

Bigshot 201

Chapter 201: I've Finished

He Manyun was not convinced.

Qin Sheng had calculated the answer in an average of two minutes, and this was a question that required writing steps.

If she chose to fill in the blanks, wouldn't it be faster?

'Fifteen minutes is too much,' He Manyun thought, but she did not dare to say it out loud.

The other teachers and reporters did not have any more questions.

No one raised any questions.

The judge asked Qin Sheng again, "Student Qin Sheng, can you do it?"

Qin Sheng nodded, her eyes filled with confidence. "Yes."

"Alright, then Student Qin Sheng can go out first."

Only the mathematics teacher, the expert, the judge, and the media reporters were left in the classroom.

As Luo Xuewen was a teacher at H City High School, he also went out. Li Bao left early and didn't participate in the question setting.

He Manyun stood outside the classroom, her expression ugly.

Qin Sheng raised her eyebrows and said, "He Manyun, you said you wanted to apologize to me yesterday. Where's your apology?"

If He Manyun had not pulled this stunt, Qin Sheng would not have wanted He Manyun to apologize.

It was not that she had forgiven He Manyun. It was mainly because Qin Sheng found it troublesome and did not want to waste time on these unimportant people.

The other students looked over, their eyes filled with gossip.

If Qin Sheng had not mentioned this matter, they would have forgotten about it.

He Manyun had accused Qin Sheng of cheating yesterday and had been slapped in the face by the Minister of Education. She had said that she wanted to apologize to Qin Sheng.

He Manyun's face was red. "Qin Sheng, don't be too arrogant. If you can't come up with those questions later, you'll be finished."

"Don't change the topic. Are you going to apologize?"

Qin Sheng pressed on step by step. He Manyun's face was red and her eyes were red.

But at this moment, no one sympathized with He Manyun. They were all watching as if they were watching a good show.

He Manyun couldn't bring herself to apologize to Qin Sheng. She straightened her neck and said, "Do you dare to say that you didn't cheat?"

"I dare." Qin Sheng smiled.

"I don't believe it." He Manyun was still unwilling to apologize.

Su Yixiu said, "Student He, if Qin Sheng does those questions within the stipulated time, will you believe that Qin Sheng didn't cheat?"

Being stared at by so many students and teachers, He Manyun had no way out.

She could only say, "Yes."

"Alright, remember to apologize later. Don't run away." Su Yixiu smiled gently and elegantly.

Luo Xuewen secretly gave Su Yixiu a thumbs up.

As a teacher, he could not be calculative with students.

He had long held back his anger. Now that Su Yixiu had vented his anger for him, his heart was much smoother.

The teachers and experts inside had already come up with a question.

He Manyun did not dare to enter the classroom. She could only wait outside with a nervous expression.

In the classroom, Qin Sheng was writing the answers on a piece of paper alone. She lowered her eyebrows and the shadow of her eyelashes fell on her eyelids.

Almost everyone in the classroom held their breath.

The young girl sat there quietly. It was a visual enjoyment to look at her.

Qin Sheng's fair and slender hand held the pen and wrote very quickly.

She began to write every question in less than twenty seconds.

He Manyun saw Qin Sheng's unhurried appearance from outside the window. She bit her lower lip and the bad feeling in her heart grew stronger and stronger.

In the end, Qin Sheng only used eight minutes to finish all the questions.

She put down the pen and said directly without checking, "I've finished."

One of the judges opened his mouth slightly and was shocked. "Classmate Qin, don't you need to check it again?"

The judges had been paying attention to Qin Sheng. She was very fast in solving the questions, and the judges were shocked every time they saw it.

She had only looked at it for a few seconds and ten seconds before she started writing the answers. If it was any other student, they probably wouldn't have finished reading the questions at this time.

Qin Sheng's speed was too fast.. No wonder people suspected that she was cheating.

Chapter 202: Two Schools Snatching People

Qin Sheng: "Confirmed."

The expert took the paper filled with Qin Sheng's answers and read it carefully.

The first question was correct.

The second question was also correct.

Until he finished reading the last question, there was not a single mistake.

He stood up and said in surprise, "It's all correct."

He passed Qin Sheng's test paper to the other expert teachers and they all nodded their heads.

Qin Sheng had indeed done it all.

And she had done it perfectly.

When they were grading Qin Sheng's answers, the teachers and students outside the classroom came in.

After hearing the expert's words, they were very impressed with Qin Sheng and could be considered to be completely convinced.

