

## Bigshot 231

### Chapter 231: Agreed To the Conditions

“President Fu.” Qin Hai quickly stood up and explained in a panic, “It was my daughter who volunteered to share the family’s worries.”

“Is that so?” Fu Hanchuan sneered.

The Qin family did not treat his Sheng Sheng as a member of the Qin family. This time, the crisis of the Qin family was personally planned by her. The purpose was to break away from the Qin family.

It was obvious that Qin Hai was lying.

Being watched by Fu Hanchuan, Qin Hai felt that his inner thoughts were all seen through. He swallowed his saliva and his face was full of nervousness.

Fu Hanchuan did not waste any more words with Qin Hai.

“Qin Hai, your beloved daughter, Qin Churou, has offended me again. The crisis of your Qin Real Estate this time also has some of the handiwork of our HD Group. For example, the Kang An Corporation, the second largest cooperation company of your Qin Corporation, was meddled by me.”

Qin Hai’s face was full of shock and disbelief.

It turned out that the Kang An Corporation and Cheng Corporation had withdrawn their partnership, and HD Group had interfered!

Qin Hai secretly wiped his sweat and asked carefully, “President Fu, may I ask how Rou’er has offended you? Is there some misunderstanding?”

Fu Hanchuan gave a faint smile and left the company without answering.

Only Qin Hai, who was confused, was left behind.

Assistant Lin also came in to ask Qin Hai to leave.

Qin Hai walked out of HD Group muddleheadedly. He looked back at this building and a wave of fear rose in his heart.

If HD Group really decided to deal with them, Qin Real Estate would have no power to resist.

Last time, because of Qin Churou, he lost that piece of land and missed a big development opportunity. Now, because of Qin Churou, he lost a big partner company!

The most important thing was that Qin Churou had offended the HD Group.

The HD Group was an existence that everyone feared in H City.

Now, Qin Hai could only pray that the HD Group would vent their anger and not make things difficult for Qin Real Estate.

If the HD Group really dealt with Qin Real Estate, it would be like an elephant against an ant. Qin Real Estate would have no power to resist.

At night, Qin Hai did not sleep.

On the second day, he called Feng Shuo and said with a very careful voice, "Chairman Feng, I agree to your conditions."

Qin Hai had no other choice. Now that the Qin Corporation's capital chain was broken, the banks were not willing to lend, and the other companies were not willing to invest. The company's shares were also dropping day by day.

If they continued to develop, it would not be long before the Qin Corporation went bankrupt.

Now, he could only beg Feng Shuo to invest for him.

Feng Shuo had been waiting for Qin Hai's call since the beginning of the day.

Hearing this, he nodded. "Okay, come to the company later."

Qin Hai was afraid that Feng Shuo would regret it. Instead of eating breakfast, he went directly to Feng Entertainment.

"Chairman Qin, take a look. If there are no problems, just sign it." Feng Shuo threw a contract to Qin Hai.

Qin Hai picked it up and read it. He frowned.

A disconnection letter!

Qin Hai clenched the pen in his hand and asked, "This is?"

Actually, Qin Hai understood what he meant, but Qin Hai was a little resistant. No matter how much he disliked Qin Sheng, Qin Sheng was still his daughter.

Moreover, if the Qin family disowned Qin Sheng, how would Qin Sheng help the Qin family?

Feng Shuo smiled and said, "Just like what you saw, cut off all ties with Qin Sheng. Whatever she does in the future, it has nothing to do with you. You can't use her father's identity to coerce her into doing anything. I can't let her have a vampire-like family."

"Another thing is that her household registration will be moved out of the Qin family."

Feng Shuo saw that Qin Hai was hesitating, so he smiled and said, "Chairman Qin, you have no choice."

Qin Sheng has sent him. Qin Hai's company situation... If there is no capital injection, not far from bankruptcy.

### **Chapter 232: Severing Ties**

Qin Hai's hand trembled, and he could only sign his name.

Feng Shuo raised his eyebrows. "Also, sign your wife's name. Also, go back and take out Qin Sheng's account. Once this is done, the funds will be transferred immediately."

Qin Hai nodded.

He held the contract and walked out of Feng Entertainment and came to the hospital.

He threw the contract in front of Lin Shuya and said with a sullen face, "Sign it."

Lin Shuya picked up the document and looked at it. It was a declaration of severing ties!

She raised her head. "Brother Hai, what's going on?"

Qin Hai looked impatient. "If you don't sign it, you're going to move out of the mansion and live in a rented house."

Lin Shuya realized the seriousness of the matter and signed her name without hesitation.

"Brother Hai." Lin Shuya put down her pen. She had just seen the words 'Feng Entertainment'. "Why isn't he the CEO of HD Group? Does he look down on Qin Sheng?"

When she said this, Qin Hai's face darkened.

