Chapter 1121 - 1121 The Feng Family Came Looking For You

1121 The Feng Family Came Looking For You

Of course, these reporters were all hired by Qin Churou, and their cameras were all aimed at Shen Mei and Feng Bing.

They had received news from an anonymous person that there would be a big scandal at the entrance of Imperial Capital University today, so they had been waiting there early.

At this moment, their eyes were filled with excitement.

Qin Sheng was now an internet celebrity. She gained hundreds of thousands of new fans every day, and sometimes even over a million.

!!

Now, Qin Sheng's Weibo fans was already 25 million.

If this information was exposed, it would definitely attract a huge wave of attention.

At this moment, they didn't take Fu Hanchuan into consideration. They felt that they had only reported the truth, and even if Fu Hanchuan took them to court, he wouldn't be able to win.

Shen Mei put on a bitter face and wiped away the tears on her face. "Security guard, Qin Sheng was later taken back by her biological parents' family. It's been more than a year since she went to H City to study, but she has never come back to look for us. We heard that she came to study at Imperial Capital University, and her brother and I really missed her, so we came to look for her."

"We're all from a rural family, so we don't have much savings. We only have 800 yuan, which isn't enough to buy plane tickets. Her brother and I took the subway all the way here, but we couldn't bear to eat or drink on the way. Because we got lost, we spent the last bit of money we had to take a taxi to Imperial Capital University."

"Security guard, we really miss Qin Sheng too much. Look, we don't even know Qin Sheng's contact number. Can you help us contact her?"

“She never contacted me, and I don’t know her class or position at Imperial Capital University. Even if I did, I wouldn’t be able to find her.”

Shen Mei’s voice was very loud, and most of the students around them heard her.

They began to whisper among themselves.

The security guard frowned, feeling that something was wrong.

Shen Mei knelt down and pulled Feng Bing along, begging, “Security guard, I’m penniless right now, and I’ve spent all my family’s savings. If I don’t see Qin Sheng this time, I won’t have another chance in the future. Please help me contact Qin Sheng.”

The surrounding students saw that Shen Mei was pitiful and couldn’t help but sympathize with her. They also began to persuade the security guard.

“Alright, I’ll try.”

When the security guard saw Shen Mei kneeling down, he had a headache. After helping Shen Mei up, he contacted the security guard captain.

When the head of security heard that, he was also very surprised. He did not have Qin Sheng’s phone number, so he had to tell Qin Sheng about this through the school’s leaders.

Qin Sheng was having lunch while Lu Ming sat beside her.

She frowned when she heard this.

Lu Ming noticed that Qin Sheng’s expression was off. He leaned over and asked curiously, “Sister-in-law, what happened?”

Recently, Lu Ming had changed the way he addressed Qin Sheng. Seeing that Qin Sheng had tacitly agreed, he called Qin Sheng ‘sister-in-law’ even more unscrupulously.

Qin Sheng frowned. “The Feng family is here. They’re at the school gate.”

“Who are they?” Lu Ming couldn’t recall it at the moment.

There was no emotion in Qin Sheng’s eyes. “My adoptive parents.”

“Adoptive parents?” Lu Ming was very surprised. “Why did they suddenly come looking for you? Since you’ve returned to the Qin family, what does it have to do with them? They’ve been abusing you since you were young, and they still dare to come and find you?”

Qin Sheng’s lips curled into a mocking smile, but she did not say anything.

Lu Ming's expression suddenly changed. "Sister-in-law, don't tell me that they're here to get money from you because they want to blackmail you?"

Chapter 1122 - 1122 There's the Money-Losing Goods

1122 There's the Money-Losing Goods

Qin Sheng put down the spoon in her hand. "That's not their only goal. They want to ruin my reputation. Otherwise, they wouldn't have picked this time to come to the school gate and say that they wanted to look for me."

Qin Sheng had figured out the Feng family's intentions.

The Feng family was indeed selfish and greedy. When she was chased out of the Qin family in H City, the Feng family thought that she was in dire straits and wanted to cut off all ties with her. They would not come to her door like this.

Although there was a lot of news about her on the internet, she knew that the Feng family would not pay attention to it.

Then only Qin Churou would tell them about this. It was also Qin Churou's arrangement for Shen Mei and the others to come to their door.

Qin Sheng's eyes were filled with mockery.

Qin Churou's wishful thinking was going to fail.

Lu Ming's expression was very ugly. "They're actually such shameless people. F*ck! Sister-in-law, you grew up in the Feng family. It must have been hard on you."

Qin Sheng's eyes were dark.