Qin Sheng did indeed have some strength. She did not need to cheat.

When He Manyun heard this result, her face was extremely pale.

She didn't want to apologize to Qin Sheng, and she didn't want the media to notice her either. She left in a hurry.

On the other side... a judge said, "This time, Student Qin's question was given by the experts and all the math teachers present. Facts have proven that Student Qin's result is worthy of the name. "We congratulate Student Qin for obtaining the first place in this mathematics competition."

There was a burst of applause below the stage.

The second round of the competition had ended. The ranking had already been announced and prizes were being presented.

The first place was an honorary certificate and a prize of 70,000 yuan.

The second place was an honorary certificate and a prize of 50,000 yuan.

The third place was an honorary certificate and a prize of 30,000 yuan.

The fourth place was an honorary certificate and a prize of 20,000 yuan.

The fifth place was also an honorary certificate and a prize of 10,000 yuan.

After that, there would be no rankings and no prizes.

However, in this competition, the students who performed well had already been booked by some famous universities, especially the students who specialized in certain subjects. It could be considered as a guarantee.

Because of Qin Sheng and Su Yixiu's astonishing performance, they became the hot cakes in the eyes of Shangbei University and Imperial Capital University.

When the award ceremony was over, the teachers from these two universities stepped forward and stopped Qin Sheng and Su Yixiu who were about to leave.

"Student Qin, Student Su, do you want to come to our Imperial Capital University? We will give you the best teaching resources. The annual tuition fee will be completely free. How about a bonus of 500,000 yuan?"

The teachers from Shangbei University were unwilling to lag behind, "Our Shangbei University is also one of the top three universities in the country. If you come to our university, our university will give you 700,000 yuan. We will also give you a separate dormitory. You will enjoy a high degree of freedom on campus. Of course, tuition fees and miscellaneous fees will be free."

The conditions offered by Shangbei University were already very attractive.

The teacher from Imperial Capital University glared fiercely at the teacher from Shangbei University.

She was too shameless, stepping on his words to compete.

The teacher from Shangbei University shrugged. Competing for talents depended on one's own ability.

Imperial Capital University and Shangbei University were both top universities in the country. They could also be ranked in the top ten internationally.

However, they were also very good at fighting for outstanding students.

They would often fight over a student until their heads were split.

Seeing the actions of the teacher from Shangbei University, the teacher from Imperial Capital University was furious.

He said again, "Student Qin, Student Su, as long as you come to our school, we will fulfill all your requests as long as we can do it."

The teachers from Shangbei University also followed, talking about the various benefits of coming to their school.

The other students were dumbfounded.

They couldn't help but swallow their saliva.

So this was how the two universities snatched people. They had finally seen it for themselves.

However, they didn't have much of a chance to enjoy such treatment.

Chapter 203: The Top Student Is Back

Qin Sheng nodded and replied, "I'm sorry, I want to pass the college entrance examination to a school I like."

Su Yixiu gave the same answer.

The two teachers: "..."

So they had been talking for a long time and almost got into a fight, but in the end, the two of them didn't choose either one?

They were disappointed for a while, and then took out their business cards almost at the same time.

They stuffed them into the hands of Qin Sheng and Su Yixiu, then said at the same time, "Remember to contact me after the college entrance exam. The conditions given to you today are still valid."

After saying that, the two teachers stared at each other, the disdain in their eyes was obvious.

Imperial Capital University and Shangbei University usually had a good relationship, but when it came to stealing students, their eyes would turn red.

What humility? What good brothers? At this moment, none of them existed.

Su Yixiu took the business card and nodded. "Okay, I'll consider it."

Qin Sheng casually put the business card into her pocket.

After getting their assurance, the two teachers would let them go.

The teachers from the two universities left, and the media reporters swarmed up again.

"Students, your speed in answering questions has amazed everyone. Can you tell us how you managed to train your reaction speed to such a high level and have such high ability to solve questions?"

Qin Sheng: "The heavens reward hard work."

The reporter: "..."

If one could get such good results just by working hard, then wouldn't the world be filled with outstanding students?

The reporter still wanted to continue asking questions, but Qin Sheng and the others walked past the reporters and left.

The reporters also knew that Qin Sheng would not answer their questions anymore. With Su Yixiu's personality, he would not explain too much to them.

The reporters did not chase after them.

However, the astonishing performance of Qin Sheng and Su Yixiu today was enough for them to earn a wave of traffic.

After participating in the competition and resting for a while, Qin Sheng returned to H City with Fu Hanchuan.

