

ALL-MIGHTY GIRL GETS SPOILED BY A BIGSHOT

Chapter 1191 I Hope She Won't Be Dejected

He calmed himself down and called Qin Sheng again. He smiled and said, "Sheng Sheng."

"En," Qin Sheng replied calmly.

"It's like this. Are you going to continue studying at Imperial Capital University?" asked the Principal.

Fearing that Qin Sheng would object, he tempted, "Look, Hanchuan graduated with a Ph.D., and the experiment you did isn't completed yet. This semester is almost over."

He looked troubled. "If you leave school, I'm afraid you can't continue to do this experiment in school."

"I have money. I can set up my own research lab," Qin Sheng raised her eyebrows and teased.

The Principal was speechless.

He choked.

Indeed, with Qin Sheng's background, there was no need for her to study for a Ph.D. or use the school's research resources.

He did not speak for a long time.

Qin Sheng raised her hand to look at her watch. Thinking that she had to make a trip to Shengshi Technology to deal with the company's problems, she stopped teasing the Principal.

"Uncle Principal, don't worry. I'll study for a Ph.D.," she said with a smile.

The Principal heaved a sigh of relief, but he was still worried. He took the opportunity to negotiate with Qin Sheng. "Sheng Sheng, this time, if you want to get your Ph.D. certificate, you have to produce three theses."

"Yes."

Qin Sheng did not refuse. After all, writing a thesis did not take much time for her.

The Principal and Qin Sheng ended the call.

He personally went to look for Gao Yongliang.

Gao Yongliang was obsessed with medicine. He spent most of his time in the research lab and operating theater.

Therefore, the Principal didn't need to call him to ask for his location to know where he was.

Gao Yongliang was studying the fusion of cells. One of his eyes was facing the microscope.

Even when the Principal walked in, he did not react much.

The Principal glanced around the laboratory and asked, "Professor Gao, did you know about Qin Sheng's thesis?"

Gao Yongliang didn't even look up. "She usually comes to the laboratory from Monday to Friday, and sometimes on the weekends. She probably doesn't have much time to write her thesis. Moreover, she's currently doing this research, so she won't be able to finish it in a short time. She's not in a hurry to graduate. Her thesis probably hasn't started yet, right?"

The Principal suddenly wanted to see Gao Yongliang get slapped in the face.

He coughed. "Student Qin Sheng has already submitted the thesis to the international ICN medical journal."

Gao Yongliang frowned. He finally shifted his gaze away from the microscope and looked at the Principal. "International ICN medical journal? Principal, that's impossible. Qin Sheng isn't the kind of person who doesn't know her limits. Besides, has she finished writing her thesis?"

Qin Sheng was indeed powerful.

However, Gao Yongliang did not think that Qin Sheng would be able to complete a high-quality thesis in a short period of time.

Only at night and on weekends? This was extremely difficult to achieve.

Moreover, to be selected for the International ICN medical journal, there was usually a requirement for medical research breakthroughs and experiments. It was not something that could be done just by referring to existing literature on the Internet.

With Qin Sheng's personality, it was impossible for her to use all the time after class.

Gao Yongliang thought that the Principal was joking with him.

The Principal clasped his hands behind his back and listened to Gao Yongliang's questioning. He said angrily, "Why would I lie to you?"

"Really?" Gao Yongliang still couldn't believe it.

The Principal nodded with certainty. "Really."

Gao Yongliang frowned. "There's a high chance that Qin Sheng won't be able to pass. After all, it's very difficult for her thesis to stand out from the thousands of manuscripts submitted every month. She submitted her thesis without sufficient preparation. This is really inappropriate. I hope she won't be discouraged."

All-Mighty Girl Gets Spoiled by A Bigshot

He rubbed his chin and suddenly wanted to see Qin Sheng fail.

His eyes were eager to try.

Every time he saw Qin Sheng, she was omnipotent. It seemed that there was nothing that could stump her.

Perhaps it would not be bad to let Qin Sheng suffer a loss.

The Principal glanced at him. "Professor Gao, I'm sorry to disappoint you."

Gao Yongliang picked up the glass of water at the side. Hearing this, he raised his eyebrows and asked, "Oh? Did she pass?"

He drank the tea in his cup.

"She passed." The Principal waited for Gao Yongliang's reaction.

Sure enough, in the next second, he saw Gao Yongliang spit out the tea in his cup.

The Principal pushed up his glasses. Yes, this was a normal reaction.

