

ALL-MIGHTY GIRL GETS SPOILED BY A BIGSHOT

Chapter 1131 - 1131 Give Me All the Money

1131 Give Me All the Money

“What’s wrong?”

Shen Mei walked in and pulled Feng Bing up.

Feng Bing threw himself into Shen Mei’s arms and pointed at Qin Churou. “Mom, Sister hit me.”

“Rou’er, what’s going on?” Shen Mei questioned.

Qin Churou gritted her teeth. “These clothes of mine have all been touched by Feng Bing. How can I still wear them? Do you know how much it costs? Even if I sold him, I wouldn’t be able to afford a few hundred thousand.”

Qin Churou was filled with regret. She shouldn’t have brought Shen Mei to stay with her.

If the reporters didn’t think she was filial, she wouldn’t have cared about Shen Mei...

Shen Mei was also stunned. “A few hundred thousand? It’s so expensive?”

However, Shen Mei didn’t think it was a big deal. “Rou’er, it’s just dirty. Let me help you wash it.”

Qin Churou threw the clothes on the ground.

“No, these clothes are uncomfortable.”

“Then you don’t have to wear it,” Shen Mei said, trying to please her. “I’ll buy it for you after I get the money from Qin Sheng.”

Qin Churou’s anger still hadn’t subsided.

She gave Feng Bing a nasty look. “He can’t come into my room again.”

“Alright,” she said. Shen Mei agreed and left Qin Churou’s room with Feng Bing.

In the living room, Shen Mei's heart ached as she wiped Feng Bing's wounds. The skin on his knees and elbows had already been broken. It was obvious that Qin Churou had pushed him very hard.

Feng Bing was still sobbing. "Nom, I don't like Sister. She hit me so fiercely."

"Just bear with it a little longer," Shen Mei said, her heart aching.

In fact, Shen Mei was also very dissatisfied with Qin Churou. Qin Churou gave her 10,000 yuan a month, and she thought it was a lot of money. She didn't expect Qin Churou's clothes to cost hundreds of thousands.

However, she still had to rely on Qin Churou to take money from Qin Sheng, so she couldn't fall out with her yet.

After Shen Mei got Qin Sheng's number, she couldn't wait to contact her.

When Qin Sheng saw that the call was from an unknown number, she frowned slightly.

After the call connected, a familiar voice came through. "Qin Sheng, come out and meet me."

Qin Sheng had recognized Shen Mei's voice.

Her eyes were dark and unclear. "Okay."

That afternoon, Shen Mei was already waiting for Qin Sheng at a park. She kept looking at the time impatiently, but Qin Sheng arrived on time.

There were very few people around at this time of the day. There was not a single person near the place where Qin Sheng and Shen Mei had agreed to meet.

When Shen Mei saw Qin Sheng, she pointed at her and started scolding her. "You b*tch! How could you come so late? I've been waiting for you for half an hour."

Qin Sheng raised her hand to look at her watch. "I'm not late."

Shen Mei was even angrier now. Qin Sheng actually dared to refute her. "Qin Sheng, I'm your mother. You should have come earlier than me!"

Qin Sheng stood where she was and only looked at Shen Mei with a cold smile. She did not say anything else.

Shen Mei's expression was very ugly. She felt as if she had just punched cotton. No matter how she insulted Qin Sheng, Qin Sheng did not seem to be bothered.

“Tell me, Shen Mei, what’s your purpose of looking for me?”

Shen Mei suppressed the anger in her heart, but her tone was still very unfriendly. “Qin Sheng, I heard that you’re the granddaughter of the Lin family now. You’re also the goddaughter of the richest family, the Qin family.”

Qin Sheng narrowed her eyes. As expected, Shen Mei was after her money.

But...

She was afraid that Shen Mei would be disappointed. She would not give a single cent of this money.

Shen Mei continued, “Didn’t your boyfriend give you more than 15 billion? Qin Sheng, you won’t have to spend much money when you marry him in the future anyway. Just give me all that money.”

Chapter 1132 - 1132 You Won’t Be Able To Lift Your Head In Front of Others

1132 You Won’t Be Able To Lift Your Head In Front of Others

“If I gave it to you, what would I use?” Qin Sheng chuckled, her voice containing a hint of mockery.

Shen Mei said matter-of-factly, “Do you still lack money? Your boyfriend is rich, and the Qin and Lin families will give you money to spend. Also, I’m not asking for much. Besides this 15 billion, you can also send me a million every month.”

