

ALL-MIGHTY GIRL GETS SPOILED BY A BIGSHOT

Chapter 1181 Let Her Go On A Blind Date

Hearing this, Father Ye could not believe it. Didn't Qin Sheng just be taken back by the Lin family and acknowledge Qin Yufei as her father not long ago?

Why was everyone protecting her?

He originally thought that Qin Sheng would not be taken seriously.

Usually, no matter how much competition there was between companies, they would maintain a friendly surface.

Qin Yufei and Lin Haoyu were clearly going to deal with the Ye Corporation.

The secretary looked at Father Ye carefully and continued, "Moreover, there are serious returns for the products under our company's name. If those products are overstocked, it will be a huge loss."

Father Ye's face darkened. He gritted his teeth and said, "Summon all departments for a meeting."

"Yes." The secretary left the room.

Father Ye felt suffocated. He took out his phone and called Ye Yutong. He scolded, "Don't hang out with Fu Hanchuan in the future, and don't even think about marrying him."

"Dad, you..."

"Ye Yutong, the company is in a crisis because of you. In the future, it will be targeted by the Qin Corporation and the Lin Corporation. I've told you before that with your excellence, you can find countless outstanding men to be your boyfriend. Yet, you insist on sticking to Fu Hanchuan."

Ye Yutong gripped the cup of water in her hand tightly, feeling very dissatisfied.

At that time, he had taken a fancy to Fu Hanchuan's talent and wanted him to help develop the Ye Corporation. He was clearly very satisfied with Fu Hanchuan and supported her liking Fu Hanchuan.

Now, he was pushing all the blame onto herself.

Of course, Ye Yutong did not dare to say these words out loud.

"Tong Tong, from now on, you'd better put away your feelings for Fu Hanchuan. You're not young anymore. You should find a boyfriend to share your father's burden."

Next, the Ye family would face a serious crisis in a short period of time.

If any company could help them, it would not be difficult for the company to survive this crisis.

Ye Yutong's heart skipped a beat. "Dad, you..."

"I'll arrange a blind date for you." Father Ye's tone was firm.

Ye Yutong knew how domineering Father Ye was. If she were to go against his wishes at this moment, she was afraid that he would not like her, so she did not dare to speak.

After hanging up the phone, Ye Yutong didn't pay much attention to Father Ye's blind date. She sat on the bed and looked at the insults on Weibo.

Every time she thought of Fu Hanchuan's cold gaze, her heart ached a little.

This time, he did not care about her reputation at all and exposed that she was Loves Yutong the Most.

Was Qin Sheng that good? How could she make all these outstanding men like her so much?

Xie Hen and Fu Hanchuan, which one of them wasn't a dragon among men? Both of them were actually smitten with Qin Sheng.

She wanted Xie Hen to snatch Qin Sheng away, but the funny thing was that Xie Hen was unwilling, worried that he would hurt Qin Sheng.

Heh, wasn't it better to snatch the person you liked?

Ye Yutong's eyes were filled with determination. She had to get Fu Hanchuan.

At Imperial Capital University.

Ye Yutong's second account was exposed. Many netizens went to Imperial Capital University's Weibo account and demanded that Ye Yutong be punished and kicked out of the school.

Imperial Capital University was very fast. In the afternoon, they held a meeting to discuss Ye Yutong's matter.

Fu Hanchuan was a shareholder of Imperial Capital University, so he had also participated.

During the meeting, some of the school leaders only said that Ye Yutong had made a mistake because she couldn't take things too hard and wanted to give her a punishment as an explanation to everyone.

Fu Hanchuan's attitude was very firm, and that was to expel Ye Yutong.

All-Mighty Girl Gets Spoiled by A Bigshot

His face was expressionless, but his body exuded a cold aura, causing the school leaders who wanted to give Ye Yutong a lighter punishment to shiver.

Sitting at the conference table, Fu Hanchuan's fingertips tapped lightly on the table.

"I think that Imperial Capital University values character the most. You won't cover up for Ye Yutong, right?"

The meeting room was silent.

Fu Hanchuan's lips curled into a smile. "Sheng Sheng is so outstanding. It doesn't have to be Imperial Capital University. Sheng Sheng and Ye Yutong, you can only choose one."

The Principal was nervous. The last thing he wanted was for Qin Sheng to leave Imperial Capital University.

