

## Bigshot 351

### Chapter 351: Cancellation of Cooperation

“Can I feel at ease with such a time bomb by my side?” Dai Ren’s face darkened.

Xue Rong was speechless.

His ability was excellent. In G Country, he was also the target of competition between companies. He didn’t expect that one day, he would also be overwhelmed by a hacker. There was nothing he could do to her.

Dai Ren gritted his teeth and said, “One day, if I find out who this hacker is, I will definitely cut her into pieces!”

Of course, no matter how angry Dai Ren was, he was destined to never find Qin Sheng.

—

On the Huang family’s side, Jiang Wangya refused to get a divorce. Father Huang did not let her off either.

Previously, because of Jiang Wangya, Father Huang had been supporting the Jiang family.

The Jiang family was from the countryside. Later, Jiang Wangya begged Father Huang. Father Huang thought that it was hard for Jiang Wangya to take care of Huang Xiaoyan, so he bought a villa for the Jiang family in H City.

Later, when they wanted cars, Father Huang also bought them. There were two cars in total, each costing millions.

Then, Jiang Wangya’s younger brother, Jiang Hezhi, wanted to start a business and start a company. It was also Father Huang who paid for it.

Jiang Hezhi’s grades were not good, so he went to a third-rate school. In school, he still liked to skip classes and never studied. Even his graduation thesis was paid for by someone else.

Later on, he started a company. He did not have the ability to do business, but he used Father Huang’s title as a brother-in-law to find a lot of cooperation.

The company’s accidents happened one after another, and it was Father Huang who helped solve them.

If it weren’t for Father Huang, the Jiang family’s company wouldn’t have been able to continue.

Now that Father Huang saw Jiang Wangya’s true colors, he naturally wouldn’t care about the Jiang family.

The day after Father Huang and Jiang Wangya filed for divorce, he announced that the Jiang family’s future matters had nothing to do with him, and he also withdrew the business cooperation between the Jiang family and the Huang family.

The Jiang family’s business partners all gave Father Huang some face previously and chose to cooperate with the Jiang family.

At this moment, when Father Huang held that press conference, those companies all requested to cancel the cooperation with the Jiang family.

Originally, Jiang Hezhi didn't care about these partners. After all, the cooperation between the Huang Corporation and the Jiang family was the most important. The cancellation of the cooperation between these partners wouldn't have much impact on the Jiang family.

After Father Huang also sent people to cancel the cooperation with the Jiang family, Jiang Hezhi panicked.

He called Father Huang, "Brother-in-law, aren't we family? We should help each other. Your Huang family is big and rich, while our Jiang family is poor. It's only right for your Huang family to support us."

Jiang Hezhi made it sound reasonable.

Father Jiang and Mother Jiang had always taught him this. They said that Father Huang was Jiang Wangya's husband. Not to mention that they had this relationship, when Jiang Wangya married into the Huang family, she had to serve her stepdaughter, Huang Xiaoyan, and work as a slave.

The Jiang family naturally deserved the benefits they received from the Huang family.

Father Huang had never refused the Jiang family's request for help. The Jiang family also thought that the Huang family was so rich that it was understandable for them to give more to them.

The Jiang family had treated Father Huang as an ATM. Over the years, the Jiang family had received a lot of benefits from Father Huang. They were like bloodsuckers that latched onto the Huang family.

In addition, Jiang Wangya would give Father Jiang and Mother Jiang 100,000 yuan every month.

The Jiang family was living a comfortable life.

However, Jiang Hezhi was a spendthrift and had a lot of friends. After a month, he didn't have much money left.

Hearing Jiang Hezhi's shameless words, Father Huang was so angry that he laughed.

He knew that the Jiang family was shameless, but he didn't expect them to be so shameless!

### **Chapter 352: Gave Him a Hotel**

If it wasn't for the sake of Jiang Wangya, he would never have cared about this Jiang family.

That's right. How could such a family raise such a good daughter?

As for himself, he had been deceived by Jiang Wangya for more than ten years and treated his own daughter coldly.

Father Huang now felt that he was even more of a scoundrel in the past. He wished he could go back to the past and slap himself to death.

After Jiang Hezhi said that... He then said, "Brother-in-law, look, why did you cancel our cooperation? You are the Jiang family's biggest partner. By canceling the cooperation, aren't you forcing the Jiang family into a dead end?"

“Also, Brother-in-law, if Sister finds out, won’t you hurt her heart?”

Father Huang laughed mockingly. “Then, what do you want me to do?”

