Chapter 301: Recognized Qin Sheng

"You don't have to worry about money," Qin Sheng said casually. "Uncle Hong, take a look at the acquisition plan. Is there anything you don't understand?"

"Okay." Hong Yuan nodded and continued reading.

Soon, Hong Yuan frowned again. "Boss, if you openly oppose Fei Long Group like this, will it..."

Qin Sheng smiled slightly. "Don't worry, the Fei Long Group can't control us."

If the Fei Long Group dared to attack them, then the information about the Fei Long Group would be unnecessary.

If she leaked the information she obtained last time, it would be a fatal blow to the Fei Long Group.

Qin Sheng's words were inexplicably convincing. Hearing Qin Sheng's confident tone, Hong Yuan felt relieved and continued to read.

Then, Hong Yuan asked a few more questions before putting down the document.

He was very confident about this acquisition.

Hong Yuan said confidently, "Boss, don't worry. I will take over the real estate market this time."

"Okay. If there are no other questions, I will go back first."

Just as Qin Sheng arrived at the door, Hong Yuan stopped her and smiled ingratiatingly.

The temples on Qin Sheng's forehead suddenly jumped. Looking at Hong Yuan's expression, she had a bad feeling.

1

"What's the matter?" Qin Sheng looked at Hong Yuan warily.

"Boss, there are some documents here that you need to see. For you, it's not much." Hong Yuan pointed at the documents on the table.

Qin Sheng looked at the direction that Hong Yuan pointed at. It was a stack of documents about the height of a knuckle. There were at least dozens of pages.

Qin Sheng: "..."

Not much?

Was it too late for her to leave now?

Meeting Hong Yuan's expectant gaze, Qin Sheng pressed the space between her eyebrows. She had a headache, so she could only agree in the end.

Fortunately, Qin Sheng was fast enough. She only took an hour to finish reading nearly seventy pages of documents. In some places, she even added comments.

Seeing that Qin Sheng had completed work that he might not be able to complete in a day in just half an hour, although this was not the first time Hong Yuan had seen it, he could not help but be surprised.

With such speed, the only person who could give comments and circle the wrong person was Qin Sheng.

She thought about leaving. She did not know where Yu Bei got the news from. He, who was originally on vacation at home, arrived at the company before Qin Sheng left.

“Boss!” Yu Bei smiled cheekily.

Qin Sheng felt a headache when she saw Yu Bei’s and Hong Yuan’s similar expressions.

Yu Bei was originally a rather arrogant person, but he did not dare to raise his head high in front of Qin Sheng.

He did not want to be slapped in the face by Qin Sheng again.

That feeling was quite uncomfortable.

He would never dare to doubt Qin Sheng’s ability.

“Let’s go.” Qin Sheng was helpless. Next time, she would try her best not to come to the company.

Yu Bei was happy. He asked Qin Sheng a few programming questions, and Qin Sheng answered them very quickly. It only took half an hour for her to stop typing on the keyboard.

Then, Yu Bei treated the computer like a treasure and hugged it tightly.

“Are there any other questions?” Qin Sheng asked.

Yu Bei was focused on the computer. When he heard Qin Sheng’s words, he waved his hand. “No, Boss. I know you can’t stand me and the General Manager. You can go.”

1

Qin Sheng narrowed her eyes. Yu Bei was quite self-aware.

When Qin Sheng left, Liu Cheng saw her again. This time, he saw her face very clearly.

Liu Cheng pointed at Qin Sheng in disbelief. “You are.... You are the girl from the stock exchange last time? The one who bought five million shares of Tengfeng Group in one go!”

Chapter 302: She Is the Boss

Qin Sheng frowned slightly, as if she was thinking about who Liu Cheng was. When she had just returned to the Qin family, she had gone to the stock exchange to buy shares of Tengfeng Group.

With Qin Sheng’s reaction, Liu Cheng naturally knew that he was not mistaken.

Moreover, with Qin Sheng's looks and temperament, it was almost impossible to forget with just a glance.

Liu Cheng's tone was very excited. "I'm the one from the stock exchange. I also bought several hundred thousand shares of the Tengfeng Group with you."

Qin Sheng finally had some impression. She nodded.

"I bought a house with the few million I won back then. Later, I wanted to thank you, but I couldn't find you."

Liu Cheng touched the back of his head with a simple and honest face. "I didn't expect you to be my boss."

A hint of a smile appeared in Qin Sheng's eyes. "You're welcome. You deserve it."