He quickly put on a fawning smile and said, "Hanchuan, don't worry. We will definitely handle this matter fairly. We will expel Ye Yutong."

After saying that, the Principal swept his gaze across the school leaders. "Ye Yutong's matter is vile. She spread rumors and caused trouble. It has caused a very bad influence on Qin Sheng and Imperial Capital University. Now, we have decided to expel her. Do you have any objections?"

His eyes were filled with warning.

If they dared to force such an outstanding student like Qin Sheng away, he would definitely not let them off.

The school leaders looked at Fu Hanchuan's dark expression and nodded in unison. "No problem."

They felt that if they dared to shake their heads, Fu Hanchuan would never let them off.

The Principal was relieved. He turned to look at Fu Hanchuan. "Hanchuan, is this alright? Any other questions?"

Fu Hanchuan glanced at him. "Expel Wang Xiaoli."

The Principal said awkwardly, "Hanchuan, although Wang Xiaoli played a big role in this matter, she seems to have been deceived by Ye Yutong. The school has already punished her. If she were to be expelled again..."

Fu Hanchuan threw him a document.

The Principal flipped it open and read it. It listed the many things that Ye Yutong had arranged for Wang Xiaoli to do, forcing several girls to drop out of school.

The Principal's gaze darkened.

"Hanchuan, don't worry. Imperial Capital University won't keep such students," he said seriously.

"Yes."

Now that the matter had been resolved, Fu Hanchuan left the meeting room. The Principal caught up with him and stopped him.

Fu Hanchuan stopped in his tracks. "What's the matter?"

The Principal coughed. "Hanchuan, don't take Ye Yutong's matter to heart. In the future, our Imperial Capital University will definitely not let Qin Sheng suffer any grievances."

The Principal wiped the sweat off his forehead.

It was not easy for a genius student to come, but she was actually targeted by so many people.

He was worried that Qin Sheng would leave Imperial Capital University.

Fu Hanchuan narrowed his eyes and chuckled. "I hope you can keep your word."

"Definitely, definitely."

The Principal watched Fu Hanchuan leave.

He sighed.

What was going on? As the principal of Imperial Capital University, he was actually suppressed by two of his students. He had to flatter them, afraid that they would leave Imperial Capital University if they were happy.

At 4 o'clock in the afternoon, Capital University also posted a Weibo post.

[Imperial Capital University V: Ye Yutong's actions had a very bad impact. Wang Xiaoli also forced her classmates to drop out. After some research, the school has decided to expel these two students.]

Everyone had been paying attention to the news of Imperial Capital University. Once Imperial Capital University's Weibo was posted, there were many replies below.

[Hahaha, the public likes Imperial Capital University's attitude of not covering up for students. If a student with excellent grades like Ye Yutong was placed in another school, she would at most be punished. No, I have to send my son to Imperial Capital University next year.]

All-Mighty Girl Gets Spoiled by A Bigshot

[Previous poster, Imperial Capital University is the best university in China. Do you think you can get in just because you want to?]

[Why do I feel like Imperial Capital University is biased toward Qin Sheng? Am I mistaken?]

[Isn't it normal to be biased toward Sister Sheng? If I were the principal, I would praise such an awesome student to the heavens.]

[Yes, I remember when Fu Hanchuan first entered Imperial Capital University, he made a few great achievements. For four years in a row, Peking University couldn't compete with Imperial Capital University in snatching students.]

Ye Yutong's ears buzzed when she saw the Weibo post from Imperial Capital University. She couldn't hear anything else.

She... She was expelled.

Ye Yutong had already expected this outcome, but she still could not accept it.

Ye Yutong had been pursuing excellence since she was young. She would be jealous of those who were more outstanding than her.

Now that she had been expelled from Imperial Capital University and the matter had blown up, the universities in the country basically wouldn't want her anymore. Then wouldn't she only have a high school degree?

Ye Yutong's face turned pale.

She hugged her arms and felt very cold.

In the future, there would definitely be many people who would mock her for her low academic qualifications. She wanted to enjoy the attention of others, not ridicule.

Father Ye came back from the company at this time.

In the car, he had already seen the Weibo post. The moment he got out of the car, he ran straight to Ye Yutong's room with an ugly expression.

