Chapter 291: Pleading For Mercy

Qin Sheng looked at the students who had just spoken up for Mother Zhou. "I hope that the next time you guys are bullied, you can still be so saintly. I, Qin Sheng, am such a person who reaps kindness with kindness and revenge with hatred. You want me to plead for her?"

Qin Sheng smiled mockingly. "That will never happen."

After her past life, she had long cultivated a heart of stone.

As for Zhao Jia, she would naturally not help plead for mercy.

Qin Sheng did not hide the fact that she was bullied by Zhao Jia's gangsters. Perhaps there would be many speculations about her today. Qin Sheng had never cared about the opinions of these people.

Mother Zhao was originally quite happy when she saw a large group of students speaking up for her.

However, when she saw that they did not help her, she became anxious. "Qin Sheng, you don't want to help my daughter anymore? Why are you so vicious? Do you want my family to die?"

When they heard this, a few female students were filled with sympathy.

They really wanted to stand up and help Mother Zhao. However, when they thought of how that girl was scolded by Qin Sheng until she could not speak and lost face, they did not dare to stand up.

They could only look at Qin Sheng anxiously.

"How are you guys? Does it have anything to do with me?" Qin Sheng raised her eyebrows and asked.

"Good, you're really evil." Mother Zhao pointed at Qin Sheng. "I think you want to see my family die? Then I want to show the entire school how evil you are!"

Seeing that she couldn't plead for mercy, Mother Zhao used the tactic of threatening Qin Sheng.

If it were anyone else, they might have agreed under pressure. Unfortunately, the person she was pleading with today was Qin Sheng.

Facing Mother Zhao's threat, she only smiled indifferently. "Whatever."

Mother Zhao was momentarily speechless.

The commotion over here continued for more than ten minutes. It was already the second time the bell for class had rung.

It attracted the attention of many teachers.

Fu Hanchuan also walked over quickly. He frowned and asked, "What's going on?"

Huang Xiaoyan quickly told Fu Hanchuan about what had just happened here.

After she finished speaking in one breath, Huang Xiaoyan heaved a sigh of relief and said, "Teacher Fu, it was she who shamelessly wanted Sheng Sheng to plead on behalf of Zhao Jia. How can there be such benefits in this world?"

"Is that so?" Fu Hanchuan's eyes were filled with hostility.

Although Fu Hanchuan had helped deal with the incident that day, Liang Hua would never become a teacher after Zhao Jia was sent to prison. Even Qin Churou's face was disfigured because of it.

Fu Hanchuan had always been brooding over the incident that night.

If Qin Sheng did not have any skills, it would be hard for him to imagine what had happened.

Up until now, Fu Hanchuan was still feeling a lingering fear.

At this moment, the grade director had also come over. He had run over, but he was still panting from exhaustion. "What's wrong? What happened?"

Fu Hanchuan looked at the grade director. His eyes were very cold, and the grade director was so frightened that he instantly shivered.

He wiped the sweat off his forehead. "Teacher Fu, what happened?"

Fu Hanchuan said, "Call the security guards over."

Fu Hanchuan was someone that the principal had specially instructed to take care of. No matter what Fu Hanchuan asked, as long as it was reasonable, he had to agree.

The grade director nodded. "Okay, right away."

He picked up his phone and called the security guards in front of Fu Hanchuan. "All of you, come over immediately. It's the entrance to Year 3's science area, Class 4."

Putting down his phone, the grade director asked, "Can you tell me what happened now?"

The grade director was also a dedicated person. He would not just listen to Fu Hanchuan's words and not understand the truth of the matter.

Mother Zhao stood up and asked the grade director, "You're the leader, right?"

Chapter 292: Wouldn't Leave Even If She Was Beaten To Death

The grade director replied, "I'm the grade director."

"That's good." Mother Zhao pointed at Qin Sheng. "You can't accept this student. She's too vicious."

The grade director frowned and looked at Mother Zhao suspiciously.

He had interacted with Qin Sheng a few times before. Qin Sheng was vicious? She couldn't be considered vicious at all. She was just a little cold and aloof, and was used to causing trouble. However, this trouble was also caused by others taking the initiative to find trouble with her.

The grade director asked, "You are?"

"I am Zhao Jia's mother."

The grade director furrowed his brows fiercely. "What are you doing here?"

Mother Zhao continued to point at Qin Sheng. "I wanted Qin Sheng to plead for mercy for my daughter. Yes, I admit that Jia Jia looked for thugs to bully Qin Sheng. However, after I asked, Jia Jia only said that she wanted to intimidate Qin Sheng, but she did not intend to harm her. Moreover, didn't Qin Sheng not get into trouble?"