Gao Yongliang coughed a few times in a row. When he finally calmed down, he asked impatiently, "Principal, are you sure you're not lying to me? Qin Sheng spent at most four months writing her thesis, and it's only in the evening and on the weekends. How can she submit it to the international medical journal?"

"Qin Sheng is a pervert," the Principal said.

Gao Yongliang stood rooted to the ground, his mind filled with disbelief.

After all, the research paper that he had painstakingly prepared for three years was rejected by them, but Qin Sheng had passed it so easily?

Gao Yongliang was obviously shocked.

Seeing Gao Yongliang's reaction, the Principal walked over and patted his shoulder sympathetically. "I've called my friend to confirm that Qin Sheng's thesis is the most outstanding one in this issue. His phone number shouldn't be fake."

"Professor Gao, some people are just so perverted. We can't compare to them. Didn't Qin Sheng easily figure out the research on improving immune cells?"

With that, the Principal clasped his hands behind his back and left.

Gao Yongliang was still standing there in a daze.

After a while, he reacted and quickly called Qin Sheng.

Qin Sheng picked up.

"Sheng Sheng, did you submit a paper to the international medical journal, the China National Institute of Medicine?" Gao Yongliang asked eagerly.

"Yes."

Gao Yongliang clenched his fists. "Then can you send me that thesis?"

He was really curious about what kind of thesis Qin Sheng had written that could make the chief editor of the highest-level medical journal give such a good evaluation.

Qin Sheng did not refuse and sent the document to Gao Yongliang.

There was a computer in the laboratory.

Gao Yongliang turned on his computer and started reading.

What Qin Sheng was doing was researching the molecular mechanism of cardiac muscle regeneration. She had adopted a completely different research method from the past.

Gao Yongliang's eyes were filled with excitement.

He continued reading.

Toward the end, his hand that was holding the mouse was trembling. He was excited.

He finally understood why the China National Institute of Medicine was willing to include Qin Sheng's thesis without hesitation.

Gao Yongliang's eyes lit up.

For Qin Sheng to be able to write such a thesis in such a short period of time, the content in it was probably impossible for those medical scientists to study it for three years.

Qin Sheng was indeed a little pervert.

If Qin Sheng was here, Gao Yongliang really wanted to crack open Qin Sheng's head to see what it was made of.

He could already predict the sensation that this paper would cause when it was published in the international medical journal.

For the next day and night, Gao Yongliang was busy reading Qin Sheng's thesis.

On the third day, Gao Yongliang finally put down his computer.

He had two big dark circles under his eyes, but his face was full of excitement.

All-Mighty Girl Gets Spoiled by A Bigshot

Qin Sheng's thesis involved many professional terms that were obscure and difficult to understand. Even Gao Yongliang had to search for some of them online.

In the beginning, Gao Yongliang only took a rough look around, and it was enough to surprise him.

The more he read, the more shocked he became.

If he didn't know that this thesis was written by Qin Sheng, he would definitely think that it was written by some famous medical scientist.

Gao Yongliang's eyes lit up.

Qin Sheng's achievements in medicine would definitely be extraordinary in the future, and as a teacher, he would also benefit from it.

Gao Yongliang made up his mind. He had to nurture Qin Sheng well. Such a talent could not be buried. In the future, Qin Sheng's contribution to the medical world would not be small.

Of course, what Gao Yongliang did not know was that Qin Sheng only planned to learn one skill and did not want to work in medicine in the future.

If Qin Sheng knew what Gao Yongliang was thinking, she would definitely have a headache.

A semester passed quickly, and it was time for the summer vacation.

On the second day of Qin Sheng's holiday.

Old Master Lin and Old Master Qin ran to Fu Garden again and sat beside Qin Sheng.

Qin Sheng, who was sitting in the middle, had a headache listening to their argument.

The two of them would do this every few days.

However, she could not stop it.

Old Master Qin smiled. "Sheng Sheng, look. You stayed at the Lu's for a week during the last Chinese New Year. You even stayed at the Lu's for four to five days because of Lin Haocheng. You only stayed at the Qin family for two days. Don't you think you'll have to stay at the Qin family for a little longer this summer vacation?"

Old Master Lin glared at him. "When we were in the Lin family, that brat of mine had been acting pitiful all the time, stealing all of Sheng Sheng's attention. The time she spent with me was less than a day. I'm the one at a disadvantage now. Sheng Sheng has to come to the Lin family."

"Bullsh*t! Old Lin, when we were in the Qin family, that brat Fu Hanchuan had been hogging Sheng Sheng all the time. How long do you think I can get along with Sheng Sheng?"

