# All-Mighty Girl Gets Spoiled by A Bigshot

Qin Hai was someone who cared about his reputation. He did not wish to be surrounded by so many people.

"Alright." Qin Churou immediately agreed. A glimmer of hope was rekindled in her heart. As long as Qin Hai was willing to help her, she would have a chance to make a comeback.

The words of the surrounding celebrities were very unpleasant to hear.

Their voices were not soft, and every word they said reached Qin Churou's ears.

"I don't believe that Qin Churou can clear up this scandal."

"Qin Entertainment is indeed relying on Qin Churou. It looks like Qin Entertainment is going to be destroyed."

"This Qin Churou sure knows how to play. Our entertainment industry is messy, but there are very few people who can play like Qin Churou."

"This Qin Churou is usually high and mighty. This time, I can finally see her in trouble."

"..."

When Qin Churou heard this, her face turned ashen.

She rushed forward. "Stop gloating! I'll clear my name."

One of the actors who disliked Qin Churou crossed his arms and sneered. "Qin Churou, you can still clear your name? Heh, stop dreaming. Since you said so, you can continue to deal with me after you clear your name."

This actor had heard Qin Sheng's words just now.

There was a high chance that Qin Sheng was the one who did this to Qin Churou.

With Qin Sheng's attack, Qin Churou had almost no chance of turning the tables.

"You!"

Qin Churou was so angry that she lost her mind. She raised her hand and wanted to hit the actor.

"Qin Churou! Come back with me!"

Qin Hai stopped Qin Churou. He felt that Qin Churou had completely embarrassed him!

She was actually able to compete with other actors under such circumstances.

Qin Churou still wanted to rely on Qin Hai to clear her name, so she could only swallow her anger and grit her teeth. "I won't let you off."

Qin Churou left with Qin Hai.

Indeed, Qin Hai did not want to waste his money, but Qin Churou was right. The company had indeed relied on Qin Churou to develop.

If something happened to Qin Churou, Qin Hai did not dare to think about it.

Qin Hai called for a meeting in the Public Relations Department regarding Qin Churou.

Because Qin Hai was in the capital and Qin Entertainment was in H City, Qin Hai could only use the method of an online meeting.

The staff of the Public Relations Department was at a loss.

An employee frowned and said, "Chairman, if this is true, I'm afraid there's nothing we can do. We can only try to suppress it. However, it's been a long time since the incident happened. Even if we suppress it, it won't be of much use. We can just deal with it coldly. After a few years, when the heat dies down, Miss Qin Churou can make a comeback."

However, this matter was destined to become Qin Churou's black mark for the rest of her life.

As long as Qin Churou made a name for herself in the entertainment industry in the future, this matter would be brought up by people with ulterior motives and be hyped up again and again...

Qin Hai's voice was heavy. "Is there no other way?"

The employee lowered his head and did not say anything else.

His answer was obvious: no.

Qin Churou couldn't help but criticize him, "Does the company support all of you so that you can eat white rice? Now that I finally have a use for you, I didn't expect you to be

useless at all. Moreover, if you had dealt with this matter in time, would it have become so serious?"

Qin Churou pushed some of the responsibility to the employees of the Public Relations Department.

The employees let her scold them and did not refute her.

However, he was very dissatisfied.

Why didn't they take a look at what they had gotten themselves into? How were they supposed to clear up those matters?

## All-Mighty Girl Gets Spoiled by A Bigshot

"Shut up!" Qin Hai reprimanded Qin Churou.

He was very dissatisfied with Qin Churou.

If Qin Churou didn't keep it a secret, would this matter still be exposed?

Qin Hai knew that Qin Churou had gone to sleep with others. However, for the sake of the company's development, he had turned a blind eye to it.

All these years, most of the company's good resources had been spent on Qin Churou. Other than Qin Churou, there was no other artiste in the company who developed like her.

Qin Hai rubbed the space between his brows. He knew that if he invested all his money, it would most likely be a waste of money. However, he did not want to give up on Qin Churou.

He could only order, "Just follow your plan first. After investing 10 million, if there's still no effect, stop in time."

"Yes," the staff of the Public Relations Department agreed.

At this moment, Qin Churou's matter was still very serious on Weibo.