The grade director: "..."

Mother Zhao was the second unreasonable person he had seen. Liang Hua was the first.

He frowned. "And then?"

Mother Zhao thought that the grade director agreed with her. She wiped the tears off her face and continued, "But she didn't agree. She even said that even if something happened to our family, it wouldn't have anything to do with her."

"Tell me, isn't she forcing us to die? Our Zhao family has been relying on farming for generations to survive. It wasn't easy for Jia Jia to be a good student. She will be admitted to university in the future. Now, Qin Sheng actually wants to send Jia Jia to prison. Isn't this malicious?"

The grade director thought that he had heard wrongly. There was still such a shameless comment!

Being watched by so many students, and being a grade director, it was not appropriate for him to say anything nasty.

He frowned and said, "Zhao Jia's mother, Qin Sheng is a victim. Whether she forgives or not, you have no obligation to force her. I hope that you won't use your family's conditions to force her. If something happens to Qin Sheng, what will you say? Zhao Jia did something wrong, so it's only right for her to be punished."

Zhao Jia's situation was not serious. At most, she would be locked up for two years.

However, after she was released, no school would be willing to accept her.

"Director, are you siding with her too?" Zhao Jia's mother widened her eyes in disbelief.

The grade director also saw that Zhao Jia's mother was unreasonable. He could not reason with her, so he did not bother with her anymore.

The security guards came over very quickly.

The grade director said, "If you still don't leave, I'll get the security guards to chase you away."

Mother Zhao sat on the ground and threw a tantrum. "No, I'm not leaving. If Qin Sheng doesn't agree today, I won't leave even if I'm beaten to death."

The grade director instructed the security guards impatiently, "Bring her out."

Two security guards went forward. One of them grabbed Mother Zhao's arm and pulled her away.

Even from a distance, they could hear Mother Zhao's cursing and swearing.

The grade director glanced at the students around them and said, "Everyone, go back to class."

Qin Sheng did not stay any longer and returned to the classroom with Huang Xiaoyan.

"Teacher Fu." When he faced Fu Hanchuan, the grade director put on a smiling face.

Fu Hanchuan glanced at him. His expression was, uh... a little disdainful.

This class was English class, so Fu Hanchuan didn't stay any longer. He went back to the office to get the English test paper to explain to the students of Class 4.

The grade director looked at Fu Hanchuan's back and touched the back of his head.

He actually saw the disdain in Fu Hanchuan's eyes. Was he seeing things wrongly?

The grade director coughed and left with his hands behind his back..

Chapter 293: Being Bullied By Hooligans

After class, other students gathered in twos and threes to discuss Qin Sheng.

"Qin Sheng is a girl. Those hooligans bullied her? She shouldn't be able to escape."

"I think so too. Qin Sheng is so beautiful. It's impossible that those hooligans wouldn't do anything to her."

"Sigh, what a pity. She's only eighteen years old, and she's already being treated like this by hooligans."

"Qin Sheng is too pitiful."

"Didn't they say that Qin Sheng escaped? Even Zhao Jia's mother said that she's fine."

"Who knows? Of course, she's hiding the disgraceful things."

"That's right. It's very difficult for a girl to meet a gangster without getting into trouble. I'm afraid only those people who know some kung fu can do it."

Everyone spoke one after another. They were all sympathizing with Qin Sheng at the end. They thought that Qin Sheng had been bullied by those gangsters.

When Lin Feng passed by Class 3 and heard their conversation, he was furious.

Qin Sheng only needed to move her little finger and she could beat those hooligans to the ground. Would she even be bullied by them? What a joke!

Lin Feng recalled the first time they met and he was taught a lesson by Qin Sheng.

Lin Feng did not dare to recall that memory again. He really had the guts to provoke Qin Sheng back then!

Lin Feng walked into Class 3 and said to the students who were discussing, "Come, all of you, go out and fight with me. Ten of you, come and fight me."

Lin Feng was famous for fighting in H City High School. It was easy for him to fight against 20 of them.

There was once a group of boys outside the school who wanted to gang up on Lin Feng because of their numbers.

They were all beaten black and blue by Lin Feng.

After that, no one dared to provoke Lin Feng. The students who did not get along with Lin Feng took a detour when they saw Lin Feng.

At this moment, they looked at each other.

A male student said weakly, "Brother Feng, we can't beat you."