When Qin Sheng returned to the Qin family, it was already 5 o'clock in the afternoon. The Qin family was quite quiet and there was no one in the living room.

Now that the Qin Real Estate was in a serious crisis, Qin Hai was busy dealing with things at the company and didn't even come back at night.

The last time after Lin Shuya and Qin Hai had such a big conflict, Lin Shuya didn't dare to make any more trouble.

She was afraid that Qin Hai would really divorce her, and Qin Hai didn't come home at night for the past few days.

In order to please Qin Hai, Lin Shuya sent food to Qin Hai every morning, noon, and evening.

Old Madam Qin had already left this Saturday.

Qin Sheng had just had dinner with Fu Hanchuan outside and returned to his room.

Qin Churou appeared at the stairway.

Qin Churou was extremely jealous when she thought about how Qin Sheng had been participating in the math competition for the past two days.

Why was it that she couldn't get a spot to participate in the math competition even after working hard for a year? The moment Qin Sheng came, this spot was given to her?

Qin Churou was unwilling. If it were not for Qin Sheng, she would be the one participating in the mathematics competition.

It was all Qin Sheng. The moment she returned, she would snatch away her things one by one.

Qin Churou looked at Qin Sheng unkindly and said in a strange tone, "Our genius student is back."

Qin Sheng wanted to walk forward, but Qin Churou stood in front of her and stopped her.

"Get out of the way." Qin Sheng's voice was very cold.

"Qin Sheng, who do you think you are?" Qin Churou said fiercely, "A country bumpkin who grew up in the countryside actually wants to steal all my things? First, my parents, then my good grades, and then, you want to get involved in the math competition?"

"I'm telling you, you won't succeed!"

Chapter 204: Released the Video

Qin Sheng raised her eyebrows. "It's yours. I can't take it away. Similarly, I'll take back everything that doesn't belong to you one by one sooner or later."

Standing high, falling hard.

Qin Sheng didn't plan to touch Qin Churou now. She wanted to wait for the day when Qin Churou became the best actress as she wished. She wanted to drag her down from that position.

Qin Sheng knew what Qin Churou valued. It was nothing more than money and face.

Sooner or later, she would make Qin Churou lose everything.

Qin Churou glared at Qin Sheng viciously. Suddenly, she smiled and said, "Qin Sheng, is the math competition you are participating in this time very difficult? Come, let me guess. You must have been eliminated in the first round, and you are in the bottom position, right?"

Qin Churou never believed that Qin Sheng could really get such good results.

Qin Sheng came from the countryside. In the countryside, Qin Sheng's results were always at the bottom.

In just a few days when he came to H City High School, she had gotten first place and even surpassed a publicly recognized genius like Su Yixiu? If she didn't cheat, who would believe it?

If she could cheat in H City High School, she couldn't cheat in the math competition.

Qin Sheng's results would naturally be a mess.

Hearing this, Qin Sheng smiled faintly. "Qin Churou, I'm afraid I won't be able to do as you wish this time. I've gotten first place and also broken the record."

"Impossible!" Qin Churou subconsciously raised her voice.

"Whether it's true or not, you'll know tomorrow." Qin Sheng pushed Qin Churou away and walked towards the room.

Qin Churou stood in place, completely frozen.

How was it possible for Qin Sheng to get first place?

There were so many experts in the mathematics competition. Those who could participate were all the most powerful figures in mathematics in the city.

Qin Churou didn't believe that Qin Sheng could stand out among the top students in the country and get first place.

But when she thought of how Qin Sheng had surpassed Su Yixiu's exams every time and always got full marks in mathematics, Qin Churou couldn't stay calm.

The ranking of the mathematics competition would not only be announced in the school, but the video would also be broadcast on television.

It was hard to guarantee that Qin Hai and Lin Shuya would not see it.

Qin Churou was really worried. She was afraid that Qin Hai and Lin Shuya would find out about Qin Sheng's excellence.

Qin Hai was also someone who valued profit greatly.

Qin Churou was very worried that Qin Hai would shift his attention to Qin Sheng.

Paper can not cover fire. Qin Churou understood this logic.

No, she had to chase Qin Sheng out of the Qin family as soon as possible.

Qin Churou clenched her fists.

—

Back in the room, Qin Sheng thought of He Manyun.

Back then, He Manyun had said that she wanted to apologize to her, but she had left school early.

Qin Sheng was very stingy. She would not forgive those who framed her.