Jiang Hezhi thought that Father Huang had already listened to him.

The corners of his lips curled up into a smug smile. As long as he brought out his sister, it would definitely work.

His sister only had this point of use.

Jiang Hezhi stated his request, “Brother-in-law, immediately get the people you sent back. Also, didn’t you hold a press conference and say that you won’t protect the Jiang family anymore? Hurry up and clarify. A lot of companies just canceled their cooperation with us. If you say it out loud, you’ll slap their faces. I’m the person you’re protecting, Brother-in-law. Let’s see if they still dare to look down on me!”

“Anything else?” Father Huang asked in a deep voice.

Jiang Hezhi didn’t hide his intentions. According to his personality, he would naturally ask Father Huang for compensation.

Jiang Hezhi smiled and said, “Brother-in-law, I want that hotel in H City of yours. Brother-in-law, there are so many hotels under your name. They are all over the country. It’s not too much to ask for one.”

“Heh.” Father Huang laughed coldly. “Jiang Hezhi, you are really asking for too much.”

Jiang Hezhi frowned and his tone seemed to be questioning. “Brother-in-law, when did you become so stingy? I only asked for one hotel, but you weren’t willing to give it to me?”

Father Huang rarely rejected Jiang Hezhi.

Jiang Hezhi felt very uncomfortable.

Father Huang sneered, “I have no obligation to help your Jiang family. Don’t even think about this cooperation. Also, don’t even think that I’ll give you that hotel.”

Jiang Hezhi said angrily, “Brother-in-law, you can’t do that. Otherwise, I’ll have to tell Sister. Sister has taken care of your stepdaughter for so many years, and you’re not willing to help her with such a small matter?”

“Brother-in-law, I used to think that you were quite magnanimous. I didn’t expect you to be the same. You’re very stingy and selfish towards your family.”

After Father Huang heard his sentence, he knew that Jiang Wangya didn’t let the Jiang family know about their relationship.

He smiled coldly. “Jiang Wangya didn’t tell you that she and I are getting a divorce?”

“What?” Jiang Hezhi was stunned.

“Go and ask your sister why she moved back to the Jiang family.”

After saying that, Father Huang hung up the phone.

Jiang Hezhi gritted his teeth. It seemed that Jiang Wangya had offended his brother-in-law. She was really a troublemaker.

On the other side, the manager sent by the Huang Corporation to dissolve the relationship with the Jiang family went out to receive a call. It was from Father Huang. After returning, his attitude became even more firm.

He threw the contract in front of Jiang Hezhi. "Chairman Jiang, it's better for you to sign it."

Jiang Hezhi pushed the contract aside, stood up, pointed at the manager, and scolded, "How dare you speak to me like that? Do you know who I am?"

Chapter 353: Divorce?

The manager tugged at his suit and replied nonchalantly, "I know. My chairman is your brother-in-law."

"You still dare to order me around when you know?" Jiang Hezhi was even angrier. He knew his identity, yet he still dared to be so rude to him?

Jiang Hezhi's voice was very loud. "Do you believe that I'll get my brother-in-law to fire you?"

The manager was really not afraid of Jiang Hezhi's threat.

Even if his chairman did not have a conflict with Jiang Wangya and was still in the midst of a divorce, he was not worried that his chairman would fire him. Father Huang was not the kind of person who did not distinguish between public and private matters.

Jiang Hezhi often went to Father Huang's company and gave orders to the people in the company. The people in the company did not give him a good look.

Jiang Hezhi had once asked Father Huang to fire many people, but Father Huang did not pay attention to him.

Instead, he gave orders in the company to ignore any requests from Jiang Hezhi.

Father Huang understood that he could help the Jiang family, but he could not let them interfere in the company's matters.

The manager said indifferently, "If you want to sue, then sue. Before you sue, you have to sign the contract."

"Okay, I'll sign it. But let me tell you, don't beg to work with me in the future."

Jiang Hezhi was also angry. He quickly picked up the pen and signed his name.

After signing, he threw the pen on the table and pointed at the door. "Get out. Take the contract and get out now!"

The manager checked the name that Jiang Hezhi signed. There was no problem. Then, he put away the contract and said before he left, "Wouldn't it be better if you had done it earlier?"

Jiang Hezhi was furious again.

He had made up his mind.

When his sister returned to the Huang family, he would make sure that his brother-in-law gave him good compensation. At that time, it would not be as simple as just a hotel.

