

## Bigshot 221

### Chapter 221: Husband and Wife Combination

After Qin Sheng left, Chen Quan called his secretary and instructed, "From now on, when Qin Sheng comes over, you must not offend her. The entire company must be respectful to her."

The secretary was a little surprised.

This was the first time she had heard Chen Quan give such instructions. It was also the first time she had seen Chen Quan treat others with such respect.

However, the secretary helped Chen Quan with his daily work. She had also read Qin Sheng's proposal and understood Qin Sheng's ability.

She also knew that Qin Sheng was worthy of such treatment.

The secretary did not ask anything else and nodded in agreement.

Even now, Chen Quan was still glad that he did not reject Qin Sheng's help.

Otherwise, the company was still facing many difficulties. If the opponent took the opportunity to suppress them, the company would probably face bankruptcy now.

After Chen Quan finished instructing the secretary, he instructed his subordinates to follow Qin Sheng's proposal and negotiate with the largest partner company of the Qin Corporation.

On the other side, Assistant Lin also came over to report to Fu Hanchuan. "President, the Chen Corporation is currently negotiating with the Cheng Corporation."

Qin Sheng did not hide it from Fu Hanchuan. Fu Hanchuan knew that Qin Sheng was using the Chen Corporation to deal with the Qin Corporation.

Qin Sheng was very capable. In the end, she was still very weak in terms of connections.

Fu Hanchuan was worried that there would be an accident, so he had Assistant Lin follow up in secret. He also asked Assistant Lin to tell him about the progress of the Chen Corporation.

Hearing Assistant Lin's words, Fu Hanchuan put down the pen in his hand and frowned slightly.

After a long while, he said, "Okay, you guys negotiate with the second largest partner company of the Qin Real Estate."

Last time, Qin Churou had asked those gangsters to defile Qin Sheng. Fu Hanchuan was not prepared to let Qin Churou off so easily.

Although he knew that Zhao Jia had cut Qin Churou's face, he still felt that it was far from enough.

Now that Qin Sheng had reached the critical moment to deal with the Qin Real Estate, of course, he had to give it a push.

Hearing the words, Assistant Lin sympathized with Qin Real Estate.

They could offend anyone, yet they had to offend Qin Sheng.

If they treated Qin Sheng well, wouldn't they benefit in the future?

Not to mention that Qin Sheng was capable and could bring countless benefits to Qin Real Estate. Just based on their CEO's protective stance, if Qin Hai treated Qin Sheng well, he would certainly support the development of Qin Real Estate in the dark.

Even if Qin Hai was a useless person, it would not be a problem for the Qin Corporation to rise into the upper class within two years.

Assistant Lin knew a lot about Qin Sheng. He also understood that Fu Hanchuan and Qin Sheng were the same type of people. They had their own methods, were black-bellied, and would seek revenge for the smallest grievance.

Both of them were existences that others did not dare to provoke.

Not to mention that the two of them had merged together.

—

The next day, Qin Hai was having breakfast in his office. His eyes darkened. He had been so busy because of the company's matters that he had not slept well for several days.

Li Yan picked up some food for him. "Chairman, eat slowly."

Qin Hai's actions did not slow down. He quickly stuffed the porridge into his mouth.

He mumbled, "I still have a meeting later. I don't have time."

Li Yan looked worried. However, she was not concerned about Qin Hai, but about the company.

Chen Corporation had been going against the Qin Corporation. They were fighting for business, land, and partners. In just a few weeks, the Chen Corporation's real estate industry had developed to the same level as the Qin Corporation's.

However, the Qin Corporation had once declined. Now, the company's capital turnover was difficult.

The Qin Corporation's current situation was not optimistic. If it continued to develop like this, it would most likely go bankrupt.

### **Chapter 222: Cancellation of Cooperation**

Qin Hai was already in his forties and was almost ten years older than Li Yan. Naturally, Li Yan would not really like Qin Hai. When she was with Qin Hai, she only took a fancy to his money.

Now, she had also given birth to a son for Qin Hai. If the Qin Corporation really went bankrupt, Li Yan did not know what she would do in the future.

Li Yan could only pray that nothing bad would happen to the Qin Corporation's real estate.

Qin Hai finished his breakfast in a few minutes.

He took the napkin and wiped his mouth. "Yan'er, get ready. Let's start the meeting."

"Okay, Chairman." Li Yan nodded.

Just as she finished cleaning up the bowls and chopsticks, a manager barged in.

Qin Hai frowned unhappily. "Can't you knock when you enter the office?"

The manager ran over and panted heavily. "Chairman, something big... it's not good."