Logically speaking, Qin Sheng was only a very young girl. She was eighteen years old. When she was buying stocks, very few people were willing to believe her words.

Only Liu Cheng listened to her words.

Qin Sheng did not stay any longer. She was worried that Yu Bei and Hong Yuan would come looking for her again.

After Qin Sheng left, the curious employees who were standing at the side surrounded him. Seeing their actions, Hong Yuan, who had just come out to look for Qin Sheng, also came behind them curiously.

One of the employees asked, "Liu Cheng, what do you mean by the shares of the Tengfeng Group? What does it have to do with Boss?"

"Let me tell you, our boss was really amazing back then." Liu Cheng started to talk about the incident at the stock exchange that day, "Boss bought 5 million shares of Tengfeng Group. At that time, I wanted to sell them, but Boss said that they would rise. At that time, I was hot-headed. Not only did I not sell them, but I also bought 750,000 shares."

"Tengfeng Group? Why does it sound so familiar to me?" An employee frowned.

Another employee was also thinking about Tengfeng Group. Suddenly, he patted his head. "I remember now. Isn't this... Isn't this the company that was about to go bankrupt, but was later invested by HD Group, and then came back to life?"

"Yes, yes, yes, this is the one." The employee nodded. "I also bought stocks, but I couldn't buy Tengfeng Group's stocks in the beginning. When the market opened, it fell sharply. At that time, I was quite happy. Unfortunately, I didn't buy it. I didn't expect that the stock would rise eighteen times in the end. Now that I think about it, I regret it. If I had bought it in the beginning, I'm afraid I would be worth tens of millions now."

The employee frowned. "However, when that stock falls, very few people buy it. Shouldn't most people sell it?"

If they sold it, there would still be 2.50 yuan left for each share.

However, if Tengfeng Group went bankrupt, they wouldn't be able to get anything back.

Many people didn't dare to gamble back then. As soon as someone was willing to buy it, they sold it.

Tengfeng Group was facing such a huge crisis. It was certain that they would go bankrupt. The capital chain was also broken. No bank was willing to lend to them.

How would they know that HD Group, who was known as the world's number one investor, would take a liking to Tengfeng Group?

They also changed their previous method. Not only did they provide funds, but they also arranged some talents to Tengfeng Group for guidance.

If HD Group took a fancy to them, it would naturally not be bad. After all, HD Group had never made an investment mistake.

Once the press conference announced that HD Group had injected capital, Tengfeng Group's shares instantly soared. There was no stopping the trend.

Many people saw that it was rising, but they could not buy it.

Chapter 303: 90 Million

Those who had sold their stocks and those who had not bought them were all very regretful.

This employee was also very regretful. If he had also bought them, then he would have been able to buy a better villa in H City. However, if he had bought 500,000, he would have earned 10 million.

Three months had passed. The facts proved that HD Group indeed had a good eye.

In these three months, Tengfeng Group's results had reached 2 billion, and this was only the beginning. Tengfeng Group's results were getting higher and higher every month. In a year, their results would probably be more than ten billion.

The employee looked at Liu Cheng with envy. "Brother Cheng, I'm afraid you're going to make a huge profit. You bought seven hundred thousand, and that's more than ten million."

"No, no. I'm not amazing. Didn't I buy it because of Boss?" Liu Cheng waved his hand humbly.

"Wait, how much did you say Boss bought?" Another employee reacted.

Liu Cheng replied, "I saw 5 million yuan."

The entire place was silent. Even the sound of a needle hitting the ground could be heard.

The employee was the first to react. He counted with his fingers while muttering, "5 million. It's increased eighteen times. How much is it again?"

After calculating for a while, he finally managed to figure out the number in his mind. "90 million?"

"Cough, cough." Hong Yuan spat out a mouthful of water.

Five million had increased to 90 million in a week. This was probably not something that an ordinary person could do.

He finally understood why Qin Sheng was so rich and generous to use 70 million as the start-up capital of the company.

Qin Sheng did not lack money at all.

If she lacked money, she would go to the stock market.

Hong Yuan did not think that Qin Sheng earned the 90 million by luck.

He had known Qin Sheng for a few months. Hong Yuan had finally understood Qin Sheng's personality. Generally speaking, Qin Sheng would not do things that she was not sure of.

Hong Yuan now felt that his concern about whether Qin Sheng had the 500 million yuan was just a waste of time.