Old Master Lin did not think much of it. "Didn't Fu Hanchuan come over to the Lin family's house a few days ago? Didn't he always follow Sheng Sheng around? Aren't I the same as you?"

"You come here almost every day to look for Sheng Sheng. Haven't you spent enough time with her?" Old Master Qin gritted his teeth.

Old Master Lin snorted. "Old Man Qin, you dare to say that you're not? I'll bump into you whenever I come over."

The two of them argued until their faces turned red.

Fu Hanchuan frowned when he heard their words.

He regretted that he had helped them reunite with Qin Sheng. Usually, he could spend time alone with Qin Sheng, but now, Old Master Qin and Old Master Lin had seized the opportunity to come and find Qin Sheng.

There was also Qin Yufei, Lin Haoyu, and Lin Haocheng.

Moreover, they were all afraid that he would do something to Qin Sheng, so they were often wary of him.

Fu Hanchuan rubbed his temples, feeling a headache coming on.

Was he looking for trouble?

Old Master Qin and Old Master Lin were still arguing.

Qin Sheng was already used to their actions. She took out her phone to look. She was waiting for Old Master Qin and Old Master Lin to ask for her opinion.

Seeing that the two old men were about to fight, they stopped in time and looked at Qin Sheng in unison.

Qin Sheng noticed their gazes and put away her phone.

"Grandpa, Grandpa, what are you doing?" she asked with raised eyebrows.

"Tell me, Sheng Sheng, where are you going?" Old Master Qin asked, his eyes filled with anticipation.

Old Master Lu also looked straight at Qin Sheng.

"I don't plan to return to H City this year," replied Qin Sheng.

Chapter 1194 Don't Do Anything Out Of Line

Hearing this, Old Master Qin and Old Master Lin both heaved a sigh of relief.

They could tell that in Qin Sheng's heart, they were not as close as Old Master Lu. Since Qin Sheng did not go back to H City to accompany Old Master Lu, she must be staying in the Imperial Capital.

Then the probability of her coming was very high.

"Then, Sheng Sheng, when are you coming to the Lin family to accompany Grandpa?" Old Master Lin asked directly.

Old Master Qin glared at Old Master Lin unhappily. He was indeed sinister and cunning. He seized the opportunity to take advantage of the loophole.

He added, "Sheng Sheng, come to Grandpa's house. Look, the Lin family still has Lin Haoyu and Lin Haocheng to accompany Old Lin. They also have a son. I only have one son, Yufei, and he's still busy with work all day."

He looked pitiful.

Hearing this, Old Master Lin cursed in his heart. Shameless.

Old Master Lin was about to retort when Qin Sheng interrupted, "Grandpa, Grandpa, I have something to do and need to go out. I'm not in the Imperial Capital."

When Old Master Lin and Old Master Qin heard this, they were both stunned. They said in unison, "Sheng Sheng, where are you going?"

"I'm going to Feng Village," replied Qin Sheng.

"Feng Village?" Old Master Lin frowned. "Why are you going back to your adoptive parents' place?"

Old Master Lin became nervous again as he thought of something. "Sheng Sheng, tell Grandpa. Did the Feng couple do something to you again? Threaten you?"

Qin Sheng smiled. "It has nothing to do with them. The main thing is that I want to go back and take a look. Most of the people in the Feng Village take great care of me. I want to go back and help."

Old Master Lin heaved a sigh of relief.

He rubbed his hands and asked, "You're planning to stay there for a long time, right? I'm busy at home. Look, Sheng Sheng, can you bring me along?"

Old Master Qin refused to be outdone. "Sheng Sheng, I'll go too."

Naturally, he would not let Old Master Lin and Qin Sheng stay together. He was worried that Old Master Lin's position in Qin Sheng's heart would surpass his.

It was fine if he couldn't compare to Fu Hanchuan and Old Man Lu, but he definitely couldn't be compared to Old Man Lin.

Qin Sheng said with a headache, "Grandpa, Grandpa, the conditions there aren't good. It's not suitable for you to go there. Moreover, it'll take a long time to get there by car. There are many rocks on the road."

Qin Sheng said and they knew that they had no chance, so they could only give up.

"Sheng Sheng, how long will you be staying there?" Old Master Qin asked. "You can't stay for two months, right?"

Qin Sheng understood Old Master Qin's motive. It was obvious that he had his eyes on the time she was free.

"Grandpa," Qin Sheng said helplessly, "my company is currently developing a holographic virtual online game. However, this technology has already entered the later stages. I need to go to the company to help."