Qin Hai's heart skipped a beat and his brows furrowed even more tightly. "Speak!"

Li Yan also had a very bad premonition and was very worried.

"Cheng Corporation has canceled their cooperation with us," the manager said anxiously.

"What?!" Qin Hai widened his eyes.

"Early in the morning, the Cheng Corporation called and said that they would not sign the contract with us and cancel the cooperation." The manager had not recovered yet.

The Cheng Corporation and the Qin Corporation had been partners for many years.

They signed the cooperation contract once a year. This year's contract had already expired. They had already discussed and were willing to sign another cooperation contract.

Unexpectedly, something unexpected had happened.

Cheng Corporation had broken the contract at the last minute and had not signed the contract. Thus, they had no way to claim compensation from Cheng Corporation.

Qin Hai naturally understood this point. For a moment, his heart felt stifled.

Recently, many of his partners had been taken over by the Chen Corporation. They would rather pay compensation than terminate the cooperation.

Qin Hai was so anxious that his hair had turned white. However, the scale of those cooperation companies was not large, so they could not cause too much of an impact.

However, the Cheng Corporation was his number one cooperation company.

Qin Hai's face darkened as he asked, "Was this done by the Chen Corporation?"

The manager nodded. "According to the information they leaked, it seems so."

Chen Quan!

Qin Hai clenched his fists.

Qin Hai thought that he had never offended Chen Quan. However, he did not expect Chen Quan to go against him all the time. He had robbed the land, the partner company, and everything else. This was forcing Qin Corporation to a dead end.

"I got it, get out."

The manager left. Li Yan also knew that at this time, she could not stay here to annoy Qin Hai. She also followed him out.

Li Yan stood outside the chairman's office and frowned.

If it continued to develop, the Qin Corporation would go bankrupt.

Li Yan clenched her fists. If it did not work out, she would go to the next company. If Qin Hai went bankrupt, she would not live such a miserable life with him.

Initially, she had followed Qin Hai because of his money. Since Qin Hai had no money, of course, she would not stay.

In the office.

Qin Hai walked back and forth a few times before he took out his phone and called the chairman of the Cheng Corporation.

“Director Cheng, we have also worked together for so many years. Why did you cancel the cooperation?”

Director Cheng said with a smile, “Your Qin Corporation is facing a cash flow problem and a lot of projects are delayed. I am also thinking for the company. Of course, I have to find a stable partner.”

Qin Hai said humbly, “Our company is only facing a difficult situation. It will be solved soon.”

“Director Qin, there is no way to make people believe your words.” Director Cheng pretended to be troubled and said, “No bank is willing to lend you money, and no other company is willing to lend you money. Tell me, how can I believe you?”

### **Chapter 223: Terminate the Contract**

Qin Hai was momentarily speechless.

Director Cheng continued, “Logically speaking, we have been partners for many years. I should help you and continue working with you. However, I am powerless. If the Board of Directors doesn’t agree, there’s nothing I can do.”

Director Cheng’s words clearly said that he would not help Qin Hai.

Qin Hai’s hand that was holding the phone tightened. He really wanted to hang up the phone just like that.

However, once he hung up, he and the chairman of the Cheng Corporation could no longer work together.

Qin Hai’s eyes were full of hostility, but his mouth kept saying flattering words.

No matter what Qin Hai said, Director Cheng did not agree.

No matter how patient he was, he was worn out. Qin Hai simply made it clear, “Director Cheng, you’d better not fool me. You don’t want to work with me at all, not because of the situation our company is facing, nor because your Board of Directors doesn’t agree.”

Director Cheng sat leisurely on the chair. When he heard Qin Hai’s words, he raised his eyebrows and did not refute.

Qin Hai said again: “The reason why you guys are canceling the cooperation is because of Chen Quan!”

Qin Hai guessed that Director Cheng did not hide it anymore. There was nothing for him to be afraid of at the Qin Corporation.

The smile on his face did not change. "That's right, it's because of Chen Quan."

Qin Hai's face darkened. "Don't regret it!"

In a fit of anger, Qin Hai hung up the phone.

When he heard the busy tone from the phone and knew that Qin Hai had hung up, Director Cheng smiled disdainfully.

Qin Hai, what was he?

As a businessman, he valued profits. The many years of cooperation with Qin Real Estate were also because of the profit he could gain from it.

Now that Qin Real Estate had encountered a crisis, it might go bankrupt one day.

Since Chen Quan had found him again, there was no need for him to work with Qin Hai anymore.

Regarding Qin Hai's threat, Director Cheng did not take him to heart.