If Hong Yuan knew that Qin Sheng had bought the shares of Tengfeng Group for not only 5 million, but 10 million, and after selling the shares, she had made a profit of more than 100 million yuan, he would probably be even more devastated.

Hong Yuan's cough was very loud, and the employees looked over.

When they had gathered to discuss, they had not seen Hong Yuan. Now that they saw him, they all shivered. They stood up straight and said, "General Manager, we'll be busy right away."

They were all quite nervous. Usually, Hong Yuan worked very seriously and was very strict with his subordinates.

They were worried that Hong Yuan would punish them if they gathered together to discuss unrelated matters during office hours.

However, Hong Yuan only waved his hand and said, "I'm just passing by. You guys can continue talking. It's not a problem."

Hong Yuan walked back to his office. He also needed some time to calm down.

The employees were quite surprised by Hong Yuan's words.

After being stunned for a while, they started discussing again.

"90 million. That Tengfeng Group's stock had fallen to the price of cabbage. It only took a week for it to reach 18 times its price. In just a short week, she could earn 90 million. That's amazing. I'm afraid I won't be able to earn that much in three lifetimes."

"The boss is indeed the boss. She's really awesome. She invested 5 million in a company that's destined to go bankrupt."

"By the way, when will Boss buy stocks? I want to follow her too."

“I heard from Brother Bei that Boss’ computer technology is even better than his. Her computer technology is awesome. She opened a company and is also a god of stocks.. God, will she still give us ordinary people a way out?”

Chapter 304: Old Master Fu Came Looking For Her

As they spoke, they admired Qin Sheng even more.

Most successful people, even those with some background, were at least in their 20s, but what about Qin Sheng? She had a net worth of more than 100 million. No, if she continued to speculate in the stock market, her current net worth would probably be more than 1 billion.

With this comparison, they felt that they were living in this world to make up the numbers.

Qin Sheng did not know what was happening at the company.

She had just left the company when she was stopped by a car. She furrowed her brows slightly.

A man got down from the driver’s seat. He took off his sunglasses and said arrogantly, “Miss, our master needs to see you.”

Old Master Fu sat in the back seat of the car. The car window rolled down as he looked at Qin Sheng with a heavy gaze.

Qin Sheng recognized Old Master Fu when she saw him.

Qin Sheng disliked Old Master Fu very much. It could be said that she disliked all the members of the Fu family except for Fu Hanchuan.

It seemed that he came to look for her because of Fu Shihan and Ye Yutong’s visit to Fu Garden.

“Miss, please.” The man became impatient when he saw Qin Sheng standing there without moving.

He opened the door of the passenger seat.

Qin Sheng lowered her eyes to hide the coldness in her eyes.

She sat in the passenger seat.

In the car, Old Master Fu didn’t say a word.

Old Master Fu brought her to a park. Old Master Fu sat on the bench and stared at Qin Sheng. “It was you who moved into Fu Garden and charmed my grandson?”

Qin Sheng lowered her eyes and didn’t answer. She ignored Old Master Fu.

Old Master Fu sneered. “You’re in your third year of high school, right? You’re a student from H City High School. Hanchuan has already graduated from Imperial Capital University. He’s 23 years old, and there’s a five-year gap between you two. Qin Sheng, you’ve already learned how to seduce men at such a young age. H City High School actually taught a student like you!”

Qin Sheng still didn’t say anything.

Old Master Fu continued, his tone quite cold. "Qin Sheng, I've checked. Your results aren't bad either. You were able to get first place in H City High School. Your looks can also be considered a symbol. However, your character is really not good."

"As a student, you should focus on your studies and not think about these crooked ways to seduce men!"

Old Master Fu's gaze was heavy.

This Qin Sheng was quite beautiful. It was normal for Fu Hanchuan to be seduced by her.

Qin Sheng's grades were good, but she came from the countryside after all. She couldn't help the Fu family in any way.

1

She had learned to seduce men at such a young age. She was too scheming, so she had to be a vixen.

The Fu family would never allow a second Zhou Sihui to appear.

Qin Sheng laughed mockingly. She and Fu Hanchuan's family were very similar. They were not loved by their families, and they used them as a tool to exchange benefits.

She did not understand. Since they did not like their own children, why did they still want to give birth to them?

After experiencing the betrayal of her family, Qin Sheng especially hated those people.