Qin Churou's fans were mostly male fans because of her delicate and pitiful temperament, as well as her goddess-like persona.

At this moment, Qin Churou's unrestrained appearance appeared in the photo.

It could be said that Qin Churou's goddess image in their hearts had been destroyed. What replaced it was the impression that Qin Churou could be slept with by any man.

If these otakus liked Qin Churou, they could praise her to the heavens.

However, when they turned around, they would also stomp Qin Churou into the mud.

Most of Qin Churou's fans had turned anti-fans.

They went to Qin Churou's Weibo to scold her. It was very unpleasant and explicit.

[B\*tch, how much do I have to pay to sleep with you? I don't lack money. I think you've slept with so many men, so it's fine to include me, right?]

[Pfft, I thought you were a goddess back then. I didn't expect you to be such a thing. I was wrong about you.]

[This b\*tch is definitely not my goddess! Also, she's really coquettish.]

[The entertainment industry is too dark. I really don't know how many artistes are innocent.]

[As far as I know, there is a clause in the contract signed between Shenghe Entertainment and the artist that states that the artist must be innocent. The company will not force the artist to attend the banquet, nor will it allow the artists to sleep with others for resources. Violators will be banned.]

[Yes, Shenghe Entertainment is very good at managing their artistes.]

[I won't explain if I turn from a fan to an anti-fan.]

[Qin Churou, get out of the entertainment industry!]

[Get out of the entertainment industry!]

[...]

Qin Churou locked herself in her room and read the comments over and over again.

She had never thought that these would be exposed on the day she won the Best Actress Award.

This Best Actress trophy had become a hot potato...

Qin Churou had already become a joke on the internet.

Qin Entertainment's Public Relations Department spent a lot of money to buy fake reviewers, remove trending searches, buy marketing accounts, and suppress comments.

This matter had blown up so much that even the Public Relations Department had spent all 10 million.

The trending searches were gone, and many scandals about other artistes appeared on Weibo.

Qin Churou heaved a sigh of relief.

However, Qin Churou did not know that this was just the beginning.

Three days later.

Just when Qin Churou thought that there was nothing wrong, another piece of news appeared on Weibo.

With Qin Churou's plastic surgery...

And what she had done to Qin Sheng in H City High School.

This completely exposed Qin Churou.

## All-Mighty Girl Gets Spoiled by A Bigshot

The topic of Qin Churou's messy private life, which Qin Entertainment had suppressed previously, resurfaced once again.

Qin Churou's image in the eyes of the netizens was completely ruined.

Qin Entertainment also carried out emergency public relations.

But it was useless.

They couldn't suppress it at all. They invested another 5 million, but there was no effect at all.

Regardless of which one of the scandals Qin Churou had, it would be a fatal blow to her career in the entertainment industry.

These were all trending topics on Weibo and various major websites. They occupied the top three trending topics for no less than three days.

Qin Churou was completely ruined.

The moment she won the Best Actress Award, her nightmare would come.

After that, Qin Churou's popularity temporarily died down, and a marketing account immediately released a piece of news.

[Entertainment Industry Gossip V: I received a piece of news that Qin Sheng is the scriptwriter, Sheng! Qin Sheng has admitted it personally. Let us take a look at the identity of this genius girl who has created miracles. Well-known painter, medical scientist, computer scientist, writer, entrepreneur. All the industries she is involved in have become top-notch existences!!]

There was a wave of shock and disbelief on Weibo.

[F\*ck, Goddess Qin is Scriptwriter Sheng! How old was she back then? Her first novel was published when she was 14 or 15 years old. This, this, this is really unbelievable! Her first novel exploded with popularity! Every time I hear about Goddess Qin's deeds, I feel like I'm here to make up the numbers.]

[Sister Sheng is indeed awesome!]

[Those people who said that Scriptwriter Sheng isn't Sister Sheng, do you want to come out for a walk? You've been slapped in the face again, hahahaha. I'll let you remember this, but you won't!]

[I'm the one who questioned Sister Sheng. I, I regret it. Give me another chance. I'll never doubt her again.]

[Sister Sheng has so many alternate accounts. As expected of my goddess!]

[Prince Charming Fu must treat Sister Sheng better. Otherwise, we fans will definitely not agree.]