On the other side, after Qin Hai and Director Cheng finished their phone call, he threw the phone on the ground and the phone screen shattered.

He felt that it was not enough to vent his anger, so he swept all the things in the office to the ground.

The sound of things breaking could be heard from the office.

Li Yan frowned. She did not dare to go in and pack up his things. If she went in, she might become Qin Hai's punching bag.

Li Yan had followed Qin Hai for so many years. She knew his personality well enough.

In the end, Li Yan ordered an employee to go in.

Sure enough, as soon as the employee entered the office, he was scolded by Qin Hai.

After scolding someone for a few minutes, Qin Hai's mood finally improved. He waved his hand and said, "Go out, there's no need to clean up."

The employee let out a sigh of relief.

Qin Hai barely managed to calm himself down and started to arrange the work again. He called the manager and instructed, "Keep an eye on Kang An Corporation. We must not let them contact the people from the Chen Corporation again."

Kang An Corporation was the Qin Corporation's second-largest real estate partner.

He had already lost the cooperation with the Cheng Corporation. He must not lose the cooperation with Kang An Corporation again.

Otherwise, it would be a fatal blow to the company.

When the manager heard this, he nodded repeatedly. "Okay, Chairman, I will arrange it right now."

Putting down the phone, Qin Hai leaned against the back of the chair and rubbed his forehead with a headache.

Was Chen Quan preparing to close the net now?

Qin Hai was very unwilling. Previously, the development of the Chen Corporation's real estate was not good. He did not expect that in just a few weeks, they had the momentum to surpass the Qin Corporation's real estate that had been developing for more than ten years.

The key was that this development was achieved by stepping on the Qin Corporation's real estate.

All kinds of resources of the Chen Corporation's real estate were taken from the Qin Corporation's real estate.

#### **Chapter 224: Asked For Something Else**

Qin Hai's face was gloomy. When he gained power, he would definitely not let Chen Quan off.

He, Qin Hai, would remember this grudge.

On the other side, the manager received Qin Hai's instructions and immediately went over to make arrangements.

However, he had just finished making arrangements when he received a call from Kang An Corporation.

After he received the call, his expression completely changed.

He hurriedly rushed to the chairman's office.

"Chairman, this is bad. Kang An Corporation wants to cancel the cooperation too!"

Qin Hai stood up abruptly and his expression changed drastically. "Our cooperation contract hasn't expired yet!"

The manager wiped the sweat off his forehead. "They said that they would give us enough compensation for breaching the contract, and they also asked us to send someone over to cancel the contract immediately."

Qin Hai's eyes almost went black.

He held onto the office chair and barely managed to keep his body from falling down.

Qin Hai's chest heaved up and down vigorously. "Is there anyone else who wants to cancel the contract?"

The manager lowered his head and answered, "At the moment, no."

Qin Hai waved his hand weakly. "Okay, I got it."

Even if there were no other companies that wanted to cancel their contract, just looking at the Qin Corporation's two largest partner companies that had terminated the contract was already the most fatal blow to the company.

Not to mention that there were already several companies that had canceled their contracts with them. Initially, Qin Hai had looked down on these companies, but when all of them were added up, it was already quite a number.

At the same time, the plight of the Qin Corporation's real estate was reported. Many of the Qin Corporation's companies that had canceled their contracts with him were also known by everyone.

The stock price plummeted.

Qin Hai was so anxious that a few strands of his hair had turned white.

He clenched his fists and ordered: "Go outside and look for investments. The Qin Corporation will give them fifteen percent of the shares."

Fifteen percent of the shares was not a small amount. Qin Hai only had fifty percent of the shares. Losing this fifteen percent of the shares meant that Qin Hai had lost his absolute control over the company.

If he did not have to, Qin Hai would never give up the shares in his hands.

However, after a day had passed since the news of Qin Real Estate was released, no one was willing to invest.

In their opinion, it would be difficult for Qin Real Estate to make a comeback this time. Most likely, the money they invested would go down the drain. It would be useless even if they took that fifteen percent of the shares.

Their money did not come from the wind. They would not invest in a company that was destined to lose money.

On the second day, Qin Real Estate's shares were still falling. The shareholders all sold off their shares.

Qin Hai was so anxious that he did not sleep the whole night.

"President, the chairman of Feng Entertainment is here. He wants to talk to you about investing."

At noon, the manager came to look for Qin Hai again.

When Qin Hai heard this, hope rose in his heart. "I'll be there right away."

Qin Hai went downstairs and personally led Feng Shuo to the VIP reception room.