Mother Ye was worried that something might have happened, so she put down the fruit knife in her hand and followed after him.

"Dad, what's the matter?" Ye Yutong opened the door and saw Father Ye's gloomy expression. She couldn't help but shrink back.

Mother Ye frowned and stepped forward to block Father Ye. She said unhappily, "Ye Li'an, what's wrong with you? Being fierce to your own daughter?"

Father Ye ignored Mother Ye and stared at Ye Yutong. "You were expelled?"

Father Ye was also someone who cared about his reputation. In the past, everyone envied him for having such an outstanding daughter like Ye Yutong. Now that Ye Yutong had been expelled, how would they view him?

"What? Expelled?" Mother Ye was shocked. "Imperial Capital University actually dares to expel my daughter? No, I have to find them to reason with them. Tong Tong is about to graduate. What will happen to Tong Tong if she's expelled?"

"Don't go over and embarrass yourself!" Father Ye stopped Mother Ye.

He angrily took out his phone, clicked on Fu Hanchuan's Weibo, and showed it to Mother Ye. "Look at what your daughter has done."

Mother Ye read the contents and looked at Ye Yutong in disbelief. "Tong Tong, you..."

In her eyes, Ye Yutong was sensible and obedient. Mother Ye never thought that the person who posted such vulgar comments on Weibo would be Ye Yutong.

Tears streamed down Ye Yutong's face. "Mom, I'm sorry. I couldn't think straight."

Mother Ye's heart ached. She hugged Ye Yutong's shoulders and comforted her, "Tong Tong, it's okay. You can do whatever you want. I won't blame you."

She then looked at Father Ye. "Think of a way to get Imperial Capital University to withdraw this expulsion notice."

"Do you think Imperial Capital University will make a statement online to withdraw the expulsion notice? Isn't this embarrassing Imperial Capital University? Do you think they will be willing?" Father Ye's voice was very cold.

Mother Ye fell silent.

Father Ye continued, "How about this? Tong Tong can't be without a degree. She's still young, so I'll send her overseas to study. Very few people abroad know about this. Yutong will complete her degree there, so it won't affect her."

This was the only way at the moment.

All-Mighty Girl Gets Spoiled by A Bigshot

Ye Yutong objected, "I'm not going."

She sounded very emotional.

If she went abroad to study, wouldn't that give Qin Sheng and Fu Hanchuan a chance to be together?

By the time she came back from studying abroad, the two of them would probably be married.

Ye Yutong clenched her fists. She would never allow such a thing to happen.

"Ye Yutong!" Father Ye berated.

Mother Ye protected Ye Yutong and retorted with a frown, "It's fine if Tong Tong doesn't want to go. Isn't it just a degree? What was the big deal? Isn't the Ye Corporation going to be inherited by Tong Tong in the end?"

The veins on Father Ye's forehead bulged.

He could only say, "I'll think of a way to see if Tong Tong can get a graduation certificate from Imperial Capital University. If it really doesn't work, she can also get a diploma from another university."

Father Ye had used his connections to ask for a graduation certificate from Imperial Capital University, but Imperial Capital University was naturally unwilling to give it to him.

He looked for other schools, but the results were the same.

Little did they know that Qin Yufei, Lin Haoyu, and Fu Hanchuan had already informed those universities. No matter how much money Father Ye gave them, they did not dare to give Ye Yutong a graduation certificate.

Wang Xiaoli arrived at the Ye Family Villa and found Ye Yutong.

Wang Xiaoli's voice was choked with sobs. It was obvious that she had cried. "Yutong, I've been expelled too. Help me think of a way. It wasn't easy for me to get into Imperial Capital University. I can't just drop out like this."

"I was expelled too," Ye Yutong said coldly. "I can't even get into Imperial Capital University myself, let alone help you."

"But, Yutong, I was expelled because of you. You can't just ignore me."

"Wang Xiaoli, if you hadn't announced my engagement to Fu Hanchuan, I wouldn't have ended up like this," Ye Yutong said impatiently.

Wang Xiaoli did not expect Ye Yutong to blame her for everything. She said in disbelief, "Yutong, if you didn't deliberately show me the engagement letter and hint at me, would I have leaked it?"

Wang Xiaoli had never dared to act on her own in front of Ye Yutong. It was the same this time. If it wasn't for Ye Yutong's instructions, she would never have done this.