Lin Feng snorted coldly, "At least you know your fate. Do you know that I can't beat Sister Sheng?"

Can't beat her?

Those students looked at each other and could clearly see the disbelief in each other's eyes.

Qin Sheng, a girl, could beat Lin Feng? It was fake, right?

Lin Feng braced himself and told them what he thought was shameful. It was the first day Qin Sheng came, and he was tripped by Qin Sheng on the ground, and his wrist was dislocated and then reattached.

After hearing this, the students were silent and couldn't help but swallow their saliva.

They were too intrepid!

If she could even beat Lin Feng, then she would have no problem facing those hooligans.

Lin Feng asked again, "Do you guys think Sister Sheng can still be bullied by hooligans in this state?"

They all shook their heads in unison. "No, no, no."

Lin Feng was satisfied and walked out of the classroom with his hands behind his back.

Indeed, after what happened to Mother Zhao, many people sympathized with Qin Sheng and thought that she had been bullied by the gangsters.

However, Lin Feng's words immediately overturned these conclusions.

The students of Class 3 spread Lin Feng's words.

The other students also dispelled their original thoughts and no longer sympathized with Qin Sheng.

They could not understand why Qin Sheng, who looked weak on the surface, was so violent?

Qin Sheng did not take today's incident to heart.

Her performance was the same as usual. Fu Hanchuan had been paying attention to Qin Sheng during class. Qin Sheng was listening to the class very seriously and would take notes from time to time.

After making sure that Qin Sheng was not affected by today's incident, Fu Hanchuan heaved a sigh of relief.

However, he did not feel good in his heart.

Sheng Sheng was so strong that it made one's heart ache..

Chapter 294: Mathematics Competition Broadcast

Mother Zhao's matter had also come to an end.

The National High School Mathematics Competition was broadcast this Saturday at noon. Old Master Lu had learned from Lu Ming that Qin Sheng had participated in the mathematics competition and had even gotten first place with full marks. This was a record for the mathematics competition.

Old Master Lu was so proud. He had been waiting in front of the television for a long time.

The broadcast only started after half an hour.

The first round of the written examination was only one scene. The announcement of the results took up a few minutes. The main part of the broadcast was the scramble.

Although Old Master Lu knew that Qin Sheng also got full marks in the scramble, he couldn't help but feel nervous.

Lu Ming walked over in a pair of slippers and a set of pajamas. He yawned as if he had just woken up.

"Grandpa, what are you looking at?" Lu Ming asked with narrowed eyes.

Last night, Lu Ming had been playing games. He didn't sleep until 3 o'clock in the morning. At this time, his eyes were almost unable to open.

Lu Ming happened to stand in front of Old Master Lu, blocking his line of sight.

Old Master Lu was so angry that a walking stick fell on Lu Ming's leg. Lu Ming covered his leg and cried out.

"Grandpa, you murdered your own grandson!"

Old Master Lu's crutches were not light. Lu Ming once again doubted life. Was he his grandfather's grandson? Was he?

People treated their own grandson like a treasure. They held them in their hands for fear of them falling, and they were scared to death of holding them in their mouths.

But he was abused. When he was young, he raised him as a girl. When he grew up, he rolled his eyes at him and even hit him.

Fortunately, he was used to it. Otherwise, he would have been depressed long ago.

"Get out of my way quickly. You're blocking me from watching TV," Old Master Lu scolded with a dark face.

Lu Ming was curious. "What TV is so good-looking?"

Old Master Lu stared at him. "You're still standing there?"

Old Master Lu was impatient. He went forward and pushed Lu Ming aside.

Lu Ming stumbled and almost fell to the ground.

He turned around to look at Old Master Lu. Who knew that Old Master Lu was so focused on the television that he didn't even give him a look.

Lu Ming: "..."

He kept throwing resentful looks at Old Master Lu. Unfortunately, Old Master Lu was so focused on Qin Sheng that he didn't receive them at all.

Of course, even if he received them, Old Master Lu wouldn't care about him.

Lu Ming also gave up. He sat next to Old Master Lu and muttered, "What are you looking at? What's so attractive?"

"Sheng Sheng, awesome!" Old Master Lu suddenly stood up and shouted, his voice full of energy.

Lu Ming looked at Old Master Lu's actions and opened his mouth wide. Was he chasing after a star?

Lu Ming was curious and also turned his gaze to the television.

