment's Weibo had any updates.

Without a doubt, the topic of Long Youwei signing with Shenghe Entertainment was among the top three most searched topics on Weibo.

Su Yixiu saw that the heat was enough, so he posted another Weibo.

[Shenghe Entertainment V: The following is the evidence to prove Director Long's innocence. Director Long didn't plagiarize Teng Yunlong, but Teng Yunlong plagiarized Director Long. This evidence isn't photoshopped, and you can find a professional to verify

it. Also, our company will help Director Long defend his rights and interests. By tomorrow at the latest, Director Long will sue Teng Yunlong.]

!!

The netizens below were not too surprised by this Weibo post from Shenghe Entertainment.

After all, this was a habit.

Below the Weibo post, there was a neat row of 666.

There was a Weibo verified account that had specially opened a post to analyze this.

[Digital Master V: Don't think that it's easy to help Long Youwei clear his name. It's actually very difficult. The chat records and documents at that time have been deleted, and it is very difficult to recover. I believe that Long Youwei has specially hired people to recover the evidence, but it was in vain. After three years, Shenghe Entertainment can still recover the evidence. I can only say that they're amazing, but I wonder what kind of talent Shenghe Entertainment is hiding? I dare say that there are less than five people in the world who can restore this.]

This Weibo verified account was very authoritative and would not usually lie.

As soon as the post was posted, the netizens couldn't help but be surprised. Shenghe Entertainment was far more powerful than they had imagined.

[F*ck! Who's the master in Shenghe Entertainment?]

[666, let's see who still dares to provoke Shenghe Entertainment.]

[Shenghe Entertainment can become a public relations company now. I dare say that business will be good.]

[As expected, the company that my goddess' boyfriend started is not simple.]

Long Youwei's plagiarism charges were completely cleared. He looked at the Weibo post and couldn't help but shed tears.

Qin Sheng was not short of money. At this time, Shenghe Entertainment had hired a team of lawyers, and Su Yixiu had arranged for them to fight the case for Long Youwei.

Without a doubt, Teng Yunlong had lost. He had returned the 20 million yuan that Long Youwei had given him as compensation. Not only that, but he had also had to give Long Youwei 40million yuan for plagiarism.

Long Youwei's previous company was Jiaxun Entertainment, and this time, Jiaxun Entertainment had also returned Long Youwei's breach of contract penalty.

The incident caused a huge commotion. Wang Zhaofeng soon found out about it and that Long Youwei could live in the staff dormitory of Shenghe Entertainment.

Long Youwei had invited Wang Zhaofeng to his new home in order to embarrass her.

Qin Sheng was rich, so she would not mistreat her employees in terms of accommodation. The decoration of the house was very exquisite. As Long Youwei lived in with two people, Long Youwei was given a house with two rooms and one living room.

Wang Zhaofeng strolled around the house. Seeing the luxurious and exquisite house, she was so jealous that her eyes turned red.

It would cost at least 8 million yuan to buy this.

Wang Zhaofeng's eyes rolled. She also had an idea. She went to find Long Youwei with a very good attitude.

"Youwei, you've already joined Shenghe Entertainment. Can you help Wenbo find a job there? Even a security guard would be no problem."

She had heard that even the security guards at Shenghe Entertainment had a monthly salary of 20,000 yuan.

All-Mighty Girl Gets Spoiled by A Bigshot

Long Youwei only looked at her sarcastically. "Wenbo is not capable enough and can't do other jobs. If he were to be a security guard, he would be so thin and weak. He's not suitable."

Wang Zhaofeng tried to persuade Long Youwei again, but Long Youwei still didn't give in.

Wang Zhaofeng's embarrassment turned into anger and she stopped acting. "Now that you're up, you're looking down on us poor relatives again, right? Long Youwei, I'd like to see how long you can be in the limelight. Don't let it be that you're going to plagiarize again soon."

After that, Wang Zhaofeng slammed the door and left.

The corners of Long Youwei's lips curled up into a smile. Did he think that he would still be as stupid as before? He would never believe those ridiculous friends again.

Long Youwei's scandal had been clarified. Many artistes and directors who had distanced themselves from him after his accident called him one after another.

Long Youwei saw their faces clearly, so he dealt with them casually.