He glanced at Qin Churou and sneered. "It's all your good daughter's doing. Don't you see what kind of person HD Group is? Is he someone she can offend?"

"Dad, I don't know him," Qin Churou said aggrievedly.

Qin Hai was also quite annoyed now. He had always trusted Qin Churou, but now, he sneered. "Don't tell me that a big CEO would lie?"

Qin Churou was speechless for a moment.

He was the CEO of HD Group. If she said that he lied about a student, he wouldn't believe it.

However, Qin Churou felt wronged.

She really didn't know the president of the HD Group. If she knew, how could she offend such a big shot?

"Qin Churou, quietly stay for the surgery."

Qin Hai was dissatisfied with Qin Churou, but Qin Churou's academic results, as well as her talent in painting was good. Of course, the most important thing was that the Master said that Qin Churou was a lucky star. These were all things that Qin Hai was unwilling to give up.

"Brother Hai, how could you offend such a big shot? There must be some misunderstanding." Lin Shuya jumped out to defend Qin Churou.

Qin Hai couldn't be bothered to talk to Lin Shuya anymore. He strode out of the ward.

When he left, he slammed the ward door loudly.

Time was running out. Qin Hai had already arranged for people to send him all kinds of certificates. He went to get Qin Sheng to leave the Qin household. Qin Sheng was now eighteen years old and could set up her own household registration.

Holding the severing ties statement and two brand new household registration books, Qin Hai had a strange feeling in his heart.

Everything seemed to have happened too coincidentally.

It seemed that everything was in the direction of getting Qin Sheng to leave the Qin family.

Was this... Qin Sheng's design?

Soon, Qin Hai shook his head again.

Qin Sheng would not have such ability. How could she know people like Chen Quan and Feng Shuo and ask them to help her?

Even if Qin Sheng was capable, Qin Sheng had only been back from the countryside for two months.

What could she do in these two months?

Qin Hai finally came to Feng Entertainment again. He fawningly handed them over to Feng Shuo.

"Director Feng, these are the things you want."

After Feng Shuo confirmed that there were no major problems, he nodded. "Okay, I'll get the finance department to transfer the money to you right away."

Qin Hai heaved a sigh of relief and asked again, "Director Feng, do you need me to call Qin Sheng to come over now?"

Feng Shuo looked at the time. It was 3 o'clock in the afternoon. Qin Sheng should still be in class.

He frowned.

This kind of father, no wonder Qin Sheng wanted to leave the Qin family.

Feng Shuo said impatiently, "There's no need."

After getting what he wanted, Feng Shuo couldn't be bothered to be polite with Qin Hai. He left the reception room without greeting him.

Qin Hai's face was stiff.

"Chairman Qin, please." Feng Shuo's secretary came to invite Qin Hai out.

Qin Hai held back his anger towards Feng Shuo. He could only swallow it.

### **Chapter 233: Biological Grandfather**

After school in the afternoon, Qin Sheng came to the Feng Entertainment Company. Fu Hanchuan had accompanied her here.

Feng Shuo had been waiting for her at the entrance of the company since early in the morning. When he saw Qin Sheng, he went up to her. "Sheng Sheng, you're here."

After saying that, Feng Shuo felt a strong sense of pressure.

Only then did he realize that there was a man following behind Qin Sheng. His handsomeness made even Feng Shuo feel jealous.

He realized that the man's gaze on him was somewhat unkind.

Feng Shuo could not help but take a few steps back.

Fu Hanchuan retracted his gaze and Feng Shuo heaved a sigh of relief.

“Mm.” Qin Sheng nodded indifferently.

Feng Shuo brought Qin Sheng and Fu Hanchuan to the office.

“Where are the things?” Qin Sheng asked.

Qin Sheng sat on the sofa while Fu Hanchuan sat next to her.

Feng Shuo handed the identity and relationship termination letter and household register that Qin Hai had given to Qin Sheng.

Qin Sheng flipped through it a few times.

After making sure that there were no major problems, she felt a weight lift off her heart. The corners of her lips curled up into a smile.

She would no longer have any relationship with the Qin family. In the future, she would only be herself. She would no longer be held back by the Qin family.

“Sheng Sheng.” Feng Shuo took out a bank card. “‘Floating Cloud Atlas’ has already been released. The total box office earnings are 6.4 billion. Our company has half of the box office earnings. In addition to the cost, there is still 3 billion left. This is your 5% profit, 150 million.”

Qin Sheng accepted it unceremoniously.

Feng Shuo felt his heart ache as he watched.

Feng Shuo was filled with regret. Why didn't he think things through and agree to give Qin Sheng 5% of the box office earnings?

Adding the 300 million that he gave Qin Hai, it was more than 400 million.

However, it was Qin Sheng who helped Feng Entertainment. If it wasn't for her, Feng Entertainment would probably have gone bankrupt by now.