"Oh." Old Master Qin's entire body was listless and lifeless.

Old Master Lin's performance was similar to Old Master Qin's.

Qin Sheng facepalmed. "Grandpa, Grandpa, you can still come and look for me at night when I'm back."

Old Master Qin's eyes lit up. "Okay, okay, okay."

Meanwhile, Old Master Lin stared at Fu Hanchuan warily. "Sheng Sheng, will this brat go over too?"

Fu Hanchuan smiled. "Yes, Sheng Sheng needs someone to take care of her."

Fu Hanchuan was thinking that if he reached Feng Village, there would probably be no one else who would fight with him for Qin Sheng.

Hearing this, Old Master Lin choked and could only say, "Fu Hanchuan, don't do anything out of line."

Fu Hanchuan understood the meaning behind Old Master Lin's words and smiled without saying anything.

All-Mighty Girl Gets Spoiled by A Bigshot

Qin Sheng went to Shengshi Technology the next day.

This time, she took the initiative to ask Hong Yuan and Yu Bei if they had any work to deal with.

It was rare for Qin Sheng to take the initiative. Hong Yuan and Yu Bei did not hesitate and took out a pile of documents and program problems for Qin Sheng.

Qin Sheng felt a headache coming on, but she still brought it into her office to deal with it.

Hong Yuan and Yu Bei stood at the door of Qin Sheng's office and looked inside.

"General Manager, when did this boss become so proactive? I feel like there's something fishy about this." Yu Bei frowned.

Hong Yuan's brows were tightly furrowed as he recalled the incident during the winter break.

"Could it be that the boss has something to do and has to leave?" he asked.

With Qin Sheng's personality, if they had not strongly requested her to come over, she would usually hide far away. In the previous few times, she had only run to Shenghe Entertainment.

Shenghe Entertainment and Shengshi Technology were located in the two buildings next to each other.

Qin Sheng went to Shenghe Entertainment instead of Shengshi Technology.

It was obvious that Qin Sheng was avoiding him and Yu Bei.

"D*mn, General Manager, that's really possible. It's over. I thought that the boss would be merciful and come to the company a few more times during the two-month summer vacation. I didn't expect..."

Yu Bei's expression was as uncomfortable as if he had eaten a fly.

"Sigh." Hong Yuan sighed. "To have such a boss, let's just accept our fate."

They looked at each other and saw the resentment in each other's eyes.

Two hours later, Qin Sheng closed the documents and asked Hong Yuan and Yu Bei to come over and take it away.

Yu Bei stood rooted to the spot, not leaving for a long time.

"What's the matter?" Qin Sheng asked with raised eyebrows.

Yu Bei clenched one hand into a fist and coughed lightly. "Boss, will you still come to the company these days?"

Although he had already guessed Qin Sheng's answer, Yu Bei still had a glimmer of hope in his heart.

"I have something to do and need to leave the Imperial Capital. I'm leaving tomorrow," Qin Sheng replied.

Yu Bei and Hong Yuan looked at each other.

"Do you have any other questions?" Qin Sheng asked.

Yu Bei and Hong Yuan shook their heads in unison. "No."

Qin Sheng tapped her fingertips on the table. "Shenghua Real Estate will be moving to the Imperial Capital soon. Uncle Hong, if Uncle Fang needs help, you can help him."

"Where are they moving to in the Imperial Capital?" Hong Yuan asked with a frown.

"The one next to Shengshi Technology."

Upon hearing this, Hong Yuan's expression was hard to describe. "Boss, that company is also vacant?"

"Yes." Qin Sheng nodded. "That one has been moved overseas."

Hong Yuan was speechless.

Yu Bei was speechless.

What kind of luck was this? They were in the center of the Imperial Capital, and the buildings were very popular. They could only come across them by luck.

It was very difficult for them to buy a company building here.

And every time Qin Sheng wanted to buy a building, they would come down coincidentally and they would all be together.

After Qin Sheng left Shengshi Technology, she went to Shenghe Entertainment again.

Now, Shenghe Entertainment had hired many artists, managers, assistants, directors, and screenwriters.

Qin Sheng wanted the company to invest in the movie and other aspects.

It had to be said that Su Yixiu was very capable.

In less than a year, he was able to manage the company in such an orderly manner.

The company had also relied on the movie 'She Stepped From My Heart' to gain a firm foothold in the entertainment industry. It was also because of this movie that many artistes became famous.

C

The novelist Sheng's reputation was even more resounding than before.