"Sister-in-law, are you going?" Lu Ming asked carefully.

Qin Sheng smiled. "Why not?"

Speaking of which, she hadn't seen them for a year, and she was starting to miss them.

When Lu Ming saw the smile on Qin Sheng's face, he touched his arm. He kept feeling that his body was very cold.

At that moment, he realized that he had worried too much. A black-bellied person like Qin Sheng would never fall into someone else's trap.

He should be worried about the Feng family.

Lu Ming told Fu Hanchuan about this and soon, 10,000 yuan was transferred into Lu Ming's card.

Lu Ming counted the balance in his bank card. There was 750,000 yuan.

He smugly stuffed his phone into his pocket.

This was the money he had saved up for a year. Most of it was from H City High School, the bonus given to him by the Provincial and City Academic Affairs Office for the college entrance examination, and of course, the money he had gotten from selling Qin Sheng's information to Fu Hanchuan.

The prize money from the last computer competition was also quite a lot.

Ever since Lu Ming went to university, Old Master Lu had not given him a single cent. Although Lu Ming had 750,000 yuan on him, he still felt that it was not enough.

Now, he was very calculative when spending money.

"Did you tell Brother Fu?"

Lu Ming had just put away his phone when Qin Sheng's voice came from behind him.

Lu Ming was shocked.

He turned around, his heart still racing uncontrollably. He said aggrievedly, "Sister-in-law, you can't scare people like this."

"Did I scare you?" Qin Sheng frowned.

Lu Ming shook his head.

Imperial Capital University was huge. It would take half an hour to walk from the Medical Department to the main entrance.

Qin Sheng had a car at school.

Lu Ming also got a ride. This was his first time sitting in Qin Sheng's car.

Qin Sheng's car was custom-made by Fu Hanchuan. It looked ordinary on the outside, but every decoration inside was extremely expensive.

Lu Ming could tell at first glance that it was extraordinary. He touched the seat and couldn't bear to let go. "Sister-in-law, did Brother give you this car?"

“Yes.”

Lu Ming couldn't help but sigh. “Brother pampers you too much.”

Fu Hanchuan must have put in a lot of effort into the decorations.

Qin Sheng curled her lips and did not comment.

In less than ten minutes, they arrived at the school gate.

Qin Sheng stopped the car nearby. From afar, Feng Bing pointed at Qin Sheng and shouted, “Mom, the money-losing goods is there!”

“That's your sister,” Shen Mei's expression changed slightly as she chided.

Feng Bing shouted without care, “It's the money-losing good! Cheap hussy!”

At home, Shen Mei called Qin Sheng that, and Feng Bing followed suit. Shen Mei had never stopped Feng Bing. She even told him that Qin Sheng was just someone he could order around.

Feng Bing had never taken Qin Sheng seriously and was usually very arrogant toward her.

1123 Spoiled By Her

Qin Sheng walked over and happened to hear Feng Bing's words. She raised her eyebrows and asked, “This is what you all mean by missing me?”

When Feng Bing saw Qin Sheng, he started to order her around. “The car you were in just now is so beautiful. Give it to me. Also, give me your watch and your phone.”

Feng Bing pointed at them one by one.

When he saw that Qin Sheng did not move, he became impatient and went up to snatch the watch from her.

!!

Qin Sheng turned sideways and avoided him.

Feng Bing wanted to pounce on Qin Sheng again, but Lu Ming frowned and pulled Feng Bing back, refusing to let him get close to Qin Sheng.

“Let go of me. I’m looking for the money-losing thing to get my things. What right do you have to stop me?”

Feng Bing was struggling with all his might, and he was crying so hard that his face was covered in snot and tears.

Lu Ming frowned in disgust. He suppressed the urge to throw him away. “That’s not yours.”

“It’s mine, it’s mine. I can take anything from the money-losing goods. Mom said that Qin Sheng should serve me and do everything for me. Qin Sheng is my maidservant. What can’t I take from her?”

Shen Mei’s expression changed again and again.

Qin Churou had told her before that she had to show that she was very good to Qin Sheng in front of others. This would show that Qin Sheng was a cruel and unscrupulous person.

And would Feng Bing’s words make people suspicious?

“Ha.” Lu Ming sneered, picked up Feng Bing, and threw him at Shen Mei.

Shen Mei quickly went up to catch him.

Feng Bing was not happy. He was the only son in the family, and his parents would usually grant him whatever he asked for.

Feng Bing pointed at Qin Sheng and continued to shout, “Mom, hurry up and bring all the things the money-losing good has over. How can she deserve to use such good things?”