Because of Qin Sheng, Feng Entertainment had developed to a new height. Fei Long Film had also suffered a heavy blow and could not spare the time to deal with Feng Entertainment.

After this round of chess, Fei Long Film would not stir up trouble for a short period of time.

If he gave it another push, it would probably face the same situation as Feng Entertainment.

Feng Shuo comforted himself like this and felt that it was only right to give Qin Sheng a few hundred million.

Moreover, with Qin Sheng's intelligence and ability, it was also his luck that he could get to know Qin Sheng.

Thinking of this, Feng Shuo promised, “Sheng Sheng, if you have anything, feel free to look for me. If there's anything I can do, I will definitely help you.”

“No need.” Before Qin Sheng could speak, Fu Hanchuan answered on behalf of her.

Qin Sheng smiled and did not refute.

The more Fu Hanchuan looked at Feng Shuo, the more he disliked him.

He tilted his head and said, “It’s getting late. Let’s go back.”

“Okay.”

Fu Hanchuan did not bring Qin Sheng home. Instead, he brought her back to the Lu Residence.

When he opened the door, Old Master Lu gave Qin Sheng a salute.

“Sheng Sheng, you’re free! Congratulations on leaving the Qin family.”

Old Master Lu was really happy for Qin Sheng. The Qin family was not worth staying in. It would be even better if Qin Hai and Lin Shuya were like that.

Old Master Lu felt sorry for Qin Sheng for having such a family.

Qin Sheng also smiled. “Okay, thank you, Grandpa Lu.”

Although Qin Sheng appeared to be indifferent, Old Master Lu still imagined how painful Qin Sheng felt. Qin Sheng had just recognized her biological parents and was abandoned by them for benefits. She was usually even more despised by them. To them, loving an adopted daughter was better than loving a biological daughter.

Qin Sheng was not liked by her adoptive father’s family and had never experienced family love. Qin Sheng, who had just been brought back, must have yearned for family love. Who knew that her biological parents were not clearheaded?

Thinking of this, Old Master Lu felt even more heartache for Qin Sheng.

“Sheng Sheng, treat me as your biological grandfather from now on.”

He looked at Fu Hanchuan again and smiled.

### **Chapter 234: Your Biological Brother**

Fu Hanchuan’s temples were throbbing, and he had a bad feeling about this.

Sure enough, he heard Old Master Lu say, “And Hanchuan... Sheng Sheng, you can treat him as your biological brother too.”

He even specially emphasized, “Biological brother.”

Fu Hanchuan: “...”

His expression was a little hard to explain.

Old Master Lu raised his eyebrows. ‘Little fellow, you want to fight with me?’

Old Master Lu was extremely happy that he had regained some ground.

He hoped that Fu Hanchuan could marry Qin Sheng, but Fu Hanchuan's actions made him angry. He fought with him for all sorts of favors and even restricted his contact with Qin Sheng. This made Old Master Lu unhappy. He didn't want Fu Hanchuan to take away his cabbage so early.

He especially emphasized his biological brother. Old Master Lu wanted Qin Sheng to develop feelings for Fu Hanchuan later.

Even if Qin Sheng fell in love with Fu Hanchuan, he could still make Qin Sheng think that her feelings for Fu Hanchuan were family.

Qin Sheng naturally didn't know what Old Master Lu was thinking.

She nodded, her eyes sparkling.

In this world, she didn't have parents, but Grandpa Lu and Brother Fu.

Even if Old Master Lu didn't mention it, Qin Sheng still treated Old Master Lu as her grandfather. As for Fu Hanchuan, Qin Sheng had always treated him as her brother.

Fu Hanchuan rubbed the space between his brows with a headache. "Let's eat."

Old Master Lu stopped for a while.

After dinner, Old Master Lu finally brought up the matter of Fu Hanchuan asking him to help.

He asked with a smile, "Sheng Sheng, have you found a place to stay?"

Qin Sheng had severed ties with the Qin family, so naturally, she wouldn't stay in the Qin family anymore.

Qin Sheng shook her head. "Not yet."

"Hanchuan is the only one living in his place. The place is big and the environment is good. Fu Hanchuan, that brat, is living there alone. Why don't you accompany him and stay with him?"

Old Master Lu said these words unwillingly.

He did not want to set Qin Sheng up quickly. It was just that Fu Hanchuan had told him a benefit that made his heart itch.

If Qin Sheng lived in Fu Garden, she could come over frequently to accompany him.

If they were far away and Fu Hanchuan was hindering them, the number of times he saw Qin Sheng in a month could be counted on one hand.

Thus, Old Master Lu could only agree.

However, he had made up his mind. During normal times, he could train Qin Sheng to think of Fu Hanchuan as a brother.