What he saw was a video of the mathematics competition. The image in the center of the television was of Qin Sheng. Due to Qin Sheng's outstanding performance and the fact that Qin Sheng was very beautiful and sat there, the audience enjoyed watching it. The media gave Qin Sheng a lot of footage.

Almost half of the time was spent on Qin Sheng.

Lu Ming was also curious about how Qin Sheng got first place in the mathematics competition, so he watched it very seriously.

Therefore, Lu Ming looked at a simple question. There were a lot of data on it, and those data were not simple. They were all at least four digits.

Lu Ming's math results were among the best in the country.

He also started to calculate.

He had just sorted out his thoughts when Qin Sheng had already handed in the answer. Lu Ming's mind was stuck for a moment.

So fast? It had only been a few dozen seconds. Could it be that Qin Sheng had written the answer with just a glance?

Lu Ming was shocked and did not continue calculating. He stopped and looked at the answers of the experts..

Chapter 295: Qin Sheng is QS?

Lu Ming was quite nervous. He was praying that Qin Sheng's answer was wrong. Otherwise, with her speed, he would have to consider whether he was stupid or not.

But when he thought about Qin Sheng getting a perfect score, Lu Ming's heart turned cold.

That Qin Sheng was a devil.

When Lu Ming thought about how Qin Sheng would be married to Fu Hanchuan in the future, his heart turned cold.

His status in the family was low to begin with. If that happened, he would probably be demoted again and again.

The three experts gathered together and used a computer to calculate. They only came up with the answer only dozens of seconds after Qin Sheng handed it in.

One of the experts handed the answer they came up with to the judges.

The judges were very serious in comparing their answers with Qin Sheng's.

Old Master Lu looked at them nervously.

After forty seconds, the judges finally announced the results. He smiled and said, "All of them are correct."

As he spoke, he turned Qin Sheng's answers and Qin Sheng over to face the camera.

Old Master Lu clapped his hands. "Sheng Sheng is indeed amazing. Look, the speed of these experts can't even compare to Sheng Sheng. She's a genius. She's good at studying, she's a good person, and she's also good at painting."

After saying that, he seemed to have thought of something. He shot a disdainful glance at Lu Ming and couldn't help but get angry.

"Lu Ming, look at you. Which part of you can compare to Sheng Sheng?"

Lu Ming raised both of his hands in resignation. "Yes, yes, yes. I admit that I can't compare to Sister-in-law."

However, there was one thing that Qin Sheng definitely couldn't compare to him.

Hacking skills were his specialty. He was also ranked ninth in Black Emperor.

Thinking of this, Lu Ming felt a little comforted. There were specialties in the industry, but it was not a big deal if he was worse than Qin Sheng in other aspects.

Old Master Lu snorted. "At least you know your limits."

He turned his gaze back to the television.

Lu Ming originally thought that this was enough of a blow, but Qin Sheng's performance later on became more and more outstanding.

One question after another, not giving the other students a chance at all.

Lu Ming also became more and more numb.

Finally, after Qin Sheng finished the tenth question, the judges gave the first place to Qin Sheng and asked her to temporarily withdraw from the competition. Only then did Lu Ming sit up straight.

Old Master Lu was still unsatisfied. "Lu Ming, let me tell you, if Sheng Sheng did not withdraw, the other students would not have the chance to compete at all."

Lu Ming nodded in agreement.

Qin Sheng was a pervert.

Whoever took the exam with her would be crushed to death.

Just like that QS, the person who competed with them would probably doubt their life.

Even he, who was used to being crushed, had to take a few days to recover, not to mention those who couldn't bear it psychologically. It would probably take a month to be able to hold up a computer.

Wait a minute.

QS!

Lu Ming's face stiffened. He had just realized that QS was the beginning of Qin Sheng's initials.

Could this QS be Qin Sheng?

When he thought of this, this thought was smacked away by Lu Ming. How was that possible?

Qin Sheng was already better than Su Yixiu in terms of learning. After all, in so many exams, he had never been able to surpass Su Yixiu. Before Qin Sheng came, he was second in a million years.

If she was better than him in terms of hacking skills, then she would be almost omnipotent.

If he lost to a girl in terms of hacking skills, then would he still want his face?

Lu Ming shook his head. He must be overthinking.

However, Lu Ming had a bad feeling in his heart. He felt that he would be slapped in the face again and again in the future.

After Qin Sheng left, it was Su Yixiu's home game..

Chapter 296: Inherited the Lu Family's Genes

Su Yixiu's name was very famous. He had participated in countless national competitions, and Old Master Lu had also seen his competitions.