Old Master Fu threatened, "Qin Sheng, you'd better leave Hanchuan. With your current results, it's no problem for you to get into Imperial Capital University. Don't ruin your future just for a small benefit. Otherwise, if you're abandoned by Hanchuan in the end, you'll regret it."

Qin Sheng looked up. Her eyes were very clear.

She smiled lightly. "You don't have to worry about my future."

Seeing that Qin Sheng didn't take him seriously, Old Master Fu was so angry that he stood up. "Aren't you afraid that I'll spread the news that you seduced a man in your school?"

If the matter was true, she would be punished with a demerit at worst, and if it was serious, she would be expelled by the school.

Chapter 305: 10 Billion

"As you wish." Qin Sheng was unfocused.

"Good, very good." Old Master Fu stared at Qin Sheng. He did not think that Qin Sheng would not take his threat seriously.

He had underestimated Qin Sheng. Thinking about it, Qin Sheng had seduced Fu Hanchuan in just a few months. She had to be a thoughtful person. Why would she care about his threat?

However, Qin Sheng was right. He did not dare to do anything to her.

Fu Hanchuan had already warned Old Master Fu that he could not make a move against Qin Sheng. Old Master Fu did not dare to gamble.

“Qin Sheng, I know your family background is not good. I have prepared a sum of money for you.”

Old Master Fu took out a check. There was 500,000 on it. Originally, Old Master Fu did not want to take it out, but Qin Sheng ignored his threats. He could only take out the money.

He raised his head slightly. “Qin Sheng, as long as you leave Hanchuan, this 500,000 yuan is yours.”

Old Master Fu felt that Qin Sheng had never seen this 500,000 yuan before. This 500,000 yuan was not a small amount. It was more than enough for Qin Sheng to finish university.

Qin Sheng looked at the check and chuckled, but she didn't take it.

Old Master Fu frowned. “You think it's too little?”

“Yes.” Qin Sheng nodded. “It's indeed too little.”

“How much do you want?” Old Master Fu felt that Qin Sheng had a big appetite. How many people could earn this 500,000 yuan in ten years?

It was a simple matter to ask Qin Sheng to leave Fu Hanchuan, but Qin Sheng actually dared to think that it was too little?!

It seemed that Qin Sheng was really getting close to Fu Hanchuan for money.

Qin Sheng tilted her head as if she was thinking.

After a long while, Qin Sheng stretched out a finger.

“One million?” Old Master Fu asked.

Qin Sheng didn't say anything. Old Master Fu continued to guess, “10 million?”

Old Master Fu thought that he had guessed correctly, and his face immediately darkened. “Qin Sheng, I only asked you to leave Hanchuan, but you still want me to pay 10 million? If Hanchuan saw you worshipping money so much, aren't you afraid?”

Qin Sheng sneered. “I'm talking about 10 billion.”

“Qin Sheng, you!” Old Master Fu was so angry that his chest heaved up and down vigorously, and his heart was faintly aching.

He pointed at Qin Sheng. “Alright, Qin Sheng, 10 billion. You dare to ask? I'm going to tell Fu Hanchuan, and let him see how you're going to ask for so much!”

“There's no need.” Fu Hanchuan walked over. His clothes were still a little messy, and it was obvious that he had run over.

Old Master Fu's expression froze. He turned his head stiffly and saw Fu Hanchuan standing not far away from him.

Fu Hanchuan's expression was very cold. He looked at Old Master Fu expressionlessly.

"Hanchuan, why are you here?" Old Master Fu asked guiltily.

"Didn't I warn you not to look for Sheng Sheng?" Fu Hanchuan's voice was also very cold.

Old Master Fu covered up his smile. "Hanchuan, I know that you're with her. I don't want you to be cheated, so I wanted to test her."

"Oh?" Fu Hanchuan asked, "Did you get something out of her?"

Old Master Fu straightened his back and pointed at Qin Sheng. "Hanchuan, let me tell you. This Qin Sheng doesn't really like you. She's only with you for your money."

Fu Hanchuan's eyes were cold.

Afraid that Fu Hanchuan would not believe him, Old Master Fu added, "I asked her just now how much money she would need to leave you. I gave her 500,000 yuan, but it's too little. Do you know how much she wants?"

Old Master Fu raised a finger. "10 billion!"

Chapter 306: Tested Her

After saying that, he looked at Qin Sheng proudly and said, "Hanchuan, this kind of woman likes your money. You can't be with her, lest you get cheated."

Old Master Fu thought that he knew men's thoughts very well. What those men hated the most was women coveting their money.