As for his interference, Old Master Fu would naturally not worry if Qin Sheng did not stay with Fu Hanchuan in the future.

Fu Hanchuan, that brat, was very shrewd.

Qin Sheng, this cabbage, would definitely be brought back to his nest by him. It was only a matter of time.

Hearing Old Master Lu's words, Qin Sheng was still a little hesitant.

Fu Hanchuan had mentioned it before, and Qin Sheng had also gone back to think about it. In the end, she felt that something was not right. Qin Sheng did not plan to move into Fu Garden and live with Fu Hanchuan.

Qin Sheng was also a kitchen killer. She did not even know how to cook noodles.

If she lived alone, she could also hire a nanny.

Fu Hanchuan liked to be quiet. Usually, the servants would leave after cleaning up when Fu Hanchuan was not at home. As for the food, Fu Hanchuan cooked it all by himself.

If Qin Sheng went to live there, Fu Hanchuan would have to cook for Qin Sheng again.

It was too troublesome for Fu Hanchuan.

Qin Sheng still wanted to reject when Fu Hanchuan brought it up.

Now That Old Master Lu mentioned it, Qin Sheng thought for a while and wanted to speak.

Old Master Lu's aggrieved voice sounded again. "Sheng Sheng, are you not agreeing?"

The words of rejection were stuck in her throat.

One of Qin Sheng's shortcomings was that she could not be cold-hearted in front of the people she cared about.

At this moment, Old Master Lu looked at her, and Qin Sheng could not say no.

### **Chapter 235: Sprouting Feelings**

"Sheng Sheng, Fu Garden is very close to the Lu Residence. If you live there, you can spend more time with an old man like me."

Old Master Lu sighed. "When I get older, I feel very lonely. My son is not at home, and Lu Ming is always against me. As for Hanchuan, he often has to go to the company. It's too boring to be alone."

Old Master Lu's words were full of tricks.

Qin Sheng could only nod helplessly. "Okay."

Fu Hanchuan's eyes lit up.

Old Master Lu was also happy. "Okay, okay, okay. When are you moving over? Tonight?"

Qin Sheng had planned to move over tomorrow night after school.

She nodded. "Okay."

"It's getting late, Sheng Sheng. Let Hanchuan accompany you back to pack your things." It was rare for Old Master Lu to take the initiative to let Qin Sheng go back.

Old Master Lu was not doing this for Fu Hanchuan.

He was thinking that if she stayed in the Qin family for one more day, Qin Sheng would suffer another day of grievance. Old Master Lu had long wished for Qin Sheng to leave the Qin family.

At this moment, Qin Sheng had finally broken off relations with the Qin family. Old Master Lu could not wait for Qin Sheng to move out of the Qin family immediately.

Since Old Master Lu said so, Qin Sheng did not stay any longer.

She went out with Fu Hanchuan.

Lu Ming bumped into them at the entrance of the villa. He had just returned from playing basketball and was now covered in the stench of sweat.

Fu Hanchuan frowned when he wanted to get closer. He was very disgusted. "Stinky, take a few steps back."

Lu Ming's body froze on the spot. He really wanted to walk forward, but he did not have the courage. He could only obediently take a few steps back.

He smiled very ingratiatingly. "Sheng Sheng, Brother."

Qin Sheng nodded. Her gaze fell on the basketball. She recalled the first time she went to Class 4, when she had a match with Lin Feng.

There was a hint of a smile in her eyes.

Qin Sheng's expression fell into Fu Hanchuan's eyes. He frowned and said, "Lu Ming, go back."

Fu Hanchuan felt a little uneasy. Even if he didn't admit it verbally, he was still five years older than Qin Sheng.

Compared to him, a boy of Lu Ming's age had more advantages.

A spring in her heart. Qin Sheng should not like someone like him who was five years older than her.

Fu Hanchuan felt a little helpless.

It seemed that he had to pay attention to the boys around Qin Sheng.

Lu Ming met Fu Hanchuan's hostile gaze and was dumbfounded.

He scratched his head. Where did he offend his brother this time? Didn't he just come back from playing basketball?

"Brother." Lu Ming felt very wronged.

He was always being looked down upon by his grandfather or his brother. Was it easy for him?

Fortunately, he had a strong heart. Otherwise, he would have left home long ago.

Fu Hanchuan ignored Lu Ming. He turned his head and said in a low voice, "Sheng Sheng, it's getting late. Let's go."

Lu Ming watched Fu Hanchuan and Qin Sheng leave, his fingers twirling a basketball.

He clicked his tongue and shook his head. He said in a vengeful tone, "Brother, I hope you offend Sister-in-law. Sister-in-law will have a cold war with you."

Lu Ming walked back to the villa. He threw the basketball on the ground and sat on the sofa.

"Grandpa, is Brother on his period? He lost his temper for no reason."