"You can leave."

Ye Yutong was asking her to leave.

Wang Xiaoli gritted her teeth. "Ye Yutong, you have to help me."

They were talking outside the villa. Ye Yutong did not allow Wang Xiaoli to enter the villa.

A servant passed by and greeted Ye Yutong respectfully when she saw her. "Miss."

Ye Yutong pointed at Wang Xiaoli. "Take her out. Don't let her enter the villa again."

The servant was surprised. Weren't Wang Xiaoli and Ye Yutong on good terms?

"Ye Yutong, you can't chase me away. Otherwise, you'll regret it!" Wang Xiaoli's expression was ugly. She did not expect Ye Yutong to ignore her when something happened.

Everything she did was for Ye Yutong!

Ye Yutong repeated, "Chase her out."

"Yes." The servant did not dare to hesitate. She was very strong and pushed Wang Xiaoli out.

At 8 o'clock in the evening, Fu Hanchuan posted another Weibo post.

There was a screenshot of the information that he had given the principal. All the bad things that Ye Yutong had done over the years were listed on it.

The eyeballs of the onlookers fell to the ground in shock.

[F*ck, f*ck, f*ck. This is a true femme fatale. She looks gentle and generous on the outside, but she's actually so vicious in the mainland. Some women are so scary.]

All-Mighty Girl Gets Spoiled by A Bigshot

[It's too tragic for Sister Sheng to be targeted by such a woman. Luckily, Sister Sheng is capable. Otherwise, she might have been bullied by Ye Yutong.]

[Don't you guys love white lotuses the most? There's one here. Hurry up and chase after her.]

[Previous poster, I don't dare to marry such a viper-like beauty. Otherwise, I won't even know how I'll die.]

[I keep feeling that Fu Hanchuan really dotes on Qin Sheng. Her boyfriend is so strong. I'm going to join the ChuanSheng CP camp too.]

[...]

Wang Xiaoli stared at Weibo for a long time with a gloomy expression.

Her mind was filled with the desire to take revenge on Ye Yutong.

She was expelled because of Ye Yutong. Since Ye Yutong was not involved, she would not let Ye Yutong off easily.

Gritting her teeth, she recorded a video and uploaded it. In the video, she described Ye Yutong's character and told everyone about the things that Ye Yutong had asked her to do.

It was exactly the same as what Fu Hanchuan had found.

Without a doubt, Ye Yutong was scolded even more by the netizens.

Ye Yutong gritted her teeth and stared at her phone. Wang Xiaoli, how dare she!

In the next few days, Ye Yutong went out to attend to some matters. This matter had been causing a ruckus for a few days, but it had never made it into the top three trending searches on Weibo. Many people knew about it, and when they saw Ye Yutong, they could not help but cast a strange look at her.

Some even threw vegetable leaves at Ye Yutong.

Those kids pointed at Ye Yutong and scolded her for being a bad woman.

Ye Yutong couldn't stand all the finger-pointing and gossiping, so she didn't dare to go out for a while.

Old Master Lu proudly posted on Weibo.

[Lu Zhongguo (Shengsheng's Little Fan): Tsk, tsk, look at how well my grandson treats Sheng Sheng. Sheng Sheng must be my granddaughter-in-law in the future. You guys must remember this. If you want to ruin Sheng Sheng, you must be prepared to be slapped in the face.]

Old Master Lu's Weibo verified that he was China's number one painting master. There were more than a dozen posts on his Weibo now.

However, he rarely posted anything related to painting. The only time he did so was when Qin Sheng's painting was sold for 100 million yuan.

Old Master Lu was a diehard fan of Qin Sheng.

Every time he went down to help Qin Sheng, people would forget that he was a master painter.

When the netizens saw Old Master Lu's comment, they replied one after another. They did not dare to criticize Qin Sheng in the future. There would not be a third time. If they continued to criticize her, they would look stupid.

Some netizens recalled how Qin Sheng had caused trouble on set and chased Fu Shihan and Qin Churou out of the set with her status and Fu Hanchuan's favor.

Therefore, they asked Old Master Lu.

Old Master Lu replied to them, [These two people. Fu Shihan is Hanchuan's half-sister. Her mother is a mistress. She can't stand Sheng Sheng. And Qin Churou, you know about Sheng Sheng and her parents. Do you think Sheng Sheng will be nice to her?]