He also thought that Fu Hanchuan was this kind of person.

Knowing that Qin Sheng was with him for his money, Fu Hanchuan would definitely abandon Qin Sheng.

"I heard it just now," Fu Hanchuan said faintly.

A smile appeared on Old Master Fu's face, thinking that Fu Hanchuan had already heard his words. "Hanchuan, you'd better chase her out of Fu Garden as soon as possible. Men and women can't be intimate. You can't let others misunderstand."

This other person was talking about Ye Yutong.

Ye Yutong had a good background and was a well-educated and courteous person. Old Master Fu had always wanted her to be his granddaughter-in-law.

However, he hoped that Ye Yutong would marry Fu Mingxu and not Fu Hanchuan.

However, he had no choice since Ye Yutong liked Fu Hanchuan.

Old Master Fu looked at Qin Sheng. He was already prepared to watch a good show.

“Ha.” Fu Hanchuan sneered. “Old Master Fu, do you know that as long as Sheng Sheng is willing, I will transfer all my assets to her name?”

Fu Hanchuan didn't even call him grandfather anymore.

When Old Master Fu heard those words, he was furious. Before he could recover, he heard Fu Hanchuan's last words again.

He was so angry that his entire body was trembling. “Fu Hanchuan, you want to transfer your assets to an outsider?!”

“Why not?” Fu Hanchuan walked to Qin Sheng's side and ignored Old Master Fu.

His tone softened. “Sheng Sheng, are you okay?”

Qin Sheng shook her head. “I'm fine.”

“Fu Hanchuan.” Old Master Fu pointed at Fu Hanchuan, his fingertips trembling. “Don't forget that you're a member of the Fu family!”

“A member of the Fu family?”

Fu Hanchuan sneered and looked at Old Master Fu, “It seems that you want me to remind you again and again. Three months ago, you said on Weibo that the Fu family had cut off their relationship with me. I'm not a member of the Fu family, so I don't need you, an outsider, to worry about my affairs.”

Old Master Fu frowned.

Fu Hanchuan mentioned that they had cut off their relationship for the second time. At that time, he only asked the people in the company to post on Weibo that the Fu family would not interfere in Fu Hanchuan's affairs anymore.

Fu Hanchuan was powerful enough to bring the Fu family back to life back then.

Old Master Fu was a person who valued profits. He was not stupid enough to break off his relationship with Fu Hanchuan.

“Fu Hanchuan, you are a member of the Fu family. With that layer of blood relationship, do you think you can break it off just like that?” Old Master Fu was stubborn.

Fu Hanchuan laughed coldly. “Old Master Fu, didn't I say that if you dare to cause trouble for Sheng Sheng, don't blame me for not being polite.”

Old Master Fu's eyes widened. “Fu Hanchuan, are you preparing to deal with the Fu family?”

Fu Hanchuan smiled slightly. Although he didn't say anything, it was obvious that Old Master Fu was right.

Old Master Fu's face was ashen. He pointed at Fu Hanchuan. “How did the Fu family produce a person like you who treats outsiders and even deals with his own family?”

“I'm not a member of the Fu family,” Fu Hanchuan said calmly.

Old Master Fu compromised. “Hanchuan, I didn’t attack Qin Sheng either. I was only helping you test her.”

“Is that so?” Fu Hanchuan looked straight at Old Master Fu and sneered.

Old Master Fu dodged his gaze.. “Yes.”

Chapter 307: A Little More Confidence

“Then I’m also testing your Fu Corporation’s ability. Aren’t you guys developing a project? I don’t think anyone will invest in you in the future,” Fu Hanchuan said with a smile.

That smile, in the eyes of Old Master Fu, was like a demon that wanted his life.

Hearing this, Old Master Fu was so angry that his eyes rolled back. “Fu Hanchuan, do you know how important this project is to Fu Corporation?”

This project was the one that Fu Hongyuan had sought cooperation with HD Group the last time.

Because he had lost such a big partner like HD Group, not many other companies in H City could afford to spend so much money, so this project had been put on hold.

Old Master Fu was preparing to go to other places to look for cooperation.

At this moment, Fu Hanchuan actually wanted to sabotage his project.

Old Master Fu was not worried about Fu Hanchuan alone.

However, Fu Hanchuan was the manager of HD Group. HD Group was not only very prestigious in H City, but even in the whole country, it was an existence that people feared.