Many film companies contacted Qingyun Magazine, wanting to buy the film rights to Qin Sheng's novel.

Qingyun Magazine rejected them.

After all, the copyright was not in their hands, and it was not easy for them to deal with it.

Those marketing accounts had gotten Qin Sheng's phone number from somewhere and would often call Qin Sheng, trying to persuade her.

Qin Sheng was annoyed by their pestering, so she decided to announce that the film rights of her novel would only be given to Shenghe Entertainment.

After this matter was exposed, many people began to guess Sheng's identity.

Qin Sheng also used the Sheng to draw. Many people thought of Qin Sheng. The novelist Sheng was Qin Sheng?

However, many people denied this.

Qin Sheng already had many impressive identities. If a novelist Sheng came along, wouldn't she be going to heaven?

Moreover, Sheng's first novel was written four or five years ago, and it sold very well.

At that time, Qin Sheng was only fifteen years old. At that age, she was able to write such an excellent novel?

The internet was in an uproar.

Qin Sheng naturally knew about this. She only smiled and did not answer.

When Qin Sheng walked into Shenghe Entertainment, many employees greeted her. "Boss."

"Boss, you're here."

These employees knew Qin Sheng's identity, but the company had strict confidentiality rules. They did not dare to leak this matter.

Qin Sheng nodded. "Yes."

Lin Haocheng happened to walk out of his lounge and bumped into Qin Sheng.

"Sister, will you come to the company too?"

Lin Haocheng said this sentence. He often heard Yu Bei and Hong Yuan nagging, and he rarely saw Qin Sheng in the company, so he thought that Qin Sheng was a complete hands-off manager.

"Yes, I come here often," Qin Sheng said without blushing or jumping.

Lin Haocheng was speechless.

Do you often misunderstand this?

Of course, Lin Haocheng did not expose Qin Sheng.

He felt that Qin Sheng was his sister. Even if Qin Sheng said that black was white, he would nod and say yes.

As a brother, he could not question his sister.

Lin Haocheng coughed. "Sister, when are you going to Feng Village?"

"Tomorrow," Qin Sheng replied.

Lin Haocheng frowned. He leaned closer to Qin Sheng and whispered, "Sister, you must be careful of Fu Hanchuan. Remember, when you get there, you must not stay in the same room as Fu Hanchuan."

He was really worried that the two of them would run to such a remote place together.

Fu Hanchuan had always harbored ill intentions toward his sister. He couldn't let Fu Hanchuan have his way.

"En," Qin Sheng casually agreed.

Lin Haocheng was about to say something when his manager called him.

"Lin Haocheng, come to the filming location immediately."

"Yes, Brother Li."

Lin Haocheng kept his phone and rubbed Qin Sheng's hair. He sounded very reluctant. "Second Brother is going to film."

Before he left, he did not forget to remind her, "Remember to think of Second Brother."

Qin Sheng looked at Lin Haocheng's back as he left and smiled helplessly.

She went to Su Yixiu's office.

Su Yixiu saw Qin Sheng and quickly stood up. "Boss."

Qin Sheng nodded and sent a few documents to Su Yixiu.

"These are all my novels. I've already edited them. Arrange which one to shoot. Every artiste in the company has to be nurtured well. We can't lack resources."

All-Mighty Girl Gets Spoiled by A Bigshot

The artistes who were able to enter Shenghe Entertainment had good qualifications.

If they were given some good resources, they could easily make a name for themselves.

Qin Sheng requested that the number of artistes in the company not be too many, but they had to be good enough to become first-or second-tier celebrities.

Su Yixiu flipped through the content and his furrowed brows gradually relaxed. Every step of Qin Sheng's novel was excellent and suitable for adaptation.

Su Yixiu had a feeling that as long as there were good actors and directors, these novels would definitely be popular.

"Alright, I'll arrange it later." Su Yixiu nodded.

"Yixiu, is there anything else I need to do in the company?"

Generally speaking, as long as it was not particularly urgent or required Qin Sheng's help, Su Yixiu was confident that he would handle it well and would rarely trouble Qin Sheng.

Therefore, Yu Bei and Hong Yuan were both on her blacklist, but Su Yixiu was an exception.

Su Yixiu thought about it and was about to shake his head, but in the end, he said, "Yes, a little."

Su Yixiu took out a few documents and handed them to Qin Sheng.

Qin Sheng lowered her eyes and flipped through the pages gently.

Su Yixiu looked at Qin Sheng's side profile, his fingertips moving slightly.