Shen Mei was so angry that she slapped Feng Bing’s leg.

Feng Bing started crying loudly, and Shen Mei couldn’t care about him anymore. She explained, “You don’t have to take this child’s words to heart. He’s still insensible. Recently, he’s been affected by the TV series. Besides, Qin Sheng usually pampers him at home and will grant all his requests. That’s why he did such a thing.”

“Is that so?” Qin Sheng smirked sarcastically and exposed Shen Mei. “He called me a money-losing good and even called me a hussy. Also, like you said, I should be Feng Bing’s slave. Do you think a child can lie?”

Shen Mei choked. She was also very dissatisfied with Qin Sheng.

This Qin Sheng was indeed an ingrate. She actually retorted her in front of so many people.

If there were only the two of them here, she would definitely point at Qin Sheng's nose and scold her.

Shen Mei tried her best to suppress her anger toward Qin Sheng and said lovingly, "Sheng Sheng, if I really didn't treat you well, would you still be so outstanding? Didn't I raise you until you're spoiled?"

Qin Sheng sneered. "Tell me, why did you come to find me?"

Even in front of so many people, Qin Sheng did not give Shen Mei any face.

She noticed that there were a lot of reporters here. They would probably publish it when they got back, and then many people would scold her for being arrogant and unfilial.

Qin Sheng smiled nonchalantly. Even if she was insulted by the entire internet, she would not compromise.

What did outsiders' thoughts have to do with her?

Shen Mei came to Qin Sheng. "Qin Sheng, you're my daughter. You haven't been home for a year. I just missed you. Your brother often misses you at home, so I brought him here."

"Since you've seen me, can you go back now?"

Chapter 1124 - 1124 She's Not Worthy of Being My Mother

1124 She's Not Worthy of Being My Mother

Qin Sheng chuckled. She knew that Shen Mei would definitely not go back. She said that she missed her, but she was just trying to lead the public's opinion.

If there was no one else here, she would probably be the same.

She didn't expect Qin Churou's biological mother to have such good acting skills.

Shen Mei said hesitantly, "You know that my family's situation is very difficult. I took my family's savings of a few hundred yuan and came here. I'm penniless now. Qin Sheng, it'll be difficult for me to have the chance to come here next time. Just let me stay here for a few days and let Mom take a good look at you."

!!

“A few hundred yuan of savings?” Qin Sheng chuckled softly, her tone full of mockery. “Heh, Shen Mei, don’t you have another daughter? And she’s your biological daughter. Didn’t she give you money?”

Shen Mei’s mind spun quickly and she thought of an excuse to praise her. “She’s a student too. You’re the same. Even if you’re famous now, I didn’t ask you for money this year, right?”

“I’m sorry, I don’t want to see you. Since you don’t have any savings to buy a ticket back, I can get someone to send you back in one piece. Shen Mei, you’re not my mother.”

Qin Sheng did not give Shen Mei any face.

Shen Mei was stunned. She seemed to be in disbelief. “Qin Sheng, you don’t want to acknowledge me anymore? Qin Sheng, you’re not the kind of person who forgets about your parents just because you’re in the limelight. The Feng family is poor, but they raised you. Qin Sheng, you’re not an ungrateful person, are you?”

Shen Mei’s voice carried a hint of pleading.

Most of the surrounding students had a good impression of Qin Sheng. However, when they saw Shen Mei’s expression, they could not help but side with her.

Qin Sheng sneered. “That’s right, I’m indeed an ungrateful person. Shen Mei, I’m indeed living very well now, but I won’t give you a single cent. Also, I know your motive. Some things can’t be erased, including what the Feng family has done to me.”

Shen Mei clutched her chest and looked hurt.

She was mocking Qin Churou in her heart. As expected, Qin Churou’s strategy was better. She could guess what Qin Sheng was going to say.

This time, Qin Sheng’s reputation was going to be ruined.

Qin Sheng was very domineering, while Shen Mei appeared very pitiful.

People were born to sympathize with the weak. Many students could not help but start to criticize Qin Sheng, and some nasty words even reached Qin Sheng’s ears.

Qin Sheng did not care about the gazes of others.

She was about to leave when some reporters stopped her.

The microphones were all pointed at Qin Sheng.

“Qin Sheng, from your conversation, she’s indeed your adoptive mother. Why are you so cold-blooded to her? Is there something you’re hiding?”

“Qin Sheng, even if you’re very dissatisfied with your adoptive mother, she was the one who raised you after all. Isn’t it very inappropriate for you to do this?”

“You’re saying all this in front of so many people. Don’t you care about what others think?”