HD Group was not big now, but its development speed was astonishing. If it continued to develop at this speed, in another seven or eight years, it would probably become one of the top ten existences in the country.

In comparison, Fu Corporation only had a little status in H City, but in the country, many people might not even know the name of the company. If HD Group made a move, no one would be willing to invest in this project.

This project was prepared by Fu Corporation in a year’s time. It took a lot of manpower and effort.

Old Master Fu was counting on this project to change Fu Corporation’s decline.

He didn’t expect Fu Hanchuan to actually pay attention to his project.

“Of course I know,” Fu Hanchuan answered expressionlessly.

Old Master Fu gritted his teeth. “You’re still doing this even though you know?!”

“Old Master Fu, some people have to learn from their mistakes. Otherwise, they won’t remember the things I warned you about.”

Qin Sheng was his bottom line. Fu Hanchuan wouldn't allow Old Master Fu to hurt Qin Sheng.

Fu Hanchuan had always been indifferent to the Fu family.

As for saving the Fu Corporation previously, it was only to repay Fu Hongyi for giving birth to him.

After Fu Hanchuan said that, he did not plan to care about Old Master Fu anymore.

He looked at Qin Sheng and his gaze softened. "Sheng Sheng, let's go."

"Okay." Qin Sheng nodded.

Fu Hanchuan left with Qin Sheng.

Old Master Fu looked at the backs of Fu Hanchuan and Qin Sheng as they left. He was so angry that his heart was hurting.

He held the bench for a long time before he recovered.

"Fu Hanchuan, do you still think that the president of HD Group will listen to you when you're only the manager of HD Group?" Old Master Fu shouted behind him.

Fu Hanchuan stopped in his tracks. "Won't you know if you try?"

Back in the car.

Fu Hanchuan fastened Qin Sheng's seatbelt.

"Sheng Sheng." Fu Hanchuan tilted his head. "You don't have to care about what he says. We're family and friends. It's my responsibility to protect you."

Qin Sheng now had some feelings for Fu Hanchuan between a man and a woman, but she hadn't completely fallen in love with him. Fu Hanchuan didn't dare to gamble. He wanted to be absolutely safe.

So now, he was still friends and family with Qin Sheng.

Fu Hanchuan was really afraid that Qin Sheng would avoid him because of his feelings, so in front of Qin Sheng, he hid his feelings very well.

Qin Sheng's brows relaxed slightly.

Seeing this, Fu Hanchuan heaved a sigh of relief and started the car..

Chapter 308: Was Hacked Again

After returning to the villa, Qin Sheng hacked into the computer of the chairman of Fei Long Group.

Thus, while Dai Ren was working on the computer, a message popped up on the computer interface.

Behind the hacker logo, there was a very arrogant sentence. [I was the hacker who destroyed your protective system twice. Last time, I retrieved some important information from you, and I still have it now. Next, if you dare to deal with Shengshi Technology, be careful that the information is leaked, and the protective system is destroyed. You know my technology.]

Shengshi Technology was named by Qin Sheng. When Hong Yuan looked for her, she was too lazy to think about it and casually named it.

Dai Ren watched with a livid face. It was this hacker again!

They provoked him again and again!

Unfortunately, he couldn't do anything to her. He reported her to the Law Enforcement Department, but they couldn't find any trace of her.

However, Shengshi Technology?

Dai Ren narrowed his eyes. It seemed that this hacker was related to Shengshi Technology. Then, could he use Shengshi Technology to find out about this hacker?

Just as this thought popped up, another piece of news popped up on the computer.

[You won't be able to find out who I am, and don't even think about using Shengshi Technology to find out about me. If you want to be safe, then be good. Otherwise, don't blame me for leaking your information. This, your company can't afford it.]

Dai Ren clenched his fists. He did not know about Shengshi Technology, and he had never heard of it.

What was the relationship between this hacker and Shengshi Technology?

He wanted to ask Qin Sheng for some information, but Qin Sheng had unilaterally hacked into Dai Ren's computer, so Dai Ren could not contact Qin Sheng.

He could only watch helplessly as Qin Sheng left.

In fact, when Qin Sheng had just appeared, Dai Ren had called the Law Enforcement Department and told them that Qin Sheng had appeared.

The Law Enforcement Department immediately followed Qin Sheng, but they couldn't find her.

When the Law Enforcement Department called Dai Ren to tell him the news, Dai Ren's eyes went black again. He couldn't stop her, and he couldn't find her either.