Qin Sheng’s red lips parted slightly. “Why should I?”

“I’m your mother, and I raised you. Just take the money you’re giving me as repayment for me raising you for more than seventeen years. Qin Sheng, if I hadn’t raised you, you wouldn’t have been able to live in this world a long time ago. Would you still have the glory you have now?”

!!

Shen Mei had seen the media’s introduction of Qin Sheng on the internet for the past few days.

She also knew how powerful Qin Sheng was now.

An unremarkable painting could be sold for 100 million.

Shen Mei could not bear to see Qin Sheng doing well. She did not expect Qin Sheng to be so capable. If she had known earlier, she would not have let Qin Sheng go to school and locked her up in Feng Village to farm.

Upon hearing that, Qin Sheng's eyes turned cold as she walked closer to Shen Mei.

When Shen Mei met Qin Sheng's eyes, she felt a chill run down her spine, and fear welled up in her heart.

She was forced to retreat by Qin Sheng. Her feet hit a stone and Shen Mei fell on her butt.

Qin Sheng stopped in her tracks and looked down at Shen Mei. "Shen Mei, isn't it because of you that I've been injured and sent to the hospital time and time again? Didn't you want to kill me when you threw me on the mountain on that rainy day? Heh, if it weren't for those uncles and aunties in Feng Village, would I still be able to live in this world?"

Qin Sheng's voice paused. Her eyes were so cold that Shen Mei kept shivering.

"Besides, Shen Mei, you were the one who switched me with Qin Churou in the hospital. Would I have gone to the Feng family?"

Shen Mei suddenly felt that Qin Sheng was very terrifying. Her face turned pale because she was afraid. Was Qin Sheng trying to kill her?

Shen Mei steadied her mind and got up from the ground.

She looked around and saw that there was no one else. She said without any hesitation, "Qin Sheng, you're not my daughter. Why should I be good to you? You're just a money-losing good, an ingrate! With such good looks, you're just trying to seduce men."

Qin Sheng looked at Shen Mei coldly.

She was used to Shen Mei calling her a worthless thing and couldn't get her to feel anything.

Shen Mei continued to sneer. "Qin Sheng, I'm telling you. Today, you'll have to give me the money even if you don't want to."

"Coming here, Shen Mei, you're here for my money? And not me?" Qin Sheng asked with narrowed eyes.

Shen Mei immediately laughed sarcastically. "Qin Sheng, you're such an ungrateful person. Why would I miss you? Heh, if you didn't have money on you, I wouldn't even look at you."

Qin Sheng lowered her eyes. She was not surprised by Shen Mei's answer.

She only asked her this because he wanted to... get information out of Shen Mei.

Qin Sheng pressed her sleeve without changing her expression. There was a small bump there.

Shen Mei said impatiently, "Qin Sheng, I'm telling you. You'd better give me the money as soon as possible. Otherwise, I'll ruin your reputation. You won't be able to lift your head in front of others."

Qin Sheng said nonchalantly, "So what if this reputation is ruined? This more than 10 billion, for you, Shen Mei? You'd better give up."

Qin Sheng indeed did not care about her reputation.

However, she wouldn't bear some false charges.

Chapter 1133 - 1133 Throwing Qin Sheng Into the Mountains

1133 Throwing Qin Sheng Into the Mountains

"Great, Qin Sheng. You've really grown wings, haven't you? Don't think that you'll always be in the limelight. Let me tell you, the next time you beg me, I won't stand up for you." Shen Mei was completely infuriated by Qin Sheng.

Qin Sheng said indifferently, "As you wish."

Shen Mei glared at Qin Sheng. Why was this b*tch so stubborn?

"You useless thing. Let me tell you, don't come begging me in the future," Shen Mei said angrily.

Qin Sheng dug her ears. She was getting impatient. "Shen Mei, I'm not deaf. You don't have to keep emphasizing it to me."

Shen Mei's face turned green and white. She was angry.

Qin Sheng's disobedience made Shen Mei feel like her dignity was being challenged.

In the past, even if Qin Sheng would look at her coldly, she would never resist.

But now, Qin Sheng would reply almost every time she said something. She had indeed grown up.

Shen Mei stepped forward and raised her hand, wanting to give Qin Sheng a slap.