She turned on the computer and quickly typed on the keyboard with her slender and fair fingers.

Soon, she pulled up a video. It was a scene outside the classroom of Imperial Capital University.

The video was very clear. Even the conversation could be heard clearly.

Qin Sheng curled her lips and sent it to He Manyun.

“I am Qin Sheng. If you don’t apologize, I will release this video.”

As soon as she sent it, He Manyun opened it and watched.

Soon, her face turned pale from anger.

He Manyun gripped her phone tightly. “Qin Sheng!”

Another message from Qin Sheng was sent over.

“Remember to publicly apologize on the forum of H City High School.”

If He Manyun hadn’t run away in the beginning, with a simple apology, this matter would have been over. Unfortunately, when He Manyun saw that Qin Sheng had indeed completed the ten questions, she ran away.

Qin Sheng would not let her off just like that.

Chapter 205: Changed To a New Class Teacher

He Manyun was so angry that she almost fainted.

She couldn’t just ask her to apologize. She even asked her to apologize on the forum. Wasn’t this making her lose face in front of everyone at H City High School?

He Manyun really wanted to have the backbone to say, “What can you do to me if I don’t apologize?”

She typed out the words, but when she pressed the send button, her hand stopped abruptly.

He Manyun was worried that if Qin Sheng really released the video, many people in G City High School would know that she had accused Qin Sheng of cheating. She would even run away when she wanted to apologize.

He Manyun deleted those words and sent another message over.

“Qin Sheng, do you have to force me to death?”

Qin Sheng laughed mockingly.

There would always be such a person in the world who pretended to be innocent.

But they would never remember what they had forced others into.

When others did this, it was only an eye for an eye.

“Yes, I want to see your apology tomorrow. Otherwise, as long as your school has a phone, everyone will receive this video in their hands.”

After sending this sentence, Qin Sheng went offline.

He Manyun was trembling all over.

“Ah—”

She slammed her phone on the ground.

He Manyun had always been a cold and aloof goddess in school. Now, she had to apologize to Qin Sheng in front of so many people.

He Manyun was extremely unwilling.

She hated Qin Sheng to death.

—

The next day, the news that Qin Sheng had won first place in the math competition spread throughout the school.

Liang Hua’s face turned green with anger when she heard the news.

Qin Sheng had actually won first place, while Su Yixiu, who was in Class 1, had only won second place.

Back then, she had confidently said that if Qin Sheng participated in the mathematics competition, it would only bring shame to the school.

Now, Qin Sheng had won first place. Wasn’t she stepping on her face?

Liang Hua held her anger in her heart and took her textbook out of the office.

The moment Qin Churou came, she found out that Qin Sheng had taken first place in the math competition.

She didn’t look well. She sat down on her seat and took out a book to read.

Zhao Jia was sitting next to Qin Churou. Her eyelids were black and blue.

She hadn't had a good rest for the past two days.

To those hooligans, Zhao Jia had made countless phone calls, but she couldn't get in touch.

Every night, as soon as she fell asleep, she would dream that she had been arrested and beaten up by a group of people in prison.

Zhao Jia did not dare to sleep at night. After two days, Zhao Jia had only slept for less than two hours.

At this moment, Zhao Jia saw that Qin Churou was in a bad mood, so she did not go up and annoy Qin Churou anymore.

There was still no class, so Zhao Jia lay on the table and fell asleep.

The others in Class 1 were still discussing Qin Sheng's results.

"Qin Sheng got first place. I can only say that she's really amazing."

"I heard that she got full marks in the first round of the competition. In the competition after that, her speed was even faster. She's too awesome."

"Qin Sheng is even more amazing than Su Yixiu. I'm very curious. How did their brains grow?"

"I'm afraid Liang Hua is angry this time. I heard that Qin Sheng originally wanted to come to Class 1, but Liang Hua didn't like her, so she went to Class 4."

"It's over. Liang Hua is going to vent her anger on us again."

"Now I regret not following Lu Ming to Class 4. Class 4 has Lu Ming and Qin Sheng, the two gods of learning. How bad can it be? Also, I heard that the form teacher of Class 4 treats Class 4 very well. How can it be like us being bullied here every day?"

A boy came over and said, "I had a dream that Liang Hua was unlucky today and we changed our form teacher."

Chapter 206: Cui Qingsheng's Wife Came Over

The others rolled their eyes at him. "Don't take your dreams seriously."

They were hoping that Liang Hua would be unlucky enough to get rid of her status as a form teacher.