“Qin Sheng, don’t you have any compassion at all when you see your adoptive mother in such a dire state just to come here and see you?”

“Qin Sheng, you’re an internet celebrity after all. You have tens of millions of fans. Aren’t you worried that what you’ve done today will cause serious damage to your reputation?”

“...”

The reporters’ tone was rather aggressive.

Qin Sheng smirked disdainfully. “I’ll say the same thing again. The Feng family has nothing to do with me. As for Shen Mei...”

“Ha...”

“She’s not worthy of being my mother!”

C

1125

Qin Sheng turned around. Her back was straight and she had an air of arrogance about her.

The students who were watching felt that Qin Sheng was very domineering.

Fu Hanchuan had also rushed over at this time. He pulled Qin Sheng into his arms and said in a pained tone, "Sheng Sheng."

Qin Sheng hugged him back. "Brother Fu, I'm fine. As for the Feng family, I don't care about them at all. They can't affect me."

When Qin Sheng was young, she had indeed wanted to attract their attention.

pαndα-ñovê|·cóm In the days of being treated coldly and being abused, Qin Sheng's feelings for them gradually faded. She was always envious of other people's parents.

This was why she had been so excited in her previous life when she had learned that Qin Hai and Lin Shuya were her biological parents.

She felt that Shen Mei and the others were not good to her because they were not blood-related.

Qin Hai and Lin Shuya were her biological parents, so they should care about her.

And reality gave her a tight slap.

Qin Sheng lowered her eyes and wiped away the regret in her eyes.

Although Qin Sheng said she was fine on the surface, Fu Hanchuan could still sense that there was something wrong with her emotions.

He hugged Qin Sheng even tighter. "Sheng Sheng, let me handle this."

In front of Fu Hanchuan, Qin Sheng removed all of her cold arrogance.

With one ear against his chest, she could clearly hear Fu Hanchuan's strong heartbeat through the suit.

Her heart also gradually calmed down.

She nodded. "Alright."

Fu Hanchuan did not want Qin Sheng to be criticized by those people, so he wanted to take Qin Sheng to his car.

But when he saw Qin Sheng's car, his hand that was about to open the door paused.

Lu Ming understood. He raised two fingers and promised, "Brother, don't worry. I'll help Sister-in-law drive the car back in one piece."

Fu Hanchuan frowned.

He did not want other men to sit in Qin Sheng's driver's seat and passenger's seat.

Fu Hanchuan simply threw his key to Lu Ming.

"Drive my car back to Fu Garden."

Lu Ming took the key and frowned. Why did he feel that there was a strong sense of jealousy from his brother?

Lu Ming's mind was spinning quickly.

Lu Ming's eyes suddenly widened as he thought of something.

His... His brother wouldn't be jealous because he drove Qin Sheng's car, would he?

Lu Ming felt that he had figured out the truth.

Fu Hanchuan was always immersed in jealousy, so it was not surprising that he was jealous.

He touched his nose.

It seemed like he could not be so close to Qin Sheng. Otherwise, he would die without even knowing how he died.

The cameraman who followed the reporter recorded everything Qin Sheng had said. The reporter could not help but feel excited. The more arrogant Qin Sheng was, the more interesting it would be.

A genius with all sorts of honors, yet she looked down on her foster parents.

If this was exposed, it would definitely cause a sensation.

These reporters could already imagine the scene of Qin Sheng being attacked by the entire internet.

The reporter then turned to interview Shen Mei.

"I can tell that you're really Qin Sheng's adoptive mother. May I ask if there's any reason for Qin Sheng's attitude toward you?"

"Qin Sheng doesn't seem to treat you well. How are you feeling right now? Do you have any complaints about Qin Sheng?"

"Qin Sheng ignored you. What do you plan to do next? She said she'll send someone to send you back. Will you go back?"

"..."

Shen Mei wiped away the tears in her eyes. Her eyes were very red. "I didn't expect this to happen either. After all, I raised her for more than ten years. All these years, I've spent a lot of effort to raise her."

Chapter 1126 - 1126 Bribing the Feng Family Village

1126 Bribing the Feng Family Village

When the reporters heard this, they couldn't help but nod.

After all, Qin Sheng's outstanding achievements were a result of the foundation she had built when she was young. If it were not for her foster parents' efforts in raising her, Qin Sheng would not have had so many achievements.

Shen Mei hesitated for a moment and continued, "Actually, Qin Sheng was carried home by mistake. Her biological parents are both very rich, so it's normal for her have complaints about us. After all, if we hadn't carried the wrong child, she would have been able to enjoy a good life since she was young and wouldn't have to suffer with us."