He had been suppressing his thoughts, thinking that this relationship would fade, but it had no effect. Instead, his liking for Qin Sheng increased day by day.

Unfortunately, Qin Sheng and Fu Hanchuan were unable to be separated.

He had no choice but to watch Qin Sheng silently from the side.

He said that he had something to do because he wanted to spend more time with Qin Sheng. He had been coming to the company often recently and rarely stayed in school. He might not be able to see Qin Sheng during the week.

Su Yixiu smiled bitterly.

Qin Sheng quickly handled the documents.

Before Qin Sheng looked up, Su Yixiu retracted his gaze at the right time so that Qin Sheng would not notice his abnormality.

After Qin Sheng returned the document to Su Yixiu, she stood up and said, "Yixiu, if there's nothing else, I'll take my leave first."

"Alright, I'll send you off."

Su Yixiu stood up. This time, Qin Sheng did not refuse.

When she reached the first floor, she saw quite a few artistes sitting outside. She frowned and asked, "They are?"

Su Yixiu replied, "They're here for an interview. Recently, the first movie has been broadcasted, and the results are quite good. Many artistes want to join the company, but our company has strict requirements. Out of 30 artistes, we might not even be able to choose one."

"Yes." Qin Sheng nodded and did not ask any more questions.

A notification from QQ came from her phone. Qin Sheng opened it and saw that it was from Fu Hanchuan.

Brother Fu said, [Sheng Sheng, I'm already at the entrance of Shenghe Entertainment.]

Qin Sheng's face had a visible smile as she replied, [Okay.]

Qin Sheng's expression fell into Su Yixiu's eyes, and he felt a surge of bitterness in his heart. Qin Sheng would only show such an expression when facing that man.

Qin Sheng put away his phone. "Yixiu, that's all for now. I'll be leaving first."

"Alright."

When Qin Sheng walked out of Shenghe Entertainment's main entrance, Fu Hanchuan was already waiting outside. When he saw Qin Sheng come out, he got out of the car as well. Fu Hanchuan lowered his eyes and said something to Qin Sheng. Both of them smiled.

Then, he escorted Qin Sheng into the car.

The car slowly drove away.

Su Yixiu walked out and smiled bitterly.

--

The next day, Qin Sheng and Fu Hanchuan packed their things and prepared to head to Feng Village.

Old Master Qin, Old Master Lin, Qin Yufei, and Lin Haoyu sent Qin Sheng to the airport.

Chapter 1198 Let Sheng Sheng Break Up With You

Old Master Lin held Qin Sheng's hand and said in a reluctant tone, "Sheng Sheng, come back as soon as you're done. Oh right, don't forget to video call me when you're there."

"The internet there might not be good," Qin Sheng said helplessly.

Old Master Lin frowned and said, "How can we do that if the internet isn't good? Sheng Sheng, I'll get someone to install it right away. It'll only take two to three days."

Qin Sheng refused. "The village might be undergoing major repairs. It's not suitable to install it now."

"Is that so?" Old Master Lin was in a daze. He looked very pitiful.

Qin Sheng's heart softened. She said helplessly, "Grandpa, when the village is repaired, how about you take care of the network?"

Old Master Lin was happy.

Old Master Qin glared at Old Master Lin. Pretending to be pitiful.

Old Master Lin noticed Old Master Qin's gaze and didn't care. He raised his eyebrows and showed off.

Old Master Qin gritted his teeth.

In the past, their relationship was very good. Sometimes, they would bicker, but it was not a big deal.

But now, they were often at loggerheads. In order to fight for Qin Sheng's favor, they would often quarrel.

Old Master Qin put away his dissatisfaction with Old Master Lin and looked at Qin Sheng pitifully. "Sheng Sheng, what about me? If I didn't do anything, you'd think I'm old and useless."

"Grandpa, why don't you donate a Hope Primary School to the Feng Village?" Qin Sheng asked as she facepalmed.

"Alright." Old Master Qin did not have any objections. On the contrary, he felt that building a Hope Primary School cost more money than building a network. This meant that compared to Old Master Lin, he had a higher status in Qin Sheng's heart.

Qin Yufei and Lin Haoyu also surrounded Qin Sheng and spoke.

There were all kinds of problems that Qin Sheng had to pay attention to.

The four of them surrounded Qin Sheng, isolating Fu Hanchuan from the outside.

Fu Hanchuan had a headache.

Once again, he missed the days when it was just him and Qin Sheng.