Qin Hai was very obsequious. "Hello, Chairman Feng."

Feng Shuo narrowed his eyes and sized up Qin Hai. He was expressionless, but he was muttering in his heart.

He was Qin Sheng's father?

He had met Qin Hai a few times, but he had only heard that Qin Churou was Qin Hai's daughter. He had never heard of Qin Sheng.

Feng Shuo quickly made up his mind.

He felt that Qin Hai was biased and that Qin Sheng was not liked in the Qin family. Qin Hai also disdained to say that Qin Sheng was his daughter.

Feng Shuo had to admit that he was partially right.

Feng Shuo smiled and said, "Chairman Qin, I won't beat around the bush with you. I came here today because I want to talk to you about investing."

Qin Hai quickly said, "Chairman Feng, don't worry. As long as you give me 300 million to help the company tide over this crisis, I'll immediately give you 15% of the shares."

Feng Shuo waved his hand. "I don't need the shares. I want something else."

### **Chapter 225: I Want Qin Sheng**

Qin Hai sat up straight. "What do you want, Chairman Feng?"

"I only want..." Feng Shuo paused and raised his eyebrows. "Your daughter."

Qin Hai frowned. "Chairman Feng, what do you mean?"

Feng Shuo smiled. "I can give you 300 million, but I don't want the 15% of the shares. I just want your daughter."

Qin Hai subconsciously thought that Feng Shuo wanted Qin Churou. "Chairman Feng, Rou'er is still a high school student. She's not suitable."

"No, not Qin Churou. I don't like her."

Feng Shuo picked up a cup of tea and drank it.

Qin Hai looked at Feng Shuo and a thought appeared in his mind. Could it be that Feng Shuo's target was Qin Sheng?

Two minutes had passed by the time Feng Shuo finished drinking the cup of tea.

Qin Hai really wanted to ask Feng Shuo if he had taken a liking to Qin Sheng, but he did not dare to disturb him. He could only wait for him to put down the cup of tea.

Feng Shuo said, "I want Qin Sheng."

Qin Hai frowned.

How did Feng Shuo know that Qin Sheng was his daughter?

He had never announced it to the public because he was afraid that Qin Sheng would embarrass him. He even kept Qin Sheng's identity a secret.

Feng Shuo continued: "Other than Qin Sheng, I will not agree to any other conditions."

Qin Hai frowned and hesitated.

Feng Shuo did not care about Qin Hai. He held the teacup with his finger and said with a smile:

"Chairman Qin, think about it carefully. The crisis the Qin Corporation is facing now cannot be solved by

you alone. Without money, it is impossible for you to solve the current predicament. As for the others, I think no one is willing to invest.”

Feng Shuo’s words struck Qin Hai’s heart.

Besides Feng Shuo, he could not find anyone else to invest in Qin Corporation.

Those people were all avoiding the Qin Corporation.

Qin Hai hesitated not for Qin Sheng’s sake, but because he felt embarrassed.

Qin Hai was a person who cared about his face. If news of him selling his daughter for a mere 300 million got out, where would he put his face?

Moreover, with Qin Sheng’s looks, if he found a family of equal status in the future and married her off, the benefits he would receive would not only be worth this 300 million.

However, if he rejected it, he would not be able to get anyone else to invest in him. Other than the main residence and the house he bought for Li Yan, he had sold all the other properties.

Right now, he could not come up with such funds.

Seeing that Qin Hai was still hesitating, Feng Shuo stood up.

“Chairman Qin, I’ll give you two days to think about it. After that, I won’t accompany you anymore.”

Qin Hai hurriedly nodded. “Alright, I’ll think about it.”

At the moment, Qin Hai could only stretch out the time to see if there was any other way.

Feng Shuo nodded and walked out. Qin Hai personally sent him out.

With Feng Shuo as a guarantee, Qin Hai felt a little more relaxed.

Only then did he remember that he had to go see Qin Churou who was still in the hospital.

—

At the hospital.

Qin Churou’s face had already removed the gauze. She still had to stay in the hospital to be observed for two days.

She leaned against the headboard of the bed, her face pale.

Lin Shuya held a mirror in her hand and was still trying to persuade her, “Rou’er, can we not look at it anymore?”

Qin Churou insisted, “Mom, let me take a look.”

Qin Churou touched her face. She could clearly feel that there was a scar there.

Lin Shuya saw that Qin Churou insisted, so she handed the mirror to her.

Qin Churou took it and looked at herself in the mirror.

She saw the horrifying scar on her pale face spread from the corner of her eye to her lips.

Lin Shuya looked at her worriedly.