As for the relationship between Qin Sheng and Shengshi Technology, Dai Ren didn't dare to tell the Law Enforcement Department.

Qin Sheng was practically everywhere.

Dai Ren was afraid. He was really worried that the company's secrets would be leaked by her. If the competitors knew, they would inevitably take this opportunity to suppress Fei Long Group.

At that time, the crisis Fei Long Group would face would be unimaginable.

Dai Ren felt that he should be glad that Qin Sheng was only here to destroy their company's protective system and did not leak any information about the company.

Dai Ren picked up his phone and ordered in a deep voice, "Investigate, find out which company this Shengshi Technology is from and who its boss is. Report to me within half an hour!"

—

When Old Master Fu returned to the Fu family, he thought about Fu Hanchuan saying that they had already announced that they had cut ties with him. It was very strange.

He took out his phone and logged into the official website of the Fu Corporation.

He browsed through the Weibo post he had posted three months ago. The Fu Corporation posted a lot of news every day, and it took Old Master Fu a long time to find it.

When he saw that Weibo post, his face completely darkened.

He had clearly instructed them to post on Weibo to tell everyone that the Fu family would no longer be involved in Fu Hanchuan's matter, but he had never said that they would cut ties with him.

Old Master Fu picked up his phone and called his subordinate. "Li Zhengping, what's going on with Weibo?"

Li Zhengping was the person in charge of the Fu Corporation's official Weibo.

Li Zhengping was confused.. "Chairman, what are you talking about?"

Chapter 309: Questioned

"Two or three months ago, I asked you to make a statement. Why didn't you say that the Fu family doesn't care about Fu Hanchuan anymore? How did you do it? Cut ties? You're really something!" Old Master Fu's voice was very cold.

Li Zhengping wiped the cold sweat off his forehead. "It was Young Master Mingxu's order."

"Mingxu." Old Master Fu frowned. How did he get involved in this matter?

Fu Mingxu's performance was excellent, and he respected Old Master Fu very much. Old Master Fu also treated him quite well. Apart from not letting him take up a position in the company, as long as Fu Mingxu wanted it, Old Master Fu would basically give it to him.

But Old Master Fu never thought that Fu Mingxu would interfere in the company's matters without permission.

He had never told him about it.

1

"Li Zhengping, don't forget that you're my employee. Since when did you listen to Fu Mingxu?" Old Master Fu's face darkened.

Li Zhengping quickly explained, "Chairman, isn't Young Master Mingxu your grandson? I thought he was conveying what you said. I thought you didn't express it clearly."

Old Master Fu didn't want to hear Li Zhengping's explanation anymore. No matter what the reason was, he wouldn't allow others to bypass him and meddle in the company's affairs without permission.

“Go through the resignation procedures.”

Old Master Fu put down his phone and called Fu Mingxu again. “I’ll be back soon.”

Old Master Fu’s tone was very unpleasant. Fu Mingxu frowned. Ever since he gained Old Master Fu’s favor, this was the first time Old Master Fu had spoken to him in such a tone.

Fu Mingxu was still thinking about the reason. Li Zhengping called him and told him that Old Master Fu knew that he had privately modified Weibo.

Fu Mingxu frowned.

He knew that Old Master Fu would know about this, but he had never thought that it would happen so soon.

“Young Master Mingxu,” Li Zhengping said carefully, “I’ve been fired.”

“Don’t worry, I’ll give you enough compensation.”

Hearing Fu Mingxu’s words, Li Zhengping was relieved. “Thank you, Young Master Mingxu.”

Fu Mingxu did not stay any longer. He put down the wine glass in his hand and stood up.

His good friend hugged a beautiful woman and asked, “Mingxu, are you leaving?”

“Yes, my old man wants me to go back immediately.” Fu Mingxu’s eyes were filled with impatience. Wasn’t it just a small matter? Why did he need to go back to the Fu family immediately?

Fu Mingxu left the bar.

At the Fu Residence, Ye Yutong also came over.

“Grandpa Fu.” Ye Yutong hugged Grandpa Fu’s arm. “Look, I brought this for you.”

Ye Yutong took out a gift box.

She opened it. “This is a hundred-year-old ginseng. I specially got someone to bring it back from G Country. Grandpa Fu, if you eat it, you will definitely live to be a hundred years old.”

Old Master Fu smiled and said, “You child, so what are you bringing? Next time, don’t bring anything else.”