1

Jiang Hezhi had been given such a big slap by Father Huang. When he returned to the Jiang family, he saw Jiang Wangya sitting on the sofa watching TV. He did not like her at all.

“Hezhi, isn’t it work time now? Why are you back now?” Jiang Wangya asked with concern.

Although Jiang Hezhi didn’t treat Jiang Wangya well, under the influence of Mother Jiang, she still loved her little brother very much.

Jiang Hezhi snatched the remote control from Jiang Wangya’s hand and turned off the TV.

Mother Jiang frowned and asked, “What’s wrong? Why do you have such a bad temper?”

Jiang Hezhi pointed at Jiang Wangya. “Ask her why she wants to return to the Jiang family.”

Jiang Wangya’s face turned pale.

“Isn’t it because your sister is tired of staying at the Huang family and wants to come back to stay for a few days?” Mother Jiang said doubtfully.

Jiang Hezhi didn’t give Jiang Wangya any face and said unhappily, “It’s all because she quarreled with Brother-in-law and caused a divorce. She has nowhere else to go, so she wants to return to the Jiang family!”

Mother Jiang was stunned. “Wangya, did you really quarrel with him?”

Father Huang was a well-known husband who loved his wife. After Jiang Wangya married into the Jiang family, Father Huang would basically satisfy all of Jiang Wangya’s requests. He had never said anything harsh to Jiang Wangya.

Mother Jiang didn’t quite believe that Jiang Wangya and Father Huang had a conflict and even caused a serious matter like a divorce.

“How could it be fake?” Jiang Hezhi shouted. “Now, because of her, our cooperation with the Huang family has been canceled. Brother-in-law even called a press conference to say that he won’t interfere in our Jiang family’s matters anymore.”

As he spoke, he took out his phone and flipped through the video of the press conference.

He showed the page on the phone to Mother Jiang.

### **Chapter 354: Complaints**

Looking at the contents, Mother Jiang’s suspicions were completely dispelled.

In her heart, she also had some complaints about Jiang Wangya.

She was really stupid to actually have a conflict with Father Huang. As for Father Huang, it was too late for her to support him herself.

Father Huang canceled the cooperation with the Jiang family and even said that he would not pay attention to the Jiang family in the future. Mother Jiang also realized the seriousness of this matter.

If Jiang Wangya continued to stay in the Jiang family, she was worried that Father Huang would really divorce Jiang Wangya one day. Then, the Jiang family would not be able to benefit from the Huang family.

Mother Jiang sat beside Jiang Wangya. She tried to persuade her. "Wangya, go back and beg Ah Xing to apologize and apologize to him. What conflict between husband and wife cannot be resolved? Husband and wife do not have overnight feuds. If you really divorce, who are you going to cry to?"

"You're not young anymore. If you marry another man, it'll be hard to find someone who treats you as well as Ah Xing. Listen to your mother and go back and apologize."

Hearing Mother Jiang's words, Jiang Wangya's eyes turned red. "Mother, I can't go back. Huang Zhixing is determined not to have me."

Jiang Wangya's mother frowned. "What happened?"

"It's all because of Huang Xiaoyan!" Jiang Wangya gritted her teeth and said, "Huang Xiaoyan, that b\*tch, learned to be smart and even knows how to record videos. She even managed to get my words out! She even showed the video to Huang Zhixing."

Jiang Wangya had bullied Huang Xiaoyan for ten years. She had never thought that there would be a day when she would be overturned just like that.

Jiang Wangya was now holding a piece of tissue in her hand. She tore the tissue into pieces, as if the tissue was Huang Xiaoyan.

"What?" Mother Jiang stood up in disbelief. "You were actually discovered by Huang Zhixing? Wangya, how could you be so careless?"

Jiang Wangya bit her lip. She regretted not noticing that something was wrong with Huang Xiaoyan at that time.

At that time, as long as she thought about it, she would have noticed that something was wrong with Huang Xiaoyan. However, Huang Xiaoyan was not a scheming person. Jiang Wangya did not expect that Huang Xiaoyan would record her.

She would even try to trick her.

Huang Xiaoyan had also mentioned Chen Ning that day. As soon as she heard her name, Jiang Wangya could not control her emotions.

More than ten years had passed. Jiang Wangya did not have much feelings for Father Huang now. However, she was really unwilling to accept that she could not take down Father Huang.

Jiang Wangya had an obsession with Father Huang. She was jealous that Chen Ning could easily marry Father Huang. Even after she died, she still occupied his heart.

After a long time, she would explode at the moment she heard Chen Ning's name.