Fu Hanchuan raised his hand to look at his watch countless times. When there were only fifteen minutes left, Fu Hanchuan heaved a sigh of relief and said, "Sheng Sheng, it's time to board the plane."

At this moment, a notification for passengers to board sounded in the hall.

"Isn't there still fifteen minutes left?" Old Master Qin frowned. "Fu Hanchuan, there's no rush. You and Sheng Sheng have so much time to spend alone, so a little time is not a big deal."

He glared at Fu Hanchuan.

Don't think that he didn't know what this brat's goal was.

He wanted Qin Sheng to be separated from them so that he could occupy Qin Sheng by himself.

Fu Hanchuan didn't feel embarrassed even though he was exposed. He frowned and said, "Go up early. There's no need to rush."

Old Master Qin no longer paid attention to Fu Hanchuan. He didn't have much time to waste on Fu Hanchuan.

They pulled Qin Sheng and talked for a while.

Qin Sheng listened quietly and rarely interrupted.

Fu Hanchuan looked at his watch again. There were only five minutes left. He stepped forward and said, "Sheng Sheng, there's still five minutes left. If we're any later, we won't make it in time."

Old Master Qin did not pester Qin Sheng anymore.

"Fu Hanchuan, you better behave yourself," he warned. "If I find out that you dare to do anything to Sheng Sheng, I'll definitely separate Sheng Sheng from you."

Fu Hanchuan was helpless. Why did everyone think that he would do something to Qin Sheng?

If Old Master Qin knew what Fu Hanchuan was thinking, he would definitely roll his eyes.

It wasn't that they didn't trust Fu Hanchuan, but Fu Hanchuan was simply untrustworthy.

All-Mighty Girl Gets Spoiled by A Bigshot

Fu Hanchuan had lured Qin Sheng into his house early on and even made Qin Sheng his girlfriend as he wished. All of this happened in just half a year.

They often saw Fu Hanchuan's deep eyes when he faced Qin Sheng.

They were afraid that Fu Hanchuan would eat Qin Sheng up one day.

Everyone understood, but Qin Sheng, the person involved, was kept in the dark. They were too embarrassed to tell Qin Sheng about this.

After all, with Qin Sheng's personality, she would usually let Fu Hanchuan have his way.

That would not be worth it.

It was almost time. Fu Hanchuan and Qin Sheng boarded the plane.

Fu Hanchuan planted a kiss on Qin Sheng's forehead. He sighed helplessly. "Sheng Sheng, how nice would it be if there weren't so many people fighting with me for you?"

Fu Hanchuan felt even more helpless when he thought of Su Yixiu and Xie Hen.

His little girl was very popular.

Fortunately, Qin Sheng would not look at other men.

Qin Sheng held Fu Hanchuan's hand and smiled. "Brother Fu, don't worry. They can't take me away."

Fu Hanchuan smiled, his eyes sparkling.

There was no airport in town, and the plane was parked in the province. Fu Hanchuan had arranged for a car early in the morning, and then they came to town to find a hotel to stay in.

However, there weren't many hotels in town, and there were tourist attractions not far away. There was no place to stay there, so tourists came to town.

Fu Hanchuan massaged the space between his eyebrows. He felt a headache coming on. He had been careless.

"Sheng Sheng, I didn't consider this."

Qin Sheng held Fu Hanchuan's hand. "It's alright. We can find a place to stay in Feng Village."

Actually, Qin Sheng had planned to stay in Feng Village, but she was worried that Fu Hanchuan would suffer if he stayed there.

"Alright." Fu Hanchuan's brows gradually relaxed. He didn't care about the dilapidated environment of Feng Village.

In the past year and a half, Feng Village had not changed much compared to before Qin Sheng left.

This time, Qin Sheng was driving, and Fu Hanchuan sat in the passenger seat.

According to her memory, Qin Sheng went straight to the village chief's house.

The village chief's son had a business outside and earned some money. The village chief's house was a small two-story building.

Qin Sheng parked the car in front of the village chief's house.

The old village chief happened to be talking in front of the door. When he saw the car, he frowned.

The villager who was talking to the old village chief asked curiously, "Village Chief, are you a relative? The price of this car should not be low."

The villager did not know what brand the car was, but the old village chief's son's car was more than 300,000 yuan, and this car was obviously of a higher grade than the old village chief's son's.

Then the price must not be low.

"I don't think so." The old village chief frowned.

At this moment, Fu Hanchuan got out of the car first. He came to the other side of the car and helped Qin Sheng get out.

The handsome man and beautiful woman were very pleasing to the eyes.

