

ALL-MIGHTY GIRL GETS SPOILED BY A BIGSHOT

All-Mighty Girl Gets Spoiled by A Bigshot

In her previous life, Qin Hai and Lin Shuya had treated her so badly that she had doubted her own identity.

She had done a paternity test for herself and Lin Shuya. After learning that they were indeed mother and daughter, she let go of her doubts.

However, she and Qin Hai had never been tested before.

Therefore, she had always thought that she was the daughter of Lin Shuya and Qin Hai.

Qin Yufei rubbed his hands and suppressed the excitement in his heart. "Sheng Sheng, how about calling me Daddy?"

Qin Sheng moved her lips. "Dad."

"Hey." Qin Yufei's eyes turned red. He hugged Sheng Sheng. "Sheng Sheng, I haven't fulfilled my responsibility as a father in the past 19 years. I'll definitely make it up to you double in the future."

Qin Sheng clenched her fists and hugged him back.

Old Master Qin, who was at the side, also shed tears of excitement.

That night, Qin Sheng and Fu Hanchuan returned home very late.

Old Master Qin could not help but call Old Master Lin to show off.

Old Master Lin turned on the table lamp. He was sleeping soundly. When he was woken up, he was very angry. "Old Qin, why are you calling me in the middle of the night?"

Old Master Qin was grinning from ear to ear. "Weren't you bragging about being Sheng Sheng's biological grandfather? And I'm just a follower."

Old Master Lin sneered. "Old Qin, you don't have to be envious."

Old Master Qin snorted coldly, unable to hide his pride. "Old Lin, listen carefully. Sheng Sheng and I are biological grandfather and grandchild."

"Aren't you just god-grandfather-grandchild?" Old Master Lin said nonchalantly.

Grandfather-grandchild...

Old Master Lin suddenly stopped talking and looked at him like he was looking at a fool. "Grandfather-grandchild? Old Qin, are you sleepwalking? I know you really want Sheng Sheng to be your biological granddaughter, but that's impossible. Don't go crazy thinking about your biological granddaughter."

Old Master Lin's tone was filled with disdain. "Qin Yufei doesn't even have a wife now. What daughter? Hmph."

Old Master Qin was in a good mood and didn't argue with Old Master Lin.

"Who said I was sleepwalking?" he asked with a smile. "Sheng Sheng is the daughter of Yufei who had a romantic debt 20 years ago. I knew it. Which family does such an outstanding girl like Sheng Sheng belong to? It turns out that she belongs to my Qin family."

Old Master Lin was stunned. "Are you lying to me?"

Old Master Qin snorted. "Do I need to lie to you? This kind of thing was easily exposed. If I lie to you, wouldn't that be slapping my own face?"

Old Master Lin was speechless.

Was it so magical?

At the same time, he felt very upset and depressed.

Previously, he could still show off in front of Old Master Qin as Qin Sheng's biological grandfather. Now that this god-grandfather had become Qin Sheng's biological grandfather, he was afraid that he would have to lower himself in front of Old Master Qin in the future.

"Your son is too unreliable. He ran out and got together with another woman," Old Master Lin said with a sullen expression.

Old Master Qin sneered. "If not for that, would you have a granddaughter?"

Old Master Lin choked and was speechless.

He didn't say anything else to Old Master Qin and hung up the phone.

The next day, Old Master Qin went around the upper-class circle to brag that Qin Sheng was his biological granddaughter.

Old Master Lin hated that smug look of his, but he could do nothing about it.

--

Qin Sheng had also found a patient with Fulama's disease and fed her the medicine she had developed. In just a week, she recovered without any sequelae.

Chapter 1272 She Wants To Graduate With A Ph.D.

The trajectory of this life was different from the previous one.

Old Master Lu did not suffer from Fulama's disease, and Qin Sheng heaved a sigh of relief.

However, this medicine could also save many lives.

It caused a huge sensation in the medical world, and Qin Sheng's name was completely spread internationally.

In four months, Qin Sheng had also written three theses and submitted them. The dean of the Medical Department came to the principal's office.

The Principal picked up a cup of tea and sipped it carefully. "Dean Chen, what's the matter?"

"It's about Qin Sheng," replied the dean.

The Principal sat up straight. When he heard Qin Sheng's name, a bad feeling rose in his heart.

His eyebrows twitched.

"Tell me, what is it?"