Jiang Wangya's face was pale as she sat on the sofa in frustration.

Mother Jiang looked at Jiang Wangya. The disdain in her eyes was obvious. She was really a money loser. Day by day, she was causing trouble for them. She couldn't even catch a man.

Mother Jiang patiently tried to persuade Jiang Wangya. "Wangya, you and Ah Xing have been married for more than ten years. Huang Xiaoyan is just a daughter, and she still makes Ah Xing angry every day. This father-daughter relationship has probably faded a long time ago. How can a daughter be better than a wife?"

Jiang Wangya shook her head. "Mom, it's useless. He's determined to divorce me this time. Huang Xiaoyan is his bottom line. Back then, he was willing to marry me because of Huang Xiaoyan. Now that he found out that I mistreated Huang Xiaoyan, he naturally wants to divorce me."

Mother Jiang glared at Jiang Wangya. "Then why did you deal with Huang Xiaoyan?"

Jiang Wangya raised her head in shock. "Mom, didn't you teach me? You said that she shouldn't be too nice to a stepdaughter.."

Chapter 355: Chased Her Away

Mother Jiang was silent for a moment. She had indeed said that at that time.

However, she quickly found an excuse. "I only said that you don't have to be too good to her, but I didn't say to abuse her."

Jiang Wangya bit her lip and didn't speak.

Mother Jiang was still thinking of asking Jiang Wangya to go back and apologize to Father Huang, but Jiang Wangya refused to open her mouth no matter what. Jiang Wangya understood Father Huang and knew that even if she knelt down to Father Huang, he wouldn't care about her.

1

Since that was the case, why did she have to give face to Father Huang?

Seeing this, Jiang Hezhi was also impatient.

"Sister, are you going to apologize or not? Are you going to watch the Jiang family company go bankrupt and go bankrupt and see your younger brother being ridiculed?"

When Mother Jiang heard this, she was not calm.

She frowned and said, "Wangya, your younger brother worked hard for many years to build the company to become so big. Let me tell you, you can't destroy his hard work. Now, pack your things and go back."

1

“That’s right, Sister. Go back,” Jiang Hezhi echoed from the side.

Jiang Wangya didn’t move for a long time. An unspeakable grievance rose in her heart. If she hadn’t begged Huang Zhixing, the Jiang family would still be plowing the fields in the countryside, not earning more than 10,000 yuan a year, not to mention opening a company with a market value of tens of millions in H City.

1

Her younger brother was also a good-for-nothing. In the past five years since he started the company, he had caused a lot of trouble.

In the end, she had to beg Huang Zhixing to help solve it.

The company had developed to this point, and it could be said that she contributed a large part of the credit. How did it become her brother’s hard work alone?

Thinking of this, no matter how unconvinced she was, she did not dare to say it out loud.

“Why are you still sitting there?” Mother Jiang was impatient. “If Ah Xing really doesn’t want you anymore, let’s see where you can cry!”

Mother Jiang was a woman who valued sons over daughters. She felt that her daughter was a money-losing commodity, and Jiang Wangya should be helping her son.

1

Regardless of whether Jiang Wangya was willing or not, Mother Jiang returned to Jiang Wangya’s room and packed Jiang Wangya’s things.

Then, she pulled a suitcase and appeared in the living room.

“Mom, can I go back in a few days?” Jiang Wangya pleaded.

Now that Father Huang was in a rage, Jiang Wangya didn’t dare to go back. Once she went back, Father Huang would definitely ask her to sign the divorce papers. If she didn’t agree, she would be chased out of the Huang family by the servants.

Jiang Wangya couldn’t afford to lose face like this.

1

Mother Jiang glared. “Go back immediately.”

As she said that, she let Jiang Hezhi drag the suitcase outside the villa while Mother Jiang pushed Jiang Wangya out of the villa.

Mother Jiang stuffed the suitcase into Jiang Wangya’s hands. “Wangya, I’m doing this for your own good. You have to know that there aren’t many men like Ah Xing who are rich and doting to his wife. If you don’t take good care of him, he’ll be snatched away by other women.”

After saying this, Mother Jiang closed the iron door of the villa.

Jiang Wangya stood outside with a suitcase for a long time. She was waiting for Mother Jiang to think it through before letting her in.

However, in the end, she didn't see anything.

The iron door was closed the whole time.

In the end, Jiang Wangya could only go to a hotel to stay.