Su Yixiu arranged for the drama Qin Sheng had given him to be directed by Long Youwei, who was allowed to choose his own actors.

Long Youwei took the script and began to read it. When he saw the content, his eyes were full of amazement.

He was so engrossed in the script that he spent the whole night reading it.

The next day, he appeared in the general manager's office with heavy dark circles under his eyes. Su Yixiu was now basically in the stage of self-study. Even during class hours, he would often go to the company.

He did not delay his studies and arranged his time well.

Su Yixiu saw Long Youwei's excited face and asked with a frown, "Director Long, what's the matter?"

Long Youwei took out the script and asked, "General Manager, can you tell me who wrote this script? Is he an employee of our company? I'd like to get to know him."

This was the first script that could make him so amazed.

There were no mistakes in the battles and stratagems. It was perfect.

The only flaw was that there were no emotional scenes. Emotional scenes could attract more female audiences, but he also felt that emotional scenes were unnecessary in this movie.

Even he was unable to write such a work.

Su Yixiu didn't hide anything and answered truthfully, "Our boss wrote it."

"Boss?" Long Youwei was stunned. He could not even speak properly. "Manager Su, are you sure?"

"Yes."

Long Youwei wiped the sweat from his forehead and muttered, "I didn't expect Boss to be so powerful. Even I'm ashamed of myself."

Qin Sheng's actions made Long Youwei begin to suspect whether Qin Sheng was interested in every field.

He wondered how she would fare as an actress.

He rubbed his hands. "I think Boss' image is very suitable for the female lead in the script."

Su Yixiu glanced at him and understood Long Youwei's intention. "Give up. Boss doesn't like the trouble and won't act in it. Besides, she also wants to cultivate the artists in the company through this drama. She won't go and steal their limelight."

Su Yixiu knew Qin Sheng well enough. A person who disliked trouble like Qin Sheng would not be bothered to write a script in such a short time.

There was no doubt that her purpose was to cultivate the artistes in the company.

As the boss of Shenghe Entertainment, Qin Sheng had a lot of things to do. Naturally, he did not expect Qin Sheng to really go over and be the female lead. Hearing Su Yixiu's words, he put his thoughts to rest.

Chapter 1118 Let Qin Sheng Bear The Crime Of Being Unfilial

"For the main roles in this drama, try to pick the artistes in the company," Su Yixiu instructed. "If they're really not suitable, of course, you can also look for them outside."

"Alright," he said. Long Youwei nodded.

Su Yixiu said confidently, "Don't worry, Director Long. This show will be a hit."

Long Youwei agreed with Su Yixiu's words. Just the plot alone was enough to make people sink into it.

But...

Long Youwei raised his own doubts. "General Manager, I'm afraid it will take a lot of time and money to get the special effects, and the special effects may not be good."

The special effects were very expensive.

Many Chinese fantasy movies were severely lacking in special effects and were often criticized by people. The main reason was that they were not willing to spend money. Of course, another reason was that the special effects technology in China was not good.

Su Yixiu smiled. "You don't have to worry about that. Also, we'll be using 5D glasses, so take a good shot."

Long Youwei was speechless.

He swallowed his saliva and could not calm down for a long time. "General Manager, 5D glasses, Are you sure? Isn't this 5D technology still undeveloped?"

"Soon," Su Yi replied.

Long Youwei did not doubt Su Yixiu's words and asked tentatively, "General Manager, does the boss have another technology company under her name?"

Su Yixiu didn't answer him, but it was clear that she did.

Long Youwei walked out of the general manager's office in a daze. He always felt like he was in a dream.

Was he going to produce the world's first 5D movie?

The eagerness in Long Youwei's eyes was that he couldn't wait to finish shooting the movie and release it immediately.

Because of his motivation, he was particularly active in his work in the next few days. In just a week, he had chosen the actors for the main roles in the film.

They had also set a time to start shooting.

This was a fantasy movie with many difficult actions, and it took much longer to shoot than the previous romance-type campus novel.

This time, Shenghe Entertainment did not announce the start of the new movie.

To the outside world, it was also in a state of secrecy.

--

Qin Churou rarely appeared in front of Qin Sheng after that, but she had been paying attention to Qin Sheng's news.