Qin Sheng's gaze was very cold. Her slender and fair fingers easily grabbed Shen Mei's wrist. She used a lot of strength, and Shen Mei tried to break free, but she could not move.

Shen Mei's expression was very ugly. "Qin Sheng, let go of me. I'm your mother!"

Qin Sheng's expression did not change. When she heard that, she chuckled softly. "Shen Mei, I didn't fight back in the past only because you were my mother. However, you're not related to me by blood, so I don't have to go easy on you."

"In the future, before you make a move on me, you still need to consider whether you have the ability to do so."

After she finished speaking, Qin Sheng shook off Shen Mei's wrist.

Of course, even if Lin Shuya was her biological mother, she would not give Lin Shuya any face.

Qin Sheng took out a tissue to wipe her hands. Clearly, she was disgusted by touching Shen Mei.

"Qin Sheng, you're indeed an ungrateful wretch. How dare you treat me like this!"

Shen Mei clutched her wrist. Qin Sheng was very strong, so she thought she wanted to break her wrist.

Even after Qin Sheng let go, the pain in her wrist had not subsided.

Shen Mei glared at Qin Sheng. 'What the h*ll? How could Qin Sheng be so strong?'

Qin Sheng curled her lips and said meaningfully, "Shen Mei, you won't get anything good from me. The person you should stick to isn't me."

In fact, Qin Sheng could have easily gotten Shen Mei to reveal that it was Qin Churou who had ordered her to do so. But if everyone knew that it was Qin Churou who had ordered her to do so, it would be a black mark in Qin Churou's life. Qin Churou's career in the entertainment industry would be over.

Qin Sheng wanted Qin Churou to be the Best Actress.

On the day she won the Best Actress Award, Qin Churou's reputation would be ruined.

Qin Sheng's lips curled up, and her eyes were cold.

She ignored Shen Mei.

She left.

Shen Mei stared at Qin Sheng's back. She was being slandered by so many people.

She did not believe that Qin Sheng, this money-losing good, would be able to take it. Sooner or later, Qin Sheng would have to ask her for help, and her conditions would not be so simple then.

Shen Mei gritted her teeth. Back then, she had thrown Qin Sheng into the mountains. Why was she still so lucky? Even when it was raining heavily and there was lightning, Qin Sheng could still come back?

Fu Hanchuan saw Qin Sheng coming from afar. He got out of the car and walked up to her. "Sheng Sheng."

He did not notice anything wrong with Qin Sheng's emotions and Fu Hanchuan heaved a sigh of relief.

All-Mighty Girl Gets Spoiled by A Bigshot

Qin Sheng removed a listening device from her sleeve.

This was always on and it recorded the entire conversation between Shen Mei and her.

She took the bug in her hand and gave it a look, then passed it to Fu Hanchuan.

Fu Hanchuan took it and rubbed Qin Sheng's head. "Sheng Sheng, didn't I say to leave this to me?"

Qin Sheng smiled. "Brother Fu, I just recorded this in passing. With this recording and the evidence you provided, they basically can't refute it."

Fu Hanchuan looked at Qin Sheng's sly eyes and could not help but laugh softly.

"Alright, Sheng Sheng, I'll do as you say," he said dotingly.

—

On the third day of the incident, a reporter came to Feng Village to interview the villagers.

In the afternoon, many villagers were sitting together and talking. There was very little entertainment in the village, so they would usually sit together and chat when they were free.

A reporter came over to interview them. "Hello, may I ask if Qin Sheng lived in this village before? Can I interview you about Qin Sheng's matter?"

"Xiao Sheng? You can, you can."

When the villagers heard Qin Sheng's name, they all smiled.

The reporter was confused. Qin Sheng could already treat her adoptive parents like that, so why would she be good to the villagers? Why did these villagers seem to like Qin Sheng a lot?

Suppressing her curiosity, she took the microphone and asked, "What's your impression of Qin Sheng?"

One of the villagers replied, "Xiao Sheng is very obedient. She's very hardworking and often comes to help us with work. It's just that when that child is wronged, she always suffers alone. Our hearts ache when we see her. I really hope that she's my daughter. Who wouldn't like such an obedient daughter?"

The reporter frowned and became even more curious.

This was completely different from the image of Qin Sheng that was circulating on the internet. Could there really be a hidden story behind this?

"That's right. Xiao Sheng is beautiful and obedient. We all like her very much. It's a pity that the parents she met were not good," another villager added.