She held Feng Bing's hand.

"Her father and I aren't very capable. We've been staying in the village and working. We only earn a few thousand a year, but we're very good to the two children. I even treat Qin Sheng better than Bing Bing because she's a daughter."

The reporters couldn't help but look at Feng Bing.

Feng Bing's clothes were patched up, and their eyes finally fell on Feng Bing's shoes.

There was a hole in his shoe because he had worn it for too long, and his toes could be seen clearly.

Shen Mei wiped away the tears in her eyes again and smiled. "I don't blame Qin Sheng, really. I don't blame her. After all, if I didn't report the wrong number, she would have continued to be a lady from a rich family."

"It's just that I'm feeling really bad right now. Qin Sheng hasn't contacted me for an entire year. I came to look for her, but she doesn't want to see me. Can you understand how a mother feels?"

Shen Mei clutched her chest, looking very uncomfortable.

The other reporters, especially those with children, couldn't help but be moved when they heard what Shen Mei said.

After all, as a mother, she valued her child the most. Now, her child was treating her coldly. This was indeed a very painful thing.

Qin Sheng had indeed gone too far.

A reporter picked up the microphone and asked, “Then, what are your plans after this? You don’t have any savings on you.”

“I can only go and find my own daughter,” Shen Mei replied.

The reporter frowned. “Your biological daughter? Didn’t she come back to you?”

“No, Rou’er’s foster parents couldn’t bear to leave her, so they kept her. Besides, I didn’t want her to come back. After all, my family is too poor to support her studies. This would only delay her. No matter how difficult it is, I don’t dare to ask her for money. I’m worried that her foster parents will have a bad opinion of her.”

Shen Mei’s words were considered from the perspective of a mother, and the reporter didn’t think there was anything wrong with it.

“Qin Sheng is really lucky to have a mother like you,” they could not help but say.

After gathering the information, the reporters went back to write their articles. Today’s content would definitely attract a large wave of traffic.

Qin Sheng was an internet celebrity. Even the slightest bit of news would make it to the hot search, not to mention breaking news about her family background.

Meanwhile, Shen Mei had already returned to Qin Churou’s rented apartment.

She told Qin Churou everything that had happened. Qin Churou couldn’t help but smile, and a glint of satisfaction flashed across her eyes.

She could not allow Qin Sheng’s reputation to remain intact after what had happened.

She had already arranged for people to go to Feng Village and pay those people hush money.

It seemed that she could buy those poor people with a little money.

Just as she was thinking about this, her phone rang.

It was the person Qin Churou had sent over. He had called to inform Qin Churou of the progress.

“Miss Qin, the people from Feng Village have already accepted the money,” he said respectfully.

All-Mighty Girl Gets Spoiled by A Bigshot

1127 Questioning Qin Sheng

Qin Churou's eyes were filled with disdain.

As expected, they were all a bunch of paupers.

She slowly felt more at ease. As long as those people did not speak up for Qin Sheng and tell the reporters that Shen Mei had mistreated Qin Sheng, Qin Sheng would not be able to clear her name.

Qin Churou took a day off and spent the whole day scrolling through her phone in her rented apartment.

She was waiting for the post to report about Qin Sheng being an ingrate.

The reporters were very fast. Less than half an hour after they left Imperial Capital University, they had already posted on Weibo.

Before this, there were already students of Imperial Capital University discussing this matter.

[Zhouji Entertainment V: Everyone can see Qin Sheng's talent, but her character... I'm not slandering Qin Sheng, but how are you going to explain this video? What was the difference between her and an ingrate?]

[A son does not despise his father for being poor. No matter how poor they are, they have raised you to be so outstanding. If it were not for your foster parents, you would not be where you are today. Qin Sheng, aren't you going too far with your behavior? You have 20 to 30 million fans. If you do this, won't it affect them negatively? @Sheng]

The video in the post was the one where Qin Sheng had appeared at the entrance of Imperial Capital University. The only difference was that the part where Feng Bing was being unreasonable had been cut out.

Many of Qin Sheng's fans subconsciously wanted to flame them when they saw such a post defaming Qin Sheng.

However, after seeing those videos, they were speechless.

They also felt that Qin Sheng had gone a little too far. However, Qin Sheng was not like that. How could she have done such an inappropriate thing? She even showed her disgust for the Feng family in front of everyone without holding back.

Was there some hidden story behind this?

These fans raised their own doubts.

