

All-Mighty Girl Gets Spoiled by A Bigshot

Chapter 19: A Complete Victory

At this moment, many hackers were watching their competition, wanting to see how this QS was defeated.

“This kid is too arrogant. Do they really think that there’s no one in our hacker world?”

“It’s been so many years, but this is the first time I’ve seen such a stupid person. They actually dared to provoke an expert of our hacker world. There’s no need for an expert to make a move. Any random person can defeat him completely. This kid is a rookie who doesn’t know the immensity of heaven and earth!”

“Look at his progress bar. Right now, not a single line of defense has been broken. This is truly an eye-opener for me.”

“This stinky kid is going to lose for sure.”

While the discussion was in full swing, Qin Sheng sat in front of the computer. Seeing that the other party was still attacking the second line of defense, Qin Sheng lost her patience as well. Her fingertips flew over the computer and directly hacked the other party’s computer.

I’m Little Blackie, the hacker, thought that he had won. Just as he was feeling smug, he suddenly saw the computer’s page shake a few times.

He was stunned for a moment before he suddenly reacted. He typed furiously on the computer keyboard, and fine beads of cold sweat appeared on his forehead.

A few seconds later, the computer —

Black...

Black screen...

Black screen!

“F*ck!”

I’m Little Blackie smashed the mouse onto the table. He stared at the computer with a face full of disbelief.

He had actually been hacked without even knowing it!

He had even been hacked!

This was the greatest shame of the hacker world!

I'm Little Blackie was doubting his life, and the others were also confused. Why had he suddenly gone offline?

After a second of silence, everyone started discussing again. However, this time, the topic of discussion wasn't QS, but I'm Little Blackie, the hacker.

"What, what's going on? Why did he suddenly go offline?"

"Is his computer broken?"

"Who knows? He probably got seduced by a woman. You know what's going to happen next."

"Based on the past, I'm Little Blackie is not someone who would leave midway."

"..."

"Quick, look at QS!" someone shouted, and the hackers all looked at Qin Sheng's progress bar.

Then, they saw QS, which had no progress at all...

Broke through the first line of defense!

One minute later, broke through the second line of defense!

Two minutes later, broke through the third line of defense!

Broke through the system!

The hackers stared blankly and forgot to react until the system notification, [QS Beats I'm Little Blackie.]

"Lost?!"

They finally reacted, and their expressions were complicated.

Not only did QS win, they even broke through the first, second, and third lines of defense in just over two minutes!

It seemed that even the highest record of the Black Emperor was not this fast!

Instantly, they felt that their faces hurt.

Some hackers posted to comfort them, "QS just has good luck."

The hackers who did not want to believe that QS had such strength echoed in the post. In the blink of an eye, they had scoured hundreds of floors, and there was no lack of hackers who came in to eat the melon.

The stronger hackers once again issued a challenge to Qin Sheng.

After this gamble, a small number of hackers chose to bet on QS to win, but the majority still bet on her to lose.

Qin Sheng supported her chin with one hand. She was not in a hurry to accept the challenge, and her gaze was fixed on the bet.

She did not know if she could place a bet.

Thinking of the previous competition, all the hackers had bet on her to lose. If she also placed a bet, the odds might be over a hundred.

Qin Sheng instantly felt her heart ache.

Without hesitation, she bet all the money she had on her. There were 300,000, of which 200,000 were given to her by Qin Hai, and more than 100,000 were saved by herself.

Qin Sheng had not come into contact with hackers for a long time. During the first match, she was a little rusty. This time, she was already in the zone.

Hence, this scene appeared —