[What's wrong with that? If Fu Hanchuan dares to treat her badly, our Sister Sheng can just dump him. Our Sister Sheng is so awesome.]

[Our Sister Sheng doesn't need a husband, right?]

[...]

The comments at the end of the post gradually went astray.

They even discussed which outstanding men were suitable for Qin Sheng.

As the CEO of the Xie Corporation, Xie Hen often appeared in business magazines recently.

He was noticed by Qin Sheng's fans.

They were all discussing how to get Qin Sheng and Xie Hen together.

Fu Hanchuan's face darkened when he saw these comments.

He immediately posted a Weibo post.

[Chuan: I will always be good to Sheng Sheng. You don't have to worry. Sheng Sheng will only be mine. Your assumptions don't exist.]

Those netizens instantly sided with Fu Hanchuan.

[Yes, yes, yes, Prince Charming Fu, you're right. You and Sister Sheng will definitely be together for a long time.]

Some people even tagged the most authoritative program in the country and asked them to consider doing an exclusive interview with Qin Sheng.

They quickly replied, [Arrange it.]

Qin Sheng had become a legend in the hearts of the netizens.

In the hotel.

Qin Churou knelt on the ground and begged, "Daddy, don't give up on me. I'll definitely be able to clear my name. Yes, I can clear my name. When the time comes, I'll also win an Oscar!"

## Chapter 1334 Doubt, Is She A Lucky Star?

Qin Churou had never been able to make a name for herself when it came to painting.

The entertainment industry was the only path she could take.

If she was banned, her life would be over. Not to mention, she wanted to step on Qin Sheng's head.

In this life, she could only look up to Qin Sheng.

She couldn't accept this!

In her dream, she was a Best Actress, glamorous, and a world-famous painter, unlike now, where people were shouting and beating her up...

Qin Hai remained unmoved. He looked coldly at Qin Churou. "Qin Churou, do you think you can clear your name now?"

"I definitely can, as long as you're willing to spend money! In this world, there was nothing that can't be solved with money."

Qin Churou sounded very certain.

Qin Hai rubbed the space between his brows. "Qin Churou, the company doesn't have much capital. I won't invest so much money and end up wasting it."

Qin Churou widened her eyes. "Daddy, are you really going to give up on me?"

"I'll take care of you in the future," Qin Hai replied.

No matter what, Qin Churou was a lucky star.

With her around, the company wouldn't be any worse off.

Thinking of this, Qin Hai was stunned.

If Qin Churou was a lucky star, how did she end up like this?

He treated Qin Churou quite well.

As for the Qin family, their development over the years had declined more and more.

After starting an entertainment company and seeing the company develop, Qin Churou's incident happened at the critical moment.

Perhaps Qin Sheng was a scourge.

However, Qin Sheng had not contacted them for more than two years.

Qin Hai began to suspect.

Qin Churou was still grabbing onto Qin Hai's arm. She was unwilling to give up. "Daddy, really. Help me clear my name. I will lead the company to develop again."

Qin Churou was very dissatisfied with Qin Hai.

Previously, the company relied on her to develop. Now that something had happened to her, it seemed like they were going to abandon her.

However, Qin Churou still endured it. After all, she could only rely on Qin Hai now.

After that incident, someone seemed to have arranged for those who had s\*x with Qin Churou to cut ties with her.

Qin Hai was getting impatient with Qin Churou's pestering. "Qin Churou, you better watch out for yourself."

Qin Hai was a man, so he was very strong. He directly shook off Qin Churou.

Qin Churou fell to the ground weakly.

She hugged her shoulders and cried helplessly.

Why did the heavens treat her like this?

She had finally managed to get the Best Actress Award through her own hard work, but the heavens had to give her such a blow?

Qin Churou's eyes were red. After a long time, Lin Shuya pushed open the door and entered. When she saw Qin Churou crying on the floor, she felt like her heart was about to break.

She quickly walked over and hugged Qin Churou with heartache.

"Rou'er, it will be fine. It will definitely be fine."

Qin Churou's eyes were filled with tears. "Mom, I'm only with those men for the sake of the company. Otherwise, with Dad's ability, he wouldn't have been able to pull in resources."

"Rou'er, I understand your painstaking efforts. Don't bother about your father. He's a heartless person who cares about benefits the most. Now that we have no benefits for him, he naturally gave up on us."