"Not good?" The reporter quickly asked, "What's not good about it?"

"That couple has been abusing Xiao Sheng since she was young," the villager said angrily. "They didn't even want to feed her milk. It's all thanks to us who always feed her goat's milk and rice soup, and sometimes we even pool money together to buy milk powder that the child survived."

"When she was two or three years old, the family made her do the laundry and clean the house. They would hit and scold Qin Sheng from time to time, and there were a few times when Sheng Sheng was hospitalized."

The villagers were filled with righteous indignation.

"They didn't want to spend money on Xiao Sheng's school. Even when we proposed to raise money for Xiao Sheng, they were unwilling. It was the village chief who called the police and Shen Mei agreed. Of course, she only gave it once. She didn't want to give Xiao Sheng money after that. It was the village cadres who raised the money together."

"My heart ached when I saw the child being abused by Shen Mei. I thought that since Shen Mei and the others didn't like Xiao Sheng, I would take her in and raise her. Unfortunately, Shen Mei didn't agree."

None of the villagers refuted this villager's words.

On the contrary, after he brought it up, many villagers reprimanded Shen Mei and the others.

After the reporter asked the cameraman to record it, she was worried that she would lose the video in an accident, so she took out her notebook and started taking notes.

She didn't doubt the villager's words.

Even if Qin Sheng had sent someone to block their way, she would not have been so fast.

Moreover, their expressions clearly showed that they liked Qin Sheng very much. This could not be faked.

Chapter 1135 Only Accepting Money But Not Agreeing

The reporters could not help but sympathize with Qin Sheng. They also felt that Qin Sheng's actions were excusable.

The old village chief had also rushed over. He was very concerned about Qin Sheng. "How's Xiao Sheng doing now?"

The reporter recounted all of Qin Sheng's achievements, and the old village chief nodded in satisfaction. "I knew that the girl would have a bright future. It's just as I expected."

The traffic in Feng Village was not good, and the information was blocked, so they rarely went out.

Even if their children had gone to work outside, they would rarely call home to save on the phone bill.

They did not know about Qin Sheng's situation online.

The village head's family had some money, but he rarely paid attention to the things on the internet.

After that, the reporter told the old village chief about Shen Mei going to look for Qin Sheng. She also told him that Qin Sheng's reputation on the internet was very bad now. She was called an ingrate by countless people.

"Laughable!"

The old village head was so angry that he slammed his walking stick on the ground. "How can you expect Xiao Sheng to be filial to such parents? Hehe, it's already good enough that she didn't seek revenge from them."

"That Shen Mei is really shameless. They abused Xiao Sheng when she was young, and now that Xiao Sheng has grown up, she wants to get benefits from her. How can there be such a good thing in the world?"

The reporter could not help but nod.

At first, she had thought of coming early to dig up some information and report back, but now, she was also affected by the mood of the village.

She started to sympathize with Qin Sheng.

The old village chief suddenly said, "Wait, a man came over a few days ago."

The reporter's intuition told her that this was a big scoop. She pointed the microphone at the old village head and asked, "A man? What was he doing here? Village Chief, just tell me."

The old village head stopped here and tried hard to recall.

The reporter was very anxious, but she didn't disturb the old village chief.

Five minutes later, the old village chief continued, "They wanted us to say that Shen Mei and Feng Kun are very good to Xiao Sheng and that although their family is poor, they still spend a lot of money to study for Sheng Sheng, and they usually don't want her to work. That's more or less what they said."

In the reporter's mind, one word appeared - conspiracy.

Shen Mei knew how to look for Qin Sheng at the most popular place in Imperial Capital University and deliberately made her say those words. She also recorded the process of them looking for Qin Sheng in the short video, and now, she stuffed money into the villagers' mouths to keep them quiet.

It was obvious that someone wanted to deal with Qin Sheng.

Shen Mei must have been instructed by someone, otherwise, she wouldn't have such a strategy.

"Did you accept it?" the reporter asked again.

"Of course, we'll accept it. Someone's giving us money, why not?" The old village head raised his eyebrows smugly.

The reporter furrowed her brows. "Since you accepted it, why didn't you do as they said?"

"We only accepted the money and didn't agree to his words."

Speaking of this, the old village head couldn't help but feel proud in his heart.

The people who had gone against Qin Sheng had been tricked by them, so they were naturally happy.