Lu Ming couldn't understand it. When he first came back, Fu Hanchuan didn't throw a tantrum at him. At most, he disliked the smell of sweat on his body.

But in the end, that gaze... Tsk tsk.

Old Master Lu glanced at him. He was in a good mood today, and it was rare that he didn't dislike Lu Ming.

"If he's throwing a tantrum, you should stay away. Fu Hanchuan, this kid, has a strong sense of jealousy."

### **Chapter 236: Couldn't Even Eat**

Lu Ming was drinking water. He spat out a mouthful of water and couldn't stop choking.

"Jealous?" Lu Ming pointed at himself. "Jealous of me?"

Lu Ming now understood. No wonder Fu Hanchuan looked at him as if he had stolen his wife. It turned out that he was jealous of him.

Thinking of this, Lu Ming's body trembled.

If his brother used his little finger against him, he would not be able to withstand it.

Old Master Lu smiled indecipherably.

He did not interrupt Lu Ming's wild thoughts.

He snorted in his heart. 'With that ghastly look of yours, was it worth making Hanchuan jealous?'

Lu Ming did not know about Old Master Lu's little prank.

He had made up his mind to stay away from Qin Sheng. Otherwise, he would not be able to withstand his brother's jealousy.

Fu Hanchuan brought Qin Sheng back to the Qin Residence.

Fu Hanchuan wanted to go in with Qin Sheng and help her move her things, but Qin Sheng rejected him.

She did not have many things. One suitcase could fit all of them.

If Lin Shuya and the others met Fu Hanchuan, it would be inevitable that there would be trouble.

After Qin Sheng finished packing, she brought her suitcase downstairs. Lin Shuya and Qin Churou had just returned.

Lin Shuya frowned when she saw the suitcase in Qin Sheng's hand. "Qin Sheng, where are you going?"

Qin Sheng smiled. "I broke away from the Qin family. If I'm not a member of the Qin family, I must leave."

Lin Shuya had been longing to chase Qin Sheng out. She thought that it was Qin Sheng who caused all these bad things to happen to the Qin family.

However, when Qin Sheng really wanted to leave, she felt suffocated again.

It wasn't because she couldn't bear to part with Qin Sheng, but because she felt that Qin Sheng couldn't wait to leave and didn't feel any reluctance at all.

She, as a mother, had gone through 10 months of labor to give birth to her.

As for Qin Sheng, she didn't care about her at all. Ever since she came back, she had never treated her well.

Now, she wanted to secretly leave the Qin family without saying goodbye to her.

Lin Shuya's face was dark. "Qin Sheng, you really didn't grow up by our side. You don't know how to respect your parents at all."

The smile on Qin Sheng's face didn't change. "Of course I didn't grow up by your side. Otherwise, my biological parents wouldn't treat me like an enemy."

"Qin Sheng!"

Lin Shuya was so angry that her whole body was trembling.

Qin Sheng had hit the nail on the head and stepped on her sore foot.

Not long after Qin Sheng was brought back to the Qin family, Lin Shuya did not have many feelings for her. In addition, Qin Sheng lived in the countryside. Lin Shuya had always looked down on people from the countryside, so she looked down on Qin Sheng even more.

With Qin Churou brainwashing them, the feelings that Lin Shuya had for Qin Sheng as a mother and daughter disappeared completely.

In Lin Shuya's eyes, Qin Sheng was not her daughter. Her daughter was only Qin Churou.

Qin Sheng was the one who had come to break the peace in the Qin family.

Before this, Lin Shuya had thought that if Feng Shuo did not like Qin Sheng after they chased her out of the Qin family, she would have nowhere to go.

Considering how pitiful Qin Sheng was, Lin Shuya wanted to give Qin Sheng tens of thousands of yuan as a last effort.

Now, since Qin Sheng didn't want it, there was no need for her to show her face to Qin Sheng.

Lin Shuya sneered, "Well, since that's the case, I want to see how promising you will be in the future. Don't forget that you won't even be able to eat."

Lin Shuya intended to completely abandon Qin Sheng as her daughter.

Qin Sheng didn't want to have anything to do with her mother, and she didn't want Qin Sheng either.

For her daughter, just Qin Churou was enough.

### **Chapter 237: Depending On a Man**

Qin Sheng smiled nonchalantly. "You don't have to worry about that."

Qin Sheng did not want to waste any more time with Lin Shuya. She pulled her suitcase and walked past Lin Shuya.

Qin Churou's smug gaze landed on Qin Sheng's eyes, but Qin Sheng did not care.

"Sister." Qin Churou suddenly blocked Qin Sheng's path.

Qin Sheng raised her eyebrows. She wanted to see what Qin Churou's motive was.

"Sister, congratulations on becoming someone else's lover. He's even an old man," Qin Churou said in a voice that could only be heard by two people. Her voice was filled with schadenfreude.