"Mom, can I only quit the entertainment industry?" Qin Churou choked.

Lin Shuya was silent. This was indeed the only way.

"Mom, I'm not doing this for myself. I'm doing this for you to live a good life. We can't count on Dad. In the future, only the two of us can rely on each other. Mom, my future in the entertainment industry can't be ruined. Otherwise, I can't give you a good life."

# Chapter 1335 Find The Master Of Qingfeng Temple

Qin Churou's gaze was sincere, and Lin Shuya could see the concern in her eyes.

Lin Shuya felt extremely comforted.

Fortunately, she had Qin Churou as her daughter.

"Then Rou'er, what can I do to help you get out of this predicament?"

"Mom, can you go back to the Lin family?" Qin Churou hesitated for a while. "Back then, Grandpa loved you very much. If you go back, he will definitely be very happy. Moreover, you are his only daughter. He should also want you to come back, but he could not bring himself to do so."

"But, but..." Lin Shuya hesitated.

Qin Churou didn't disturb her and let her think on her own.

She believed that Lin Shuya would definitely agree. Otherwise, she would have to live a hard life. Lin Shuya, who had been pampered by the Lin family, rarely suffered. It would be the same for the Qin family.

Lin Shuya was not willing to go through such a bitter life.

Just as Qin Churou thought, Lin Shuya had indeed considered this aspect.

She moved her lips. "Rou'er, will I be able to help you if I return to the Lin family?"

Qin Churou's eyes lit up when she heard that. She nodded and said, "Yes, Mom. The Lin family is very powerful. If you go back, they will definitely help clear up my scandal. Moreover, Qin Sheng will listen to Grandpa and stop dealing with me."

Lin Shuya clenched her fists, unable to make up her mind. "Rou'er, let me think for a few more days."

Meanwhile, Qin Hai had his subordinates book a plane ticket for him and rushed back to Qin Entertainment.

He had just entered the company.

A manager ran in. "Chairman, bad news."

"What?" Qin Hai frowned. "Why are you so flustered?"

The manager panted and answered, "Chairman, before the Hundred Flowers Awards ceremony, Miss Qin Churou accepted many endorsements and movies. There are also many endorsements and movies that she had acted in before. They are all asking Qin Churou to pay the penalty for breaching the contract."

Qin Hai gritted his teeth and asked, "How much is the total penalty?"

"Miss Qin Churou has accepted a lot of requests. In total, we need to pay them a total of 130 million."

"130 million!"

Hearing this number, Qin Hai abruptly stood up from his seat.

Their company was just starting out. Adding on the 20 million that they had spent to clear Qin Churou's scandal, the 130 million that they had to pay for the breach of contract would not be enough even if the company took out all their cash.

Qin Hai panicked.

Now that the company was in such a crisis, the bank would definitely not give them a loan.

They couldn't fork out 130 million.

The company had given all the good resources to Qin Churou. In the company, other than Qin Churou, there were basically no good artists.

"Chairman, what should we do now?" The manager was very anxious and said, "They want us to pay the penalty within three days. Otherwise, they will sue us in court."

At this moment, Qin Hai was also in a terrible state.

He clenched his fists. "Let's put this matter aside first. I still need to go somewhere."

Qin Hai had originally planned to go a few days later after settling the company's matters. However, he could not wait any longer.

He went straight to Qingfeng Temple.

The Grandmaster was in the temple, and his eyebrows were slightly white.

Upon seeing Qin Hai, he smiled. "Benefactor Qin, I've been waiting for you for a long time. I expected you to come today. This way, please."

The Grandmaster brought Qin Hai to a room.

Qin Hai did not give the Grandmaster a good look. He sneered. "Back then, you said that my daughter was a lucky star. Then let me ask you, why is our Qin family still declining step by step with her around? To think that I respected you so much in the past. I didn't expect you to be a liar!"

## Chapter 1336 Qin Sheng Is A Lucky Star

"I did say that back then. Lin Shuya's daughter is a phoenix. She's blessed."

The phoenix rose from the ashes.

However, this blessing only happened after she was reborn.

Qin Hai mocked, "Since she's blessed, then let me ask you, what's going on with the current situation?"

"Isn't that so? Now that she has become more and more outstanding, the people around her have also benefited."