As he said that, he took the ginseng and looked at it carefully.

He was more and more satisfied with Ye Yutong.

She was well-educated, had a good family background, had a sweet mouth, and was filial to him. This was the most suitable daughter-in-law candidate.

She was not like that Qin Sheng.

She had not even entered the house, yet she dared to speak to him like that and did not put him in her eyes.

No matter what, Qin Sheng could not enter the Fu family in the end.

However, Old Master Fu did not dare to touch Fu Hanchuan's reverse scale anymore. However, if Fu Hanchuan did not like her anymore, Qin Sheng could not marry him either.

Therefore, Old Master Fu set his gaze on Ye Yutong.

As long as Fu Hanchuan liked Ye Yutong, there would be nothing for Qin Sheng.

Chapter 310: Ye Yutong's Thoughts

Ye Yutong was a sweet and understanding person. Fu Hanchuan would naturally fall in love with her after spending more time with her.

Thinking of this, Old Master Fu looked at Ye Yutong with a more amiable gaze.

"Yutong, I wonder who will benefit from someone like you?" Old Master Fu said with a smile.

"Grandpa Fu." Ye Yutong lowered her head shyly.

Old Master Fu smiled again. "Yutong, I know what you're thinking. You like Hanchuan. Don't worry. You're so outstanding, and you're only one year younger than Hanchuan. Hanchuan will fall in love with you."

Ye Yutong pinched the corner of her clothes and felt uneasy. "Hanchuan has someone he likes. I can't separate them."

Old Master Fu's face darkened at the mention of Qin Sheng.

He snorted coldly and said, "Qin Sheng is just a little girl who is still wet behind the ears. Hanchuan only has a crush on her for a moment. He is too skilled and was just bewitched by her. Don't worry, Yutong, he will understand soon enough."

"Okay." Ye Yutong nodded. She felt very uneasy at the bottom of her heart. She could clearly feel the difference between her and Qin Sheng.

Fu Hanchuan was a cold and aloof person. He liked to be by himself and was even more obsessed with cleanliness.

If it were not for his different feelings towards Qin Sheng, he would not have allowed Qin Sheng to stay in Fu Garden and would not be so gentle towards Qin Sheng.

Women were very sensitive, especially when it came to this man whom they had always liked.

As for Ye Yutong herself, she had always wanted to get close to Fu Hanchuan since she was young. However, Fu Hanchuan ignored her every time and rarely spoke to her.

Ye Yutong did not think that Fu Hanchuan had fallen in love with her.

She was very worried that Fu Hanchuan would refuse to marry her.

However, Ye Yutong understood that she did not expect Fu Hanchuan to like her anymore. She was already satisfied as long as she could marry Fu Hanchuan.

She could only rely on Old Master Fu and Fu Shihan.

She thought of something, Old Master Fu said tentatively, "Yutong, even if Fu Hanchuan doesn't want you, isn't there still Mingxu? Mingxu is also very outstanding. Although he didn't manage to get into Imperial Capital University or Tsinghua University, his abilities are not bad. You can consider Mingxu."

Ye Yutong thought of Fu Mingxu, the boy who always followed behind her when she was young and liked to have snot running down his nose. She frowned in disgust.

No matter how outstanding Fu Mingxu was, she would never marry him.

Ye Yutong bit her lower lip. "Grandpa Fu, I'm sorry. I don't have feelings for Mingxu. Mingxu is indeed very outstanding. I think there are many girls who are willing to marry him."

Seeing that Ye Yutong did not have any feelings for Fu Mingxu, Old Master Fu knew that she would not marry Fu Mingxu, so he could only nod.

"Alright, if you don't like it, you don't have to think about Mingxu. Yutong, you don't have to worry too much about Hanchuan. I will help you. I am his grandfather. He will not dare to disobey me."

"Thank you, Grandpa Fu." Ye Yutong smiled.

When Fu Mingxu walked in, he heard the conversation between Grandpa Fu and Ye Yutong.

When he heard that Grandpa Fu said that Ye Yutong liked Fu Hanchuan, he clenched his fists tightly. When he heard Ye Yutong say that she did not like him, his eyes darkened.

When Fu Mingxu was young, he had always treated Ye Yutong as his goddess and always followed behind her.

Ye Yutong had always been high and mighty.

Fu Mingxu eventually fell in love with her.

When he heard Ye Yutong say that she did not have feelings for him, Fu Mingxu's expression obviously darkened..