At this moment, Old Master Lu had already recognized Su Yixiu.

"This is Su Yixiu from your school, right?" Old Master Lu asked.

"Yes," Lu Ming replied casually.

Old Master Lu looked at Lu Ming with even more disdain. He shook his head and said, "You're a stick. It's fine if you can't compete with Sheng Sheng, but you can't even compete with Su Yixiu!"

Lu Ming was drinking water. When he heard Old Master Lu's words, he spat out a mouthful of water.

"Grandpa, they're perverts. I'm just an ordinary person."

Old Master Lu pulled out a piece of tissue and gave it to Lu Ming. Lu Ming took it and casually wiped his mouth.

"Grandpa, even if I'm stupid, I still inherited the Lu family's genes." Lu Ming threw the tissue into the trash can and approached Old Master Lu with a cheeky smile.

"My grandpa isn't smart. I'm your grandson. It's normal that I'm not smart, right?"

When Old Master Lu heard this, he was so angry that he waved his walking stick at him.

Lu Ming knew that Old Master Lu would play a trick on him, so he quickly ran to another sofa and sat down.

He crossed his legs and looked at Old Master Lu proudly.

Old Master Lu saw Lu Ming's provocative look and was so angry that he blew his beard and glared at him.

He picked up his walking stick and stood up. Lu Ming was quick-witted. "Grandpa, watch TV."

Old Master Lu huffed angrily. "Don't think that I don't know that this is your way of escaping."

Seeing that the walking stick was about to land on Lu Ming, Lu Ming cleverly flipped onto the back of the sofa.

Suddenly, Lu Ming's eyes widened. He pointed at the television and said, "Grandpa, it's true. Look, someone said that Sister-in-law cheated in the exam."

Old Master Lu gave Lu Ming a big smile and said, "I don't believe you. Who would be so brainless as to dare..."

His words came to an abrupt end.

Old Master Lu turned his head to look at the television. He had heard the word 'cheat' just now.

He did not care about Lu Ming anymore and sat back down on the sofa.

On the television, He Manyun was loudly saying that Qin Sheng had cheated. The people below the stage were discussing it.

Old Master Lu was very angry. “There are all kinds of people in this world. When others are powerful, they think they’re cheating. They don’t even have any evidence, so why are they still talking about it?”

Lu Ming also sat back down beside Old Master Lu.

“The most poisonous woman’s heart, Grandfather. So, you should be glad that I’m a man.” Lu Ming crossed his arms and raised his eyebrows.

Old Master Lu gave Lu Ming a cold smile.

He ignored him and focused on watching TV.

Qin Sheng, He Manyun, and the others walked out of the classroom. The experts and teachers gave Qin Sheng a new question.

Unsurprisingly, Qin Sheng answered all the questions. The answers were perfect.

Old Master Lu heaved a sigh of relief.

He turned his head to look at Lu Ming, who was playing a game. The corners of his lips curled up into a smile. He raised his walking stick and hit Lu Ming’s foot.

Lu Ming: “...”

After being stunned for a second, he jumped up from the sofa.

“Grandpa, you can’t play like this. This is a sneak attack, a sneak attack, do you understand?”

Old Master Lu was in a good mood today, so he didn’t argue with Lu Ming anymore. He rolled his eyes at Lu Ming and said, “All is fair in war.”

—

Fu Garden.

Fu Hanchuan and Qin Sheng had also finished watching the competition.

Fu Hanchuan turned his head and smiled. “Sheng Sheng, you’re very good.”

Fu Hanchuan’s heart was filled with pride. At the same time, he also regretted that he did not participate in any of the competitions back then.

He wanted to have the same ranking as Qin Sheng, the same number one in the mathematics competition..

Chapter 297: White Lotus Flower

“Those questions aren’t difficult,” Qin Sheng replied.

If the other students participating in the competition knew about it, they would probably be angered to death by Qin Sheng’s words. Wasn’t it difficult? This was a national competition, and it was ten times more difficult than the usual exams.

Even the mathematics experts had to think for a long time.

Of course, it wasn't difficult for Qin Sheng.

Fu Hanchuan naturally thought of it. He laughed hoarsely, "Mm, it's not difficult."

He reached out his hand to Qin Sheng's fluffy hair and rubbed it.

Qin Sheng lowered her eyebrows and sat there obediently.

Now that Qin Sheng was used to Fu Hanchuan's approach, she did not think much of Fu Hanchuan's actions.

When Fu Hanchuan saw that it was almost time, he stood up and said, "Sheng Sheng, I'm going to make lunch."