[Sister Sheng isn't that kind of person. There must be something hidden here. I won't comment anymore. I'll wait for Sister Sheng's explanation. I hope Sister Sheng can give these entertainment bloggers a good slap in the face.]

[I'll wait for the goddess' explanation!]

[I'll wait for Sister Sheng's explanation!]

[...]

Most of Qin Sheng's fans were very loyal. When they saw this post, although they were very puzzled, they did not stop being fans. They had become Qin Sheng's brainless fans and were defending her unconditionally.

Of course, they were more rational than those brainless fans.

Among them, some of the fans left their fan status and stepped back.

Those who did not like Qin Sheng could no longer sit still and began to slander her.

Qin Sheng could clear her name for the things that had happened in the past, but what had happened now was the truth. There was no way she could clear her name.

Her words were very unpleasant to hear.

[Hehe, so what if she's capable? She's still a scum of society. I'm most afraid of people like him who are talented but have bad character.]

[Disgusting. How good can a person be if they look down on their own foster parents? They worked so hard to raise you and even spent money to raise you. Now that you have money, you look down on them? People like you are the most disgusting.]

[F*ck, you don't even like parents like this? Qin Sheng, I'm so disappointed in you. I'll block you. I won't be a fan of someone like you anymore.]

[Qin Sheng, don't you have a strong background? They're only doing this because of your talent. Do you think they'll treat you well after your bad character is exposed? Heh, Qin Sheng, your glory ends here.]

[Qin Sheng, get out of Imperial Capital University. Get out of H City's Art Association. Also, cancel all the awards you've won.]

All-Mighty Girl Gets Spoiled by A Bigshot

Some people even tagged Imperial Capital University, hoping that they would deal with Qin Sheng.

The Principal had a headache.

This Qin Sheng was really a troublemaker. She would always be dragged out and criticized by others, and she was also targeted by many people.

The Principal would often come into contact with Qin Sheng, so he naturally knew Qin Sheng well.

Qin Sheng was usually a little cold. She spoke very little and never took the initiative to interact with others. However, she was still very kind and knew her limits.

To be on the safe side, the Principal still gave Qin Sheng a call. He asked, "Sheng Sheng, what do you think of the things on the internet?"

"They're not my parents," Qin Sheng replied calmly.

"Is there a reason for you to look at them like that?"

"Uncle Principal, don't worry. I will handle this matter well. It won't affect the school's reputation."

The Principal was relieved when he heard that. If Qin Sheng said that, there must be a secret behind it.

In fact, the Principal was more worried that Qin Sheng's reputation would be ruined because of this.

The Principal valued talents, so he naturally did not want Qin Sheng to be affected.

Fortunately, he could tell from Qin Sheng's tone that this matter had not affected Qin Sheng psychologically.

"Sheng Sheng, the storm in the next few days might be a little serious. You don't have to come to the school for research," the Principal said considerately.

Qin Sheng massaged her brows. It just so happened that she needed help with the laboratory under her.

Hence, Qin Sheng agreed. "Alright."

Qin Sheng hung up the phone. The Principal's phone was filled with calls from many school leaders. please visit

"Principal, do we need to hold a meeting to discuss and resolve Qin Sheng's matter? Now that the situation has blown up, many people have gone to Imperial Capital University's official Weibo to attack Qin Sheng. If this continues, it'll have a terrible impact on Imperial Capital University's reputation."

"There's no need to hold a meeting," the Principal said angrily. "We haven't even come to a conclusion on this matter, and you're already in a hurry to convict Qin Sheng?"

He hung up.

He naturally had to capture a genius like Qin Sheng.

If he were to punish Qin Sheng now, Qin Sheng might end up being dissatisfied with Imperial Capital University and jump to Peking University after she resolved this matter. By then, the old man at Peking University would definitely be very pleased with himself.

Who would he cry to then?

On Weibo, Old Master Lu, as the president of Qin Sheng's fan club, had always led Qin Sheng's fans to defend Qin Sheng.

In the group, he said angrily, [Are the Feng family worthy of being Sheng Sheng's parents? They've been abusing her all this time, and now that they've seen how successful she is, they want to come up and ask for benefits? Are they worthy of being Sheng Sheng's parents?]

[Those words, that expression, she's a pure white lotus. Look, on the surface she's protecting Sheng Sheng, but which one of her words didn't cause a serious impact on Sheng Sheng's reputation?]

[Why did she have to find Sheng Sheng at the gate of Imperial Capital University after class? And those reporters appearing there, was it really a coincidence?]

[In this day and age, I don't believe that there isn't even a single piece of good clothing at home. Why do you have to wear patched clothes and broken shoes? Ha, if this isn't intentional, what is it?]