Back then, the man sent by Qin Churou found a villager and gave him a sum of money. The villager was also very fond of Qin Sheng. He could tell that the words the man had taught him were harmful to Qin Sheng.

He didn't immediately agree, saying that he would consider it. After leaving, he told the old village chief about this matter.

The old village chief and several other cadres came up with a plan and told the villagers from door to door to accept his money, but not to agree to his demands.

All-Mighty Girl Gets Spoiled by A Bigshot

The man sent by Qin Churou saw the villagers accept the money and thought they would do as he told them.

That man would never have thought that they would trick him.

"Okay, thank you for your answer. We will report the truth. I wonder if you would mind if I upload your video online?" the reporter asked politely.

"Does that mean we can help Xiao Sheng?" The old village head frowned.

The reporter nodded, "Yes."

The old village head was happy. "Okay, I'll do anything to help you."

When the other villagers heard this, they couldn't help but agree.

The reporter was very surprised. She did not expect so many people in Feng Village to be protecting Qin Sheng. It seemed that Qin Sheng was indeed a good person.

Before the reporter left, the old village chief reminded, "This reporter, you have to help Xiao Sheng and prove her innocence. Xiao Sheng is not an ungrateful person. We all support her in treating Shen Mei like that. She can't be wronged like this."

--

After the reporter went back, she immediately started to prepare her script.

This reporter was the first to come to Feng Village for an interview. On the other side, there were already other reporters who had already interviewed Qin Hai and Lin Shuya.

Usually, Qin Hai would intentionally hide the fact that Qin Sheng was his daughter. However, these reporters would dig deep into the matter, so it was not impossible to dig it out. Moreover, Qin Churou had also intentionally revealed it.

Without a doubt, Lin Shuya and Qin Hai's evaluation of Qin Sheng was extremely bad.

In the video, Lin Shuya expressed her strong dissatisfaction with Qin Sheng.

"I'm Qin Sheng's biological mother. How can I not love my own child? It's just that ever since Qin Sheng was brought home, she's never been nice to me. She always makes us think that we owe her something. She's unruly and never listens to my discipline. Later on, she proposed to cut off all ties with us."

"At that time, she was already with Fu Hanchuan. I didn't understand why she broke up with us before, but it turns out that she was with Fu Hanchuan and didn't like us."

Lin Shuya was also used to acting. She wiped her tears as she spoke, and the netizens couldn't help but stand on Lin Shuya's side.

[Even Qin Sheng's biological parents despise her so much. It looks like Qin Sheng's character is really bad. I'd like to see how she's going to whitewash herself this time.]

[Hehe, it's a stone hammer this time. Didn't Qin Sheng's die-hard fans say they wanted to slap us in the face? I'd like to see how you can slap me in the face.]

[Don't worry about it. You guys can continue. Qin Sheng has indeed gone a little overboard.]

[Qin Sheng, you b*tch, get lost!]

[...]

Fu Hanchuan was also scrolling through Weibo. When he saw the comments insulting Qin Sheng, he narrowed his eyes.

There was a storm in his eyes.

Assistant Lin came to Fu Hanchuan's desk and asked respectfully, "President, when do you plan to start?"

"Let's wait for a moment."

Fu Hanchuan's lips curled into a smile.

In fact, Fu Hanchuan could have helped Qin Sheng clear her name earlier. He wanted to blow up the matter before he took action.

In the future, if anyone wanted to post negative comments about Qin Sheng on the internet, they would have to think about it carefully. Otherwise, some people would not learn from their mistakes.

Assistant Lin looked at the smile on Fu Hanchuan's lips and could not help but sympathize with the marketing and media who had participated in slandering Qin Sheng.

--

Qin Sheng's matter continued to spread on the internet, and the person in question, Qin Sheng, seemed to have disappeared. She rarely appeared in public.

Later on, it even reached the point of a full-network attack.

All-Mighty Girl Gets Spoiled by A Bigshot

Qin Sheng's loyal fans were indeed very strong, but they were helpless against so many people.

Old Master Lu simply let the fans take a break.

He sent a message in the group. [Let's leave it at that for now. Let them be smug for a while. They'll be slapped in the face eventually, and this slap in the face is not light. Your main job now is to record down the IDs of some particularly unpleasant comments.]

The more the netizens slandered Qin Sheng now, the more they would be slapped in the face.