In the next few days, because of the press conference held by Father Huang and the termination of the collaboration between the Huang family and the Jiang family's company, many companies sensed that something was wrong and went to inquire about it.

They had just heard the news that Father Huang and Jiang Wangya were planning to divorce.

These companies had some small ideas.

Chapter 356: Disrepute

Because of the backing of Father Huang, Jiang Hezhi was very arrogant. They had no choice but to swallow their anger.

They did not expect that the Jiang Corporation would fall one day.

Therefore, many companies sent people to comfort him, but in fact, they mocked Jiang Hezhi.

Jiang Hezhi was angry. He later called Father Huang countless times and asked for revenge.

Father Huang only said 'impossible' on the phone and then hung up.

Father Huang was very impatient with Jiang Hezhi's calls, so he blacklisted Jiang Hezhi's number.

Jiang Hezhi also looked for Jiang Wangya, but Jiang Wangya's phone was turned off and she seemed to have disappeared.

There was really no other way. On the fourth day, Jiang Hezhi cried and complained to Mother Jiang.

Jiang Hezhi was now 28 years old. His mother had waited for his arrival for many years. She loved Jiang Hezhi very much. Regardless of whether he was right or not, his mother would definitely support him.

At this moment, Jiang Hezhi's crying made his mother's heart ache. She immediately promised that she would help her to get rid of Father Jiang and let him restore the cooperation between the Huang Corporation and the Jiang family's company.

1

They arrived at the Huang Corporation together.

The security guards stopped them, but Mother Jiang and the others forced their way in in the end.

As soon as they entered the company, Mother Jiang shouted loudly, "Where's Huang Zhixing? Tell him to come out and see me!"

The employees in the lobby on the first floor of the company all looked in the direction of Mother Jiang.

Jiang Hezhi's voice was also very loud. He instructed the front desk, "Right, where's Brother-in-law? Quickly call him and tell him that his mother-in-law is here to look for him. Mother's legs aren't very good, so we can't let her stand there for too long."

1

Jiang Hezhi had come to the company many times before, so the front desk clerk naturally knew Jiang Hezhi.

However, Father Huang had instructed that he could not enter the company.

The front desk clerk frowned and said, "Mr. Jiang, I'm sorry, but you can't enter the company. You should leave."

Jiang Hezhi pointed at himself and widened his eyes. He asked in disbelief, "You said that my brother-in-law ordered for me not to enter? How is that possible?"

The receptionist did not explain to Jiang Hezhi. She extended her hand and said, "Please leave."

Jiang Hezhi widened his eyes. "I'm not leaving. I want to see Brother-in-law. Brother-in-law will definitely not ignore me."

At this moment, the security guards had come over. The receptionist pointed at Jiang Hezhi and Mother Jiang and ordered, "Quickly send them out. We can't let the Chairman know that they have entered."

"Okay." The two security guards nodded and walked towards the two of them.

When Mother Jiang saw this, she simply sat on the ground and threw a tantrum. "I don't care. Huang Zhixing must come out to see me. Otherwise, you can forget about chasing me out!"

This was the first time the security guards had met someone as unreasonable as Mother Jiang. They were stunned on the spot.

Mother Jiang continued to shout, "I'm telling you, I'm Huang Zhixing's mother-in-law. You can't touch me. If you dare, when my daughter and son-in-law reconcile, I'll make sure they won't forgive you."

When Mother Jiang was in the countryside, she was not a kind person. She was the unreasonable type.

Mother Jiang had never lost a fight with others.

At this moment, she was displaying her ability to make a scene from the countryside.. "If you dare to chase me away today, I'll let the people outside see how heartless Huang Zhixing is, ignoring his mother-in-law. Don't you businessmen value reputation the most? Fine, then I'll make your company's reputation fall to the ground!"

Chapter 357: Throwing a Tantrum

Right now, Mother Jiang was surrounded by a circle of people.

The security guards were having a headache.

The receptionist also didn't know how to deal with it, so she quickly told Father Huang's secretary about this matter.

The secretary asked Father Huang for instructions again.

Father Huang had just gone to a social event and was sitting in the same car as the secretary. The secretary told Father Huang about this matter.

The secretary finally asked, "Chairman, do we need to ask the security guards to chase them away?"

Father Huang was silent for a moment. "No need. Let's go and meet them."

When Father Huang returned to the company, Mother Jiang was still sitting on the ground, loudly saying that after her daughter married Father Huang, she had been taking care of her stepdaughter all day long. She even said that Huang Xiaoyan was naughty and insensible, and that she had caused so much trouble for Jiang Wangya.