"Qin Sheng submitted three theses and said that she wants to graduate with a PhD."

The Principal was speechless.

He was so angry that he almost had a heart attack.

In less than two years, Qin Sheng had made a lot of achievements in Imperial Capital University. Imperial Capital University had also become famous.

This year's enrollment, the top ten students in the National College Entrance Examination had all come to Imperial Capital University because of Qin Sheng. This made the principal of Peking University gnash his teeth in anger.

"Is there any way to stop her from graduating?" the principal asked.

The dean shook his head. "No."

The Principal replied, "That can make her thesis fail?"

The Dean shook his head again. "Even I can't find any mistakes in her thesis. The three theses this time are even more impressive than the first one she published. I'm afraid it will cause another sensation in the world."

The Principal choked.

"Is there any way to keep her in school?" he asked with a headache.

The Dean was silent.

What he meant was obvious. Indeed, he didn't.

The Principal waved his hand and said weakly, "Think about it first. I'll contact Qin Sheng and see if I can persuade her."

After the call with the Principal, the Principal contacted Qin Sheng.

Qin Sheng was curled up on the sofa in Fu Garden and looking at her phone. When she saw the Principal's call, she knew his purpose.

"Uncle Principal." Qin Sheng called out politely.

The Principal tried his best to sound kind. "Sheng Sheng, you've written three theses, haven't you? Are you preparing to graduate with your PhD?"

"Yes." Qin Sheng nodded.

"Then, Sheng Sheng, aren't you going to stay on campus for a little longer? After all, university life is hard to come by. Once you leave school, it will be very difficult to experience it again. You've only stayed in school for less than two years, so you could stay longer." The Principal tried his best to persuade her.

A freak like Qin Sheng would definitely achieve a lot in the future.

Qin Sheng had brought countless honors to Imperial Capital University.

The Principal did not want Qin Sheng to leave the school so early.

He originally thought that Qin Sheng would be able to stay in school for three years. Who would have thought that in less than two years, Qin Sheng would propose to graduate with a PhD?

Other people might not even be able to complete a thesis in a top journal a year.

Qin Sheng was able to complete three theses in one semester.

At this moment, the Principal was extremely resentful. On the contrary, he did not want a pervert like Qin Sheng.

"No need." Qin Sheng's expression did not waver. "I still have other things to do."

The Principal still had some hope in his heart. "Then you can be like Professor Gao. You can take care of the students and control most of the time."

All-Mighty Girl Gets Spoiled by A Bigshot

Qin Sheng still refused.

The Principal was completely stunned.

"Alright, it's up to you. Just don't forget about Imperial Capital University in the future." The Principal gave up, but he did not resent Qin Sheng's rejection.

Qin Sheng was outstanding in all aspects and had brought a lot of honor to the school.

The Principal couldn't be unhappy with such a student.

The Principal wanted to hang up the phone, but his heart was filled with anxiety. Just then, Qin Sheng's voice came over again. "Uncle Principal, my company might be recruiting some students from Imperial Capital University."

The Principal suddenly sat up straight. "Sheng Sheng, your company? You started a company?"

"Yes." Qin Sheng nodded.

The Principal was curious. "Which company is yours?"

Qin Sheng did not hide anything and answered truthfully, "Shengshi Technology."

The Principal was speechless.

Shengshi Technology was owned by Qin Sheng?

Shengshi Technology had been operating for more than two years. They had all-intelligent games, a holographic virtual online game, and 5D glasses. They had hacked into the computers of G Country and made G Country apologize...

After all these incidents, there were very few people in China who did not know about Shengshi Technology.

When Shengshi Technology registered as a company, Qin Sheng was only in her third year of high school.

So the person behind this legendary Shengshi Technology was Qin Sheng?

Hong Yuan had mentioned that Shengshi Technology and Shenghe Entertainment were owned by the same boss...

The Principal could not help but gulp. "Then, Sheng Sheng, Shenghe Entertainment..."

The Principal didn't finish his sentence.

Qin Sheng understood what he meant and nodded. "En."

The Principal clutched his chest. "Sheng Sheng, let me take my time."

This was too hard to accept.

At such a young age, Qin Sheng had started a company that could shake the world...

In that case, Qin Sheng was largely responsible for the development of the all-intelligent technology and holographic virtual reality technology.

Qin Sheng was not in a hurry. She held the phone to her ear.

Fu Hanchuan brought a piece of apple to Qin Sheng's lips, and Qin Sheng ate it.