[Sheng Sheng invested in this movie. She can let whoever she wants go. Is there a problem with that?]

After reading Old Master Lu's reply, some netizens were still questioning Qin Sheng's attitude.

From their conversation, Fu Shihan and Qin Churou were innocent, and Qin Sheng had used her power to chase them out.

People sympathized with the weak. At this moment, they couldn't help but side with Fu Shihan.

Old Master Lu narrowed his eyes and poked his finger on the phone screen. He replied, [Aren't you afraid of being slapped in the face again?]

Chapter 1186 Your Family Is Full Of Stinky Brats

Seeing Old Master Lu's words, the netizens all fell silent.

Of course, there were still a few ignorant people who were jumping up and down and cursing. Old Master Lu did not want to waste time arguing with them. Moreover, he had banned their accounts so that they had nowhere to vent their anger. Wasn't that better?

He directly intercepted their Weibo accounts and sent them to the butler.

Old Master Lu snorted coldly. "Blockade them all. They're all trying to make their presence known. Do they really think I'll let them slander Sheng Sheng?"

"Old Master, you were a very serious and respected painter in front of everyone before." The butler held his forehead and reminded him.

Before Qin Sheng came over, Old Master Lu was very concerned about his image outside. He always had a serious face.

But this would...

The butler could not help but cover his face.

If he had not been following Old Master Lu all this time, he would have thought that Old Master Lu had changed into someone else.

Old Master Lu glanced at him lightly. "Is there a problem?"

The butler coughed lightly. "Don't you think you're like an old child now? Especially the way you're protecting Miss Qin Sheng."

Old Master Lu waved his hand and said disapprovingly, "This is my nature. Isn't everyone in this world just trying to be happy? How tiring was it to live with a mask on? Besides, if I don't protect Sheng Sheng, who will?"

At this point, Old Master Lu's tone was very disdainful. "Just based on those two old men? I want to be closer to Sheng Sheng."

Old Master Lu was naturally talking about Old Master Qin and Old Master Lin.

The butler was speechless.

Weren't you wearing a mask back then?

In front of others, he always had a serious expression on his face. After he became active on Weibo, he had changed his appearance, making it impossible for people to associate him with the number one painting master in China.

Old Master Lu looked at the butler's troubled expression. He stood up and patted the butler's shoulder. "You don't understand how I feel because your family is full of stinky brats. If you had a granddaughter, you wouldn't be much worse off than me."

The butler was speechless again.

He was really speechless.

The butler wondered if he should ask his grandson to find a girlfriend as soon as possible.

At this moment, he had forgotten that his grandson was still in Year 1.

The butler went downstairs with his phone and made the arrangements according to Old Master Lu's instructions.

Old Master Lu didn't want Qin Sheng to suffer the blame and abuse of an innocent person, so he contacted Qin Sheng.

Qin Sheng had just come out of the bathroom and dried her hair when she received a call from Old Master Lu.

She sat cross-legged on the bed. "Grandpa Lu, what's the matter?"

"Sheng Sheng, tell Grandpa Lu about what happened on set that time. Don't let anyone bully you." Old Master Lu's tone was very kind.

Qin Sheng smiled when she heard Old Master Lu's concern. She did not hide anything. "Grandpa Lu, that video was edited. I have a complete version of the video here."

Old Master Lu heaved a sigh of relief. "That's good."

Qin Sheng smiled. "Grandpa Lu, I'll send you the video and the record of Fu Shihan buying fake reviewers. You're the president of my fan club. You can clarify this."

Old Master Lu was happy. He patted his chest and promised, "Sheng Sheng, don't worry. I'll definitely complete the mission you gave me."

Qin Sheng smiled. "Grandpa Lu, I believe you."

All-Mighty Girl Gets Spoiled by A Bigshot

After the two of them ended the call, Qin Sheng sent the video to Old Master Lu using QQ. The video was a full half an hour long.

Old Master Lu posted the video and the records of the fake reviewers online.

[Lu Zhongguo (Shengsheng's Little Fan): Come, come, come, this is a slap in the face. Are you sure this Fu Shihan is a good person? Then I'll let you watch the complete video, as well as the record of Fu Shihan's manager hiring fake reviewers. All of you are being led by the nose, where are your brains? There are also some people who want to slander Sheng Sheng. They have to be prepared to be exposed and slapped in the face.]