Qin Sheng looked at Fu Hanchuan's back as he left and was stunned.

Fu Hanchuan was wearing a set of home clothes. He was tall and slender, had strong abilities, and was gentle and considerate. Qin Sheng thought that many women would like Fu Hanchuan.

Qin Sheng only thought of Fu Hanchuan as a very close brother.

If Fu Hanchuan had someone he liked...

Qin Sheng placed her hand on her heart, which was blocked.

Qin Sheng subconsciously rejected the thought of Fu Hanchuan falling in love with another woman.

She did not think about the feelings she had for Fu Hanchuan. She only thought that she could not bear to part with Fu Hanchuan and share him with others.

Qin Sheng thought that she was very selfish.

She did not want to lose the kindness that Old Master Lu and Fu Hanchuan had shown her.

Qin Sheng was desperately trying to maintain the warmth that they had given her.

After reincarnating, Qin Sheng didn't want to be cold and alone anymore.

—

Qin Family.

Qin Churou knew that Mother Zhao didn't bring any trouble to Qin Sheng, nor did she ruin Qin Sheng's reputation.

Instead, a large group of people who admired Qin Sheng appeared on the forum of H City High School.

As for herself, she was the target of everyone's attacks and discussion. Qin Churou was furious.

Everything that Mother Zhao knew was told to her by her, including the fact that Zhao Jia was in trouble because she went to find trouble with Qin Sheng.

Unexpectedly, Mother Zhao was useless.

When she arrived at school, she didn't threaten Qin Sheng and was even chased out!

These few days, Qin Churou's face was disfigured. The students of H City High School no longer regarded her as a goddess. Instead, they called her a white lotus.

Now, other than Qin Sheng's posts on the forum's homepage, most of the posts were against her.

Qin Churou's white lotus face had been completely exposed.

Those die-hard fans who had been defending her in the beginning did not stand up for her anymore.

Qin Churou seemed to be torturing herself every day. She spent the whole day scrolling through the forum over and over again.

In the past few days, Qin Churou's temper was getting more and more irritable.

Of course, Qin Churou was used to being patient. In front of Lin Shuya, she had always played the role of an obedient girl. The only person she could rely on in the Qin family was Lin Shuya. She didn't want Lin Shuya to see her true colors.

Qin Churou only dared to throw a tantrum in front of the servants.

At this moment, Qin Churou looked at her face in front of the mirror. The wound on her face had already healed, but there was still a scar. From the corner of her forehead to the corner of her mouth, it was different from the white skin around her. It was very pink and looked very ferocious and terrifying.

Qin Churou gritted her teeth and almost touched the scar on her face with her trembling hand.

Her hand trembled.

She clenched her fists tightly, and Qin Churou's eyes were filled with hatred.

One day, she would take revenge.. Qin Sheng, Zhao Jia!

Chapter 298: Fainting

Qin Churou picked up a pair of scissors from the table and threw it at the makeup mirror.

With a crisp 'bang' sound, the mirror shattered.

Qin Churou cried for a long time again, her eyes red and swollen.

When it was almost noon, she took out her phone and looked at Weibo. She clicked on a Weibo post about a math competition that started at noon. There were only ten minutes left before it started.

Meanwhile, Lin Shuya was still watching TV downstairs.

Lin Shuya had thought that Qin Churou would be able to participate in this math competition. Qin Churou had mentioned it to her more than once. However, Qin Churou's performance had gone awry and she couldn't participate. Although she was a little disappointed... she didn't say anything.

Lin Shuya thought that Su Yixiu and Lu Ming would be participating in this math competition.

She also said that she would watch their video when it was broadcast.

Lin Shuya was waiting for the math competition to be broadcast.

Qin Sheng got a perfect score, so there would be a lot of scenes for her.

Qin Churou panicked. She couldn't let Lin Shuya know that Qin Sheng got first place.

Qin Churou ran downstairs and saw that Lin Shuya was waiting for the broadcast of the competition.

Lin Shuya said gently when she saw Qin Churou, "Rou'er, you came down? The mathematics competition was about to be broadcast. I want to see how good the results of the two boys in your school are. I don't think it will be too good. Rou'er, it's not certain if you couldn't participate."

Lin Shuya was very confident in Qin Churou. If Qin Churou participated, she would definitely win the prize.

As for Qin Sheng, she had never paid attention to her. Naturally, she didn't know that Qin Sheng had participated in the mathematics competition and won first place.