Fu Hanchuan smiled in satisfaction.

Then, he fed Qin Sheng another piece.

He usually enjoyed serving Qin Sheng. If Qin Sheng had not rejected him, he would have even helped her wash her clothes.

Qin Sheng also picked up a piece and gave it to Fu Hanchuan.

Fu Hanchuan's eyes were filled with smiles as he stuck out his tongue and took the apple into his mouth. The tip of his tongue even brushed past Qin Sheng's fingertips.

Qin Sheng felt it and her face instantly turned red.

She retracted her hand as if she had been electrocuted.

Fu Hanchuan smiled helplessly.

On the other hand, the Principal did not know what Qin Sheng and Fu Hanchuan were doing. Otherwise, he would have vomited from the food.

The Principal rubbed his hands and the depression in his heart was swept away. "Sheng Sheng, are you sure that Shengshi Technology wants to enroll employees from Imperial Capital University?"

There were many employees in Shengshi Technology, but the opportunity to join Shengshi Technology was very rare. They had high expectations for their employees.

Naturally, the treatment was also very good.

A month's salary, bonus, and all kinds of benefits. Even interns who had just entered Shengshi Technology could earn hundreds of thousands a month.

Not to mention, the bonus given during the New Year was at least 200,000 yuan.

The employees of Shengshi Technology all felt a sense of accomplishment.

After all, they were the ones who developed the all-intelligent game and the holographic virtual reality online game.

Many people were eagerly looking at Shengshi Technology's position.

Qin Sheng nodded. "Yes, Shengshi Technology will send people to your annual employment conference in the future. We'll give priority to students from Imperial Capital University."

Chapter 1274 Abducted To The Civil Affairs Bureau

"Only our family? You won't go to Peking University?"

"Yes."

Seeing Qin Sheng nod, the Principal was satisfied.

Qin Sheng continued, "In addition, I'll also set up a medical research lab. Professor Gao will be there too. You can arrange for two medical students to come in. There's also a teacher quota."

The Principal was happy.

Qin Sheng's medical research lab would definitely have a different reaction.

If the students and teachers of the medical school could enter, Imperial Capital University would also be able to bask in a lot of light.

At this moment, he no longer complained about Qin Sheng leaving school early. Instead, he said enthusiastically, "Sheng Sheng, don't worry. The graduation certificate will be delivered to you very soon."

As soon as he finished speaking, Qin Sheng's phone rang with a busy tone.

The Principal facepalmed.

Was he being despised just like that?

--

Qin Sheng had sent all three manuscripts to the international medical journal, so all the papers successfully submitted to the international medical journal in that month were Qin Sheng's.

The editor-in-chief was amazed by these three papers and loved them.

After making a copy, he brought it home and pondered over it repeatedly.

Undoubtedly, Qin Sheng's three theses caused a huge sensation in the world after they were published in the international medical journal.

Many famous medical experts admired Qin Sheng.

"This girl is amazing. Her research results in the past two years are comparable to my achievements in my lifetime."

"She's indeed very impressive. However, I heard that she has no intention of becoming a doctor."

"No, not only is she good at medicine, but her achievements in computers and painting can also be compared to medicine."

"Such a genius is probably hard to come by even in a hundred years."

"..."

Qin Sheng was very fast. After purchasing the medical research equipment, she announced that she was going to set up a medical research laboratory.

Many respected medical experts in the world wanted to join.

This was a great opportunity for them.

Qin Sheng could easily solve a problem that had plagued the medical world for many years. She had opened a medical research laboratory, so they would not ignore it.

It was hard for them to imagine how much Qin Sheng's research lab would achieve in the future.

Qin Sheng's medical research lab was very popular.

Quite a few accomplished medical experts joined in.

Qin Sheng did not expect it to be so popular. Helpless, she could only limit the number of people who could join the research lab.

The members of the research lab would receive a basic salary.

In addition, the research results would be given dividends based on their contribution.

Naturally, Qin Sheng had the most.

In the beginning, there were still many people who looked down on this research lab. They thought that those who joined the research lab were praising Qin Sheng too much.

Qin Sheng was just a girl who was not even twenty years old yet. A world-renowned medical scientist had also joined Qin Sheng's medical research lab.

Wasn't this lowering their status?

Of course, as the world-shaking research results came out, those who had once looked down on Qin Sheng were all jealous.