"What's wrong?" Qin Hai questioned. "If I benefit from it, then what's wrong with my company?"

"Shouldn't Lin Shuya's daughter be her biological daughter? Benefactor Qin, did you misunderstand something?"

Qin Hai's pupils constricted.

Indeed, the Grandmaster was referring to Lin Shuya's daughter.

At that time, Qin Sheng and Qin Churou had been switched and Qin Churou had been raised by their side. They had always regarded Qin Churou as a lucky star.

After that, the company's development was very smooth. It had not experienced any crisis in the past 18 years.

Even after they found out that Qin Churou wasn't their biological daughter, they still stubbornly believed that Qin Churou was a lucky star.

After all, they were already used to this kind of thinking. Besides, Qin Churou had been with them for more than ten years, and the company had been developing smoothly.

They had never thought of Qin Sheng as a lucky star.

Later on, they blamed Qin Sheng for the crisis that the Qin family and the Qin Corporation had encountered. They thought that they were so unlucky because Qin Sheng had returned to the Qin family, and that Qin Sheng was a jinx.

Now that he thought about it, it might be because they didn't treat Qin Sheng well and went against her that they encountered those...

As if confirming his thoughts, the Grandmaster opened his mouth: "The development of the Qin family for more than ten years is all thanks to giving birth to Qin Sheng. However, after Qin Sheng was brought back, you abused her time and time again. Naturally, as a lucky star, if you treat her like that, you will suffer the opposite effect."

"If you do your best to treat her well, your current development will not be bad."

Qin Sheng was a lucky star, a phoenix reborn.

Qin Sheng had to experience what happened in her previous life.

After Qin Sheng was dead, Qin Churou, Qin Hai, and Lin Shuya had all suffered retribution.

In this life, Qin Sheng had returned.

Since Qin Hai and the others were still going against Qin Sheng, they naturally would not have a good ending.

Upon hearing the Grandmaster's words, Qin Hai's mind went blank. His face turned extremely pale.

Wrong, wrong.

Everything was wrong.

They treated the lucky star as a jinx and treated Qin Churou as a lucky star to nurture her.

In fact, they could have discovered the clues long ago.

But they didn't want to believe that they were wrong.

Thus, one wrong step, and a path of no return.

In the end, he ended up like today.

·cθm "Actually, there's another person who knows about Qin Sheng's a lucky star."

"Who?" Qin Hai asked anxiously.

"Qin Churou. Two years ago, she asked me for confirmation."

At that time, the Grandmaster didn't hide anything from Qin Churou and told her the truth.

When Lin Shuya was still pregnant with Qin Sheng, the master had personally visited the Qin family and told them that their daughter was a lucky star.

However, Qin Hai was mistaken.

The Grandmaster didn't tell him.

This was Qin Sheng's tribulation, and he could not destroy it.

In this life, the Grandmaster did not tell Qin Hai and Lin Shuya about this matter. Another reason was that he could not stand Qin Hai and Lin Shuya either.

Only when they came to him and asked him about it would he kindly tell them.

## Chapter 1337 Seeing Through Qin Churou's True Colors

"Qin Churou actually knows!" Qin Hai was completely stunned. "Why didn't she tell me about this?"

The Grandmaster closed his eyes and twirled the prayer beads in his hand. He did not reply to Qin Hai's question.

"Benefactor Qin, you should think about it carefully. There's no need to come and look for me anymore. You have to bear the consequences of the karma you've planted."

After saying that, the Grandmaster immediately left, leaving Qin Hai alone in the room.

Qin Hai looked at the Buddha statue, and his mind gradually cleared up.

Before Qin Sheng returned, Qin Churou had already started to lead them to hate Qin Sheng. She had instilled in him the idea that Qin Sheng was from the countryside and that she was stupid and would embarrass them.

After Qin Sheng returned, Qin Churou had said all sorts of things to them time and time again to worsen their impression of Qin Sheng.

It was not impossible for Qin Churou to hide the fact that Qin Sheng was a lucky star for her own benefit.

It was all Qin Churou's fault!

At this moment, Qin Hai hated Qin Churou to the extreme.

If it wasn't for Qin Churou, why would he treat Qin Sheng so badly?

Qin Churou had been pampered and raised by him since she was young.