But they also knew that Liang Hua had a big backing. It was almost impossible for Liang Hua to fall.

"My dreams are pretty accurate." The boy was a little anxious when he saw that no one believed him.

"She's here for class."

Someone shouted. The group of people who were originally discussing hurriedly ran back to their seats and sat upright.

Liang Hua walked into the classroom with a sullen face and looked at Qin Churou as usual.

She saw Zhao Jia who was sleeping at first glance.

Liang Hua threw a book at her and started scolding her. "Zhao Jia, you only know how to sleep all day. Your grades aren't good and you even sleep all day. Are you here to study or to sleep?"

Zhao Jia was woken up by the hit. She quickly stood up. "I'm sorry, Teacher. I won't dare to do it again."

"Zhao Jia, let me tell you. If you dare to sleep again, I'll kick you out of the school. There's no need for a student like you in the class."

Liang Hua just happened to be holding a grudge in her heart. Seeing that Zhao Jia was sleeping, she vented her anger on Zhao Jia.

"Liang Hua!"

The Principal's solemn voice came from the classroom door. When he came over, he just happened to see Liang Hua throwing books at people. His expression was very ugly.

Liang Hua's expression froze. She stiffly turned her head to look at the door.

When she saw that it was the Principal, her legs went weak and she almost fell to the ground.

"Principal, Principal, why are you here?" Liang Hua stammered.

The Principal snorted coldly. "If I didn't come, I wouldn't have been able to see the awe-inspiring manner in which you lecture your students. You threw a book at someone and made a student drop out of school. You're really capable."

Liang Hua hurriedly explained, "Principal, I'm lecturing her. Isn't she sleeping? I'm doing this for her own good."

The Principal did not believe Liang Hua's words at all.

Liang Hua's actions and words were clearly something that she was already used to.

Even if Liang Hua was really doing this for the good of the students, her method of education was not advisable.

"Come to my office," the Principal said in a deep voice.

After saying that, he turned around.

Liang Hua clenched her fists. She looked at Zhao Jia gloomily. Zhao Jia's neck shrank back before Liang Hua followed him out.

However, just as they walked past Class 1's classroom.

A woman pounced on them.

Slap!

A slap landed heavily on Liang Hua's face.

"It's you! You're the one who seduced my husband!" Liu Cui grabbed Liang Hua's collar forcefully.

Liang Hua was stunned by the slap. One side of her face was very red.

After a while, she finally reacted. When she saw that it was Cui Qingsheng's wife, she had a very bad feeling in her heart.

She pursed her lips. "Sister-in-law, I don't understand what you're saying."

Liang Hua's voice trembled slightly.

"Liang Hua, you're still pretending!" Liu Cui didn't let go of Liang Hua. "I said that your relationship with Cui Qingsheng wasn't normal! As expected, you were having an affair with him!"

"Sister-in-law, I really don't know what you're talking about. I've always treated him as my older brother. At most, we're just brother and sister."

Liang Hua was flustered by Liu Cui's words.

However, she didn't dare to admit it. This was a school, and there were so many people watching. If she admitted it, she wouldn't be able to survive in H City High School.

"You don't admit it, right? Alright then, I'll make you completely convinced."

Liu Cui took out a stack of photos from her bag. "Look at what you and Cui Qingsheng have done!"

She threw the photos at Liang Hua.

Chapter 207: Get Out of School

Liang Hua squatted down and picked up a photo with trembling hands.

On it was a wedding photo taken by Liang Hua and Cui Qingsheng together.

The rest were also ambiguous photos of them from all angles. It was unbearable to look at.

Liu Cui pointed at Liang Hua and scolded, "I thought you two were just friends and turned a blind eye to it. I didn't expect you two to be cheating on me! Liang Hua, you're actually trying to be a mistress?!"

Liang Hua wanted to refute, but these photos were placed right in front of her.

Even if she refuted, no one would believe her.

Liu Cui sneered, "Say it. Aren't you the best at saying things? Now you have nothing to say!?"

Liang Hua stood up and begged, "I grew up with Qingsheng. We were childhood sweethearts. It's inevitable that I can't help but fall in love. I'm sorry, Sister-in-law."

Liu Cui stepped forward and gave Liang Hua another slap.

She said coldly, "I can't help it. You even took a photo using my wedding dress behind my back and kept calling me sister-in-law. I'm afraid you even want to replace me!"

Liang Hua hated Liu Cui to the core.