Old Master Lu was furious. He had rarely seen such a shameless person.

Qin Churou and Lin Shuya were two of them.

Now, there was another one!

Old Master Lu's heart ached for Qin Sheng. What kind of people had she met?

Her foster parents and her biological parents were both equally scumbags.

“Principal, do we need to hold a meeting to discuss and resolve Qin Sheng’s matter? Now that the situation has blown up, many people have gone to Imperial Capital University’s official Weibo to attack Qin Sheng. If this continues, it’ll have a terrible impact on Imperial Capital University’s reputation.”

“There’s no need to hold a meeting,” the Principal said angrily. “We haven’t even come to a conclusion on this matter, and you’re already in a hurry to convict Qin Sheng?”

He hung up.

He naturally had to capture a genius like Qin Sheng.

If he were to punish Qin Sheng now, Qin Sheng might end up being dissatisfied with Imperial Capital University and jump to Peking University after she resolved this matter. By then, the old man at Peking University would definitely be very pleased with himself.

Who would he cry to then?

On Weibo, Old Master Lu, as the president of Qin Sheng’s fan club, had always led Qin Sheng’s fans to defend Qin Sheng.

In the group, he said angrily, [Are the Feng family worthy of being Sheng Sheng’s parents? They’ve been abusing her all this time, and now that they’ve seen how successful she is, they want to come up and ask for benefits? Are they worthy of being Sheng Sheng’s parents?]

[Those words, that expression, she’s a pure white lotus. Look, on the surface she’s protecting Sheng Sheng, but which one of her words didn’t cause a serious impact on Sheng Sheng’s reputation?]

[Why did she have to find Sheng Sheng at the gate of Imperial Capital University after class? And those reporters appearing there, was it really a coincidence?]

[In this day and age, I don't believe that there isn't even a single piece of good clothing at home. Why do you have to wear patched clothes and broken shoes? Ha, if this isn't intentional, what is it?]

Old Master Lu was furious. He had rarely seen such a shameless person.

Qin Churou and Lin Shuya were two of them.

Now, there was another one!

Old Master Lu's heart ached for Qin Sheng. What kind of people had she met?

Her foster parents and her biological parents were both equally scumbags.

1129 Aren't You At Home With Madam?

When the fans in the group saw Old Master Lu's words, they felt that it was very reasonable. They were even more confident in picking on those haters.

Old Master Lu felt that it was not enough, so he used his own Weibo account to take screenshots of his words and posted them on Weibo.

His tone was very domineering.

[Lu Zhongguo (Sheng Sheng's Little Fan) V: My student, my granddaughter-in-law, I will protect her, and I will believe in Sheng Sheng unconditionally!]

!!

Below were a few screenshots of his questioning of Shen Mei in the fan group.

Some people felt that Lu Zhongguo's words made sense and stopped scolding Qin Sheng. They were waiting for Qin Sheng's response.

Of course, most of them started to scold Lu Zhongguo for not distinguishing right from wrong in order to protect Qin Sheng.

Old Master Lu only glanced at the nasty comments under his Weibo and didn't care.

He didn't care about his face. What was face? Could it be eaten?

Old Master Lu contacted Qin Sheng in private. “Sheng Sheng, although Hanchuan is helping you solve the problem, you still need to step out and respond to them. Let your fans feel at ease.”

“Alright,” she said. Qin Sheng agreed without any hesitation.

She posted a Weibo message without verifying her V account.

[Sheng: I’m fine. Don’t worry. Brother Fu is already gathering evidence. I believe there will be results soon.]

Qin Sheng’s words were very calm. She was also confident that she would find out the truth.

Qin Sheng rarely posted on Weibo. This was the first time she had come forward to communicate with her fans.

Her fans were excited, as if they had been injected with chicken blood. Their fighting power was also particularly strong, and many trolls were retaliated against by these fans.

Those who had come into contact with Qin Sheng knew her personality well.

Naturally, they knew that Qin Sheng was not an ungrateful person. There must be some reason behind this.

They all called to check on her.

In a day, Qin Sheng received no less than 20 calls.

Qin Sheng’s head hurt. If it were any other time, she might have turned off her phone immediately. But now, these people were all concerned about her, so Qin Sheng answered them one by one.

After Fu Hanchuan made the arrangements, he asked Assistant Lin to bring the work to Fu Garden.

He was accompanying Qin Sheng.

Qin Sheng had a headache. “Brother Fu, I’m fine.”

She had a feeling that everyone was worried that she would take things too hard. In fact, this incident didn’t affect her much.