When she saw the Qin Corporation's statement on Weibo that Qin Sheng was Qin Yufei's goddaughter, she was so jealous that her eyes turned red.

She bit her lower lip so hard that her lips were torn and blood oozed out. This made Qin Churou's already twisted face even more terrifying.

No, she definitely could not let Qin Sheng have such a smooth-sailing life.

Qin Churou began to think of a solution, but she was not calm. All she could think of was to see Qin Sheng in trouble. It had been half an hour, but she still could not think of a solution.

A thought suddenly flashed through her mind.

Qin Churou laughed strangely. "Qin Sheng, I don't believe that after this matter is exposed, your image will still be so perfect in the eyes of the people outside."

She wanted Qin Sheng to lose her reputation.

She did not believe that Qin Sheng would be able to live so well after being accused of being unfilial and having the Feng family suck blood from her.

Qin Churou was also a quick-witted person. She immediately called the Feng family.

Shen Mei picked up the call. Her voice was full of flattery. "Rou'er, you finally called."

The Feng family no longer lived in the dilapidated house they had once lived in. Qin Hai and the others had paid for a two-story house in the town.

All-Mighty Girl Gets Spoiled by A Bigshot

Now, Qin Churou would give the Feng family 10,000 yuan a month.

It was not that she was filial, but Qin Churou was worried that Shen Mei would look for her. If Shen Mei knew that Qin Hai would give her 200,000 yuan as pocket money every month, Shen Mei would want more than that.

Qin Churou knew very well that the Feng family was very greedy.

If it wasn't for the fact that they didn't know Qin Churou was there before Qin Sheng was brought back to the Qin family, they would have looked for Qin Churou and asked her for money.

Hearing Shen Mei's voice, Qin Churou's eyes flashed with disgust.

She could not stand the fact that the Feng family was from the countryside.

If it wasn't for something, she would never have called her.

Usually, Qin Churou would find an excuse and say that if Lin Shuya and Qin Hai knew that she was in contact with the Feng family, they would abandon her.

The Feng family was worried that they would lose their money tree, Qin Churou, so they usually didn't dare to contact her.

Qin Churou suppressed the disgust in her heart and said, "Mom, do you still remember Qin Sheng?"

"Qin Sheng? Heh, of course I remember that b*tch. It's been more than a year, but she's never returned to the Feng family. To think that I've raised her for seventeen years. I didn't expect her to be so heartless."

When Shen Mei mentioned Qin Sheng, she spat on the ground in an unlucky manner.

"But, Rou'er, didn't Qin Sheng leave the Qin family and won't fight with you for the Qin family's inheritance? Why did you mention her?"

Qin Churou frowned. "Lin Shuya's parents' company is ranked 11th in China. Now, they've acknowledged Qin Sheng as their granddaughter. Not only that, but the number one wealthy family in China has also acknowledged Qin Sheng as their daughter. Even Qin Sheng's boyfriend gave her more than 15 billion."

Although Shen Mei hadn't seen much of the world, she knew how powerful the companies that ranked at the top were.

When she heard Qin Churou say 15 billion, her eyes widened even more. "What, 15 billion! Qin Sheng actually has so much money? Why didn't she bring some back to show her filial piety? After all, I've raised her for so many years. If not for me, she would have died long ago."

Shen Mei's words were natural.

However, she had forgotten how she had mistreated Qin Sheng back then.

She was unwilling to spend money on Qin Sheng's studies. When Qin Sheng was young, her tuition and miscellaneous fees were collected by the cadres in the village. When she was in junior high school, Qin Sheng had already started to think of ways to earn money.

When Qin Sheng was two or three years old, she could not even stand steadily, but Shen Mei had let her do the laundry and clean the house, and she would hit and scold her for no reason.

When she was young, the wounds on Qin Sheng's body had been added one after another.

However, when they were in junior high school, Qin Sheng had the ability to resist Shen Mei, so Shen Mei did not have the chance to do anything to her.

Hearing this, Qin Churou's lips curved into a smile.

She continued to instigate, "Mom, Qin Sheng has so much money on her. It's indeed unreasonable if she doesn't give you a single cent. I asked her to send you some money, but Qin Sheng said that she has nothing to do with you."