They could not help but want to join.

However, the medical research lab was already full of people.

They could only watch helplessly. They could not join.

--

Soon, Qin Sheng was about to turn twenty.

Fu Hanchuan had kidnapped Qin Sheng a long time ago. The Qin family and the Lin family were worried that Fu Hanchuan would kidnap Qin Sheng to the Civil Affairs Bureau, so they were looking for them all over the world.

Qin Sheng had no idea about this.

1275

On the day of her twentieth birthday, they went to the cinema.

When Qin Sheng saw this cinema, there were only the two of them in the screening room. There was no other audience.

Qin Sheng frowned. "Brother Fu, what are you..."

"Sheng Sheng, this movie belongs solely to the two of us," Fu Hanchuan said softly.

Qin Sheng was curious.

Soon, the movie screen lit up.

Qin Sheng's gaze turned from curiosity to shock. She was also immersed in the movie.

Forty minutes later, the movie ended. She tilted her head and looked at Fu Hanchuan. "Brother Fu."

Fu Hanchuan explained with a smile in his eyes. "The first part of this is the memories of our previous life in my dream. The second part is all about our interactions in this life."

Fu Hanchuan had been preparing for this movie since a year ago.

The characters inside were all synthesized by him using special effects.

He had personally completed the film, and no one had participated in it.

All he wanted was to give Qin Sheng a different way of proposing.

At some point in time, other than Qin Sheng's seat, all the chairs around him had been lowered, forming a heart shape.

The words 'marry me' appeared on the big screen, surrounded by a heart-shaped rose.

The walls and even the ceiling of the screening room were filled with a sea of flowers.

Qin Sheng was stunned when she saw this.

Fu Hanchuan's lips curled into a doting smile. He took out a ring box and knelt on one knee in front of Qin Sheng.

He opened the ring box and saw an exquisite and dazzling ring under the light.

"Sheng Sheng, I couldn't be by your side in my previous life. In this life, give me a chance to protect you, love you, and spoil you."

"Sheng Sheng, I love you. Will you marry me?"

Fu Hanchuan looked up at Qin Sheng with a smile in his eyes.

"Marry me, Sheng Sheng," Fu Hanchuan repeated.

He looked calm on the surface, but at this moment, his palms were still sweating, and his heart was beating non-stop.

Qin Sheng reacted and blinked her teary eyes.

In front of Fu Hanchuan, she shed her cold demeanor.

She looked at Fu Hanchuan, and the corners of her lips curled up slowly. She nodded. "Okay."

Fu Hanchuan smiled. He took Qin Sheng's slender and fair hand and carefully put the ring on Qin Sheng's ring finger.

Then, he hugged Qin Sheng's waist and kissed her.

This kiss was no longer as gentle as it used to be. It was filled with eagerness and an unconcealable excitement.

Fu Hanchuan knew that Qin Sheng would not reject his proposal, but at this moment, he could not control his joy.

After a long while, Qin Sheng almost couldn't breathe.

Fu Hanchuan let go of her.

He pulled Qin Sheng into his arms and said in a low and hoarse voice, "Sheng Sheng, thank you."

Qin Sheng's ear was pressed against Fu Hanchuan's chest, listening to his strong heartbeat. "Brother Fu, I love you."

Even though Qin Sheng's voice was very soft, Fu Hanchuan still heard her words clearly. His eyes sparkled.

Fu Hanchuan couldn't help but kiss Qin Sheng's lips again...

At the entrance of the Civil Affairs Bureau.

Fu Hanchuan was holding Qin Sheng's hand, their fingers intertwined.

Qin Sheng stopped in her tracks and frowned.

A thought appeared in her mind.

Qin Sheng's heart beat faster. She did not expect Fu Hanchuan to bring her to the Civil Affairs Bureau right after he proposed.

"Sheng Sheng, didn't you agree to my proposal?" Fu Hanchuan said dotingly. "Today is your birthday, so we can get your marriage certificate."

1276

Fu Hanchuan was very precise in his timing.

When he first got together with Qin Sheng, he had the idea of getting a marriage certificate on Qin Sheng's birthday.

If it wasn't that Qin Sheng wasn't old enough, Fu Hanchuan would have brought Qin Sheng to the Civil Affairs Bureau long ago.

Moreover, Qin Sheng was very dazzling and outstanding. Many boys liked her.

He only knew of two, Su Yixiu and Xie Hen.