Qin Churou's face was stiff. She came to Lin Shuya's side and sat down.

"Mom, let's not watch this. There's nothing to watch. Isn't there your favorite variety show being broadcast?" Qin Churou wanted Lin Shuya to change the channel.

Lin Shuya rejected her nonchalantly. "It doesn't matter whether we watch the variety show or not. Let's watch the math competition first."

Lin Shuya looked at the television again.

Qin Churou lowered her head. She couldn't think of a solution at the moment.

As the time was getting closer and closer to the broadcast, Qin Churou's palms started to sweat.

"It's starting," Lin Shuya suddenly said.

Qin Churou panicked. She closed her eyes and fainted on the sofa.

"Rou'er!" Lin Shuya immediately noticed.

She didn't care about watching TV anymore. She quickly shook Qin Churou, but Qin Churou didn't move.

"Aunt Li!" Lin Shuya called for a servant. Her voice was very anxious. "Quickly call an ambulance!"

After giving her instructions, Lin Shuya didn't delay any further. She helped Qin Churou out of the villa.

Soon, an ambulance arrived.

Qin Churou was sent to the hospital.

Qin Churou woke up in the ambulance. Lin Shuya held Qin Churou's hand and asked with concern, "Rou'er, are you still feeling unwell?"

Qin Churou shook her head. "Mom, I'm fine."

Qin Churou's face looked a little pale. However, it was not because she was sick, but because she was so nervous that her face had turned pale.

“Rou’er, we will go to the hospital to have a look later,” Lin Shuya said with a pained expression.

Qin Churou panicked again. She did not faint just now, but she was just faking it so that Lin Shuya would not know that Qin Sheng had participated in the math competition and won first place.

However, Qin Churou did not dare to say that she was fine now. The mathematics competition was still broadcast. If she went back, Lin Shuya would definitely see it.

Qin Churou bit her lip and could only nod her head..

Chapter 299: The Girl Who Bought Stocks

In the hospital, the doctor examined Qin Churou’s body many times. He frowned and asked, “Do you still feel unwell?”

Qin Churou held her head and shook her head. “I’m still a little dizzy.”

The doctor’s frown deepened. Qin Churou’s body was very healthy, but he did not find anything wrong with it.

However, Qin Churou was complaining about her dizziness. He could only say, “Maybe you’re worried. I’ll prescribe some medicine for you. You’ll be fine after two days.”

Qin Churou heaved a sigh of relief.

Lin Shuya took the prescription given by the doctor and went to fetch the medicine for Qin Churou. By the time they returned to the villa, the mathematics competition had already ended.

Qin Churou was completely relieved.

—

The next day, Qin Sheng made another trip to the company. Hong Yuan and Yu Bei did not look for her.

Because the last time Qin Sheng came over, Hong Yuan even brought her around the company. The people in the company basically knew her, so they directly let Qin Sheng into the company.

When Qin Sheng walked into the office, Liu Cheng came out from the technology department. He took a document and wanted to print it.

When he saw Qin Sheng, he stopped in his tracks and his mouth was wide open.

Qin Sheng entered Hong Yuan’s office, but he was still standing where he was and did not move.

“Liu Cheng, you’re standing here like a statue. What are you looking at?” A boy placed his hand in front of Liu Cheng and waved it.

Liu Cheng came back to his senses and asked, “Do you know that girl just now?”

The last time Qin Sheng came over, Liu Cheng happened to be on leave and did not see her.

“What girl?” The boy followed Liu Cheng’s gaze and did not see anyone. He was very puzzled.

Liu Cheng said, "She entered the General Manager's office."

The boy finally remembered who Liu Cheng was talking about. Ever since he entered the company, only one girl had come to the company. Liu Cheng was probably talking about Qin Sheng.

He said with a sudden realization, "You must be talking about our company's boss, Qin Sheng. She's also the one our General Manager often talks about. She's very powerful. I heard that even a genius like Yu Bei was poached by her."

The boy looked at Liu Cheng suspiciously. "The last time Boss came over, didn't you see her?"

Liu Cheng replied, "I don't think I'm at the company. I took a day off before."

Liu Cheng also heaved a sigh of relief.

He thought it was the girl he saw at the stock exchange three months ago. It seemed like he was mistaken.

It was fine if a young girl bought stocks, but if she opened a company, it would be too much of a blow.

"Oh." The boy nodded. He then gossiped, "Liu Cheng, let me tell you, this boss is really beautiful. Also, do you know how old she is? Eighteen! To have such a big company at such a young age, when I think about it, I'm really useless. Back then, I was still a third-year student, so my parents had to pay for everything. Sigh."