Shen Mei was furious. Her voice was very loud. "This b*tch is really rebellious. She doesn't even care about her mother, who raised her for so many years. She's really an ungrateful person. I shouldn't have provided for her food and drink and even let her go to school. Pfft."

Shen Mei did not want to spend money on Qin Sheng. In addition, she was worried that Qin Hai and his wife would take Qin Sheng back in the future and threaten Qin Churou. Thus, Shen Mei wanted to cripple Qin Sheng.

However, she did not expect that the group of old fogeys in the village would say that if she did not let Qin Sheng go to school, they would call the police and send her to prison.

Chapter 1120 - 1120 I Am Qin Sheng's Mother

1120 I Am Qin Sheng's Mother

Shen Mei was used to being tyrannical in the village, bullying the weak and fearing the strong. Originally, she didn't listen to the village cadre's proposal.

However, when the police came to their house, she gave up and could only let Qin Sheng go to school.

However, since Qin Sheng was at home, whenever she picked up her textbook, Shen Mei would hit Qin Sheng with a stick...

When Shen Mei saw that Qin Sheng was not willing to share her 15 billion with her, she became angrier the more she thought about it.

She definitely could not let Qin Sheng have it all for herself.

With this sum of money, her life would be thousands of times better than it was now.

Qin Sheng had to give her 15 billion. The remaining small change would be enough for Qin Sheng to spend.

Shen Mei stood up and said anxiously, "Rou'er, where's Qin Sheng? I'll go and look for her now. If she doesn't pay, I'll make a fuss. Qin Sheng's money has been settled."

Qin Churou couldn't help but smile. Shen Mei's words were exactly what she wanted to hear.

Qin Churou thought for a moment and said, "Mom, wait a moment. Qin Sheng is very cunning. I'm worried that you won't be able to get the money. Just follow my arrangements."

"Alright," she said. Shen Mei nodded without hesitation. She felt that Qin Churou was powerful and smart. With Qin Churou's arrangements, there would definitely be no problem.

Three days later, it happened to be Wednesday.

Many students rushed to the school gate after class at noon.

Shen Mei came over with Feng Bing.

Their clothes were tattered, and even their shoes were in tatters. Feng Bing's cloth shoes had a hole in them, and one could clearly see his toes.

Feng Bing was Shen Mei's biological son, and he was only nine years old.

His face was very dirty, and he wiped it with his hands from time to time.

Shen Mei pulled Feng Bing along and kept looking into the school. The school gate was always open, and Imperial Capital University allowed non-staff and students to enter the school at will.

The security guard saw that Shen Mei and Feng Bing didn't go in for a long time. He frowned and walked up to them, asking politely, "May I ask who you are looking for?"

"I'm looking for Qin Sheng," Shen Mei said. "I'm her mother."

The security guard looked at Shen Mei's outfit and frowned. Qin Sheng was an influential figure in the school, so he naturally knew about her.

And this person was Qin Sheng's mother?

Why would Qin Sheng's mother shiver like this when she was dressed up?

Moreover, Qin Sheng did not look like this woman at all. Shen Mei's looks were mean and very ordinary, while Qin Sheng's looks were the kind that would stun people at first glance and were very pleasant to look at.

How could such a woman give birth to such an outstanding daughter like Qin Sheng?

The security guard didn't believe Shen Mei's words and thought that she was here to cause trouble.

Shen Mei then pulled Feng Bing in front of her. "This is Qin Sheng's younger brother, Feng Bing."

The security guard frowned. "Qin Sheng's surname is different from your son's."

"Qin Sheng is my adopted daughter. She's not my biological daughter." Shen Mei took out a photo from an old sackcloth bag. "This was taken by a volunteer when Qin Sheng was twelve years old. The volunteer had come to the village and helped them take the photo for free."

She handed the photo to the security guard. "Look, this is a photo of our family of four. This is Qin Sheng."

In the photo, Qin Sheng's clothes were very old and tattered, and even her clothes were patched.

However, her eyes were very clear. Qin Sheng's appearance was enough to amaze people with her dressing. It made people think at first glance that Qin Sheng was a pearl covered in dust.

The security guard recognized the person inside. It was indeed Qin Sheng.

At this moment, many students heard that they were Qin Sheng's family. Out of curiosity, they surrounded them.

There were also a few reporters surrounding them.