Fu Hanchuan was afraid that if he wasn't careful, Qin Sheng would be abducted by some man.

Moreover, there was a group of tigers blocking their way.

Fu Hanchuan's head hurt terribly when he thought of the Qin family, the Lin family, Old Master Lu, and Mother Lu.

In the past few days, they seemed to have seen through his thoughts and were very wary of him. Old Master Lin and Old Master Qin even moved into Fu Garden and refused to leave.

No, there was still Qin Yufei.

Fu Hanchuan couldn't find a chance to be alone with Qin Sheng.

Fu Hanchuan had no choice but to leave with Qin Sheng.

Qin Sheng frowned slightly. "Brother Fu, I didn't bring my household register."

Fu Hanchuan chuckled. "Don't worry, I've brought it."

Qin Sheng did not act pretentious anymore. She had already agreed to Fu Hanchuan's proposal, so it was only a matter of time before they got their marriage certificate.

The two of them walked into the Civil Affairs Bureau together.

A man in a black suit called Qin Yufei and reported, "President, I saw Young Miss."

Qin Yufei was about to sign a document when he heard that. He put down the pen in his hand. "Where's Sheng Sheng?"

He replied, "The Civil Affairs Bureau. She's with Fu Hanchuan. I think so. Yes, yes, yes."

The man stuttered for a while and did not dare to say anything else.

He could clearly feel that Qin Yufei was very angry. He did not dare to go up and provoke him.

"What?!" Qin Yufei suddenly stood up. Even the gentle him could not help but get angry.

"This brat really brought Sheng Sheng to the Civil Affairs Bureau. I knew he had bad intentions! Sheng Sheng is so young, only twenty years old, and he has already abducted her! No, which Civil Affairs Bureau is it? I'll go there immediately."

"The Civil Affairs Bureau of this city," the man replied respectfully.

"Alright, stall for time and stop them from getting married. Wait for me to come over," Qin Yufei ordered.

"Yes," the man agreed.

Qin Yufei picked up his coat and quickly left the office.

His secretary reminded him, "President, there's a meeting later."

Qin Yufei didn't even turn his head. "Postpone it to tomorrow, no, the day after tomorrow."

Fu Hanchuan's matter could not be resolved in just two days.

Qin Yufei planned not to go to the company for the next two days.

He picked up his phone at the same time and called Qin Sheng and Fu Hanchuan.

As expected, both of their phones were turned off.

Qin Yufei contacted Old Master Qin and Old Master Lin, and even Old Master Lu.

Not long after, a group of people rushed to the Civil Affairs Bureau. Lin Haocheng and Lin Haoyu also dropped their work and went over.

On the other side, after the man hung up the phone, he followed Qin Yufei's instructions and wanted to stop Qin Sheng and Fu Hanchuan.

However, before he could enter, he was stopped by two bodyguards in black.

The man frowned and said, "Let me in."

The bodyguards did not move.

The man tried to force his way in.

The bodyguards still stopped him.

The man knew that these two bodyguards were Fu Hanchuan's men.

He had also received good martial arts training, so he immediately started fighting with the two bodyguards.

All-Mighty Girl Gets Spoiled by A Bigshot

Gradually, the man was at a disadvantage.

He knew that he could not beat these two people. He stopped and could not help but say, "You're very protective of your master. However, Fu Hanchuan is just a son-in-law of the Qin family. Aren't you afraid that our president will punish you for stopping him?"

A bodyguard said expressionlessly, "We can't let you disturb their wedding."

Qin Yufei's punishment for them was not terrifying.

The key was Fu Hanchuan. If they let someone sneak in and stop the two of them from getting their marriage certificate, Fu Hanchuan would be furious.

They didn't want to experience Fu Hanchuan's methods of punishing people again.

Moreover, Fu Hanchuan would definitely be in a good mood after he and Qin Sheng got married. They would be able to live a good life then.

Therefore, they had to stop anyone from causing trouble no matter what.

The man had tried countless ways to get into the Civil Affairs Bureau, but to no avail.

He could only give up.

He called Qin Yufei to report it.

Qin Yufei's heart sank. He sneered. "It seems that Fu Hanchuan is well prepared."

At this moment, he wished he could immediately travel back to the past and tell himself that Qin Sheng was his biological daughter.

Then, he brought Qin Sheng back to the Qin family and would stop the two of them from being together.