### **Chapter 226: Plastic Surgery**

“Ah—”

Qin Churou screamed and threw the mirror on the ground.

Her hand couldn't stop trembling. She grabbed Lin Shuya's hand and cried, “Mom, that's not me. It's not me. I'm not that ugly!”

Lin Shuya's heart ached too. She quickly comforted her. “Rou'er, don't be afraid. It'll definitely heal.”

Qin Churou did not believe her. “Mom, tell me, will this scar stay on my face forever? Will it not heal?”

Lin Shuya was speechless for a moment.

The doctor did say that this scar was too deep and there was no way to remove it.

“Tell me quickly,” Qin Churou pleaded.

Lin Shuya could only change her words. “Rou'er, don't worry. Mom will definitely think of a way to remove it. If it really doesn't work, we will go for plastic surgery.”

In other words, it couldn't be cured.

Qin Churou couldn't accept this result at all.

She didn't dare to go for plastic surgery. What if it failed?

Moreover, she wanted to be a celebrity. If others found out that she had plastic surgery, how would they view her?

Qin Churou hugged her legs and started crying.

Lin Shuya could only sit beside her and pat her shoulder gently.

Thinking of the doctor's warning, Lin Shuya hurriedly said, “Rou'er, don't cry. Don't get your tears on your wound.”

Qin Churou was worried that her wound would worsen, so she quickly pulled a tissue to wipe her tears.

However, she couldn't stop her tears.

“Mom, you must avenge me. It was Zhao Jia who harmed me. I can't let her have it easy!” Qin Churou grabbed Lin Shuya's arm, her face twisted and crazy.

Lin Shuya looked at Qin Churou in a daze. The malice in Qin Churou's eyes made her feel that she was unfamiliar.

In Lin Shuya's impression, Qin Churou was gentle and considerate. Even when she spoke, she was very soft.

It was the first time she had seen Qin Churou like this.

Qin Churou only realized her attitude after seeing Lin Shuya's reaction.

She was also an excellent actress. In an instant, she changed into another expression, looking delicate and pitiful, "Mom, it's all because of Zhao Jia that I have this scar on my face. If it wasn't for her, I wouldn't have been disfigured. Mom, I can't take this lying down."

Lin Shuya saw the familiar Qin Churou and smiled lightly. What she saw just now was probably an illusion.

However, she rejected Qin Churou's request. "Rou'er, our family's hands can't reach that far. We can't interfere in the police station's matters."

Qin Churou's eyes quickly dimmed.

Lin Shuya quickly added, "However, when she comes out to look for a job, it's still possible to trip her up."

Qin Churou nodded obediently.

In the end, she couldn't swallow this anger in her heart. She had made up her mind that after Zhao Jia was released from prison, she would also return this knife.

Qin Churou gradually stabilized her emotions.

Not long after, Qin Hai came over.

"Brother Hai, you're finally here. Rou'er has been waiting for you for the past few days."

Seeing Qin Hai, Lin Shuya went up and cried.

Qin Hai was even more annoyed. His gaze fell on Qin Churou's face. He frowned and asked, "Why would Zhao Jia lay her hands on you? Isn't she your good friend?"

Qin Churou could only say aggrievedly, "Zhao Jia looked for gangsters to threaten others. When she was discovered, she wanted me to help her get away with it. I refused, so she..."

Qin Churou did not continue what she was about to say.

Qin Hai also understood and did not continue asking. He looked at the scar on Qin Churou's face again and asked, "Can it recover?"

Qin Churou covered her face and shook her head.

"Then find a time to have plastic surgery."

## **Chapter 227: Selling Your Daughter**

Qin Churou bit her lip and nodded.

Even if Qin Hai didn't say anything, she would still go for plastic surgery. She wouldn't let this scar stay on her face and let people laugh at her.

However, Qin Churou still felt wronged.

It was obvious that Qin Hai wasn't thinking from her point of view. Qin Hai was only thinking for his own benefit, worried that she would embarrass him.

Qin Hai thought for a moment and asked, "There are still a few months before the college entrance examination. What about your studies?"

"I won't fall behind in my studies. The teachers have already taught me what they should. This stage is the time for us to study on our own," Qin Churou replied.

Qin Hai clearly heaved a sigh of relief.

Lin Shuya saw the weariness between Qin Hai's brows and asked with concern, "Brother Hai, has the matter with the company been resolved?"

Qin Hai rubbed his brows. "We've managed to get an investment, but there's one condition."

"What condition?"

"Give Qin Sheng to him."

Qin Hai did not hide anything from Lin Shuya. They would find out about this sooner or later.