The old village chief did not recognize Qin Sheng for a moment. He stared at Qin Sheng and felt that Qin Sheng was very familiar.

Qin Sheng came to the old village chief and called out politely, "Uncle Village Chief."

Qin Sheng's voice was very pleasant to hear and was very recognizable. The old village chief recognized Qin Sheng and was stunned. "You, you're Xiao Sheng."

"Yes."

The old village chief's eyes were wet. "Sigh, Xiao Sheng, I haven't seen you for a year and a half. You've become a big girl and much prettier."

Judging from Qin Sheng's attire, she must have had a good life in the past year and a half.

Qin Sheng's eyes were a little red.

The Feng couple did treat her badly, but most of the villagers in Feng Village treated her very well.

"Uncle Village Chief, how is your body?"

The old village chief wiped away the tears in his eyes and smiled. "My body is still healthy."

The old village chief's face was ruddy. Other than his hair being a little white, he did not seem to be out of place. Qin Sheng was relieved.

The farmer beside him was very surprised. Only now did he react. "You're Xiao Sheng."

"I didn't expect Xiao Sheng to be so elegant and beautiful. I almost couldn't recognize her."

Qin Sheng nodded. "Uncle Yong."

"Xiao Sheng, I didn't expect you to come back." Feng Yong was very pleased. "As expected, we didn't dote on you for nothing when we were young. You still remember us."

"Right, Xiao Sheng." The old village chief asked, "You came this time because..."

Qin Sheng smiled. "I want to come back and stay for a while. I've been away for more than a year. I wonder if the Village Chief welcomes me?"

The old village chief was stunned for a moment before he became happy. "Of course, you're welcome."

Qin Sheng continued. "Uncle Village Chief, the hotel in town is already full. I might have to stay here for a while. Is it convenient?"

"Of course, I still have an empty room here." The old village chief rubbed his hands nervously. "But this condition might be a little bad. It can't compare to your life in the Imperial Capital."

"It's fine, Village Chief. I've lived here for more than ten years."

The village chief was relieved. He was just worried that Qin Sheng would dislike him.

At this moment, the old village chief noticed Fu Hanchuan. He frowned and said, "There's also a utility room. Why don't I tidy it up for this gentleman to stay in?"

Fu Hanchuan's eyes flickered. "No need. I can stay with Sheng Sheng."

Qin Sheng was stunned.

Fu Hanchuan wrapped his arm around Qin Sheng's waist and whispered into her ear, "Sheng Sheng, don't we usually live together?"

Qin Sheng frowned, feeling that something was wrong.

"We're a couple, so it's normal for us to live together," Fu Hanchuan continued.

Qin Sheng's tightly knitted brows gradually relaxed. She no longer had any doubts.

The old village chief was surprised. "Xiao Sheng, is this your boyfriend?"

Fu Hanchuan extended his hand. "Hello, I'm Fu Hanchuan, Sheng Sheng's boyfriend."

The old village chief also reached out to shake Fu Hanchuan's hand.

He sized up Fu Hanchuan and sighed. "Sheng Sheng, your boyfriend is not bad."

Fu Hanchuan was very satisfied with the village chief's words.

The old village chief was one of the few people who agreed to Sheng Sheng being together with him.

Qin Sheng and Fu Hanchuan moved into the village chief's house.

After Hong Yong returned, he shouted in the village that Qin Sheng had returned.

The villagers were all heading to the old village chief's house.

Gu Cuilan walked out of the house. She was munching on melon seeds as she looked at the villagers rushing toward the village chief's house. She said in a strange tone, "Isn't it just that Qin Sheng is back? What's so special about it?"

The villagers knew her character and did not waste their breath on her. They directly ignored her.

Gu Cuilan was disdainful. She returned to her room and took out her phone to call Shen Mei.

She had a very good relationship with Shen Mei. Under Shen Mei's influence, she also disliked Qin Sheng in various ways. When Qin Sheng was young, she had pinched her arm many times.

Soon, Shen Mei picked up the phone.

"Shen Mei, do you know that Qin Sheng is back?" Gu Cuilan raised her voice.

Shen Mei was stunned. "Qin Sheng?"

"Yes, that's her. Qin Sheng is staying at the village chief's house now. It seems like she'll be staying here for a while."

Gu Cuilan spat out the melon seed shell and said, "This Qin Sheng is really an ingrate. She didn't even tell you that she was coming back. Shen Mei, you have to teach her a lesson. Moreover, I heard that Qin Sheng came back in a very good car. I think she has a lot of money. You have to ask her for it."