If it weren't for Liu Cui taking over Cui Qingsheng, how could she have fallen to the level of a mistress?

When she was with Cui Qingsheng, she hid it every day, afraid that others would find out.

She and Cui Qingsheng clearly had feelings for each other earlier, but she had to give up her position to Liu Cui.

Liang Hua was very unwilling, but she didn't dare to show it on her face.

Her eyes were red and she said aggrievedly, "Sister-in-law, please understand us."

Liang Hua was usually good at pretending. Otherwise, Cui Qingsheng would have gotten tired of her before long.

Liu Cui was even more furious when she saw Liang Hua's expression.

She laughed mockingly, "Liang Hua, how could I not know that you're so shameless? You asked me, a proper wife, to forgive a woman who slept with my husband? Liang Hua, don't forget, you're a teacher!"

The commotion here was very loud, and the people in Class 1 heard it too.

They were naturally happy to see Liang Hua being taught a lesson.

As such, there was a large circle of people watching the show from afar.

Liu Cui's voice was very loud, and it could be clearly heard by their ears.

At this moment, all of them were quite speechless.

They thought that Liang Hua had a bad temper, but she was a teacher after all, so she would have some principles.

However, they did not expect her to be so shameless.

If it weren't for someone who was thick-skinned enough, they wouldn't have been able to say these words.

The students in Class 1 immediately started discussing in low voices.

"This Liang Hua has completely changed my worldview. My god, she's actually shameless to such an extent!"

"Liang Hua became a mistress! At that time, she was also mocking Qin Sheng for being kept by an old man. On the surface, she didn't say it out loud, but some of the words she said in class were mocking Qin Sheng for being kept. She was both being a mistress and being fierce."

"I suddenly realized that Zhao Jia was considered good. At least, she's better than Liang Hua."

"With such a character, how can she still be a teacher?"

Someone shouted, "Liang Hua, get out of the school."

The students in Class 1 who had been suppressed for a long time were finally able to vent their anger at this moment. They all shouted, "Liang Hua, get out of the school!"

"She has no ability, no standards, and her character is corrupt. A person who is rushing to be a mistress is not worthy to teach us Class 1!"

The students of Class 1 were no longer afraid of Liang Hua. The Principal was watching them and knew who Liang Hua was. He would no longer protect Liang Hua.

Class 1's location was relatively remote. It was usually very quiet, and there was a large distance between them and the other classes.

However, the students of Class 1 shouted very loudly. It had already affected the other classes.

The Principal came over and called them back to the classroom.

Chapter 208: I Will Show Filial Piety To You

A male student said, "Principal, you can't let Liang Hua teach us anymore. Otherwise, I'll move to Class 4 as well."

A female student echoed, "Me too."

The Principal nodded. "Don't worry. I won't let Liang Hua stay in the school anymore."

The Principal received a recording this morning.

It was a recording of Liang Hua scolding the students.

The Principal's face was red with anger. Liang Hua had always been very professional in front of him and treated the students very well. He did not expect her to be this kind of person behind his back.

Before the Principal went to look for Liang Hua, Liu Cui came over and asked the Principal to uphold justice for her.

The Principal wanted to ask Liang Hua to come to the office to settle this.

After all, if the matter was blown up, it would affect the reputation of H City High School.

Liu Cui couldn't wait any longer and came over early.

Thus, the scene that had happened today occurred.

Liang Hua heard the students pointing fingers at her and even wanted to kick her out of the school. She felt extremely wronged.

Liang Hua knew that being a mistress wasn't glorious. Otherwise, she wouldn't have been hiding this matter.

But being a mistress wasn't her fault. If Liu Cui hadn't snatched Cui Qingsheng away, she would have been Cui Qingsheng's wife.

Others should understand her.

Liang Hua said aggrievedly once again, "Sister-in-law, even if I am a teacher, I am still an ordinary person. I believe that Qingsheng hopes that we can get along well. Sister-in-law, can we still act as if nothing has happened in the past? I will show filial respect to you."

Liu Cui was almost angered by Liang Hua's shameless words and laughed.

She sneered. "Fine, you're not a couple with a lover. I'm the one who broke you up. Then I'll let you two be together legally. Cui Qingsheng and I will divorce."

Liu Cui was not someone who was willing to be wronged. When a man cheated on her, even if he begged her for forgiveness and made some promises that he would no longer have an affair with another woman, Liu Cui would not turn back.

A leopard could not change its spots.

Even if Cui Qingsheng did not get together with Liang Hua, there would be the next Liang Hua, followed by countless Liang Huas.