Half an hour later, the netizens watched the entire video and fell silent.

This was indeed a slap in the face.

Back then, they had been blindly attacking Qin Sheng, but they did not expect to be played like a fool.

Old Master Lu's words... They had no way to refute.

They all went to Qin Sheng's Weibo to apologize to her.

Back then, the video that claimed that Qin Sheng was causing trouble in the production team had risen in popularity very quickly. It was all thanks to the water army hired by Fu

Shihan's manager. It was obvious that this incident was planned by Fu Shihan purely to slander Qin Sheng.

These netizens were venting their anger on Fu Shihan. After all, Fu Shihan did not deliberately mislead them, and they would not misunderstand Qin Sheng.

Hence, they went to Fu Shihan to scold her.

Fu Shihan wasn't popular yet, and she had very few fans. She rarely replied to her Weibo posts, so she didn't mute her Weibo.

When she came out of the shower, she heard her phone ringing non-stop.

Fu Shihan frowned and opened her phone.

The first thing she saw was everyone scolding her, saying that she had bad intentions and was deliberately framing Qin Sheng.

Fu Shihan continued reading. Previously, she had only received words of comfort. Of course, there were also people who helped her scold Qin Sheng. Now, the situation had changed.

Fu Shihan's heart tightened.

She looked at the trending searches. The topic that was currently in second place was #Fu Shihan maliciously edited the video to slander Qin Sheng#

Her face turned pale.

Had she been discovered?

How was that possible? She had clearly bought all the videos back then. Those cameramen did not have any backup copies. It was impossible for them to be discovered!

Fu Shihan clicked on it and saw a completed video. It had not been edited!

Fu Shihan's eyes were red and she was flustered.

This was the first time she had been scolded by so many people.

In the past few days, her relationship with Qin Churou had been very good.

She called Qin Churou. "Churou, what should we do? Fu Hanchuan's grandfather has uploaded a complete video, and the news of my manager hiring fake reviewers has been leaked. Everyone is scolding me now. Churou, help me think of a solution."

"It has been clarified!" Qin Churou stood up, her voice very high.

Qin Churou did not expect Qin Sheng to avoid this so easily.

No, where did they get the complete video?

The image of Huang Xiaoyan holding her phone suddenly flashed across Qin Churou's mind.

She gripped her phone tightly. It was Huang Xiaoyan!

She had been negligent.

"Churou, what should I do now?" Fu Shihan asked nervously.

Qin Churou frowned. "We can't clarify this matter for the time being. Take a few days off and don't go to school. We'll talk about it after the storm blows over."

Qin Churou was actually worried that Fu Shihan would rat her out.

Fu Shihan was an idiot, so it was easy to get her to talk.

Fu Shihan did not doubt Qin Churou's words. She nodded. "Okay."

All-Mighty Girl Gets Spoiled by A Bigshot

As these marketing account owners looked at the posts where Qin Sheng had been clarified, they could not help but rejoice.

Fortunately, they held back and did not follow the trend to slander Qin Sheng for the sake of a little traffic. Otherwise, they would have lost money or been banned.

The marketing account owners wiped off their cold sweat.

In the future, they had to learn their lesson. They could offend anyone but Qin Sheng. Behind Qin Sheng, there were countless big shots backing her.

--

The first movie that Shenghe Entertainment filmed was officially released after more than a month of filming and editing.

The male lead of this movie was Lin Haocheng, and the director was Chang Ping. The image of the female lead, Li Wen, was also very similar. Everyone had high expectations for this movie.

The box office earnings on the first day reached 150 million yuan, and the attendance rate reached 75%. This was the box office earnings on weekdays. On the weekend, it reached 200 million yuan.

The Feng Family Movies and Television urgently increased the screening rate of 'She Stepped From My Heart'.

There were many positive comments about the movie on the internet, and many people even suggested watching it twice or thrice. It could be seen how popular it was.

Li Wen's popularity rose rapidly as the movie was broadcasted.

In just a week, the number of fans had reached more than 8 million, and it was still growing at a visible rate.

Endorsements for all kinds of big brands also came.