Qin Sheng did not follow her plan to become the lover of the CEO of HD Group. Qin Sheng might even become the wife of a wealthy family.

She was a little unwilling at first, but then she thought about it.

The one who wanted Qin Sheng was also an old man in his thirties, more than ten years older than Qin Sheng.

If he didn't die, Qin Sheng's life would be ruined.

Qin Sheng's gaze fell on the scar on Qin Churou's face and smiled. "Qin Churou, I also want to congratulate you. Your face is disfigured."

Qin Churou's smile froze on her face.

"Qin Sheng." Qin Churou gritted her teeth. "What are you so proud of? Without the Qin family, what can you do? Rely on men? Qin Sheng, no matter how beautiful you are, you will grow old one day and be abandoned by men!"

Qin Churou believed that the only thing that could make Qin Sheng proud was her good looks that made people jealous.

As for the rest, Qin Churou was unwilling to admit it.

As she spoke, Qin Churou couldn't wait to see Qin Sheng's downtrodden appearance. Qin Churou hated Qin Sheng's high and mighty attitude. His indifferent attitude made her seem like she wasn't affected at all.

Qin Churou cared about the Qin family, but Qin Sheng, the biological daughter, acted as if she wasn't interested in the Qin family at all.

Qin Churou felt very uncomfortable in her heart. This made her look like a clown.

“The Qin family.” Qin Sheng smiled disdainfully. “I don’t care about it. Qin Churou, you should seize the Qin family. After all, without the Qin family, you are nothing.”

After saying that, Qin Sheng ignored Qin Churou and pulled her suitcase out.

Qin Churou clenched her fists and glared at Qin Sheng’s departing figure.

Qin Sheng came to the front of the villa and stopped.

Scenes from her previous life appeared in her mind.

She and Qin Churou perished together in this villa.

The Qin family used to be a nightmare in Qin Sheng’s eyes.

But from now on, the Qin family had nothing to do with her.

Qin Sheng turned around and left without a trace of nostalgia.

Fu Hanchuan was outside the iron fence, looking at his watch from time to time.

Just now, Fu Hanchuan saw Lin Shuya and Qin Churou returning. He was really worried that Qin Sheng would be wronged. Now that he was here, he waited for her early.

An hour had passed, but Qin Sheng still hadn’t come out.

Fu Hanchuan was about to go in when he heard a pleasant voice. It was Qin Sheng’s voice. “Brother Fu.”

Fu Hanchuan looked up and saw Qin Sheng walking toward him with a suitcase.

Fu Hanchuan heaved a sigh of relief.

He walked over and took Qin Sheng’s suitcase. He said dotingly, “Let’s go back.”

Fu Hanchuan put the suitcase in the trunk and escorted Qin Sheng into the car.

A luxury car drove over. Qin Hai sat in the back seat of the car. When he saw Fu Hanchuan’s figure, his heart jumped.

“Stop the car,” Qin Hai ordered.

“Yes.”

The driver stopped the car.

At this time, Fu Hanchuan was already in the car. Qin Hai frowned. This person looked like the CEO of HD Group?

However, he soon shook his head.

The person with him was Qin Sheng.

Obviously, Qin Sheng knew him.

How could Qin Sheng know a big shot like the CEO of HD Group?

## Chapter 238: Living Together

Qin Hai looked at the direction of the car with a heavy expression.

He smiled disdainfully. It seemed that Qin Sheng was really a useless person. She found a man at such a young age.

However, it was also good that he used her to get the 300 million.

As for whether Qin Sheng was willing to be with Feng Shuo later on, he had already gotten the 300 million and was unable to get any further benefits. Qin Sheng was no longer his concern.

Fu Hanchuan brought Qin Sheng to his villa, Fu Garden.

The villa had three floors and the servants lived in another small villa. Unless they were cleaning up, they could not go to Fu Hanchuan's villa.

Fu Hanchuan's personality was cold, and the villa he lived in had a white tone.

"Sheng Sheng."

Fu Hanchuan brought Qin Sheng to her room. When Fu Hanchuan learned that Qin Sheng was leaving the Qin family, he was already making preparations.

Fu Hanchuan doted on Qin Sheng, but his personality was also a little overbearing.

When it came to things that he liked and cared about, he was very selfish and wanted to possess them.

But when it came to Qin Sheng, he was very considerate of her feelings.

Fu Hanchuan would never touch things that Qin Sheng didn't like.

Qin Sheng's room was right next to Fu Hanchuan's room.

Qin Sheng opened the door and saw a pink, standard princess room.

Qin Sheng's expression... was a little complicated.

She had long passed that age. Now that she was living in such a pink room, Qin Sheng felt weird all over.

Fu Hanchuan asked lovingly, "Sheng Sheng, I decorated it myself. Do you like it?"