Hearing Liu Cui's words, Liang Hua was stunned for a moment, then her face was full of surprise. "Really?"

"Of course." Liu Cui curled her lips.

"It's not true." Cui Qingsheng ran over. When he heard that Liu Cui wanted to divorce him, he was a little anxious. When Liang Hua saw Cui Qingsheng, her heart was filled with joy.

Thinking that she had someone to back her up, her eyes revealed a hint of pride.

She ran to Cui Qingsheng's side and called out softly, "Brother Sheng."

She had just hugged Cui Qingsheng's arm when he flung her away.

Liang Hua did not notice for a moment and fell to the ground just like that.

Cui Qingsheng walked past Liang Hua and came to Liu Cui's side. He held her hand and said, "Don't divorce me. I will be separated from Liang Hua in the future. The person I like is you."

As he said this, he pointed at Liang Hua and said, "She was the one who seduced me. If it wasn't for Liang Hua, I wouldn't have cheated on her. You also know that it's very difficult for a man to resist the intentional seduction of those women."

Cui Qingsheng was anxious to get rid of his responsibility.

He did have some friendships with Liang Hua since they were young. However, compared to Liang Hua, Cui Qingsheng naturally chose his future.

If there was no woman, he could find another one.

But if there was no future, then it was really over.

Liang Hua's eyes widened. He couldn't believe Cui Qingsheng would say these words.

"Brother Sheng..." Liang Hua called out aggrievedly.

Cui Qingsheng didn't even look at Liang Hua. He waved his hand and said, "Liang Hua, I have nothing to do with you in the future."

Liu Cui looked at this scene coldly.

Chapter 209: Falling Out

“Brother Sheng, you clearly said that you would be with me forever.” Liang Hua did not understand Cui Qingsheng’s attitude towards her. “You also said that you would divorce this old woman in the future and marry me!”

Cui Qingsheng’s expression changed. He did not expect Liang Hua to be so brainless.

He did not really want to give up on her now. He just wanted to put on a show and wait for things to pass before they continued to be together.

Now, Liang Hua was actually still trying to undermine him.

What good would it do her to destroy him?

Cui Qingsheng’s face turned cold. “Liang Hua, when did I say that?”

“Five years ago in June,” Liang Hua replied. She remembered this time very clearly.

Cui Qingsheng secretly kept trying to make things difficult for Liang Hua. Unfortunately, Liang Hua was slow to react and didn’t immediately understand Cui Qingsheng’s intentions.

As if she had figured it out, Liang Hua grabbed Cui Qingsheng’s hand. “Brother Sheng, you were forced by her, weren’t you?”

Cui Qingsheng completely detested Liang Hua.

She was really stupid. He had already hinted so clearly, but she still wanted to ruin his reputation.

Cui Qingsheng shook off Liang Hua. “I really like Cui Cui. I was just playing with you. Don’t take it seriously. Don’t come looking for me in the future.”

Liang Hua saw Cui Qingsheng’s cold gaze and her heart turned cold.

Cui Qingsheng had always been very good to her. All these years, he had almost never lost his temper with her. It could be counted on one hand.

She did not understand why Cui Qingsheng would treat her like this.

Her gaze fell on Liu Cui. Liang Hua was instantly enraged. Her eyes were filled with anger.

It must be Liu Cui who forced him.

“It’s you. What have I done wrong to you? Why did you let Brother Sheng leave me?” Liang Hua pounced on Liu Cui, wanting to hit her.

“Get lost.” Cui Qingsheng pushed Liang Hua to the ground again.

Clap Clap!

Liu Cui clapped her hands and smiled. “Very interesting. So a couple with a lover fell out with each other just like that.”

She looked at Liang Hua, who was still unable to react, and said in a mocking tone, "See, Liang Hua, this is the man you like. For the sake of benefits, he pushed you away without hesitation. As for you, for his sake, you're willing to be his lover."

Liu Cui was originally very angry, but seeing Cui Qingsheng treat Liang Hua like this, the anger in her heart faded a lot.

She was even a little grateful that Liang Hua let her see Cui Qingsheng's face clearly.

Even if Cui Qingsheng didn't have Liang Hua as his lover, he would find another woman.

But she couldn't forgive Liang Hua.

Liang Hua was in a sorry state now, and her face was still full of disbelief.

She didn't want to believe that Cui Qingsheng would hit her in front of other women and say such hurtful words.

Liang Hua couldn't accept this.