At that time, his position in Qin Sheng's heart would definitely be more important than Fu Hanchuan's.

How could he let Fu Hanchuan kidnap his precious daughter so early?

Sheng Sheng was only in her twenties. They had only known each other for a few months, and Qin Sheng was about to be abducted by the big bad wolf, Fu Hanchuan.

Qin Yufei's mood was naturally not good.

The man asked carefully, "Then, President, what should we do now?"

Qin Yufei did not answer and directly hung up the phone.

With Fu Hanchuan's personality, if he dared to bring Qin Sheng to the Civil Affairs Bureau in public, he would definitely be well-prepared...

Qin Yufei tried his best to suppress the anger in his heart and instructed the driver, "Drive faster."

The chauffeur did not dare to delay.

He quickly sped up.

On the other side, the Civil Affairs Bureau's staff also handed two marriage certificates to Fu Hanchuan. "This is your marriage certificate. Congratulations on your eternal marriage."

The staff member's gaze kept falling on the two of them.

The more she looked at it, the more pleasing it was to the eyes.

He was too handsome. And Qin Sheng was so beautiful and elegant.

The staff member was a fan of the couple.

Just as Fu Hanchuan and Qin Sheng were about to leave the Civil Affairs Bureau, she changed her previous serious attitude and took out a notebook. She rushed forward to stop them.

"Can you give me an autograph?" she asked expectantly. "I'm your CP fan."

Fu Hanchuan was in a good mood. When he heard the words 'CP fan,' he picked up the pen and signed his name without a word.

Seeing this, Qin Sheng also signed it.

The staff member kicked the notebook into her arms like it was his treasure.

"Mr. Fu, Goddess, you must not be separated!"

Fu Hanchuan hugged Qin Sheng's shoulders. The corners of his lips curled up uncontrollably as he answered firmly, "Never."

The staff was relieved.

She then turned to Qin Sheng. "Goddess, um, if Mr. Fu doesn't treat you well, feel free to come to the Civil Affairs Bureau to get a divorce. We'll find another one."

This staff member was a fan of Fu Hanchuan and Qin Sheng, but she was also a fan of Qin Sheng.

Fu Hanchuan was speechless.

Cold air was released from his body.

All-Mighty Girl Gets Spoiled by A Bigshot

The staff member touched her arm and felt a chill run down her spine. She muttered, "Isn't the weather getting hotter? Why is it still so cold? That's strange."

Fu Hanchuan pursed his lips and explained, "I won't treat Sheng Sheng badly."

Seeing Fu Hanchuan's expression, Qin Sheng couldn't help but smile.

The staff seemed to be under Fu Hanchuan's control. She nodded. "Yes, Mr. Fu, you'll definitely dote on our goddess very well."

Fu Hanchuan was satisfied. He held Qin Sheng's arm and led her out of the Civil Affairs Bureau.

At this time, Qin Yufei took the lead and rushed over.

The more he looked at Fu Hanchuan's smug expression, the more he disliked him.

He clenched his fists tightly.

If it weren't for Qin Sheng, he would have punched Fu Hanchuan.

His expression was very ugly. "Fu Hanchuan, I'm Sheng Sheng's father. Did you tell me that you kidnapped my daughter to the Civil Affairs Bureau?"

Fu Hanchuan glanced at him indifferently as if he was looking at a fool. "Dad, if I tell you, will you agree to my marriage with Sheng Sheng?"

Fu Hanchuan consciously changed the way he addressed Qin Yufei.

He was already married to Qin Sheng, and Qin Yufei was Qin Sheng's father, so he naturally had to call him Dad.

Qin Yufei's expression turned even uglier. If he had agreed, why would he send people to wait at the entrance of the Civil Affairs Bureau just to prevent Fu Hanchuan from bringing Qin Sheng over to register their marriage?

Fu Hanchuan was indeed a good choice for Qin Sheng, but it did not mean that they could get married so early.

It wouldn't be too late to get married in five years.

Moreover, the word 'Dad' sounded ear-piercing no matter how one heard it.

Qin Yufei gritted his teeth. He could no longer maintain his gentle appearance. He glared at Fu Hanchuan fiercely. "Don't call me Dad!"

Fu Hanchuan smiled and reminded him, "I'm married to Sheng Sheng."

Qin Yufei choked.

He didn't want to talk to Fu Hanchuan anymore and turned to look at Qin Sheng.