Fu Hanchuan had looked it up on the internet and heard that girls liked the pink things the most.

He had also decorated Qin Sheng's room like this.

Qin Sheng met Fu Hanchuan's expectant eyes and nodded helplessly. She said something that went against her heart. "I like it."

Hearing this, Fu Hanchuan's eyes seemed to sparkle with starlight.

He placed his luggage in the room.

Then, he started to introduce Qin Sheng to the placement of various items.

There were many, very complete.

All the items in this room were personally picked by Fu Hanchuan. He was also the one who arranged them. He was also the one who designed most of the furniture.

Therefore, Fu Hanchuan was very familiar with the locations of these items.

After this, it was already 9 o'clock.

Fu Hanchuan looked at the time and said softly, "Sheng Sheng, sleep early. I'm in the study. If you need anything, look for me."

"Okay." Qin Sheng nodded obediently.

Fu Hanchuan closed the door for Qin Sheng and frowned. He didn't go to the study right away. Instead, he went downstairs and cut some fruits for Qin Sheng. Then, he poured some milk for Qin Sheng.

Qin Sheng held the milk in her hand and felt warm in her heart.

"Good night."

Fu Hanchuan closed the door again.

Fu Hanchuan had to deal with a lot of documents these few days. Because of Qin Sheng, he wasted a lot of time. The lights in the study were turned off very late.

After washing up, Qin Sheng slowly closed her eyes in the princess' room decorated with makeup.

In the Qin family, Qin Sheng had always been a light sleeper.

But tonight, perhaps because she knew that Fu Hanchuan was next door, she slept soundly.

Early the next morning, Fu Hanchuan prepared breakfast for Qin Sheng.

In the morning, Fu Hanchuan had no classes, so he found an excuse to send Qin Sheng to school.

A morning class soon passed.

Qin Sheng looked out of the window. It seemed that today was the day when Su Yixiu's grandmother was seriously ill.

She frowned slightly and got up to go to the office.

Liang Hua had been expelled and her teaching certificate had been revoked. She would not be a teacher for the rest of her life.

The teacher-in-charge of Class 1 was a tall and thin male teacher.

"Qin Sheng." Teacher Lin asked, "What's the matter?"

Qin Sheng answered politely, "I'm here to see Teacher Tan."

"Okay." Teacher Lin smiled gently.

**Chapter 239: Medical Fees**

“Student Qin.” Teacher Tan stood up from his seat. He was a little curious as to why Qin Sheng had come looking for him.

Teacher Tan had only been in H City High School for less than a week, but he had heard of Qin Sheng’s legend. He was quite impressed by this student.

Su Yixiu’s reputation was quite well-known among all the universities and teachers. Everyone was praising him as a rare genius.

He did not expect that there would be a Qin Sheng who surpassed Su Yixiu in the mathematics competition and won a place.

This was nothing. After Teacher Tan came to the school, he heard that Qin Sheng’s results in all the subjects had surpassed Su Yixiu’s.

He was completely shocked.

What kind of existence was surpassing Su Yixiu in all the subjects?

Su Yixiu had won prizes in all the subjects in the country, and he had even won the championship.

“I want to know if Su Yixiu took a leave of absence?” Qin Sheng walked over and asked.

Teacher Tan did not expect Qin Sheng to ask this question. He nodded and said, “Su Yixiu took a leave of absence. He suddenly left school this morning. He said that something happened to his family.”

Qin Sheng frowned and apologized to Teacher Tan.

Then, she came to Teacher Lin and said, “Teacher, I want to take a leave of absence this morning.”

Teacher Lin had just heard about Qin Sheng and Teacher Tan’s talk and guessed that Qin Sheng had taken leave because of Su Yixiu.

After spending more than two months with Qin Sheng, Teacher Lin understood Qin Sheng’s personality and knew that she must have something urgent.

Teacher Lin didn’t ask any more questions and directly approved Qin Sheng’s leave slip.

“Take care of yourself.” Teacher Lin passed the leave slip to Qin Sheng and exhorted her.

—

In the hospital.

“Okay.” Qin Sheng held the leave request slip in her hand.

She came to the school gate and took a taxi to the hospital.

After the doctor gave first aid to Su Yixiu’s grandmother, he walked out of the ward.

“Doctor, how is my grandmother’s condition?” Su Yixiu asked anxiously.

The doctor took off his mask and sighed. “The patient’s current condition is very bad. I suggest that we perform the surgery immediately. The earlier the better. Otherwise...”

The doctor did not continue what he was about to say, but his meaning was very clear.

Su Yixiu immediately said, "Doctor, arrange for my grandmother to have the surgery. I'll think of a way to pay for it."

"400,000." The doctor said a conservative figure.