Hearing Liu Cui's words, Liang Hua's heart turned cold.

She bit her lip and glared at Cui Qingsheng. "Cui Qingsheng, do you want me..."

Then, Liang Hua pointed at Liu Cui. "Or do you want her?"

"Cui Cui, don't worry, I only want you in the future." Cui Qingsheng only cared about coaxing Liu Cui and did not respond to Liang Hua's words.

Liang Hua clenched her fists.

Cui Qingsheng wanted to hold Liu Cui's hand, but she shook him off. "Don't touch me. How disgusting!"

Liu Cui despised Cui Qingsheng very much.

Cui Qingsheng was a son-in-law. He had married into her family.

Back then, Liu Cui did not want to get married and was forced by her family to go on blind dates every day.

Liu Cui became impatient and thought about which man did not mind living with. So, she found a seemingly honest and simple Cui Qingsheng, who had pursued her for a year, and married him.

Cui Qingsheng married into the Liu family of his own accord.

Chapter 210: Leaving Home With Nothing

In the years since their marriage, Cui Qingsheng's presence at home had always been very low and he rarely caused trouble. Liu Cui also had a good impression of him and gave birth to a son for him.

To say that she liked Cui Qingsheng, however, was not true.

At this moment, when she found out that Cui Qingsheng had cheated on her, her first feeling was being as disgusted as eating a fly. She was also very angry. She had come to school early to look for Liang Hua.

“Wife, I’m sorry. I swear that I will take care of my family in the future. If we get divorced, our son will have no father. He is only in the third year of middle school. Today is the middle school exam. Isn’t this affecting his studies?”

“No need. I will take good care of him. The middle school exam will not be affected by you,” the woman said coldly. “Cui Qingsheng, I have evidence of your cheating. You should prepare to leave your family with nothing.”

Cui Qingsheng panicked and said hurriedly, “I know I’m wrong. I’ll change it in the future. I’ll change it, alright?”

Liu Cui smiled. “No, you’re too dirty. You’ve slept with other women countless times. I won’t take it anymore.”

Liu Cui was a neat freak. She couldn’t accept a man who had slept with other women no matter what.

She said again, “Cui Qingsheng, your position as the Dean of the Academic Affairs Office was earned for you by my family. You have to return it.”

Cui Qingsheng glared at her. He didn’t expect her to be so heartless.

Wasn’t his high income because of this position as the Dean of the Academic Affairs Office?

If he went out with nothing and lost his job as the Dean of the Academic Affairs Office, then he would have nothing.

Cui Qingsheng had an academic degree and many years of work experience.

It was not difficult to find a good job.

However, Cui Qingsheng was already used to commanding others. After standing at the top for a long time, he was not willing to do the work of subordinates.

This was the so-called ‘from frugality to extravagance, from extravagance to frugality’ was really true.

Cui Qingsheng clenched his fists. He was very angry, but he did not dare to hit Liu Cui.

He said with a sullen face, “It’s better not to be too ruthless.”

Liu Cui smiled and whispered something to Cui Qingsheng. Cui Qingsheng’s expression changed.

Seeing that Cui Qingsheng had become obedient, Liu Cui turned to the Principal. “Principal, Liang Hua only studied up to junior college. With her education, she can’t enter H City High School. You’d better look into it.”

Liang Hua was also a little afraid.

If she was really found out that Cui Qingsheng had used his private power to let her enter H City High School to teach, she would be finished.

Liang Hua looked at the Principal nervously.

The Principal watched the whole scene from the side and wiped the cold sweat from his forehead.

What kind of torture was this? Did she have to do this in the school, or in front of so many students and teachers? Could he still have the reputation of the school? Could he still be the Principal?

The Principal tried to stop them, but he couldn't stop them, so he gave up.

At this moment, Liu Cui said this, and he hurriedly replied, "Liang Hua's conduct is improper, and I will report it. Liang Hua will definitely be punished. If it's light, she will be kicked out of the school, and if it's heavy, she will have her teacher's license revoked."

The Principal had already confirmed that Liang Hua would have her teacher's license revoked.

Putting aside the fact that Liang Hua had become a mistress with a husband and had relied on her connections to enter H City High School to teach, just the way Liang Hua treated her students could remove this layer of Liang Hua's identity as a teacher.

When Liang Hua heard this, she was completely flustered.

She only knew how to teach. What else could she do after her teacher qualification was revoked?

Moreover, she had only studied at a third-rate university. It would be very difficult for her to find a good job.