When he faced Qin Sheng, the gloominess on Qin Yufei's face was swept away. He tried his best to lower his voice. "Sheng Sheng, that... Fu Hanchuan forced you, didn't he? You were just bewitched for a moment. You listen to your father and leave him alone for a few days before returning to the Qin family."

"He didn't bewitch me," Qin Sheng replied straightforwardly. "I agreed voluntarily."

Qin Yufei was speechless.

Fu Hanchuan smiled, and Qin Yufei actually saw the smugness in his eyes.

At this moment, he was so angry that he could not speak.

Qin Yufei's temples were throbbing. He pressed them and reminded, "Sheng Sheng, don't you think you two got married too early? Other people at your age don't even have a relationship, but you got married directly. Besides, you've only been in a relationship with Fu Hanchuan for two years, haven't you? Why don't you stay with him longer?"

Qin Yufei felt suffocated when he thought about how his daughter, whom he had just recognized, had been taken away by Fu Hanchuan just like that.

Even though Qin Sheng had been living with Fu Hanchuan all this while...

However, this was a completely different matter.

Qin Sheng tilted her head and was puzzled. "Brother Fu and I will always be together. Isn't it the same whether we get married sooner or later?"

Qin Yufei was speechless again.

He could not get angry at Qin Sheng, so he could only sulk alone.

Fu Hanchuan listened to Qin Sheng's words and couldn't help but smile.

His Sheng Sheng was so cute...

Fu Hanchuan and Qin Yufei were in a deadlock.

Old Master Qin and Old Master Lin arrived at the scene almost at the same time. It was rare for them to not bicker this time.

Chapter 1279 Getting Drunk To Take The Household Registration Booklet

Old Master Qin knocked the ground with his walking stick. "Fu Hanchuan, you brat. You kidnapped Sheng Sheng and married her, yet you didn't tell me, your grandfather. You're really capable! You don't even put me in your eyes!"

He couldn't bear to reprimand Qin Sheng, so he could only target Fu Hanchuan.

Old Master Lin and Old Master Qin were united against the outside world.

"Hanchuan," he reprimanded, "no wonder you left with Sheng Sheng on the day of her birthday. You even hid your tracks. So this is your motive. You were up to no good."

Back then, they were worried that Fu Hanchuan would secretly bring Qin Sheng to the wedding. With Fu Hanchuan's personality, it was really possible that he would do so.

Moreover, he might have already planned this from the start.

Therefore, they had been on guard. The moment Fu Hanchuan left with Qin Sheng, they had sent people to look for him. They did not expect Fu Hanchuan to succeed.

Fu Hanchuan was in a good mood. He wasn't annoyed by their scolding.

"I was just about to go back and tell you, right? Sheng Sheng and I have been together for two years. You should have thought of our marriage."

Old Master Qin was furious. "Is this how you act first and report later?"

Old Master Lin echoed, "Yes, shouldn't we tell our elders about such a big matter like marriage first?"

He had a feeling that this was just Fu Hanchuan's excuse.

If they didn't come over to stop them, Fu Hanchuan would probably kidnap Qin Sheng to bed.

Thinking of this, Old Master Lin's face darkened completely.

He glared fiercely at Fu Hanchuan.

Why didn't he realize that this brat was so annoying before? Luckily, he admired Lu Ming when he mentioned him.

At this moment, Old Master Lin's dislike for Fu Hanchuan grew.

Fu Hanchuan didn't answer Old Master Lin and Old Master Qin.

Old Master Qin's gaze suddenly fell on Qin Yufei.

He frowned and asked, "Qin Yufei, marriage requires a household register. How did our household register fall into Fu Hanchuan's hands?!"

Not long after Qin Sheng and Qin Yufei reunited, Qin Yufei moved Qin Sheng's household register into the Qin family.

At that time, one of his motives was to worry that Fu Hanchuan would kidnap Qin Sheng to the Civil Affairs Bureau to get married without his knowledge.

Qin Yufei also thought of this matter, and his expression changed again and again.

He glared at Fu Hanchuan and gritted his teeth. "Fu Hanchuan, you got me drunk back then just to get the Qin family's household register?"

Four days ago, Fu Hanchuan looked for Qin Yufei once.

The two of them competed in drinking.

Qin Yufei had a good tolerance for alcohol, but he lost miserably in front of Fu Hanchuan. He was completely drunk and forgot everything that happened after he got drunk.