Many artistes were jealous. Li Wen was still a student. She had only played some minor roles before, but now, because of a movie by Shenghe Entertainment, her net worth had risen so much in just half a year after joining Shenghe Entertainment.

Of course, even if they were jealous, there was nothing they could do.

Shenghe Entertainment wasn't a place that any random artiste could enter.

Shenghe Entertainment was very strict when it came to selecting artists. At present, the entire company only had more than 70 artists.

In the end, the movie's total box office earnings were more than 5 billion yuan.

Although it wasn't the highest-earning movie in China, it was considered an excellent box office for a school drama.

The medicine to improve immunity had already been developed and had been tested in clinical trials. No side effects had been found.

In the laboratory.

Qin Sheng was doing research when Gao Yongliang walked over and told her about it.

"En," Qin Sheng responded indifferently without even raising her head.

She had tried her best to do that research just to free up time to develop a medicine to treat Old Master Lu's illness in her previous life. She could also get Gao Yongliang to agree to research with her.

Gao Yongliang saw Qin Sheng's nonchalant expression and raised his eyebrows. "Sheng Sheng, many pharmaceutical factories have started producing this batch of medicine. You're the patent holder, so you can get 20% of the patent fee for every bottle of medicine. I think there will be a lot of people who will rush to buy this medicine when it's sold. Sheng Sheng, you'll earn at least 8 million a day."

Gao Yongliang and Qin Sheng had been together for a long time. Qin Sheng was not a secretive person. He had roughly figured out Qin Sheng's personality. She was cold and did not care about many things, but she was greedy.

Using money to tempt her was always successful.

As expected, Gao Yongliang's eyes lit up when he saw Qin Sheng. Qin Sheng was finally giving him some charity.

Her lips curled into a smile. "Professor Gao, thank you."

Gao Yongliang was speechless.

She was indeed a money-grubber!

Logically speaking, Qin Sheng already had a lot of money on hand. If not 30 billion, she should have at least 20 billion.

Ordinary people would not be able to spend all this money in their lifetime.

Qin Sheng still looked like she wanted to take all the money.

All-Mighty Girl Gets Spoiled by A Bigshot

Gao Yongliang facepalmed and changed the topic. "Sheng Sheng, you've basically mastered the theoretical knowledge. It's not a problem for you to do some medical research, but if I have any surgeries to perform this semester, you can come with me and learn from me."

"Alright."

This time, Qin Sheng did not refuse. She studied medicine to protect the people around her.

She did not want to watch them die of illness.

Learning how to perform surgery was also inevitable.

Usually, she would watch some knowledge and videos related to surgery, but she still had to put them into practice.

This semester, Qin Sheng had a good time. She also took the time to write a thesis and submitted it to the international medical journal, the ICN. This journal was currently the world's highest-level medical journal. Most of the research papers included in it were from internationally renowned medical experts. In a month, only four papers were included.

Even Gao Yongliang had submitted a total of five research papers to the international medical journal, but only three of them passed the review.

For ordinary people, it was very difficult for a thesis to be published in an international medical journal.

Soon, it was the end of the semester. The fourth-year students were all preparing for graduation.

The principal called Qin Sheng.

"Sheng Sheng, are you preparing to graduate this semester?"

Before Qin Sheng could speak, he continued, "If you want to graduate, the research on immune cells alone is not enough. You have to write a graduation thesis. Due to your special situation, you don't need to defend your thesis. However, you have to publish a thesis in the most famous medical journal in the country."

"The most famous journal?" Qin Sheng frowned.

"Yes." The Principal was afraid that Qin Sheng would not agree, so he quickly continued, "Sheng Sheng, with your level, this isn't difficult for you."

The Principal rubbed his nose guiltily.

It was the most famous medical journal in the country, receiving twelve articles a month.

Even the medical teachers at Imperial Capital University could not guarantee that one out of four theses would be accepted.

It was as difficult as ascending to the heavens for a student to write a thesis that could enter the most well-known journals in the country.

Qin Sheng's brows did not relax. "How about a paper published in the international medical journal?"

When the Principal heard that, he was delighted and grinned widely. "Of course you can. Sheng Sheng, remember what you said. You must have an international medical journal before you can graduate. I've already recorded your conversation with me. You can't go back on your word in the future."

The principal thought that Qin Sheng did not know what the international medical journal meant. He felt that he had gotten a great bargain.