“I know,” Fu Hanchuan laughed softly. He knew that his young lady was very strong and did not care about the Feng family. He had brought his work back to Fu Garden to deal with because he was just looking for an excuse to accompany Qin Sheng.

Qin Sheng was helpless and could only let him be.

Qin Sheng only stayed at home for an afternoon. The next day, she went back to the lab and rarely came out. Even for lunch, she had to eat with the group of doctors.

Fu Hanchuan was speechless.

He arrived at the company with a cold aura.

Assistant Lin was very curious. “President, aren’t you at home with Madam?”

Fu Hanchuan glanced at him coldly without saying anything.

Assistant Lin felt a chill run down his spine. At this moment, he roughly understood that Qin Sheng was not at home.

Assistant Lin pushed up the glasses on the bridge of his nose.

His president had it tough. Qin Sheng spent all her time in the lab and was rarely at home, even on the weekends. Fu Hanchuan wanted to spend time with Qin Sheng, but it was a pity that he could not.

Now that he finally had the chance, Qin Sheng went to the laboratory again.

His president seemed to have arranged a meeting today...

Assistant Lin was worried for the higher-ups. It seemed like they would have to bear the anger of their president again.

Those higher-ups were obviously Fu Hanchuan’s punching bags.

Qin Sheng was so engrossed in her experiments that she did not respond to the Weibo post others had posted.

The media reporters were all guessing.

Qin Sheng was in the wrong, so she hid and did not dare to come out.

At the same time, Shen Mei's short video account was also exposed. It recorded her joy before she came to see Qin Sheng and the hardships she had gone through.

Many people's curses toward Qin Sheng became even worse.

Qin Churou looked at Weibo and couldn't help but sneer.

Qin Sheng still wanted to turn over? In her dreams!

She had already arranged everything, so Qin Sheng would not have any evidence to prove her innocence.

Those reporters should be rushing over to interview Qin Hai, Li Shuya, and the Feng family very soon. She had already made arrangements.

The reporters would only get negative comments about Qin Sheng.

Qin Churou was so confident that she thought that she would be safe after bribing those people with money.

Someone knocked on her door. Qin Churou frowned and said, "Come in,"

Shen Mei walked in, followed by Feng Bing.

"Rou'er."

"Is there something?"

Qin Churou looked at Feng Bing, who was wiping his snot with his hand, and a touch of disgust flashed in her eyes.

Shen Mei hesitated before she asked, "Do you have Qin Sheng's contact information? I want to find her."

"I'll send it to you." Qin Churou's eyes flashed with a scheming light.

Shen Mei had always looked down on Qin Sheng and would usually abuse her when they were at the Feng's.

Now that this had happened, Shen Mei's attitude toward Qin Sheng must be very bad.

She could use Shen Mei to teach Qin Sheng a lesson.

Of course, it would be better if Shen Mei could get the money from Qin Sheng. She could also scam a large sum of money from Shen Mei.

Qin Hai gave Qin Churou 200,000 yuan as pocket money every month. However, Qin Churou was prideful and wanted the best clothes, so she did not have much money left.

Even if she only took out 1 billion yuan, it would be enough to let her live a very comfortable life.

Qin Churou found Qin Sheng's contact and sent her number to Shen Mei.

She thought of something and reminded her, "Don't reveal too much to Qin Sheng over the phone. If she records it, all of our efforts will go to waste. If you meet her, you have to check if Qin Sheng has any recording equipment on her."

Qin Churou had to be careful.

"Alright," she said. Shen Mei agreed, "I don't think that b*tch would dare to scheme against me."

"Mom, it's better to be more cautious," Qin Churou said unhappily.

"Don't worry. Even if Qin Sheng dares to plot against me, I'll see through her." Shen Mei was very confident.

Qin Churou did not say anything else. She did not notice that Feng Bing had left Shen Mei's side.

Feng Bing went into Qin Churou's cloakroom and touched all the clothes hanging inside.

"Sister, your clothes are so pretty."

The voice came from the cloakroom.

Hearing this, Qin Churou's eyes widened. She ran into the cloakroom and saw Feng Bing touching her favorite dress.

After wiping his snot, he placed his hand on her dress again.

Qin Churou felt disgusted, but she was even more furious.

These were all her favorite clothes. Each one cost tens of thousands, and some even cost hundreds of thousands.

He had actually destroyed it just like that!

Qin Churou pushed Feng Bing away. Feng Bing was small and was easily thrown to the ground by Qin Churou.

Feng Bing's knee was scraped and he cried.