Lin Shuya was stunned. It took her quite a while to react. She asked tentatively, "Did you agree?"

"He gave me time to consider." Qin Hai sighed. "No matter what, she's still our daughter."

Lin Shuya's mind became active.

She had always wanted to drive Qin Sheng out of the Qin family, but Qin Hai didn't agree to any of it.

Was this opportunity delivered to her door?

Suddenly, she remembered what Qin Sheng said two days ago about her leaving the Qin family. Lin Shuya had a trace of doubt in her heart, but she didn't care. As long as Qin Sheng left the Qin family, it would be fine.

"Brother Hai, Qin Sheng is our daughter. At least, we gave her a life. At this time, it's time for her to repay us." Lin Shuya had a calculating look on her face.

Qin Hai nodded, agreeing with what Lin Shuya said.

"What are the conditions of that man?" Lin Shuya asked again.

Qin Hai replied, "The president of Feng Entertainment. He's 35 years old this year. He already has a girlfriend, but he's not married yet."

Qin Churou sat on the hospital bed and listened to their conversation.

The corners of her lips gradually curled up into a sinister smile.

Qin Sheng was finally going to be unlucky.

From Qin Churou's point of view, her face was injured not only because of Zhao Jia, but also because of Qin Sheng.

If Qin Sheng had not resisted and been defiled, and Zhao Jia had not been noticed by the police, how could her face have been slashed by Zhao Jia?

Qin Churou did not dare to tell the truth, so she could only swallow this grievance.

At this moment, when she heard that Qin Hai was going to sell Qin Sheng, Qin Churou heaved a heavy sigh of relief.

However, she was not willing to sell Qin Sheng to a man who was not married yet, and he was also the CEO of a large company.

Although the CEO of Feng Entertainment already had a girlfriend, what if he broke up with her?

If Qin Sheng married him and became the wife of a wealthy family... How could there be such a good thing in the world?

Qin Churou thought about the countermeasures.

When Lin Shuya heard Qin Hai's words, her eyes lit up. She said with a smile: "Brother Hai, his conditions are not bad. It's Qin Sheng's fortune to be liked by him. If the CEO of Feng Entertainment breaks up with his girlfriend, Sheng'er will be his legitimate girlfriend. If the two of them become husband and wife, he can help us again and Qin Real Estate won't have to worry about not developing."

Hearing this, Qin Hai also started to think.

He had not thought of this level before.

If it was as Lin Shuya had said and Qin Sheng was given to Feng Shuo, it would not be a loss. Most likely, the family that Qin Sheng found in the future would not have conditions like Feng Shuo.

They were all fighting for benefits for the Qin family. It would not make any difference if they got married earlier.

### **Chapter 228: Qin Churou's Calculations**

At this moment, Qin Churou said, "Dad, I thought of someone."

"Who?" Qin Hai frowned.

"The CEO of HD Group."

Qin Churou was thinking that the CEO of HD Group would at least be a middle-aged man. He must have already gotten married.

If Qin Sheng followed him, she could only be a lover. She would never be able to take a position.

Lin Shuya frowned and asked, "Rou'er, what do you mean by this?"

Qin Hai also looked at her.

Qin Churou voiced out her thoughts, "Dad, Mom, the CEO of HD Group is very capable. Almost all the companies in H City are afraid of him. In front of HD Group, Feng Entertainment is far inferior. Since we are going to marry her off anyway, we might as well give my sister to the CEO of HD Group."

After a pause, Qin Churou lowered her head again. "I didn't mean anything by it. It's just that... I think we should share the burden for Mom and Dad. Sister can help."

She covered her face with her hands, and her eyes were red. "If my face isn't injured, I could help Dad. There's no need for Sister to help."

There was a moment of silence in the ward.

Qin Hai thought for a while and felt that Qin Churou's suggestion was not bad.

Qin Sheng was beautiful. Although she was young, perhaps there were people who liked her appearance.

Wasn't this what Feng Shuo liked?

"I understand." Qin Hai nodded.

He looked at his watch. "I have something to do at the company. I'll be leaving first. Rou'er, rest well. I'll arrange the best plastic surgeon for you."

It was only 3 o'clock now. There was still time to rush to HD Group.

After saying that, Qin Hai quickly left the hospital.

Qin Churou saw Qin Hai's anxious look. She lowered her head and looked very pleased.

Lin Shuya poured a glass of water for Qin Churou. "Rou'er, drink some."

Qin Churou took it obediently.

Lin Shuya sat beside the hospital bed and looked at Qin Churou's obedient and considerate look. The doubts in her heart gradually disappeared.