Old Master Lu asked them to record the name list because he wanted to pick a few people to sue, and the rest would be to ban them.

The fans listened to Old Master Lu and did as he said.

On the other side, the reporter who had just returned from Feng Village was also rushing to write her article. After letting the higher-ups take a look, she posted a Weibo.

[Phoenix Entertainment Media V: In response to Qin Sheng's matter, we went to the hometown of Qin Sheng's adoptive parents and interviewed the villagers. The following is a video of the interview. What they said is not a lie.]

There was a 60-minute interview video under the Weibo post, which had not been edited.

The other one was edited, and the content was very short.

Once she posted it, the Weibo post exploded.

This was the first Weibo post with evidence to clear Qin Sheng's name, and the comments section below was very lively.

[This, this, this, is this for real?]

[If what she said is true, I can only say that Qin Sheng did a great job. If it were me, I wouldn't have cared about her either. I'd be considered kind if I didn't seek revenge from her. She mistreated me in the past, and now Qin Sheng is rich and she's coming to ask for benefits. How can there be such a good thing in the world?]

[F*ck! It's so disgusting!]

[Shen Mei even said that she missed my goddess with tears and snot in her eyes back then. It turns out that she was thinking about my goddess' money.]

[Could this be fake? Qin Sheng bribed them?]

[When I read the last part, I keep feeling that someone is playing with the goddess.]

[Then what's with the comments from Qin Sheng's biological parents? It's said that mother and daughter are as close as water. She can't be lying to slander Qin Sheng, right? No, I still feel that there's something wrong with this video.]

[Upstairs, perhaps Lin Shuya isn't a good person? After all, Qin Sheng had been picked up in the second semester of her third year in high school. How deep could their relationship be? If Qin Sheng had met some weird parents, it wouldn't be strange for Lin Shuya to say that.]

[...]

Their discussion was in full swing, and many people even started arguing.

Many people were not willing to believe that Shen Mei had really done these things to Qin Sheng. After all, they were on Shen Mei's side in the beginning. If they believed it, wouldn't they be slapping their own faces?

However, they still felt a little uneasy in their hearts, as if this face-slapping had just begun...

Qin Churou also saw the Weibo post immediately.

She couldn't believe it.

Didn't she use money to seal their mouths?

Qin Churou called the man who had been sent to Feng Village and immediately questioned him, "Didn't you already settle everything? Tell me, what's with the interview videos on Weibo?"

The man was confused. He quickly opened Weibo and clicked on the video.

He was also puzzled. "Miss Qin, I don't know what's going on. Back then, they clearly agreed to it."

When he scrolled to the end of the video, he heard the old village head say that they had only accepted the money and had not agreed to it.

The man suddenly stood up and gritted his teeth. His voice was filled with anger. "D*mn it, I've been tricked!"

All-Mighty Girl Gets Spoiled by A Bigshot

Qin Churou's face darkened. "Everything that I've carefully planned is ruined."

This was a rare opportunity to ruin Qin Sheng's reputation. If she failed, it would be as difficult as ascending to heaven to ruin Qin Sheng's reputation in the future.

Was she going to watch Qin Sheng's glory in the future?

Qin Churou clenched her fists tightly, unwilling to give up.

The man had already received Qin Churou's money, and he wasn't worried that Qin Churou would threaten him. He said directly, "Miss Qin, I've indeed done as you instructed. I can't do anything about their cunning."

Qin Churou was trembling with anger. "You have to bear the consequences of your actions."

"Ha." The man sneered. "Miss Qin, if I tell everyone that you're the one who ordered me to do this, you can forget about being a big star."

Qin Churou gritted her teeth. "Get lost!"

She hung up the call with the man and kept looking at the comments.

Seeing the many doubtful comments below, a glimmer of hope reignited in Qin Churou's heart. If there was no follow-up evidence, wouldn't Qin Sheng still not be able to prove her innocence?

As long as she used the fact that the Feng Village's people had been bribed by Qin Sheng to create hype, many people would still not believe Qin Sheng's words.

Qin Churou had just thought of this when Fu Hanchuan posted a Weibo message.

[Chuan: The following are the records of the wounds, hospitalization, and consultation. According to Shen Mei, she has doted on Sheng Sheng since she was a child and could not bear to see her suffer. So where did all these come from?]

There were a few photos attached.