Unexpectedly, he had raised an ingrate!

Qin Sheng was a little rebellious, but she was a lucky star and was also very capable.

How did the company end up like this?

A sky full of regret swept toward Qin Hai.

Qin Hai regretted it. Qin Sheng was his biological daughter, yet he had treated Qin Sheng so badly and spoiled an adopted daughter.

An hour later, Qin Hai finally came out of Qingfeng Temple. He staggered, his face extremely pale.

His secretary came over to support him. "Chairman, what's wrong with you?"

Qin Hai glanced at his secretary helplessly before instructing, "Book me a flight to the capital immediately. The sooner the better. I want to go and see Qin Sheng."

"Yes," the secretary agreed.

It was more than an hour's drive from Qingfeng Temple to H City's airport.

Qin Hai did not even have the time to pack his clothes before he boarded the plane to the Imperial Capital.

Five hours later, the plane landed at the airport in the capital.

It was already 10 o'clock at night.

Qin Hai could only endure it for now. He did not sleep for the entire night. At 9 o'clock the next morning, Qin Hai could not wait to arrive at Shengshi Corporation's reception.

His face was haggard, and there was a thick layer of bluish-black on his eyelids.

"Hello, I'm looking for Qin Sheng," Qin Hai asked politely.

"Our boss?" The receptionist frowned. She had only started working at Shengshi Corporation a year ago, and the number of times she had seen Qin Sheng could be counted on one hand.

"Boss didn't come to the company," she answered truthfully.

"How is that possible? This is her company, she still doesn't come over?" Qin Hai frowned and asked, "Then, when will she come over? I can wait."

The front desk lady replied, "You won't be able to wait. Boss might not even come to the company for a month."

"Is this reasonable?" Qin Hai said unhappily, "Her own company is being thrown aside like this. Isn't she afraid that outsiders will empty her company?"

When the receptionist heard Qin Hai's words, she felt that he was being ridiculous.

Moreover, she was also Qin Sheng's fan. An important characteristic of Qin Sheng's fans was that they were protective of their shortcomings and would not allow anyone to scold Qin Sheng.

The receptionist did not give Qin Hai a good look. "Sir, this is just how our boss is. This is her own company, and she can do whatever she wants. It's not up to an outsider to tell her what to do. Aren't you being a little too nosy?"

## Chapter 1338 He Is Qin Sheng's Biological Father

Qin Hai's face was ashen. "I'm her father! How can I not control her?"

The receptionist looked at Qin Hai suspiciously. "Our boss's father is the president of the Qin Corporation. Qin Yufei, don't come up and try to get close to your relatives."

"Ha, he's just a godfather, and I'm her biological father."

The receptionist frowned and was about to say something when Hong Yuan's voice was heard. "What happened?"

The receptionist's tone was very respectful. "General Manager, this gentleman is saying that he is the boss' biological father and wants to see you."

Hong Yuan narrowed his eyes as he sized up Qin Hai.

Qin Hai's face was very haggard, and he also had stubble. If one was not familiar with him, it would be very difficult to recognize him as Qin Hai.

Qin Hai was once Qin Sheng's father.

He had paid attention to Qin Hai frequently, so he naturally recognized him.

Hong Yuan walked over. "You're looking for our boss?"

Qin Hai looked at Hong Yuan, and his expression instantly darkened. Back when Qin Entertainment was still Qin Real Estate, Hong Yuan had also participated in dealing with Qin Real Estate.

However, now was not the time to fall out with Hong Yuan.

Qin Hai tried his best to make his tone as calm as possible. "Director Hong, can you help me contact Qin Sheng? I don't know how to contact her."

Hearing this, Hong Yuan's face turned black.

He felt very aggrieved.

He had saved Qin Sheng's phone number. Qin Sheng had blacklisted him, so he could not contact Qin Sheng.

"Wait a moment."

Hong Yuan left for a while and asked for Qin Sheng's opinion through Su Yixiu.

Five minutes later, he returned.

"Director Qin, you can go to the HD Group to look for her," Hong Yuan said.

Qin Hai did not even say a word of thanks before leaving in a hurry.

In the CEO's office of the HD Group.

Qin Sheng played with her phone in her hand. "Brother Fu, this Qin Hai is looking for me. He probably wants me to help his company tide over its difficulties."