Qin Churou was so obedient and always thought of them. How could she not like Qin Sheng?

Even if she didn't like Qin Sheng, it was reasonable.

Qin Sheng's attitude toward the Qin family was cold. She also often contradicted her parents. As a mother, she also didn't like Qin Sheng, let alone Qin Churou.

"Drink slowly." After Lin Shuya gave her advice, she took two tissues for Qin Churou.

Lin Shuya was a real mother to Qin Churou.

—

After Qin Hai left the hospital, he went to HD Group.

Qin Hai was lucky this time. He met Assistant Lin downstairs.

Assistant Lin was holding a document and answering a phone call.

Qin Hai stood at the side and didn't dare to disturb him.

"That's it. We can't make any mistakes." After Assistant Lin gave his instructions, he put down his phone.

From the corner of his eye, he saw Qin Hai, who was smiling obsequiously. Assistant Lin treated him as if he didn't exist and walked past him without looking at Qin Hai again.

"Assistant Lin." Qin Hai ran over and stopped him.

"You are?" Assistant Lin frowned and asked.

Assistant Lin had been paying attention to Qin Sheng. Last time, he had followed Fu Hanchuan's instructions and ignored Qin Hai for a few days. Naturally, he knew Qin Hai.

Now, he said he didn't know Qin Hai and only embarrassed Qin Hai a little.

Qin Hai's expression became awkward. He could only answer, "I am Qin Hai, the chairman of Qin Real Estate. Two months ago, I came to look for your president."

"It's you." Assistant Lin seemed to have just thought of it. He pushed up his glasses, "What's the matter?"

Qin Hai rubbed his hands. "I came to look for your president."

Assistant Lin rejected without thinking. "The CEO has something on, and it's not convenient for him to see a guest. If there's nothing urgent, you can look for him again in the future."

### **Chapter 229: This Is My Daughter**

"Wait." Qin Hai was afraid that Assistant Lin would leave. Feng Shuo only gave him two days to think about it. He did not have much time.

Not to mention meeting the president of HD Group, it was very difficult to meet Assistant Lin.

If he missed today, Qin Hai did not know when he would have this opportunity again.

Assistant Lin stopped. He wanted to see what Qin Hai was going to do.

Qin Hai took out a photo from his briefcase. It was taken secretly before Qin Sheng was brought back.

"Assistant Lin, look. This is my daughter."

Qin Hai held the photo in front of Assistant Lin.

Assistant Lin's gaze fell on the photo and his eyes froze.

He took the photo and looked at Qin Hai. "Chairman Qin, what are you doing?"

Assistant Lin could vaguely guess Qin Hai's motive and felt a little sorry for him. Wasn't he courting death?

Qin Hai smiled and said, "My daughter doesn't have any other advantages. She's just beautiful and considerate. I wonder if your president likes her?"

Assistant Lin had a professional smile on his face. "Follow me."

Qin Hai was delighted and quickly followed him.

Assistant Lin brought Qin Hai to the office and left.

He called Fu Hanchuan. "President, Qin Hai has come to the company to look for you."

Fu Hanchuan frowned slightly.

Assistant Lin continued, "He said that he wanted to give Madam to you. He even showed me Madam's photo. I'm sure it's her."

Fu Hanchuan's entire body was instantly enveloped by a baleful aura. The corners of his lips curled up into a smile. "Tell him to wait. I'll go over right away."

"Yes."

After putting down his phone, Assistant Lin went to tell Qin Hai. "Wait a moment. The CEO will be here soon."

"Okay, okay, okay." Qin Hai was very happy. He would always be willing to see the CEO of HD Group.

Assistant Lin also understood Fu Hanchuan's personality. Knowing that he would not be coming over for a short period of time, he returned to the office.

Fu Hanchuan was in the study, processing documents. After he was done, an hour and a half had passed. Only then did he put on his mask and go out.

He had the same personality as Qin Sheng and did not like trouble.

If the Fu family knew that he was the CEO of HD Group, the Fu family would not let him off so easily.

Although Old Master Fu and the others did not have much influence on Fu Hanchuan, they would always pester him and take more time to deal with it. It was better to spend more time on Qin Sheng.

In the reception room, Qin Hai was very uneasy. He paced back and forth and took out his phone to check the time from time to time.

Qin Hai was afraid that Fu Hanchuan would stand him up like last time.

Fu Hanchuan finally arrived at around 5 o'clock.

He was wearing a mask and a white casual outfit. Fu Hanchuan didn't wear leather shoes, only a pair of sports shoes.