1

She also said that Jiang Wangya treated Huang Xiaoyan like her own daughter, but Huang Xiaoyan had always spoken coldly to Jiang Wangya. Sometimes, she would even make a move.

In short, it was Jiang Wangya who treated the Huang family wholeheartedly and did not have a good ending.

Mother Jiang slapped her thigh and cried, "Do you think there is such a thing? There is only a little conflict now. After a small conflict like this, he wants to propose a divorce with my daughter after taking care of the Huang family for more than ten years? If there is no merit, there must be hard work."

"Now that Huang Xiaoyan has grown up and he doesn't need anyone to take care of her, he's just kicking my daughter away? Why don't you take a look at what kind of person your daughter is? She likes to fight and cause trouble all day long."

Mother Jiang was still a little apprehensive in the past. She knew that Father Huang valued Huang Xiaoyan, so she didn't dare to say anything bad about Huang Xiaoyan.

However, at this moment, she was suddenly excited and spoke without thinking.

"Chairman." Someone shouted, and the employees in the company looked over.

Seeing that it was Father Huang, the employees who were originally in a circle quickly moved aside, leaving a path for Father Huang.

Father Huang walked over and stared at Mother Jiang who was sitting on the ground.

When Father Huang heard what Mother Jiang said just now, his face was dark.

Mother Jiang also saw Father Huang. She quickly got up from the ground, and Jiang Hezhi went up to help her.

“Brother-in-law, you’re finally back. Look, the people in your company still want to drive Mother away. Do you think that’s reasonable?”

Mother Jiang’s face was now full of fawning, and she was no longer as arrogant as before. “Ah Xing, I came here today to talk to you about Wangya, but they wanted to drive me away. I had no other choice, so I sat on the ground.”

“Come with me.”

After Father Huang said that, he turned around and left.

Mother Jiang and Jiang Hezhi were delighted and quickly followed him.

Father Huang brought them to an ordinary reception room.

Jiang Hezhi was very displeased. However, he did not dare to say anything since he had something to ask Father Huang.

Father Huang did not ask the employees to pour water for them.

Mother Jiang sat on the sofa. “Ah Xing, are you still arguing with Wangya?”

Father Huang didn’t reply. Mother Jiang continued, “Wangya hasn’t had it easy all these years. She has always been taking care of the Huang family. Even if she hasn’t contributed much, she has put in a lot of effort. I know that you’re only asking for a divorce because you’re angry. Let’s just forget about this matter.”

Father Huang laughed coldly, his gaze filled with mockery.

He raised his eyebrows and asked, “Is your real goal to get me to resume our cooperation with the Jiang family?”

“Yes,” Jiang Hezhi replied impatiently. “Brother-in-law, we’ve been working together for so many years. How can you just withdraw our cooperation just like that?”

“Are you done?” Father Huang asked in a deep voice.

Jiang Hezhi nodded.. “I’m done.”

Chapter 358: Spit Out the Money

“Alright, it’s my turn to speak.” Father Huang picked up the cup of tea that his secretary poured for him and took a sip.

“When can I go through the divorce procedures with Jiang Wangya?”

“What?” Mother Jiang stood up and asked in astonishment, “Are you determined to divorce Wangya?”

“My Huang family can’t afford such a vicious woman. She abused my daughter at home for more than ten years. Is she still human?!” Father Huang’s eyes turned red again.

He hated her. Not only did he hate Jiang Wangya, but he also hated himself. If he hadn't been blind, he wouldn't have married such a woman.

Mother Jiang was speechless for a moment.

Father Huang continued, "Now, Jiang Wangya is hiding somewhere, and she doesn't want to sign the divorce papers. So, we still need you to come forward."

Mother Jiang sat back on the sofa. She didn't want the divorce at all. After the divorce, the Jiang family wouldn't be able to get any benefits from the Huang family.

Mother Jiang wasn't willing to come forward.

"Ah Xing, if you can't even find her, what can I do?"

Mother Jiang looked at Jiang Hezhi. "Isn't that right, Zhi'er? Didn't Wangya blacklist our phones?"

Speaking of this, Mother Jiang was furious. That wretched girl actually dared to blacklist her!

Mother Jiang also thought that Jiang Wangya had returned to the Huang family. Looking at Father Huang's appearance, it was obvious that Jiang Wangya hadn't returned.

Hearing this, Jiang Hezhi nodded repeatedly. "Yes, Sister has blacklisted me."