The first picture was of Qin Sheng's arm. She had been twisted, pinched by nails, and whipped with a rope. It was a ghastly sight.

The rest were all Qin Sheng's hospitalization records and consultation records.

Fu Hanchuan sent another video, which was an interview with the head nurse of a local hospital.

["I know this child. She's been admitted to the hospital several times, and I've always helped her deal with it. I remember very clearly that one time, she hit her head, which was obviously man-made. At that time, she had many wounds on her body. The second time, she was admitted to the hospital because of a high fever. She had a fever for two days before her parents sent her to the hospital."]

The head nurse was not lying.

She was the one who had found those hospital records and given them to Fu Hanchuan.

The netizens all fell silent.

If the information given by Fu Hanchuan was true, then Qin Sheng's life as a child was really too hard. A foster mother like Shen Mei was indeed not worth paying attention to.

If it were them, they would have done the same.

Of course, this was not the end.

Fu Hanchuan then took out Shen Mei and Feng Bing's itinerary. They did take the high-speed rail all the way here. They were dressed pitifully, but the food they ordered on the high-speed rail was not cold at all, and one serving cost 100 yuan.

It was nighttime when Shen Mei arrived at the capital.

That night, they stayed in a hotel. It cost more than 400 yuan for a night.

The netizens were stunned. Was this all Shen Mei had? She had brought her savings of a few hundred yuan to Qin Sheng?

Before they could react, Fu Hanchuan threw out another property certificate. The Feng family had a two-story house in town, and there was also a bank transfer of 10,000 yuan in their bank card in the past year.

The netizens were speechless.

The evidence almost made them faint.

Fu Hanchuan was usually quiet, but he had thrown so many bombs?

Chapter 1139 - 1139 You're Moving Out Today

1139 You're Moving Out Today

They felt their faces hurt.

However, there were still many people who were suspicious. After all, the power behind Qin Sheng was very strong. It was not surprising that they had forged some records.

In the end, Fu Hanchuan took out the recording of Qin Sheng and Shen Mei's conversation.

They played the recording and heard Qin Sheng and Shen Mei's conversation clearly.

!!

[F*ck, f*ck, f*ck, that's disgusting. She really came to Sister Sheng for money.]

[You're the one who's a money-losing good. Sister Sheng is a treasure. Just by sitting there, a large amount of money can be sent to you.]

[Hehe, you're really good at acting. You're one person in front of others, but another person behind them. It's a pity you're not an actor.]

[15 billion all for her, how could she have the nerve to say that? And that money was given to Sister Sheng by Male God Fu, so naturally, Sister Sheng should be the one spending it on the Feng family? What is this?]

[Tsk, tsk, she still wants the goddess to beg her? I'm sorry, the reputation of the goddess will not be destroyed. Your wishful thinking is going to fail.]

[I'm asking you, black fans, did your faces hurt? I told you, every time you defame Sister Sheng, you'll be slapped in the face. You guys just don't learn from your mistakes, sending your faces to Sister Sheng's hand again and again.]

[Upstairs, my face does hurt. I'll definitely remember not to slander Sister Sheng again.]

[...]

There was a wave of mockery.

This time, there were not many people who doubted it. After all, the evidence was conclusive.

Many people began to ask about Lin Shuya.

Fu Hanchuan put down his phone after sending these messages.

Seeing that Fu Hanchuan had not responded for a long time, the netizens began to guess on their own.

[Why didn't Fu Hanchuan come out to clarify Lin Shuya's matter? Could it be that Lin Shuya was telling the truth? Without evidence, he naturally wouldn't come out to clarify?]

[No, no, no, I don't think there's no evidence. Male God Fu should be preparing to take it slow. It's not fun to take out so much evidence at once, right?]

[Wait, I know this Lin Shuya. I was in the third year of Class 1 in H City High School. Lin Shuya's daughter, Qin Churou, was my classmate. Lin Shuya attended the parent-teacher conference of Qin Churou, but she didn't mention that Sister Sheng was her daughter. To be honest, if you didn't mention it, I wouldn't have known that Lin Shuya was Sister Sheng's mother.]

The following comment was the top comment.

When Qin Churou saw these comments, she was completely flustered. Were they trying to drag her out? She had been living in fear every day in the entertainment industry, and it was not easy for her to regain some of everyone's impression of her.

Was she going to fail at the last step?