Could it be that Fu Hanchuan had gotten him to give him the household register when he was drunk?

Fu Hanchuan seemed to be confirming his thoughts. He nodded and said, "Yes, you gave me this household register. At that time, you also agreed to my marriage with Sheng Sheng and asked me to take good care of her."

Naturally, the last two sentences were fabricated by Fu Hanchuan.

After Qin Yufei got drunk, he gave Fu Hanchuan a good scolding, saying that Sheng Sheng was his child and that he had to go through him if he wanted to get married.

He even said that they could only get married when Qin Sheng was at least 25 years old.

In the end, he even told him about Qin Sheng's plan to bring her back to the Qin family.

As soon as Fu Hanchuan finished speaking, Qin Yufei retorted, "That's impossible. Even if I'm drunk, I won't agree."

When Qin Yufei said this, he did not have much confidence.

He was indeed worried that he would really say those words.

Fu Hanchuan sounded serious.

There was no trace of lying on his face.

At that time, he was drunk and completely did not remember what he had said back then. He could even take out his household register and give it to Fu Hanchuan personally, let alone anything else.

Perhaps, he really did say that he agreed to their marriage..

Old Master Qin glared fiercely at Qin Yufei. He was furious. "As a father, you actually gave the household register to Fu Hanchuan personally. Aren't you giving Sheng Sheng to Fu Hanchuan personally?"

If they had hidden the household register well, Fu Hanchuan would not have had the chance to bring Qin Sheng here to get married.

He usually looked like a very smart person, and he was also very skilled in the business world.

He didn't expect that he would drop the ball at the critical moment.

Qin Yufei was very guilty. He avoided his gaze and did not dare to look at Old Master Qin anymore.

Fu Hanchuan took out the household register and returned it to Old Master Qin.

Old Master Qin looked at the household register and was very displeased. He directly threw it to Qin Yufei. "Take it."

The atmosphere was still tense.

Lin Haoyu and Lin Haocheng had also arrived at the scene. Lin Haoyu immediately saw Qin Sheng and Fu Hanchuan holding hands. He frowned and reminded Lin Haocheng.

"Haocheng, go and separate them."

Lin Haocheng looked over and saw their intimate actions. He rushed forward and pulled them apart.

"If you want to talk, then talk. Why are you acting so intimate? There are so many people around now. How can this be? Fu Hanchuan, although you and Sheng Sheng are boyfriend and girlfriend, Sheng Sheng is a girl, so you have to pay attention to her reputation."

Qin Sheng looked around. There was no one else besides them.

She could not help but hold her forehead.

"Sheng Sheng and I are already husband and wife. We're not just a couple," Fu Hanchuan reminded him.

Hearing this, the others glared at Fu Hanchuan.

Lin Haocheng choked. After a while, he straightened his neck and said, "Didn't you guys still not hold a wedding? Other than our family, no one else knows that you're married. What kind of husband and wife are you?"

When Lin Haoyu heard Lin Haocheng's words, his eyes flashed.

A plan formed in his mind.

"If you get the marriage certificate, can't you also get the divorce certificate?" Lin Haocheng asked again. "By then, Sheng Sheng will be single again."

The more Lin Haocheng thought about it, the more he felt that it made sense.

He voiced out his thoughts. "I have a suggestion. Grandpa Qin, Grandpa, Fu Hanchuan and Sheng Sheng came over to get the marriage certificate. We didn't know about this before, so the marriage this time doesn't count. Aren't we still at the entrance of the Civil Affairs Bureau? Then why don't we go over and get the divorce certificate now? It'll save us trouble."

Old Master Lin gave Lin Haocheng a slap on the head. "You idiot. If we really get a divorce so soon, wouldn't outsiders laugh at our Sheng Sheng? They will say that Sheng Sheng was despised by Hanchuan."

After being hit for no reason, Lin Haocheng covered his head and explained in a wronged manner, "Fu Hanchuan didn't dump Sheng Sheng. It should be our Sheng Sheng who dumped Fu Hanchuan."

Old Master Lin was very moved by Lin Haocheng's words.

But soon, he shook his head again. "That won't do. It'll leave a stain on Sheng Sheng. Sheng Sheng's divorced. That's not good."

Hearing this, Lin Haocheng nodded. "What else can we do? Are we going to let Sheng Sheng marry Fu Hanchuan?"

Old Master Lin and Old Master Qin fell silent.