If Qin Sheng knew how difficult it was, she might regret it.

To be published in the international medical journal? How could it be easy?

It seemed that Qin Sheng would have to stay longer at the undergraduate level.

Qin Sheng looked at the email reply sent by the chief editor of the international ICN medical journal on her computer and slowly spat out, "Okay."

"Then, Sheng Sheng, prepare well."

The Principal was about to hang up when Qin Sheng's voice came through again. "Uncle Principal, you can arrange for me to get my graduation certificate."

The Principal was stunned. "Sheng Sheng, you mean..."

It couldn't be what he thought, right?

Wasn't Qin Sheng only writing her thesis this semester? In just a few months, she had written a high-level thesis that was included in the international ICN medical journal?

The principal shook off the thought in his mind. This was basically impossible.

Usually, Qin Sheng was focused on doing research with Gao Yongliang and did not spend much time writing her thesis. Even if her thesis was written well, there would be flaws. It was basically impossible for it to enter the international ICN medical journal.

At the thought of this, the Principal advised earnestly, "Sheng Sheng, you've already submitted your thesis, but you haven't received a reply yet, right? You'd better wait a little longer. After all, it's not that easy to get through the international ICN medical journal. You'd better think about it again."

Qin Sheng leaned back in his chair nonchalantly with a smile on her lips.

She didn't say anything. The Principal continued, "Even Yongliang spent two years preparing his thesis, but he couldn't guarantee that his thesis would be selected by the chief editor of the international ICN medical journal."

"I've already submitted it."

"Submitted it." The Principal wanted to say something, but his voice suddenly stopped.

His eyes widened in disbelief. He could not even speak properly. "You... you passed?"

"Yes, the chief editor just replied."

"Wait, let me take a moment. Sheng Sheng, that's it for now."

The Principal hung up the phone.

Did Qin Sheng really spend only three to four months writing a discussion that was directly published in the international ICN medical journal?

The Principal wiped his sweat. This was the pervert of perverts.

The Principal knew one of the chief editors of the international ICN medical journal, Jiang Qing. He was also Chinese.

The Principal called him to ask about the situation.

"Student Qin Sheng?"

International ICN medical journals were very strict in selecting papers. In the final stage, several chief editors discussed which papers could be selected.

Qin Sheng's was the best paper of the month. Moreover, Qin Sheng was the youngest author to be able to publish a paper in the international ICN medical journal since its launch.

Jiang Qing had a deep impression of Qin Sheng.

He nodded. "That's right. Qin Sheng's thesis will be published next month. Our chief editors are very impressed with her thesis. Your Imperial Capital University has produced a talent."

The Principal's lips twitched.

He didn't know if he should be sad or laugh.

He had been slapped in the face again.

It seemed that every time he questioned Qin Sheng, he would be slapped in the face.

It seemed that he could not casually question Qin Sheng in the future. He could not take this slap in the face again and again.

The Principal was very glad that no one else was present at that time. Otherwise, he would have lost all his face.

Jiang Qing sighed. "Principal Meng, Qin Sheng's thesis is very outstanding in the field of heart disease research. I have a feeling that the treatment of heart disease will gain a lot of inspiration from Qin Sheng's thesis. This Qin Sheng is amazing."

"Okay, thank you. I have something to do now."

"Wait a minute."

Jiang Qing stopped the Principal.

The Principal frowned. "Is there a problem?"

Jiang Qing coughed lightly. "Principal, can you ask Qin Sheng if she wants to work at our journal after graduation? Our journal will definitely give Qin Sheng a good salary. She's very capable. I believe that if she comes to our company in the future, she will definitely have a good development."

This was another poaching.

The Principal's face darkened. He gritted his teeth and said, "Student Qin Sheng will be working in China in the future. Don't even think about it."

After saying that, he hung up the phone.

Jiang Qing could hear the anger in the Principal's voice.

He frowned. He just wanted to. He didn't understand why the Principal would have such an attitude.

On the other side, the Principal stared at Jiang Qing's name on his phone.

Yet another person had come to compete with Imperial Capital University for Qin Sheng, and everyone was trying to steal her away.

The Principal still wanted Qin Sheng to stay at Imperial Capital University as a teacher. Naturally, he did not want Qin Sheng to go to G Country.