Qin Sheng had arranged for people to keep an eye on Qin Entertainment.

She knew that Qin Entertainment was going to pay a huge sum of compensation for Qin Churou's breach of contract.

Qin Entertainment was just starting to take off. They had invested too much money in the early stages and could not take it out at the moment. Qin Entertainment would not have this little money.

Even if there was, taking out so much money at once would bring about a break in the company's capital chain.

This was a huge crisis for Qin Entertainment.

Qin Sheng had long expected that Qin Hai would look for her.

Fu Hanchuan sat down beside Qin Sheng and smiled dotingly. "How is Sheng Sheng going to deal with him?"

Qin Sheng blinked and looked at Fu Hanchuan with a sly look in her eyes. "I think Qin Hai doesn't know that I'm not his biological daughter."

Fu Hanchuan knew what Qin Sheng was planning.

He could not help but laugh. "Alright, I'll accompany you. I want to see what kind of expression Qin Hai has."

"There's no hurry. Let him ascend for a while."

On the other side, Qin Hai went downstairs.

He went to the receptionist of the HD Group. "I'm looking for Qin Sheng."

"Mrs. President?" The receptionist frowned.

Ever since they found out that Qin Sheng and Fu Hanchuan had gotten their marriage certificate, everyone in the company addressed Qin Sheng as Mrs. President instead of Miss Qin.

"Yes." Qin Hai nodded. "Qin Sheng asked me to come over."

"Okay, please wait a moment. I'll call and ask."

The receptionist contacted Lin Te.

In less than two minutes, the receptionist hung up the phone and said politely, "Sir, our President's wife is busy. Please wait a moment."

## Chapter 1339 I Will Definitely Chase Her Out Of The Qin Family

Qin Hai frowned. How could he not know that Qin Sheng was intentionally making him wait?

This was not Qin Sheng's company. Qin Sheng was only here to accompany Fu Hanchuan. What could she be busy with?

Anger surged in an instant.

However, he still had something to ask of Qin Sheng.

He gritted his teeth. "Alright, I can wait a little longer. Tell her to hurry up."

He waited for an hour.

Qin Hai sat in the reception room. He had already drunk five cups of tea, but Qin Sheng had yet to come over.

He lifted his watch from time to time.

He was impatient and went straight to the front desk lady. He asked in a deep voice, "Where is she?"

The receptionist called Lin Te again.

She replied, "Sir, the CEO's wife is not done yet. You might have to wait for a while longer. Also, Assistant Lin said that if you are in a hurry, you can come back next time."

Qin Hai's heart sank.

Qin Sheng was deliberately messing with him!

If he went back this time, Qin Sheng would still make him wait the next time he came to look for her.

Besides, the company's matters wouldn't leave him too much time.

"Alright," Qin Hai said in a low voice. "I can wait a little longer."

Qin Sheng came over at around one in the afternoon with Fu Hanchuan by her side.

Qin Hai was already impatient from waiting.

When he saw Qin Sheng, he almost couldn't suppress his anger. However, he thought that he still had something to ask of Qin Sheng. Now was not the time to fall out with Qin Sheng.

Qin Hai could only suppress his anger.

He walked up and forced a smile. "Sheng'er, you're here."

Qin Sheng only glanced at him indifferently and did not answer. She went straight to the sofa with Fu Hanchuan and sat down.

"Sheng'er, were you busy with something just now?"

When he asked this question, Qin Hai's voice could not help but carry a hint of complaint.

Qin Sheng frowned slightly and asked in confusion, "Naturally. Qin Hai, you don't believe me?"

Qin Sheng was indeed busy, but she was busy looking at her phone.

Qin Hai choked. Indeed, he did not believe Qin Sheng.

Qin Sheng clearly had nothing to do, but she did not come to see him. She even used such a clumsy excuse to avoid him.

Qin Hai gritted his teeth in his heart. Then, he said with concern, "Of course not. I was just wondering what you were busy with. Sheng'er, you manage a big company like Shengshi Corporation, so it's inevitable that there will be a lot of things."

"Qin Hai, are you concerned about me?" Qin Sheng smiled.

Qin Hai did not deny it. "Of course. You are my daughter. If I don't care about you, who else do I care about?"