He then looked at Su Yixiu. "Your grandmother is very old now. She has terminal gastric cancer. Even if she has the surgery, the risk is very high. If she succeeds, she won't be able to live for many years. Are you sure you want to have the surgery?"

The doctor knew about Su Yixiu's family background.

He was still in high school at such a young age, so he had to pay for his grandmother's medical expenses.

For an adult, it was not a small burden, let alone a high school student.

Normally, it was still fine. There was also reimbursement. The hospital fees and medical expenses for a day only cost a few hundred yuan. However, this surgery cost more than 400,000 yuan. Adding on the subsequent expenses, it would probably cost more than 700,000 yuan.

This was a bottomless pit.

More than 400,000 yuan was not a small amount. A family might not even have so many savings. To Su Yixiu, it was an astronomical amount.

The doctor was trying to persuade Su Yixiu to give up on this surgery.

However, it was obvious that Su Yixiu would not give up easily. The doctor also saw how well Su Yixiu treated his grandmother and did not continue to persuade him.

Su Yixiu clenched his fists.

His face was pale and he said firmly, "Let's do the surgery."

However, he was worried that once he earned the money, his grandmother would not have time.

Chapter 240: All-Inclusive

The doctor nodded. "That's fine. However, you'll need to pay for this surgery before you can perform it."

The doctor also wanted to help Su Yixiu, but the hospital had rules, so he couldn't do anything about it.

The light in Su Yixiu's eyes dimmed.

"Okay, I understand." Su Yixiu's voice was a little choked up.

Su Yixiu was really afraid that his grandmother would have an accident.

"Doctor Li, please take good care of Grandmother for me."

"Okay."

The doctor agreed. Even if Su Yixiu did not say anything, he would help him with this.

After the doctor left, Su Yixiu looked through the glass on the door at the old woman who was filled with breathing tubes.

His eyes gradually turned red, and a tear fell silently.

Su Yixiu was raised by his grandmother, and the two of them relied on each other.

Su Yixiu had been very sensible since he was young. He also watched his grandmother work hard, so he worked very hard and participated in all kinds of competitions for the prize money.

In addition, Su Yixiu was a good student. The school would often send him to participate in national competitions so as to win glory for the school.

Su Yixiu was a genius, but he also had a nickname. The competition maniac.

Previously, he had saved a lot of money, but after his grandmother was found to have terminal stomach cancer, that money had already been spent.

Later, he had to work part-time every day.

“Grandma, you will be fine.” Su Yixiu clenched his fists, took one last look at Grandma Su, and turned to leave.

“Su Yixiu.”

Qin Sheng’s cold and pleasant voice came from in front of him.

Su Yixiu stopped and looked over. There were still tears in his eyes, but he could only see a blurry figure.

However, Su Yixiu still recognized Qin Sheng.

“What’s the matter?”

Su Yixiu turned his head and didn’t look directly at Qin Sheng. He didn’t want Qin Sheng to see his weakness.

Qin Sheng leaned against the wall and lowered her eyes. “Do you need help?”

He was speechless for a moment.

After a long while, Su Yixiu’s slightly hoarse voice sounded. “Student Qin, do you have any money?”

Qin Sheng raised her eyebrows and took out a bank card and placed it in Su Yixiu’s hand.

“1 million. Is that enough?”

Su Yixiu held the bank card and did not react for a moment.

He looked at Qin Sheng in astonishment.

1 million, and he handed it to him with ease?

Su Yixiu tightened his grip on the bank card and bowed solemnly to Qin Sheng. "Qin Sheng, thank you. I will return the money to you in the future."

This 1 million yuan was undoubtedly a life-saving straw for Su Yixiu. He could not refuse it.

"No need." Qin Sheng took out a document. "I need you to agree to one condition."

"Speak." No matter how unbearable the condition was, Su Yixiu would not refuse it. However, with Qin Sheng's character, she would not make things too difficult for him.

"Join our company and sign your contract of indenture for ten years. We won't treat you unfairly in terms of salary. Take this 1 million as an advance payment for your salary."

Qin Sheng's heart was very hard and cold to anyone other than Old Master Lu and Fu Hanchuan.

She did not have a deep relationship with Su Yixiu, so she would not help him for free.

Qin Sheng saw Su Yixiu's talent and Su Yixiu received benefits from Qin Sheng. It was a deal that did not owe him anything.

When he learned that Qin Sheng had opened a company, Su Yixiu was only surprised for a moment, but he soon felt relieved.

Qin Sheng was indeed very powerful.

No matter what she did, no one would find it strange.

Su Yixiu took the document in Qin Sheng's hand and just roughly flipped through it before he agreed.

Qin Sheng stood up straight.

"Yixiu." Qin Sheng did not call Su Yixiu by his surname anymore and directly called him Yixiu.

"In the future, your college tuition and all kinds of tuition and miscellaneous fees will be covered by the company."
