

# BIGSHOT MR. FU S WIFE IS SWEET AND WILD

## Chapter 3

This Is Biting the Hand That Feeds Your

Again? Qin Jianxi's eyes immediately turned cold.

She reached out and grabbed the hand that was coming toward her. With a pull and a push, she instantly threw the person to the ground.

She stepped on Han Xu's chest and looked down at him.

"Han Xu, hurry up and break off the engagement. If you dare to say that I'm shamelessly pestering you again, I'll beat you up every time I see you."

Then, she sneered. "You think a weakling like you who can't even beat me is worthy of my love? When you go back, take a good look at yourself in the mirror!"

"Qin Jianxi, let me go..." Han Xu's face was red as he roared. It was unknown if his expression, which was as red as a tomato, was from anger or embarrassment.

Huang Mengyu recovered from her shock and quickly begged, "Xixi, don't be like this... Hurry up and let Big Brother Xu get up... I... I won't see Big Brother Xu again. Please let him get up..."

Han Xu shouted, "Xiaoyu, don't beg her..."

Qin Jianxi coldly glared at Han Xu and ordered, "Shut up."

Then, she turned to look at the person who was pretending to be terrified. She raised her chin slightly and said, "Huang Mengyu, listen to me carefully. If you want this man, then take him. Don't ever come near me again. I won't be

afraid of those disgusting things that you've done now. But if you dare to come near me again and say that I like this man, and if you're insincere and say things like 'giving in' to me, then don't blame me for hitting you every time I see you."

Then, she pressed her foot harder on the ground and was satisfied when she heard a grunt. She ordered, "Call the old master now. If you don't want to talk about breaking off the engagement, I'll do it."

"You." Han Yu's face was red with anger, but he was unable to resist. He felt that he was completely humiliated today.

"Xixi, quickly let Big Brother Xu get up..." Before Huang Mengyu could finish her sentence, Qin Jianxi pulled on her collar and slapped her twice.

Because Qin Jianxi didn't reduce her strength by half, Huang Mengyu's cheeks became red and swollen at lightning speed.

Huang Mengyu covered her painful cheek and looked at Qin Jianxi in disbelief. "You... You hit me?"

Qin Jianxi blew on the hand that she used to hit Huang Mengyu. Then, she fiddled with the messy hair on her forehead before looking at Huang Mengyu slowly.

"Since you can't understand human language, I'll teach you a lesson. If you still can't understand human language the next time, I don't mind teaching you another lesson, although it will dirty my hands."

"You vicious woman, how could you hit Xiaoyu..." Han Xu resisted intensely. Unfortunately, no matter how much he moved, he couldn't break free from Qin Jianxi's foot.

On the contrary, the more he struggled, the more embarrassed he became.

The commotion here was really too big. The people who witnessed the earlier scene had also come over to watch, and now it made Han Xu want to find a hole to hide in.

“Let me go!”

Qin Jianxi ignored their gazes and glanced at the person she was stepping on. “Call your grandfather. I’ll tell him about calling off the engagement.”

When the original owner of this body was 15 years old, she accidentally saved Old Master Han who had fallen down because of a stroke. Because of her timely call to the ambulance, Old Master Han was saved from the brink of death.

Later, after the old man was rescued and recovered from his illness, he very melodramatically used his grandson to repay the favor. The original owner happened to fall in love with Han Xu at first sight, so the two got engaged.

Thinking of this, she couldn’t help but vomit. This wasn’t repaying kindness, right? This was biting the hand that feeds you.

She felt inexplicably irritated and exerted more force on her foot. “Hurry up and call him. Don’t delay my chance to find a new boyfriend.”