Qin Sheng raised her eyebrows and asked. "What about Qin Churou?"

Qin Hai sat up straight. He knew that Qin Sheng had never liked Qin Churou. Qin Sheng wanted him to chase Qin Churou out of the Qin family. However, Qin Hai was concerned about Qin Churou's identity as a lucky star, so he had never agreed to Qin Sheng's request.

If he was willing this time, would Qin Sheng help him solve the company's crisis?

Would she repair her father-daughter relationship with him?

Qin Sheng was still young. Although she did not say anything, a girl of her age must have longed for kinship.

Qin Hai had a good plan.

Qin Hai had a regretful look on his face. "Sheng'er, I've thought it through. You're my biological daughter. I shouldn't have spoiled Qin Churou. I'm sorry, I was too careless. Don't worry, I'll definitely chase her out of the Qin family. Sheng'er, when you return to the Qin family, your mother and I will definitely be responsible as parents."

## Chapter 1340 This Is The Paternity Test Report

Qin Sheng sneered. "Are you sure you want to kick Qin Churou out? You and Qin Churou have been father and daughter for more than 20 years. Do you have the heart to do that?"

"I've thought it through. Besides, Qin Churou has done so many things to you. Sheng'er, I was kept in the dark by her. I don't dare to have a daughter like Qin Churou."

Qin Sheng's lips curled into a mocking smile.

He abandoned Qin Churou because he saw that she was of no use to him.

He also wanted to use her to help the company get out of the crisis.

She and Qin Churou were both Qin Hai's chess pieces.

Fortunately, she was not Qin Hai's biological daughter.

"Is that so?" Qin Sheng's red lips slowly parted. "But I don't want to reconcile with you."

Qin Hai frowned. "Sheng'er, did I do something wrong? If you want Qin Entertainment, I can give it to you."

Qin Hai's current attitude was very much like a loving father who was concerned about his daughter.

However, Qin Sheng found it ridiculous.

"I'm sorry. I have Shengshi Corporation under my name. Your Qin Entertainment is just an entertainment company that is about to close down." Qin Sheng rejected him mercilessly.

Qin Hai frowned. "Sheng'er, I'm your father. How could I harm you? There are many talented artists in Qin Entertainment now. If you merge them, it will be good for Shenghe Entertainment. Moreover, the crisis that Qin Entertainment is facing now is not a problem for you."

"I'm sorry, Qin Hai. I'm not your daughter." Qin Sheng laughed coldly.

Qin Hai did not understand the meaning behind Qin Sheng's words. "Sheng'er, although we've severed our ties, that's just a statement on paper. We're related by blood. This cannot be changed."

Qin Hai's heart sank when he saw that Qin Sheng's expression did not change in the slightest.

He was already so humble, but Qin Sheng still did not appreciate it.

He had never seen a daughter who looked down on her father like this.

Qin Hai could no longer suppress his anger. "Sheng'er, if the outside world saw your attitude toward your biological father, what would they think of you?"

Qin Sheng sneered. "Qin Hai, I'm not your biological daughter."

Qin Hai still did not believe Qin Sheng's words. "If you're not my biological daughter, who else can it be?"

"Qin Yufei," Qin Sheng said slowly.

Qin Hai could not help but be stunned when he saw that Qin Sheng's expression did not seem to be fake.

Then, he frowned. "Qin Sheng, we did a DNA test before you were brought back to the Qin family."

Qin Sheng chuckled. "As far as I know, the person I tested my DNA with should be Lin Shuya, not you, Qin Hai."

Hearing this, Qin Hai was completely stunned.

His pupils suddenly constricted.

Back then, Lin Shuya had insisted on using her DNA to test with Qin Sheng. The results showed that there was a 99% chance that the two of them were mother and daughter.

Back then, he did not suspect anything.

Now that he thought about it carefully, it was indeed very suspicious...

Qin Hai's hands were tightly clenched by his sides.

If it was true, didn't that mean that Lin Shuya had cheated on him a long time ago?

That b\*tch!

Qin Sheng handed Qin Hai a document. "This is the paternity test report of me, Lin Shuya, and you. Qin Hai, if you don't want to believe it, you can take a look."

Qin Hai hurriedly accepted the document.

He quickly flipped through the documents in his hands.