When Qin Hai first saw Fu Hanchuan, he couldn't react in time. He was the CEO of HD Group?

It was Assistant Qin who introduced him, "This is our CEO."

Qin Hai's eyes widened in disbelief.

Didn't they say that the CEO of HD Group was at least a middle-aged man? Judging from his appearance, he was only in his twenties.

After he reacted, he quickly reached out his hand, "CEO Fu, Hello."

The outsiders didn't know the name of the CEO of HD Group, but they knew that his surname was Fu. Qin Hai had done some homework before this, so he naturally knew Fu Hanchuan's surname.

Fu Hanchuan glanced at him and calmly retracted his gaze. He walked to the sofa at the side and sat down.

Qin Hai's face was a little awkward, but he retracted his hand as if nothing had happened.

"Where's the photo?" Fu Hanchuan's first sentence was to ask about Qin Sheng's photo.

Qin Hai quickly took it out. "It's here."

### **Chapter 230: Already An Adult**

Fu Hanchuan took it over. The picture was of Qin Sheng sitting on the grass reading a book. She lowered her eyebrows and her fair fingers flipped through the textbook in her hand.

Qin Sheng dressed very simply. Her white clothes and jeans gave her a feeling of being a world-class celebrity.

Fu Hanchuan touched Qin Sheng's face on the picture, and a hint of gentleness flashed in his eyes.

Holding the photo in his hand, he raised his eyes and asked Qin Hai, "What's your purpose?"

Qin Hai thought that Fu Hanchuan liked Qin Sheng and was ready to help him.

He suppressed his excitement and said the words that he had prepared beforehand, "President Fu, as you can see, my daughter is beautiful. Although she is only in her third year of high school, she is already an adult."

Qin Hai's eyes rolled around before he continued, "President Fu is only in his twenties, not much different from my daughter. You are a perfect match. I want my daughter to be your girlfriend."

Fu Hanchuan sneered, "Qin Hai, are you trying to sell your daughter?"

Qin Hai kept quiet, unable to read Fu Hanchuan's mind.

He originally thought that Fu Hanchuan would like Qin Sheng, but now he couldn't hold onto it.

Qin Hai's forehead was covered in sweat, not knowing how to answer.

Fu Hanchuan lazily leaned on the sofa and asked again, "Tell me, what do you want exactly?"

"President Fu, it's like this." Qin Hai wiped his sweat. He did not dare to look into Fu Hanchuan's eyes.

Fu Hanchuan's eyes were too sharp and unwittingly revealed a sense of authority. As long as he looked at them, he would feel a wave of fear.

"Recently, our Qin Real Estate has been maliciously suppressed by our competitors. Many partner companies have withdrawn their cooperation. Currently, the company's capital turnover is not good. Therefore, I am here to beg you, President Fu, to invest in our company."

Upon hearing this, Fu Hanchuan said nonchalantly, "Isn't this selling our daughter?"

Qin Hai: "..."

Why did this topic come up again?

Normally, shouldn't they avoid this matter?

Qin Hai organized his words and quickly replied, "President Fu, as long as you make you happy, Sheng'er will be willing. Not to mention, you are handsome and the CEO of HD Group..."

"Stop." Fu Hanchuan raised his hand and interrupted Qin Hai's words.

Qin Hai looked at Fu Hanchuan nervously.

The corners of Fu Hanchuan's lips curled up slightly, "Qin Hai, it seems that you don't treat Qin Sheng as your daughter. Before You met me, you probably thought that I was a person in my forties or fifties. At this age, I should be already married. Qin Hai, for your own benefit, you sent your daughter to be a mistress. Where is your conscience?"

Fu Hanchuan rarely said such a long sentence to outsiders.

Qin Hai was rendered speechless by Fu Hanchuan's words. Indeed, he had such a plan.

The cold sweat on his forehead dripped continuously.

"Qin Hai, our company invests less than ten people a year, and each company can bring us a huge profit. What qualifications do you think your Qin Real Estate has to be invested in by HD Group?"

"Yes, it's because..." Qin Hai stammered for a long time. He could not find anything that Fu Hanchuan would like about Qin Real Estate.

Before this, he had not made any preparations.

He thought that just by giving Qin Sheng to Fu Hanchuan, Fu Hanchuan would like her, and he would be able to get the investment. Moreover, time was short, so he did not have time to prepare.

Fu Hanchuan stood up and tidied his clothes, not looking at Qin Hai.

"The type of people I hate the most are those who don't treat their children as human beings. Qin Hai, Congratulations, you've become the type of people I hate the most."