He even opened his phone and dialed Jiang Wangya's number in front of Jiang Hezhi. A mechanical female voice sounded.

Father Huang did not care whether Jiang Wangya had blacklisted their phones. According to Jiang Wangya's personality, she had not split the family assets from the Huang family. Sooner or later, she would come out.

Jiang Wangya was extremely filial. She would normally listen to Mother Jiang's words.

Father Huang didn't want to let Jiang Wangya off. He didn't want to waste time either. He felt disgusted the more time he spend with Jiang Wangya's name on the same marriage certificate.

Father Huang could only start with Mother Jiang.

Father Huang raised his eyebrows and said, "Your company, car, house, and annual expenses. Over the years, you've also taken 200 million from the Huang family."

"What do you mean?" Mother Jiang was stunned for a moment.

Jiang Hezhi was not stupid this time. He had thought of Father Huang's purpose.

Just now, Jiang Hezhi had been hiding behind Mother Jiang. When he heard Father Huang's words, he immediately stood up. "Brother-in-law, are you asking us to help you get Sister to agree to divorce you? Otherwise, you will take back everything that you gave us?"

"Yes." Father Huang nodded.

Mother Jiang's heart tightened, and she immediately jumped out. "These things were given to us by you voluntarily. We spent a lot of money. Where do you want me to get the money for you?"

Mother Jiang didn't want Jiang Wangya to divorce Father Huang, and she also didn't want to return the things the Jiang family got from the Huang family.

Father Huang sneered, "You all know the power of the Huang family? It is only a matter of time before I divorce Jiang Wangya. If you don't persuade her, then I will sue you for fraud. At that time, it will not only be the consequence of giving up all the money."

Putting everything aside, the Jiang family wouldn't be able to give back the money.

Jiang Hezhi was a spendthrift. Although he had gotten a lot of money from Father Huang over the years, he didn't have much left.

Asking them to give back the money was like asking for their lives.

Father Huang had figured out the Jiang family's character.

He was sure that Mother Jiang would definitely agree..

Chapter 359: She Won't Divorce

"You gave us the money willingly. Don't think that you can take it back," Jiang Hezhi retorted with his neck erect.

In fact, Jiang Hezhi was very anxious. In his eyes, people with money and power could control the sky, and Father Huang was one of them.

"Then, you should give it a try."

Father Huang didn't want to waste time with them. He stood up and left the reception room directly.

After Father Huang left, Mother Jiang and Jiang Hezhi still couldn't react for a while.

Jiang Hezhi said angrily, "Mom, look at Brother-in-law. He really doesn't want Sister. It's fine if he doesn't want Sister, but why does he have to make a move on our company?!"

1

Mother Jiang agreed. "I was wrong about him at that time. I thought he was a good person. I didn't expect him to be someone who likes the new and hates the old."

1

"Mom, are we really going to return the money?" Jiang Hezhi asked again.

Mother Jiang immediately answered, "Return it? Are we going to drink northwest wind?"

"Mom, what do you mean?" Jiang Hezhi asked very carefully.

"This matter was caused by Jiang Wangya. Naturally, she has to solve it. If she and Huang Zhixing are divorced, we can find another one. But if we have to return the money, where are we going to find so much money?"

—

Two days later, Jiang Wangya still returned to the Jiang family.

She thought that Mother Jiang was only saying those words that day out of anger. It must have been unintentional.

Two days later, her mother's anger must have subsided.

When Jiang Wangya returned to the Jiang family, Mother Jiang asked her in a very good temper if she had been outside recently.

Jiang Wangya was obviously relieved.

Mother Jiang still personally cooked dinner for Jiang Wangya.

Jiang Wangya's eyes reddened. "Mom, thank you."

When Jiang Hezhi knew that Jiang Wangya had returned, he immediately rushed back from the dinner with his friends.

At this moment, when he heard Jiang Wangya's words, he said sarcastically, "If you really want to thank Mom, then listen to Mom. Do whatever she asks you to do and don't resist."

Jiang Wangya was moved by Jiang Hezhi's words. She didn't hear anything wrong in Jiang Hezhi's tone.

She nodded in agreement. "Of course I have to listen to Mom."

"Hehe." Jiang Hezhi sneered, and his tone became even weirder. "Sis, I hope you can keep your word."

Jiang Hezhi had always talked to her like this, and only when he had something to ask of her would his attitude be better.

Therefore, Jiang Wangya still didn't notice Jiang Hezhi's abnormality.

After dinner, the few of them sat in front of the television, and Mother Jiang finally opened her mouth.