"Liu Cheng, do you feel that you have lived in this world for nothing?"

As Liu Cheng listened, the thought that he had just dispelled arose again.

Wasn't that girl also 18 years old?

Liu Cheng's brows were tightly knitted, and his stomach was full of doubt. He really wanted to know if that girl was his boss.

Although Liu Cheng felt that the possibility was not high, Liu Cheng took the document and went to print it.

On this side, Qin Sheng entered Hong Yuan's office. Hong Yuan was still looking at the computer.

From his peripheral vision, he saw a blurred figure.. Hong Yuan raised his head and suddenly widened his eyes. Was this Qin Sheng?

Chapter 300: Dabbling In Real Estate

When he came to his senses, he hurriedly stood up. "Boss, when did you come over? Why didn't you tell me?"

Hong Yuan was so happy that he almost cried. Qin Sheng finally remembered that she was still the boss of the company.

It was really not easy for her to take the initiative to come over to the company.

Qin Sheng had completely abandoned her position as a manager. Ever since the company was established, the number of times she had come to the company could be counted on one finger.

Hong Yuan and Yu Bei, these subordinates, were really resentful.

They had been waiting for Qin Sheng to come over every day. As for Qin Sheng, she had blocked Yu Bei's phone number.

As for Hong Yuan, after knowing about this matter, he did not dare to call Qin Sheng often, afraid that he would become the next person to be blocked by Qin Sheng.

Qin Sheng threw a document to Hong Yuan.

"Boss, what is this?" Hong Yuan picked it up, feeling a little puzzled.

"Purchasing real estate," Qin Sheng said coldly.

If Hong Yuan was drinking water, he would definitely spit it out.

Hong Yuan couldn't even speak clearly. "Boss, you, what are you doing purchasing real estate?"

Hong Yuan asked very carefully.

It wasn't that he didn't understand what Qin Sheng's goal was, but he wasn't sure.

Qin Sheng had just started a gaming company, and now she was telling him that she wanted to start a real estate company? This was a huge leap.

Qin Sheng raised her eyebrows. "It's just as you think."

Hong Yuan: "..."

He gulped. "Boss, are you really sure you want to get involved in real estate?"

Qin Sheng glanced at him indifferently. "What else?"

Hong Yuan: "... 'Again?'

'You're a big shot, and you don't lack money. Whatever you say is up to you.'

Qin Sheng had already walked to the sofa at the side and sat down. She took out her phone.

Hong Yuan also flipped through the documents. He was looking forward to some of the contents.

As long as Qin Sheng made a move, it wouldn't be too bad. He would be shocked every time he saw her.

This young lady, you wouldn't know how much power she had hidden up until the day she died.

Hong Yuan looked at the acquisition plan and was stunned.

The acquisition plan that Qin Sheng made was very simple, but it was very detailed. Even the exact time of the acquisition, to an hour, was listed out.

Hong Yuan asked uncertainly again, "Boss, how do you know that the acquisition price is the lowest at this time?"

Qin Sheng didn't even raise her head. "Intuition."

This was all obtained by Qin Sheng in her previous life. Qin Sheng naturally wouldn't say it out loud. She wouldn't waste this advantage of her rebirth.

In her previous life, the one who bought the real estate was Fei Long Group. Fei Long Group was HD Group's rival company. Qin Sheng and Lu Ming competed, and both times, they destroyed Fei Long Group's defense system.

In the end, Fei Long Group bought back the real estate at an extremely low price.

Several real estate properties under the real estate name rose a lot in value two months later, and Fei Long Group also made a lot of money.

Qin Sheng didn't want to give Fei Long Group this opportunity.

She also wanted to develop real estate, and she didn't want to miss this good opportunity.

Hong Yuan frowned. "Boss, I'm not sure how much this real estate market can earn, and the investment is not small."

Purchasing real estate would require close to one billion. This was not a small amount.

Hong Yuan knew that Qin Sheng was rich, but one billion... How could a girl afford that much?

Hong Yuan had been with Qin Sheng for several months. He had a general understanding of Qin Sheng's family situation.

Qin Hai would not give Qin Sheng so much money.

There was only one possibility. Qin Sheng had earned this money alone.

Hong Yuan was surprised that Qin Sheng could spend 70 million to set up a gaming company. If Qin Sheng could spend another 1 billion, Hong Yuan would suspect that Qin Sheng had gone to rob the bank..