Qin Churou gritted her teeth and shifted all her anger onto Shen Mei.

If it wasn't for that idiot, how could all of this have been exposed?

She walked out of the room with a dark expression.

At this moment, Shen Mei was putting food into Feng Bing's bowl.

Qin Churou walked over directly, took the bowl in front of Feng Bing, and looked to the side with a heavy heart.

Feng Bing was about to cry, but when he saw Qin Churou, he forced his tears back.

These days, under Qin Churou's control, Feng Bing was very afraid of Qin Churou and did not dare to touch her things.

Feng Bing's eyes were filled with tears, and Shen Mei's heart ached when she saw that.

She looked at Qin Churou unhappily. "Rou'er, what are you doing?"

Qin Churou's expression was very ugly. "Shen Mei, you guys are moving out today."

This time, Qin Churou did not call Shen Mei 'Mom' anymore.

"Why do you want us to go back?" Shen Mei asked with a frown.

1140 Give Her 200,000 a Month

"Do you know that the matter has been exposed? Didn't you go to see Qin Sheng? I told you to check if Qin Sheng was wearing a listening device, but you didn't listen? Your conversation has been recorded, and there's no way to salvage it now!"

Qin Churou's eyes were dark. As expected, she was a failure. She didn't have the ability, yet she didn't listen to her arrangements and fell into someone's trap.

“What? That wretched girl actually dared to record the conversation? She’s rebelling!”

Shen Mei did not know that Qin Sheng would really dare to do that. Moreover, she had been furious the moment she saw Qin Sheng, so how could she have remembered the bug?

After that, Shen Mei felt a little guilty. “Rou’er, I will be more careful next time. Please forgive me this time.”

“Besides, Rou’er, no matter what, I’m still Qin Sheng’s mother. She has to listen to me. I’ve raised her for more than ten years.”

Qin Churou looked at Shen Mei as if she was looking at an idiot.

She laughed mockingly. “Do you really think you can suppress someone like Qin Sheng? You’re not related to Qin Sheng by blood at all, and you’ve been abusing her so badly. Even Lin Shuya, her biological mother, can’t do anything to Qin Sheng, let alone you.”

Shen Mei choked for a moment.

She was recalling the few times she had met Qin Sheng. Qin Sheng had indeed looked down on her.

Feng Bing was wiping his snot with the back of his hand. The disgust in Qin Churou’s eyes was obvious. “You guys go back today. I’ll buy your tickets. Also, you can’t tell anyone about the things I told you to do.”

“Rou’er, I’ll stay here for a few days. Maybe things will turn around.” Shen Mei didn’t get any benefits, so she naturally didn’t want to leave just like that.

“Heh, you still want to turn things around?”

Qin Churou took out her phone and wanted to buy a plane ticket for Shen Mei.

“Rou’er, wait.” Shen Mei grabbed Qin Churou’s wrist.

Qin Churou was a clean freak. She saw Shen Mei using the hand that was holding her to wipe Feng Bing’s nose, and a wave of disgust washed over her.

Qin Churou pushed her away. “Don’t touch me.”

“Rou’er, I can leave with Bing Bing, but I have a condition.”

The Feng family favored boys over girls, and so did Shen Mei. She thought that a daughter should help her family. She was Qin Churou’s biological mother, and she gave birth to Qin Churou. Qin Churou should agree to her request.

Shen Mei revealed her motive. “Qin Churou, give me 200,000 a month.”

“200,000?” Qin Churou’s face darkened. “Impossible! Where do you want me to get this 200,000 yuan?”

Shen Mei was displeased. “Your clothes cost hundreds of thousands. I’m just asking you for 200,000 a month and you’re not willing to give me?”

Qin Churou gritted her teeth and refused to give in.

Qin Hai gave her 200,000 yuan a month. She had to spend quite a lot of money. Moreover, she was not popular yet, so her pay was not high. She had to spend money on her own, and it was difficult for her to do so. Not to mention if she had to give Shen Mei 200,000 yuan a month.

Shen Mei’s eyes darted around as she threatened, “Qin Churou, if you don’t give it to me, I’ll tell everyone that you ordered me to do this and that I’m your biological mother. You have to support me. If I tell them, you can forget about staying in the entertainment industry.”

Shen Mei was using the same method she used on Qin Sheng on Qin Churou.

Qin Churou’s face was livid with anger. She glared at Shen Mei, her eyes dark.