"Wangya, Zhi'er and I went to see Ah Xing today."

Jiang Wangya's hand that was peeling the apple trembled.

Mother Jiang continued, "I think Ah Xing's attitude is determined to divorce you. I feel that there's no turning back on this matter."

"Mother, so what are you trying to say?"

Mother Jiang sighed. "Wangya, you should divorce Ah Xing."

Jiang Wangya retorted excitedly, "I won't divorce!"

"Listen to me. Mother wants you to get a divorce for your own good," Mother Jiang said patiently, "You are still very young. After the divorce, you can still find a good family to marry. A woman has to have

someone to rely on for her entire life. The Huang family can't be counted on anymore. You can only find another man."

"Mom, I can get a divorce, but Huang Zhixing won't let me take a single cent of the Huang family's assets.. I've been working like a horse to take care of the father and daughter for more than ten years. After the divorce, I still can't get a single cent? How can there be such a good thing in this world?"

## Chapter 360: You Need Food and Clothing

Jiang Wangya knew very well that she would not be able to return to the Huang family, but she had to get half of the Huang family's assets.

Hearing Jiang Wangya's words, Mother Jiang was also stunned.

She did not expect Father Huang to be so ruthless, not willing to give Jiang Wangya a single cent.

At the beginning, she had thought that she could get some assets through Jiang Wangya's divorce, so she was satisfied.

She did not expect that all of this would be in vain.

Mother Jiang quickly weighed the pros and cons in her heart.

Even if she did not have any property, it was good that she could keep the property that the Huang family had given her.

If she did not have either, then she would really be done for.

Therefore, even if Jiang Wangya and Father Huang divorced and she did not get a single cent of the Huang family's assets, Mother Jiang would still make the same choice.

Mother Jiang quickly said, "Wangya, don't be afraid. If he doesn't give you the money, won't there still be our Jiang family? We will provide for you, and you will definitely be fed and clothed."

Jiang Wangya's heart was a little cold. After hearing Mother Jiang's words, it warmed up once again.

However, she still refused. If she didn't ask Father Huang for a sum of money, she wouldn't be able to swallow this anger.

"Mom, I won't divorce him. If I divorce him just like that, wouldn't it be letting off the daughter that b\*tch gave birth to? I'm not willing to work hard in the Huang family for so many years and get nothing."

Seeing Jiang Wangya's obstinate attitude, Mother Jiang's face turned cold.

"Wangya, I told you to love your brother. No matter what happens, you have to help him. What's wrong with you now?"

Jiang Wangya was stunned. "What does this have to do with Brother?"

Mother Jiang snorted coldly, "Now all the cooperation between the Jiang family has been withdrawn. Each and every one of them is adding insult to injury. I went to see Huang Zhixing today. He said that if you don't divorce him, we have to return everything that the Huang family gave us."

"Mom, you can't trust him," Jiang Wangya answered nervously.

"The Huang family is a big family. Do you really think that we, the commoners, can go against him?"

Mother Jiang finally understood that the Jiang family would not benefit from going against the Huang family, "This marriage will have to be divorced sooner or later. Wangya, after your divorce, you don't have to return all the evil things of the Huang family. We can still live our good lives."

Jiang Hezhi also chimed in, "That's right, Sis. Do you really have the heart to see the Jiang family's garage and company disappear?"

Jiang Wangya was still hesitating.

Mother Jiang was getting impatient. She berated, "Jiang Wangya, this marriage, even if you don't want to divorce, you have to. We'll go through the divorce procedures tomorrow."

Jiang Wangya still didn't say anything. Mother Jiang started to teach Jiang Wangya a lesson.

In the end, Mother Jiang really didn't have a good temper anymore. "Jiang Wangya, you still don't agree? You just want something to happen to our Jiang family, right? Let me tell you, if you don't get a divorce, you'd better not come back to the Jiang family."

Jiang Wangya was very stubborn now. It was the first time she disobeyed Mother Jiang. "Mom, you only favor Brother. Have you ever thought about my feelings?"

"Jiang Wangya, you've grown wings, haven't you? Can you compare to your younger brother?" Mother Jiang glared at Jiang Wangya.

Jiang Wangya had long known that Mother Jiang favored her younger brother, but she would always take her feelings into consideration. After all, she was her biological child.

At this moment, Jiang Wangya's heart was completely cold.

She bit her lip and looked at Mother Jiang with disappointment.. Then, she pulled her suitcase and left the Jiang family again.
